PROXY INSTRUCTIONS

A brief summary of the voting process is set out below. Please note that different rules apply to registered shareholders and non-registered shareholders. You are a non-registered shareholder if your shares are registered in the name of an intermediary (such as a broker, securities dealer, trust company or a bank).

Q1. Who can vote at the Meeting?

Registered Shareholders

In respect of the election of directors, registered holders of Patheon's restricted voting shares or Class I Preferred Shares, Series D (the "Special Voting Preferred Shares") of record as at the close of business on February 21, 2013 will be entitled to vote at the Meeting.

In respect of the other business expected to be conducted at the Meeting as set forth in the Notice of Meeting, the registered holders of Patheon's restricted voting shares of record as at the close of business on February 21, 2013 will be entitled to vote at the Meeting.

Please see "Voting Securities and Principal Shareholders" below for further information.

Non-Registered Shareholders

Non-registered shareholders hold their shares through intermediaries, such as banks, trust companies, securities dealers or brokers. If you are a non-registered shareholder, you should receive a package from your intermediary containing either (i) a voting instruction form that must be completed and signed by the non-registered holder in accordance with the directions on the voting instruction form or (ii) a form of proxy which may be signed by the intermediary and specifies the number of restricted voting shares beneficially owned by you, but is otherwise incomplete. The voting instruction form or the signed form of proxy provided by your intermediary will constitute voting instructions that the intermediary must follow and should be returned in accordance with the instructions set out in the applicable form for your vote to count at the Meeting.

If you are a non-registered shareholder and have not received such a package, please contact your intermediary.

Q2. How do I vote if I am a REGISTERED shareholder?

Voting In Person

If you are a registered shareholder as at the close of business on February 21, 2013 you have the right to attend and vote in person at the Meeting. Please register your attendance with the scrutineer, Computershare Investor Services Inc., upon arrival at the Meeting.

Voting By Proxy

If you are a registered shareholder as at the close of business on February 21, 2013 and are unable to be present at the Meeting in person, you can vote by using the form of proxy to appoint someone else to vote for you as your

Table of Contents

proxyholder. **You can choose any individual or company you want to be your proxyholder, including any individual or company who is not a shareholder, by inserting that person's name in the blank space provided in the enclosed form of proxy or by completing another form of proxy. If you leave the space in your enclosed form of proxy blank, the persons designated in the form, who are directors or officers of Patheon, are appointed to act as your proxyholder.**

Voting By Telephone

If you are a registered shareholder as at the close of business on February 21, 2013 and are unable to be present at the Meeting in person, you can vote by telephone, toll free, 24 hours a day, 7 days a week at 1-866-732-VOTE (8683).

Voting By Internet

If you are a registered shareholder as at the close of business on February 21, 2013 and are unable to be present at the Meeting in person, you can vote by using the Internet by going to www.investorvote.com.

Q3. How do I vote if I am a NON-REGISTERED shareholder?

Voting in Person

Only registered shareholders or their duly appointed proxyholders are entitled to vote at the Meeting. If you are a non-registered shareholder and you wish to attend and vote in person at the Meeting, you must insert your own name in the space provided for the appointment of a proxyholder on the voting instruction form or proxy form provided by your intermediary and carefully follow the instructions provided by your intermediary for return of the executed form.

Voting by Voting Instruction Form or Intermediate Form of Proxy

If you are a non-registered shareholder you can vote by completing and signing the voting instruction form, following the directions provided on the voting instruction form (which may, in some cases, permit the completion of the voting instruction form by fax, internet or telephone voting) or form of proxy enclosed in the package, which you should have received from your intermediary.

Q4. How will my shares be voted if I give my proxy?

If you specify on the enclosed form of proxy that you want your restricted voting shares to be voted for or withheld from voting with respect to the election of directors or the appointment of auditors, then your proxyholder must vote or withhold your restricted voting shares accordingly. With respect to any other matter, if you specify on the enclosed form of proxy how you want your shares to be voted on a particular matter, then your proxyholder must vote your shares accordingly. If you specify that you abstain from voting on any matter, your shares will not be voted, but will be counted as shares present for the purpose of determining the presence of a quorum at the Meeting.

If you appoint the persons designated in the enclosed form of proxy as your proxyholders, but you do not specify how to vote on a particular matter, then your shares will be voted at the Meeting as follows:

FOR the election as directors of the nominees whose names are set out in this Proxy Statement;

FOR the appointment of Ernst & Young LLP as the auditors of Patheon for the ensuing year at remuneration to be fixed by the Board; and

FOR the resolution to approve an amendment to Patheon's By-law No. 1 (2008) (the By-laws) to increase the quorum requirement for meetings of Patheon's shareholders.

Table of Contents

If amendments are proposed to these matters, or if any other matters are properly brought before the Meeting, your proxyholder will vote in accordance with his or her judgment, pursuant to the discretionary authority conferred by the form of proxy with respect to such matters. As of the date of this Proxy Statement, Patheon's management is not aware of any such amendments or other matters to come before the Meeting.

Q5. What is quorum for the Meeting?

Two persons present and each holding or representing by proxy at least one issued share of Patheon shall be a quorum at the Meeting for the choice of a chairperson of the Meeting and for the adjournment of the Meeting to a fixed time and place but may not transact any other business. For all other purposes a quorum for the Meeting shall be two or more persons present and holding or representing by proxy not less than ten percent of the total number of the issued shares of Patheon for the time being enjoying voting rights at the Meeting. If a quorum is present at the opening of the Meeting, the shareholders present may proceed with the business of the Meeting, notwithstanding that a quorum is not present throughout the Meeting. With respect to transaction of business for which the class or series of shares entitled to vote has only one shareholder, that shareholder's presence in person or by proxy constitutes a quorum for the Meeting.

Q6. How many votes are my shares entitled to?

Restricted voting shares

Each holder of restricted voting shares is entitled to one vote for each share held on all matters to be voted on at the Meeting, except the election of the three directors who may only be elected by the holders of the Special Voting Preferred Shares.

Special Voting Preferred Shares

Each holder of Special Voting Preferred Shares is entitled to one vote for each share to elect up to three directors of Patheon, but is not entitled to vote in respect of any other matters expected to be considered at the Meeting.

Q7. What votes are required for approval of the resolution to increase the quorum requirement in the By-laws?

Shareholders will be asked to vote FOR or AGAINST or to ABSTAIN on the resolution to increase the quorum requirement in the By-laws. Only votes FOR or AGAINST this resolution will be counted towards determining the votes cast on this resolution. ABSTAIN selections will not be counted for determining the number of votes cast with respect to this resolution. A majority of votes cast at the Meeting, whether in person or by proxy, FOR this matter, will constitute approval of this resolution.

Q8. What votes are required for election of directors?

Six directors to be elected by holders of restricted voting shares

For the election of directors by holders of restricted voting shares, provided that the number of nominees is equal to the number of directors required to be elected by such holders (six directors), the chairperson may declare that the persons so nominated are elected by acclamation. If the number of nominees is greater than the number of directors required to be elected, a vote will be conducted by ballot of the holders of restricted voting shares represented in person or by proxy at the Meeting. Each shareholder or proxyholder entitled to vote at the Meeting is entitled to one vote per restricted voting share held or represented. The six nominees receiving the greatest number of votes, as determined by the scrutineer, will be elected as directors. WITHHOLD selections will not be considered in determining which nominees have received the greatest number of votes.

Table of Contents

Three directors to be elected by holders of Special Voting Preferred Shares

For the election of directors by holders of the Special Voting Preferred Shares, provided that the number of nominees is equal to the number of directors required to be elected by such holders (three directors), the chairperson may declare that the persons so nominated are elected by acclamation. If the number of nominees is greater than the number of directors required to be elected, a vote will be conducted by ballot of the holders of the Special Voting Preferred Shares represented in person or by proxy at the Meeting. Only holders of the Special Voting Preferred Shares are entitled to nominate directors to be elected by this class of shareholders. The three nominees receiving the greatest number of votes, as determined by the scrutineer, will be elected as directors. WITHHOLD selections will not be considered in determining which nominees have received the greatest number of votes.

Q9. What are the consequences of a registered shareholder failing to sign and return a form of proxy?

If a registered shareholder does not sign and return the form of proxy enclosed with this Proxy Statement or vote in person or by any other permitted fashion, no votes will be cast on behalf of such shareholder on any of the items of business at the Meeting.

Q10. What are the consequences of a non-registered shareholder failing to instruct its bank, broker or intermediary how to vote?

If a non-registered shareholder does not instruct its bank, broker or intermediary how to vote on any matter other than the appointment of auditors, no votes will be cast on behalf of such shareholder with respect to such proposal (including the election of directors) for which no instructions are given (a broker non-vote). Broker non-votes will be counted as shares present for the purpose of determining the presence of quorum at the Meeting.

If you are a holder of restricted voting shares and are unable to attend the Meeting, please exercise your right to vote by (i) completing, signing, dating and returning the enclosed form of proxy in the envelope provided for your convenience to Computershare Investor Services Inc., Patheon's registrar and transfer agent, at 100 University Avenue, 9th Floor, Toronto, Ontario, Canada, M5J 2Y1; OR (ii) telephone, toll free, 24 hours a day, 7 days a week at 1-866-732-VOTE (8683); OR (iii) using the Internet by going to www.investorvote.com. - (1) JLL Patheon Holdings beneficially owns, directly or indirectly, 78,144,986 restricted voting shares and 150,000 Special Voting Preferred Shares (collectively the JLL Shares). The 150,000 Special Voting Preferred Shares are held directly by JLL Patheon Holdings; JLL Patheon Holdings beneficially owns the 78,144,986 restricted voting shares by virtue of its position as a controlling member of JLL Patheon Holdings, Cooperatief U.A. (JLL CoOp), which holds the restricted voting shares directly.

By virtue of his position as managing director of JLL Associates G.P. V (Patheon), Ltd (Cayman Limited), the general partner of JLL Associates V (Patheon), L.P., which in turn is the general partner of JLL Partners Fund V (Patheon), L.P. (Cayman LP), which controls JLL Patheon Holdings, Mr. Levy may be deemed the beneficial owner of the JLL Shares. Mr. Levy disclaims beneficial ownership of the JLL Shares except to the extent of any pecuniary benefit thereof.

Each of Messrs. Agroskin, Levy and Lagarde is a stockholder and member of the 11 person nominating committee of Cayman Limited. By virtue of their positions as members of the nominating committee, these individuals have shared voting power with respect to the JLL Shares. Each of Messrs. Agroskin, Levy and Lagarde disclaims beneficial ownership of the JLL Shares except to the extent of any pecuniary benefit thereof.

It is not contemplated that any of these nominees will be unable or will become unwilling, for any reason, to serve as a director. Each of these proposed nominees, if elected, will hold office until the next annual meeting of shareholders or until his successor is duly elected or appointed.

Majority Voting Policy

The Toronto Stock Exchange (the TSX) has adopted amendments to its policies which require listed companies to disclose whether they have adopted a majority voting policy for the election of directors for non-contested meetings and, if not, (i) explain their practices for electing directors and (ii) why they have not adopted such a policy. A majority voting policy generally provides that a director who has received a majority of withhold selections must tender his or her resignation immediately after the meeting, to be effective upon acceptance by the board of directors, in which case the board would consider whether to accept the resignation and disclose its decision within a limited time period after receipt. Given the recent adoption of the policy by the TSX and the rights to elect directors attached to our restricted voting shares and Special Voting Preferred Shares, the Board has not yet determined whether to adopt a majority voting policy. Our directors are elected at each annual general meeting of shareholders. As discussed above under Proxy Instructions Q8. What votes are required for election of directors? , holders of restricted voting shares are entitled to vote for the election of six directors at the Meeting. Holders of Special Voting Preferred Shares are entitled to vote for the election of three directors at the Meeting. If the number of nominees for election exceeds the number fixed for such election, the persons with the most FOR votes will be elected. If the number of persons nominated for election is the same as, or less than, the number of directors fixed by the Board, then the persons so nominated will be elected by acclamation.

Appointment of Auditors

On the recommendation of the Audit Committee, the Board recommends that Ernst & Young LLP be re-appointed as Patheon s auditors until the next annual meeting of shareholders at remuneration to be fixed by the Board. Ernst & Young LLP have been auditors to Patheon and its predecessor corporation since May 1984. A representative from Ernst & Young LLP is expected to be present at the Meeting, will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

The Board recommends a vote FOR the appointment of Ernst & Young LLP as Patheon s auditors for the ensuing year at remuneration to be fixed by the Board. **THE PERSONS NAMED IN THE FORM OF PROXY WILL, UNLESS SPECIFICALLY INSTRUCTED OTHERWISE, VOTE FOR THE REAPPOINTMENT OF ERNST & YOUNG LLP AS AUDITORS OF PATHEON AT REMUNERATION TO BE FIXED BY THE BOARD.**

Amendment to the By-Laws with Respect to Quorum Requirements

Patheon's By-Laws provide that two persons present and each holding or representing by proxy at least one issued share of Patheon shall be a quorum at a meeting of shareholders for the choice of a chair of such meeting and for the adjournment of the meeting to a fixed time and place, but may not transact any other business. For all other purposes, a quorum for a meeting of shareholders shall be persons present not being less than two in number and holding or representing by proxy not less than ten percent (10%) of the total number of the issued shares of Patheon enjoying voting rights at the meeting of shareholders. If a quorum is present at the opening of a meeting of shareholders, the shareholders present may proceed with the business of the meeting, notwithstanding that a quorum is not present throughout the meeting. With respect to transaction of business for which the class or series of shares entitled to vote has only one shareholder, that shareholder's presence in person or by proxy constitutes a quorum for the meeting.

In order to bring our By-Laws into alignment with those customary for U.S. reporting companies, the Board has approved the submission to holders of restricted voting shares of the ordinary resolution set forth below to change the quorum requirement for meetings of shareholders to not less than two persons present in person or by proxy who together hold or represent at least one-third (33-1/3%) of Patheon's outstanding restricted voting shares as follows:

RESOLVED, as an ordinary resolution that:

1. Paragraph 37 of By-law No. 1 (2008) of Patheon Inc. (the Corporation) enacted February 22, 2008 and confirmed by the Corporation's shareholders on March 27, 2008, is hereby repealed without prejudice to any action heretofore taken thereunder and replaced with the following:
37. Quorum.

Two persons present and each holding or representing by proxy at least one issued share of the Corporation shall be a quorum for any meeting of shareholders of the choice of a chair of the meeting and for the adjournment of the meeting to a fixed time and place but may not transact any other business; for all other purposes a quorum for any meeting shall be persons present not being less than two in number and holding or representing by proxy not less than one-third (33-1/3%) of the total number of issued and outstanding restricted voting shares of the Corporation entitled to vote at such meeting. If a quorum is present at the opening of the meeting of shareholders, the shareholders present may proceed with the business of the meeting, notwithstanding that a quorum is not present throughout the meeting.

Notwithstanding the foregoing, if the Corporation has only one shareholder, or only one holder of any class or series of shares, the shareholder present in person or by proxy constitutes a meeting and a quorum for such meeting.

2. Any one officer or any one director of the Corporation is hereby authorized to execute and deliver all documents and to do all acts and things necessary or desirable to give effect to this resolution; and
3. The amendment to By-law No. 1 (2008) shall take effect upon confirmation by the shareholders of the Corporation at the 2013 Annual and Special Meeting of Shareholders.

Vote Required and Recommendation of Board

In order to be effective, the resolution with respect to the amendment to the By-laws requires the approval of a majority of the votes cast by the holders of restricted voting shares present or represented by proxy at the Meeting. If the resolution with respect to the amendment to the By-laws is approved by the holders of restricted voting shares at the Meeting, the amendment to the By-laws will take effect immediately.

For the reasons indicated above, the Board and management of Patheon believe that the proposed amendment to the quorum requirements is in the best interests of Patheon and, accordingly, recommend that shareholders vote FOR the resolution to amend the By-laws to change the quorum requirement for meetings of shareholders in the form set forth above.

AUDIT COMMITTEE REPORT AND OTHER AUDIT INFORMATOIN

Audit Committee Report

The Audit Committee is composed of the following members of the Board of Directors of Patheon Inc. (the "Company"): Brian G. Shaw (Chair), Michel Lagarde and Joaquín B. Viso. The general role of the Audit Committee is to assist the Board in overseeing the Company's accounting and financial reporting processes and the audit of the Company's consolidated financial statements.

In the performance of its oversight function, the Audit Committee has met and held discussions with management, who represented to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has reviewed and discussed the audited consolidated financial statements with both management and the Company's independent registered public accounting firm. The Audit Committee also discussed with the Company's independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended (AICPA, *Professional Standards*, Vol. 1., AU section 380), as adopted by the Public Company Accounting Oversight Board. The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and the Audit Committee discussed the independent registered public accounting firm's independence with it. In connection with such review and discussions, the Audit Committee has considered whether the provision of audit and non-audit services (and the aggregate fees billed for these services) to the Company is compatible with maintaining the independence of the Company's independent registered public accounting firm.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Management is responsible for the Company's internal control over financial reporting and the financial reporting process. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with applicable auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes, including the Company's system of internal control over financial reporting and the preparation of the Company's consolidated financial statements, and members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the Company's independent registered public accounting firm. The Audit Committee also hires and sets the compensation for the Company's independent registered public accounting firm.

The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the Company's independent registered public accounting firm do not assure that the audited consolidated financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's consolidated financial statements has been carried out in accordance with applicable auditing standards or that the Company's independent registered public accounting firm is in fact independent.

Table of Contents

Based upon the reviews and discussions described above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee's charter, the Audit Committee recommended to the Company's Board of Directors that the Company's audited consolidated financial statements for the fiscal year ended October 31, 2012 be included in the Company's Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission.

Compensation Discussion and Analysis

The Compensation Discussion and Analysis describes our executive compensation philosophy, components and policies, including analysis of the compensation earned by our named executive officers for Fiscal 2012 as detailed in the accompanying tables.

Executive Summary

Setting Fiscal 2012 Compensation. In making compensation decisions for Fiscal 2012, our Compensation and Human Resources Committee (the "CHR Committee") took into account a number of factors, including (i) the need to attract talented executives, including a new Chief Financial Officer; (ii) our financial performance and achievement of corporate objectives; and (iii) the achievement of individual objectives by each executive officer.

Elements of Compensation. Consistent with our philosophy that executive compensation should incentivize our executive officers to enhance shareholder value, each of our executive officers is compensated with base salary, short-term cash incentives and long-term incentives tied to the value of our restricted voting shares, as well as (to a lesser extent) perquisites and personal benefits, retirement benefits and termination and change of control benefits.

Key Compensation Decisions During Fiscal 2012. Our CHR Committee and our Board made the following key executive compensation decisions for Fiscal 2012:

Approval of compensation and related benefits in connection with the hiring of our CFO

Approval of compensation and related benefits in connection with promotion of new President, Global Commercial Operations and Chief Manufacturing Officer

Approval of option grants to certain of our executive officers

Approval of the Patheon Global Bonus Plan (the 2012 Bonus Plan)

Approval of discretionary bonus payments to our executive officers

Approval of salary increases for certain of our executive officers

Approval of compensation

Compensation Philosophy and Objectives

Our compensation philosophy is based on pay for performance. We reward our executive officers for delivering superior performance that contributes to our long-term success and the creation of shareholder value.

The objectives of our compensation program are to:

attract and retain qualified and experienced individuals to serve as executive officers;

align the compensation level of each executive officer with his or her level of responsibility;

motivate each executive officer to achieve short and long-term corporate goals;

align the interests of executive officers with those of shareholders; and

reward executive officers for excellent corporate and individual performance.

Process for Determining Executive Compensation

Role of Our CHR Committee and Board

Our CHR Committee and Board share responsibility for determining executive compensation. Our Board's involvement in the executive compensation process reflects its desire to oversee compensation decisions regarding our executive officers, particularly our Chief Executive Officer. Accordingly, our CHR Committee makes recommendations regarding, and our Board approves, our executive compensation policies and programs, the compensation of our CEO and the grant of equity awards. Our CHR Committee is solely responsible for approving the compensation of our executive officers other than our CEO, for establishing and approving payments under our annual cash incentive plan and for reporting such decisions to our Board.

Role of Executive Officers

Other than providing input into their individual performance objectives, neither our Chief Executive Officer nor our other executive officers have any role in recommending or setting their own compensation. Our Chief Executive Officer makes recommendations to our CHR Committee regarding the compensation of our other executive officers and provides input regarding executive compensation programs and policies generally.

Role of Compensation Consultants

We retained Mercer to act as our independent compensation consultant. Mercer reports directly to our CHR Committee. For Fiscal 2012, we engaged Mercer to assist our CHR Committee in implementing our compensation philosophy for the executive officers in keeping with our overall objectives, including by gathering relevant market data to assist our CHR Committee in making compensation decisions for our named executive officers. On occasion, we also engage Mercer to provide consulting services for non-executive compensation matters. The fees paid to Mercer for these additional services did not exceed \$120,000 in Fiscal 2012.

Role of Benchmarking and Comparative Analysis

Our CHR Committee used market analyses provided by Mercer as a reference point to evaluate the competitiveness of the total compensation, and competitive positioning, of our executive officers. Under the terms of its engagement, and with our assistance, Mercer constructed a peer group of publicly traded companies with U.S. operations that are similar to us in terms of revenue size, industry and operating characteristics (the Mercer Peer Group) and compared the compensation of each of our executive officers to executive officers in similar positions at companies

Edgar Filing: PATHEON INC - Form DEF 14A

in the Mercer Peer Group. The companies comprising the Mercer Peer Group were as follows: PAREXEL International Corporation, The Cooper Companies, Inc., Charles River Laboratories International, Inc., ResMed Inc., Par Pharmaceutical Companies, Inc., Impax Laboratories, Inc., Integra

Table of Contents

Lifesciences Holdings Corporation, Medicas Pharmaceutical Corp., Cubist Pharmaceuticals, Inc., Alexion Pharmaceuticals, Inc., Regeneron Pharmaceuticals, Inc., Kendle International Inc., BioMarin Pharmaceutical Inc., Myriad Genetics, Inc., Immucor, Inc., Onyx Pharmaceuticals, Inc. and Affymetrix, Inc. In addition, Mercer also reviewed proxy statement data for a number of companies in published compensation surveys, namely, (i) 2010 Mercer Executive Remuneration Survey; (ii) Radford Global Life Sciences Survey 2010; and (iii) Towers Watson Data Services 2010/2011 Survey Report on Top Management Compensation. The companies comprising each of the aforementioned surveys are listed in Appendices C, D, and E, respectively. Companies for which proxy statement data were collected are noted in italics. As discussed below, we used the results of Mercer's review in connection with certain compensation decisions for our named executive officers.

Role of the Advisory (Non-binding) Vote to Approve Executive Compensation

We provide our shareholders with the opportunity to cast an advisory (non-binding) vote to approve executive compensation, or the Say-on-Pay proposal, every three years. At the 2012 Annual and Special Meeting of Shareholders, a substantial majority of the votes cast (over 94%) at that meeting voted in favor of the Say-on-Pay proposal, which our CHR Committee believes affirms our shareholders' support of our executive compensation program. Our CHR Committee considered the result of this vote, and following such consideration, did not make any changes to our executive compensation decisions or policies. Our CHR Committee will continue to consider the outcome of the Say-on-Pay votes when making future compensation decisions for our named executive officers.

Elements of Compensation

Our overall executive compensation program includes the following major elements:

Element	Form	Performance Period	Determination
Base Salary	Cash	One year	Periodically reviewed against market and further adjusted based on individual experience and performance
Short-Term Incentives	Annual Cash Incentive Bonus	One year	Subject to our performance against pre-determined corporate objectives, individual achievement of personal performance objectives and the discretion of the CHR Committee
Long-Term Incentives	Stock Options	Generally vest over or after five years, depending on the award.	Based on share price appreciation up to a 10-year term with vesting typically over the initial five years
			Exercise price based on the closing market price on the grant date
			Final value based on market value at time of exercise relative to the exercise price
Perquisites	Relocation expenses and incentives, automobile allowances, health and sports club memberships, education allowances, enhanced medical, dental, life insurance and disability benefits, executive allowances	Provided in connection with executive benefit plans, recruitment and retention programs	Based on individually negotiated terms of employment or as introduced from time to time to enhance executive retention, in alignment with benefits plans and consistently applied precedents

Table of Contents

Broad-Based Benefits	Health, dental, retirement, life insurance and disability	Ongoing	Consistent with the broad-based benefits offered by other multinational organizations

Factors Considered in Making Individual Pay Decisions			

Compensation Elements

At this time, we do not target a specific mix of executive compensation by allocating total compensation between cash and noncash pay, between current and long-term pay or among different types of long-term incentive awards. The profile of our executive compensation is driven by decisions made for each component of pay separately, which we intend to be appropriately competitive, as well as the impact of our decisions on total compensation. However, consistent with our compensation philosophy, our CHR Committee believes that a significant portion of each named executive officer's compensation will be at risk.

Role of Company and Individual Performance

Our compensation philosophy is based on pay for performance. We reward our executive officers for delivering superior performance that contributes to our long-term success and the creation of shareholder value. In measuring such performance, we consider the achievement of both corporate and individual goals.

We reward significant contributions by our executive officers through salary increases, payments under our annual cash incentive plans and through long-term equity awards. In particular, our 2012 Bonus Plan was designed to focus our executive officers on the achievement of both corporate and individual performance objectives. The corporate performance objectives under our 2012 Bonus Plan were recommended to our CHR Committee by our Chief Executive Officer and approved by our CHR Committee.

The individual performance objectives under our 2012 Bonus Plan were determined by our CHR Committee in consultation with our Chief Executive Officer. Our Chief Executive Officer submitted individual performance objectives for our executive officers (who themselves had input into the determination of their individual objectives), other than himself, to our CHR Committee. Our CHR Committee reviewed the submitted individual performance objectives and approved them with any such changes as it believed appropriate. Our CHR Committee reviewed and approved the individual performance objectives for our current Chief Executive Officer.

Internal Pay Equity

We consider internal pay equity when setting compensation for our executive officers. Although we have not established a policy regarding the ratio of total compensation of our Chief Executive Officer to that of our other executive officers, we do review compensation levels to ensure that appropriate equity exists between our CEO and our other executive officers, as well as among our executive officers (other than the CEO). Differences in compensation among our named executive officers are attributable to differences in levels of experience, performance and market demand for executive talent.

Table of Contents

Fixed Compensation Base Salary

Overview

Base salary is intended to reflect the skills, competencies, experience and performance of each named executive officer. Base salary levels also are targeted to be comparable to salaries offered for positions involving similar responsibilities and complexity at other companies. Competitive base salaries enable us to attract and retain qualified individuals to serve as named executive officers. Base salary also aligns the compensation level of each named executive officer to his or her level of responsibility. Base salaries are adjusted annually where appropriate based on levels of responsibility and sustained performance. Base salary is linked to other elements of compensation such as the annual cash incentive bonus, certain retirement plan benefits and termination and change of control benefits.

Fiscal 2012 Base Salaries

The key salary decisions made during Fiscal 2012 for our named executive officers were as follows:

James C. Mullen. We did not provide Mr. Mullen a base salary increase during Fiscal 2012. Our CHR Committee reviewed Mr. Mullen's salary in Fiscal 2012 and determined that it would not recommend a base salary increase to our Board because Mr. Mullen was recently hired in Fiscal 2011 at a base salary level appropriate for an individual with his experience and skills necessary to induce him to join the Company.

Stuart Grant. Mr. Grant was hired during Fiscal 2012, and his salary was based on the amount our CHR Committee determined to be appropriate to induce him to join the Company. Our CHR Committee determined Mr. Grant's salary based on his past experience, skills and compensation from prior employers.

Geoffrey M. Glass. We increased Mr. Glass's base salary during Fiscal 2012 from \$350,000 to \$383,000. Our CHR Committee determined that the increase was appropriate to reward individual merit, reflect additional responsibilities Mr. Glass had recently undertaken and to align his salary slightly above the peer group average for retention purposes.

Antonella Mancuso. We increased Ms. Mancuso's base salary during Fiscal 2012 from 242,000 EUR to 280,000 EUR. Our CHR Committee determined that the increase was appropriate in connection with Ms. Mancuso's promotion to make her base salary competitive among our peer companies and reflect additional responsibilities undertaken in her new role.

Michael E. Lytton. We did not provide Mr. Lytton a base salary increase during Fiscal 2012. Our CHR Committee reviewed Mr. Lytton's salary in Fiscal 2012 and determined not to increase his salary since he was recently hired in Fiscal 2011 at a base salary level determined appropriate for an individual with his experience and skills.

Eric W. Evans. Since Mr. Evans' employment with us terminated on November 1, 2011, our CHR Committee did not review his salary for Fiscal 2012.

Mark J. Kontny. We did not provide Dr. Kontny a base salary increase during Fiscal 2012. Dr. Kontny's employment with us terminated on August 13, 2012.

For executives hired or receiving salary increases during Fiscal 2012, the target compensation range was between 100-120% of the Mercer Peer Group median.

Variable Compensation Short-Term and Long-Term Incentives

Edgar Filing: PATHEON INC - Form DEF 14A

The variable elements of our compensation include short-term incentives in the form of the opportunity for an annual cash incentive bonus and long-term incentives in the form of stock options. The level of variable compensation offered to our named executive officers is determined, in part, based on an overall assessment of our business performance, including achievement against stated corporate objectives.

Table of Contents

Short-Term Incentive Annual Cash Incentive Bonus

Overview

Under our 2012 Bonus Plan, our named executive officers and other members of our senior management may receive cash incentive bonuses based on certain performance criteria, subject to certain prescribed limits. The annual cash incentive bonus is intended to motivate our named executive officers to achieve short-term corporate and individual goals and to ultimately reward them for excellent corporate and individual performance. For Fiscal 2012, the annual cash incentive bonus for our named executive officers and other members of senior management was made in the discretion of our CHR Committee based on the achievement of certain corporate and individual objectives established by our CHR Committee and CEO.

2012 Bonus Opportunity

Target awards under our 2012 Bonus Plan are set forth in each named executive officer's employment agreement. All of our named executive officers, other than Mr. Mullen, have a target bonus of 45% of base salary. For Fiscal 2012, Ms. Mancuso's target bonus was 40% of her annual base salary through January 25, 2012, and 45% of her annual base salary following her promotion effective January 26, 2012. Mr. Mullen has a target bonus of 100% of base salary. We believe that maintaining the same target bonuses for each of our named executive officers other than our CEO appropriately rewards their performance, is consistent with principles of pay equity and helps us attract and retain the executives we need to run our business. Since Mr. Evans was no longer employed by us at the time we implemented the 2012 Bonus Plan, he never had any bonus opportunity under it. Dr. Kontny was no longer employed by us at the time of payout and therefore was not eligible to receive a payout under our 2012 Bonus Plan.

Our CHR Committee approved the various weights allocated to the different financial performance objectives under our 2012 Bonus Plan to incentivize contributions by our named executive officers to our overall corporate performance. In addition, our CHR Committee determined that part of the bonus opportunity should be based on the achievement of individual objectives to focus our named executive officers to execute on projects without an immediately quantifiable financial impact but that would contribute to both our short-term and long-term success.

Financial Objectives

Corporate Adjusted EBITDA comprised 50% of the corporate objectives for our named executive officers and is defined as income (loss) before discontinued operations before repositioning expenses, interest expense, foreign exchange losses reclassified from other comprehensive income, refinancing expenses, acquisition-related expenses, gains and losses on sale of capital assets, gain on extinguishment of debt, income taxes, asset impairment charges, depreciation and amortization and other income and expenses, with additional adjustments for foreign currency exchange differences versus budgeted exchange rates and other one-time, non-operating gains or losses at the discretion of management.

Corporate Net Free Cash Flow comprised 25% of the corporate objectives for our named executive officers and is defined as cash flow from operations minus capital spending.

Corporate Revenue, as determined under U.S. GAAP, comprised 25% of the corporate objectives for our named executive officers.

Under our 2012 Bonus Plan, if we did not meet threshold performance of 90% of target for each of Corporate Adjusted EBITDA and Corporate Revenue and the threshold performance of positive Corporate Free Cash Flow, there would be no payout to our named executive officers under the Plan. If performance were to fall between threshold and target for Corporate Adjusted EBITDA and Corporate Revenue or if performance were to fall between target and maximum for these measures, payout factors would be interpolated on a straight-line basis.

Table of Contents

In setting the financial targets under our 2012 Bonus Plan, our CHR Committee focused on establishing targets for which attainment was not assured and which would require significant effort on the part of our named executive officers. For Fiscal 2012, target Corporate Adjusted EBITDA, Corporate Net Free Cash Flow and Corporate Revenue were based on our 2012 budget.

The following table shows the payout percentages related to the achievement of each of our corporate goals under our 2012 Bonus Plan:

	Corporate Adjusted EBITDA	Corporate Net Free Cash Flow	Corporate Revenue	Performance (% of Target)	Payout Factor(1)	Payout (% of Target Bonus)
	Goal (millions of \$)					
Threshold	65.0	Positive	650.2	90%	0.5x	50%
Target	72.2	Positive	722.4	100%	1.0x	100%
Maximum	97.5	Positive	975.2	135%	1.5x	150%

(1) Not applicable to Corporate Net Free Cash Flow objective. This component has a payout factor of 1.0 if positive, or 0 if negative.

Individual Objectives

In addition to corporate and/or financial objectives, a component of each named executive officer's bonus eligibility was based on the achievement of individual objectives. At the end of Fiscal 2012, the Chief Executive Officer discussed with each then-employed named executive officer his or her achievement of individual objectives and assigned a performance rating. The CHR Committee discussed with the Chief Executive Officer his achievement of his individual objectives and assigned a performance rating. Under the 2012 Bonus Plan, the named executive officer's performance rating served as a multiplier for his or her bonus eligibility based on achievement of the financial objectives as follows:

Rating	Description	Pay for Performance Multiplier
1	Not Acceptable	0
2	Sometimes Meets Expectations	0-0.5
3	Meets Expectations	0.75-1.0
4	Exceeds Expectations	1.0-1.25
5	Outstanding	1.25-1.75

Individual objectives for our named executive officers other than Mr. Evans included individual performance goals specific to such individual or his or her area of responsibility. Because Mr. Evans's employment with us terminated on November 1, 2011, he did not have individual objectives for Fiscal 2012. Individual goals included timely achievement of certain strategic and financial goals, functional financial and budget goals, design and implementation of productivity measures, quality and compliance results, and development of new business opportunities, as follows:

James C. Mullen: (i) achieve certain goals under our transformation plan and strategic plan; (ii) fill key executive positions; (iii) improve our performance standards and culture, including customer focus; and (iv) achieve the financial goals under the 2012 Bonus Plan.

Stuart Grant: (i) achieve certain financial goals, including those contained in the 2012 Bonus Plan; (ii) create an effective worldwide finance function and process to support our strategic transformation; (iii) ensure accounting regulatory compliance; and (iv) build relationships and an investor relations plan to add shareholder value.

Table of Contents

Geoffrey M. Glass: (i) create partnership and senior relationships with certain identified customers; (ii) successfully launch certain service offerings and partnerships for offerings; (iii) establish and implement a comprehensive sales plan; and (iv) achieve certain financial and operational goals.

Antonella Mancuso: (i) achieve the financial goals in the 2012 Bonus Plan for our CMO business, which include achieving certain Fiscal 2012 CMO revenue; (ii) define and implement a new organizational model for our CMO business; (iii) meet target procurement expectations; and (iv) achieve certain goals under our transformation plan.

Michael E. Lytton: (i) coordinate and support the progression of certain strategic initiatives related to our transformation plan; (ii) work with other members of our executive team to develop a strategy for inorganic growth and the business adjacencies and mergers and acquisitions elements of our strategic plan; (iii) centralize management of our legal function; (iv) support the sales and marketing function; and (v) work with certain other functions to pursue an appropriate risk management approach.

Mark J. Kontny: (i) achieve the financial goals in the 2012 Bonus Plan for our PDS business, which include achieving certain Fiscal 2012 revenue and earnings before interest, taxes, depreciation and amortization; (ii) complete the reorganization of our PDS business structure; (iii) achieve certain goals under our transformation plan, including in connection with our One-Patheon initiative; and (iv) create specific plans to facilitate downstream revenue growth.

2012 Bonus Plan Results

The following table shows the percentage of achievement of the financial objectives applicable to our named executive officers eligible for a bonus for Fiscal 2012:

(in millions of \$ unless otherwise noted)

Financial Objective	Target	Actual	Achievement (%)
Corporate Adjusted EBITDA	72.2	79.4	110
Corporate Net Free Cash Flow	Positive	Negative	0
Corporate Revenue	722.4	773.3	107

Since we did not meet our threshold goals for all three corporate financial objectives under the 2012 Bonus Plan, none of our named executive officers received a payout under the 2012 Bonus Plan. However, under certain circumstances, as authorized by its charter, our CHR Committee may deem it appropriate to award discretionary bonuses to certain named executive officers. Our CHR Committee determined that awarding discretionary cash bonuses to these individuals was consistent with our pay-for-performance philosophy because, among other things, we exceeded our Corporate Adjusted EBITDA and Corporate Revenue targets under the 2012 Bonus Plan, we exceeded our operational excellence goals, and each of these individuals made significant contributions to the Company's success. The bonuses awarded to these individuals were as follows:

Name(1)	Target Bonus Opportunity	Target Fiscal 2012 Bonus (\$)	Actual Bonus Paid (\$)
James C. Mullen	100%	900,000	1,000,000
Stuart Grant	45%	193,500	200,000
Geoffrey M. Glass	45%	172,350	170,000
Antonella Mancuso	40-45%	142,739(2)	210,000
Michael E. Lytton	45%	180,000	200,000
Mark J. Kontny	45%		(3)

- (2) The amount shown for Ms. Mancuso's target Fiscal 2012 bonus represents 40% of her annual base salary through January 25, 2012, and 45% of her annual base salary following her promotion effective January 26, 2012, based on an exchange rate of 1 EUR to 1.30 USD in effect on December 1, 2012.

- (3) Dr. Kontny's employment with the Company ended on August 13, 2012. Since he was not employed with us at the time of payout, he was not eligible for a discretionary bonus. In connection with the termination of his employment, Dr. Kontny received termination benefits as described below under Potential Payments Upon Termination or Change in Control.

Long-Term Incentives Incentive Stock Option Plan*Overview*

Long-term incentives are intended to motivate our named executive officers to achieve long-term corporate goals and to ultimately reward them for excellent corporate performance. Long-term incentives do not influence any other element of compensation. Our Incentive Stock Option Plan is designed to grant options to purchase our restricted voting shares to our named executive officers, directors and certain other persons in order to (i) encourage their productivity in furthering our growth and development; (ii) assist us in retaining and attracting executives with experience; and (iii) give us the ability to reward significant performance achievements.

Fiscal 2012 Grants

In connection with her promotion to President, Global Commercial Operations and Chief Manufacturing Officer, we granted Ms. Mancuso 66,252 options to purchase our restricted voting shares. Our CHR Committee believes that this grant was appropriate to achieve compensation equity between Ms. Mancuso and other executives at the same functional level following her promotion.

In connection with his hiring, we granted Mr. Grant 425,000 options to purchase our restricted voting shares. Our CHR Committee approved this award to induce Mr. Grant to join the Company based on his experience, skills and compensation received from former employers, while also providing a significant incentive for him to increase shareholder value.

In connection with Mercer's review of our executives' compensation, Mercer indicated to our CHR Committee that, in general, the executives' total direct compensation was below the Mercer Peer Group median primarily due to the level of long-term incentive compensation that had previously been provided to our named executive officers and, with respect to certain named executive officers, their targeted bonus amounts. Mercer therefore recommended increasing long-term incentives provided to our executives as a percentage of base salary to bring both their long-term incentive compensation and total compensation more in line with the median of the Mercer Peer Group data.

Our CHR Committee considered Mercer's recommendation, along with factors specific to the Company, such as the price of our restricted voting shares, the quantity of shares available to grant and the effect of long-term equity incentives on the pursuit of recently established strategic goals for the Company. Following such consideration, our CHR Committee decided to recommend grants of options to purchase our restricted voting shares to certain of our named executive officers in addition to the awards made upon new hire or promotion. The following table discloses information regarding each such grant, including (i) Mercer's analysis of the Peer Group median long-term incentive award values (expressed as a percentage of base pay), (ii) Mercer's recommended grant values (expressed as a percentage of base pay and in dollars), (iii) the number of options actually granted by our Board, and (iv) the value of such awards (expressed as a percentage of base pay and in dollars):

(1) The amounts shown in this column represent the number of options granted x grant price (\$2.05) x BSV (.45)

In recommending the granting of these options, our CHR Committee sought to bring our executives' total compensation more in line with market practice, promote retention and generally recognize our executives' contributions to our success, but also endeavored to scale the individual awards to appropriately reflect each executive's contributions to our strategic goals and to account for the current level of each executive's current ownership interest in the Company. For example, our CHR Committee determined not to grant Mr. Mullen any additional options because it felt that the extent of his current ownership interest in the Company was sufficient to promote retention and pursuit of our long term strategic goals.

Our CHR Committee structured the awards to promote strategic goal attainment by linking vesting to corporate performance. These options have a ten-year expiration term and vest upon the earlier of (i) our achievement of \$175,000,000 of Corporate Adjusted EBITDA during any fiscal year ending after the date of grant or (ii) the fifth anniversary of the date of grant. For these particular grants, the term "adjusted EBITDA" means Adjusted EBITDA as reported by the Company in its publicly filed periodic financial reports, excluding any contributions from transactions outside the standard course such as mergers and acquisitions as determined by the CHR Committee.

Equity Award Grant Practices

Our stock option grant practices provide that we may not issue stock options during a blackout period as defined in our trading policies. Quarterly blackout periods begin two weeks before the end of each fiscal quarter and end at the close of business on the second business day following the public release of our quarterly or annual financial results. In addition, supplemental blackout periods are imposed to allow the receipt of material information by the market or in certain cases as determined by our CEO or General Counsel.

Perquisites and Personal Benefits

We provide certain perquisites and personal benefits to recruit and retain our named executive officers. The level of perquisites and personal benefits provided to our named executive officers does not influence any other element of compensation.

Our group benefits are intended to provide competitive and adequate protection in case of sickness, disability or death. We offer health, dental, pension or retirement, life insurance and disability programs to all of our employees on the same basis. In addition, our named executive officers receive certain enhanced benefits for medical, dental, vision, life insurance and disability, including premium waivers and enhanced coverage.

In addition to enhanced health, life insurance and related benefits, during Fiscal 2012, certain of our named executive officers received automobile allowances or the use of a company car, and certain of our named executive officers received relocation benefits and incentives (and related tax gross-ups) to offset the cost of their relocation to our U.S. headquarters.

Table of Contents

Benefits Relating to Termination and Change in Control

Our named executive officers are covered by termination and change in control provisions in their employment agreements. The events that trigger payment under these arrangements were determined through the negotiation of the applicable employment agreement. In addition, our Incentive Stock Option Plan and certain of the award agreements entered into thereunder contain change in control provisions.

Risk Management

Our CHR Committee and our Board endeavor to design our compensation programs to help ensure that these programs do not encourage our executive officers to take unnecessary and excessive risks that could harm our long-term value. We believe that the following components of our executive compensation program, which are discussed more fully above, discourage our executive officers from taking unnecessary or excessive risks:

Base salaries and personal benefits are sufficiently competitive and not subject to performance risk.

The vesting periods of our stock option awards are designed to better align our executives' interests with the long-term interests of our shareholders.

Corporate and individual performance objectives for our executive officers are generally designed to be achievable with sustained and focused effort.

Minimum thresholds apply to all components of our annual incentive plans for both (i) the funding of the plans and (ii) payout levels of performance objectives, including individual performance objectives.

Our annual incentive plans are, subject to applicable regulations, discretionary, and we have documented our reserved right to amend or discontinue our incentive plans at any time with or without notice.

In order for an employee to receive a payout under one of our annual incentive plans, he or she must be employed at the time of payout, unless our CHR Committee determines otherwise.

In order for an employee to be an eligible participant in one of our annual incentive plans, he or she must have completed at least three months of active employment with us prior to the applicable fiscal year's end.

Tax and Accounting Considerations

Tax and accounting considerations generally do not have a material impact on our compensation decisions. However, our CHR Committee does consider the accounting and cash flow implications of various forms of executive compensation.

In our consolidated financial statements, we record salaries and bonuses as expenses in the amount paid or to be paid to the named executive officers. Accounting rules also require us to record an expense in our consolidated financial statements for stock option awards, even though such awards are not paid as cash to employees. Our CHR Committee believes that the many advantages of equity compensation more than compensate for the non-cash accounting expense associated with it.

Policy with Respect to Short-Term Trading and Short Selling

Edgar Filing: PATHEON INC - Form DEF 14A

Under our trading policy, except with the prior approval of our Chief Executive Officer or our General Counsel, our directors, officers and certain designated employees may not buy and sell, or sell and buy, our restricted voting shares within a six-month time period. Our directors, officers and certain designated employees are also prohibited from short selling our restricted voting shares.

Compensation Program Risk Assessment

We have conducted a risk assessment of our compensation policies and practices for all of our employees (not just our executive officers). Based on this review, we concluded that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on us. Our risk assessment included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control and the support of the programs and their risks to our strategy. Although we reviewed all compensation programs, we focused on the programs with variability of payout (e.g., short-term and long-term incentive programs), with the ability of a participant to directly affect payout and the controls on participant action and payout. As part of our review, we specifically noted the following factors that reduce the likelihood that excessive risk taking would have a material adverse effect on us: (i) a strong internal control structure, including business, legal and finance review of our customer contracts prior to entry into such contracts; (ii) payment to our employees of competitive base salaries and benefits that are not subject to performance risk; and (iii) a mix between cash and noncash and short-term and long-term compensation.

Grants of Plan-Based Awards in Fiscal 2012

The following table provides information about stock options and non-equity incentive plan awards granted to our named executive officers in Fiscal 2012. All stock options were granted under our Incentive Stock Option Plan. Estimated possible payouts under non-equity incentive plan awards were based on our 2012 Bonus Plan; however, no actual payouts were made under our 2012 Bonus Plan since we did not meet our threshold goals for the three required corporate financial objectives, as shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. Instead, the CHR Committee approved discretionary bonuses for

certain of our named executive officers, as shown in the Bonus column of the Summary Compensation Table. Our performance measures and financial results are discussed more fully in Compensation Discussion and Analysis. Since Mr. Evans was not employed with us at the time we adopted the 2012 Bonus Plan, he was not eligible for any potential payments thereunder. Since Dr. Kontny was not employed with us at the end of Fiscal 2012, he did not have any eligible earnings under the 2012 Bonus Plan and was therefore not eligible for any potential payments thereunder.

- (2) There is no minimum amount payable under the 2012 Bonus Plan. No payout is earned if we fail to achieve the threshold levels of performance for each of our corporate financial performance measures under the plan. In addition, even if we meet minimum corporate financial metrics, the incentive payments under the 2012 Bonus Plan are subject to the individual executive's personal performance multiplier, which could be 0% for a rating of less than Meets Expectations. The threshold amount is 50% of the target amount shown, and the amount shown in this column represents the amount payable under the 2012 Bonus Plan if the threshold levels are met for each corporate performance measure and a 1.0 personal performance multiplier is applied.

These option awards included (i) grants of 425,000 options to our CFO, Stuart Grant, and 62,525 options to our President, Global Commercial Operations and Chief Manufacturing Officer, Antonella Mancuso, which vest in five annual installments commencing on the first anniversary of the grant date and have a term of ten years and (ii) grants to certain of our named executive officers, which have a ten-year term and which vest upon the earlier of (A) the Company's achievement of \$175 million of Corporate Adjusted EBITDA during any fiscal year ending after the date of grant or (B) the fifth anniversary of the date of grant and have a term of ten years. For these particular grants, the term "Adjusted EBITDA" means Adjusted EBITDA as reported by the Company in its publicly filed periodic financial reports, excluding any contributions from transactions outside the standard course such as mergers and acquisitions as determined by the CHR Committee. Dr. Kontny forfeited all of his unvested options, including the 87,500 options granted to him during Fiscal 2012, on August 13, 2012, the date of his separation from the Company. The exercise price of restricted voting shares subject to an option is determined at the time of grant. Our Incentive Stock Option Plan provides that the exercise price may not be less than the closing price of the restricted voting shares on the TSX (or on such other stock exchange in Canada or the United States on which restricted voting shares may be then listed and posted) on the date of the grant. See "Summary of Incentive Stock Option Plan" below.

Fiscal 2012, Ms. Mancuso was covered under a national labor agreement for Industrial Dirigenti, which stipulates certain compensatory arrangements and benefits for industrial executives in Italy. One of the benefits mandated by the agreement is a voluntary defined contribution plan, Previndai, in which Ms. Mancuso participated and contributed during Fiscal 2012. We were required by Italian law to contribute a percentage of Ms. Mancuso's pensionable pay to the Previndai plan, which is administered by third parties.

- (1) Options have either a seven-year or a ten-year term. Upon termination of employment, the recipient forfeits all rights to unvested options. In addition, depending on the nature of the termination and whether our CHR Committee exercises its discretion in certain circumstances, vested options generally expire on the earlier of the expiration date shown and between 12 and 24 months following termination if not exercised. As amended in March 2011, our Incentive Stock Option Plan provides that the post-termination expiration period for vested options is generally between three and 12 months following termination.

Termination and Change in Control Benefits

The following contracts, agreements, plans and arrangements provide for payments to the applicable named executive officers at, following or in connection with either (i) certain terminations of employment or (ii) a change in control of the Company.

Stock Option Awards

Our Incentive Stock Option Plan includes change in control provisions. Under our Incentive Stock Option Plan, a change in control means the occurrence of either of the following: (i) any person, other than JLL, becomes a beneficial owner of more than 30% of the voting power of our then outstanding securities entitled to vote generally in the election of directors (with certain exceptions); or (ii) the consummation of a merger, amalgamation, arrangement, business combination, reorganization or consolidation or sale or other disposition of substantially all of the assets of the Company, with certain exceptions. Under the terms of the options granted beginning in Fiscal 2011, a change in control means the occurrence of any of the following: (i) any person other than JLL becomes a beneficial owner of more than 50% of the voting power of our then outstanding securities entitled to vote generally in the election of directors; (ii) our shareholders' approval of a dissolution or liquidation of the Company; (iii) the consummation of a reorganization, merger, consolidation or amalgamation to which the Company is a party and, as a result of which, persons other than the shareholders of the Company immediately prior to such reorganization, merger, consolidation or amalgamation cease to own at least 50% of the voting power of the then outstanding voting securities of the surviving corporation in such reorganization, merger, consolidate or amalgamation entitled to vote generally in the election of directors; (iv) the sale or other disposition of all or substantially all the assets of the Company; and (v) a majority of the seats of our Board, other than vacant sets, are held by persons who were not directors at the option's grant date and were neither (A) nominated for election by our Board nor (B) appointed by directors so nominated.

In the event of a change of control, each option granted and outstanding under our Incentive Stock Option Plan will become immediately exercisable, even if such option is not otherwise vested or exercisable in accordance with its terms. Further, in the event of a change in control or potential change in control, our Board will have the power, subject to restrictions on amendments for which shareholder approval is required, to change the terms of the options as it considers fair and appropriate in the circumstances.

Employment Agreements

Our employment agreements with our named executive officers contain certain provisions concerning benefits in the event of their termination generally or their termination after a change in control of the Company. The employment agreements generally provide that upon termination within a certain period of time following a change in control, to the extent not otherwise provided in our Incentive Stock Option Plan or the stock option award agreement, the executive officer's unvested stock options will immediately vest and become exercisable.

Additionally, the employment agreements generally provide that if we terminate an executive officer without Cause (as defined below) or if he or she terminates his or her employment for Good Reason (as defined below), our Affiliated Group (defined as the Company or any entity controlled by, controlling or under common control with the Company) will pay or provide, or cause to be paid or provided, to the executive officer any other amounts or benefits required to be paid or provided or which the executive officer is eligible to receive under any plan, program, policy or practice or contract or agreement of our Affiliated Group, in accordance with the terms of such plan, program, policy or practice or contract or agreement, based on accrued and vested benefits through the date of such termination. Generally, executive officers are only entitled to receive severance benefits under their employment agreements if they execute and do not revoke a waiver and release drafted by us within a prescribed time following termination of employment.

In addition, the employment agreements with each of our named executive officers other than Ms. Mancuso include requirements related to confidentiality, non-solicitation and noncompetition. The non-solicitation and noncompetition requirements extend for 12 months following each named executive officer's termination of employment (24 months for Mr. Mullen). These requirements apply to all terminations, except that Mr. Glass's noncompetition provisions do not apply, and Mr. Evans's noncompetition provisions did not apply, to employment terminations other than for Cause (as defined in the applicable agreement).

Additional information regarding the material terms of our employment agreements with each of our named executive officers is described below.

James C. Mullen

Mr. Mullen's employment agreement provides that if we terminate his employment without Cause, or if he terminates his employment for Good Reason, we are required to pay him severance equal to two years of his then current base salary, payable in 24 equal monthly installments. In addition, with respect to the initial grant to Mr. Mullen of 5,000,000 options, if we terminate his employment without Cause, for incapacity or for death, or if he terminates his employment for Good Reason, a pro-rata portion of such options in which he would have become vested on the following anniversary of the effective date of his agreement will become immediately vested and exercisable on the date of his termination. If Mr. Mullen is terminated under circumstances entitling him to accelerated vesting of his options, he will be permitted to exercise his vested options within three months after the date of such termination. Mr. Mullen's right to such benefits is contingent upon his continued compliance with the confidentiality, non-disparagement, non-solicitation and non-competition provisions of his employment agreement.

Stuart Grant

Mr. Grant's employment agreement provides that if we terminate his employment without Cause, or if he terminates his employment for Good Reason, we are required to pay him severance equal to his annual base salary, plus an amount determined by the CHR Committee in its sole discretion to reflect the annual incentive Mr. Grant would have otherwise earned during the year in which the termination occurs, in 12 equal monthly payments.

Table of Contents

Geoffrey M. Glass

Mr. Glass's employment agreement, as amended, provides that if we terminate his employment other than for Cause or if he terminates his employment for Good Reason, we are required to pay him severance equal to his annual base salary, plus an amount determined by our Board in its sole discretion to reflect the annual incentive he would have otherwise earned during the year in which the termination occurs, in 12 equal monthly payments.

Antonella Mancuso

Ms. Mancuso's employment agreement, as amended, provides that her employment may be terminated in accordance with the provisions of the National Bargaining Agreement currently in force for executives of industrial companies in Italy. Pursuant to Italian law, we are required under the TFR to accrue annually and eventually pay to Ms. Mancuso when her employment terminates, regardless of the reason for the termination, a lump-sum amount that is calculated as a percentage of base pay, bonus and equity earnings.

Michael E. Lytton

Mr. Lytton's employment agreement, as amended, provides that if we terminate his employment other than for Cause or if he terminates his employment for Good Reason, we are required to pay him severance equal to his annual base salary, plus any performance bonus for periods of service completed prior to the date of termination, in 12 equal monthly payments.

Eric W. Evans

Mr. Evans's employment agreement provided that if we terminated his employment other than for Cause or if he terminated his employment for Good Reason, we were required to pay him a lump sum severance payment equal to his annual base salary for one year, plus the average bonus he earned during the previous two years of employment prior to the termination, within 30 days after termination. If such termination occurred at any time within a 12-month period following a Change in Control, Mr. Evans would have instead been entitled to receive a lump sum severance payment equal to his annual base salary, plus his target annual bonus, within 60 days of the termination date.

Mr. Evans resigned from his employment with us as of November 1, 2011. In accordance with the terms of his separation agreement, following his execution of a customary general release, Mr. Evans received \$537,950 in cash in satisfaction of the amounts payable to him under his employment agreement.

Mark J. Kontny

Dr. Kontny's employment agreement provided that if we terminated his employment other than for Cause or if he terminated his employment for Good Reason, we were required to pay him severance equal to his annual base salary, plus an amount determined by our Board in its sole discretion to reflect the annual incentive Dr. Kontny would have otherwise earned during the year in which the termination occurred, in 12 equal monthly payments. Dr. Kontny's employment with us was terminated on August 13, 2012. In connection with his termination, Dr. Kontny will receive a total of \$520,000, payable in 12 monthly installments, pursuant to the terms of his separation agreement.

For purposes of the employment agreements with our named executive officers, other than Ms. Mancuso, the terms below have the following meanings:

Cause means the determination, in good faith, by our Board, after notice to the executive officer and, if curable, a reasonable opportunity to cure, that one or more of the following events have occurred: (i) the executive officer has failed to perform his material duties, and such failure has not been cured after a period of 30

Table of Contents

days notice from us; (ii) any reckless or grossly negligent act by the executive officer having the effect of injuring the interests, business or reputation of any member of our Affiliated Group; (iii) the executive officer's commission of any felony (including entry of a *nolo contendere* plea); (iv) any misappropriation or embezzlement of the property of any member of our Affiliated Group; or (v) breach by the executive officer of any material provision of his employment agreement. Under Messrs. Mullen's, Grant's and Lytton's employment agreements, such breach of a material provision must, if curable, remain uncured for a period of 30 days after receipt by him of written notice from us of such breach, which notice must contain the specific reasonable cure requested, in order to constitute Cause.

Change in Control means any of the following events: (i) any person, other than JLL, becomes a beneficial owner of more than 50% of the voting power of our then outstanding securities entitled to vote generally in the election of directors; (ii) consummation of a merger or consolidation of the Company or any of our direct or indirect subsidiaries with any other company (with certain exceptions); or (iii) shareholder approval of complete liquidation or dissolution of the Company or disposition by us of all or substantially all of our assets.

Good Reason means the occurrence of any of the following events without the executive officer's consent: (i) a material reduction in the executive officer's duties or responsibilities or the assignment to the executive officer of duties materially inconsistent with his position; or (ii) a material breach by us of the executive officer's employment agreement. Good Reason also included, under Dr. Kontny's employment agreement, requiring Dr. Kontny to work more than 50 miles from his principal office on commencement of his employment. Under Mr. Glass's employment agreement, any future reduction or total elimination of Mr. Glass's global sales and marketing duties or responsibilities by us will not constitute, for the purposes of determining the existence of Good Reason, (i) a material reduction by us of Mr. Glass's duties or responsibilities; (ii) the assignment of duties or responsibilities materially inconsistent with his position; or (iii) a material breach of the employment agreement. A termination of the executive officer's employment by him is not deemed to be for Good Reason unless (i) he gives notice to us of the existence of the event or condition constituting Good Reason within 30 days after such event or condition initially occurs or exists; (ii) we fail to cure such event or condition within 30 days after receiving such notice; and (iii) his separation from service within the meaning of the U.S. Internal Revenue Code of 1986, as amended (the Code), occurs not later than 90 days after such event or condition initially occurs or exists. Under Mr. Mullen's employment agreement, Good Reason also includes removal of him from his position. Mr. Mullen's agreement also provides that no termination for Good Reason is effective unless (i) he gives us written notice within 60 days of becoming aware of the initial occurrence of the event or condition constituting Good Reason and the specific reasonable cure requested by him; (ii) we have failed to cure such event or condition within 30 days of receiving such notice; and (iii) he resigns within 30 days of the initial occurrence. Furthermore, Mr. Mullen may not resign for Good Reason if, on the date of notice to us, (i) grounds exist for his termination by us for Cause or (ii) he has already given us notice of (a) the non-renewal of his agreement at the end of its term or (b) his intention to resign without Good Reason.

Potential Payments Upon Termination or Change in Control

The following table summarizes the estimated amounts payable to each named executive officer (other than Mr. Evans and Dr. Kontny, whose actual payments paid in connection with their respective terminations are discussed above) in the event of a termination of employment or change in control, or both. These estimates are based on the assumption that the various triggering events occurred on October 31, 2012, the last business day of Fiscal 2012.

Table of Contents

We have noted below the other material assumptions used in calculating the estimated payments under each triggering event. The actual amounts that would be paid to a named executive officer upon termination of employment can only be determined at the time an actual triggering event occurs.

James C. Mullen	Death/Disability			1,090,000	1,090,000

Michael E. Lytton	Other than for Cause/ For Good Reason	400,000		129,600	529,600
	Change in Control	400,000		808,900	1,208,900

- (1) The triggering event is termination from employment as described in the preceding section except that, in the case of a change in control, the triggering event is termination other than for cause (or without cause) or for good reason (as defined) following a change in control (double trigger) for all elements except equity (as the value of accelerated vesting occurs upon a change in control regardless of whether employment is terminated).
- (2) The values shown represent the payments that could have been made to our named executive officers pursuant to their respective employment agreements or, with respect to Ms. Mancuso, the National Bargaining Agreement applicable to directors of industrial companies, and under the TFR. See Employment Agreements.
- (3) As none of our named executive officers would have been entitled to receive a bonus under the 2012 Bonus Plan for Fiscal 2012 on October 31, 2012, no bonus amounts have been included in these calculations. However, in December 2012, our CHR Committee approved discretionary bonuses for certain named executive officers, whose employment agreements provide for discretionary bonuses upon termination or change in control, as follows: Stuart Grant: \$200,000; Geoffrey M. Glass: \$170,000; and Michael E. Lytton: \$200,000. See 2012 Bonus Plan Results.

Each director except the Chair of our Board was entitled to (i) an annual retainer; (ii) an annual committee Chair retainer, if applicable; (iii) an annual committee member retainer, if applicable; and (iv) meeting attendance fees, as applicable. The Chair of our Board was entitled to an annual retainer and an annual committee member retainer.

Deferred Share Unit Plan

The DSU Plan was first approved by our Board on February 22, 2008 and was amended on March 27, 2008. The purposes of the DSU Plan are to (i) promote a greater alignment of interests between our directors and our shareholders and (ii) provide a compensation system for directors that, together with our other director compensation mechanisms, is reflective of the responsibility, commitment and risk accompanying Board membership and the performance of duties required of the various committees of our Board. Only our directors who are not our employees or employees of any of our affiliates, including any non-executive Chair of our Board (each an *Eligible Director*) are eligible to participate in the DSU Plan. The DSU Plan is administered by our CHR Committee.

Under the DSU Plan, each *Eligible Director* (other than the Chair of our Board) will receive in DSUs (i) an initial retainer fee for serving as a director payable on initiation of the DSU Plan or on being elected or appointed a director (the *Initial Retainer*) and (ii) a base retainer in respect of each fiscal year (the *Base Retainer*). In addition, each *Eligible Director* may elect to receive an annual retainer for serving as a director (the *Annual Retainer*) or an annual chairman's retainer (the *Chair's Retainer*), as applicable, in the form of DSUs or cash or any combination thereof.

DSUs allocated to an *Eligible Director* pursuant to the DSU Plan are credited to an account maintained by us on the last day of each fiscal quarter in which the remuneration provided in DSUs accrued. The number of DSUs is determined by dividing the remuneration provided in DSUs by the *Market Price* on the particular payment day. The *Market Price* is defined to mean, in respect of any date, the weighted-average price at which our restricted voting shares have traded on the TSX during the two trading days immediately prior to such date. If any dividends are paid on our restricted voting shares, an *Eligible Director* will be credited with dividend equivalents in respect of the DSUs credited to his account as of the record date for payment of dividends, which dividend equivalents will be converted into additional DSUs. DSUs are fully vested upon being credited to an *Eligible Director's* account.

An *Eligible Director* will be paid the value of the DSUs credited to his account on voluntary resignation or retirement, death or disability, removal from our Board whether by shareholder resolution or failure to be re-elected, and in the case of an *Eligible Director* who is a U.S. taxpayer, on the date on which he has a separation from service within the meaning of the Code. Each DSU represents the right to receive a payment for such DSU equal to the *Market Price* on the redemption date applicable to such DSU.

Under the current compensation program, our Board approved the *Initial Retainer* of \$32,000 (to be paid in DSUs), the *Base Retainer* of \$32,000 (to be paid in DSUs) and the *Annual Retainer* of \$35,000 (to be paid in cash or DSUs) for *Eligible Directors* other than the Chair of our Board. Our Board approved the *Chair's Retainer* of \$140,000 (\$67,000 of which to be paid in cash or DSUs) for the Chair of our Board.

During Fiscal 2012, a total of 258,706.54 DSUs were credited to *Eligible Directors* under the DSU Plan. As of October 31, 2012, a total of 745,011.58 DSUs were outstanding.

Summary of Incentive Stock Option Plan

The following is a summary of certain important features of the Incentive Stock Option Plan. The Incentive Stock Option Plan was originally adopted by the Board on February 22, 2008 subject to shareholder approval, and subsequently approved by shareholders on March 27, 2008. The Incentive Stock Option Plan was subsequently amended by the Board, with such amendments approved by shareholders on March 10, 2011.

The Incentive Stock Option Plan was established for the benefit of officers, key employees, directors and certain consultants of Patheon and its subsidiaries (each an eligible person). The CHR Committee is responsible for designating the persons who are considered eligible persons. The CHR Committee also recommends and the Board approves, if appropriate, the terms of each option granted, including the number of options granted, the exercise price, the expiry date and the vesting dates. The Board may at any time suspend or terminate the Incentive Stock Option Plan in whole or in part.

Expiry of Options. Option periods generally will commence on the date of grant and terminate not later than ten years after such date. Options are subject to early expiry upon death, retirement, resignation, or termination of employment of an option holder. Pursuant to amendments to the Incentive Stock Option Plan approved by shareholders on March 10, 2011 and effective on that date, the early expiry provisions in the event of death, retirement or termination of employment were reduced as follows:

in the event of death or retirement, from 24 months to 12 months;

in the event of termination of employment for any cause other than death, retirement or Just Cause (as defined in the Incentive Stock Option Plan), from 12 months to 3 months.

In the event of termination of employment for Just Cause, options terminate immediately.

Extension of Expiry for Blackout. Any options that expire during or within 10 business days of the expiration of a blackout period will be automatically extended to the close of business on the 10th business day following the expiration of the blackout period.

Exercise Price. The exercise price of any options granted under the Incentive Stock Option Plan will be not less than the closing price of the restricted voting shares on the TSX (or on such other stock exchange in Canada or the United States on which Shares may be then listed and posted) on the date of the grant.

Table of Contents

Plan Limits. In amendments to the Incentive Stock Option Plan approved by shareholders on March 10, 2011 and effective on that date, the maximum number of restricted voting shares that may be issued under the Incentive Stock Option Plan was fixed at 15,500,151 (representing 11.1% of the issued and outstanding voting shares as of February 21, 2013), while the maximum aggregate number of restricted voting shares reserved for issuance under options to any one individual was fixed at 6,458,396 (representing 5% of the then issued and outstanding restricted voting shares and representing 4.6% of the issued and outstanding voting shares as of February 21, 2013). The aggregate number of restricted voting shares reserved for issuance pursuant to option grants to directors of Patheon who are not employees of Patheon may not exceed 1% of Patheon's then issued and outstanding restricted voting shares (which, as of February 21, 2013 is 1,398,063 restricted voting shares). The number of restricted voting shares issued to insiders of Patheon, within any one-year period and under all security-based compensation arrangements, may not exceed 10% of Patheon's then issued and outstanding restricted voting shares. In addition, the number of restricted voting shares issuable to insiders of Patheon, at any time, under all security-based compensation arrangements, may not exceed 10% of Patheon's then issued and outstanding restricted voting shares. As of February 21, 2013, an aggregate of 1,234,966 restricted voting shares have been issued pursuant to the exercise of options under the Incentive Stock Option Plan (representing 0.88% of the current issued and outstanding restricted voting shares as of February 21, 2013) and 11,529,777 restricted voting shares are issuable upon the exercise of currently outstanding options (representing 8.2% of the current issued and outstanding restricted voting shares as of February 21, 2013). Options exercisable to acquire up to 2,735,408 restricted voting shares may be still issued under the Incentive Stock Option Plan.

Adjustments. The Incentive Stock Option Plan provides for adjustments to be made to the type, number and/or price of the securities subject to the options in such events as subdivision, consolidation, stock dividend, reclassification or conversion, recapitalization or reorganization.

Vesting. As noted above, the CHR Committee determines the vesting period of each grant on the date of grant. In the past, options have generally vested over three years, one-third on each of the first, second and third anniversary of the grant date, or alternatively, over five years, one-fifth on each of the first through fifth anniversaries of the grant date.

Non-assignable. Options are not assignable or transferable other than by will or law of succession. In the event of the death of the option holder, vested, unexpired options may be exercised by the legal representative(s) of the option holder on or before the first anniversary of the death of the option holder.

No Financial Assistance. Patheon provides no financial assistance to the optionees in connection with the exercise of stock options. However, in amendments to the Incentive Stock Option Plan approved by shareholders on March 10, 2011 and effective on that date, a cashless exercise feature was included. Option holders are able to elect a cashless exercise in a written notice of exercise if the restricted voting shares issuable on the exercise are to be immediately sold. In such case, the option holder will not be required to deliver to Patheon a check for the applicable option price. Instead the option holder will:

directly or through an intermediary, instruct a broker to sell through the stock exchange or market on which the restricted voting shares are listed or quoted, the shares issuable on the exercise of options, as soon as possible at the then applicable bid price of the restricted voting shares;

on the trade date, deliver the written notice of exercise to the Company electing the cashless exercise and the Company will direct its registrar and transfer agent to issue a certificate in the name of the broker for the number of restricted voting shares issued on the exercise of the options, against payment by the broker to the Company of (i) the option price for such restricted voting shares; and (ii) the amount the Company determines, in its discretion, is required to satisfy the Company's withholding tax and source deduction remittance obligations in respect of the exercise of the options and issuance of restricted voting shares; and

instruct the broker to deliver to the option holder the remaining proceeds of sale, net of the brokerage commission.

Table of Contents

The cash to be received by the option holder will be equal to the applicable bid price multiplied by the number of restricted voting shares subject to the exercised options, less the option price multiplied by the number of restricted voting shares subject to the exercised options, less the amount Patheon determines, in its discretion, is required to satisfy its withholding tax and source deduction remittance obligations in respect of the exercise of the options and issuance of restricted voting shares.

Incentive Stock Option Plan Amendments. The following is a summary of the approval requirements for amendments to the Incentive Stock Option Plan, as approved by shareholders on March 10, 2011 and effective on that date:

Amendments Not Requiring Shareholder Approval

The Board may from time to time in its absolute discretion, subject to certain exceptions and applicable law and rules and regulations of any stock exchange on which the restricted voting shares are listed, make amendments, modifications and changes to the Incentive Stock Option Plan or to any option granted under the Incentive Stock Option Plan without notice to or approval by the shareholders including the following specific amendments:

minor changes of a housekeeping nature, including any amendments to any definitions in the Incentive Stock Option Plan or any option;

changes in the administration of the Incentive Stock Option Plan, including to the delegation by the Board of responsibility for the Incentive Stock Option Plan to any committee of the Board;

changes implemented pursuant to a Change in Control (as defined in the Incentive Stock Option Plan);

changing the exercise method and frequency, the option price (including the method of determining the market price), the option period (including any alteration, extension or acceleration of the vesting of options) or the provisions relating to the effect of termination of an optionee's employment (for greater certainty, any reduction in the option price benefiting an insider or an extension of the option period benefiting an insider will require shareholder approval);

changing the terms and conditions of any financial assistance which may be provided by the Company to optionees to facilitate the purchase of restricted voting shares under the Incentive Stock Option Plan;

adding, removing or changing a cashless exercise feature or automatic exercise feature payable in cash or securities;

changes required for compliance with applicable laws or regulations, tax or accounting provisions or the rules or requirements of any tax or regulatory authority or stock exchange;

correcting errors or omissions or clarifying the provisions of the Incentive Stock Option Plan or any option;

changes to enable the options to qualify for favourable treatment under applicable tax laws;

changing the application of Section 11 (Effects of Alteration of Share Capital) and Section 14 (Change in Control); and

suspending or terminating the Incentive Stock Option Plan.

Amendments Requiring Shareholder Approval

The following specific types of amendments cannot be made by the Board without shareholder approval:

an increase to the maximum number of securities issuable, either as a fixed number or a fixed percentage of Patheon's outstanding capital represented by such securities (other than pursuant to an adjustment for share consolidations, subdivisions etc., as described above under Adjustments)

a change in the class of Eligible Persons (as defined in the Incentive Stock Option Plan);

Table of Contents

a reduction in the exercise price or purchase price benefiting an insider of the Company;

an extension of the term of an option benefiting an insider of the Company;

any increase in the maximum term of an option permitted under the Incentive Stock Option Plan;

any increase in the maximum number of restricted voting shares that may be reserved for issuance to insiders under the Incentive Stock Option Plan;

any increase in the maximum number of restricted voting shares that may be reserved for issuance to insiders in any one year under the Incentive Stock Option Plan;

the cancellation and reissue of any option;

any change to permit options to be transferred or assigned other than by will or the law of succession; and

any change to the amendment provisions of the Incentive Stock Option Plan.

In addition, notwithstanding any other provision of the Incentive Stock Option Plan, any amendment for which shareholder approval would be required to bring the Incentive Stock Option Plan within the performance-based compensation exception under Section 162(m) of Section 422 of the U.S. Internal Revenue Code of 1986, as amended from time to time, will require shareholder approval.

Change in Control: The Incentive Stock Option Plan contains certain provisions with respect to the impact of a change in control on outstanding options under the plan. These provisions are discussed above under Executive Compensation Termination and Change in Control Benefits Stock Option Awards.

Compensation Committee Interlocks and Insider Participation

Our CHR Committee is currently comprised of Mr. Lagarde, Mr. Agroskin and Mr. Viso. During Fiscal 2012, Mr. Taylor also served on our CHR Committee. Other than Mr. Viso, who served as President and Chief Executive Officer of one of our subsidiaries, Patheon P.R., from December 2004 to August 2005, and as Chairman of Patheon P.R., from August 2005 to December 2006, none of the members of our CHR Committee has served as an officer or employee of the Company or any of its subsidiaries. Messrs. Taylor, Lagarde and Agroskin are Managing Directors of JLL Partners, one of the JLL affiliated entities. JLL Patheon Holdings, another JLL affiliated entity, is the beneficial owner of approximately 55.9% of our restricted voting shares and 100% of our Special Voting Preferred Shares. The following is information with respect to related person transactions involving Mr. Viso and the Company and JLL and the Company.

Arrangements with JLL

Our controlling shareholder is JLL Partners, a New York private equity firm that owns its shares through various affiliated entities. As a result of various arrangements with us, some of which are more fully described below, JLL Partners and its affiliates currently have the right to determine three of our nine board seats and the right to approve our entry into certain types of transactions. Our Board currently consists of three nominees of JLL Patheon Holdings, and as of February 21, 2013, JLL beneficially owned an 78,144,986 aggregate of restricted voting shares, representing approximately 55.9% of our total restricted voting shares outstanding. The following further describes certain of our transactions and relationships with JLL Partners and its affiliates.

Background

Edgar Filing: PATHEON INC - Form DEF 14A

In 2007, we entered into a definitive agreement with JLL Partners Fund V, L.P. (JLL Partners Fund), under which its affiliate, JLL Patheon Holdings, purchased our convertible Series C Preferred Shares and special voting Special

Voting Preferred Shares through a private placement with aggregate gross proceeds to us of \$150 million. JLL Patheon Holdings also acquired a number of rights in connection with the private placement, including the right to elect up to three directors to our Board pursuant to the terms of the Special Voting Preferred Shares. In connection with certain rights under the terms of the Series C Preferred Shares held by JLL Patheon Holdings, we entered into an agreement with JLL Patheon Holdings on September 4, 2008, pursuant to which JLL Patheon Holdings waived its redemption rights under the Series C Preferred Shares in exchange for the issuance of additional restricted voting shares and the right to acquire, through the facilities of the TSX, over a one-year period, up to 1.26 million restricted voting shares. In 2009, after JLL made an offer to acquire all of our outstanding shares (the JLL Offer), litigation ensued. Pursuant to an agreement between JLL and the Company, which settled all the legal actions then outstanding in connection with the JLL Offer and related matters, JLL Patheon Holdings converted its 150,000 Series C Preferred Shares into a total of 38,018,538 restricted voting shares, and we entered into the Settlement Agreement with JLL Patheon Holdings in respect of all of legal actions then outstanding in connection with the JLL Offer and related matters pursuant to which we agreed to pay JLL Patheon Holdings \$1.5 million.

Special Voting Preferred Shares

The Special Voting Preferred Shares provide JLL Patheon Holdings with the right to elect the following number of directors to our Board:

so long as JLL Patheon Holdings holds at least 22,811,123 restricted voting shares, it has the right to elect three members to our Board;

so long as JLL Patheon Holdings holds at least 11,405,561 restricted voting shares, it has the right to elect two members to our Board; and

so long as JLL Patheon Holdings holds at least 5,702,781 restricted voting shares, it has the right to elect one member to our Board.

Investor Agreement

On April 27, 2007, we entered into the Investor Agreement with JLL Patheon Holdings in connection with its purchase of our Series C Preferred Shares and Series D Preferred Shares with aggregate gross proceeds to us of \$150 million. The following is a summary of the key terms of the Investor Agreement:

Special Approval Rights

Provided that JLL Patheon Holdings holds at least 13,306,488 restricted voting shares, the approval of JLL Patheon Holdings is required before we may:

create or issue any shares of capital stock ranking pari passu with or senior to the Series C Preferred Shares, or issue any additional restricted voting shares or other equity securities, or securities convertible for or exchangeable into such securities, other than pursuant to our Incentive Stock Option Plan or any other security-based compensation arrangement consented to by JLL Patheon Holdings;

declare or pay dividends or other distributions (including capital) on our restricted voting shares or other equity securities;

redeem, repurchase or acquire any restricted voting shares or other equity securities;

change our articles of amalgamation;

change the rights of our existing classes of shares;

merge, consolidate or sell all or substantially all of our assets or undertake any similar business combination transaction;

Table of Contents

incur any indebtedness for borrowed money in excess of \$20 million, excluding borrowings under our credit facilities;

initiate any insolvency, restructuring or reorganization process, voluntary liquidation, dissolution or winding-up of the Company;

change our Chief Executive Officer; or

change the size of our Board.

Transfer of Special Voting Preferred Shares

The Special Voting Preferred Shares are not transferable, except to an affiliate of JLL Patheon Holdings.

Registration Rights

JLL Patheon Holdings may request us to effect a qualification under Canadian securities laws (or, if we are eligible to use Form F-10 and JLL Patheon Holdings so requests, under the Securities Act) of the distribution to the public in any or all of the provinces of Canada (or in the United States, if applicable) of all or part of the restricted voting shares received on conversion of the Series C Preferred Shares held by JLL Patheon Holdings (a Demand Registration), subject to a maximum of two Demand Registrations. In addition, each time we elect to proceed with the preparation and filing of a prospectus under any Canadian securities laws in connection with a proposed distribution of any of our securities for cash, JLL Patheon Holdings will be entitled to request that we cause any or all of the shares held by JLL Patheon Holdings to be included in such prospectus (an Incidental Registration). We will bear all registration expenses, excluding underwriting or placement discounts and commissions. The Demand Registration rights terminate when JLL Patheon Holdings and its affiliates no longer beneficially own at least 12,500,000 restricted voting shares received on conversion of Series C Preferred Shares and the Incidental Registration rights terminate when JLL Patheon Holdings and its affiliates no longer beneficially own at least 6,250,000 restricted voting shares received on conversion of the Series C Preferred Shares.

The Investor Agreement also contains other customary provisions such as, among other things, general indemnification provisions by which we indemnify JLL Patheon Holdings and JLL Patheon Holdings indemnifies us.

Board Representation

In furtherance of the right to elect directors to our Board pursuant to the terms of the Special Voting Preferred Shares, the Investor Agreement provides that our Board will consist of up to nine members and that JLL Patheon Holdings has the right to designate nominees for election or appointment to our Board (the JLL Representatives) as follows:

so long as JLL Patheon Holdings holds at least 22,811,123 restricted voting shares, it has the right to designate three JLL Representatives;

so long as JLL Patheon Holdings holds at least 11,405,561 restricted voting shares, it has the right to designate two JLL Representatives; and

so long as JLL Patheon Holdings holds at least 5,702,781 restricted voting shares, it will be entitled to designate one JLL Representative.

We have agreed to cause the JLL Representatives to be included as nominees proposed by our Board to the shareholders at future meetings and to use reasonable commercial efforts to cause the election of the JLL Representatives and solicit proxies in favor of their election.

In the event that JLL Patheon Holdings no longer holds any Special Voting Preferred Shares and is therefore not entitled to elect directors to our Board pursuant to the terms thereof, the board representation provisions of the Investor Agreement will be controlling.

Table of Contents**Equity Commitment Letter**

In connection with the entry into a stock purchase agreement to acquire Banner, we entered into an equity commitment letter (the *Equity Commitment Letter*) on October 28, 2012, pursuant to which JLL agreed to, at the time of the consummation of the acquisition, contribute or cause to be contributed equity financing by participating in a rights offering or private placement of us, in either case, in an amount of up to \$30 million, less amounts invested in us by other shareholders. On December 3, 2012, we mailed our shareholders of record as of November 27, 2012 offering materials related to a \$30 million offering of transferable subscription rights, with each right entitling the holder to subscribe for one whole restricted voting share at a price of, at such holder's choice, either US\$3.19 per whole share or CAD\$3.19 per whole share (the *Rights Offering*). The Rights Offering remained open until December 28, 2012. To satisfy its obligations under the Equity Commitment Letter, JLL exercised its rights under the basic subscription privilege in full, as well as the available over-subscription privilege, such that JLL purchased a total of 5,786,805 of our restricted voting shares for an aggregate sum of \$18,459,907.95.

Relationships with Alara Pharmaceutical Corporation

On January 1, 2002, Patheon P.R. entered into a commercial manufacturing agreement with Alara. Alara is wholly owned by Joaquín B. Viso, a member of our board and who, together with his wife, owned approximately 8.4% of our outstanding restricted voting shares as of February 21, 2013. This agreement pertains to a significant product for Patheon P.R., and under this agreement, Patheon P.R. has the right to manufacture 85% of the worldwide requirements of Alara for such product. The approximate dollar amount of value derived from this agreement during Fiscal 2012 was \$14.4 million. The right to place orders for such product has been assigned to a third party who purchases this product directly from Patheon P.R.; however, the new drug application for this product remains the property of Alara. This agreement was amended in 2002 and 2004 and expires in 2019. We believe that terms of this agreement are standard for agreements of this nature.

Relationship with Patheon P.R.

On December 23, 2004, we acquired Patheon P.R. from Joaquín B. Viso and his wife and the other Patheon P.R. shareholders. Patheon P.R. is now our wholly owned subsidiary. Mr. Viso, one of our current directors, was the founder and, together with his wife, an 83.18% owner of Patheon P.R. Mr. Viso served as the President of Chief Executive Officer of Patheon P.R. from December 2004 to August 2005 and as its Chairman from August 2005 to December 2006. The stock purchase agreement and a related escrow agreement pursuant to which we acquired Patheon P.R. allocated responsibility for the payment of certain amounts owed by Patheon P.R. to the Puerto Rico Industrial Development Company (*PRIDCO*). Following our acquisition of Patheon P.R., a dispute arose among Patheon P.R., the selling shareholders, including Mr. Viso, who acted as the sellers' representative, and us regarding certain amounts owed by Patheon P.R. to *PRIDCO*. The parties agreed to settle the dispute pursuant to a letter agreement dated September 28, 2006, which provided that (i) the former Patheon P.R. shareholders (including Mr. Viso and his wife) were responsible for two payments to *PRIDCO* in 2006, each in the amount of \$1,193,549; (ii) Patheon P.R. was responsible for nine quarterly payments to *PRIDCO* beginning in March 2007, each in the amount of \$265,233; and Patheon P.R. agreed to make quarterly royalty payments to selling shareholders in the amount of 1% of all revenue received by Patheon P.R. in respect of the manufacture by Patheon P.R. of certain products. The calculation of the quarterly royalty payments is based on the revenues received by Patheon P.R. during each calendar quarter from the manufacture of those products, beginning with the quarter ended June 30, 2009, and will continue until the aggregate amount of royalty payments made has reached \$2,387,098.88. As of the end of Fiscal 2012, Patheon P.R. has paid the selling shareholders \$437,797, of which \$147,625 has been paid since the beginning of Fiscal 2012.

Table of Contents**CORPORATE GOVERNANCE*****The Board of Directors*****Composition of the Board**

Patheon's articles of amalgamation provide that the Board will consist of a minimum of three directors and a maximum of 12 directors. At the annual and special meeting of shareholders held on March 10, 2011, Patheon's shareholders approved, by a special 2/3 majority vote, a resolution to amend our articles to permit the Board to appoint one or more additional directors in between meetings of shareholders, who will hold office for a term expiring not later than the close of the next annual meeting of shareholders, so long as the total number of directors so appointed does not exceed one-third of the number of directors elected at the previous annual meeting of shareholders. Notwithstanding the approval of the foregoing special resolution, the Board may revoke this special resolution without any further shareholder approval at any time prior to the issuance of the articles of amendment relating to it. Articles of amendment have not been issued. The Investor Agreement further provides that the Board will consist of up to nine members and that JLL Patheon Holdings must approve any change in the size of the Board. As Patheon is not listed on a U.S. national securities exchange or an inter-dealer quotation system that has requirements that a majority of the board of directors be independent, the Board uses the definition of independence of the NASDAQ Stock Market LLC ("NASDAQ") to determine whether Patheon's directors are independent for purposes of U.S. securities laws. The Board has determined that Derek J. Watchorn, Brian G. Shaw, Joaquín B. Viso and David E. Sutin are independent directors as defined by NASDAQ Rule 5605(a)(2).

Patheon's securities are listed on the TSX, and Patheon is a Canadian reporting issuer. Canadian securities laws employ a different definition of independence than NASDAQ. As prescribed in National Instrument 58-101 *Disclosure of Corporate Governance Practices*, in all Canadian jurisdictions other than British Columbia, independence is determined by Section 1.4 of National Instrument 52-110 *Audit Committees* ("NI 52-110"). Under NI 52-110, a director is generally considered to be independent unless in the view of the Board, a director has a direct or indirect material relationship with Patheon that could be reasonably expected to interfere with the exercise of the director's independent judgment. The Board has determined that Derek J. Watchorn, Brian G. Shaw, Joaquín B. Viso and David E. Sutin are independent under the Canadian securities laws.

The Board has determined that the following five directors are not independent under either the NASDAQ rules or Canadian securities laws: Paul S. Levy, Michel Lagarde and Daniel Agroskin (each a Managing Director of JLL Partners); Nicholas O'Leary (a Vice President of JLL Partners); and James C. Mullen, the Chief Executive Officer. The Board has also determined that Ramsey A. Frank, who resigned as a director February 13, 2012, and Thomas S. Taylor, who resigned as a director December 15, 2011, were not independent under either the NASDAQ rules or Canadian securities laws. Specifically, the Board has determined that under NI 52-110, Messrs. Frank and Taylor were not, and Messrs. Levy, Lagarde, Agroskin and O'Leary are not, independent directors because of their positions with JLL Patheon Holdings and/or its affiliates and the degree of control that JLL Patheon Holdings exercises over Patheon, and that under NASDAQ Rule 5605(a)(2), these directors are not independent directors because of their positions with JLL Patheon Holdings and/or its affiliates and the fact that JLL Patheon Holdings owns or controls a majority of Patheon's outstanding voting securities. Mr. Mullen is not independent because he is a member of Patheon's management. As a result, a majority of the Company's directors are not independent. Our Board relies on the independent directors to facilitate the Board's exercise of independent judgment in carrying out its responsibilities. Our Board believes that it is comprised of a number of independent directors that is reflective of the share ownership of Patheon and in accordance with Patheon's contractual and other legal obligations.

Table of Contents**Other Directorships**

Certain of Patheon's directors are also presently directors of other issuers that are reporting issuers (or the equivalent) in Canada or elsewhere. Information as to such directorships is set out below.

Board Leadership and Risk Oversight

Since 1996, the office of Chair of the Board has been separate from that of the CEO. It is anticipated that after the election of directors at the meeting of shareholders, the office of the Chair of the Board will continue to be separate from that of the CEO and will continue to be held by an individual who is not a member of management. Our Board believes that separating the Chair of the Board and CEO roles promotes greater accountability and more effective decision-making and is appropriate to effectively manage the affairs of the Company and the best interests of its shareholders.

Ramsey Frank served as Chair of the Board during Fiscal 2012 until his resignation on February 13, 2012. Mr. Frank was not considered an independent director within the meaning of NI 52-110 or NASDAQ Rule 5605(a)(2). Following Mr. Frank's resignation, Paul Levy was appointed as Chair of the Board on February 13, 2012. Mr. Levy is not considered an independent director within the meaning of NI 52-110 or NASDAQ Rule 5605(a)(2), and therefore the current Chair of the Board is not independent. Our Board believes that Mr. Levy is able to exercise the impartial judgment necessary for fulfillment of his responsibilities as Chair and that his appointment is in the best interests of the Company and our shareholders. An independent lead director has not been appointed. To provide leadership for its independent directors, the Board provides for the independent directors to hold at least one meeting per year at which non-independent directors and members of management are not in attendance. Accordingly, we do not believe there is a need to designate a lead independent director at this time.

As described in Item 1A of our Annual Report on Form 10-K for Fiscal 2012, as filed with the SEC on December 18, 2012, we operate in a complex environment and are subject to a number of significant risks. Our Board works with our senior management to manage the various risks we face. The role of our Board is one of oversight of our risk management processes and procedures; the role of our management is to implement those processes and procedures on a daily basis and to identify, manage and mitigate the myriad risks that we face. As part of its oversight role, our Board regularly discusses, both with and without management present, our risk profile and how our business strategy effectively manages and leverages the risks that we face. Our Board believes that its leadership structure is appropriate to carry out its risk oversight responsibilities.

Attendance at Meetings of the Directors

We do not have a stated policy regarding director attendance at annual shareholder meetings, but strongly encourage our directors to attend each such meeting. At our 2012 Annual and Special Meeting of Shareholders, held on March 22, 2012, five of our directors as of that date were present. In addition to the Board, Patheon has three standing committees of the Board which meet on a regular basis: the Audit Committee, the Corporate Governance Committee (our CG Committee) and the CHR Committee. Attendance at Board and committee meetings during Fiscal 2012 was as follows:

- (4) A total of ten meeting were held by the Board during Fiscal 2012. Mr. O Leary was appointed to the Board effective February 13, 2012, following which seven meetings of the Board were held.

Meetings of the Independent Directors

During Fiscal 2012, the independent directors held one meeting at which non-independent directors and members of management were not in attendance. In accordance with the Charter of the Board, the independent directors are expected to hold at least one meeting per year at which non-independent directors and members of management are not in attendance. This requirement is intended to facilitate open and candid discussion among the Board's independent directors.

Board Charter

The Charter of the Board was reviewed and reaffirmed by the Board on December 13, 2012 and is attached as Appendix A of this Proxy Statement.

Board Committees

Patheon has three standing committees of the Board: the Audit Committee, the CG Committee and the CHR Committee.

Audit Committee*Composition*

The Audit Committee is currently comprised of the following three members: Mr. Shaw (Chairman), Mr. Lagarde and Mr. Viso. Mr. Taylor also served on the Audit Committee during Fiscal 2012. Mr. Shaw and Mr. Viso are considered to be independent within the meaning of NI 52-110 and NASDAQ Rule 5605(c)(2), the Canadian and NASDAQ rules concerning Audit Committee independence, respectively. Mr. Lagarde is not, and Mr. Taylor was not, considered to be independent because of his positions with JLL Patheon Holdings and/or its affiliates. Each of the members of the Audit Committee is financially literate within the meaning of NI 52-110. The Board has determined that Mr. Shaw is an audit committee financial expert under SEC rules.

Table of Contents

For the purposes of compliance with audit committee composition requirements under NI 52-110, we are relying on the exemption found in section 3.3(2) (Controlled Companies) thereunder from the requirement that every audit committee member be independent. Sections 3.3(2) and 3.7 of NI 52-110 permit us, in certain circumstances, to have a non-independent director serve on our Audit Committee, as long as a majority of our Audit Committee members (in our case, two out of three) are independent. For purposes of reliance on this exemption, our Board has determined in its reasonable judgment that Mr. Lagarde is able to exercise the impartial judgment necessary for fulfillment of his responsibilities as an Audit Committee member and his appointment is in the best interests of us and our shareholders.

Charter and Responsibilities

The Charter of the Audit Committee was reviewed and reaffirmed by the Board on December 13, 2012, is available at www.patheon.com and is also attached as Appendix B of this Proxy Statement. The Charter of the Audit Committee establishes its (i) objectives; (ii) constitution; (iii) authority; and (iv) responsibilities relating to, among other things, assisting Patheon's Board in fulfilling its oversight responsibilities relating to Patheon's financial statements, assisting the Board in fulfilling its oversight responsibilities relating to the integrity of Patheon's internal control and management information systems, and fulfilling the responsibilities assigned to the Audit Committee by the Board.

The functions and responsibilities of the Audit Committee include the following:

oversight of Patheon's external auditor;

pre-approval of non-audit services;

review of financial statements;

review of public disclosure of financial information;

establishing submission systems and treatment of complaints regarding accounting, internal accounting controls, or audit matters;

review and approval of hiring policies;

review and monitoring the integrity and adequacy of internal controls and management information systems; and

reviewing Patheon's policies and procedures for the review, approval or ratification of related person transactions.

The Audit Committee has the authority to engage independent counsel and other advisors as it determines necessary or advisable to carry out its duties, to set and pay the compensation for any advisors employed by the Audit Committee, and to communicate directly with the internal and external auditors.

Policies and Procedures Regarding Review, Approval or Ratification of Related Person Transactions

In December 2010, Patheon's Board adopted written policies and procedures for the review and approval or ratification of any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which Patheon was or is to be a participant, the amount involved exceeds \$120,000, and an officer, director, director nominee or 5% shareholder of Patheon (or their immediate family members), each of whom Patheon refers to as a related person, had or will have a direct or indirect material interest.

Table of Contents

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

the related person's interest in the related person transaction;

the approximate dollar value of the amount involved in the related person transactions;

the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;

whether the transaction was undertaken in the ordinary course of Patheon's business;

whether the terms of the transaction are no less favorable to Patheon than terms that could have been reached with an unrelated third party;

the purpose of, and the potential benefits to Patheon of, the transaction; and

any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transactions.

The Audit Committee may approve or ratify the transaction only if the committee determines that, under all of the circumstances, the transaction is in, or is not in conflict with, Patheon's best interests. The Audit Committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, Patheon's Board has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (i) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (ii) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, and (iii) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and

a transaction that is specifically contemplated by provisions of Patheon's charter and By-laws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by our CHR Committee in the manner specified in its charter.

The policy provides that any related person transaction previously approved by the Audit Committee or otherwise already existing that is ongoing in nature shall be reviewed by the Audit Committee annually. The Audit Committee approved all related person transactions entered into during Fiscal 2012, and reviewed all related person transactions already existing at the beginning of Fiscal 2012 that are ongoing in nature, in accordance with the terms of the policy.

Corporate Governance Committee

Composition

The CG Committee is currently comprised of the following three members: Mr. Lagarde (Chairman), Mr. Agroskin and Mr. Viso. Messrs. Frank and Taylor also served on the CG Committee during Fiscal 2012. Mr. Lagarde and Mr. Agroskin are considered, and Messrs. Frank and Taylor were considered, not to be independent because of their positions with JLL Patheon Holdings and/or its affiliates. As a result, the CG Committee, which serves as the Board's nominating committee, is not composed entirely of independent directors.

Table of Contents

Charter and Responsibilities

The Charter of the CG Committee was reviewed and reaffirmed by the Board on December 13, 2012 and is available on Patheon's website, www.patheon.com. The Charter of the CG Committee establishes its (i) objectives; (ii) constitution; and (iii) responsibilities relating principally to corporate governance and nominations.

With respect to its corporate governance responsibilities, the CG Committee is responsible for developing and monitoring Patheon's approach to corporate governance and making recommendations to the Board concerning the corporate governance of Patheon, including:

the effectiveness of Patheon's system of corporate governance, including methods for assessing the effectiveness and contribution of the Board as a whole, each of the committees of the Board and each of the individual directors;

communication processes between the Board and management;

the mandates/charters, composition and membership of each committee of the Board;

position descriptions for individual directors, the Chair of the Board, the Chair of each committee of the Board and the CEO;

an appropriate orientation program for new members of the Board and continuing education opportunities for all directors;

procedures to enable directors or committees of the Board to engage outside counsel and any other external advisors at the expense of Patheon in appropriate circumstances;

reviewing the disclosure about Patheon's governance practices and considering any differences of Patheon's governance practices, if any, from the guidelines of applicable regulatory authorities or stock exchanges;

reviewing Patheon's Code of Business Conduct and making recommendations to the Board concerning compliance; and

reviewing Patheon's trading policies.

The CG Committee may retain, at Patheon's expense, such consultants or advisors as it may require to assist it and may invite directors, officers and employees of Patheon or any other person to attend meetings of the CG Committee to assist in the discussion and examination of the matters under consideration by the CG Committee.

Nomination Process

Except where we are legally required by contract, bylaw or otherwise to provide third parties with the right to nominate directors, the CG Committee is responsible for identifying individuals qualified to become members of the Board and making recommendations to the Board as it may consider appropriate from time to time concerning the nomination of individuals for election or appointment to the Board, including recommendations relating to:

Edgar Filing: PATHEON INC - Form DEF 14A

the size and composition of the Board and the competencies and skills required for nomination, re-election or appointment of any individual to the Board; and

those individuals to be nominated for election, to stand for re-election or for appointment to the Board.

In making its recommendations with respect to the nomination of individuals for election or appointment to the Board, the CG Committee considers the following:

the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess;

Table of Contents

the competencies and skills that the Board considers each director to possess;

the competencies and skills that each individual will bring to the Board; and

whether or not each individual can devote sufficient time and resources to his or her duties as a Board member.

While the CG Committee does not have a formal or informal diversity policy, it recognizes the value of a diverse Board and considers diversity, among the other factors indicated above, when assessing potential candidates for our Board. The CG Committee considers diversity to include cultural, gender and ethnic diversity, as well as diversity of experience, viewpoints and education.

Pursuant to the terms of the Special Voting Preferred Shares, JLL designates up to three directors depending on the number of restricted voting shares owned by JLL. JLL is currently entitled to designate three directors. The CG Committee must recommend each such JLL nominee to the Board unless it reasonably determines that the nominee lacks the business experience, stature and character appropriate for service on the Board. Upon the resignation of Mr. Taylor from our Board on December 15, 2011, JLL designated, the CG Committee recommended and the Board appointed Michel Lagarde to replace him. Upon the resignation of Mr. Frank as a director and Chair of our Board on February 13, 2012, JLL designated, the CG Committee recommended and the Board appointed Nicholas O Leary to replace him. The Board appointed Paul Levy to replace Mr. Frank as Chair of our Board.

Patheon will consider director nominations of shareholders proposed by (i) any person eligible to make a shareholder proposal, including nominations for the election of directors, if the proposal is signed by one or more holders of shares representing in the aggregate, not less than 5% of the shares or 5% of the shares of a class of shares of the Company entitled to vote at the meeting to which the proposal is to be presented and is otherwise properly submitted; and (ii) shareholders or their appointed proxyholders who properly make nominations at a meeting of shareholders. See Shareholder Proposals.

The Board then considers the recommendations of the CG Committee with respect to nominations and with respect to the size and composition of the Board and nominates individuals for election as directors by the shareholders. In selecting individuals for nomination as directors, the Board considers what competencies and skills the Board, as a whole, should possess and assesses what competencies and skills each existing director possesses.

As the CG Committee is not composed entirely of independent directors, to encourage an objective nomination process, the Board will generally consider the views of the directors relating to nominations.

Compensation and Human Resources Committee

Composition

The CHR Committee is currently comprised of the following three members: Mr. Lagarde (Chairman), Mr. Agroskin and Mr. Viso. Mr. Taylor also served on the CHR Committee during Fiscal 2012. Mr. Lagarde and Mr. Agroskin are considered, and Mr. Taylor was considered, not to be independent because of their positions with JLL Patheon Holdings and/or its affiliates. As a result, the CHR Committee, which serves as the Board's compensation committee, is not composed entirely of independent directors.

Charter and Responsibilities

The Charter of the CHR Committee was reviewed and reaffirmed by the Board on December 13, 2012 and is available on Patheon's website at www.patheon.com. The Charter of the CHR Committee establishes its (i) objectives; (ii) constitution; and (iii) responsibilities relating principally to compensation and succession planning.

Table of Contents

The functions and responsibilities of the CHR Committee include the following:

reviewing management proposals regarding compensation policies and compensation programs for the members of the Board and the CEO;

reviewing Patheon's executive and management compensation policies and programs;

reviewing the fees and other compensation arrangements in place for members of the Board;

reviewing and recommending to the Board, as appropriate, any employment contract between Patheon and the CEO;

recommending to the Board an appropriate overall compensation package for the CEO;

reviewing and, if appropriate, approving, the CEO's recommendation with respect to the compensation of the CEO's direct reports and reporting to the Board thereon;

reviewing and, if appropriate, approving matters relating to annual cash incentive plans (and any other discretionary annual cash incentive payments) for the executive officers (including the CEO) and senior management of Patheon and reporting to the Board thereon;

assuring itself that Patheon's executive and director compensation programs have been administered in accordance with their terms;

reviewing, discussing with management and recommending to the Board, all executive compensation disclosure in particular, Patheon's Compensation Discussion and Analysis and any reports related thereto;

administering each compensation plan, designating eligible persons under such plans and recommending to the Board for approval the grant of options and/or units to such eligible persons; and

reviewing the succession plans for the CEO and other senior executives of Patheon and providing any recommendations to the Board as appropriate.

The CHR Committee may retain, at Patheon's expense, such consultants or advisors as it may require to assist it, and may invite directors, officers and employees of Patheon or any other person to attend meetings of the CHR Committee to assist in the discussion and examination of the matters under consideration by the CHR Committee. In particular, Patheon has retained outside advisors from time to time to advise the CHR Committee on Patheon's compensation policies and programs. Additionally, the CHR Committee may delegate its authority to individual members or to subcommittees of the CHR Committee.

Compensation Process

Each year, the CHR Committee generally reviews compensation matters for the CEO, the other executive officers and certain members of senior management. The CHR Committee reviews information it receives from the CEO and management, as well as advice it receives from outside advisors, if any. The CHR Committee then makes recommendations to the Board about the CEO's compensation and, if appropriate, approves

Edgar Filing: PATHEON INC - Form DEF 14A

any annual cash incentive for the CEO. The CHR Committee also, if appropriate, approves the CEO's recommendations with respect to the compensation of other executive officers and senior management of the Corporation, including any annual cash incentive for such persons and reports to the Board thereon. The CHR Committee also, if appropriate, recommends to the Board for approval the grant of options and/or units under Patheon's compensation plans.

As the CHR Committee is not composed entirely of independent directors, to ensure an objective process for determining compensation, the Board provides for the engagement of outside advisors to obtain advice on compensation matters. In Fiscal 2012, the Company engaged Mercer to advise on certain executive compensation matters. See Compensation Discussion and Analysis.

Position Descriptions

The Board has adopted a position description for the Chair of the Board which defines the Chair's responsibilities. Among other things, the Chair is required to fulfill responsibilities relating to board management, meetings, adequate and timely information, liaising with management and monitoring director performance.

The Board has also adopted a position description for each of the Chairs of its committees and for its directors. Among other things, the Chair of each committee is required to fulfill responsibilities relating to meetings, leadership and organization of the applicable committee. Among other things, directors are required to fulfill certain responsibilities and legal requirements, possess appropriate competencies and skills and meet specific standards for effective contribution to the Board.

The Board has adopted a position description for the CEO which defines the CEO's responsibilities. Among other things, the CEO is required to fulfill responsibilities relating to planning, management, ethics, culture, policy and public representation, and communications with the Board.

The CG Committee is responsible for making recommendations to the Board on these position descriptions.

Orientation and Continuing Education

The CG Committee is responsible for making recommendations to the Board regarding an appropriate orientation program for new members of the Board and continuing education opportunities for all directors.

In order to orient new directors regarding the role of the Board, its committees and directors, including the business and operations of Patheon, all potential new directors are given the opportunity to meet with the CEO, the Chair of the Board and other directors to ask questions and become familiar with Patheon prior to being elected or appointed as a director. New directors are also presented with information packages prepared by management which include incorporation documents, By-laws, the Board and committee charters, position descriptions for the Chair of the Board, for the Chairs of committees, and for the CEO, the policies of Patheon, and summaries on the existing operations of Patheon, the industries it is serving and its ongoing strategic and other plans.

With respect to continuing education for directors, management regularly makes presentations to the Board on the pharmaceutical industry generally, and provides reports on Patheon's business and affairs specifically. Management also keeps the Board apprised of new developments in the pharmaceutical industry. Management also prepares information summaries and conducts presentations to the Board regarding legislative changes and requirements pertaining to securities laws and public company obligations. From time to time, when convenient, directors are invited to visit Patheon's facilities in various jurisdictions.

Code of Business Conduct and Ethics

The Board has approved a Code of Business Conduct (the "Code of Conduct") applicable to directors, officers, consultants, employees and agents. Revisions to the Code of Conduct were approved by the Board on December 16, 2010. A copy of the revised Code of Conduct was filed on SEDAR at www.sedar.com on January 24, 2011 and is available on Patheon's website at www.patheon.com.

The Code of Conduct is designed to promote integrity, respect, and excellence, and to deter wrongdoing. The Code of Conduct addresses each of the following issues, among others:

compliance with laws, including those relating to insider trading, conflicts of interest, corporate opportunities and business gifts and payments;

Table of Contents

responsibility to shareholders, including making public statements and shareholder value;

commitment to clients, including confidentiality of client information and good faith dealings;

commitment to employees, including equality of opportunity, freedom from discrimination or harassment, substance abuse and privacy;

proper use and protection of corporate assets, including signing authority, confidentiality of Patheon information, inventions and discoveries, capital expenditures, building security, and business records;

community relations, including community participation and political participation and contributions; and

reporting of any violation of the Code of Conduct, including any illegal or unethical conduct.

The Board has delegated the monitoring of compliance with the Code of Conduct to the Audit Committee. The Audit Committee is responsible for this and for reviewing the reports of management concerning compliance with the Code of Conduct and, if appropriate, reporting and making recommendations to the Board with respect to these matters.

Patheon uses EthicsPoint, Inc. as a service provider with respect to a confidential whistleblower program that employees may use in connection with violations, or any activities they suspect may be in violation, of the Code of Conduct, including matters relating to accounting, internal accounting controls and auditing. The program is both telephone- and web-based. The EthicsPoint reporting system is available to Patheon employees in all jurisdictions except Italy and France, where certain laws preclude Patheon from offering an anonymous reporting service to its employees, and where, instead, employees may report violations to management only on a non-anonymous basis.

Patheon has no undisclosed contracts or other arrangements in place in which any of its directors or officers have a material interest. If such arrangements arise, they must be considered and approved by the Board. In considering transactions and agreements where a director or officer has a material interest, that individual is expected to give notice of that interest and abstain from voting with respect to that matter.

Board Assessments

The CG Committee is responsible for recommending to the Board methods to properly assess the effectiveness and contribution of the Board as a whole, each of the committees of the Board and each of the individual directors, and has determined that the Chair of the Board should make such assessments and report to the CG Committee following his review.

Shareholder Communications with the Board

We have implemented a process by which our shareholders may send written communications to the Board's attention. Any shareholder wishing to communicate with the Board, any of its committees or one or more of its individual directors regarding the Company may do so by sending a letter addressed to the Board, the particular committee or the individual director(s), c/o Patheon Inc., c/o Patheon Pharmaceuticals Services Inc., 4721 Emperor Boulevard, Suite 200, Durham, North Carolina 27703.
