PROSPECTUS SUMMARY

*The following summary highlights information contained elsewhere in this prospectus. It does not contain all the information that may be important to you in making an investment decision. You should read this entire prospectus carefully, including the documents incorporated by reference herein, which are described under *Incorporation of Certain Documents by Reference* and *Where You Can Find Additional Information*. You should also carefully consider, among other things, the matters discussed in the section titled *Risk Factors*.*

In this prospectus we, us, our and the Company refer to Community Health Systems, Inc., a Delaware corporation, and its consolidated subsidiaries, including CHS/Community Health Systems, Inc., unless the context otherwise requires. CHS refers to CHS/Community Health Systems, Inc., a Delaware corporation and a wholly owned subsidiary of Community Health Systems, Inc., and none of its subsidiaries.

Our Company

We are one of the largest publicly-traded operators of hospitals in the United States in terms of number of facilities and net operating revenues. We provide healthcare services through the hospitals that we own and operate in non-urban and selected urban markets. We generate revenues by providing a broad range of general and specialized hospital healthcare services to patients in the communities in which we are located. As of March 31, 2012, we owned or leased 134 hospitals comprised of 130 general acute care hospitals and four stand-alone rehabilitation or psychiatric hospitals. In addition, we own and operate home care agencies, located primarily in markets where we also operate a hospital, and through our wholly-owned subsidiary, Quorum Health Resources, LLC, or QHR, we provide management and consulting services to non-affiliated general acute care hospitals located throughout the United States. For the hospitals and home care agencies that we own and operate, we are paid for our services by governmental agencies, private insurers and directly by the patients we serve. For our management and consulting services, we are paid by the non-affiliated hospitals utilizing our services.

Historically, we have grown by acquiring hospitals and by improving the operations of our facilities. We generally target hospitals in growing, non-urban and selected urban healthcare markets for acquisition because of their favorable demographic and economic trends and competitive conditions. Because non-urban service areas have smaller populations, there are generally fewer hospitals and other healthcare service providers in these communities and generally a lower level of managed care presence in these markets. We believe that smaller populations support less direct competition for hospital-based services and these markets generally view the local hospital as an integral part of the community. Patients needing the most complex care are more often served by the larger, more specialized urban hospitals. We believe opportunities exist for skilled, disciplined operators in selected urban markets to create networks between urban hospitals and non-urban hospitals in order to expand the breadth of services offered in the non-urban hospitals while improving physician alignment in those markets and making it more attractive to managed care.

DESCRIPTION OF THE SECURITIES WE MAY ISSUE

Overview

This prospectus describes the securities we may issue from time to time. The remainder of this section provides some background information about the manner in which the securities may be held. The three sections following this section of the prospectus describe the terms of the basic categories of securities that we may issue pursuant to this prospectus:

our debt securities, which:

may be senior or subordinated;

may be secured or unsecured;

may be convertible or exchangeable into our common stock or other securities;

may be guaranteed by CHS and one or more of our other subsidiaries; or

may be issued by CHS rather than us and guaranteed by us and/or one or more of our other subsidiaries;

warrants to purchase our debt securities, preferred stock, depositary shares or common stock; and

our common stock, preferred stock and depositary shares representing fractional shares of our preferred stock.

Under SEC rules, we are required to present in our financial statements supplemental condensed consolidating financial information concerning us, CHS, our subsidiary guarantors, our subsidiary non-guarantors and eliminations. See the last three paragraphs of [Description of the Debt Securities and Guarantees of Debt Securities](#).

Prospectus Supplements

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of any securities that we offer, as well as the other specific terms related to that offering. The prospectus supplement may also add to or change information contained in this prospectus. If so, the prospectus supplement should be read as superseding this prospectus. You should read both this prospectus and any applicable prospectus supplement together with the exhibits filed with our registration statement, of which this prospectus is a part, and the additional information described under the headings [Where You Can Find Additional Information](#) and [Incorporation of Certain Documents by Reference](#).

Legal Ownership of Securities

Holders of Securities

Book-Entry Holders. We will issue debt securities under this prospectus in book-entry form only, unless we specify otherwise in the applicable prospectus supplement. We may, but are not obligated to, issue shares of common stock, shares of preferred stock and securities warrants under this prospectus in book-entry form. If securities are issued in book-entry form, this means the securities will be represented by one or more global securities registered in the name of a financial institution that holds them as depositary on behalf of other financial institutions that

Edgar Filing: LANCASTER HOSPITAL CORP - Form S-3ASR

participate in the depositary's book-entry system. These participating institutions, in turn, hold beneficial interests in the securities on behalf of themselves or their customers.

We will only recognize the person in whose name a security is registered as the holder of that security. Consequently, for securities issued in global form, we will recognize only the depositary as the holder of the

Table of Contents

securities, and all payments on the securities will be made to the depository. The depository passes along the payments it receives to its participants, which in turn pass the payments along to their customers, who are the beneficial owners. The depository and its participants do so under agreements they have made with one another or with their customers. They are not obligated to do so under the terms of the securities.

As a result, investors of securities in book-entry form will not own these securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository's book-entry system or holds an interest through a participant. As long as the securities are issued in global form, investors will be indirect holders, and not holders, of the securities. For more information about securities issued in global form, see [Global Securities](#) below.

Street Name Holders. Alternatively, we may initially issue securities under this prospectus in non-global form. We may also terminate a global security at any time after it is issued. In these cases, investors may choose to hold their securities in their own names or in street name. Securities held by an investor in street name would be registered in the name of a bank, broker or other financial institution that the investor chooses. In that event, the investor would hold only a beneficial interest in those securities through an account that the investor maintains at that institution.

For securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the securities are registered as the holders of those securities and all payments on those securities will be made to them. These institutions pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold securities in street name will be indirect holders, not holders, of those securities.

Legal Holders. We, and any third parties employed by us or acting on your behalf, including trustees, depositories and transfer agents, generally are obligated only to the legal holders of the securities. In a number of respects, we do not have direct obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a security or has no choice because we are issuing the securities only in global form.

For example, once we make a payment or give a notice to the legal holder, we have no further responsibility for the payment or notice even if that legal holder is required, under agreements with depository participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, if we want to obtain the approval of the holders to amend an indenture, to relieve ourselves of the consequences of a default or of our obligation to comply with a particular provision of the indenture or for any other purpose, we would seek the approval only from the legal holders, and not the indirect holders, of the securities. Whether and how the legal holders contact the indirect holders is determined by the legal holders.

When we refer to you, we mean those who invest in the securities being offered by this prospectus, whether they are the legal holders or only indirect holders of those securities. When we refer to your securities, we mean the securities in which you hold a direct or indirect interest.

Special Considerations for Indirect Holders. If you hold securities through a bank, broker or other financial institution, either in book-entry form or in street name, you should check with your own institution to find out:

how it handles securities payments and notices;

whether it imposes fees or charges;

how it would handle a request for the holders' consent, if ever required;

whether and how you can instruct it to send you securities registered in your own name so you can be a legal holder, if that is permitted in the future;

Table of Contents

how it would exercise rights under the securities if there were a default or other event triggering the need for holders to act to protect their interests; and

if the securities are in book-entry form, how the depository's rules and procedures will affect these matters.

Global Securities

What is a Global Security? A global security represents one or any other number of individual securities. Generally, all securities represented by the same global securities will have the same terms. We may, however, issue a global security that represents multiple securities that have different terms and are issued at different times. We call this kind of global security a master global security.

A global security may not be transferred to or registered in the name of anyone other than the depository or its nominee, unless special termination situations arise or as otherwise described in the applicable prospectus supplement. We describe those situations under **Special Situations When a Global Security Will Be Terminated** below. As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global security will not be a holder of the security, but only an indirect holder of a beneficial interest in the global security.

Special Considerations for Global Securities. As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. We do not recognize this type of investor as a holder of securities and instead will deal only with the depository that holds the global security.

If securities are issued only in the form of a global security, an investor should be aware of the following:

an investor cannot cause the securities to be registered in the name of the investor, and cannot obtain physical certificates for the investor's interest in the securities, except in the special situations we describe below;

an investor will be an indirect holder and must look to the investor's own broker, bank or other financial institution for payments on the securities and protection of the investor's legal rights relating to the securities, as we describe under **Legal Ownership of Securities** **Holders of Securities** above;

an investor may not be able to sell interests in the securities to some insurance companies and to other institutions that are required by law to own their securities in non-book-entry form;

an investor may not be able to pledge the investor's interest in a global security in circumstances where certificates representing the securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;

the depository's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. Neither we nor any third parties employed by us or acting on your behalf, including trustees and transfer agents, have any responsibility for any aspect of the depository's actions or for its records of ownership interests in a global security. Neither we, the trustee, the transfer agent nor any other third parties supervise the depository in any way;

The Depository Trust Company (DTC) requires that those who purchase and sell interests in a global security within its book-entry system use immediately available funds and your broker, bank or other financial institution may require you to do so as well; and

Table of Contents

brokers, banks and other financial institutions that participate in the depositary's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the security. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

Special Situations When a Global Security Will Be Terminated. In some situations described below, a global security will be terminated and interests in it will be exchanged for certificates in non-global form representing the securities it represented. After that exchange, the choice of whether to hold the securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in a global security transferred on termination to their own names so that they will be holders. We have described the rights of holders and street name investors under "Legal Ownership of Securities" "Holders of Securities" above.

The special situations for termination of a global security are as follows:

if the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for that global security, and we do not appoint another institution to act as depositary within a specified time period; or

if we elect to terminate that global security.

A prospectus supplement may also list additional situations for terminating a global security that would apply to that particular series of securities covered by that prospectus supplement. If a global security is terminated, the depositary has the sole responsibility for determining the institutions in whose names the securities represented by the global security will be registered and, therefore, who will be the holders of those securities.

**DESCRIPTION OF THE DEBT SECURITIES AND
GUARANTEES OF DEBT SECURITIES**

We may issue debt securities from time to time in one or more distinct series. The debt securities will either be senior debt securities or subordinated debt securities. Senior debt securities will be issued under a senior indenture and subordinated debt securities will be issued under a subordinated indenture. Unless otherwise specified in the applicable prospectus supplement the trustee under the indentures will be Regions Bank. We will include in a supplement to this prospectus the specific terms of each series of debt securities being offered, including the terms, if any, on which a series of debt securities may be convertible into or exchangeable for common stock, preferred stock or other debt securities. The statements and descriptions in this prospectus or in any prospectus supplement regarding provisions of the debt securities, their indentures and their guarantees, if any, are summaries of these provisions, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the debt securities, their indentures (including any amendments or supplements we may enter into from time to time which are permitted under each indenture) and their guarantees, if any.

The applicable prospectus supplement will specify whether such debt securities will be issued by the Company or CHS, and whether the debt securities will be guaranteed by the Company or CHS or one or more of our other subsidiaries. Unless otherwise specified in the prospectus supplement, the debt securities will be direct unsecured obligations of the issuer. The senior debt securities will rank equally with any of our other senior and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment to any senior indebtedness. There may be subordinated debt securities that are senior or junior to other series of subordinated debt securities.

The applicable prospectus supplement will set forth the terms of each series of debt securities, including, if applicable:

the title of the debt securities and whether the debt securities will be senior debt securities or subordinated debt securities;

any limit upon the aggregate principal amount of the debt securities;

whether the debt securities will be issued as registered securities, bearer securities or both, and any restrictions on the exchange of one form of debt securities for another and on the offer, sale and delivery of the debt securities in either form;

any other terms of the debt securities, which terms shall not be inconsistent with the requirements of the Trust Indenture Act of 1939, as amended.

This prospectus is part of a registration statement that does not limit the aggregate principal amount of debt securities that we may issue and provides that we may issue debt securities from time to time in one or more series under one or more indentures, in each case with the same or various maturities, at par or at a discount. Unless indicated in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the applicable indenture.

We intend to disclose any restrictive covenants for any issuance or series of debt securities in the applicable prospectus supplement.

As noted above, our debt securities may be guaranteed by CHS and one or more of our other subsidiaries, and debt securities issued by CHS may be guaranteed by us and/or one or more of our other subsidiaries, if so provided in the applicable prospectus supplement or other offering material. Unless otherwise provided in any prospectus supplement, and as updated for the creation, acquisition, winding-up or sale of subsidiaries, to the extent there are any guarantors of any new debt securities issued by CHS, the guarantors of such new debt securities will be identical to the guarantors under the 8.875% Senior Notes due 2015 and the 8.00% Senior Notes due 2019 of CHS as of the date these new debt securities are issued. Unless otherwise provided in any prospectus supplement, and as updated for the creation, acquisition, winding-up or sale of subsidiaries, to the extent there are any guarantors on any new debt securities we issue, the guarantors of our new debt securities will also be identical to the guarantors under CHS's 8.875% Senior Notes due 2015 and 8.00% Senior Notes due 2019 as of the date these new debt securities are issued, except that (a) as the issuer of these new debt securities, we will not be providing a guarantee on these notes, and (b) to the extent it is not a co-issuer, CHS will be a guarantor of these new debt securities. The prospectus supplement or other offering material will describe the terms of any guarantees, including, among other things, the ranking of the guarantee, the method for determining the identity of the guarantors and the conditions under which guarantees will be added or released. Any guarantees will be joint and several obligations of the guarantors. The obligations of each guarantor under its guarantee will be limited as necessary to prevent the guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law.

Under SEC rules, we are required to present in our financial statements supplemental condensed consolidating financial information concerning us, CHS, our subsidiary guarantors, our subsidiary non-guarantors and eliminations. This supplemental condensed consolidating financial information is presented in the notes to the financial statements included in our Annual Reports on Form 10-K and in our Quarterly Reports on Form 10-Q. Since the outstanding 8.875% Senior Notes due 2015 and the outstanding 8.00% Senior Notes due 2019 were issued by CHS and guaranteed by us (together with the subsidiary guarantors), the information relating to us in these supplemental condensed consolidating financial information footnotes is provided under the columns labeled "Parent Guarantor", while the information relating to CHS is provided under the columns labeled "Issuer". If we issue debt securities that are guaranteed by CHS and other subsidiary guarantors, the heading under the columns labeled "Parent Guarantor" will be modified in the future filings to read "Parent Guarantor / Issuer" and the heading under the columns labeled "Issuer" will be modified in future filings to read "Issuer / CHS".

Since March 31, 2012, through acquisitions we have added additional subsidiary guarantors under CHS's 8.875% Senior Notes due 2015 and 8.00% Senior Notes due 2019 for reasons permitted under the terms of the indentures relating to these notes. In the aggregate, these changes were not significant to the guarantors as reported in the supplemental condensed consolidating financial information included in the notes to the financial statements included in our Annual Reports on Form 10-K and our Quarterly Reports on Form 10-Q.

Common Stock

The following is a summary of the material terms of our common stock. Because it is only a summary, it does not contain all the information that may be important to you. Accordingly, you should read carefully the more detailed provisions of our restated certificate of incorporation and restated by-laws.

Each outstanding share of our common stock entitles the holder to one vote, either in person or by proxy, on all matters submitted to a vote of stockholders, including the election of directors. There is no cumulative voting in the election of directors, which means that the holders of a majority of the outstanding shares of common stock can elect all of the directors then standing for election. Subject to preferences, which may be applicable to any outstanding shares of preferred stock, holders of common stock have equal and ratable rights to any dividends that may be declared by the board of directors out of legally available funds.

Holders of our common stock have no conversion, redemption or preemptive rights to subscribe for any of our securities. All outstanding shares of our common stock are fully paid and nonassessable. In the event of any liquidation, dissolution or winding-up of our affairs, holders of our common stock will be entitled to share ratably in our assets remaining after provision for payment of liabilities to creditors and preferences applicable to outstanding shares of preferred stock. The rights, preferences and privileges of holders of our common stock are subject to the rights of the holders of any outstanding shares of preferred stock.

Our common stock is traded on the New York Stock Exchange under the symbol CYH. The transfer agent and registrar for our common stock is Registrar and Transfer Company.

Preferred Stock and Depositary Shares Representing Fractional Shares of Preferred Stock

The following describes the general terms and provisions of the preferred stock we may offer by this prospectus. The applicable prospectus supplement will describe the specific terms of the series of the preferred stock then offered, and the terms and provisions described in this section will apply only to the extent not superseded by the terms of the applicable prospectus supplement.

This section is only a summary of the preferred stock that we may offer. We urge you to read carefully our restated certificate of incorporation and the certificate of designation we will file in relation to an issue of any particular series of preferred stock before you buy any preferred stock.

Our board of directors may, without further action of the stockholders, determine the following for each series of preferred stock, and any applicable prospectus supplement will describe:

the distinctive serial designation and the number of shares;

the rate per annum and the times at and conditions upon which the holders of stock of such series shall be entitled to receive dividends, and whether such dividends shall be cumulative or noncumulative and if cumulative the terms upon which such dividends shall be cumulative;

any voting rights of the shares, including without limitation the authority to confer multiple votes per share, voting rights as to specified matters or issues such as mergers, consolidations or sales of assets, or voting rights to be exercised either together with holders of common stock as a single class, or independently as a separate class;

Table of Contents

the price or prices and the time or times at and the manner in which the stock of such series shall be redeemable;

the rights to which the holders of the shares of stock of such series shall be entitled upon any voluntary or involuntary liquidation or winding up of us;

the terms, if any, upon which the shares of stock of such series shall be convertible into, or exchangeable for, shares of stock of any other class or classes or of any other series of the same or any other class or classes, including the price or price or the rate or rates of conversion or exchange and the terms of adjustments if any; and

any other designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof so far as they are not inconsistent with the provisions of our certificate of incorporation, as amended, and to the full extent permitted by the laws of Delaware.

The preferred stock, when issued, will be fully paid and non-assessable. Unless the applicable prospectus supplement provides otherwise, the preferred stock will have no preemptive rights to subscribe for any additional securities that may be issued by us in the future. The transfer agent and registrar for the preferred stock and any depositary shares will be specified in the applicable prospectus supplement.

We may elect to offer depositary shares represented by depositary receipts. If we so elect, each depositary share will represent a fractional interest in a share of preferred stock with the amount of the fractional interest to be specified in the applicable prospectus supplement. If we issue depositary shares representing interests in shares of preferred stock, those shares of preferred stock will be deposited with a depositary.

The shares of any series of preferred stock underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50 million. The applicable prospectus supplement will set forth the name and address of the depositary. Subject to the terms of the deposit agreement, each owner of a depositary share will have a fractional interest in all the rights and preferences of the preferred stock underlying the depositary share. Those rights include any dividend, voting, redemption, conversion and liquidation rights.

The depositary shares will be evidenced by depositary receipts issued under the deposit agreement. If you purchase fractional interests in shares of the related series of preferred stock, you will receive depositary receipts as described in the applicable prospectus supplement. While the final depositary receipts are being prepared, we may order the depositary to issue temporary depositary receipts substantially identical to the final depositary receipts although not in final form. The holders of the temporary depositary receipts will be entitled to the same rights as if they held the depositary receipts in final form. Holders of the temporary depositary receipts can exchange them for the final depositary receipts at our expense.

Anti-takeover effects of our certificate of incorporation and by-laws and provisions of Delaware law

A number of provisions in our certificate of incorporation, by-laws and Delaware law may make it more difficult to acquire control of us. These provisions could deprive the stockholders of opportunities to realize a premium on the shares of common stock owned by them. In addition, these provisions may adversely affect the prevailing market price of our common stock. These provisions are intended to:

discourage certain types of transactions which may involve an actual or threatened change of control of our company;

discourage certain tactics that may be used in proxy fights; and

Table of Contents

encourage persons seeking to acquire control of our company to consult first with the board of directors to negotiate the terms of any proposed business combination or offer.

Advance notice procedures for stockholder proposals and director nominations. Our by-laws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice thereof in writing. To be timely, a stockholder's notice generally must be delivered to or mailed and received at our principal executive offices not less than 45 or more than 75 days prior to the first anniversary of the date on which we first mailed our proxy materials for the preceding year's annual meeting of stockholders. However, if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, to be timely, notice by the stockholder must be delivered not later than the close of business on the later of the 90th day prior to the annual meeting or the 10th day following the day on which public announcement of the date of the meeting is first made. The by-laws also specify certain requirements as to the form and content of a stockholder's notice. These provisions may preclude stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

Preferred stock. The ability of our board to establish the rights and issue substantial amounts of preferred stock without the need for stockholder approval, while providing desirable flexibility in connection with possible acquisitions, financings, and other corporate transactions, may, among other things, discourage, delay, defer, or prevent a change of control of the company.

Authorized but unissued shares of common stock. The authorized but unissued shares of common stock are available for future issuance without stockholder approval. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions, and employee benefit plans. The existence of authorized but unissued shares of common stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

DESCRIPTION OF THE SECURITIES WARRANTS

This section describes the general terms and provisions of the securities warrants that we may offer by this prospectus. The applicable prospectus supplement will describe the specific terms of the securities warrants then offered, and the terms and provisions described in this section will apply only to the extent not superseded by the terms of the applicable prospectus supplement.

We may issue securities warrants for the purchase of senior debt securities, subordinated debt securities, preferred stock, depositary shares or common stock. Securities warrants may be issued alone or together with senior debt securities, subordinated debt securities, preferred stock, depositary shares or common stock offered by any prospectus supplement and may be attached to or separate from those securities. Each series of securities warrants will be issued under warrant agreements between us and a bank or trust company, as warrant agent, which will be described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the securities warrants and will not act as an agent or trustee for any holders or beneficial holders of securities warrants.

If securities warrants for the purchase of senior debt securities or subordinated debt securities are offered, the applicable prospectus supplement will describe the terms of those securities warrants, including the following if applicable:

the offering price;

the currencies in which the securities warrants are being offered;

the designation, aggregate principal amount, currencies, denominations and terms of the series of the senior debt securities or subordinated debt securities that can be purchased upon exercise;

the designation and terms of any series of senior debt securities or subordinated debt securities with which the securities warrants are being offered and the number of securities warrants offered with each senior debt security or subordinated debt security;

the date on and after which the holder of the securities warrants can transfer them separately from the series of senior debt securities or subordinated debt securities;

the principal amount of the series of senior debt securities or subordinated debt securities that can be purchased upon exercise and the price at which and currencies in which the principal amount may be purchased upon exercise;

the date on which the right to exercise the securities warrants begins and the date on which the right expires; and

any other terms of the securities warrants.

If securities warrants for the purchase of preferred stock are offered, the applicable prospectus supplement will also describe the terms of the preferred stock into which the securities warrants are exercisable as described under "Description of the Capital Stock - Preferred Stock and Depositary Shares Representing Fractional Shares of Preferred Stock."

PLAN OF DISTRIBUTION

General

We may offer and sell securities in one or more transactions from time to time to or through underwriters, who may act as principals or agents, directly to other purchasers or through agents to other purchasers or through any combination of these methods.

A prospectus supplement relating to a particular offering of securities may include the following information:

the terms of the offering;

the names of any underwriters or agents;

the purchase price of the securities;

the net proceeds to us from the sale of the securities;

any delayed delivery arrangements;

any underwriting discounts and other items constituting underwriters' compensation;

any initial public offering price; and

any discounts or concessions allowed or reallocated or paid to dealers.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices in block trades, or in underwritten offerings or in other types of trades.

Underwriting Compensation

We may offer these securities to the public through underwriting syndicates represented by a managing underwriter or managing underwriters or through an underwriter or underwriters without an underwriting syndicate. If underwriters are used for the sale of securities, the securities will be acquired by the underwriters for their own account. The underwriters may resell the securities in one or more transactions, including in negotiated transactions at a fixed public offering price or at varying prices determined at the time of sale. In connection with any such underwritten sale of securities, underwriters may receive compensation from us or from purchasers for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

If we use an underwriter or underwriters in the sale of particular securities, we will execute an underwriting agreement with those underwriters at the time of sale of those securities. The names of the underwriters will be set forth in the prospectus supplement used by the underwriters to sell those securities. Unless otherwise indicated in the prospectus supplement relating to a particular offering of securities, the obligations of the underwriters to purchase the securities will be subject to customary conditions precedent and the underwriters will be obligated to purchase all of the securities offered if any of the securities are purchased.

Edgar Filing: LANCASTER HOSPITAL CORP - Form S-3ASR

Underwriters, dealers and agents that participate in the distribution of securities may be deemed to be underwriters under the Securities Act of 1933, as amended (the Securities Act). Any discounts or commissions that they receive from us and any profit that they receive on the resale of securities may be deemed to be underwriting discounts and commissions under the Securities Act. If any entity is deemed an underwriter or any amounts deemed underwriting discounts and commissions, the prospectus supplement will identify the underwriter or agent and describe the compensation received from us.

Table of Contents

Indemnification

We may enter agreements under which underwriters and agents who participate in the distribution of securities may be entitled to indemnification by us against various liabilities, including liabilities under the Securities Act, and to contribution with respect to payments which the underwriters, dealers or agents may be required to make.

Related Transactions

Various of the underwriters who participate in the distribution of securities, and their affiliates, may perform various commercial banking and investment banking services for us from time to time in the ordinary course of business.

Delayed Delivery Contracts

We may authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase securities from us pursuant to contracts providing for payment and delivery on a future date. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases we must approve these institutions. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of the securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

Price Stabilization and Short Positions

If underwriters or dealers are used in the sale, until the distribution of the securities is completed, rules of the SEC may limit the ability of any underwriters to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering (that is, if they sell more securities than are set forth on the cover page of the prospectus supplement) the representatives of the underwriters may reduce that short position by purchasing securities in the open market.

We make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, we make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Selling securityholders may use this prospectus in connection with resales of the securities. The applicable prospectus supplement will identify the selling securityholders, the terms of the securities and any material relationships between us and the selling securityholders. Selling securityholders may be deemed to be underwriters under the Securities Act in connection with the securities they resell and any profits on the sales may be deemed to be underwriting discounts and commissions under the Securities Act. Alabama

Centre Hospital Corporation, Foley Hospital Corporation, Fort Payne Hospital Corporation, Greenville Hospital Corporation and QHG of Enterprise, Inc. are all incorporated under the laws of the State of Alabama.

Section 10-2B-8.50 of the Alabama Business Corporation Act allows corporations to indemnify a director, officer, or employee, or former director, officer, or employee against liability incurred in connection with a proceeding, in which the director, officer or employee is made a party by reason of being or having been a director, officer, or employee if the individual conducted himself or herself in good faith and reasonably believed that the conduct was in the best interests of the corporation or at least not opposed to its best interests; and in the case of any criminal proceeding, the individual had no reasonable cause to believe his or her conduct was unlawful.

The bylaws of each of Centre Hospital Corporation, Foley Hospital Corporation, Fort Payne Hospital Corporation, Greenville Hospital Corporation and QHG of Enterprise, Inc. provide for the indemnification of directors and officers to the fullest extent permitted by the Alabama Business Corporation Act.

Arizona

Bullhead City Hospital Corporation and Payson Hospital Corporation are incorporated under the laws of the State of Arizona.

Section 10-851 of the Arizona Revised Statutes permits a corporation to indemnify an individual made a party to a proceeding because the individual is or was a director against liability incurred in the proceeding if all of the following conditions exist: (a) the individual's conduct was in good faith; (b) the individual reasonably believed in the case of conduct in an official capacity with the corporation, that the conduct was in its best interests and in all other cases, that the conduct was at least not opposed to its best interests; and (c) in the case of any criminal proceedings, the individual had no reasonable cause to believe the conduct was unlawful. Section 10-851 of the Arizona Revised Statutes permits a corporation to indemnify an individual made a party to a proceeding because the director engaged in conduct for which broader indemnification has been made permissible or obligatory under a provision of the articles of incorporation pursuant to section 10-202, subsection B, paragraph 2 of the Arizona Revised Statutes. The termination of a proceeding by judgment, order, settlement or conviction or on a plea of no contest or its equivalent is not of itself determinative that the director did not meet the standard of conduct described in this section. Under Arizona Revised Statutes, a corporation may not indemnify a director under this section either: (a) in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation or (b) in connection with any other proceeding charging improper financial benefit to the director, whether or not involving action in the director's official capacity, in which the director was adjudged liable on the basis that financial benefit was improperly received by the director. Indemnification permitted under this section in connection with a proceeding by or in the right of the corporation is limited to reasonable expenses incurred in connection with the proceeding.

The bylaws of each of Bullhead City Hospital Corporation and Payson Hospital Corporation provide for the indemnification of directors and officers to the fullest extent permitted by the Arizona Revised Statutes.

Section 4-27-850 of the Arkansas 1987 Business Corporation Act allows a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee, or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise, against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit, or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Under Sections 86.411 and 86.412 of Nevada's Limited Liability Company Act, a limited liability company may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was a manager, member, employee or agent of the company, or is or was serving at the request of the company as a manager, member, employee or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorney's fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with the action, suit or proceeding if he acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement or conviction, or upon a plea of nolo contendere or its equivalent, does not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the limited liability company, and that, with respect to any criminal action or proceeding, he had reasonable cause to believe that his conduct was unlawful. To the extent that a manager, member, employee or agent of a limited liability company has been successful on the merits or otherwise in defense of any action, suit or proceeding or in defense of any claim, issue or matter therein, the company shall indemnify him against expenses, including attorney's fees, actually and reasonably incurred by him in connection with the defense.

If unsuccessful in defense of a third-party civil suit or a criminal suit, or if such a suit is settled, an Indemnitee may be indemnified under Nevada law against both (i) expenses, including attorneys' fees, and (ii) judgments, fines, and amounts paid in settlement if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the registrant, and, with respect to any criminal action, had no reasonable cause to believe his or her conduct was unlawful.

If unsuccessful in defense of a suit brought by or in the right of the registrant, where the suit is settled, an Indemnitee may be indemnified under Nevada law only against expenses (including attorneys' fees) actually and reasonably incurred in the defense or settlement of the suit if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the registrant except that if the

Indemnitee is adjudged to be liable for a breach of fiduciary duty or misconduct, fraud, or a knowing violation of law in the performance of his or her duty to the registrant, he or she cannot be made whole even for expenses unless a court determines that he or she is fully and reasonably entitled to indemnification for such expenses.

Also under Nevada law, expenses incurred by an officer or director in defending a civil or criminal action, suit, or proceeding may be paid by the registrant in advance of the final disposition of the suit, action, or proceeding upon receipt of an undertaking by or on behalf of the officer or director to repay such amount if it is ultimately determined that he or she is not entitled to be indemnified by the registrant. The registrant may also advance expenses incurred by other employees and agents of the registrant upon such terms and conditions, if any, that the board of directors of the registrant deems appropriate.

The Operating Agreement of NC-DSH, LLC provides for the indemnification of directors and officers to the fullest extent permitted by the Nevada Limited Liability Company Act.
