## Section 1 Registrant's Business and Operations

### Item 1.01 Entry into a Material Definitive Agreement

On October 9, 2011, Sonoco Products Company signed a definitive agreement to acquire Tegrant Corporation, a privately-held leading provider of highly engineered protective, temperature-assured and retail security packaging solutions, in exchange for \$550 million in cash. As is typical, final consideration will be subject to adjustment for the change in net working capital to the date of close. The transaction is expected to be primarily financed by debt, together with existing cash. The agreement has been unanimously approved by Sonoco's board of directors.

Tegrant, headquartered in DeKalb, Illinois, operates three strategic business units. Protexic Brands, the largest business unit, is a manufacturer of molded expanded foam serving a number of industries, including high technology, consumer electronics, automotive, appliances and medical devices. Tegrant's ThermoSafe® Brands unit is a leading provider of temperature-assured solutions, primarily used in packaging temperature-sensitive pharmaceuticals and food. Tegrant's Alloyd Brands® business unit is a leading manufacturer and designer of high-visibility packaging, printed products and sealing equipment and tooling for retail and medical markets. Tegrant operates more than 30 manufacturing, design and testing facilities in the United States, Mexico and Ireland and employs more than 2,000 employees.

The acquisition of Tegrant is expected to be accretive to Sonoco's 2012 earnings by approximately \$.06 to \$.10 per diluted share, excluding any one-time costs, depending on the timing of synergies which are expected to reach approximately \$11 million on an annualized basis. Tegrant is projected to generate 2011 sales of approximately \$440 million. The transaction is scheduled to close no later than five business days after obtaining regulatory approval which the Company expects to receive by early to mid November. Tegrant's President and CEO, Ron Leach, has agreed to join Sonoco to lead the Company's newly expanded protective packaging operations.
