Additional Information and Where You Can Find It

NetScout s Registration Statement on Form S-4, Proxy Statement and other documents concerning the proposed acquisition of Danaher s Communications business have been filed with the Securities and Exchange Commission (the SEC). Investors are urged to read the S-4 Registration Statement and Proxy Statement, along with other relevant documents filed with the SEC as well any amendments or supplements to those documents because they will contain important information. Security holders may obtain a free copy of the Registration Statement and Proxy Statement (when it is available) and other documents filed by NetScout with the SEC at the SEC s website at www.sec.gov. The Registration Statement and Proxy Statement, along with other documents, may also be obtained for free by contacting Andrew Kramer, Vice President of Investor Relations, by telephone at 978-614-4000, by email at ir@netscout.com, or by mail at Investor Relations, NetScout Systems, Inc., 310 Littleton Road, Westford, MA 01886. This communication is not a solicitation of a proxy from any security holder of NetScout. However, NetScout, Danaher and certain of their respective directors and executive officers may be deemed to be participants in the solicitation of proxies from NetScout s stockholders in connection with the proposed transaction. Information about NetScout s directors and executive officers and their beneficial ownership of NetScout s common stock may be found in its preliminary proxy statement filed with the SEC on January 9, 2015 as amended. This document can

Safe Harbor & Non-GAAP Financial Metrics

Forward-looking statements in this communication are made pursuant to the safe harbor pr

the Securities Exchange Act of 1934 and other federal securities laws. Investors are cautioned that statements in this presentati historical statements, including without limitation, the statements related to the timing associated with completing the merger visits of the statements of the statements are statements. communication business and the financial guidance for NetScout s fourth fiscal quarter and other financial guidance, constitut statements which involve risks and uncertainties. Actual results could differ materially from the forward-looking statements du risk, uncertainties, assumptions and other factors. Such factors include slowdowns or downturns in economic conditions generated advanced network and service assurance solutions specifically, the Company s relationships with strategic partners, dependen acceptance of the Company s network performance management solutions, the presence of competitors with greater financial their strategic response to our products, our ability to retain key executives and employees, the failure to obtain, delays in obtain related to obtaining shareholder or regulatory approvals; the anticipated tax treatment of the transaction and related transaction unforeseen changes to or the effects on liabilities, future capital expenditures, revenue, expenses, synergies, indebtedness, financial expension expenses, revenue, expenses, expense and future prospects; failure to consummate or delay in consummating the transaction for other reasons; and the ability of NetS integrate the merged assets and the associated technology and achieve operational efficiencies. For a more detailed description associated with the Company, please refer to the Company s Registration Statement on Form S-4, Annual Report on Form 10-March 31, 2014 and Quarterly Reports on Form 10-Q for the quarters ended June 30, 2014, September 30, 2014 and December 30, 2015, and December 30, 2016, and December 30, and December are on file with the Securities and Exchange Commission. NetScout assumes no obligation to update any forward-looking info communication or with respect to the announcements described herein.

This presentation makes reference to certain non-GAAP measures such as non-GAAP revenue an

per share. These non-GAAP measures are not in accordance with GAAP, should not be considered an alternative for measures with GAAP (revenue, net income and diluted net income per share), and may have limitations in that they do not reflect all of I operations as determined in accordance with GAAP. These non-GAAP measures should only be used to evaluate NetScout s conjunction with the corresponding GAAP measures. The presentation of non-GAAP information is not meant to be considered from or as a substitute for results prepared in accordance with GAAP. NetScout believes these non-GAAP financial measures overall understanding of NetScout's current financial performance and NetScout's prospects for the future by providing a high for certain financial measures and providing a level of disclosure that helps investors understand how the Company plans and it business. NetScout believes that providing these non-GAAP measures affords investors a view of NetScout s operating result compared to peer companies and also enables investors to consider NetScout s operating results on both a GAAP and non-GA following the integration period of NetScout s acquisitions. Presenting the GAAP measures on their own would not be indicated operating results. Furthermore, NetScout believes that the presentation of non-GAAP measures when shown in conjunction w GAAP measures provide useful information to management and investors regarding present and future business trends relating and results of operations. NetScout management regularly uses supplemental non-GAAP financial measures internally to unde evaluate its business and to make operating decisions. These non-GAAP measures are among the primary factors that manage and forecasting. The reconciliation of these non-GAAP metrics to the comparable GAAP metrics are set forth in the accompanion this presentation and are available on our website at

Mid-cap technology leader positioned for solid double-digit revenue growth on a much larger, \$1B+ annual revenue base

We expect substantial operating leverage and strong free cash flow growth as we return non-GAAP gross margin to prior levels in the high-70% range, drive additional synergies across a range of functional areas and invest prudently across a scalable infrastructure

Potential to support incremental EPS gains as we currently evaluate strategies to drive tax efficiencies and capital deployment Post-Acquisition NetScout Operating targets attained assuming ~10% annual revenue growth **Current Operating Targets**
