PROXY STATEMENT

INTRODUCTION

General

The preceding Notice of Annual Meeting of Shareholders, this Proxy Statement and the enclosed proxy card are being furnished by Key Tronic Corporation, a Washington corporation (the Company), to the holders of outstanding shares of Common Stock, no par value, of the Company (Common Stock) in connection with the solicitation of proxies by the Board of Directors of the Company from holders of such shares. The proxies are to be used at the Annual Meeting of Shareholders of the Company to be held on Thursday, October 25, 2012 at 10:00 a.m. Pacific Time at the principal executive offices of the Company, 4424 N. Sullivan Road Upper Level, Spokane Valley, Washington 99216, and any adjournments or postponements thereof (the Annual Meeting). The proxies appoint Craig D. Gates and Ronald F. Klawitter, each of them and their substitutes, as proxy to vote all shares represented at the Annual Meeting pursuant to this proxy solicitation. This proxy statement and the enclosed form of proxy were first mailed to shareholders on or about September 21, 2012.

Record Date, Proxies, Revocation

Record holders of the Common Stock at the close of business on September 5, 2012 (the Record Date) are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, 10,488,856 shares of Common Stock were issued and outstanding. A proxy card for use at the Annual Meeting is enclosed with this Proxy Statement. All completed, signed and dated proxies returned to the Company will be voted at the Annual Meeting in accordance with the instructions thereon. *If no instructions are given on an otherwise signed and dated proxy card, the proxy will be voted FOR the election of nominees for director named below and FOR the ratification of the appointment of BDO USA, LLP as the Company's independent registered public accounting firm for fiscal year 2013.* Any proxy may be revoked at any time before it has been voted by giving written notice of revocation to the Secretary of the Company at the address set forth above; by delivering a completed, signed proxy bearing a date later than any earlier proxy; or by voting shares in person at the Annual Meeting. The mere presence at the Annual Meeting of the shareholder who has given a proxy will not revoke such proxy.

Voting

Each share of Common Stock outstanding is entitled to one vote on each matter presented for a vote of the shareholders at the Annual Meeting. Under applicable law and the Company's Restated Articles of Incorporation and Amended and Restated By-Laws, if a quorum exists at a meeting: (i) the five nominees for election as directors who receive the greatest number of votes cast for the election of directors by the shares present in person or represented by proxy and entitled to vote shall be elected directors and (ii) matter 2 listed in the accompanying Notice of Annual Meeting of Shareholders will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against it. In the election of directors, any action other than a vote for a nominee will have the practical effect of voting against the nominee. An abstention from voting or a broker nonvote will have no effect on ratification of the

appointment of the independent registered public accounting firm (matter 2) since neither represents a vote cast.

If you are a stockholder of record and do not submit your vote by proxy or vote in person at the annual meeting, your shares will not be voted. However, if you hold shares beneficially in street name, the result may be different. If you do not return the voting instruction form, your broker, trustee or nominee may vote your shares in certain circumstances and on certain proposals. Under current regulations, brokers can not vote uninstructed shares in director elections or on executive compensation matters. Thus, if you hold your shares in street name and you do not instruct your record holder how to vote in the election of directors (matter 1), no votes will be cast on your behalf. Discretionary voting by brokers is permitted in the ratification of the appointment of the independent registered public accounting firm (matter 2). When a broker votes a client's shares on some but not all of the proposals at a meeting, the missing votes are referred to as broker non-votes. Those shares will be included in determining the presence of a quorum at the meeting, but are not considered present for purposes of voting on non-discretionary matters.

PROPOSAL 1

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF ALL NOMINEES NAMED ABOVE.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS MATTERS

Board Meetings

All directors hold office until the next Annual Meeting of Shareholders and until their successors have been elected and have qualified. There are no family relationships among any of the directors or executive officers of the Company. The Company's Board of Directors met four times during fiscal 2012. During fiscal 2012, each director attended 100% of the Board of Directors meetings and at least 90% of meetings of committees of the Board of Directors on which the director served during the time he served on the Board or committee.

Directors Independence

The Board of Directors has determined that all members of the Company's Board of Directors are independent directors within the meaning of the applicable Nasdaq Global Select Market (NASDAQ) listing standards, except for Mr. Gates, the Company's President and Chief Executive Officer and Mr. Klawitter, the Company's Executive Vice President of Administration, CFO and Treasurer.

The Board of Directors also has determined that all members of the Audit Committee (1) meet the definition of independence contained in the NASDAQ listing standards; (2) meet the requirements of the Securities and Exchange Commission (SEC) Rule 10A-3(b)(1); (3) have not participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years; and (4) are able to read and understand fundamental financial statements, including a company's balance sheet, income statement, and cash flow statement, as required by the NASDAQ Marketplace Rules.

The Board of Directors has determined that Patrick Sweeney, a member of the Audit Committee, has the requisite attributes of an audit committee financial expert as defined by SEC regulations and that such attributes were acquired through relevant education and/or experience.

Board Leadership Structure and Role in Risk Oversight

The Board of Directors determines whether the roles of Chief Executive Officer and Chairman of the Board should be separated based upon its judgment of the structure which best meets the current needs of the Company and promotes the most effective communication between the Board and management. The Board currently separates the role of Chief Executive Officer and Chairman of the Board.

The Board oversees the Company's risk directly and through its committees. The Board is assisted by its Audit Committee in performing its risk management oversight responsibilities with respect to financial reporting, internal controls and legal and regulatory requirements. The Board is assisted by its Compensation and Administration Committee in performing its risk management oversight responsibilities with respect to risk relating to compensation programs and policies. The Board, with the assistance of its Governance and Nominating Committee oversees risk management with respect to Board membership, structure and organization.

The Chairmen of the three Board Committees report to the Board on committee meetings at regular meetings of the Board of Directors. Management has the day to day responsibility for risk management and members of management make regular reports to the Board and its committees on identification, monitoring and mitigation of material risks.

Executive Sessions

At three of the four regular meetings of the Board of Directors held during fiscal year 2012, the independent directors met separately in executive session without management present.

Code of Conduct

The Board of Directors has adopted a written Code of Conduct which applies to all directors, officers and employees of the Company. The Code of Conduct is available on the Company's website at www.keytronic.com. The Company intends to disclose on its website any amendments to or waivers of the Code of Conduct.

Shareholder Communications

Shareholders of Key Tronic Corporation may send written communications to the Board of Directors or any of its members by certified mail only, addressed to the Board of Directors or any member, c/o General Counsel & Secretary, Key Tronic Corporation, 4424 N. Sullivan Road, Spokane Valley, WA 99216. All such shareholder communications will be compiled by the General Counsel & Secretary and submitted to the Board of Directors or a Board member.

Nominations to the Board

The Governance and Nominating Committee will consider written proposals from shareholders for directors to be elected at the annual meeting which are submitted to the Secretary of the Company, together with biographical information and references, at least six months prior to the annual meeting.

Board Committees

The Board of Directors has three standing committees: the Audit Committee, the Compensation and Administration Committee, and the Governance and Nominating Committee. The committees each have written charters approved by the Board. The charters of the Audit Committee, the Compensation and Administration Committee and the Governance and Nominating Committee are available on the Company's website at www.keytronic.com.

The **Audit Committee**, which currently consists of Messrs. Sweeney (Chairman), Bean and Pilz met ten times during fiscal 2012. The Audit Committee monitors the integrity of the Company's financial statements, financial reporting processes and systems of internal controls regarding finance, accounting and legal compliance; selects and appoints the Company's independent registered public accounting firm, pre-approves all audit and non-audit services to be provided to the Company by the Company's independent registered public accounting firm, and establishes the fees and other compensation to be paid to the independent registered public accounting firm; monitors the qualifications, independence and performance of the Company's independent registered public accounting firm; and establishes procedures for the receipt, retention, response to and treatment of complaints, including confidential, anonymous submissions by the Company's employees, regarding accounting, internal controls or auditing matters, and provides an avenue of communication among the Board, the independent registered public accounting firm and management.

The **Compensation and Administration Committee** (Compensation Committee) which currently consists of Messrs. Shamash (Chairman), and Pilz, met four times during fiscal 2012. The Committee establishes and reviews annually the Company's general compensation policies applicable to the Company's executive officers and other key employees, reviews and approves the level of compensation awarded to the Company's Chief Executive Officer and other officers and key management employees, prepares and delivers annually to the Board a report disclosing compensation policies applicable to the Company's executive officers and the basis for the Chief Executive Officer's compensation during the last fiscal year and makes recommendations to the Board regarding changes to existing compensation plans. The Committee administers the Company's incentive compensation plans and stock option plans, including determining the individuals to receive awards and options and the terms of such awards and options.

The **Governance and Nominating Committee**, which currently consists of Messrs. Sweeney (Chairman), Bean and Pilz met one time during fiscal 2012. The Committee makes recommendations to the Board regarding corporate governance, recommends for selection by the Board nominees for election as Directors and makes recommendations to the Board with respect to the structure and composition of the Board. The Committee evaluates potential director nominees based upon a number of criteria, including the potential nominee's skills, relevant experience and independence. The Committee has no specific minimum qualifications which must be met by a potential director nominee. Each potential nominee is considered on a case by case basis. Potential nominees may be identified to the Committee by members of the Board, officers of the Company, shareholders or other persons. The Committee evaluates each potential nominee

in the same manner regardless of the source of the potential nominee's recommendation. Although the Company does not have a policy regarding diversity, the Governance and Nominating Committee does take into consideration the value of diversity among Board members in background, experience, education and perspective in considering potential nominees for recommendation to the Board for selection. The Company has not paid any third party a fee to assist in identifying and evaluating potential director nominees. The Committee has not rejected any potential nominee recommended within the preceding year by a beneficial owner of more than 5% of the Company's Common Stock.

The Board created a Special Committee in October 2010, consisting of Messrs. Pilz and Sweeney, to interface with members of the board of directors of a customer to pursue a business solution to certain commercial disputes. A fee of \$2,000 per day and reimbursement of expenses was approved for service as a member of the Special Committee including participation in meetings and conference calls, consultation with management and review of documents. The Special Committee was abolished on October 26, 2011.

Related Person Transactions

In April 2007, the Board of Directors adopted a written policy and procedures for the approval or ratification of Interested Transactions with Related Parties. The policy and procedures supplement the Company's Code of Conduct. The policy defines an Interested Transaction as any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) the Company is a participant, and (3) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity).

The policy defines a Related Party as any (a) person who is or was (since the beginning of the last fiscal year for which the Company has filed a Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director, (b) greater than 5 percent beneficial owner of the Company's common stock, or (c) immediate family member of any of the foregoing. Immediate family member includes a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone residing in such person's home (other than a tenant or employee).

The Audit Committee is responsible for review, approval, ratification or disapproval of Interested Transactions. In determining whether to approve or ratify an Interested Transaction, the Committee will take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the Related Party's interest in the Transaction.

Individual salary levels vary around this point based on experience, knowledge, and individual contribution. Ranges were objectively determined using the combined survey data provided by Milliman, Inc. Base salary market data for the three Named Executive Officer positions was derived by averaging base salary data for comparable positions from the following 2009 surveys: Economic Research Institute Executive Assessor, Watson Wyatt Top Management, Milliman Executive Compensation Report, Aon Executive Compensation Report and Mercer Executive Compensation. In addition, the Board considered the compensation of executives at a group of peer group companies consisting of CTS Corporation, LaBarge Inc., Plexus, Sigma Tron International Inc., SMTC Corporation, Sparton Corporation and Sypris Solutions Inc. Three years worth of data extracted from these peers' proxy statements aged to a common point in time in 2009 were reviewed. The peer group companies were selected based on similar line of business, stage and size as measured by factors such as revenue, net income, market cap and number of employees. In fiscal years 2010, 2011 and 2012 the Company's compensation consultant, Milliman, Inc., advised the Company that the market surveys and the peer companies' base salary data had moved up in each of those years by approximately 3%. The average median base salary in 2009 of the market surveys was \$436,841 for the CEO position, \$257,411 for the CFO position and \$202,989 for the top manufacturing officer position. The median base salary of the peer group in 2009 was \$561,734 for the CEO position, \$286,963 for the CFO position and \$291,526 for the top manufacturing officer position. Fiscal year 2011 and 2012, base salaries of the Company's CEO and top manufacturing officer are both below the market survey median and the peer group's medians (after adjusting the 2009 market survey average median and peer group median base salaries by 3% in fiscal years 2010, 2011 and 2012). In fiscal years 2011 and 2012, the CFO's base salary is below the peer group median base salary and above the market surveys average median base salary after similar adjustments. Salary increases in fiscal 2011 for each of the Named Executive Officers and for the CEO and the Executive Vice President of Worldwide Operations in fiscal year 2012 were determined based upon experience, knowledge and individual contribution in addition to market survey and peer group data.

Annual Incentives

For our Named Executive Officers, annual incentives are tied directly to the achievement of a company-wide financial goal which is profit before taxes (PBT). PBT is the financial goal because of its significant impact on increasing shareholder equity. Target annual incentive levels for the top executives are set to be comparable to what our publicly traded peers offer. The fiscal year 2012 Incentive Compensation Plan provided that if Key Tronic achieved its PBT target, executives would have the opportunity to earn 100% of their incentive target. If PBT exceeded target by 33%, executives would have the opportunity to earn up to 150% of their annual incentive target. If PBT were more than 58% below target level, no incentive would be paid. Key Tronic's PBT for fiscal year 2012 was more than 33% above target level. Therefore annual

incentive payments were earned by participants for fiscal year 2012 in the approximate amount of 150% of their incentive target.

Long-term Incentives

Long-term Incentive Plan. Beginning in fiscal year 2006, the officers and non-employee directors of Key Tronic became eligible to participate in Key Tronic's Long-term Incentive Plan (LTIP). The LTIP was approved by the Board in September 2005. Under this plan, officers and non-employee directors may be awarded a number of performance units at the start of each fiscal year. These units will have a future value tied directly to the achievement of Board determined and approved goals for a three-year period. At the end of each three-year period, these units will be exchanged for cash at the value set by the Board at the beginning of the three year period based on goal achievement as measured at the end of the three year period. For Mr. Gates the award at target for the 2010-2012 performance cycle was \$250,000 of compensation. For Mr. Klawitter the award at target for the 2010-2012 performance cycle was \$150,000 of compensation. For Mr. Burkhardt the award at target for the 2010-2012 performance cycle was \$60,000 of compensation. For each non-employee director the award at target for the 2010-2012 performance cycle was \$10,000 of compensation. For the 2010-2012 performance cycle the maximum goals for three year sales growth compared to peer group companies and return on invested capital were exceeded.

2010 Incentive Plan. Historically, the primary form of long-term compensation at Key Tronic has been stock options. No options have been granted to any of the Named Executive Officers since October 24, 2002. In fiscal years 2010 and 2012, the Named Executive Officers received grants of stock appreciation rights under the 2010 Incentive Plan. These stock appreciation rights awards vest on the third anniversary of the grant date to the extent the Company's return on invested capital (ROIC) over the vesting period compared to the weighted average ROIC of a selected group of peer companies over the same period has reached 90% or more than peer group average and have a term of five years. Payment upon exercise of a stock appreciation right may be in cash, in shares, in some combination thereof or in any other manner approved by the Compensation Committee.

Other Compensation

The Named Executive Officers and all other U.S. employees are eligible to participate in the Key Tronic Corporation 401(k) Retirement Savings Plan (401(k) Plan). The 401(k) Plan is a defined contribution tax qualified retirement savings plan under which employees can contribute a portion of their eligible cash compensation to the 401(k) Plan and the Company makes matching cash contributions of 100% of the first 3% and 50% of the next 2% of compensation deferred subject to qualified plan limits. All employee contributions and matching contributions are vested upon contribution.

Potential Payments Upon Termination or Change in Control

Employment Contracts. The Company entered into employment contracts with Messrs. Gates, Klawitter and Burkhardt at the time each employee was first elected an executive officer of the Company. Each of the employment contracts imposes upon the employee standard nondisclosure, confidentiality and no competition provisions. Each of the employment contracts provides that the Company may terminate employment at any time. The employment contracts provide that upon termination of employment by the Company, other than for cause, the Company shall continue to pay employee's base salary in effect prior to termination for a period of one year after termination. The employment contract entered into with Mr. Klawitter also provides that upon termination by the employee in the event the Company changes the substantive responsibilities and duties of the employee in such a way as to constitute a demotion, the Company shall continue to pay employee's base salary in effect prior to termination for a period of one year after termination. In October 2002 the employment contracts of Messrs. Gates and Klawitter were amended to provide that upon termination of employment by the Company after a change of control, other than for cause, the Company shall continue to pay employee's base salary in effect prior to termination for a period of two years after termination. In August 2011, the employment contracts of Messrs. Gates, Klawitter and Burkhardt

were amended to condition the payment of severance upon execution of a release of claims and to add provisions to comply with Internal Revenue Code Section 409A. In May 2012, the employment contracts of Messrs. Gates and Burkhardt were amended to provide that upon termination by the employee in the event the Company changes the substantive responsibilities and duties of the employee in such a way as to constitute a demotion, the Company shall continue to pay employee's base salary in effect prior to termination for a period of one year after termination. Mr. Burkhardt's employment contract was also amended in May 2012 to provide that upon termination of employment by the Company after a change of control, other than for cause, the Company shall continue to pay employee's base salary in effect prior to termination for a period of two years after termination.

Long-term Incentive Plan. The Long-term Incentive Plan provides that upon a change of control of the Company, vesting of units awarded under the Plan will be accelerated and will be payable at two times their value. Change of control generally means the occurrence of any of the following events: (1) any individual, entity or group (other than the Company, any subsidiary or any employee benefit plan of the Company or a subsidiary) acquires beneficial ownership of securities of the Company representing 40% or more of the combined voting power of the Company's then-outstanding securities (other than as a result of an acquisition of securities directly from the Company); (2) the first purchase of Common Stock pursuant to a tender or exchange offer (other than a tender or exchange offer made by the Company or any subsidiary); (3) the approval by the Company's shareholders of a merger or consolidation, a statutory share exchange, a sale or disposition of all or substantially all the Company's assets or a plan of liquidation or dissolution of the Company; or (4) during any period of two consecutive years, individuals who at the beginning of such period constitute the Board cease for any reason to constitute at least a majority of the Board, unless the election or nomination for the election by the Company's shareholders of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.

2010 Incentive Plan. Under the 2010 Incentive Plan, in the event of a change of control: (1) all outstanding awards, other than performance shares and performance units, will become fully and immediately exercisable, and all applicable restrictions or forfeiture provisions will lapse, immediately prior to the change of control and such awards will terminate at the effective time of the change of control. However, upon certain changes of control, such as certain reorganizations, mergers or consolidations, any such awards that vest based on continuous service will become fully and immediately exercisable, and all applicable deferral and restriction limitations or forfeiture provisions will lapse, only if and to the extent such awards are not converted, assumed or replaced by a successor company; and (2) all performance shares, performance units, and stock awards or stock units with restrictions based on performance criteria will be payable based on targeted performance being attained as of the effective date of the change of control.

Change of control generally means the occurrence of any of the following events: (1) an acquisition by any individual, entity or group of beneficial ownership of 40% or more of either (a) the then outstanding shares of Common Stock or (b) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (excluding generally any acquisition directly from the Company, any acquisition by the Company, any acquisition by any employee benefit plan of the Company or an affiliate, or the consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company pursuant to which certain requirements are met); (2) a change in the composition of the Board during a two-year period such that the incumbent board members as of the beginning of the two-year period cease to constitute at least a majority of the Board (not including directors whose election, or nomination for election by shareholders, was approved by a majority of the incumbent board); (3) consummation of certain reorganizations, mergers or consolidations or other disposition of all or substantially all of the assets of the Company; or (4) consummation of a complete liquidation or dissolution of the Company.

Compensation of Directors

Fees. Each director, other than the Chairman of the Board, who is not an employee of the Company receives a quarterly retainer of \$6,250, a fee of \$1,200 for each Board meeting attended in person and a fee of \$600 for each Board meeting attended by telephone. Directors also receive a fee of \$750 for each committee meeting attended (committee members receive a committee attendance fee of \$375 if the committee meeting is held the same day as a Board meeting and a fee of \$375 if the committee meeting is held by phone). The Chairman of the Board receives a quarterly retainer of \$8,000, plus a fee of \$1,800 for each Board meeting attended. Committee chairmen receive an additional fee of \$550 for each committee meeting attended. Directors also receive payment of out-of-pocket expenses related to their service as directors.

Long-term Incentive Plan. Each director participates in the Company's Long-term Incentive Plan (Plan). The Plan provides a long-term cash bonus opportunity to the members of the Board of Directors if certain Company performance measures established by the Board of Directors are met for three fiscal year performance periods. No amounts can be earned for any three fiscal year performance period until the end of the third fiscal year since achievement of performance measures can only be determined at the end of the third fiscal year. During fiscal year 2012, each non-employee Director was awarded 10,000 units under the Plan. If performance measures are met, these units will result in a cash payment ranging from \$5,000 to \$15,000 to each said non-employee Director at the end of fiscal year 2014. Payouts under the Long-term Incentive Plan will depend upon the achievement of goals for three year sales growth compared to peer group companies and return on invested capital.

2010 Incentive Plan.

During fiscal year 2012, each non-employee director was awarded 5,000 stock appreciation rights under the Key Tronic Corporation 2010 Incentive Plan. These stock appreciation rights vest on the third anniversary of the grant date to the extent the Company's return on invested capital (ROIC) over the vesting period compared to the weighted average ROIC of a selected peer group of companies over the same period has reached 90% or more than the peer group average and have a term of five years. Payment upon exercise of a stock appreciation right may be in cash, in shares, in some combination thereof or in any other manner approved by the Compensation Committee.

Stock Option Plan. Non-employee directors received stock options under the Company's Amended and Restated 1990 Stock Option Plan for Non-Employee Directors, which Plan terminated on July 27, 2005.

Set forth below is information on the compensation provided to each non-employee director of the Company during fiscal year 2012. No non-employee director had option awards or nonqualified deferred compensation earnings during fiscal year 2012; therefore those columns have been omitted from the table.
