PROXY STATEMENT

NEW JERSEY RESOURCES CORPORATION

1415 Wyckoff Road

Wall, New Jersey 07719

ANNUAL MEETING OF SHAREHOLDERS

JANUARY 23, 2013

This Proxy Statement sets forth certain information with respect to the accompanying proxy to be used at the Annual Meeting of Shareholders (the Meeting) of New Jersey Resources Corporation, or at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Annual Meeting. The Board of Directors (the Board) has designated the Robert B. Meyner Reception Center at the PNC Bank Arts Center (Exit 116 on the Garden State Parkway), Holmdel, New Jersey 07733 as the place of the Meeting. The Meeting will be called to order at 10:30 a.m., Eastern Standard Time, on Wednesday, January 23, 2013. The Board solicits this proxy and urges you to vote immediately. Unless the context otherwise indicates, reference to New Jersey Resources, NJR, we, us, our or the Company means New Jersey Resources Corporation.

The Board is making these materials available to you on the Internet or, upon your request, delivering printed versions of these materials to you by mail. On or about December 14, 2012, we will mail a notice to shareholders containing instructions on how to access the Proxy Statement and Annual Report and how to vote.

QUESTIONS AND ANSWERS ABOUT THE MEETING

1. Who is asking for my vote and why am I receiving this document?

The Board asks that you vote on the matters listed in the Notice of Annual Meeting, which are more fully described in this Proxy Statement. We are providing this Proxy Statement and related proxy card to our shareholders in connection with the solicitation by the Board of proxies to be voted at the Meeting. A proxy, if duly executed and not revoked, will be voted and, if it contains any specific instructions, will be voted in accordance with those instructions.

2. Who is entitled to vote?

Only holders of record of outstanding shares of our common stock (the Common Stock) at the close of business on November 27, 2012, are entitled to notice of and to vote at the Meeting. At the close of business on November 27, 2012, there were 41,689,123 outstanding shares of Common Stock. Each share of Common Stock is entitled to one vote.

3. What is a proxy?

A proxy is your legal designation of another person to vote the stock you own. If you designate someone as your proxy or proxy holder in a written document, that document is called a proxy or a proxy card. Ms. Mariellen Dugan and Ms. Rhonda M. Figueroa have been designated as proxies or proxy holders for the Meeting. Proxies properly executed and received by our Corporate Secretary prior to the Meeting and not revoked will be voted in accordance with the terms thereof.

4. What is a voting instruction?

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

A voting instruction is the instruction form you receive from your bank, broker or its nominee if you hold your shares of Common Stock in street name. The instruction form instructs you how to direct your bank, broker or its nominee, as record holder, to vote your shares of Common Stock.

5. What am I voting on?

You will be voting on each of the following items of business:

The election as directors of five nominees to the Board of Directors, four of them for terms expiring in 2016 and one for a term expiring in 2014

The approval of a non-binding advisory resolution approving the compensation of our named executive officers

The ratification of the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2013

Any other business that may properly come before the Meeting or any adjournments or postponements thereof

6. How many votes must be present to hold the Meeting?

A majority of the outstanding shares of Common Stock as of the record date must be present in person or represented by proxy at the meeting. This is referred to as a quorum. Abstentions, withheld votes and shares of record held by a broker or its nominee (broker shares) that are voted on any matter are included in determining the existence of a quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

7. What vote is needed to elect the five directors?

The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of Common Stock voted in the election of directors.

8. What vote is needed to approve the non-binding advisory resolution approving the compensation of our named executive officers?

The approval of the non-binding advisory resolution regarding the compensation of our named executive officers requires that the votes cast in favor of the proposal exceed the number of votes cast against the proposal.

9. What vote is needed to ratify the appointment by the Audit Committee of Deloitte & Touche LLP?

The ratification of the appointment by the Audit Committee of Deloitte & Touche LLP requires that the votes cast in favor of the ratification exceed the number of votes cast opposing the ratification.

10. What are the voting recommendations of the Board?

For the reasons set forth in more detail later in this Proxy Statement, THE BOARD RECOMMENDS THAT YOU VOTE:

FOR THE PROPOSED NOMINEES FOR THE BOARD;

FOR THE NON-BINDING ADVISORY RESOLUTION REGARDING APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS;

FOR THE RATIFICATION OF THE APPOINTMENT BY THE AUDIT COMMITTEE OF DELOITTE & TOUCHE LLP.

11. How do I vote?

Registered shareholders (shareholders who hold Common Stock in certificated form as opposed to through a bank, broker or other nominee) or employees who hold Common Stock through our NJR Employees Retirement Savings Plan (our 401(k) Plan) may vote in person at the Meeting or by proxy. There are three ways for registered shareholders and employees who own Common Stock through our 401(k) Plan to vote by proxy:

By mail: If you received your proxy materials by mail, complete, properly sign, date and mail the enclosed proxy card or voting instruction.

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

By Internet: Connect to the Internet at <http://www.proxyvote.com> and follow the instructions included on the proxy card or voting instruction.

By telephone: Call **1-800-690-6903** and follow the instructions included on the proxy card or voting instruction. Registered shareholders and participants in our 401(k) and any other plans holding shares of Common Stock are urged to deliver proxies or voting instructions by calling the toll-free telephone number, by using the Internet or by completing and

mailing the proxy card or voting instruction. The telephone and Internet voting procedures are designed to authenticate shareholders and plan participants' identities, to allow shareholders and plan participants to give their proxies or voting instructions and to confirm that such instructions have been recorded properly. Instructions for voting by telephone or over the Internet are included on the enclosed proxy card or voting instruction. If you received your proxy materials via mail, registered shareholders and plan participants may send their proxies or voting instructions by completing, signing and dating the enclosed proxy card or voting instruction and returning it as promptly as possible in the enclosed prepaid envelope.

Shareholders who hold Common Stock through banks, brokers or other nominees ("street name shareholders") who wish to vote at the Meeting should receive voting instructions from the institution that holds their shares. Please contact the institution that holds your shares if you have not received voting instructions. Street name shareholders may also be eligible to vote their shares electronically by following the voting instructions provided by the bank, broker or other nominee that holds the shares, using either the toll-free telephone number or the Internet address provided on the voting instruction; or by completing, dating and signing the voting instruction and returning it promptly in the enclosed prepaid envelope.

The deadline for voting via the Internet or telephone is 11:59 p.m., Eastern Standard Time, on January 22, 2013.

12. Can I attend the Meeting?

Yes. The Meeting is open to all holders of our Common Stock as of the record date, November 27, 2012. You may attend the Meeting and vote in person. However, even if you plan to attend the Meeting, we encourage you to vote your shares by proxy. Cameras, recording devices and other electronic devices are not permitted at the Meeting.

13. How will my shares be voted if I sign, date and return my proxy card or voting instruction card, but do not provide complete voting instructions with respect to each proposal?

Shareholders should specify their vote for each matter on the enclosed proxy. The proxies solicited by this Proxy Statement vest in the proxy holders' voting rights with respect to the election of directors (unless the shareholder marks the proxy to withhold that authority) and on all other matters voted upon at the Meeting.

Unless otherwise directed in the enclosed proxy card, the persons named as proxies therein will vote all properly executed, returned and not-revoked proxy cards or voting instruction cards (1) **FOR** the election of the five director nominees listed thereon; (2) **FOR** the non-binding proposal regarding approval of the compensation of the Company's named executive officers; and (3) **FOR** the proposal to ratify the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2013, with the following two exceptions:

Shares of Common Stock held in our 401(k) Plan for which no direction is provided on a properly executed, returned and not revoked voting instruction card will be voted proportionately in the same manner as those shares held in our 401(k) Plan for which timely and valid voting instructions are received with respect to such proposals.

Shares of Common Stock held in our 401(k) Plan for which timely and valid voting instructions are not received will be considered to have been designated to be voted by the trustee in accordance with the recommendation of the Company's management. As to any other business that may properly come before the Meeting, the persons named in the enclosed proxy card or voting instruction will vote the shares of Common Stock represented by the proxy in the manner as the Board may recommend, or otherwise at the proxy holders' discretion. The Board does not presently know of any other such business.

14. How will my shares be voted if I do not return my proxy card or my voting instruction?

It will depend on how your ownership of shares of Common Stock is registered. If you own your shares as a registered holder, which means that your shares of Common Stock are registered in your name, your unvoted shares will not be represented at the Meeting and will not count toward the quorum requirement, as explained under "6. How many votes must be present to hold the Meeting?" on page 2, unless you attend the Meeting to vote them in person.

If you own your shares of Common Stock in street name, which means that your shares are registered in the name of your bank, broker or its nominee, your shares may be voted even if you do not provide your bank, broker or other nominee

with voting instructions. Under the rules of the New York Stock Exchange (NYSE) your bank, broker or other nominee may vote your shares in its discretion on routine matters. However, NYSE rules do not permit your bank, broker or other nominee to vote your shares on proposals that are not considered routine. When a proposal is not a routine matter and your bank, broker or other nominee has not received your voting instructions with respect to such proposal, your bank, broker or other nominee cannot vote your shares on that proposal. When a bank, broker or other nominee does not cast a vote for a routine or a non-routine matter, it is called a broker non-vote.

Please note in the absence of your specific instructions as to how to vote, that your bank, broker or other nominee may not vote your shares with respect to (i) the election of the five nominees for director or (ii) the non-binding proposal regarding the approval of the compensation of our named executive officers. Under NYSE rules, these matters are not considered routine matters. Based on NYSE rules, we believe that the ratification of the appointment by the Audit Committee of Deloitte & Touche LLP is a routine matter for which brokerage firms may vote on behalf of their clients if no voting instructions are provided. Therefore, if you are a shareholder whose shares of Common Stock are held in street name with a bank, broker or other nominee and you do not return your voting instruction card, your bank, broker or other nominee may vote your shares **FOR** the ratification of the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm. **Please return your proxy card so your vote can be counted.**

15. How are abstentions and broker non-votes counted?

Only votes cast for or against are included in determining the votes cast with respect to any matter presented for consideration at the Meeting. As described above, when brokers do not have discretion to vote or do not exercise such discretion, the inability or failure to vote is referred to as a broker non-vote. Proxies marked as abstaining, and any proxies returned by brokers as non-votes on behalf of shares held in street name because beneficial owners' discretion has been withheld as to one or more matters to be acted upon at the Meeting, will be treated as present for purposes of determining whether a quorum is present at the Meeting. Broker non-votes and withheld votes will not be included in the vote total for the proposal to elect the nominees for director and will not affect the outcome of the vote for the proposal. In addition, under New Jersey corporation law, abstentions are not counted as votes cast on a proposal. Therefore, abstentions and broker non-votes will not count either in favor of or against (i) the non-binding proposal regarding the vote of the compensation of our named executive officers or (ii) the ratification of the appointment of Deloitte & Touche LLP.

16. What if I change my mind after I vote?

Whether you vote by telephone, Internet or by mail, you may later change or revoke your proxy at any time before it is exercised by (i) submitting a properly signed proxy with a later date, (ii) voting by telephone or the Internet at a later time, or (iii) voting in person at the Meeting. See the enclosed proxy card for instructions. Attendance at the Meeting will not by itself revoke a previously granted proxy.

If you are a shareholder whose stock is held in street name with a bank, broker or other nominee, you must follow the instructions found on the voting instruction card provided by the bank, broker or other nominee, or contact your bank, broker or other nominee to change or revoke your previously given proxy.

17. Who pays the cost of proxy solicitation?

All expenses of soliciting proxies, including clerical work, printing and postage will be paid by us. Our officers and other employees may personally solicit proxies or solicit proxies by mail, telephone, facsimile or Internet, but we will not provide any compensation for such solicitations. In addition, we have agreed to pay Eagle Rock Proxy Advisors a fee of approximately \$5,500, plus reasonable expenses, for proxy solicitation services. We will also reimburse banks, brokers and other persons holding shares in their names or in the names of nominees for expenses incurred sending material to beneficial owners and obtaining proxies from beneficial owners.

18. Could other matters be decided in the Meeting?

The Board does not know of any other business that may be brought before the Meeting. However, if any other matters should properly come before the Meeting or at any adjournment or postponement thereof, it is the intention of the persons named in the accompanying proxy to vote on such matters as they, in their discretion, may determine.

19. How do I make a shareholder proposal for the 2014 Annual Meeting of Shareholders?

We must receive proposals from shareholders intended to be presented at the 2014 Annual Meeting of Shareholders, on or before August 16, 2013, to be considered for inclusion in our Proxy Statement and form of proxy/voting instruction card for that meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (Exchange Act), and for consideration at that meeting. Shareholders submitting such proposals are required to be the beneficial owners of shares of the Common Stock amounting to at least \$2,000 in market value and to have held such shares for at least one year prior to the date of submission.

Our By-Laws also set forth the procedures a shareholder must follow to nominate directors or to bring other business before shareholder meetings. For a shareholder to nominate a candidate for director at the 2014 Annual Meeting of Shareholders, we must receive notice of the nomination no later than November 9, 2013. The notice must describe various matters regarding the nominee, including name, address, occupation and shares held. (See INFORMATION ABOUT THE BOARD S COMMITTEES Nominating/Corporate Governance Committee on page 21 for more information regarding the director nomination process.) Additionally, under our By-Laws, for a shareholder to bring other matters before the 2014 Annual Meeting of Shareholders, we must receive notice no later than November 9, 2013. The notice must include a description of the proposed business, the reasons therefore and other matters specified in our By-Laws. In each case, the notice must be timely given to our Corporate Secretary, whose address is Office of the Corporate Secretary, 1415 Wyckoff Road, Wall, New Jersey 07719. A copy of the By-Laws is available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

ELECTION OF DIRECTORS

[Item (1) on proxy card]

Item 1

The Board currently consists of 11 members divided into three classes with overlapping three-year terms. Our Restated Certificate of Incorporation provides that the Board shall be divided into three classes, which shall be as nearly equal in number as possible. There is currently an imbalance in the classes of director, with five directors having terms expiring in 2013 and being nominated for election as directors at the Meeting, two directors with terms expiring in 2014 and four with terms expiring in 2015. In order to address this imbalance, Sharon C. Taylor, whose term as a director expires at the 2013 Annual Meeting of Shareholders, has been nominated to serve a one-year term expiring in 2014, and until her successor is elected and has been qualified. Mr. Codey, Mr. Downes, Mr. Evans and Mr. Koeppel would each serve for a three-year term expiring in 2016 and until their respective successors are elected and have been qualified. Each of the nominees is currently serving as a director of the Company and, with the exception of Ms. Taylor, has been previously elected by our shareholders. The Board of Directors elected Ms. Taylor to the Board in November 2012. There were no nominee recommendations from shareholders or from any group of shareholders submitted in accordance with our By-Laws. Unless otherwise indicated on a proxy, the proxy holders intend to vote the shares each proxy represents for all nominees for election as directors.

The affirmative vote of a plurality of the shares of Common Stock, present or represented by proxy and voted at the Meeting, is required for the election of directors.

Proxies solicited by the Board will be voted in favor of the nominees listed below, unless otherwise specified in the proxy. All of the nominees proposed by the Board have consented to serve if elected. We know of no reason why the nominees would not be available for election or, if elected, would be unable to serve. While we do not anticipate that any of the nominees will be unable to serve, if any should be unable to serve, the proxy holders reserve the right to substitute any other person approved by the Board.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR ALL OF THE PROPOSED DIRECTOR NOMINEES LISTED ABOVE.

INFORMATION ABOUT THE BOARD

General

Our business and affairs are managed under the direction of the Board in accordance with the New Jersey Business Corporation Act and our Certificate of Incorporation and By-Laws. Members of the Board are kept informed of our business through discussions with the Chairman and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. The corporate governance practices we follow are summarized below.

Board Meetings and Attendance at Annual Meeting of Shareholders

During fiscal year 2012, there were 14 meetings of the Board. Each director attended more than 75 percent of the combined meetings of the Board and the committees on which she or he served during the year. We encourage all directors to attend our annual shareholders meeting. All the directors serving at the time of the 2012 Annual Meeting of Shareholders held in January 2012 attended that meeting.

Board Standards of Independence

Our independence standards (Company Independence Guidelines) are set by the Board in our corporate governance guidelines (the Corporate Governance Guidelines). The director independence standards, as set forth in the Company Independence Guidelines, provide that a majority of the Board must be independent under the independence standards established by the Corporate Governance Guidelines, the NYSE and the SEC as in effect from time to time. For a Board member or candidate for election to the Board to qualify as independent, the Board must determine that the person and his or her immediate family members do not have a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) or any of our affiliates. Under the categorical standards adopted by the Board, a member of the Board is not independent if:

The director is, or has been within the last three years, our employee, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(i) The director is a current partner or employee of a firm that is our internal or external auditor; (ii) the director has an immediate family member who is a current partner of such a firm; (iii) the director has an immediate family member who is a current employee of such a firm and personally works on our audit; or (iv) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on our audit within that time;

The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee; or

The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or two percent, of such other company's consolidated gross revenues.

The Board will also consider a director's charitable relationships. Contributions to tax-exempt organizations are not considered payments for purposes of the test in the final bullet point above, provided, that we are required to disclose in our annual proxy statement any such contributions made by us to any tax-exempt organization in which any independent director serves as an executive officer if, within the preceding three years, contributions in any single fiscal year from us to the organization exceeded the greater of \$1 million, or two percent, of such tax-exempt organization's consolidated gross revenues.

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

For purposes of the above independence standards, an immediate family member includes a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other

than domestic employees) who shares such person's home. When applying the look-back provisions set forth above, the Board need not consider individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated.

A Board member may sit on the board of any of our affiliates except for being a director on each such board of directors, if the member otherwise meets the independence requirements for each such entity, including the receipt of only ordinary-course compensation for serving as a member of the board of directors. Each member of the Board must submit a letter of resignation to the Chairman of the Board when the member changes his or her principal occupation or employment, or leaves or retires from the business with which such occupation or employment was carried out. The letter will be submitted to the Nominating/Corporate Governance Committee who will make a recommendation to the Board regarding such director's continued service on the Board. The Board will then determine whether to accept such resignation.

With the exception of Mr. Downes, the Chairman of the Board and Chief Executive Officer, the Board has affirmatively determined that each member of the Board is independent in accordance with the above standards. Additionally, we made no contributions during fiscal year 2012 to any charitable organization in which an independent director serves as an executive officer in any single fiscal year within the preceding three fiscal years in an amount in excess of the greater of \$1 million, or two percent, of the charitable organization's consolidated gross revenues.

The Company Independence Guidelines are described in the Corporate Governance Guidelines and are available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

Communications with the Board

Any shareholder or interested party wishing to communicate with the Lead Director, the non-management directors, any Board committee or specified individual director on an anonymous basis may do so by calling Ethicspoint, Inc., an unaffiliated toll-free hotline service, at 1-866-384-4277 or by submitting a report via its secure web site at <http://www.ethicspoint.com>. Ethicspoint, Inc. will then notify the Lead Director or another designated representative of the non-management directors. The Lead Director and his duly authorized agents are responsible for collecting and organizing shareholder communications. Absent a conflict of interest, the Lead Director is responsible for evaluating the materiality of each shareholder communication and determining whether further distribution is appropriate, and, if so, whether to the full Board, one or more committee members, one or more Board members and/or other individuals or entities. In addition, any shareholder can communicate in writing to such directors by mailing communications to them c/o New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719, Attention: Lead Director, Lawrence R. Codey.

Board Leadership Structure and Role in Risk Oversight

Board Leadership Structure. As provided in the Corporate Governance Guidelines, the Board does not have a policy on whether the role of the Chief Executive Officer and Chairman of the Board should be separate or, if it is to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. We currently operate with one individual, Mr. Downes, serving as Chairman of the Board, President and Chief Executive Officer. Mr. Downes was elected by the Board as President and Chief Executive Officer in July 1995 and Chairman of the Board in September 1996. Prior to his election as our President and Chief Executive Officer, Mr. Downes served as our Senior Vice President and Chief Financial Officer. The Board believes that because Mr. Downes has unique and extensive experience and understanding of our business, as well as 17 years of experience serving on our Board, he is well situated to lead and execute strategy and business plans to maximize shareholder value. The Board believes that combining the Chairman of the Board and Chief Executive Officer positions is the right corporate governance structure for us at this time because it most effectively utilizes Mr. Downes' extensive experience and knowledge regarding the Company, including by allowing him to lead Board discussions regarding our business and strategy and provides us with unified leadership.

To ensure that the independent directors play a leading role in our current leadership structure, the Board established the position of Lead Director in the Corporate Governance Guidelines in 2003. Mr. Codey currently serves as our Lead Director. In addition to maintaining a significant majority of independent directors (Mr. Downes is the only non-independent director) and independent Board committees, the Board enhanced our corporate governance practices by expanding the description of responsibilities of the Lead Director in our Corporate Governance Guidelines in fiscal year 2010. In this role as Lead Director, Mr. Codey is in frequent contact with the Chairman of the Board and Chief Executive Officer and is regularly consulted on material matters. The Lead Director is elected by the independent directors and ensures that the Board operates independently of management and directors and shareholders have an independent leadership contact. The Lead Director, who must satisfy our independence standards, has the following specific roles and responsibilities:

Ensures that the Board and its committees function independently of our management

Chairs Board meetings when the Chairman is not present or when there is a potential conflict

Confers with the Chairman to develop the agenda for the Board meetings and schedules for the Board and committee meetings

Provides advice and counsel to the Chairman on Board meeting schedules to assure there is sufficient time for all agenda items

Calls meetings and sets agendas for executive sessions of the independent directors

Evaluates and oversees with the Chairman the quality, quantity and timeliness of the information submitted by management to the independent directors

Acts as a liaison between the independent directors and the Chairman and senior management

Confers with the Nominating/Corporate Governance Committee Chair and the Chairman as to the membership of the various committees and committee chairs

Coordinates with the Nominating/Corporate Governance Committee Chair and the Chairman in the performance evaluation of the Board and its committees

Coordinates with the Nominating/Corporate Governance Committee Chair in the performance evaluation of the Chairman

Is available for consultation and direct communication, under appropriate circumstances, if requested by major shareholders

Retains advisors and consultants at the request of the independent directors

Performs such other duties and responsibilities as may be delegated to the Lead Director by the Board from time to time. The Board also has four standing committees: the Audit Committee, the Leadership Development and Compensation Committee, the Nominating/Corporate Governance Committee and the Executive Committee. Each committee has a separate chairperson and each committee, other than the Executive Committee, is composed solely of independent directors.

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

Given our current circumstances and operating strategies, we believe having a combined Chairman of the Board and Chief Executive Officer, as well as having a Lead Director and independent standing Board committees, is the most appropriate structure for our shareholders and us. We believe this structure demonstrates clear leadership to our employees, shareholders and other interested parties and eliminates potential for redundancies and confusion. The Lead Director protects the role of the independent directors by providing leadership to the independent directors and working closely with the Chairman of the Board and Chief Executive Officer.

As part of the Board's annual assessment process, the Board evaluates our board leadership structure to ensure that it remains appropriate. The Board recognizes that there may be circumstances in the future that would lead it to separate the roles of Chief Executive Officer and Chairman of the Board, but believes that the absence of a policy requiring either the separation or combination of the roles of Chairman and Chief Executive Officer provides the Board with the flexibility to determine the best leadership structure.

Board's Role in Risk Oversight. The Board is responsible for our risk oversight. Management is responsible for our risk management, including providing oversight and monitoring to ensure our policies are carried out and processes are executed

in accordance with our performance goals and risk tolerance. Our management team holds regular meetings that identify, discuss and assess financial risk from current macro-economic, industry and company perspectives. In carrying out its risk oversight function, the Board has four standing committees: the Audit Committee, the Leadership Development and Compensation Committee, the Nominating/Corporate Governance Committee and the Executive Committee. Each committee is responsible for risk oversight within such committee's area of responsibility and regularly reports to the Board. Each of the committee's charters, other than the Executive Committee charter, was amended in 2012 to reflect such responsibilities. Additionally, the boards of directors of our principal subsidiaries are comprised largely of non-management directors.

The Audit Committee charter provides that the Audit Committee is responsible for discussing with management our major financial risk exposures and the steps and processes management has taken to monitor and control such exposures, including our risk assessment and risk management policies. As part of its regular reporting process, management reports and reviews with the Audit Committee our material risks, including, but not limited to, proposed risk factors and other public disclosures, and mitigation strategies and our internal controls over financial reporting. The Audit Committee also engages in regular periodic discussions with the Chief Financial Officer and other members of management regarding risks as appropriate. Our internal Risk Management Committee (RMC) continuously monitors our credit risk management and trading risk policies and procedures. The RMC is comprised of individuals from our affiliated companies that meet approximately twice a month and provides periodic reports to the Audit Committee. The RMC's duties include, but are not limited to, evaluating the effectiveness of existing credit policies and procedures, reviewing material transactions and discussing emerging issues.

In addition to the Audit Committee, each Board committee considers risks within its area of responsibility. The Leadership Development and Compensation Committee considers succession planning, human resources risks and risks that may result from our executive compensation programs. In addition, the Nominating/Corporate Governance Committee considers corporate governance risks. Each committee regularly reports to the Board. Moreover, the Board reviews and oversees our various financial policies, financing programs, capital and operating plans, benefit plan management and certain risk management policies.

Our several subsidiary boards of directors that are comprised largely of non-management directors enhance our operational risk oversight. The board of directors of NJNG provides operational and financial risk oversight to that subsidiary, while the boards of directors of NJRES, NJR Energy Investments Corporation and NJR Clean Energy Ventures Corporation jointly meet periodically and discuss the operational and financial risks of those subsidiaries.

We believe the current leadership structure of the Board supports the risk oversight functions described above by providing independent leadership at the committee and subsidiary board level, with ultimate oversight by the full Board as led by the Chairman of the Board and Chief Executive Officer and the Lead Director.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that set forth the practices of the Board with respect to the qualification and selection of directors, director orientation and continuing education, director responsibilities, Board composition and performance, director access to management and independent advisors, director compensation, management evaluation and succession, policies regarding the Lead Director, meetings of the non-management directors, the policy on communicating with the non-management directors and various other issues. A copy of our Corporate Governance Guidelines is available free of charge on our website at <http://investor.njresources.com> under the caption "Corporate Governance." A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

Code of Business Conduct and Ethics

The Board has adopted the Principal Executive Officer and Senior Financial Officers Code of Ethics governing our Chief Executive Officer and senior financial officers in compliance with the Sarbanes-Oxley Act of 2002 and regulations promulgated thereunder by the SEC; our Code of Conduct, a code for all directors, officers and employees as required by the NYSE rules; and a Wholesale Trading Code of Conduct, a code applicable to all officers and any employees and agents directly or indirectly involved in the submission or offers or bids to buy or sell natural gas or pipeline or storage capacity

(collectively, the Codes). The Codes form the foundation of a comprehensive process that includes compliance with all corporate policies and procedures, an open relationship among colleagues that contributes to good business conduct and the high integrity level of our employees. The Codes cover all areas of professional conduct, including employment policies, conflicts of interest, intellectual property and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of our business. Copies of the Codes are available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy of each Code is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

INFORMATION ABOUT THE BOARD S COMMITTEES

The Board has established various committees to assist it with performing its responsibilities. These committees and their current members are described below.

Audit Committee

The Audit Committee consists of Lawrence R. Codey, Donald L. Correll, Alfred C. Koeppel and J. Terry Strange (Committee Chair). The Audit Committee operates under a written charter adopted by the Board that is available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

The Board has determined that each member of the Audit Committee is independent within the meaning of the enhanced independence standards for audit committee members in the Securities Exchange Act of 1934, as amended, and the rules thereunder, as incorporated into the listing standards of the NYSE, and the independence standards of our Corporate Governance Guidelines as discussed above under INFORMATION ABOUT THE BOARD Board Standards of Independence on page 15. The Board has further determined that each of the members of the Audit Committee is financially literate and that, as required by the NYSE listing standards, at least one member of the Committee has accounting or related financial management expertise, as such terms are interpreted by the Board in its business judgment. The Board has also determined that Mr. Strange is an audit committee financial expert, as such term is defined in the rules promulgated by the SEC under the Sarbanes-Oxley Act of 2002. Under the corporate governance listing standards of the NYSE, if an audit committee member simultaneously serves on the audit committees of more than three public companies, and the listed company does not limit the number of audit committees on which its audit committee members serve to three or less, then in each case the board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the listed company s audit committee. The Board has determined that Mr. Strange s simultaneous service on the audit committees of more than three public companies will not impair his ability to serve effectively as a member of the Audit Committee.

The Audit Committee met eight times during fiscal year 2012 for the purpose of overseeing management s responsibilities for accounting, internal control over financial reporting and financial reporting. The Audit Committee selects, appoints, compensates and oversees the independent registered public accounting firm to serve as our independent registered public accounting firm for each fiscal year, approves the retention of, and retains, such firm for any other purposes and approves the audit and non-audit fees we pay to such firm. The Audit Committee reviews the scope and the results of the work of the independent registered public accounting firm and internal auditors and reviews the adequacy of internal control over financial reporting. The functions and responsibilities of the Audit Committee are described in the Audit Committee Report on page 23.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a written policy for the provision of audit services and permitted non-audit services by our independent registered public accounting firm. Our Chief Financial Officer has primary responsibility to the Audit Committee for administration and enforcement of this policy and for reporting non-compliance. Under the policy, our Audit Committee receives a presentation of an annual budget and plan for audit services and for any proposed audit-related, tax or other non-audit services to be performed by the independent registered public accounting firm. The presentation must be in sufficient detail to clearly define the services included. Any services included within the budget and plan approved by the

Audit Committee require no further Audit Committee approval for that budget year. The Audit Committee must approve all audit and permissible non-audit engagements of the independent registered public accounting firm in advance. The pre-approval requirements do not prohibit the delivery of permissible non-audit services that were not recognized as non-audit services at the time of the engagement if all such services are less than five percent of revenues paid to the independent registered public accounting firm for the fiscal year and if the services are approved by the Audit Committee prior to completion of the audit.

Executive Committee

The Executive Committee consists of Lawrence R. Codey (Committee Chair), Laurence M. Downes, Robert B. Evans, M. William Howard, Jr., Alfred C. Koeppel, J. Terry Strange, David A. Trice and George R. Zoffinger. During the interval between meetings of the Board, the Executive Committee is authorized under our By-Laws to exercise all the powers of the Board in our management, unless specifically directed otherwise by the Board or otherwise proscribed by law. The Executive Committee did not meet during fiscal year 2012.

Leadership Development and Compensation Committee

The Leadership Development and Compensation Committee, which we refer to as the LDCC, consists of Donald L. Correll, Robert B. Evans, M. William Howard, Jr., Jane M. Kenny, Alfred C. Koeppel and David A. Trice (Committee Chair). The Board has determined that the members of the LDCC are non-employee directors (within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended), outside directors (within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (referred to herein as the Internal Revenue Code)) and independent directors (as defined under the applicable NYSE listing standards and our Corporate Governance Guidelines as discussed above under INFORMATION ABOUT THE BOARD Board Standards of Independence on page 15). In addition, no LDCC member is a current or former employee of the Company or any of our subsidiaries.

The LDCC operates under a written charter adopted by the Board that is available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719. While the LDCC's charter does not specify qualifications required for members, the members of the LDCC have been members of other public company boards of directors, are current or former executive officers of public companies or have comparable positions. The LDCC met three times during fiscal year 2012.

The LDCC performs the responsibilities of the Board relating to compensation of our executives. The LDCC oversees the performance and qualifications of senior management and interprets, implements and administers the annual compensation and benefits of all of the Company's and our subsidiaries' elected officers. The LDCC's responsibilities include reviewing or approving financial corporate goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers; evaluating the performance of our Chief Executive Officer and our other executive officers in light of those goals and objectives; determining and approving compensation levels for our Chief Executive Officer and our other executive officers based on this evaluation; making recommendations to the Board with respect to annual and long-term incentive compensation plans; evaluating the performance of, and determining the salaries, incentive compensation and executive benefits for senior management; and administering our equity-based and other executive compensation plans. The LDCC also oversees our leadership development, including review and/or approval of our succession planning, officer promotions and affirmative action and diversity plans. The LDCC considers the impact of our executive compensation program, and the incentives created by the compensation awards that the LDCC administers, on our risk profile. In addition, the LDCC reviews all of our compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to us.

The Chairman of the LDCC works with our Chief Executive Officer and Vice President Corporate Services to establish the agenda for LDCC meetings. The Vice President Corporate Services and management personnel reporting to her prepare data and materials for review by the LDCC using market data from both broad-based and targeted national and regional compensation surveys. Competitive industry analysis is enhanced through review of peer company proxy data, professional research consortia and nationally recognized compensation databases provided by the LDCC's outside independent compensation consultant.

The LDCC reviews the performance and compensation of our Chief Executive Officer with input from both the full Board and our Chief Executive Officer's self evaluation. The LDCC approves the compensation of the other executive officers based upon the evaluation and recommendation of our Chief Executive Officer and its own review of each executive officer's individual performance highlights. When it deems appropriate, the LDCC engages its independent compensation consultant or other appropriate advisors to analyze compensation trends and competitiveness of pay packages and to support the LDCC's duty to establish each of the executive officer's targeted overall compensation levels.

The LDCC reports regularly to the Board on matters relating to the LDCC's responsibilities. In addition, the LDCC follows regulatory and legislative developments and considers corporate governance best practices in performing its duties. For additional information regarding the compensation-related activities of the LDCC, see the sections entitled "COMPENSATION DISCUSSION AND ANALYSIS" on page 27 and "REPORT OF THE LEADERSHIP DEVELOPMENT AND COMPENSATION COMMITTEE" on page 47 of this Proxy Statement, respectively.

The LDCC is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties and retained Steven Hall & Partners, a nationally known compensation consulting firm, to (i) assist in gathering and analyzing market data, (ii) advise the LDCC on compensation standards and trends and (iii) assist in the implementation of policies and programs during fiscal year 2012. In retaining Steven Hall & Partners, the LDCC considered the six factors set forth in Section 10C-1(b)(4)(i) through (vi) of the Exchange Act and based on such consideration determined that the work of Steven Hall & Partners did not raise any conflict of interest.

Compensation Committee Interlocks and Insider Participation

No member of the LDCC was at any time an officer or employee of the Company, or is related to any other member of the LDCC, any other member of the Board or any executive officer of the Company.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee consists of Lawrence R. Codey, Jane M. Kenny, Alfred C. Koeppe, David A. Trice and George R. Zoffinger (Committee Chair). The Nominating/Corporate Governance Committee operates under a written charter that is available free of charge on our website at <http://investor.njresources.com> under the caption "Corporate Governance". A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719. The Nominating/Corporate Governance Committee met five times in fiscal year 2012.

The Board has determined that all members of the Nominating/Corporate Governance Committee are independent within the meaning of the listing standards of the NYSE and the independence standards set by the Board as discussed in the section entitled "INFORMATION ABOUT THE BOARD - Board Standards of Independence" on page 15 of this Proxy Statement.

The Nominating/Corporate Governance Committee's primary purpose and responsibilities are to assess the corporate needs for an effective Board and use those assessments to (1) make recommendations to the Board regarding Board composition, size, additional skills and talents needed; (2) identify individuals qualified to be directors, consistent with the criteria approved by the Board and set forth in the Corporate Governance Guidelines; (3) recommend to the Board the selection of nominees for election to the Board; (4) recommend to the Board the individual directors to serve on the committees of the Board; (5) recommend to the Board corporate governance guidelines and oversee related governance matters; (6) advise the Board on matters that impact corporate social responsibility, advocacy and our reputation; and (7) fulfill its oversight responsibility for risk management by periodically assessing and responding, as appropriate, to material risks that may arise in connection with governance structures and processes. The Nominating/Corporate Governance Committee considers performance of incumbent directors to determine whether to nominate them for re-election.

Director Candidate Recommendations and Nominations by Shareholders. The Nominating/Corporate Governance Committee's charter provides that the Nominating/Corporate Governance Committee will consider qualified director candidate recommendations by shareholders. Shareholder nominees will be evaluated under the same standards as nominees recommended by management or the non-management members of the Board. Recommendations should be sent to Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, P.O. Box 1464, Wall, New Jersey 07719. Under our By-Laws, the Corporate Secretary should receive any nomination for director on or before November 9, 2013. In

addition, in accordance with our By-Laws, any shareholder entitled to vote for the election of directors may nominate persons for election to the Board if such shareholder complies with the procedures set forth in the By-Laws and summarized above under **QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING** 19. How do I make a shareholder proposal for the 2014 Annual Meeting of Shareholders? on page 5. There are no differences in the manner in which the Nominating/Corporate Governance Committee evaluates director candidates based on whether the candidate is recommended by a shareholder. The Nominating/Corporate Governance Committee did not receive any recommendations from any shareholders in connection with the Meeting.

Nominating/Corporate Governance Committee Process for Identifying and Evaluating Director Candidates. The Nominating/Corporate Governance Committee identifies and evaluates all director candidates in accordance with the director qualification standards described in the Corporate Governance Guidelines. The Nominating/Corporate Governance Committee evaluates a candidate's qualifications to serve as a member of the Board based on the background and expertise of individual Board members as well as the background and expertise of the Board as a whole. Nominees will be required to bring the skills, talents, knowledge and expertise to ensure that the composition, structure and operation of the Board serves the best interests of our shareholders. In addition, the Nominating/Corporate Governance Committee will evaluate a candidate's independence and his or her background and expertise in the context of the Board's needs.

Although the Nominating/Corporate Governance Committee does not have a separate policy regarding diversity, it will consider, in identifying first-time candidates, nominees for director, or evaluating individuals recommended by shareholders, the current composition of the Board in light of the diverse communities and geographies we serve and the interplay of the candidate's or nominee's diverse individual experience, education, skills, background and other qualities and attributes with those of the other Board members. The Nominating/Corporate Governance Committee incorporates this broad view of diversity into its review and evaluation of new candidates and incumbent nominees in its director nomination process to ensure that the Board's composition reflects the particular needs of the Board and the Company, and the Nominating/Corporate Governance Committee and Board monitor its effectiveness through the Board's self-evaluation process. As described under *Nominees for Election as Directors* on page 10, the Nominating/Corporate Governance Committee and the Board believe that the current composition of the Board reflects a group of highly talented individuals with diverse backgrounds, skills, professional and industry experience, and other personal qualities and attributes best suited to perform oversight responsibilities for the Company and its shareholders.

The nomination of Ms. Taylor to the Board was recommended to the Nominating/Corporate Governance Committee by our Chief Executive Officer and an independent Board director. Based on its own review of this candidate, the Nominating/Corporate Governance Committee recommended to the Board the election of Ms. Taylor as a director and her nomination for election by Company shareholders in November 2012.

AUDIT COMMITTEE REPORT

In accordance with the Audit Committee Charter, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the integrity of the accounting, auditing and financial reporting practices of the Company. During the fiscal year ended September 30, 2012, the Audit Committee met eight times, and the Audit Committee reviewed and discussed the interim financial information contained in the Company's Quarterly Reports on Form 10-Q, and discussed press releases announcing earnings with our Chief Financial Officer and the independent registered public accounting firm prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence. The Audit Committee also discussed with management, the internal auditors and the independent registered public accounting firm the quality and adequacy of the Company's internal controls and the internal audit functions, organization, responsibilities, budget and staffing. The Audit Committee reviewed with both the independent and the internal auditors their audit plans, audit scope and identification of audit risks.

The Audit Committee reviewed and discussed with the independent registered public accounting firm all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61 (AICPA Professional Standards, Vol. 1. AU section 380), as amended, Communication with Audit Committees, as adopted by the Public Company Accounting Oversight Board in Rule 3200T and, with and without management present, discussed and reviewed the results of the independent registered public accounting firm's examination of the financial statements. The Audit Committee also discussed the results of the internal audit examinations.

The Audit Committee reviewed and discussed the audited financial statements of the Company as of and for the fiscal year ended September 30, 2012, with management and the independent registered public accounting firm. Management has the responsibility for the preparation of the Company's financial statements and the independent registered public accounting firm has the responsibility for the audit of those statements.

Based on the above-mentioned review and discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended September 30, 2012, for filing with the SEC. The Audit Committee also reappointed Deloitte and Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2013.

THE AUDIT COMMITTEE

Dated: November 13, 2012

The Audit Committee Report above shall not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

DIRECTOR COMPENSATION

Directors who were not officers of the Company or our subsidiaries were compensated as follows for fiscal year 2012:

Each director received an annual cash retainer of \$50,000 and 1,200 shares of Common Stock

Each director received a fee of \$1,500 for each Board (or subsidiary Board) and committee meeting attended

The chairs of the Audit, Executive and Leadership Development and Compensation Committees received an annual retainer of \$10,000

The chair of the Nominating/Corporate Governance Committee received an annual retainer of \$5,000

The Lead Director received an annual retainer of \$10,000.

In fiscal year 2012 the lead director of each of the Board of Directors of NJNG, NJRES, NJR Clean Energy Ventures and NJR Energy Investments (each, a Subsidiary Board) received an annual retainer of \$5,000. Directors who are also officers of the Company or our subsidiaries do not receive additional compensation for serving on the Board. All directors are reimbursed for any out-of-pocket expenses incurred in attending Board or committee meetings. Share ownership guidelines have been established for directors that specify the expected level of stock ownership of 6,000 shares of Common Stock to be achieved over a five-year period.

In September 2012, the Nominating/Corporate Governance Committee of the Board, with the assistance of its independent outside compensation consultant, Steven Hall & Partners, completed a review of compensation for non-employee directors. Based on this review, the Nominating/Corporate Governance Committee recommended to the Board that it:

adopt an increase to the annual cash retainer while eliminating Board meeting fees

change equity grants to provide a fixed dollar value rather than a fixed number of shares

increase the value of the equity awards and

replace subsidiary Board and committee meeting fees with an annual retainer.

The Board approved these changes on September 12, 2012. Effective January 1, 2013, directors who are not officers of the Company or our subsidiaries will be compensated as follows:

Each director, other than the Lead Director, receives an annual cash retainer of \$68,000

The Lead Director receives an annual cash retainer of \$78,000

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

Each director receives \$65,000 worth of shares of Common Stock annually (the number of shares to be based upon the closing price of a share of Common Stock on the date of the grant)

The chair of the Audit Committee receives an annual retainer of \$22,000 while each member of the Audit Committee receives a \$12,000 annual retainer

The chair of the LDCC receives an annual retainer of \$16,000 while each member of the LDCC receives a \$6,000 annual retainer

The chair of the Nominating/Corporate Governance Committee receives an annual retainer of \$11,000 while each member of the NCGC receives a \$6,000 annual retainer

The chair of the Executive Committee receives an annual retainer of \$10,000

The Lead Director of each of the Board of Directors of NJNG, NJRES, NJR Clean Energy Ventures and NJR Energy Investments (each, a Subsidiary Board) receives an annual retainer of \$5,000, while each member of a Subsidiary Board receives an annual retainer of \$9,000.*

*Subsidiary Board member annual retainers and any additional meeting fees are based upon each member only being compensated for one meeting when joint Boards of Directors meetings occur.

The Nominating/Corporate Governance Committee determined to recommend and the Board approved these changes to the directors compensation in order to compensate for the fact that, as noted above, directors no longer receive Board meeting fees.

Director Deferred Compensation Plan

Non-employee directors of the company are eligible to defer up to 100 percent of their board compensation under the NJR Directors' Deferred Compensation Plan (the "Director Deferred Compensation Plan"). This includes the deferral of the payment of annual board and committee retainers, board meeting fees and committee meeting fees. At the director's election, deferred amounts are credited to either an interest account or a stock account. If deferred amounts are credited to a stock account, such account is credited with a number of shares based on the closing price of our Common Stock on the date we allocate such fees (no later than 90 days after the deferred fees would have been paid) and such account is credited with additional shares based on the deemed reinvestment of dividends. An interest account is credited monthly with interest at a rate equal to the Prime Rate listed in the Wall Street Journal *plus* two percentage points based on the average daily balance credited to the account for that month. The rate is adjusted on a monthly basis. At the election of the participating director, deferred balances in the stock and/or interest accounts are payable after termination of Board service in a lump sum or in installments over a period not to exceed five years after termination of Board service.

The following table presents information relating to total compensation of our non-employee directors for the fiscal year ended September 30, 2012.

COMPENSATION DISCUSSION AND ANALYSIS

This discussion and analysis of our compensation program for named executive officers should be read in conjunction with the tables and text elsewhere in this Proxy Statement that describe the compensation awarded to, earned by or paid to the named executive officers.

Executive Summary

The purpose of the Compensation Discussion and Analysis is to explain the process the Leadership Development and Compensation Committee (LDCC) of the Board of Directors (the Board) uses to determine compensation and benefits for the following individuals, who are our named executive officers for the fiscal year ended September 30, 2012:

Name	Title
Laurence M. Downes	Chairman of the Board, Chief Executive Officer and President
Glenn C. Lockwood	Executive Vice President and Chief Financial Officer
Kathleen T. Ellis	Executive Vice President and Chief Operating Officer, New Jersey Natural Gas Company (NJNG)
Mariellen Dugan	Senior Vice President and General Counsel
Stephen D. Westhoven	Senior Vice President, NJR Energy Services Company (NJRES)

Compensation of our named executive officers is determined under our compensation and benefits program for senior executives that is governed by the LDCC. The LDCC reviews the performance of all officers of the Company and its subsidiaries and makes recommendations to the Board with respect to the compensation of such officers. The LDCC also reviews and makes recommendations to the Board relating to the benefit programs applicable to all officers and has oversight of certain of our employee benefit plans. Additional information with respect to the LDCC can be found on page 20 of this Proxy Statement.

At the 2012 Annual Meeting of Shareholders, over 95 percent of the shares cast on the proposal were voted for the non-binding advisory resolution approving the compensation of our named executive officers. In light of that result, the Board continued using similar compensation objectives, program and rationale for our named executive officers during 2012.

Our Guiding Philosophy

Our compensation philosophy is guided by the principle of pay-for-performance. Our compensation programs are designed to support our business goals by rewarding achievement of short-term and long-term objectives in a manner that links compensation of our executive officers with the value created for our shareholders. While aligning each executive's compensation with our short-term and long-term business goals, we aim to provide the incentives needed to attract, motivate, reward and retain our management talent, which is crucial to our long-term success.

In keeping with our philosophy, generally, compensation for our executives is comprised of the following:

base salary

annual short-term incentive awards that are paid in cash based upon achievement of corporate and individual goals, as well as leadership performance

long-term performance-based awards

deferred retention stock awards

restricted stock awards

Developments in our Executive Compensation Program for Fiscal Year 2012

During fiscal year 2011, we undertook our annual review of our executive compensation practices to ensure that our plans and practices were competitive, supportive of the goals of the organization and in keeping with the best interests of our shareholders. As a result of that review, the LDCC made the following modifications to the executive compensation program for fiscal year 2012:

Approved a new long-term equity incentive award program that included a mix of new at-risk performance share awards with performance criteria based upon compound net financial earnings (NFE² per share growth over a 36-month period, and issued Deferred Retention Stock awards or restricted stock awards, each under our 2007 Stock Award and Incentive Plan (the 2007 Plan)

Approved a new Officer Incentive Plan for fiscal year 2012, which we refer to as the 2012 OIP, relating to short-term annual cash incentive awards

Conducted an annual review and assessment of potential and existing risks arising from our compensation program and policies
Key Compensation Corporate Governance Practices

The LDCC and our Nominating/Corporate Governance Committee continuously review evolving practices in executive compensation and corporate governance. We have adopted certain policies and practices that we believe are consistent with industry best practices. For example:

We have meaningful share ownership guidelines for our directors and executive officers

We provide limited executive perquisites

Our executive officers do not receive a tax gross-up on any perquisites

We have no employment agreements with any executive officer

Our 2007 Stock Award and Incentive Plan prohibits repricing of options without shareholder approval

The LDCC has engaged an independent compensation consultant that has no other financial ties to the Company or our management and that it has determined does not have any conflicts of interest based on the six factors set forth in Section 10C-1(b)(4)(i)-(vi) of the Exchange Act

We have conducted an annual review and assessment of potential and existing risks arising from our compensation programs and policies and concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us.

During fiscal 2013, we intend to address any new policy requirements adopted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, signed into law in July 2010, regarding a recoupment (or clawback) policy relating to incentive compensation impacted by restated financial statements after the applicable regulations are issued by the SEC.

Fiscal Year 2012 Performance Highlights

We had a strong fiscal year 2012 as all of our business segments performed well. Here are some of the highlights:

We achieved NFE growth with NFE of \$2.71 per share, an increase of 5 percent from fiscal 2011.

Our stock price at year-end was higher than the year before. It closed fiscal year 2012 at \$45.72, an increase of 7.4 percent over the end of the prior fiscal year.

We increased our annual dividend rate by a total of 6.9 percent.

Including the dividends we paid, our shareholders enjoyed an 11.1 percent total return on their investment, assuming reinvestment of dividends.

NJNG had another solid year and was a key driver behind our overall fiscal year 2012 results.

* NFE is a financial measure not calculated in accordance with generally accepted accounting principles (GAAP) of the United States and is discussed in greater detail on page 34 of this Proxy Statement under Net Financial Earnings Component. For a full discussion of NFE and a reconciliation to net income, please see our most recent Form 10-K filed on November 29, 2012, Part II, Item 7.

NJNG ranked the highest in customer satisfaction with residential natural gas service in the eastern United States among large utilities on the *J.D. Power and Associates 2012 Gas Utility Residential Customer Satisfaction StudySM* for the fourth consecutive year and also ranked the highest in the East region on the *J.D. Power and Associates 2012 Gas Utility Business Customer Satisfaction StudySM* for the second consecutive year.

Another major milestone NJNG achieved this year was the addition of its 500,000th customer. In total, NJNG added almost 6,700 new customers and converted about 550 existing customers to natural gas heat and other services this year.

NJR Clean Energy Ventures invested \$100.3 million in commercial and residential solar energy projects and supported our strong financial results while also diversifying its renewable energy portfolio, by entering the on-shore wind market with the acquisition of an approximate 20 percent ownership position in OwnEnergy, Inc., a developer of mid-sized and community wind projects.

NJRES contributed to our profitability and identified new opportunities to grow its business with producer services and fee-based transactions, despite the current challenging conditions in the wholesale energy market, and continues to work to expand its geographic footprint by adding Rockies and Pacific Northwest assets to its portfolio

NJR Home Services (NJRHS) had improved performance supported by its expanded geographic footprint, marketing outreach, new service offerings, and enhanced customer contact and service plans.

Principles of Our Compensation Framework

The LDCC believes that the compensation program for executive officers should reward the achievement of our short-term and long-term objectives and that compensation should be related to the value created for our shareholders. Furthermore, the compensation program should reflect competition and best practices in the marketplace. The following objectives serve as the LDCC's guiding principles for all compensation decisions:

Our executive compensation and benefits should attract, motivate, reward and retain the management talent necessary to achieve our business objectives at compensation levels that are fair, equitable and competitive with those of comparable companies.

Compensation should be set based on the leadership of each executive officer, which is based on skill, experience and achievement, taking into account market rates.

Compensation should also be based upon our Commitment to Stakeholders key performance measures for Safe, Reliable, and Competitively Priced Service, Customer Service, Quality, Valuing Employees and Corporate Citizenship.

Compensation should be linked to individual and corporate performance by aligning our executive compensation program to company-wide performance, which is defined in terms of financial performance and increases in shareholder value.

There should be an appropriate mix and weighting between base salary, annual cash incentive awards and long-term equity incentive awards such that an adequate amount of each executive officer's total compensation is performance-based or at risk. Further, as an executive's responsibilities increase, the portion of at risk compensation for the executive should increase as a percentage of total compensation.

In addition, the LDCC believes that the various elements of our compensation program effectively align compensation with performance measures that are directly related to our financial goals and creation of shareholder value without encouraging executives to take unnecessary and excessive risks.

Elements of Our Compensation Program for Named Executive Officers

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

The LDCC has a specific mix of compensation components that it targets, with the intent to make each component of total direct compensation competitive with that of other companies of similar size and operational characteristics while also linking compensation to individual and corporate performance and encouraging stock ownership by senior management. The table below describes each compensatory element in our program and briefly explains how it promotes our objectives. We

believe the combination of these elements provides an appropriate balance of rewards, incentives and benefits to our executives and enables us to meet our desired compensation objectives, strengthen our ability to attract and retain highly qualified individuals and to appropriately link pay to performance to treat our shareholders fairly.

Element of Compensation	Description	Objectives
Annual Compensation:		
Base Salary	Fixed annual compensation that is certain in payment and provides continuous income.	Aids in both recruitment and retention; designed to be competitive in the marketplace.
Annual Cash Incentive Awards	Performance-based compensation for achieving established annual goals based on NFE, individual leadership and our Commitment to Stakeholders.	Motivates and rewards achievement of annual corporate objectives by providing at-risk comprehensive pay opportunities linked to individual and company performance.
Long-term Compensation:		
Performance Unit/Share Awards	Grants of shares or units which are payable in Common Stock and based on relative total shareholder return (TSR) performance relative to a peer group and/or NFE growth, each over a long-term period.	Increases long-term equity ownership and provides strong incentives to executives by aligning a portion of their compensation to the TSR on our Common Stock or NFE growth versus that of a comparator group of selected companies and our long-term earnings growth.
Deferred Retention Stock Awards	Grants of deferred shares of our Common Stock (Deferred Retention Stock) used to recognize and reward superior performance; executive must comply with non-competition and non-solicitation covenants to receive share payout at a future date.	Promotes retention by providing disincentive to executive to leave us for a competitor, increases long-term equity ownership by executives and aligns a portion of their compensation to the future value of our stock.
Restricted Stock Awards	Grants of our Common Stock that are part of our long-term incentive program and may also be used for special recognition of superior performance; ratable vesting over a specified period.	Promotes retention and increases long-term equity ownership and provides strong incentives to executives by aligning a portion of their compensation to the future value of our stock.
Performance-Based Restricted Stock Awards	Grants of Restricted Stock that only vest if we achieve NFE per share goals over a specified period and are subject to a holding period upon vesting.	Promotes retention, increases long-term equity ownership and provides strong incentives to executives by aligning a portion of their compensation to our financial performance.
Other Compensation:		
Deferred Compensation	Opportunity to defer receipt of specified portions of compensation and to have such deferred amounts treated as if invested in specified investment vehicles.	Encourages executive retention at minimal cost to us.
Severance Payments and Benefits (including after a change in control)	Payments and benefits upon termination of an executive s employment in specified circumstances.	Provides assurance of financial security, which is desirable in lateral recruiting and executive retention and permits objective evaluation by executives of potential changes to our strategy and structure.

The Compensation Review Process

Process for Approval of Compensation Measures. Our planning process begins in May (the third quarter of our fiscal year) when management identifies financial and operational goals, performance measures and action plans that are tied to our Commitment to Stakeholders and that will be executed by the business units and approved by our management in August (the fourth quarter of our fiscal year) for the following fiscal year. These metrics are presented to the Board in September for approval. Upon approval by the Board, the financial and operational goals become the compensation measures for the executive officers and are the foundation for our Commitment to Stakeholders, which is also communicated to the rest of the organization through the performance planning and evaluation process and through management presentations to employees.

Role of the LDCC and the Chief Executive Officer. Governance of our compensation program is the responsibility of the LDCC, which consists solely of independent directors. The LDCC works with management, in particular our Chief Executive Officer and the Vice President – Corporate Services, in making decisions regarding our compensation program. The LDCC reviews and takes into account all elements of executive compensation in setting policies and determining compensation amounts. The Chief Executive Officer is responsible for recommending to the LDCC the compensation amounts of each of our named executive officers, other than himself. The Chief Executive Officer attends meetings of the LDCC but does not participate in the portion of the meetings when his compensation or performance is discussed.

Role of Compensation Consultant. The LDCC is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties and therefore retained Steven Hall & Partners, a nationally known compensation consulting firm, to (i) assist in gathering and analyzing market data, (ii) advise the LDCC on compensation standards and trends and (iii) assist in the implementation of policies and programs during fiscal year 2012. All work completed by the outside advisor is subject to the approval of the LDCC. The outside advisor's role with respect to the LDCC is to provide independent advice and counsel. The LDCC does not delegate authority to its outside advisor or to other parties. Prior to each meeting of the LDCC, Steven Hall & Partners meets with the Chief Executive Officer and the Chairman of the LDCC, followed by a private meeting with only the LDCC Chairman. The LDCC also periodically meets in executive session with our outside advisor to discuss our compensation program. During fiscal year 2012, Steven Hall & Partners periodically met with management, participated in LDCC meetings throughout the year, reviewed materials in advance, provided to the LDCC additional data on market trends and overall compensation design and assessed recommendations for base salary and annual incentive awards for our named executive officers.

Comparator Group Analysis. So that we can successfully attract and retain the high quality executive talent we believe is critical to our long-term success, we intend that the levels of compensation available to executive officers who successfully enhance corporate value are competitive with the compensation offered by publicly held companies that are similar to us with regard to size and industry focus. To understand the competitive market for pay and set the compensation terms for our program, we analyzed the compensation programs of a comparator group of companies. When selecting our comparator group in consultation with the independent compensation consultant, we included companies that are generally similar to us based upon several criteria such as industry focus, market capitalization, revenues and earnings.

The LDCC identified the following companies as our comparator group for reference in setting compensation for fiscal year 2012:

AGL Resources Inc.	Northwest Natural Gas Company	Southwest Gas Corporation
Atmos Energy Corporation	Piedmont Natural Gas Company, Inc.	Vectren Corporation
The Laclede Group, Inc.	South Jersey Industries, Inc.	WGL Holdings, Inc.

We selected companies that are in the same general business as us and whose revenues are between one-half and twice our revenues. We do not rely exclusively on comparator group data in setting the terms of our compensation program. Consideration is also given to major compensation surveys of companies in the utility industry. Additionally, we recognize that some executives have skills and responsibilities that are transferable outside of the regulated comparator companies. For this reason, for these selected positions we also consider pay levels among non-utility industry companies to ensure competitive compensation levels. We also consider regional demographic and economic conditions as factors affecting our compensation program. Survey information provided by Steven Hall & Partners helps to confirm the validity and provide broader context to the comparator group data, as well as provide data for positions when comparator data is not available from public filings with the SEC.

Establishing Total Direct Remuneration

Total direct remuneration is the sum of base salary, annual cash incentive awards and long-term equity incentive awards. A major portion of each named executive officer's remuneration is therefore established by performance-based incentives, which requires achievement of performance goals as a condition to earning annual cash incentive awards and long-term equity incentive awards. The at-risk portion of total direct remuneration provides increased pay for higher levels of corporate performance.

In setting each named executive officer's total direct remuneration opportunity, the LDCC takes into account other factors such as the responsibilities, performance, contributions and service of the executive. As a result, we do not set total direct remuneration or the component parts at levels to achieve a mathematically precise market position. In determining executive compensation, the LDCC reviews all components of our Chief Executive Officer's and each other named executive officer's total compensation, including retirement benefits and the costs of all perquisites received to ensure such compensation meets the goals of the program. As a part of this review, the LDCC considers corporate performance information, compensation survey data, the advice of consultants and the recommendations of management. The LDCC also takes into consideration individual and overall company operating performance to ensure executive compensation reflects past performance as well as future potential and adequately differentiates between employees, based on the scope and complexity of the employee's job position, market comparisons, individual performance and experience and our ability to pay. Our Chief Executive Officer's and each other named executive officer's performance is reviewed annually by the LDCC prior to considering changes in compensation. The performance of our Chief Executive Officer and the performance of each other named executive officer is evaluated in light of our overall performance (as described in greater detail below) and non-financial goals and strategic objectives approved by the LDCC and the Board. Based on its review, the LDCC believes total compensation for each of the named executive officers is reasonable.

The following table shows the target total direct remuneration opportunity that the LDCC approved for fiscal year 2012. The table states the annual salary of each named executive officer as of September 30, 2012. The table includes the amount of the annual cash incentive award that could have been earned by a named executive officer meeting target performance goals relating to NFE, our Commitment to Stakeholders and individual leadership described below. From time to time, the LDCC considers the use of long-term equity incentive awards as a component of the named executive officers' compensation.

Name	Salary (\$)	Target Annual Cash Incentive Amount* (\$)	Actual Total Long- Term Equity Incentive Value** (\$)	Target Total Direct Remuneration (\$)
Laurence M. Downes	800,000	800,000	866,512	2,466,512
Glenn C. Lockwood	320,330	192,198	227,832	740,360
Kathleen T. Ellis	319,300	191,580	227,170	738,050
Mariellen Dugan	283,250	127,463	161,510	572,223
Stephen D. Westhoven	288,400			

* The target annual cash incentive amount for Mr. Downes is 100 percent of annual salary. For Mr. Lockwood and Ms. Ellis, the target annual cash incentive amount ranges between 55 and 65 percent of annual salary, which for illustrative purposes is calculated in this table at 60 percent of annual salary. For Ms. Dugan, the target annual cash incentive amount ranges between 40 and 50 percent, which for illustrative purposes is calculated in this table at 45 percent of annual salary.

** Represents full grant date fair market value of performance-based stock awards and restricted stock granted in fiscal year 2012, calculated in accordance with FASB ASC Topic 718. For more information regarding the grant of long-term equity incentive awards in fiscal year 2012, please see Long-Term Equity Incentive Awards on page 40 below.

Mr. Westhoven did not have a target annual cash incentive amount or target long-term equity incentive award for fiscal year 2012. His compensation is described in more detail below under *Fiscal Year 2012 Annual Incentive Award for Mr. Westhoven* on page 39 below.

Below is a graphic representation of the components of the fiscal year 2012 total target direct remuneration opportunity for each named executive officer, which highlights that for each of the named executive officers, a substantial part of compensation is incentive-based and subject to the named executive officer and the Company meeting certain performance-based and other goals.

Components of Compensation

Base Salary

In setting the base salary level of each executive officer, the LDCC considers marketplace compensation data compiled and presented by Steven Hall & Partners, as well as the executive's experience level, demonstrated capabilities, time and placement in position, our geographic region and the actual performance of the Company and the executive. No particular weight is assigned to any one factor. Base salary increases for all of our named executive officers, with the exception of our Chief Executive Officer, are recommended by our Chief Executive Officer and subject to review and approval by the LDCC and the Board. Base salary increases for our Chief Executive Officer are determined by the LDCC and approved by the Board.

Annual Cash Incentive Awards

We maintain a strong link between performance and pay within our executive compensation program through emphasis on incentives and utilization of financial, operational and leadership measures, which we believe are key drivers of shareholder value creation. The LDCC reviews and approves the annual performance objectives for the Company and our named executive officers at the start of each fiscal year. In November 2011, the LDCC approved the 2012 OIP. Our objectives for the 2012 OIP were partially based on a review of our compensation programs by Steven Hall & Partners. Our objectives for the 2012 OIP were to maintain line of sight for each executive officer by providing them with an understanding of their individual objectives and how they could be achieved based on areas that they impact, continue the linkage to corporate results and provide flexibility to determine awards based on qualitative performance assessments.

The 2012 OIP sought to motivate our senior executives by rewarding them when our annual financial performance goals and their individual performance goals are met. After the end of fiscal year 2012, the Chief Executive Officer and the LDCC evaluated the degree to which the Company and our named executive officers met their respective goals. Under the 2012 OIP, the Chief Executive Officer recommends the annual incentive awards to the LDCC for executive officers other than himself and Mr. Westhoven. Mr. Westhoven's annual incentive award was not determined by the 2012 OIP and is discussed separately below under *Fiscal Year 2012 Annual Incentive Award for Mr. Westhoven* on page 39.

In addition, under the 2012 OIP, based upon the recommendations of the Chief Executive Officer, the LDCC has discretion to increase or reduce any annual cash incentive award payable. In addition, our Chief Executive Officer, subject to LDCC approval, may recommend special recognition awards to named executive officers who have provided outstanding

performance during the fiscal year notwithstanding whether an annual cash incentive award is earned by any such named executive officer. The Chief Executive Officer engages in extensive discussions, evaluation and review of his recommendations with the LDCC to reach a consensus on the annual cash incentive awards.

The Chief Executive Officer uses the criteria set forth in the 2012 OIP to guide his recommendations of the annual cash incentive awards to the LDCC. The criteria that guide the Chief Executive Officer's recommendations are: (i) NFE, (ii) Commitment to Stakeholders and (iii) Leadership. The Chief Executive Officer generally bases his annual cash incentive award recommendations 50 percent on our NFE amount, 30 percent on the participant achieving an individual leadership component and 20 percent on the Company meeting an overall Commitment to Stakeholders component. While these criteria serve as guidelines, the Chief Executive Officer has discretion to determine the actual awards to recommend to the LDCC.

Under the 2012 OIP, the target annual cash incentive award opportunity for our Chief Executive Officer was set at 100 percent of base salary. The target annual cash incentive award opportunity for our Executive Vice Presidents, Mr. Lockwood and Ms. Ellis, was between 55 and 65 percent of base salary. Ms. Dugan's target annual cash incentive award opportunity under the 2012 OIP was between 40 and 50 percent of base salary. For illustrative purposes, in the table on page 32, we use a target amount of the midpoint of those ranges, for our named executive officers other than our Chief Executive Officer and Mr. Westhoven. Actual fiscal year 2012 cash incentive award payments under the 2012 OIP, if earned, could theoretically range from 0 percent up to 150 percent of this targeted amount for each of the named executive officers other than Mr. Westhoven. Amounts payable under the 2012 OIP that exceeded 150 percent of the target amount could be paid in full, or in part, in the form of restricted stock based on our Chief Executive Officer's recommendation and subsequent approval by the LDCC. The actual payouts of the 2012 annual cash incentive awards are described in the section of the Proxy Statement entitled *Actual Fiscal Year 2012 Cash Incentive Award Payouts Under the 2012 OIP*, on page 37.

Net Financial Earnings Component

NFE represents net income excluding the accounting impact and resulting volatility in our GAAP earnings due to unrealized gains and losses from certain derivative instruments, net of taxes. NFE is not an alternative to a measure derived from GAAP, such as earnings per share or any other GAAP measure of liquidity or financial performance. We use NFE as a key performance measure for compensatory purposes because we believe it strongly encourages capital discipline, better investment decisions and leads to enhanced cash flow and shareholder value. Our Chief Executive Officer is our chief operating decision maker, and he uses NFE as a measure of profit or loss in measuring the results of our segments and operations.

Our general policy is that no annual cash incentive award is payable to our named executive officers under the 2012 OIP unless we achieve a minimum of at least 75 percent of a target NFE amount. While an annual cash incentive award may be paid if we do not achieve at least 75 percent of the target NFE amount, there would be no payment attributable to the NFE component of the formula if we did not achieve at least 90 percent of the target NFE amount. For fiscal year 2012, the target NFE amount was \$111.1 million. Therefore, the minimum threshold amount (75 percent of the target amount) of NFE that guided the Chief Executive Officer's and LDCC's decision-making was \$83.3 million.

The table below shows the performance/payout curve for the NFE component of the annual cash incentive awards. Performance between the stated percentages is interpolated.

Performance as a Percent of	Percent of Targeted Payout Amount for NFE Component
Net Financial Earnings (NFE) Target	
Less Than 90%	0%

Leadership Component

The leadership component of the annual cash incentive award is determined based on our Chief Executive Officer's review of established business unit initiatives and individual performance assessments that is then ratified by the LDCC. As part of his review, our Chief Executive Officer seeks and considers specific examples of how each named executive officer met these objectives. The LDCC assesses the leadership component for our Chief Executive Officer based on a review of his performance in comparison with his specific individual objectives for the

past fiscal year. The maximum payout for this

portion of the annual cash incentive award is equal to 150 percent of the targeted amount. The LDCC determines the leadership component of the annual cash incentive award for each of our named executive officers, other than our Chief Executive Officer, at its discretion based on reviews by our Chief Executive Officer.

Our Chief Executive Officer's leadership objectives for fiscal year 2012 included:

Achieving the goals and objectives enumerated in our fiscal year 2012 business and financial plan

Implementing the initiatives contained in our fiscal year 2012 Commitment to Stakeholders

Expanding our internal planning process

Focusing on the continued development of our leadership team

Maintaining and enhancing our strong relationships with all key external stakeholders

The leadership objectives of the other named executive officers for fiscal year 2012 included:

Vision, strategy and innovation

Implementation of the initiatives contained in our fiscal year 2012 Commitment to Stakeholders and business and financial plan

Decision-making and judgment

Breadth of knowledge about our business

Execution and performance of their job responsibilities

Collaboration and teamwork

Commitment to Stakeholders Component

The Commitment to Stakeholders (CTS) component of the annual cash incentive award, which comprises 20 percent of that award, is determined based on a subset of 48 specific performance measures that the LDCC views as important to our shareholders, and that encompass a broader range of our activities that are not necessarily reflected in our financial metrics. These performance measures are company-wide and fall into the following five categories:

Safe, reliable and competitively priced service: Measures employee safety, system safety, system reliability, service reliability and competitive pricing

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

Customer satisfaction: Measures customer care, problem resolution, billing accuracy and timely response

Quality: Measures quality of processes throughout the organization

Valuing employees: Measures provision of feedback to employees, leadership development, workforce relations and positive work environment

Corporate citizenship: Measures customer and community outreach, environmental focus, promotion of ethical behavior and fostering of community and business relationships

The 48 performance measures were set through a process that began early in the third quarter of fiscal year 2011. A team of employees from across our business units selected these performance measures spanning the five CTS categories listed above. This set of 48 performance measures was then reviewed by a senior executive team, including our Chief Executive Officer and Chief Financial Officer, who made further edits and recommendations to the measures.

The LDCC and management use these metrics to measure our overall effort to provide our customers, shareholders, communities and other stakeholders with the highest quality service and performance. Each of the performance measures is objective and quantifiable. For instance, one way we measure corporate citizenship is by calculating the total number of employee volunteer hours and calculating the total number of people reached by our customer and community outreach programs using data compiled at each such event during the course of the fiscal year.

For each performance measure, a performance target was developed based upon historical company information, peer information, comparative data, trends and, in certain cases, benchmarks required by state regulations. Performance targets were set by the appropriate business unit leaders, reviewed by our Quality Department and approved by our senior executive

team, including our Chief Executive Officer. Thereafter, the 48 performance measures and targets were approved by the Board. The performance measures and targets were then published and distributed to our employees shortly after the beginning of fiscal year 2012. Separately, the senior executive team selected a subset of the 48 performance measures for recommendation to the Chief Executive Officer and the LDCC for purposes of determining the CTS component of the annual cash incentive award. The subset was then reviewed by the Chief Executive Officer and the LDCC and a final subset, which was ultimately comprised of six performance measures, was approved by the LDCC (the Performance Measures.) When selecting the Performance Measures, the Chief Executive Officer and the LDCC selected one or more significant measures in each of the five CTS categories to encompass a broad spectrum of our performance, thereby allowing them to best gauge, on a company-wide basis, how well the executive management team is fulfilling the CTS. As a result, the Chief Executive Officer and the LDCC consider the Performance Measures as those most useful for a broad assessment of executive performance.

When determining the CTS component of the annual cash incentive award, the LDCC and the Chief Executive Officer establish threshold, target and maximum performance levels for each of the Performance Measures. The threshold level is based on a level of performance that was believed to be achievable, the target level is based on a level of performance that was believed to be aggressive, but obtainable, and the maximum level is based on a level of performance that was believed to be attainable by achieving exceptional performance. Each of these Performance Measures is weighted equally and an overall average measurement is obtained. The overall average measurement reflects the average company-wide performance on the Performance Measures (each weighted equally) on a scale of 0 to 120 percent of the target goal. For example, if we were to meet exactly the target goal for each of the Performance Measures, the average company-wide performance amount would be 100 percent.

The table below shows the six Performance Measures, and indicates our threshold, target and maximum performance levels, as well as indicating our actual performance for each of the Performance Measures:

Performance Measures	Performance Range (threshold to maximum)	Target Performance	Actual Performance	Percentage of Target*
Days Away/Restricted or Transfer (DART) incident rate per 100 full-time employees	4.5 to 3.0	3.77	2.12	150%
Three-year rolling average of the gas cost portion of the utility bill measured quarterly compared with three peer companies	Lowest	Lowest	Lowest	100%
Overall customer satisfaction rate	88.4% to 100%	94.5%	94.9%	106%
Completion of Quality objectives	90% to 100%	95%	96.2%	112%
Diversity training efficacy measured by participant satisfaction scores	4.0 to 5.0	4.5	4.4	90%
Total number of employee volunteer hours through our Volunteers Inspiring Service In Our Neighborhoods (VISION) program	3,280 to 4,920	4,100	4,445	121%

* The percentage of target is adjusted to a scale of 0 to 150 percent for purposes of determining the CTS component of the annual cash incentive award.

As illustrated in the tables above and below this paragraph, during fiscal year 2012, the average company-wide performance as compared to the target goal was 113.2 percent of the target goal. This corresponded to a payout of 133 percent of the target payout amount for the CTS component of the annual cash incentive award formula.

The table below shows the performance/payout curve for the CTS component of the annual cash incentive awards. Performance between the stated percentages is interpolated.

Actual Fiscal Year 2012 Cash Incentive Award Payouts under the 2012 OIP

In November 2012, the LDCC reviewed the results of the 2012 OIP based on the recommendations made by the Chief Executive Officer. The amounts of the annual cash incentive awards recommended by the Chief Executive Officer to the LDCC and subsequently approved by the LDCC are set forth below. For fiscal year 2012, the NFE, CTS and leadership components comprised 50 percent, 20 percent and 30 percent, respectively, of the annual cash incentive awards under the 2012 OIP for each of our named executive officers.

This totaled a payout amount equal to 109.1 percent of each of the named executive officer's respective target of fiscal year 2012 total annual cash incentive award, calculated as set forth below.

For fiscal year 2012, our NFE were \$112.4 million, which corresponded to a payout amount equal to 52.5 percent of the total target annual cash incentive award. We calculated this payout amount as follows:

Actual	Target	Percent of	Percent of Target	Component	Amount Earned
NFE	NFE	Target	Payout Amount	Percentage	as Percent of
					Total Annual
					Cash Incentive
					Award
\$112.4 million	\$111.1 million	101%	105%	50%	52.5%

In addition, we achieved 113.2 percent of our CTS targets, which corresponded to a payout amount equal to 26.6 percent of the total target annual cash incentive award. We calculated this payout amount as follows:

Actual Performance	Percent of	Component	Amount Earned as
as a	Target Payout	Percentage	Percent of Total
Percentage of	Amount	Annual Cash	Incentive Award
Commitment to		Stakeholders	
		Target	
	133.0%	113.2%	26.6%

Our Chief Executive Officer submitted individual leadership performance reviews for each of the named executive officers, other than himself, for discussion and consideration by the LDCC. The LDCC reviewed each of the named executive officer's 2012 individual leadership results, including our Chief Executive Officer, and assessed these results against such named executive officer's objectives. The following table sets forth certain of the 2012 individual performance highlights for each of our named executive officers that were factored into their 2012 annual cash incentive award and the setting of 2013 total targeted direct compensation.

Name	Fiscal Year 2012 Performance Highlights
Laurence M. Downes	Led the Company to improved financial performance
	Led the Company to higher fiscal year-end stock price

* NJRES financial margin, which is a non-GAAP financial measure, represents revenues earned from the sale of natural gas less costs of natural gas sold including any transportation and storage costs, and excludes any accounting impact from the change in fair value of derivative instruments designed to hedge the economic impact of transactions that have not been settled, which represent unrealized gains and losses, and the effects of economic hedging on the value of our natural gas in storage. For further discussion of this financial measure, please see Part II, Item 7 of our Annual Report on Form 10-K filed on November 29, 2012.

The Chief Executive Officer recommended to the LDCC that each named executive officer achieved 100 percent of their leadership goals, which corresponded to a payout amount equal to 30 percent of the total target annual cash incentive award. We calculated this payout amount as follows:

Percent of Target Payout	Amount	Component Percentage	Amount Earned as Percent of Total Annual Cash Incentive Award
100%		30%	30%

The 2012 OIP formula payout amount was equal to 109.1 percent of each of the named executive officer's respective target total annual cash incentive awards. In the case of Mr. Downes, Mr. Lockwood and Ms. Ellis, their annual cash incentive awards shown in the table below were not adjusted significantly from the formula payout. The LDCC determined to use its discretion based upon reviewing the 2012 OIP in its entirety, to make the payments set forth in the following table to Ms. Dugan under the 2012 OIP. Specifically, the LDCC referred to a complete picture of market conditions and individual performance results and took into account Ms. Dugan's individual performance highlights listed above. Analysis of each named executive officer's performance goes beyond their respective performance as measured by the subjective leadership component of the incentive award formula.

These annual cash incentive award amounts are also set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 48 of this Proxy Statement. Each of the named executive officers, other than Ms. Dugan (who received an award greater than her target award amount) and Mr. Westhoven (who does not participate in the 2012 OIP and therefore does not have a target amount), received an annual cash incentive award equal to or less than their target award amount under the 2012 OIP.

Name

	Fiscal year 2012 Annual Cash Incentive Award Paid (\$)
Laurence M. Downes	800,000
Glenn C. Lockwood	208,215
Kathleen T. Ellis	207,545
Mariellen Dugan	184,113

Fiscal Year 2012 Annual Incentive Award for Mr. Westhoven

For fiscal year 2012, the annual incentive award for Mr. Westhoven was determined by our Chief Executive Officer and the LDCC based primarily on the financial performance of NJRES. As part of the NJRES compensation plan, the incentive compensation pool for NJRES was developed based on a percentage of pre-tax, pre-incentive compensation profits. For fiscal year 2012, the LDCC set a range for funding of the total compensation pool of five to 12 percent of pre-tax, pre-incentive compensation profits of NJRES. At the end of fiscal year 2012, upon the recommendation of our Chief Executive Officer, which was based upon an assessment of NJRES performance versus market conditions and both NJR's and NJRES' financial plans, and the LDCC's consideration of such recommendation, the LDCC set the incentive compensation pool at approximately 11 percent of NJRES' pre-tax, pre-incentive compensation profits. The LDCC's decision to set the incentive compensation pool at this level took into account the performance of NJRES, which exceeded our expectations in a challenging market environment, the decision-making by employees of NJRES that added value to NJRES' portfolio and the overall performance of NJR during fiscal year 2012. The LDCC also considered the lower overall financial performance of NJRES in fiscal year 2012 as compared to the prior fiscal year. The annual incentive award pool was then allocated among all employees of NJRES based on Mr. Westhoven's discretionary assessment of the performance of each employee. As the Senior Vice President of NJRES, Mr. Westhoven provides recommendations for approval to the Chief Executive Officer for bonuses for all NJRES employees except himself.

The Chief Executive Officer makes a recommendation to the LDCC for Mr. Westhoven's annual incentive payment for the LDCC's ultimate determination and approval. The LDCC has full discretion to alter the amount of the annual incentive payment to Mr. Westhoven and to determine whether awards should be in the form of cash and/or equity grants. The Chief Executive Officer's recommendation to the LDCC was based upon a qualitative and quantitative review of the performance of NJRES, Mr. Westhoven's individual performance and accomplishments during fiscal year 2012 (including those listed on page 38 of this Proxy Statement) and the availability of funds in the compensation pool. The quantitative factors reviewed included performance metrics such as financial margin, NFE and natural gas throughput, while the qualitative factors included effects of market conditions, quality of decision-making and the effectiveness of the response to changing market conditions. In consideration of NJRES' performance in the face of challenging market conditions, Mr. Westhoven's leadership performance in fiscal year 2012 and the amounts available from the total compensation pool, the Chief Executive Officer made a recommendation to the LDCC for Mr. Westhoven's fiscal year 2012 incentive award. Under the NJRES compensation plan for fiscal year 2012, Mr. Westhoven was paid an annual incentive award for fiscal year 2012 of \$280,000 that consisted of 40 percent cash and 60 percent of Deferred Retention Stock. Therefore, Mr. Westhoven's award consisted of a cash payment of \$112,000 and Deferred Retention Stock with a grant date fair market value of \$168,000. The shares of Deferred Retention Stock vest in their entirety on October 15, 2015, provided that Mr. Westhoven complies with certain covenants, including a non-competition restriction. Part of the rationale for the deferred stock feature of the NJRES compensation plan in fiscal year 2012 was to encourage retention and to continue to link pay with performance.

The LDCC reviewed management's analysis of the NJRES compensation plan and determined that because of the operational limits on NJRES and the risk management oversight provided by NJR management and the Board, the risks arising from the NJRES compensation policies and practices for NJRES employees are not reasonably likely to have a material adverse effect on us.

The 2007 Stock Award and Incentive Plan

At our Annual Meeting in January 2007, shareholders approved the 2007 Plan, which the Board and the LDCC had previously approved. The 2007 Plan authorizes a broad range of awards that the LDCC may grant at its discretion, including:

Restricted stock, a grant of actual shares subject to a risk of forfeiture and restrictions on transfer

Performance shares or other stock-based performance awards (these include deferred retention stock or restricted stock awards that may be earned by achieving specific performance objectives)

Deferred stock, a contractual commitment to deliver shares at a future date, which may or may not be subject to a risk of forfeiture (forfeitable deferred stock is sometimes called "restricted stock units")

Enumeration of the business criteria on which an individual's performance goals are to be based

Long-Term Equity Incentive Awards

In November 2011, after consulting Steven Hall & Partners, the LDCC determined that a portion of our executive officers' total compensation should be paid in equity awards through a new long-term equity incentive program. In fiscal year 2012, the LDCC adopted a new long-term equity incentive program under our 2007 Plan. For fiscal year 2012, the Board approved, pursuant to the recommendation of the Chief Executive Officer, the new long-term incentive program granting roughly one-half in value of shares of Deferred Retention Stock or restricted stock and one-half in fair market value of performance shares to be granted only if the compound growth rate of NFE meets or exceeds targets over a 36-month period ending on September 30, 2014 (2011 NFE Performance Shares). Deferred Retention Stock and restricted stock awards were granted to focus on retention of the executive officers while the 2011 NFE Performance Shares benchmark our performance against our peer companies over an extended period of time. The LDCC determined the award of performance shares and a Deferred Retention Stock award to our Chief Executive Officer and that determination was ratified by the Board. The graphic on the left below illustrates the split in number of shares granted between Deferred Retention Stock or restricted stock and 2011 NFE Performance Shares granted to our named executive officers in fiscal 2012. The graphic on the right shows the historical mix between the restricted stock or Deferred Retention Stock grants and performance-based awards to named executive officers between 2008 and 2012 based upon number of shares granted. These graphics highlight our emphasis over the past five years on awarding a mix of performance-based awards, such as performance shares and performance-based restricted stock, and traditional restricted stock or Deferred Retention Stock awards. The actual value a named executive officer may receive will depend upon the number of shares actually received and the market price of our Common Stock at the time the awards vest.

In designing the new program, the following key objectives were established:

Selecting long-term equity incentive levels and vehicles that are competitive with our comparator group

Distributing shares of deferred retention stock and restricted stock with meaningful vesting periods to encourage retention of key executives

Using performance share awards based upon NFE growth to link compensation to company performance criteria that are meaningful to shareholders

Providing flexibility for granting awards

Our primary objectives in granting long-term equity incentive awards are to encourage significant ownership of our Common Stock by management and to provide long-term financial incentives linked directly to market performance of our Common Stock. The LDCC believes that significant ownership of our Common Stock by senior management is the optimal method for aligning the interests of management and the shareholders. Our stock incentive program is effectively designed to further this objective.

With the exception of significant promotions and new hires, equity grants, including long-term equity incentive awards, are generally awarded following the conclusion of the fiscal year. The LDCC selects this timing because it enables us to consider the prior year performance of the Company and the participants and our expectations for the next performance period, while also guaranteeing that normal awards will be made after we publicly disclose our performance for the year. The awards are made as early as practicable in our fiscal year to maximize the time period for the incentives associated with the awards.

Based on these objectives, our 2007 Plan provides for several forms of long-term equity incentive grants, including performance share awards, restricted stock awards, performance-based restricted stock awards and Deferred Retention Stock awards. In the past, we have utilized awards of non-qualified stock options consistent with long-term share appreciation to reward executives. The LDCC determined not to grant stock options due to its preference to reward retention and Company performance by granting full-value restricted shares of Common Stock and Deferred Retention Stock awards. This change made it more desirable to grant performance share awards to our named executive officers, which in turn allows us to limit the issuance of shares related to such awards, thereby reducing dilution. In the future, we may utilize stock options as an incentive vehicle, particularly as part of employment arrangements with newly hired executives and when we deem it appropriate to align executive and shareholder interests.

Deferred Retention Stock and Restricted Stock Awards

In November 2011, the LDCC approved the grant of a Deferred Retention Stock award to four of our named executive officers as recognition for superior performance during fiscal year 2011 and as a retention vehicle pursuant to the 2007 Plan. The LDCC made these deferred stock awards to these named executive officers as part of the 2012 long-term equity incentive program to encourage retention over the vesting period. The Deferred Retention Stock awards are denominated in dollars and converted into deferred stock units based on the stock price at the date of grant. Each deferred stock unit equals one share of our Common Stock and accrues dividends. At the end of the deferral period on October 15, 2014, the deferred stock units will be paid out in shares of our Common Stock on a one-for-one basis, provided that the named executive officer complies with certain covenants, including a non-competition restriction. As set forth in the table below, on November 16, 2011, the LDCC granted the Deferred Retention Stock awards to Mr. Downes, Mr. Lockwood, Ms. Ellis and Mr. Westhoven.

Name	Number of Deferred Stock Units Granted	Grant Date Fair Market Value of Award (\$)*
Laurence M. Downes	9,185	433,256
Glenn C. Lockwood	2,415	113,916
Kathleen T. Ellis	2,408	113,585
Stephen D. Westhoven	1,087**	51,274

* Represents the grant date fair market value of the deferred stock units granted based upon the closing price of our Common Stock of \$47.17 on November 16, 2011, the date of grant. This amount does not reflect the actual value of the shares of our Common Stock that will be distributed to these named executive officers, which will be based upon the price of our Common Stock on the actual date distributed as per the payout schedule.

** Mr. Westhoven also received 3,180 shares of deferred retention stock as part of his short-term incentive award for fiscal year 2011. The grant date fair market value of those shares based upon the closing price of our Common Stock of \$47.17 on November 16, 2011 was \$150,000.

The LDCC uses restricted stock awards as a retention vehicle and as necessary for new hires, promotions, special recognition awards and as a reward for superior performance. As set forth in the table below, on November 16, 2011, the LDCC granted awards of time-vested restricted stock to Ms. Dugan as part of the long-term equity incentive program for fiscal year 2012. The LDCC makes restricted stock awards for retention purposes and to motivate the named executive

officers to perform over the three-year vesting period. Additionally, the LDCC determined that a restricted stock award was more appropriate for our Senior Vice President and General Counsel than the Deferred Retention Stock awards granted to the other named executive officers. The LDCC values restricted stock awards at the fair market value of the number of shares of our Common Stock on the date of grant. The shares of restricted stock vest in full on October 15, 2014, based on continued employment.

Name	Number of Shares of Restricted Stock Granted	Grant Date Fair Market Value (\$)*
Mariellen Dugan	1,929	90,991

* Represents full grant date fair market value calculated in accordance with FASB ASC Topic 718 and based upon the closing price of our Common Stock of \$47.17 on November 16, 2011. This amount does not reflect the actual cash value that will be recognized by each of the named executive officers when such shares are fully vested and sold.

2011 NFE Performance Shares (based on NFE Compound Growth Rate)

In November 2011, the LDCC approved the grant of performance share awards with performance criteria based upon the Company's NFE growth, pursuant to the 2007 Plan (the 2011 NFE Performance Shares). Each NFE Performance Share is equal to one share of Common Stock. The 2011 NFE Performance Shares vest, if at all, based upon our cumulative compound NFE per share growth rate over the 36-month period beginning on October 1, 2011, and ending on September 30, 2014. The NFE growth targets require NFE growth over the three-year period and were designed to challenge our executives by being aggressive, but achievable, and to encourage and reward continued growth in our NFE.

No 2011 NFE Performance Shares will vest if performance does not meet the minimum threshold level. If the performance meets or exceeds the maximum expectations, 150 percent of the target number of awarded 2011 NFE Performance Shares will be earned. Performance between the measures for the minimum and maximum payout will be interpolated. The earned 2011 NFE Performance Shares will be delivered to participants at the end of the performance period, upon the determination of the LDCC that the performance objectives have been met. The number of 2011 NFE Performance Shares earned will be determined based on the following table:

Three-Year Cumulative Compound NFE Per Basic Share Growth Rate	Performance Shares Earned as a Percentage of Target Performance Shares
Less than 2%	0%
2%	50%
4%	100%
6% or greater	150%

Upon achievement of a Three-Year Cumulative Compound NFE Per Basic Share Growth Rate at a percentage between any two specified levels in the table above, the 2011 NFE Performance Shares earned will be mathematically interpolated on a straight-line basis.

Long-Term Equity Incentive Awards Granted in Prior Fiscal Years**2009 TSR Performance Shares (based on Total Shareholder Return)**

In November 2009, the LDCC approved the grant of performance share awards based upon our TSR (the 2009 TSR Performance Shares) to each of the named executive officers. The 2009 TSR Performance Shares were granted to the named executive officers as of November 18, 2009. The 2009 TSR Performance Share awards vested at the end of a 33-month performance period beginning on January 1, 2010, and ending on September 30, 2012, based on relative company TSR versus the established comparator group used for compensation purposes, which is described under Elements of Our Compensation Program for Named Executive Officers *Comparator Group Analysis* on page 31 above. If performance during that period did not meet the minimum threshold level, no 2009 TSR Performance Shares would have vested, while if the performance met or exceeded the maximum expectations, 150 percent of the target number of awarded 2009 TSR Performance Shares would have been earned. Each 2009 TSR Performance Share is equal to one share of Common Stock. The stated percentiles are approximate due to rounding and the performance between the stated percentiles is interpolated.

Relative TSR Percentile	% of Target Award to Vest
<27 th	0
27 th (threshold)	50%
36 th	60%
45 th	70%
55 th	85%
64 th (target)	100%
73 rd	120%
82 nd	135%
91 st (maximum)	150%

At the end of the performance period, our performance was in the 45th percentile, resulting in a payout of 70 percent of the target number of shares of Common Stock (plus accrued dividends) as shown in the table below. The earned 2009 TSR Performance Shares were delivered to participants at the end of the performance period upon final certification of the performance by the LDCC.

Name	Target Number of 2009 TSR Performance Shares Granted	Number of Shares Actually Vested
Laurence M. Downes	9,300	7,149
Glenn C. Lockwood	1,716	1,319
Kathleen T. Ellis	1,761	1,354
Mariellen Dugan	1,579	1,214
Stephen D. Westhoven	1,303	1,002

2010 TSR Performance Shares (based on Total Shareholder Return)

In November 2010, the LDCC approved the grant of performance share awards based upon our TSR (the 2010 TSR Performance Shares) to each of the named executive officers after the completion of the previous performance unit award cycle that ended on September 30, 2010. As set forth in the table below, the 2010 TSR Performance Share awards were granted to the named executive officers as of November 17, 2010. The 2010 TSR Performance Share awards vest at the end of a 33-month performance period beginning on January 1, 2011, and ending on September 30, 2013, based on relative company TSR versus the established comparator group used for compensation purposes, which is described under Elements of Our Compensation Program for Named Executive Officers *Comparator Group Analysis* on page 31 above. No 2010 TSR Performance Shares will vest if performance during that period does not meet the minimum threshold level. If the performance meets or exceeds the maximum expectations, 150 percent of the target number of awarded 2010 TSR Performance Shares will be earned. Each 2010 TSR Performance Share is equal to one share of Common Stock.

2009 NFE Performance Shares (based on NFE Growth)

In November 2009, the LDCC approved the grant of performance share awards with performance criteria based upon the Company's NFE growth, pursuant to the 2007 Plan (the 2009 NFE Performance Shares). Each NFE Performance Share is equal to one share of Common Stock. The NFE Performance Share awards vested based upon our average annual NFE per

share growth at the end of a 36-month period beginning on October 1, 2009, and ending on September 30, 2012. The NFE growth targets required annual NFE growth and were designed to challenge our executives by being aggressive, but achievable, and to encourage and reward continued growth in our NFE.

No 2009 NFE Performance Shares would have vested if performance did not meet the minimum threshold level. If the performance met or exceeded the maximum expectations, 150 percent of the target number of awarded 2009 NFE Performance Shares would have been earned. Performance between the measures for the minimum and maximum payout was interpolated. Our average annual NFE per share growth rate during the performance period was 3.75 percent, resulting in a payout of 68.8 percent of the target number of shares of Common Stock as shown in the table below. The earned 2009 NFE Performance Shares were delivered to participants at the end of the performance period upon final certification of the performance by the LDCC.

Name	Target Number of 2009 TSR Performance Shares Granted	Number of Shares Actually Vested
Laurence M. Downes	9,300	7,026
Glenn C. Lockwood	1,252	946
Kathleen T. Ellis	1,286	972
Mariellen Dugan	1,152	870
Stephen D. Westhoven	951	718

Retirement Programs

Our retirement programs for senior executives provide an opportunity for each participating executive, through long-term service to us, to receive a pension or other forms of retirement benefits. Our named executive officers participate in the New Jersey Natural Gas Company Plan for Retirement Allowances for Non-Represented Employees (the Non-Represented Plan), which is a trustee noncontributory defined benefit retirement plan. Our named executive officers also participate in our 401(k) Plan, which is a trustee defined contribution plan. These plans provide retirement benefits to broad groups of employees and executives. Our named executive officers also participate in the Savings Equalization Plan of NJR, which we refer to as the SEP, and the Pension Equalization Plan of NJR, which we refer to as the PEP, both of which are unfunded non-qualified plans. These plans provide benefits that would have been made under the Non-Represented Plan and the 401(k) Plan, but for the limitations on compensation and contributions imposed by Sections 401(a)(4), 401(a)(17), 401(k), 401(m) and 415 of the Internal Revenue Code. In addition, the named executive officers and certain other officers have supplemental retirement agreements. Under the Supplemental Executive Retirement Plan Agreements, which we also refer to as SERP Agreements, benefits are payable over a 60-month period commencing at age 65. At projected retirement, the total maximum amount payable to our Chief Executive Officer under his SERP Agreement is currently \$250,000. Messrs. Westhoven and Lockwood, Ms. Ellis and Ms. Dugan would each be entitled to maximum amounts of \$125,000 under their respective SERP Agreements. These are described more fully in the narrative following the Pension Benefits table on page 56 of this Proxy Statement.

We also sponsor health care plans that provide post-employment medical and life insurance benefits to union and non-union employees who meet the eligibility requirements. Retirees must meet certain age and service requirements to be eligible. Depending on the year of retirement, benefits may be subject to annual deductibles, coinsurance requirements, lifetime limits and retiree contributions. As of September 30, 2012, with the exception of Mr. Downes, none of the named executive officers have completed the age and service requirements to be eligible for post-employment health coverage.

Severance Policies

Severance protection is provided to our senior executives in their employment continuation agreements with the Company (Employment Continuation Agreements) and only in the event that a senior executive is terminated following a change in control. This protection is designed to be fair and competitive and to aid in attracting and retaining experienced executives. When recruited from another company, the executive generally will seek to be protected in the event he or she is terminated without cause or we take actions giving the executive good reason to terminate employment. We believe that the protection we provide, including the level of severance payments and post-termination benefits, is appropriate and within the range of competitive practice.

Severance protection following a change in control provides a number of important benefits to us. First, it permits an executive to evaluate a potential change in control while relatively free of concern for the executive's own situation or the need to seek employment elsewhere. Second, change in control transactions take time to unfold, and a stable management

team can help preserve our operations either to enhance the value delivered to a buyer in the transaction or, if no transaction is consummated, to ensure that our business will continue without undue disruption. Finally, we believe that the change in control protections in place encourage management to consider, on an ongoing basis, whether a strategic transaction might be advantageous to our shareholders, even one that would vest control of the Company in a third party. The LDCC believes that the potential cost of executive change in control severance payments and benefits, as a percentage of the potential buyout price, would be well within the range of reasonable industry practice and represents an appropriate cost relative to the benefits to our shareholders and us.

On February 20, 2007, we entered into Employment Continuation Agreements with Mr. Downes, Ms. Dugan, Ms. Ellis, Mr. Lockwood and Mr. Westhoven. In the case of Mr. Downes, Ms. Ellis, Mr. Lockwood and Mr. Westhoven, the Employment Continuation Agreements replaced existing employment continuation agreements. The Employment Continuation Agreements provide each executive certain rights in the event that his or her employment is terminated within two years following the occurrence of a Change of Control (as defined in the agreements) (i) by us without Cause (as defined in the agreements) or (ii) by the executive for Good Reason (as defined in the agreements). Subject to the limitation described below in the next paragraph, upon either such termination of employment the executive, in the case of Mr. Downes, will receive three times the sum or, in the case of the other executives, two times the sum, of (x) annual base salary and (y) the average of annual bonuses paid or payable with respect to the last three calendar years ended prior to the Change of Control. The Employment Continuation Agreements further provide that if any such executive is subject to the so-called golden parachute excise tax imposed under Section 4999 of the Internal Revenue Code, we must make an additional payment to the executive in an amount sufficient to place the executive in the same after-tax position as if no such excise taxes had been imposed.

As a condition of the right of the executive to receive payments under the Employment Continuation Agreements, the executive must enter into a binding agreement that, without the written consent of the Board, the executive will not for a period of two years, acting alone or in conjunction with others, directly or indirectly

engage (either as owner, investor, partner, shareholder, employer, employee, consultant, advisor or director) in any business in which he or she has been directly engaged on behalf of us or any affiliate, or has supervised as an executive thereof, during the last two years prior to such termination, or which was engaged in or planned by us or an affiliate at the time of such termination, in the geographic area of New York, New Jersey, Pennsylvania, or Delaware and in which such business was conducted or planned to be conducted

induce any customers of the Company or any of our affiliates with whom the executive has had contacts or relationships, directly or indirectly, during and within the scope of his or her employment with the Company or any of our affiliates, to curtail or cancel their business with us or any such affiliate

induce, or attempt to influence, any employee of the Company or any of our affiliates to terminate employment

solicit, hire or retain as an employee or independent contractor, or assist any third party in the solicitation, hire or retention as an employee or independent contractor, any person who during the previous 12 months was an employee of the company or any affiliate, provided, however, that activities engaged in by or on behalf of the Company are not restricted by this covenant

The Employment Continuation Agreements are described in more detail below in the section entitled POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL beginning on page 58 of this Proxy Statement.

Deferred Compensation

To enhance the competitiveness of our executive compensation program and, therefore, its ability to attract and retain qualified key personnel necessary for our continued success and progress, we provide an Officers' Deferred Compensation Plan to provide certain members of a select group of management or highly compensated employees of the company and its affiliates a means to defer receipt of specified portions of compensation and to have such deferred amounts treated as if invested in specified investment vehicles in order to enhance the competitiveness of our executive compensation program and, therefore, its ability to attract and retain qualified key personnel necessary for our continued success and progress. Participants in the Officers' Deferred Compensation Plan may defer the receipt of compensation or awards, which may be in the form of cash, stock or stock-denominated awards, including salary, annual bonus awards, long-term awards and compensation payable under other plans and programs, employment agreements or other arrangements. Deferrals under the Officers' Deferred Compensation Plan must comply with the requirements of Section 409A of the Internal Revenue Code,

U.S. federal income tax laws and Treasury Regulations. All of the named executive officers are eligible to participate in the Officers' Deferred Compensation Plan. Non-qualified Deferred Compensation is described in more detail below in the section entitled *Non-qualified Deferred Compensation* beginning on page 57 of this Proxy Statement.

Other Benefits

The LDCC believes employee benefits are an essential component of our competitive total compensation package. These benefits are designed to attract and retain our employees. The named executive officers may participate in the same benefit plans as our salaried employees, which include medical, health and dental insurance, long-term disability insurance, accidental death and disability insurance, travel and accident insurance and our 401(k) Plan. As part of the 401(k) Plan, we match 50 percent of the first six percent of compensation contributed by the employee into the 401(k) Plan subject to the Internal Revenue Code and our 401(k) Plan limits. The matching contribution is scheduled to increase from 50 percent to 55 percent, 60 percent, and 65 percent of the first six percent of compensation contributed as of January 1, 2013, 2014 and 2015, respectively. We have disclosed all company matches for our named executive officers in the column labeled *All Other Compensation*, in the Summary Compensation Table on page 48, and separately disclosed each amount in Footnote 5 to that table on page 49 of this Proxy Statement.

The LDCC provides our executives, including named executive officers, with additional benefits that we believe provide security for current and future needs of the executives and their families and therefore assist in attracting and retaining them. These other benefits are structured to be within the competitive range relative to our comparator group. In general, we do not provide our executives with many of the types of perquisites that other companies offer their executives, such as personal use of a corporate jet. The additional benefits we provide or have provided to some of our executives consist of the following and are included in the amounts set forth in the column labeled *All Other Compensation*, in the Summary Compensation Table, and separately disclosed in Footnote 5 to that table on page 49 of this Proxy Statement: car allowance, preventative health maintenance program and executive insurance program. In addition to the cash and equity compensation discussed above, we provide our Chief Executive Officer and the other named executive officers with the same benefits package available to all of our salaried employees. The package includes:

Health and dental insurance (portion of costs)

Basic life insurance

Long-term disability insurance

Participation in our 401(k) Plan, including company matching contributions

Participation in our Non-Represented Plan, which is available to all non-union employees who were employed before October 1, 2009

Matching charitable contributions

For business purposes it may be appropriate for certain members of senior management to belong to a golf or social club so that such executives have an appropriate entertainment forum for customers and appropriate interaction with their communities.

Share Ownership Guidelines

The LDCC believes it is important to align the interests of senior management with our shareholders. While the LDCC considers this principle when determining the appropriate mix of base salary, annual cash incentive awards and long-term equity incentive awards, the LDCC also established stock ownership guidelines that encourage the accumulation and retention of our Common Stock. We believe that executive ownership is important to create a mutuality of interest with shareholders. Therefore, executive officers are required to meet established share ownership levels. These requirements are subject to annual review by the LDCC and were increased during fiscal year 2011 to further align the interest of senior management with our shareholders.

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

Executive officers are required to meet ownership levels within five years after their appointment by the Board. If the requirement has not been met at that time, we have the right to defer payout of shares under the 2007 Plan until the target is achieved. The ownership requirements are 70,000 shares for our Chief Executive Officer, 15,000 shares of Common Stock for Executive and Senior Vice Presidents and 6,500 shares of Common Stock for Vice Presidents.

United States Federal Income Tax Limits on Deductibility

Section 162(m) of the Internal Revenue Code provides that executive compensation in excess of \$1 million to an individual officer will not be deductible for purposes of corporate income tax unless it is performance-based compensation and is paid pursuant to a plan meeting certain requirements of the Internal Revenue Code. The LDCC has relied on, and intends to continue to rely on, performance-based compensation programs for annual cash bonus awards and long-term equity incentive awards. The LDCC seeks to fulfill corporate business objectives through such programs. The LDCC currently anticipates that, to the extent practicable and in our best interest, such programs will be designed to satisfy the requirements of Section 162(m) with respect to the deductibility of compensation paid. The LDCC recognizes, however, that there may be business considerations that dictate that compensation is paid that is not deductible under Section 162(m).

Advisory Votes on Executive Compensation

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and the subsequent rules and regulations promulgated by the SEC, we are including a non-binding advisory resolution approving the compensation of our named executive officers. The vote on this proposal will be non-binding on the Board and us and will not be construed as overruling a decision by the Board or us. This vote will not create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for the Board or us. However, the LDCC values the opinions that our shareholders express in their votes and will consider the outcome of the vote when making future decisions on executive compensation, as it deems appropriate.

At the 2012 Annual Meeting of Shareholders, over 95 percent of the shares cast on the proposal were voted for the non-binding advisory resolution approving the compensation of our named executive officers. In light of that result, the Board of Directors implemented the same objectives, program and rationale for the compensation of our named executive officers in fiscal year 2012, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative on pages 27 through 69 in this Proxy Statement.

In addition, at the 2011 Annual Meeting of Shareholders a large majority of our shareholders approved, on a non-binding basis, the holding of the non-binding vote on the compensation of our named executive officers on an annual basis. As previously disclosed, the Board of Directors and management determined to implement an annual advisory vote on the compensation of our named executive officers. As a result, we are including the non-binding advisory resolution approving the compensation of our named executive officers again in this Proxy Statement. See Item 2 on page 71 of this Proxy Statement.

(1) Salary amounts include cash compensation earned by each named executive officer during fiscal years 2012, 2011 and 2010, as well as any amounts earned in fiscal year 2012, 2011 or 2010, as the case may be, but contributed under our 401(k) Plan and/or deferred at the election of the named executive officer under our deferred compensation program. For a discussion of the deferred compensation program and amounts deferred by the named executive officers in fiscal year 2012, including earnings on amounts deferred, please see Non-qualified Deferred Compensation starting on page 57 of this Proxy Statement.

(2) The amounts included are the grant date fair market value of the stock awards granted in fiscal years 2012, 2011 and 2010, determined under share-based compensation accounting guidance in accordance with FASB ASC Topic 718. There were no options granted to the named executive officers in fiscal years 2012, 2011 and 2010. These amounts reflect the aggregate grant date fair market value for these awards, and do not correspond to the actual cash value that will be recognized by each of the named executive officers when received. For the 2011 NFE Performance Share awards granted in fiscal year 2012 to the named executive officers pursuant to the 2007 Plan that are subject to performance conditions, the values reflected in the Summary Compensation Table above reflect the probable outcome of such performance conditions. The grant date fair market values of such awards assuming the highest level of performance conditions for each of the named executive officers are: Mr. Downes: \$649,816; Mr. Lockwood: \$170,803; Ms. Ellis: \$170,378; Ms. Dugan: \$105,802; and Mr. Westhoven: \$76,934. The amount included for Mr. Westhoven in this column includes the grant date fair market value of the shares of

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

Deferred Retention Stock he received as part of his fiscal year 2012 annual incentive award, which was \$168,000 and was awarded in fiscal year 2013. Assumptions used in the calculation of the foregoing award amounts are included in Note 9, Note 9 and Note 10 to the consolidated financial statements included in our Annual Report on Form 10-K for the years ended September 30, 2011, 2010 and 2009, respectively, and incorporated by reference into this Proxy Statement. Information on individual equity awards granted

to the named executive officers in fiscal year 2012 is set forth in the section entitled *Grants of Plan Based Awards* on page 51 of this Proxy Statement. Information on the vesting of restricted stock and deferred stock in fiscal year 2012 is set forth in the section entitled *Option Exercises and Stock Vested* on page 55 of this Proxy Statement.

- (3) The amounts represent cash awards to the named executive officers other than Mr. Westhoven under our performance-based annual cash incentive plan for fiscal years 2012, 2011 and 2010, which is discussed in the section entitled *Annual Cash Incentive Awards* beginning on page 33 of this Proxy Statement. In the case of Mr. Westhoven, his award is paid under a separate plan for NJRES employees and consisted of 60 percent Deferred Retention Stock and 40 percent cash, as discussed on page 39 of this Proxy Statement. While the amounts for all of the named executive officers were earned for fiscal year 2012, fiscal year 2011 and fiscal year 2010 performance, as the case may be, they were not paid to the named executive officers until November 2012, November 2011, and November 2010, respectively.
- (4) The amounts shown in this column represent the increase in the actuarial present value of the accumulated benefits under all of our pension plans for the named executive officers. For each named executive officer, the change in the pension value was calculated using the same actuarial assumptions, with the exception of turnover, retirement, disability, pre-retirement mortality and election of optional forms of payment as used to compute the accumulated benefit obligations as of September 30, 2012, 2011 and 2010, as stated in our Annual Report on Form 10-K for the years ended September 30, 2012, 2011 and 2010, respectively. These assumptions included an interest rate of 5.50 percent as of September 30, 2010, 5.25 percent as of September 30, 2011 and 4.30 percent as of September 30, 2012. The present value of the benefits has been calculated assuming the named executive officers stay in employment until the earliest age the executive could collect a benefit without reduction for early retirement and received their benefit as a life annuity. The assumed age of payment is 60 for each of the named executive officers with the exception of Ms. Ellis who has an assumed age of payment of 65.

The increase in the actuarial present value of the accumulated pension benefits under our pension plan for the fiscal year ended September 30, 2012, reflects (i) the value of benefits accrued this fiscal year plus (ii) the increase in value of previously accrued benefits due to time and (iii) the change in value for benefits accrued in all prior years of employment due to the change in the interest rate and mortality table used to determine the value of the pensions. For the named executive officers group as a whole, the largest contributor to the increase in the value of benefits for fiscal year 2012 is the change in the mortality table and the change in the interest rate used to value the benefits from 5.25 percent to 4.30 percent. Approximately one-third of the increase in value was attributable to the increase in the benefits to be paid to the named executive officers. The largest contribution to the increase in fiscal year 2011 was the value of the benefits accrued during that year, and for fiscal year 2010 was the change in the interest rate used to value benefits accrued in the preceding years to 5.50 percent from 6.25 percent. The interest rate used to determine the present value is set each year in accordance with GAAP to match the yield of AA/AAA bonds with similar duration at the end of the fiscal year and is reviewed by our independent actuaries and accountants

- (5) The table below reflects the types and dollar amounts of perquisites, additional compensation and other personal benefits provided to the named executive officers during fiscal year 2012. For purposes of computing the dollar amounts of the items listed below, we used the actual out-of-pocket costs to us of providing the perquisite or other personal benefit to the named executive officer. The named executive officers paid any taxes associated with these benefits without reimbursement from us. Each perquisite and personal benefit included in the table below is described in more detail in the narratives immediately following the table:

- (a) We provide a car allowance to certain executive officers, including our named executive officers other than Mr. Downes. The purpose of the car allowance is to make our compensation program competitive with other companies and because cars are predominantly used for business purposes. The amount shown for Mr. Downes represents the portion of the cost of a company-owned automobile used by Mr. Downes that relates to his personal use.

- (b) The amounts listed represent aggregate premiums we paid in fiscal year 2012 for our group life insurance policy, for a Directors and Officers Travel Insurance Policy and an insurance policy that is used to support our obligations under the SERP agreements with each of the named executive officers.
 - (c) Each named executive officer is eligible to participate in our 401(k) Plan, which offers them an opportunity to defer income and receive matching contributions from us subject to certain limits. The amounts set forth in the table above represent company contributions under our 401(k) Plan and our SEP for fiscal year 2012. Information about the 401(k) Plan and SEP is set forth in the section entitled Pension Benefits beginning on page 55 of this Proxy Statement.
 - (d) Each named executive officer is eligible to participate in our matching gifts programs in which we match employees' contributions to charities and qualified educational institutions. Each of the named executive officers participated in the matching gifts program.
- (6) Mr. Downes informed the LDCC during the summer of 2010 that he did not want to be eligible to be granted a cash incentive award under the 2010 OIP for fiscal year 2010. The LDCC subsequently informed Mr. Downes that they would honor his request and that he would not receive a bonus for 2010 under the 2010 OIP. However, based upon the LDCC's assessment of fiscal year 2010 performance and to highlight its support of Mr. Downes' continued leadership and performance, Mr. Downes would have been eligible to be granted an annual cash incentive award of \$721,000, his target award amount, for fiscal year 2010. Following discussions with Mr. Downes, the LDCC determined that the amounts that otherwise would have been paid to Mr. Downes would be available to increase the annual cash incentive amounts for other Company employees in recognition of their performance during fiscal year 2010.

Compensation Risk Assessment

As part of its oversight of our executive compensation program, the LDCC considers the impact of our executive compensation program, and the incentives created by the compensation awards that it administers, on our risk profile. In addition, we review all our compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk-taking, to determine whether they present a significant risk to us. At the LDCC's direction, our Vice President - Corporate Services and our Senior Vice President and General Counsel, together with our internal audit team, with the advice of outside counsel, conducted a risk assessment of our compensation programs in November 2012. Steven Hall & Partners assisted us in conducting this assessment. As part of the risk assessment, Steven Hall & Partners provided the LDCC with a risk assessment of our compensation policies and practices. Based on its independent assessment, Steven Hall & Partners concluded that our compensation policies and practices for employees do not create risks that are reasonably likely to have a material adverse effect on us.

The LDCC reviewed the findings of the assessment, including the Steven Hall & Partners assessment, and concluded that our compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and that the balance of compensation elements discourages excessive risk taking. The LDCC therefore determined that the risks arising from our compensation policies and practices for employees are not reasonably likely to have a material adverse effect on us. The LDCC will continue to consider compensation risk implications during its deliberations on designing our executive compensation programs. In its discussions, the LDCC considered the attributes of our programs, including:

Balance between fixed and variable compensation, short- and long-term compensation, and cash and equity payouts

Alignment of the performance metrics for our annual incentive programs with long-term performance objectives and metrics

Alignment of selected performance measures and established performance targets with our financial and operational goals, performance measures and action plans that will be executed by our business units

The LDCC and the CEO have the authority to override any proposed incentive plan payout if the LDCC and the CEO believe that such payout does not appropriately reflect performance of a particular individual, our business or a business unit

A meaningful portion of compensation is provided in the form of equity-based compensation contributing to a long-term focus by officers and an alignment of interests with shareholders

Placement of a significant portion of our executive pay at risk and dependent upon the achievement of specific corporate performance goals that are objectively determined with verifiable results. These corporate goals have pre-established threshold,

target and maximum award limits

The program's balance that focuses executives on the achievement of both short-term and long-term results

The LDCC's ability to consider non-financial and other qualitative performance factors in determining actual compensation payouts

Stock ownership guidelines that mitigate risk through the alignment of executives' interests with those of our shareholders and have meaningful dollar value of equity held in an unvested form subject to time and performance vesting.

The actual value a named executive officer may receive depends on market prices. There can be no assurance that the amounts reflected in the Grant Date Fair Value of Stock and Option Awards column will be realized.

2007 Stock Award and Incentive Plan

Shareholders approved the 2007 Plan at the 2007 Annual Meeting held in January 2007. A description of why we adopted the 2007 Plan and the broad range of awards the Board may award at its discretion may be found on page 39 of this Proxy Statement.

Consistent with the requirements of the NYSE, the 2007 Plan includes a restriction providing that we will not amend or replace options or SARs previously granted under the 2007 Plan in a transaction that constitutes a repricing without shareholder approval. For this purpose, a repricing is defined as amending the terms of an option or SAR after it is granted to lower its exercise price, any other action that is treated as a repricing under GAAP, or canceling an option at a time when its strike price is equal to or greater than the fair market value of the underlying stock in exchange for another option, SAR, restricted stock, or other equity, unless the cancellation and exchange occurs in connection with a merger, acquisition, spin-off or other similar corporate transaction. Adjustments to the exercise price or number of shares subject to an option or SAR to reflect the effects of a stock split or other extraordinary corporate transaction will not constitute a repricing.

Executive officers and all other employees of the Company and our subsidiaries, non-management directors serving on the Board and others who provide substantial services to the Company and our subsidiaries and affiliates are eligible for awards under the 2007 Plan. The LDCC administers the 2007 Plan. The selection of participants and the nature and size of the awards granted to participants is subject to the LDCC's discretion. As of September 30, 2012, approximately 302,533 shares of Common Stock were subject to outstanding awards under our equity compensation plans and 1,480,666 shares of Common Stock were available for future awards under our equity compensation plans.

Pension Benefits

We provide defined contribution and/or defined benefit retirement benefits to substantially all employees who meet vesting and other requirements. Our qualified defined benefit plan for non-represented employees is the New Jersey Natural Gas Company Plan for Retirement Allowances for Non-Represented Employees (Non-Represented Plan), and our qualified defined benefit plan for represented employees is the New Jersey Natural Gas Company Plan for Retirement Allowances for Represented Employees (Represented Plan). Our qualified defined contribution plan is our 401(k) Plan. All represented employees of NJRHS hired on or after October 1, 2000, all represented employees of NJNG hired on or after January 1, 2012 and all of our non-represented employees hired on or after October 1, 2009, are covered by an enhanced defined contribution plan feature of our 401(k) Plan instead of the Represented Plan or Non-Represented Plan. Each of the named executive officers participates in the Non-Represented Plan and our 401(k) Plan. The retirement benefit under the Non-Represented Plan is based on years of service and highest 60-month average compensation.

In addition to the Non-Represented Plan, the Represented Plan and the 401(k) Plan, we sponsor the SEP and the PEP, both of which are non-qualified plans. Each of the named executive officers is or may become eligible for PEP and SEP benefits. Benefits will be paid under the PEP and the SEP to the extent that benefits are not payable by the Non-Represented Plan and the 401(k) due to the application of Sections 401(a)(17), 401(k), 401(m) and 415 of the Internal Revenue Code. The PEP and the SEP are unfunded, with benefit payments paid from our corporate assets. The PEP also provides for additional credited service for certain senior executives who were hired mid-career. Ms. Ellis was credited for five additional years of service after she completed five years of service on December 1, 2009.

We also sponsor health care plans that provide post-employment medical and life insurance benefits to union and non-union employees who meet the eligibility requirements. To be eligible, retirees must meet certain age and service requirements. Depending on the year of retirement, benefits may be subject to annual deductibles, coinsurance requirements, lifetime limits and retiree contributions. As of September 30, 2012, with the exception of Mr. Downes, none of the named executive officers have completed the age and service requirements to be eligible for post-retirement health coverage.

Edgar Filing: NEW JERSEY RESOURCES CORP - Form DEF 14A

The following table presents information concerning each of our defined benefit plans that provide for payments or other benefits to the named executive officers at, following or in connection with retirement. For each named executive officer, the present value of accumulated benefit in the table below was calculated using actuarial assumptions including an interest rate of 4.30 percent as of September 30, 2012. The present value of the benefits has been calculated assuming the named executive officers stay in employment until the earliest age the executive could collect a benefit without reduction for early retirement. The assumed age of payment is 60 for Messrs. Downes, Lockwood, Westhoven and Ms. Dugan. The assumed age of payment is age 65 for Ms. Ellis.

Pension benefits are payable at age 65. Benefits may be paid as early as age 55 upon completion of 20 years of service. Benefits collected prior to age 60 and completion of 20 years of service (excluding disability retirements) are subject to early commencement reductions up to 50 percent, depending on age at the time of commencement.

The number of years of credited service for the named executive officers assuming their continued employment by us until age 65 is set forth below:

Name	Years of Credited Service at 65	Years of Credited Service as of September 30, 2012
Laurence M. Downes	38	28
Glenn C. Lockwood	38	24
Kathleen T. Ellis	18	13
Mariellen Dugan	26	7
Stephen D. Westhoven	43	22

To the extent benefits that would otherwise be payable to an employee under the Non-Represented Plan and the 401(k) Plan exceed the specified limits on such benefits imposed by the Internal Revenue Code, we intend to pay such excess benefits to the employee at the time the employee receives payment under the respective plan. These excess benefit payments would be made from our general funds.

Supplemental Retirement Agreements

We have supplemental retirement agreements (SERP Agreements) with each of the named executive officers and certain other officers not named in the Summary Compensation Table, payable over a five-year period commencing with retirement at age 65. At projected retirement, the total maximum amount payable to Mr. Downes under his SERP Agreement is currently \$250,000. Messrs. Westhoven and Lockwood, Ms. Ellis and Ms. Dugan would each be entitled to maximum amounts of \$125,000 under their respective SERP Agreements.

Defined Contribution Plan

We offer eligible employees the opportunity for participation in our 401(k) Plan. We match 50 percent of participants' contributions up to six percent of base compensation subject to Internal Revenue Code and 401(k) Plan limits. The matching contribution is scheduled to increase from 50 percent to 55 percent, 60 percent, and 65 percent of the first six percent of compensation contributed as of January 1, 2013, 2014 and 2015, respectively. The match will increase to 70 percent of the first six percent of compensation contributed for certain represented employees of NJRHS effective January 1, 2016.

For represented NJRHS employees hired on or after October 1, 2000, represented employees of NJNG hired on or after January 1, 2012, and non-represented employees beginning employment after October 1, 2009, who are not eligible for participation in the defined benefit plans, we contribute between two and three percent of base compensation, depending on years of service, into the 401(k) Plan on their behalf. These contributions will be increased to between three and four percent of base compensation as of January 1, 2014.

Non-qualified Deferred Compensation

The following table presents information concerning the NJR Officers' Deferred Compensation Plans that provide for the deferral of compensation of several of the named executive officers on a basis that is not tax qualified. We do not make matching contributions under these plans. For additional information with respect to our non-qualified deferred compensation arrangements, please see Compensation Discussion & Analysis - Deferred Compensation on page 45 of this Proxy Statement.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

We believe our senior management and key employees are responsible for our success, and therefore it is important to provide reasonable protection to them in the event of a potential loss of employment following a change of control. It is our belief that the interests of shareholders will be best served if the interests of our senior management are aligned with them, and providing change in control benefits should offset any reluctance by senior management to pursue potential change in control transactions that may be in the best interests of shareholders. We also believe our arrangement facilitates the recruitment of talented executives by providing protections in the event we are acquired. We believe that relative to the overall value of any potential transaction, these potential change in control benefits are reasonable.

2007 Plan

Under the 2007 Plan, in the event of a change of control (as defined in the 2007 Plan), the Board may, among other things, accelerate the entitlement to outstanding benefits awarded thereunder. Pursuant to the 2007 Plan, a change of control will be deemed to have occurred if

Beneficial ownership of 50 percent or more of our outstanding securities entitled to vote in elections of directors shall be acquired within a 12-month period, by any person, entity or group

There is a change in any 12-month period in such number of directors as constitutes a majority of the Board, unless the election, or the nomination for election by our shareholders, of each new director was approved by a vote of at least a majority of the directors then still in office who were directors at the beginning of the year

Consummation of a merger, consolidation, share exchange, division, sale or other disposition of all or substantially all of our assets, or a complete liquidation as a result of which the shareholders immediately prior to such event do not hold, directly or indirectly, a majority of the Voting Power (as defined in the 2007 Plan) of the acquiring or surviving corporation occurs.

All of our named executive officers' equity awards under the 2007 Plan contain such change of control provisions that provide for the full acceleration of vesting of such equity award upon a change of control.

Supplemental Retirement Agreements

Pursuant to the SERP Agreements we have with each of the named executive officers, in the event of a change of control, the right to the amounts payable to each of them becomes immediately vested and such amounts are immediately payable in the event of a subsequent termination of employment for any reason. A change of control is defined in the SERP Agreements as a reportable change of control under the proxy rules of the SEC, including the acquisition within a 12-month period of a 50 percent beneficial voting interest in us, or a change in any 12-month period in such number of directors as constitutes a majority of the Board, unless the election, or the nomination for election by our shareholders, of each new director was approved by a vote of at least a majority of the directors then still in office who were directors at the beginning of the year.

Employment Continuation Agreements

On February 20, 2007, we entered into agreements that were amended on November 28, 2008 or, in the case of Mr. Westhoven, December 31, 2008 (as amended, the Employment Continuation Agreements) with each of the named executive officers (each an Executive and collectively, the Executives) that, in the case of Mr. Downes, Ms. Ellis, Mr. Lockwood and Mr. Westhoven, replaced existing employment continuation agreements with us. The Employment Continuation Agreements provide each Executive certain rights in the event that his or her employment with us is terminated within two years following the occurrence of a change of control (as defined below) (i) by us without Cause (i.e., conviction of a felony, gross neglect, willful malfeasance or willful gross misconduct that has had a significant adverse effect on our business or repeated material willful violations of the Executive's duties that have continued after written notice thereof by us and that result in material damage to our business or reputation) or (ii) by the Executive for Good Reason (e.g., due to a material breach of the agreement by us, including, without limitation, a material adverse change in the executive's position or responsibilities or a reduction of the executive's compensation). Subject to the limitation described below, upon either such termination of employment, the Executive, in the case of Mr. Downes, will receive three times the sum or, in the case of the other Executives, two times the sum, of (x) his or her then annual base salary and (y) the average of his or her annual bonuses paid or payable with respect to the last three calendar years ended prior to the change of control.

The Employment Continuation Agreements further provide that, if any such Executive is subject to the so-called golden parachute excise tax imposed under Section 4999 of the Internal Revenue Code, we will make an additional payment to the Executive in an amount sufficient to place the Executive in the same after-tax position as if no such excise taxes had been imposed.

For purposes of the Employment Continuation Agreements, a change of control generally means:

(i) the acquisition, within a 12-month period, by any person or group of beneficial ownership of securities representing 50 percent or more of the combined voting power of our securities,

(ii) within any 12-month period, the persons who were our directors immediately before such period (the Incumbent Directors) and directors whose nomination or election is approved by a majority of the Incumbent Directors and directors previously approved by the Incumbent Directors cease to constitute a majority of the Board, or

(iii) the consummation of a merger, consolidation, share exchange, division, sale or other disposition of all or substantially all of our assets, or a complete liquidation as a result of which the shareholders immediately prior to such event do not hold, directly or indirectly, a majority of the Voting Power (as defined in the Employment Continuation Agreements) of the acquiring or surviving corporation.

As a condition to the right of the Executive to receive payments under the Employment Continuation Agreements, the Executive must enter into a binding agreement that, without the written consent of the Board, the Executive will not for a period of two years, acting alone or in conjunction with others, directly or indirectly:

(i) engage (either as owner, investor, partner, shareholder, employer, employee, consultant, advisor or director) in any business in which he or she has been directly engaged on behalf of us or any affiliate, or has supervised as an Executive thereof, during the last two years prior to such termination, or which was engaged in or planned by us or an affiliate at the time of such termination, in the geographic area of New York, New Jersey, Pennsylvania or Delaware and in which such business was conducted or planned to be conducted,

(ii) induce any customers of the Company or any of our affiliates with whom the Executive has had contacts or relationships, directly or indirectly, during and within the scope of his or her employment with the Company or any of our affiliates, to curtail or cancel their business with us or any such affiliate,

(iii) induce, or attempt to influence, any employee of the Company or any of our affiliates to terminate employment, or

(iv) solicit, hire or retain as an employee or independent contractor, or assist any third party in the solicitation, hire or retention as an employee or independent contractor, any person who during the previous 12 months was an employee of the Company or any affiliate provided, however, that activities engaged in by or on behalf of us are not restricted by this covenant.

The following tables summarize the value of the termination payments and benefits under the circumstances shown that our named executive officers would receive if their employment terminated on September 30, 2012, and the price per share of our Common Stock was \$45.72, the closing market price on September 28, 2012. The values in the tables are estimates of the amounts that would be paid to the named executive officers upon such termination. The actual amounts to be paid out can only be determined at the time of such named executive officer's separation from the Company.

The tables exclude amounts accrued through September 30, 2012, that would be paid in the normal course of continued employment, such as accrued but unpaid salary and earned annual cash incentive award for the fiscal year ended September 30, 2012. The table also excludes vested account balances under the 401(k) Plan, which are generally available to all of our salaried domestic employees. In addition, the tables below reflect the hypothetical occurrence of both a change of control and a concurrent termination of a named executive officer in accordance with such named executive officer's Employment Continuation Agreement, assuming this event took place on September 30, 2012.

Executive Officer: Laurence M. Downes

(1) Mr. Downes was eligible to retire under our retirement policy as of September 30, 2012.

(2) Amount represents cash payment due to the named executive officer pursuant to the change of control double trigger (change of control and involuntary termination) in the executive's Employment Continuation Agreement.

(3) Shares of restricted stock vest subject to certain conditions and are paid in shares of Common Stock at the time of the events specified in the table for which amounts are shown. Amounts for restricted stock and deferred stock units represent the value of Common Stock as of September 30, 2012. The 2010 TSR Performance Shares and 2011 NFE Performance Shares (collectively, "Performance Shares") vest subject to certain conditions and are paid in the form of shares of Common Stock on a one-for-one basis. Amounts for Performance Shares represent the value of Common Stock as of September 30, 2012. The amounts in column (c) for the 2010 TSR Performance Shares and 2011 NFE Performance Shares reflect an estimated pro-rata payout of the target amount of Performance Shares based upon the number of days of the performance cycle the executive was still employed by us and do not reflect the actual payout that would be determined at the end of the performance cycles as of September 30, 2013 and September 30, 2014, respectively.

(4) For all columns except columns (b) and (c), amounts represent a monthly payment to the executive commencing at age 60, the earliest age at which unreduced benefits are available, assuming the triggering event occurred as of September 30, 2012, payable for the life of the executive, assuming with respect to columns (a), (d), (e), and (f), the executive elects the 50 percent joint and survivor annuity option, which is the default option under the Pension Plan. For column (b), the amount represents a monthly payment to the executive's survivor at September 30, 2012, payable for the life of the survivor. For column (c), the monthly payment is assumed to commence immediately and assumes the executive elects the straight life annuity option. Note for column (f) that Pension and SERP benefits are not enhanced on a change in control. The only benefits payable in such event are those regularly provided by the plans. The portion of the PEP benefit treated as deferred after December 31, 2004, is subject to Section 409A of the Internal Revenue Code. Mr. Downes is eligible to terminate or retire and collect his benefit immediately from the Non-Represented Plan and the portion of his PEP benefit earned prior to December 31, 2004. If he so elects, the benefits would be approximately half the amounts that he would be entitled to receive at age 60.

(5) The amounts represented in all columns would be payable within 30 days following the end of the calendar quarter in which the triggering event occurs. These payments are subject to Section 409A of the Internal Revenue Code.

(6) The figures in columns (b) and (f) represent the amount payable to Mr. Downes or his beneficiary, as applicable, in 60 monthly installments of \$4,166.67 beginning on the first day of the calendar month commencing with the month

following the date of death or termination. For columns (a), (c), (d) and (e), the amounts represent the cumulative termination benefit under the SERP Agreement as of September 30, 2012, payable in 60 equal monthly installments beginning at the later of the Mr. Downes attaining the age of 65 or the date of his separation of service (as defined in the SERP Agreement). These amounts are subject to Section 409A of the Internal Revenue Code. Note for column (f) that Pension and SERP benefits are not enhanced on a change in control. The only benefits payable in such event are those regularly provided by the plans.

- (7) The amount in column (a) represents the annual premium the Company expects to pay for a life insurance benefit of \$75,000 to Mr. Downes, based upon current rates payable by the Company for retiree life insurance policies.
- (8) The amount in columns (b) and (c) are payable to the beneficiary only if the death or dismemberment is deemed to be accidental. The amount listed in column (c) assumes the maximum payout in the case of dismemberment.
- (9) The amount listed in column (b) is payable to the beneficiary only if the death occurs during travel or is deemed accidental.
- (10) The amount listed in columns (a) and (c) is based upon (i) a life expectancy for both Mr. Downes and his spouse of 85 years, (ii) an eight percent annual increase in coverage rates and represents the annual average medical premium payable by us, which is the total premium minus a retiree contribution of 10 percent of the premium. The amount listed in column (b) represents six months of Consolidated Omnibus Budget Reconciliation Act of 1985, or COBRA, medical and dental coverage premiums to be paid by us. The amount listed in column (f) represents the present value as of September 30, 2012, of COBRA payments to be made by us.

- (1) Mr. Lockwood was not eligible to retire under our retirement policy as of September 30, 2012. His retirement as of that date would be considered a voluntary termination and the only amounts payable to him in that case are listed under column (d).
- (2) Amount represents cash payment due to the named executive officer pursuant to the change of control double trigger (change of control and involuntary termination) in the executive's Employment Continuation Agreement.
- (3) For column (c) amounts payable pursuant to the Non-qualified Deferred Compensation Plan follow the terms of the most recently completed Payment Election Form completed by Mr. Lockwood. For purposes of columns (b), (d), (e) and (f), it is assumed that the plan administrator would use its discretion under the plan to pay Mr. Lockwood or his beneficiary in a single lump sum of shares of Common Stock irrespective of any elections made by Mr. Lockwood. Distribution of compensation deferred after December 31, 2004, is subject to Section 409A of the Internal Revenue Code. The amounts listed in this row represent amounts previously earned by Mr. Lockwood and reported in the Summary Compensation Table for previous years but were deferred by Mr. Lockwood and do not represent any additional contributions by us.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board has adopted a written related person transaction policy that governs the review, approval or ratification of covered related person transactions. Our Audit Committee manages this policy. The policy generally provides that we may enter into a related person transaction only if:

the Audit Committee approves or ratifies such transaction in accordance with the guidelines set forth in the policy,

the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party,

the transaction is approved by the disinterested members of the Board, or

the transaction involves compensation approved by the LDCC.

In the event our management determines to recommend a related person transaction to the Audit Committee, such transaction must be presented to the Audit Committee for approval. After review, the Audit Committee will approve or disapprove such transaction. Our management will update the Audit Committee as to any material change to the proposed related person transaction at each subsequently scheduled Audit Committee meeting. When our General Counsel, in consultation with our Chief Executive Officer or our Chief Financial Officer, determines that it is not practicable or desirable for us to wait until the Audit Committee meeting, the Chairman of the Audit Committee possesses delegated authority to act on behalf of the Audit Committee. The Audit Committee or the Chairman approves only those related person transactions that are in, or not inconsistent with, our best interests and the best interests of our shareholders, as the Audit Committee or the Chairman determines in good faith.

For purposes of this policy, a related person transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we (or any of our subsidiaries) were, are or will be a participant, and the amount involved exceeds \$120,000 and in which any related person had, has or will have a direct or indirect interest. For purposes of determining whether a transaction is a related person transaction, the Audit Committee relies upon Item 404 of Regulation S-K, promulgated under the Securities Exchange Act of 1934, as amended.

A related person is defined as:

Any person who is, or at any time since the beginning of our last fiscal year was, one of our directors or executive officers or a nominee to become one of our directors

Any person who is known to be the beneficial owner of more than five percent of any class of our voting securities

Any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the director, executive officer, nominee or more than five percent beneficial owner and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than five percent beneficial owner

Any firm, corporation, or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a five percent or greater beneficial ownership interest

Apart from the delivery of regulated natural gas service to any director or executive officer living in our service territory, there have been no related person transactions or proposed transactions since the beginning of fiscal year 2012 between our directors or executive officers, either directly or indirectly, and us. Additionally, there are no legal proceedings to which any director, officer, principal shareholder, or any affiliate thereof, is a party that would be material and adverse to us.

NON-BINDING PROPOSAL TO APPROVE THE COMPENSATION OF OUR EXECUTIVE OFFICERS

[Item 2 on proxy card]

Item 2

The compensation of our named executive officers is described in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative on pages 27 to 69 of this Proxy Statement.

The LDCC designs our named executive officers' compensation program to reward the achievement of our short-term and long-term objectives and relates the compensation to the value created for our shareholders. Our compensation program also reflects competition and best practices in the marketplace. The mix of compensation components is competitive with that of other companies of similar size and operational characteristics, links compensation to individual and corporate performance and encourages stock ownership by senior management. Based on its review of the total compensation of our named executive officers for fiscal year 2012, the LDCC believes that the total compensation for each of the named executive officers is reasonable and effectively achieves the objectives of aligning compensation with performance measures directly related to our financial goals and creation of shareholder value without encouraging our named executive officers to take unnecessary or excessive risks.

The Compensation Discussion and Analysis section of this Proxy Statement and the accompanying tables and narrative provide a comprehensive review of our named executive officer compensation objectives, program and rationale. We urge you to read this disclosure before voting on this proposal.

For the reasons stated above, we are requesting your non-binding approval of the following resolution:

RESOLVED, that the shareholders approve, on a non-binding advisory basis, the compensation of the named executive officers, as disclosed in the Proxy Statement for the 2013 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2012 Summary Compensation Table, the other related tables and the accompanying narrative.

Your vote on this proposal will be non-binding on the Board and us and will not be construed as overruling a decision by the Board or us. Your vote will not create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for the Board or us. However, the Board values the opinions that our shareholders express in their votes and will consider the outcome of the vote when making future executive compensation decisions, as it deems appropriate.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE TO APPROVE THE NON-BINDING ADVISORY PROPOSAL APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

[Item 3 on proxy card]

Item 3

The shares represented by the proxies will be voted for approval of the ratification of the appointment of Deloitte & Touche LLP (unless otherwise indicated on proxy) as our independent registered public accounting firm (the auditors) to report to the shareholders on our financial statements for the fiscal year ending September 30, 2013. The Audit Committee approved in advance each professional service performed by Deloitte & Touche LLP during fiscal year 2012 and considered the possible effect on the auditors' independence. Information relating to fees paid to Deloitte & Touche LLP over the past two years is set forth below.

The Audit Committee has retained Deloitte & Touche LLP to report to the shareholders our financial statements for the fiscal year ending September 30, 2013. Although submission of the appointment of an independent registered public accounting firm to shareholders for ratification is not required by law, the Board, consistent with its past policy, considers it appropriate to submit the selection of an independent registered public accounting firm for shareholder approval. Under the Sarbanes-Oxley Act of 2002 and the rules of the SEC promulgated thereunder, the Audit Committee is solely responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. Representatives of Deloitte & Touche LLP are expected to be present at the Meeting with the opportunity to make a statement if they so desire and to be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares of our Common Stock present, or represented by proxy, and voted at the Meeting is required for the approval of this item. The Board has not determined what action it would take if the shareholders do not approve the selection of Deloitte & Touche LLP, but may reconsider its selection if the shareholders' action so warrants. Even if the selection is ratified, the Audit Committee, exercising its own discretion, may select different auditors at any time during the year if it determines that such a change would be in our best interests and in the best interests of our shareholders.

Householding of Proxy Materials and Annual Reports for Record Owners

The SEC rules permit us, with your permission, to deliver a single proxy statement and annual report to any household at which two or more shareholders of record reside at the same address. Each shareholder will continue to receive a separate proxy card. This procedure, known as householding, reduces the volume of duplicate information you receive and reduces our expenses. Shareholders of record voting by mail can choose this option by marking the appropriate box on the proxy card included with this Proxy Statement and shareholders of record voting via telephone or over the Internet can choose this option by following the instructions provided by telephone or over the Internet, as applicable. Once given, a shareholder's consent will remain in effect until he or she revokes it by notifying our Corporate Secretary as described above. If you revoke your consent, we will begin sending you individual copies of future mailings of these documents within 30 days after we receive your revocation notice. Shareholders of record who elect to participate in householding may also request a separate copy of future proxy statements and annual reports by contacting our Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719 or by telephone at (732) 938-1049.

Separate Copies for Beneficial Owners

Institutions that hold shares in street name for two or more beneficial owners with the same address are permitted to deliver a single proxy statement and annual report to that address. Any such beneficial owner can request a separate copy of this Proxy Statement or the Annual Report on Form 10-K by contacting our Corporate Secretary as described below. Beneficial owners with the same address who receive more than one Proxy Statement and Annual Report on Form 10-K may request delivery of a single Proxy Statement and Annual Report on Form 10-K by contacting our Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.
