**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 15, 2013**

The enclosed proxy is solicited by the Board of Directors of CECO Environmental Corp., a Delaware corporation (we, us, CECO, or the Company), to be voted at the annual meeting of stockholders to be held at 1:00 p.m. eastern time at our principal office, 4625 Red Bank Road, Suite 200, Cincinnati, Ohio 45227, on May 15, 2013, or any postponement or adjournment thereof (Annual Meeting). These proxy solicitation materials and CECO 's Annual Report for the year ended December 31, 2012, including financial statements, were first mailed to stockholders entitled to notice of and to vote at the Annual Meeting on or about April 16, 2013.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting To Be Held on May 15, 2013 our Annual Report to Stockholders and this Proxy Statement are available at www.cecoenviro.com/investors.aspx. Our website does not constitute part of the Proxy Statement.

Who Can Vote

Only stockholders of record at the close of business on March 27, 2013 are entitled to notice of and to attend and vote at the Annual Meeting. As of the record date, March 27, 2013, we had 17,789,516 outstanding shares of CECO common stock. Each share of our common stock outstanding on the record date will be entitled to cast one vote.

How You Can Vote

Stockholders of record can simplify their voting by voting their shares via telephone or the Internet. Instructions for voting via telephone or the Internet are described on the enclosed proxy card. Being a record holder means that the shares are registered in your name, as opposed to the name of your bank or broker. If your shares are held in the name of a bank or broker (in street name), the availability of telephone and Internet voting will depend on the voting processes of the applicable bank or broker; therefore, it is recommended that you follow the voting instructions on the form you receive. If you do not choose to vote by telephone or the Internet, please mark your choices on the enclosed proxy card and then date, sign, and return the proxy card at your earliest opportunity.

You may also vote in person at the meeting. If your shares are held in street name, you can vote at the meeting only if you have a valid proxy from your bank or broker, confirming your beneficial ownership of shares as of the record date and your authority to vote the shares. Please bring personal photo identification with you to the meeting. If you need directions to the Annual Meeting location, please call us at (513) 458-2600.

Revocability of Proxies

Stockholders who execute proxies retain the right to revoke them at any time before the shares are voted by proxy at the meeting. A stockholder may revoke a proxy by delivering a signed statement to our corporate Secretary at or prior to the Annual Meeting or by timely executing and delivering, by Internet, telephone, mail, or in person at the Annual Meeting, another proxy dated as of a later date. If you hold shares through a bank or brokerage firm, you must contact the bank or brokerage firm to revoke any prior voting instructions.

Table of Contents

Quorum Required

In order for business to be conducted, a quorum must be represented at the Annual Meeting. The majority of the shares of common stock outstanding on the record date must be present in person or by proxy to have a quorum. Shares represented by a proxy in which authority to vote for any matter considered is withheld, a proxy marked abstain, or a proxy as to which there is a broker non-vote (described below) will be considered present at the meeting for purposes of determining a quorum.

Required Vote to Elect Directors

Directors will be elected by a plurality of the votes cast at the Annual Meeting, meaning the nine nominees receiving the most votes will be elected. Only votes cast for a nominee will be counted. Unless indicated otherwise by your proxy, the shares will be voted for the nine nominees named in this Proxy Statement. Instructions on the accompanying proxy to withhold authority to vote for one or more of the nominees will result in those nominees receiving fewer votes but will not count as a vote against the nominees.

Required Votes to Pass Other Proposals

In order to (i) ratify the selection of BDO USA, LLP as the independent registered public accounting firm of CECO for fiscal year 2013 and (ii) approve, on an advisory basis, the compensation paid to our executive officers, an affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting is required for each proposal. For these proposals, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote.

The frequency for the advisory vote on the compensation paid to our executive officers receiving the most votes, whether every year, every two years, or every three years, will be the frequency that our stockholders approve, on an advisory basis. For this proposal, abstentions will have no effect on the outcome of the vote.

Broker non-votes on a proposal are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved that proposal.

Broker Non-Votes

If your shares are held by a bank, broker, or other nominee and you do not provide the bank, broker, or other nominee with specific voting instructions, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters.

If the bank, broker, or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization will inform our Inspector of Elections that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote. When our Inspector of Elections tabulates the votes for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present, but will not otherwise be counted.

We believe that Proposal 2 (ratification of independent auditors) will be considered routine. We believe that Proposal 1 (election of directors), Proposal 3 (advisory vote on executive compensation), and Proposal 4 (advisory vote on the frequency of an advisory vote on executive compensation) will be considered non-routine, and banks, brokers, and certain other nominees that hold your shares in street name will not be able to cast votes on these proposals if you do not provide them with voting instructions.

Please provide voting instructions to the bank, broker, or other nominee that holds your shares by carefully following their instructions.

Table of Contents*Other Information*

If no instructions are indicated on a duly executed and returned proxy, the shares represented by the proxy will be voted FOR the ratification of the nine nominees for director proposed by the Board and set forth herein, FOR the ratification of the appointment of BDO USA, LLP as the independent registered public accounting firm of the Company for fiscal year 2013, FOR advisory approval of the Company's executive compensation, 1 YEAR for the frequency of holding an advisory vote on the Company's executive compensation, and in accordance with the judgment of the persons named in the proxy as to such other matters as may properly come before the Annual Meeting.

PROPOSAL 1**ELECTION OF DIRECTORS****Directors and Nominees**

The Board has determined that the number of directors shall be nine and, accordingly, nine persons have been nominated to serve as directors to hold office until the next annual meeting or until their successors shall be duly elected and qualified. The names of, and certain information with respect to, the nominees of the Board for election as directors, are set forth below. All nominees, except for Eric M. Goldberg and Seth Rudin, are currently CECO directors. Current directors Thomas J. Flaherty and Jason Meretsky are not standing for reelection at the Annual Meeting. If, for any reason, any nominee should become unable or unwilling to serve as a director, the Board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the persons named in the enclosed proxy may exercise their discretion to vote your shares for the substitute nominee.

All of our director nominees other than Phillip DeZwirek, Jason DeZwirek, Jeffrey Lang, and Jonathan Pollack qualify as independent directors in accordance with the published listing requirements of NASDAQ, as do current directors Thomas J. Flaherty and Jason Meretsky. The NASDAQ independence definition includes a series of objective tests, such as that the director is not an employee of the company and has not engaged in various types of business dealings with the company. In addition, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

The following table shows information as of April 1, 2013 for each director nominee.

Table of Contents

Board of Directors and Its Committees

During the fiscal year ended December 31, 2012, the Board of Directors held 5 meetings. The Board's policy regarding director attendance at the annual general meetings of stockholders is that directors are encouraged to attend, and that we will make all appropriate arrangements for directors who attend. All of the current directors attended the 2012 annual meeting. All directors attended at least 75% of the meetings of the Board and the Committees on which they served during the fiscal year ended December 31, 2012. Executive sessions of the independent directors are also held. The standing committees of the Board include the Audit Committee and the Compensation Committee.

Audit Committee

The Company has a separately designated Audit Committee, as defined in §3(a)(58)(A) of the Securities Exchange Act of 1934 (the Exchange Act). The members of the Audit Committee are Directors Krieg, Cape, and Wright. Director Krieg serves as Chairman of the Audit Committee. The Board has determined that Director Krieg qualifies as an audit committee financial expert as described by Item 407(d)(5) of Regulation S-K of the Exchange Act, and that each of the Audit Committee members is independent under the applicable NASDAQ listing standards. The Audit Committee held 5 meetings in 2012. See the Audit Committee Report below.

The primary purpose of the Audit Committee is to assist the Board in its general oversight of CECO's financial reporting process and approval of the services provided to CECO by its auditors. The Audit Committee also evaluates transactions where the potential for a conflict of interest exists. The Audit Committee's purposes are more fully described in its Charter, which the Board adopted in its current form on June 1, 2007, a copy of which can be found on our website www.cecoenviro.com on the Investor Information, Corporate Governance, section.

Compensation Committee

Our Compensation Committee is comprised of Directors Flaherty and Wright, each of whom is an independent director with the meaning of the rules of NASDAQ. Mr. Flaherty is not standing for reelection at the 2013 Annual Meeting. The Compensation Committee operates under a written charter, which can be found on our website www.cecoenviro.com on the Investor Information, Corporate Governance, section. The Compensation Committee held 3 meetings in 2012. The primary purpose of the Compensation Committee is to review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other named executive officers, and to approve or make recommendations to the Board with respect to the compensation of our other executive officers. The Compensation Committee also administers our 2007 Equity Incentive Plan and Employee Stock Purchase Plan. The Compensation Committee's processes and procedures for the consideration and determination of executive and director compensation are discussed in the section entitled *Executive Compensation* below.

Board Leadership Structure and Risk Oversight

The positions of Chief Executive Officer and Chairman of the Board are held by different individuals: Phillip DeZwirek serves as Chairman and Jeffrey Lang serves as Chief Executive Officer. Our Bylaws provide that any two or more offices may be held by the same person, but the Board believes that the current separation of the offices of Chief Executive Officer and Chairman reflects the difference in the roles of those positions. The Chief Executive Officer is responsible for determining the strategic direction and the day-to-day leadership of the Company. The Chairman determines the agenda for and presides over Board meetings. The current Chairman is the former Chief Executive Officer of the Company, so he understands the responsibilities of the Chief Executive Officer position. He also understands the role of the Board, having served as a director since 1979.

The separation of the roles of Chief Executive Officer and Chairman and the independence of a majority of the board members helps ensure independent oversight of management. All of the directors on the current Board,

Table of Contents

other than the Chairman, Phillip DeZwirek, the Chief Executive Officer, Jeffrey Lang, Jason DeZwirek, and Jonathan Pollack qualify as independent under the NASDAQ rules. Director nominees Eric M. Goldberg and Seth Rudin are also considered independent under NASDAQ rules. The standing committees – the Audit Committee and the Compensation Committee – are comprised entirely of independent directors and provide independent oversight of management.

CECO's management is responsible for identifying, assessing, and managing the material risks facing CECO. The Board performs an important role in the review and oversight of these risks, and generally oversees CECO's risk management practices and processes, with a strong emphasis on financial controls. The Board has delegated primary oversight of the management of (i) financial and accounting risks and related-party transaction risks to the Audit Committee and (ii) compensation risk to the Compensation Committee. To the extent that the Audit Committee or Compensation Committee identifies any material risks or related issues, the risks or issues are addressed with the full Board.

Nomination Process

The Company does not have a standing nominating committee. The Board does not believe that it is necessary to form a standing nominating committee given that we require director nominees to be selected, or be recommended for the Board's selection, by a majority of the independent members of the Board. Each director may participate in the selection of nominees that are recommended to the Board by the independent directors. Mr. Goldberg and Mr. Rudin were identified by management and approved by the independent directors. Directors Phillip DeZwirek, Jason DeZwirek, Jeffrey Lang, and Jonathan Pollack are not independent under NASDAQ listing requirements.

In lieu of a nominating committee charter, the Board adopted a Director Nomination Policy on September 28, 2004. A copy of the Director Nomination Policy can be found on our website www.cecoenviro.com on the Investor Information, Corporate Governance, section.

We also have adopted a policy with respect to director candidates recommended by stockholders. The independent directors will consider director candidates recommended by stockholders for inclusion on the slate of directors recommended to the Board. Any stockholder may submit one candidate for consideration at each stockholder meeting at which directors are to be elected. Stockholders wishing to recommend a candidate must submit the recommendation no later than 120 days before the date our Proxy Statement is released to stockholders in connection with the previous year's annual meeting of stockholders, provided, that if we did not hold any annual meeting in the previous year, or if the date of the next annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline will be a date that is a reasonable time before we begin to print and mail our proxy materials. Recommendations must be sent to the following address: CECO Environmental Corp., 4625 Red Bank Road, Suite 200, Cincinnati, Ohio 45227, Attention: Secretary.

At the time the stockholder submits the recommendation for a director candidate, the stockholder must provide the following:

All information about the candidate that we would be required to disclose in a Proxy Statement in accordance with the rules of the Exchange Act.

Certification from the candidate that he or she meets the requirements to be (a) independent under the NASDAQ standards and (b) a non-management director under the Exchange Act.

Consent of the candidate to serve on the Board, if nominated and elected.

Agreement of the candidate to complete, upon request, questionnaire(s) customary for our directors.

recommended by stockholders on the same basis as candidates recommended by other sources, including evaluating the candidate against the standards and qualifications set out in our Director Nomination Policy as well as any other criteria approved by the Board from time to time. The independent directors will determine whether to interview any candidate.

Director Qualifications and Diversity

Our Board believes that the Board, as a whole, should have a diverse range of characteristics and skills to function at an optimal level in exercising its oversight over the Company. When evaluating a person for nomination for election to the Board, the qualifications and skills considered by the Board, including the independent Board members, include:

Whether or not the person will qualify as a director who is independent under applicable laws and regulations, and whether the person is qualified under applicable laws and regulations to serve as a director of CECO.

Whether or not the person is willing to serve as a director, and willing to commit the time necessary for the performance of the duties of a director.

The contribution that the person can make to the Board, with consideration being given to the person's business experience, education, skills, conflicts of interest, the interplay of the candidate's experience with that of other Board members, and such other factors as the Board may consider relevant.

The character and integrity of the person.

The Board applies a broad concept of diversity, which includes all of the criteria listed above together with other factors such as the nominee's age and leadership abilities. Although CECO does not have a diversity policy, when the Board seeks new director candidates to add to the Board or to replace directors who have resigned or recommends the re-election of incumbent directors, the Board selects director nominees on the basis of all of these criteria with the goal of finding the best match for CECO's Board.

With respect to skill set diversity, the Board seeks to have directors and nominees with not only experience and expertise related to air pollution control but also in a broad range of other areas, and the Board currently consists of members with expertise in manufacturing, finance, accounting, governmental, and legal matters.

Stockholder Communications with Directors

The Board has adopted a process by which stockholders may communicate with the Board for matters other than director nominations. Stockholders who would like to communicate with the Board, or a committee of the Board, should send the communication to: Chairman of the Board, CECO Environmental Corp., 2300 Yonge Street, Suite 1710, Toronto, Ontario M4P 1E4.

Mr. Phillip DeZwirek will forward such communications to the Board at or prior to the next meeting of the Board. Stockholders wishing to communicate only with the independent directors can address their communications to Independent Directors, c/o Chairman of the Board at the same address above. These communications will be forwarded to the independent directors at or prior to the next meeting of the independent directors.

The Board or the independent directors will determine, in their respective sole discretion, the method by which any such communications will be reviewed and considered.

In addition, the Auditors have provided the Audit Committee with the written disclosures and the letter required by applicable requirements of the PCAOB, regarding the Auditors' communications with the Audit Committee concerning independence, and the Audit Committee has discussed the Auditors' independence with the Auditors.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in CECO's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, for filing with the Securities and Exchange Commission.

Section 16(a) of the Exchange Act requires our directors and executive officers and persons beneficially owning more than ten percent of a class of our equity securities to file certain reports of beneficial ownership and changes in beneficial ownership with the Securities and Exchange Commission. Based solely on our review of Section 16(a) reports and any written representation made to us, the Company believes that all such required filings for 2012 were made in a timely manner, except for a late Form 4 to be filed by Benton Cook with respect to an award of 5,000 options, which was reported on a Form 5, and a late Form 4 filed by the Harvey Sandler Revocable Trust with respect 200,000 shares issued pursuant to the conversion of a convertible debenture.

Executive Compensation

Throughout this Proxy Statement, the individuals who served as our Chairman, Chief Executive Officer, and Interim Chief Financial Officer during fiscal 2012 are referred to as the named executive officers.

Overview of Compensation Program

The Compensation Committee oversees our compensation programs, with particular attention to the compensation for our Chief Executive Officer and the other named executive officers. It is the responsibility of the Compensation Committee to review and approve or, as the case may be, recommend to the Board for approval, changes to our compensation policies and benefits programs, to recommend and approve stock-based

Table of Contents

awards to named executive officers, and to otherwise ensure that the Company's compensation philosophy is consistent with the best interests of the Company and its stockholders and is properly implemented and monitored. The Compensation Committee reports to the Board on all compensation matters regarding our directors, executives, and other key salaried employees. The Compensation Committee annually reviews and approves the compensation for our directors, executives, and other key salaried employees. The Compensation Committee does not generally delegate any of its authority to other persons, although it has the power to delegate authority to subcommittees.

The day-to-day administration of savings, health, welfare, and paid time-off plans and policies applicable to salaried employees in general is handled by our human resources and finance department employees. The responsibility for certain fundamental changes outside the day-to-day requirements necessary to maintain these plans and policies belongs to the Compensation Committee.

Compensation Policy and Processes

Objectives

The principal objective of our compensation program is to attract, motivate, and retain and reward highly qualified persons who are committed to the achievement of solid financial performance and excellence in the management of the Company's assets. The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of annual, long-term, and strategic goals by the Company and to align named executive officers' interests with those of the Company's stockholders. The Compensation Committee accomplishes this by providing competitive compensation designed to link executive compensation to the Company's financial and operational performance, as well as rewarding overall high performance of its named executive officers, with the ultimate objective of increasing stockholder value. The Compensation Committee evaluates compensation against individual performance and external market factors to ensure that we maintain our ability to attract and retain key executive talent. To that end, total compensation generally is comprised of a base salary plus incentive compensation, based on the Company's financial performance and other factors, including achievement of individual goals. Individual non-incentive bonuses are also part of overall compensation from time to time based on an individual's special efforts.

Role of Executive Officers in Compensation Decisions

Based on the foregoing objectives, the Compensation Committee has structured the Company's annual and incentive-based executive compensation to motivate the named executive officers to achieve the business goals set by the Company and to reward the named executive officers for achieving such goals. These goals have generally included an individual performance goal as well as overall company performance goals. The Compensation Committee from time to time relies upon recommendations made by the Company's management, and in particular, the Chief Executive Officer, regarding compensation for named executive officers other than the Chief Executive Officer. The Compensation Committee reviews and approves, or, if the situation warrants, recommends to the full Board for approval, all new executive compensation programs, including those for the named executive officers. As part of its review and establishment of the performance criteria and compensation of our named executive officers, the Compensation Committee meets separately at least once on an annual basis with the Chief Executive Officer and other executives as it deems appropriate. The Chief Executive Officer and such other executives as the Chief Executive Officer or Compensation Committee deem appropriate, including the Chairman, annually review the performance of each of the named executive officers of the Company (other than the Chief Executive Officer whose performance is reviewed by the Compensation Committee). The conclusions reached and recommendations based on these reviews are presented to the Compensation Committee. The Compensation Committee exercises its discretion in modifying any recommended adjustments or awards to named executive officers.

Table of Contents

Setting Executive Compensation

The Compensation Committee evaluates the performance of the Chief Executive Officer and the other named executive officers and, based on such evaluation, reviews and approves the annual salary, bonus, long-term stock-based compensation, and other material benefits, direct and indirect, of the Chief Executive Officer and other named executive officers, subject to the terms of any employment agreement. In determining appropriate base salary levels, consideration is given to the named executive officer's impact level, scope of responsibility, past accomplishments, and other similar factors.

Long-Term Equity Compensation

The Company believes that granting stock-based awards and options from time to time provides named executive officers with a strong economic interest in maximizing stockholder returns over the longer term. The Company also believes that the practice of granting stock-based awards is important in retaining and recruiting the key talent necessary to ensure the Company's continued success.

Consistent with such belief, in April 2007, the Compensation Committee approved, and recommended for the Board's approval, a 2007 Equity Incentive Plan (the 2007 Equity Plan), which was adopted by the stockholders in May 2007. The 2007 Equity Plan permits us to grant stock awards as well as option awards. The Compensation Committee believes that this gives the Company more flexibility in designing its overall compensation packages. The 2007 Equity Plan is designed to promote the long-term financial interests and growth of the Company by attracting and retaining management with the ability to contribute to the success of the business, by providing an opportunity for increased equity ownership by named executive officers and by maintaining competitive levels of total compensation. The Compensation Committee administers the 2007 Equity Plan.

Under the 2007 Equity Plan, awards may be restricted stock grants, bonus stock grants without restrictions, non-qualified stock options, or incentive stock options. The restrictions on awards may be based on performance and/or time vesting. Prior to the adoption of the 2007 Equity Plan, it was the policy of the Compensation Committee to grant incentive stock options for all eligible employees granted options, as incentive to provide the employees with an enhanced tax benefit over non-qualified stock options. Since the adoption of the 2007 Equity Plan, the Compensation Committee has issued both restricted stock and options, although the Company has only issued options in recent years.

In October 1997, the Company adopted a 1997 Stock Incentive Plan (the 1997 Plan). The 1997 Plan was replaced with the 2007 Equity Plan. The 1997 Plan remains in effect solely for the purpose of the continued administration of the options currently outstanding under the 1997 Plan.

In May 2009, the Company also adopted an Employee Stock Purchase Plan (ESPP), which permits employees to purchase Company stock at a discount. Named executive officers, unless such officer owns 5% of our stock, may participate in the ESPP on the same terms as the rest of our employees.

The Company has no formal policy regarding stock ownership or retention by the Company's named executive officers.

Base Salary

The Company provides named executive officers and other employees with base salary to compensate them for the expertise and value they bring to their jobs. Base salary is determined for each named executive officer based on his or her position and responsibility by taking into account the named executive officer's impact level, scope of responsibility, prior experience, past accomplishments, and other similar factors and is subject to any existing employment agreement of such named executive officer.

Table of Contents

Salary levels of the named executive officers are reviewed and approved by the Compensation Committee annually as well as upon a promotion or other change in job responsibility. The salary levels, including any increase thereof, are based on the Compensation Committee's evaluation of the individual's strengths, development, and expected future contributions with respect to the corporate goals and objectives relevant to the individual's compensation, including individual performance.

Because of the improved performance of the Company, and their respective performances, the Compensation Committee increased Mr. Lang's salary from \$402,325 to \$420,430, or a 4.5% increase, effective January 1, 2013, and increased Mr. Cook's salary from \$104,000 to \$114,400 effective April 30, 2012 and again to \$120,120 effective January 21, 2013.

2012 Executive Incentive Bonuses and Cash Bonuses

Starting in 2006, the Compensation Committee determined that certain named executive officers should be granted a bonus based on the achievement of performance goals, consisting of both objective financial targets and personal performance targets. To that end, the Compensation Committee and the Board approved and adopted an Amended and Restated 2006 Executive Incentive Compensation Plan (the Bonus Plan). Under the Bonus Plan, the Compensation Committee selects the executive officers to participate in the Bonus Plan, determines the performance goals, and determines whether objectives and conditions for earning awards have been met. The bonuses are paid in cash to provide immediate short-term compensation.

The Compensation Committee selected the named executive officers to participate in the Bonus Plan, determined the performance goals for fiscal year 2012, and determined whether objectives and conditions for earning awards were met. For 2012, the Compensation Committee selected Benton Cook to participate in the Bonus Plan. There were two components to the performance targets: one quantitative target based on achievement of a Company financial goal and one target based on achievement of individual goals.

The objective bonus for Mr. Cook was based on whether operating income exceeded a \$13.6 million target. If the target was met, Mr. Cook would be entitled to a bonus payment equal to 15% of his base salary.

Management, including our Chief Executive Officer, consulted with the Compensation Committee to determine Mr. Cook's individual goals. The individual performance targets for 2012 for Mr. Cook included improving working capital management, efficiently delegating accounting work streams, overseeing the tax credits initiative for research and development, and ensuring accurate working capital accounting for all divisions. If Mr. Cook achieved his individual goals, cash in the amount equal to up to 5% of his base salary could be granted to him. It was determined that the Company met the quantitative target and Mr. Cook met his individual goals, and he therefore received \$22,880 under the Bonus Plan.

Mr. Lang is entitled, under his Employment Agreement, to an incentive cash bonus of up to 100% of his base salary depending on whether performance objectives, as approved by the Compensation Committee, are met. For 2012, the Compensation Committee approved and established multiple objectives. The objectives, which were both qualitative and quantitative, included achieving operating income of \$13.6 million and successfully completing strategic company initiatives. The Compensation Committee determined that he achieved all of those objectives and awarded him a cash bonus of \$402,325.

Our Chairman has historically not taken any bonus. Icarus receives \$360,000 per year, which amounts are attributable to him.

Options

From time to time, we issue options to provide long-term equity compensation to executive officers. In connection with his hiring, we granted Mr. Lang options in 2010 to purchase 600,000 shares of our common

Table of Contents

stock, which vest over a five year period. Mr. Cook received 3,000 options in May 2012, which vest over a four year period, and an additional 5,000 options in November 2012, which vest over a four year period.

Perquisites and Other Personal Benefits

The Company provides certain named executive officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with the Company's overall compensation program to better enable the Company to attract and retain employees for key positions. These perquisites include car allowances and payment of life insurance premiums.

The Kirk & Blum Manufacturing Company, one of our subsidiaries, sponsors a 401(k) retirement plan for our employees. Pursuant to the plan, the Company matches contributions each pay period at 100% of the employee's contributions for the first 1%, and 50% on the next 5%, of an employee's compensation. The named executive officers may participate in the 401(k) plan on the same terms as the rest of our employees.

Attributed costs of the perquisites for the named executive officers for fiscal 2012 are included in column *All Other Compensation* of the Summary Compensation Table in the Executive Compensation section.

Risk Considerations in our Compensation Program

We structure the compensation of management, other than our Chairman and former Chief Executive Officer, to consist of both fixed and variable compensation. The fixed (or salary) portion of compensation is designed to provide a steady income so management does not feel pressured to focus exclusively on short-term gains, which may be to the detriment of long-term appreciation and other business metrics. The variable (cash bonus and, in some cases, stock and option awards) portions of compensation are designed to reward both individual performance and overall corporate performance. For individual performance, bonuses are qualitatively determined by the Compensation Committee. Company performance is determined based on overall operating income. We believe that the variable components of compensation are sufficient to motivate management to produce superior short- and long-term corporate results while the fixed element is also sufficient such that management is not encouraged to take unnecessary or excessive risks in doing so.

Potential Payments Upon Termination, Retirement, or Change of Control

Regardless of the manner in which a named executive officer's employment terminates, he is entitled to receive amounts earned during his term of employment. The Company has no formal written policy regarding severance payments or retirement payments. Upon death or disability of a named executive officer, the named executive officer will receive benefits under the disability or life insurance policies maintained for such officer, as appropriate.

None of the Company's named executive officers has a written employment agreement with the Company, except for Mr. Lang. Under the Employment Agreement with Mr. Lang, upon a termination by the Company without cause, provided he remains in compliance with his non-compete and confidentiality obligations, he will be entitled to continued base salary and medical benefits for twelve months, plus an annual bonus based upon the percentage of base salary applicable to the annual bonus for the prior fiscal year. In addition, vested stock options would remain exercisable for 90 days. Cause under the Employment Agreement includes, among other items, willful and material breach of the terms of the Employment Agreement by Mr. Lang, conviction of a felony or certain misdemeanors, and his failure to perform his duties as lawfully directed by the Board, subject to a cure period. If the Employment Agreement is terminated due to his death or disability (as defined in the Employment Agreement), Mr. Lang will be entitled to three months continued base salary, subject to continued compliance with his non-compete and confidentiality obligations.

In addition, if there is a Change in Control of the Company (as defined in the 2007 Equity Plan) and Mr. Lang is not offered employment as chief executive officer with a compensation package equal to or better than his base salary and bonus under his Employment Agreement, then Mr. Lang is to resign and be entitled to a lump sum on the date of the Change in Control equal to his annual base salary plus his bonus in an amount equal to the same percentage of his base salary as the bonus, if any, that he received for the most recently ended fiscal year. Also, upon a Change in Control, the 600,000 stock options granted to Mr. Lang upon his hiring will immediately vest to the extent not already vested.

The following table provides information on 2012 compensation for non-officer directors who served during 2012. The table does not include expenses for attending meetings.

| Donald Wright | \$ 24,000 | \$ 19,902 | \$ 0 | \$ 43,902 |

¹ Represents the aggregate grant date fair value of option awards calculated in accordance with FASB ASC Topic 718, disregarding estimated forfeitures, rather than amounts realized by the named individuals. Assumptions used in calculating these amounts are included in Note 11 to the Company's audited financial statements for 2012 included in the Company's Annual Report on Form 10-K for 2012.

² Represents a grant of options for 6,000 shares of common stock made on May 15, 2012 to each named director other than Jason DeZwirek and Thomas J. Flaherty. Mr. Flaherty received 12,000 options and Mr. DeZwirek did not receive any options. The directors had options to purchase the following shares of common stock outstanding at the end of fiscal 2012: Mr. Wright: 44,000 shares, 34,667 of which were vested; Mr. Flaherty: 40,000 shares, of which 24,667 were vested; Mr. Krieg: 54,000 shares, of which 44,667 were vested; Mr. Cape: 34,000 shares, 24,667 of which were vested; Mr. Meretsky: 14,000 shares, of which 4,667 were vested; and Mr. Pollack: 73,000 shares, of which 39,667 were vested. Mr. Jason DeZwirek had no options outstanding at the end of fiscal 2012. None of the named directors had unvested stock awards outstanding at the end of fiscal 2012.

³ Mr. Pollack receives \$10,000 per month for consulting fees. See *Certain Transactions* above. The amounts in *All Other Compensation* represent the consulting fees, and do not represent fees received in connection with his service as a director. Mr. Pollack also received an option for 65,000 shares in December 2009 in consideration for his services as a consultant, which vests in five equal installments commencing on the first anniversary date of the grant.

Directors who are officers of CECO do not receive any additional compensation for their services as directors. During 2012, the non-officer directors received an annual retainer, which is paid quarterly. Directors Cape, Flaherty, Meretsky, Pollack, and Wright received annual retainers in the amount of \$24,000 and Director Krieg received an annual retainer in the amount of \$30,000. Director Krieg received a higher amount in recognition of his service as the Chairman of the Audit Committee.

The independent directors also received options in lieu of meeting fees. The Compensation Committee determined that issuing options in lieu of cash meeting payments would simplify the directors' compensation while promoting the ownership of stock of the Company. We therefore granted on May 15, 2012 options to purchase 6,000 shares of common stock to each of the non-officer directors, other than Thomas Flaherty, who received 12,000 options, and Jason DeZwirek, who receives no compensation for his services as director. The options vest in three equal annual installments commencing May 15, 2013. We also reimburse or pay the Board members their reasonable travel and out-of-pocket expenses to attend meetings.

Table of Contents**PROPOSAL 2****RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

At the recommendation of the Audit Committee, the Board has appointed the firm of BDO USA, LLP (BDO) as our independent registered public accounting firm for the fiscal year ending December 31, 2013. BDO has served as our independent registered public accounting firm since September 2008.

The Audit Committee pre-approves any engagement of BDO and has the ultimate authority and responsibility to select, evaluate and where appropriate, replace the independent registered public accounting firm and nominate an independent registered public accounting firm for stockholder approval.

A representative of BDO is expected to be present at the Annual Meeting and will have the opportunity to make a statement and to respond to appropriate questions. Although stockholder approval of the selection of BDO is not required by law, the Board believes that it is advisable to give stockholders an opportunity to ratify this selection. If the stockholders fail to ratify the appointment of BDO, the Audit Committee may reconsider the selection.

Independent Registered Public Accounting Firm Fees

The following table sets forth the fees for services provided by BDO USA, LLP for the fiscal years ended December 31, 2011 and 2012.

| | Fiscal Year 2012 | Fiscal Year 2011 |
|--------------------|-------------------------|-------------------------|
| Audit Fees | \$ 408,660 | \$ 388,949 |
| Audit-Related Fees | \$ | \$ 5,550 |
| Tax Fees | \$ 8,500 | \$ 31,804 |
| All Other Fees | | |
| Total | \$ 417,160 | \$ 426,303 |

The following is a description of the nature of the services comprising the fees disclosed in the table above for each of the four categories of services. The Audit Committee has considered whether providing non-audit services is compatible with maintaining BDO's independence.

Audit Fees

These are fees for professional services for the audits of our annual consolidated financial statements, the review of financial statements included in Quarterly Reports on Form 10-Q, and services that are normally rendered in connection with statutory and regulatory filings or engagements.

Audit-Related Fees

These are fees for assurance and related services that are reasonably related to the performance of the audit or the review of our financial statements that are not included as audit fees. These services for 2011 include consultation on China matters.

Tax Fees

These are fees for professional services rendered by BDO with respect to tax compliance, tax advice and tax planning. These services for 2011 and 2012 include tax return preparation and consulting on tax planning matters.

Table of Contents

All Other Fees

These are fees for other services rendered by BDO that do not meet the above category descriptions.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for pre-approving all audit services and permitted non-audit services (including the fees and retention terms) to be performed for the Company by its auditors prior to their engagement for such services. The Audit Committee has delegated to each of its members the authority to grant pre-approvals, such approvals to be presented to the full Audit Committee at the next scheduled meeting. None of the fees paid to BDO under the categories Audit-Related and Tax were approved by the Audit Committee after the services were rendered pursuant to the de minimis exception established by the SEC.

The affirmative vote of a majority of the votes present in person or by proxy with a quorum present is required to approve this proposal. **The Board of Directors recommends a vote FOR the ratification of the appointment of BDO USA, LLP as independent registered public accounting firm of CECO for fiscal year 2013.**

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act and the related rules of the SEC, we are including in this Proxy Statement a separate resolution to enable our stockholders to approve, on a discretionary and non-binding basis, the compensation of our named executive officers.

This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies, and practices described in this Proxy Statement. Accordingly, you may vote on the following resolution at the Annual Meeting:

RESOLVED, that Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in CECO Environmental Corp.'s Proxy Statement for the 2013 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Summary Compensation Table and the other related disclosure.

This vote is advisory, and therefore nonbinding. In considering their vote, stockholders are encouraged to read the Executive Compensation section of this Proxy Statement, which discusses the Company's compensation policies and procedures, and the compensation for the Company's named executive officers for the fiscal year ending December 31, 2012. The Board and the Compensation Committee expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

Our compensation programs are designed to motivate our executives to create a successful company. We believe that our compensation program rewards sustained performance that is aligned with long-term stockholder interests.

The affirmative vote of a majority of the votes present in person or by proxy with a quorum present is required to approve this proposal on an advisory basis. **The Board of Directors recommends that stockholders vote, on an advisory basis, FOR the approval of the named executive officers' compensation described in the compensation tables and the narrative discussion of this Proxy Statement.**

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company seeks your advisory (non-binding) vote on the frequency of the advisory stockholder vote on compensation paid to our executive officers. By voting on this proposal, stockholders may indicate whether they prefer an advisory vote on executive compensation every one, two, or three years, or abstain from voting.

After careful consideration of this proposal, our Board has determined that an advisory vote on executive compensation that occurs annually is the most appropriate alternative for the Company, and therefore our Board recommends that you vote for a one-year interval for the advisory vote on executive compensation.

In formulating its recommendation, our Board considered that an advisory vote on executive compensation every year will allow our stockholders to provide us with their direct input on our compensation philosophy, policies, and practices as disclosed in the Proxy Statement every year. Setting a one-year period for holding this stockholder vote will enhance stockholder communication by providing a clear, simple means for the Company to obtain information on investor sentiment about our executive compensation philosophy.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, or three years, or abstain when you vote on this Proposal 4. The option of one year, two years, or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by the stockholders. Although the vote is non-binding, our Board will take into account the outcome of the vote when making future decisions about the frequency of the Company's advisory votes on executive compensation. However, because this vote is advisory only and non-binding, the Board may nevertheless decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the most popular option selected by our stockholders.

The frequency receiving the highest number of votes present in person or by proxy with a quorum present will be the frequency approved by the stockholders on an advisory basis. **The Board of Directors recommends that you vote FOR the approval, on an advisory basis, of the option of every one year for holding a future advisory vote on executive compensation.**

Any stockholder proposal not intended to be included in the Proxy Statement for consideration at our 2014 annual meeting will be considered untimely unless received by the Secretary of the Company no later than March 2, 2014.

Method of Proxy Solicitation
