**Item 8.3 Dividend and record date**

The Board of Directors proposes a dividend of SEK 2,50 per share and Tuesday, May 8, 2012, as record date for dividend. Assuming this date will be the record day, Euroclear Sweden AB is expected to disburse dividends on Friday May 11, 2012.

**Item 9.1-9.3 Number of Board members and Deputies to be elected by the Meeting, Directors' fees, election of the Chairman and other members of the Board of Directors**

The Nomination Committee, appointed in accordance with the procedure that was resolved by the Annual General Meeting 2011, is composed of the Chairman of the Committee, Carl-Olof By (AB Industrivärden and Svenska Handelsbankens Pensionsstiftelse), Petra Hedengran (Investor AB), Caroline af Ugglas (Livförsäkringsaktiebolaget Skandia), Marianne Nilsson (Swedbank Robur Fonder) and Leif Johansson, Chairman of the Board of Directors.

**Item 9.1 Number of Board members and Deputies of the Board of Directors to be elected by the Meeting**

According to the articles of association, the Board shall consist of no less than five and no more than twelve Board members, with no more than six Deputies. The Nomination Committee proposes that the number of Board members elected by the Annual General Meeting of Shareholders remain twelve and that no Deputies be elected.

**Item 9.2 Fees payable to non-employed members of the Board of Directors elected by the Meeting and to non-employed members of the Committees of the Board elected by the Meeting**

The Nomination Committee proposes that fees to non-employed Board members elected by the Annual General Meeting and non-employed members of the Committees of the Board elected by the Annual General Meeting be paid as follows:

SEK 3,750,000 to the Chairman of the Board of Directors (*unchanged*);

SEK 875,000 each to the other Board members (*previously SEK 825,000*);

SEK 350,000 to the Chairman of the Audit Committee (*unchanged*);

SEK 250,000 each to the other members of the Audit Committee (*unchanged*);

SEK 200,000 each to the Chairmen of the Finance and the Remuneration Committee (*unchanged*); and

SEK 175,000 each to the other members of the Finance and the Remuneration Committee (*unchanged*).

The Nomination Committee proposes that the individual fee to the Board members be increased. Further the Nomination Committee proposes that the fees to the Chairman of the Board of Directors and for work on the Committees of the Board be unchanged.

It is important that the Board fees are maintained at an appropriate level to make it possible to recruit the best possible competence to the Board of Directors of Ericsson. The Nomination Committee has compared the Board fees in Ericsson with the Board fees in other Nordic and European companies as well as Board fees in certain U.S. high-tech companies. The Nomination Committee has concluded that compared with Board fees in companies of equal size and complexity, Ericsson's Board fees are lower. When assessing the level of fees it must be considered that the Ericsson group has customers in 180 countries and that sales amount to more than SEK 200 billion.

Against this background, the Nomination Committee considers well-justified the proposed increase in respect of the individual Board fee from SEK 825,000 to SEK 875,000.

The Nomination Committee considers the fee to the Chairman of the Board and the fees for Committee work to be reasonable, and therefore proposes that these fees remain unchanged.

The proposal of the Nomination Committee implies all in all an increase of the Board and Committee fees of approximately 3.5 percent compared with the total fees to the Board members for Board and Committee work resolved by the AGM 2011.

### **Fees in the form of synthetic shares**

#### Background

With the purpose of further increasing the mutual interest in the Company of Directors and shareholders, the Nomination Committee proposes that the Directors should, as previously, be offered the possibility of receiving part of the Board fees in the form of synthetic shares. A synthetic share constitutes a right to receive payment of an amount which corresponds to the market value of a share of series B in the Company on NASDAQ OMX Stockholm at the time of payment.

#### Proposal

The Nomination Committee therefore proposes that the Annual General Meeting of Shareholders 2012 resolve that part of the fees to the Directors, in respect of their Board assignment (however, not in respect of Committee work), may be paid in the form of synthetic shares, on the following terms and conditions.

A nominated Director shall be able to choose to receive the fee in respect of his or her Board assignment, according to the following four alternatives:

- (i) 25 percent in cash 75 percent in synthetic shares
- (ii) 50 percent in cash 50 percent in synthetic shares
- (iii) 75 percent in cash 25 percent in synthetic shares
- (iv) 100 percent in cash.

The number of synthetic shares to be allocated shall be valued to an average of the market price of shares of series B in the Company on NASDAQ OMX Stockholm during a period of five trading days immediately following the Annual General Meeting 2012. The synthetic shares are vested during the term of office, with 25 percent per quarter of the year.

The synthetic shares give a right to, following the publication of Ericsson's year-end financial statement in 2017, receive payment of a cash amount per synthetic share corresponding to the market price of shares of series B in the Company at the time of payment.

An amount corresponding to dividend in respect of shares of series B in the Company, resolved by the Annual General Meeting during the holding period, shall be disbursed at the same time as the cash amount.

Should the Director's assignment to the Board of Directors come to an end no later than during the third calendar year after the year in which the Annual General Meeting resolved on allocation of the synthetic shares, payment may take place the year after the assignment came to an end.

The number of synthetic shares may be subject to recalculation in the event of bonus issues, split, rights issues and similar measures, under the terms and conditions for the synthetic shares.

The complete terms and conditions for the synthetic shares are described in Exhibit 1 to the Nomination Committee's proposal.

The financial difference for the Company, should all Directors receive part of their fees in the form of synthetic shares compared with the fees being paid in cash only, is assessed to be very limited.

### **Item 9.3 Election of the Chairman of the Board of Directors, other Board members and Deputies of the Board of Directors**

Carl-Henric Svanberg has declined re-election.

re-election of Leif Johansson.

re-election of Roxanne S. Austin, Sir Peter L. Bonfield, Börje Ekholm, Ulf J. Johansson, Sverker Martin-Löf, Nancy McKinstry, Anders Nyrén, Hans Vestberg, Michelangelo Volpi and Jacob Wallenberg; and

election of Alexander Izosimov as new Board member.

\* *The number of shares reflects ownership as of March 18, 2012 and includes holdings by related natural or legal persons, as well as holdings of any ADS, if applicable.*

In its appraisal of qualifications and performance of the individual Board members, the Nomination Committee takes into account the competence and experience of each individual member along with the individual member's contribution to the Board work as a whole.

The Nomination Committee has thoroughly familiarized itself with the Board work and the work of individual Board members. The Nomination Committee is of the opinion that the current Board is well functioning and that the Board fulfils high expectations in terms of composition and expertise.

All Board members contribute meritoriously with their respective expertise. Carl-Henric Svanberg has however notified his intention to leave the Board after many years of duty for Ericsson.

The Nomination Committee proposes that Alexander Izosimov be elected new Board member. It is the opinion of the Nomination Committee that Alexander Izosimov, with his many years' experience within among other things the telecom business and with his international experience, will add valuable expertise to the Board and that he is therefore well suited as a Board member in Ericsson.

The Nomination Committee recommends that also future Nomination Committees perform a thorough assessment of the size and composition of the Board of Directors and of the expertise that should be represented in the Board, and continue with the process of recruiting suitable candidates to the Board.

**Item 9.4 Instruction for the Nomination Committee**

The Nomination Committee proposes that the Annual General Meeting of Shareholders 2012 resolve the following:

1. The Company shall have a Nomination Committee with no less than five members. One member shall be the chairman of the Board of Directors.
2. Based on the shareholding statistics received by the Company from Euroclear Sweden AB as per the last bank day of the month when the Annual General Meeting of Shareholders is held, the Nomination Committee shall, without unnecessary delay, identify the four largest shareholders by voting power of the Company.<sup>1</sup>
3. As soon as reasonably feasible, the Nomination Committee shall, in a suitable manner, contact the identified four largest shareholders and request them, within reasonable time considering the circumstances, however not exceeding 30 days, to provide in writing to the Nomination Committee the name of the person the shareholder wish to appoint member of the Nomination Committee.

<sup>1</sup> The shareholding statistics used shall be sorted by voting power (grouped by owners) and cover the 25 largest in Sweden direct registered shareholders, i.e. shareholders having registered an account with Euroclear Sweden AB in their own name or shareholders holding a custody account with a nominee that have reported the identity of the shareholder to Euroclear Sweden AB.

Instead of appointing a member to the Nomination Committee, a shareholder may assign a member of the Nomination Committee, appointed by another shareholder, to represent the shareholder in the Nomination Committee. In such case, when applying these rules, the member that has assumed such an assignment shall be considered as representing several shareholders.

Should a shareholder exercise its right to assign a member of the Nomination Committee, appointed by another shareholder, to represent the shareholder as per the foregoing paragraph, or should a shareholder abstain from its right to appoint a member or fail to appoint a member within the prescribed time, the right to appoint a member shall transfer to the subsequent largest shareholder by voting power that has not already appointed or has the right to appoint a member of the Nomination Committee.

4. The chairman of the Nomination Committee shall be the member that represents the largest shareholder(s) by voting power, provided the Nomination Committee does not unanimously resolve to appoint another member, appointed by a shareholder, chairman of the Nomination Committee.
5. As soon as all the members and the chairman of the Nomination Committee have been appointed, the Nomination Committee shall inform the Company to that effect and also provide required information on the members and chairman of the Nomination Committee including the name of the shareholder(s) each member is representing. The Company shall, without unnecessary delay, make public the constitution of the Nomination Committee by releasing a separate press release and post the information on the Company's web site.
6. The Nomination Committee shall be considered appointed and its mandate period shall start when the information has been released in a separate press release. The mandate period of the Nomination Committee extends for the period until the next Nomination Committee has been appointed and its mandate period starts.
7. Should a member of the Nomination Committee, appointed by a shareholder, resign from the Nomination Committee during the mandate period or become prevented from fulfilling his/her assignment, the Nomination Committee shall, without delay, request the shareholder having appointed the member, to appoint, within reasonable time considering the circumstances, however not exceeding 30 days, a new member to the Nomination Committee.

Should the shareholder fail to appoint a new member within the prescribed period of time, the right to appoint a new member of the Nomination Committee shall transfer to the subsequent largest shareholder by voting power, provided such shareholder has not already appointed a member of the Nomination Committee or previously abstained from such right.<sup>2</sup>

<sup>2</sup> The shareholding statistics used shall be sorted by voting power (grouped by owners) and cover the 25 largest in Sweden direct registered shareholders, i.e. shareholders having registered an account with Euroclear Sweden AB in their own name or shareholders holding a custody account with a nominee that have reported the identity of the shareholder to Euroclear Sweden AB.

Should a member of the Nomination Committee resign in accordance with the preceding paragraph, the rules in item 3, second and third paragraph, and 5 above shall apply correspondingly.

8. In case a shareholder considers that its shareholding in the Company is of such significance that it gives the right to participate in the Nomination Committee, the shareholder may inform the Nomination Committee accordingly in writing. In connection thereto, the shareholder shall adequately verify its shareholding. If the Nomination Committee receives such written notification no later than December 31, and considers the reported shareholding to be adequately verified, the Nomination Committee shall confirm this to the shareholder, who will then be entitled to appoint a supplemental member of the Nomination Committee. In such case, the rules in items 3, 4 and 5 shall apply correspondingly. In case the Nomination Committee receives such notification from a shareholder after December 31, no action is required to be taken.
9. Should the Nomination Committee at any point in time consist of less than five members, the Nomination Committee shall nevertheless be authorized to fulfill its assignment according to this instruction.
10. The Nomination Committee shall perform its assignment in accordance with this instruction and applicable rules. The assignment includes provision of proposals for

chairman at the Annual General Meeting of Shareholders;

chairman of the Board of Directors and other members of the Board of Directors appointed by the Annual General Meeting of Shareholders;

fees payable to non-employed members of the Board of Directors;

when applicable, election of auditor and fees payable to the auditor; and

to the extent deemed necessary, amendments to this instruction for the Nomination Committee.

11. No remuneration shall be paid to the members of the Nomination Committee. However, the Company shall bear the reasonable expenses reasonably related to the assignment of the Nomination Committee.
12. This instruction for the Nomination Committee applies until the General Meeting of Shareholders resolve otherwise.

**Item 9.5 Fees payable to the Auditor**

The Nomination Committee proposes, like previous years, that the Auditor fees be paid against approved account.

**Item 9.6 Election of Auditor**

The Nomination Committee proposes that PricewaterhouseCoopers AB be appointed Auditor for the period as of the end of the Annual General Meeting 2012 until the end of the Annual General Meeting 2013.

## Item 10 Guidelines for remuneration to Group Management

### Background Remuneration Policy

Remuneration at Ericsson is based on the principles of performance, competitiveness and fairness.

These principles and good practice guide our policy to:

Attract and retain highly competent, performing and motivated people that have the ability, experience and skill to deliver on the Ericsson strategy.

Encourage behavior consistent with Ericsson's culture and core values of professionalism, respect and perseverance.

Ensure fairness in reward by delivering total remuneration that is appropriate but not excessive.

Ensure a total compensation mix of fixed and variable remuneration and benefits that reflects the Company's principles and is competitive where Ericsson competes for talent.

Encourage variable remuneration which, first, aligns employees with clear and relevant targets, second, reinforces performance and, third, enables flexible remuneration costs.

Ensure that all variable remuneration plans have maximum award and vesting limits.

Encourage employees to deliver sustained performance and build up a personal shareholding in Ericsson, aligning the interests of shareholders and employees.

Communicate clearly to both employees and shareholders how Ericsson translates remuneration principles and policy into practice. Details of how we deliver on our principles and policy, including information on previously decided long term variable remuneration that has not yet become due for payment, can be found in the **Remuneration Report** and in **Note C28**, Information regarding Members of the Board of Directors, the Group Management and Employees in the annual report 2011.

### Guidelines for remuneration to Group Management

The Board of Directors proposes that the Annual General Meeting resolve on the following guidelines for remuneration to Group Management, consisting of the Executive Leadership Team, for the period up to the 2013 Annual General Meeting. The guidelines proposed do not comprise any material changes compared to the principles resolved by the 2011 Annual General Meeting.

For Group Management consisting of the Executive Leadership Team, including the President and CEO, total remuneration consists of fixed salary, short- and long-term variable remuneration, pension and other benefits.

Furthermore, the following guidelines apply for the remuneration to the Executive Leadership Team:

Variable remuneration is through cash and stock-based programs awarded against specific business targets derived from the long term business plan approved by the Board of Directors. Targets may include financial targets at either corporate or unit level, operational targets, employee motivation targets and customer satisfaction targets.

With the current composition of the Executive Leadership Team, the Company's cost during 2012 for variable remuneration to the Executive Leadership Team can, at a constant share price, amount to between 0 and 150 percent of the aggregate fixed salary cost, all excluding social security costs.

All benefits, including pension benefits, follow the competitive practice in the home country taking total compensation into account. The retirement age is normally 60 to 65 years of age.

By way of exception, additional arrangements can be made when deemed required. Such additional arrangement shall be limited in time and shall not exceed a period of 36 months and two times the remuneration that the individual concerned would have received had no additional arrangement been made.

The mutual notice period may be no more than six months. Upon termination of employment by the Company, severance pay amounting to a maximum of 18 months fixed salary is paid. Notice of termination given by the employee due to significant structural changes, or other events that in a determining manner affect the content of work or the condition for the position, is equated with notice of termination served by the Company.

**Item 11.1-11.9 Long-Term Variable Remuneration Program 2012 (LTV 2012) including the Board of Directors' proposal for resolutions on implementation of an all employee Stock Purchase Plan, a Key Contributor Retention Plan and an Executive Performance Stock Plan and, under each plan respectively, transfer of treasury stock, directed share issue and authorization for the Board of Directors to decide on an acquisition offer**

The LTV program is an integral part of the Company's remuneration strategy, in particular the Board of Directors wishes to encourage all employees to become and remain shareholders and the leadership to build significant equity holdings. Following the Board of Directors' annual evaluation of total remuneration and ongoing programs<sup>3</sup>, it proposes to make no changes to the structure of the Ericsson's Long-Term Variable Remuneration Program.

<sup>3</sup> See more about the Board of Directors' evaluation in the Remuneration Report attached to the 2011 Annual Report.

It is anticipated that the LTV 2012 will require up to 31.7 million shares, corresponding to a dilution of up to 0.99 percent of outstanding shares, at a cost between SEK 1,092 million and SEK 2,080 million unevenly distributed over the years 2012–2016. The number of shares covered by ongoing programs as per 31 December, 2011, amounts to approximately 49 million shares, corresponding to approximately 1.53 percent of the number of outstanding shares

### **Three plans**

The LTV 2012 builds on a common platform, but consists of three separate plans.

The Stock Purchase Plan is an all employee plan and is designed to create an incentive for all employees to become shareholders. The aim is to secure commitment to long-term value creation throughout Ericsson.

The Key Contributor Retention Plan is part of Ericsson's talent strategy and is designed to ensure long term retention of top-talent with critical skills vital to Ericsson's future performance. Up to ten percent of the Company's employees are defined as key contributors, based on a rigorous selection process incorporating elements such as individual performance, possession of critical skills and future potential. The Remuneration Committee of the Board of Directors monitors the selection process and nominations for bias of factors such as seniority, gender, age and frequency of award.

The Executive Performance Stock Plan is designed to encourage long-term value creation in alignment with shareholders' interests. The plan is offered to a defined group of senior managers, up to 0.5 percent of the total employee population. The aim is to attract, retain and motivate executives in a competitive market through performance-based share related incentives and to encourage the build-up of significant equity stakes.

The Executive Performance Stock Plan 2011 introduced three new performance measures of Net Sales Growth, Operating Income Growth and Cash Conversion to better reflect the business strategy and long term value creation of the Company. The Executive Performance Stock Plan 2012 includes the same performance criteria for the period 2012–2014. The strong Net Sales for the base year 2011 has been taken into account when defining the Net Sales Growth target.

The three performance criteria for the Executive Performance Stock Plan 2012 are:

**Net Sales Growth:** Up to one third of the award will vest if the compound annual growth rate of consolidated net sales is between 2 and 8 percent comparing 2014 financial results to 2011, which corresponds to consolidated sales of SEK 241 billion and SEK 286 billion for the financial year 2014.

**Operating Income Growth:** Up to one third of the award will vest if the compound annual growth rate of consolidated operating income is between 5 and 15 percent comparing 2014 financial results to 2011, which corresponds to operating income of SEK 20.7 billion and SEK 27.2 billion for the financial year 2014.

**Cash Conversion:** Up to one third of the award will vest if cash conversion is at or above 70 percent during each of the years 2012-2014 and vesting one ninth of the total award for each year the target is achieved.

## **Financing**

The Board of Directors has considered different financing methods for transfer of shares to employees under the LTV 2012, such as transfer of treasury stock and an equity swap agreement with a third party.

The Board of Directors considers that a directed issue of C shares, followed by buy-back and transfer of treasury stock as the most cost efficient and flexible method to transfer shares under the LTV 2012.

The Company's current holding of treasury stock is not sufficient for the carrying out of the LTV 2012. Therefore, the Board of Directors proposes a directed share issue and buy back of shares as further set out below under heading "Proposals". Under the proposed transactions, shares are issued at the share's ratio value and bought back as soon as the shares have been subscribed for and registered. The purchase price paid by the Company to the subscribers equals the subscription price and an additional market interest for a two week period between the payment of the subscription price and the buy-back of shares. The Company's costs for acquiring the shares are estimated to amount to less than 0.6 öre (SEK 0.006) per share.

The procedure of issuance and buy-back of shares for the Company's long-term variable remuneration programs has previously been decided by the Annual General Meetings of Shareholders in 2001, 2003, 2008 and 2009.

Since the costs for the Company in connection with an equity swap agreement will be significantly higher than the costs in connection with transfer of treasury stock, the main alternative is that the financial exposure is secured by transfer of treasury stock.

## **Costs**

The total effect on the income statement of the LTV 2012, including financing costs, is estimated to range between SEK 1,092 million and SEK 2,080 million unevenly distributed over the years 2012-2016. The costs constitute 3.5 percent of Ericsson's total remuneration costs 2011, including social security fees, amounting to SEK 59 billion.

The calculations are conservative and based on assumptions of present participation rate in the Stock Purchase Plan and full participation in the Key Contributor Retention Plan and the Executive Performance Stock Plan, at maximum contribution levels and with maximum vesting levels for the latter plan.

### **Costs affecting the income statement, but not the cash flow**

Compensation costs, corresponding to the value of matching shares transferred to employees, are estimated to range between SEK 990 million and SEK 1,275 million, depending on the fulfilment of the performance targets of the Executive Performance Stock Plan.<sup>4</sup> The compensation costs are distributed over the LTV 2012 period, i.e. 2012-2016.

Social security charges as a result of transfer of shares to employees depend on the performance against the Executive Performance Stock Plan targets and based on an assumed average share price at matching between SEK 30 and SEK 175, the costs are estimated to range between SEK 102 million and SEK 805 million. The social security costs are expected to occur mainly during 2015-2016.

<sup>4</sup> The compensation costs for an alternative Key Contributor Retention Cash Program may vary depending on the development of the stock price during the qualifying period. This has been disregarded in the calculations since these costs represent a minor part of the overall compensation costs.

### **Costs affecting the income statement and the cash flow**

Plan administration costs have been estimated to SEK 10 million, distributed over the LTV 2012 period, i.e. 2012-2016.

The administration cost for transfer of shares by way of an equity swap agreement is estimated to approximately SEK 202 million, compared to approximately SEK 200,000 for using new issued and acquired shares in treasury.

### **Dilution**

The Company has approximately 3.3 billion shares in issue. As per 31 December, 2011, the Company held 63 million shares in treasury. The number of shares covered by ongoing programs as per 31 December, 2011, amounts to approximately 49 million shares, corresponding to approximately 1.53 percent of the number of outstanding shares. In order to implement the LTV 2012, a total of up to 31.7 million shares are required, which corresponds to approximately 0.99 percent of the total number of outstanding shares. The effect on important key figures is only marginal.

### **Proposals**

#### **The Long-Term Variable Remuneration Program 2012**

The Board of Directors proposes that the Annual General Meeting resolve on the implementation of (1) a Stock Purchase Plan, (2) a Key Contributor Retention Plan, and (3) an Executive Performance Stock Plan.

In order to implement the LTV 2012, the Board of Directors proposes that no more than in total 26,200,000 shares of series B in Telefonaktiebolaget LM Ericsson (hereinafter referred to as the Company or Ericsson ) may be transferred to employees in the Ericsson Group and, moreover, that 5,500,000 shares may be sold on NASDAQ OMX Stockholm in order to cover, inter alia, social security payments.

The Company's current holding of shares in treasury is not sufficient for the carrying out of the LTV 2012. Therefore, the Board of Directors proposes a directed share issue of in total 31,700,000 shares of series C to AB Industrivärden and / or Investor AB or subsidiaries of these companies, with a subscription price equivalent to the ratio value of the share (SEK 5). Furthermore, it is proposed that the Board be authorized to decide on a directed offer to acquire all shares of series C at a price in the interval SEK 5 to SEK 5.10 per share. Following the acquisition of all shares of series C, these shares will be converted into shares of series B, in accordance with the Articles of Association, thereafter to be transferred according to the proposals.

The Board of Directors proposes that the Annual General Meeting resolve in accordance with the proposals set out below.

#### **Item 11.1 Implementation of the Stock Purchase Plan**

All employees within the Ericsson Group, except for what is mentioned in the fourth paragraph below, will be offered to participate in the Stock Purchase Plan.

The CEO shall have the right to invest up to 10 percent of gross fixed salary and 10 percent of short term variable remuneration for purchase of shares.

If the purchased shares are retained by the employee for three years from the investment date and the employment with the Ericsson Group continues during that time, the employee will be given a corresponding number of shares of series B or ADSs, free of consideration.

Participation in the Stock Purchase Plan presupposes that such participation is legally possible in the various jurisdictions concerned and that the administrative costs and financial efforts are reasonable in the opinion of the Company.

Participation in the Key Contributor Retention Plan presupposes that such participation is legally possible in the various jurisdictions concerned and that the administrative costs and

financial efforts are reasonable in the opinion of the Company. The Board of Directors shall however be entitled, but not obligated, to arrange for an alternative cash plan for key contributors in specific jurisdictions, should any of the aforementioned presuppositions prove not to be at hand. **Item 11.6 Equity Swap Agreement with third party in relation to the Key Contributor Retention Plan**

In the event that the required majority is not reached under item 11.5 above, the financial exposure of the Key Contributor Retention Plan shall be hedged by the Company entering into an equity swap agreement with a third party, under which the third party shall, in its own name, acquire and transfer shares in the Company to employees covered by the Key Contributor Retention Plan.

**Item 11.7 Implementation of the Executive Performance Stock Plan**

In addition to the regular matching of shares pursuant to the Stock Purchase Plan described above, senior managers, up to 0.5 percent of employees (presently approximately 500, although it is anticipated that the number of participants will be significantly lower) will be offered an additional matching of shares, free of consideration, within the Executive Performance Stock Plan.

If the shares purchased in accordance with the terms and conditions of the Stock Purchase Plan are retained by an employee for three years from the investment date and the employment with the Ericsson Group continues during that time, the employee will be entitled to the following matching of shares, free of consideration, in addition to the regular matching of one share:

The President may be entitled to an additional performance match of up to nine shares for each one purchased.

Other senior managers may be entitled to an additional performance match of up to either four or six shares for each one purchased.

The nomination of senior managers will be on the basis of position, seniority and performance at the discretion of the Remuneration Committee, which will approve participation and matching share opportunity.

The terms and conditions of the additional performance match under the Executive Performance Stock Plan will be based on the outcome of three targets, which are independent of each other and have equal weighting:

Up to one third of the award shall vest provided the compound annual growth rate (CAGR) of consolidated net sales between year 0 (2011 financial year) and year 3 (2014 financial year) is between 2 and 8 percent, which corresponds to consolidated sales of SEK 241 billion and SEK 286 billion for the financial year 2014. Matching will begin at a threshold level of 2 percent CAGR and increase on a linear scale to full vesting of this third of the award at 8 percent CAGR.

Up to one third of the award shall vest provided the compound annual growth rate (CAGR) of consolidated operating income between year 0 (2011 financial year) and year 3 (2014 financial year) is between 5 and 15 percent, which corresponds to consolidated operating income of SEK 20.7 billion and SEK 27.2 billion for the financial year 2014. Matching will begin at a threshold level of 5 percent CAGR and increase on a linear scale to full vesting of this third of the award at 15 percent CAGR.

Up to one third of the award will be based on the cash conversion during each of the years during the performance period, calculated as cash flow from operating activities divided by net income reconciled to cash. One ninth of the total award will vest for any year, i.e. financial years 2012, 2013 and 2014, if cash conversion is at or above 70 percent.

The Board of Directors considers that long-term value creation will be reflected in the success of these targets, aligning executives with long-term shareholder interests. There will be no allocation of shares if none of the threshold levels have been achieved, i.e. CAGR is less than 2 percent for net sales and less than 5 percent for operating income, and a 70 percent cash conversion has not been achieved during the performance period. The minimum matching at the threshold levels is 0. The maximum number of performance matching shares - 4 shares, 6 shares and 9 shares respectively - will be allocated if the maximum performance levels of CAGR of 8 percent for net sales and 15 percent for operating income have been achieved, or exceeded, and a cash conversion of 70 percent or more has been achieved each year during the period.

Before the number of performance shares to be matched are finally determined, the Board of Directors shall examine whether the performance matching is reasonable considering the Company's financial results and position, conditions on the stock market and other circumstances, and if not, as determined by the Board of Directors, reduce the number of performance shares to be matched to the lower number of shares deemed appropriate by the Board of Directors. When undertaking its evaluation of performance outcomes the Board of Directors will consider, in particular, the impact of larger acquisitions, divestitures, the creation of joint ventures and any other significant capital event on the three targets on a case by case basis.
