**Item 2.02. Results of Operations and Financial Condition.**

On February 14, 2011, Cascade Corporation ( Cascade ) issued a press release reporting damage to its manufacturing facility in Brisbane, Australia, together with estimates of an expected fourth quarter charge to earnings related to damages at the facility.

The press release is included as Exhibit 99.1 to this report, and incorporated by reference.

**Item 2.06 Material Impairments**

Also on February 14, 2011, Cascade reached a determination that it will take a charge in the fourth quarter of fiscal 2011 related to damages incurred to its manufacturing facility in Brisbane, Australia, arising out of the mid-January extensive flooding in the Queensland, Australia region. Cascade expects eventually to recover from insurance a substantial portion of losses related to the flood. In light of the expected insurance recovery, management believes that the fourth quarter charge will not result in a material amount of cash expenditures in the future, net of insurance proceeds. Recovery of insurance proceeds is not expected until fiscal 2012.
