NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2015

(unaudited)

NOTE A BASIS OF PRESENTATION AND SUMMARY ACCOUNTING POLICIES

Organization and business

Lifetime Brands, Inc. (the Company) designs, sources and sells branded kitchenware, tableware and other products used in the home and markets its products under a number of brand names and trademarks, which are either owned or licensed by the Company, or through retailers' private labels. The Company markets and sells its products principally on a wholesale basis to retailers. The Company also markets and sells a limited selection of its products directly to consumers through its Pfaltzgraff®, Mikasa®, Fred® and Friends, Built NY®, Lifetime Sterling® and The English Table Internet websites.

During the second quarter of 2014, the Company realigned its reportable segments into three categories, U.S. Wholesale, International and Retail Direct. The U.S. Wholesale segment, formerly the Wholesale segment, includes the domestic operations of the Company's primary business that designs, markets and distributes its products to retailers and distributors. Due to recent acquisitions, certain business operations conducted outside the U.S., previously included in the Wholesale segment, were moved to the International segment. This change reflects the manner in which management assesses performance and allocates resources. No changes were made to the Retail Direct segment. Previous periods presented have been recast to conform with the current period presentation.

Basis of presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments, which consist only of normal recurring accruals, considered necessary for a fair presentation have been included. These condensed consolidated financial statements should be read in conjunction with the condensed consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014. Operating results for the three month period ended March 31, 2015 are not necessarily indicative of the results that may be expected for the year ending December 31, 2015.

The Company's business and working capital needs are highly seasonal, with a majority of sales occurring in the third and fourth quarters. In 2014 and 2013, net sales for the third and fourth quarters accounted for 60% and 61% of total annual net sales, respectively. In anticipation of the pre-holiday shipping season, inventory levels increase primarily in the June through October time period.

Revenue recognition

The Company sells products wholesale, to retailers and distributors, and retail, directly to the consumer. Wholesale sales and retail sales are recognized when title passes to the customer, which is primarily at the shipping point for

wholesale sales and upon delivery to the customer for retail sales. Shipping and handling fees that are billed to customers in sales transactions are included in net sales and amounted to \$409,000 and \$370,000 for the three months ended March 31, 2015 and 2014, respectively. Net sales exclude taxes that are collected from customers and remitted to the taxing authorities.

The Company offers various sales incentives and promotional programs to its customers from time to time in the normal course of business. These incentives and promotions typically include arrangements such as cooperative advertising, buydowns, volume rebates and discounts. These arrangements and an estimate of sales returns are reflected as reductions in net sales in the Company's condensed consolidated statements of operations.

Table of Contents**LIFETIME BRANDS, INC.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2015**

(unaudited)

Cost of sales

Cost of sales consists primarily of costs associated with the production and procurement of product, inbound freight costs, purchasing costs, royalties and other product procurement related charges.

Distribution expenses

Distribution expenses consist primarily of warehousing expenses and freight-out expenses.

Inventory

Inventory consists principally of finished goods sourced from third-party suppliers. Inventory also includes finished goods, work in process and raw materials related to the Company's manufacture of sterling silver products. Inventory is priced using the lower of cost (first-in, first-out basis) or market method. The Company estimates the selling price of its inventory on a product by product basis based on the current selling environment. If the estimated selling price is lower than the inventory's cost, the Company reduces the value of the inventory to its net realizable value.

The components of inventory are as follows:

	March 31, 2015	December 31, 2014
	(in thousands)	
Finished goods	\$ 139,556	\$ 134,564
Work in process	1,814	1,887
Raw materials	1,627	1,473
Total	\$ 142,997	\$ 137,924

Fair value of financial instruments

The Company determined the carrying amounts of cash and cash equivalents, accounts receivable and accounts payable are reasonable estimates of their fair values because of their short-term nature. The Company determined that the carrying amounts of borrowings outstanding under its revolving credit facility, term loan and short term loan approximate fair value since such borrowings bear interest at variable market rates.

Derivatives

The Company accounts for derivative instruments in accordance with Accounting Standard Codification (ASC) Topic No. 815, Derivatives and Hedging. ASC Topic No. 815 requires that all derivative instruments be recognized on the balance sheet at fair value as either an asset or liability. Changes in the fair value of derivatives that qualify as hedges and have been designated as part of a hedging relationship for accounting purposes have no net impact on earnings to the extent the derivative is considered highly effective in achieving offsetting changes in fair value or cash flows attributable to the risk being hedged, until the hedged item is recognized in earnings. If a derivative which is designated as part of a hedging relationship is considered ineffective in achieving offsetting changes in fair value or cash flows attributable to the risk being hedged, the changes in fair value are recorded in operations. For derivatives that do not qualify or are not designated as hedging instruments for accounting purposes, changes in fair value are recorded in operations.

The Company is a party to interest rate swap agreements with an aggregate notional amount of \$24.1 million to manage interest rate exposure in connection with its variable interest rate borrowings. The hedge periods of these agreements commenced in March 2013 and expire in June 2018 and the notional amounts amortize over this period. The interest rate swap agreements were designated as cash flow hedges under ASC Topic No. 815. The effective portion of the fair value gain or loss on these agreements is recorded as a component of accumulated

Table of Contents

(unaudited)

other comprehensive loss. The effect of recording these derivatives at fair value resulted in an unrealized loss of \$54,000 and an unrealized gain of \$9,000, net of taxes, for the three months ended March 31, 2015 and 2014, respectively. No amounts recorded in accumulated other comprehensive loss are expected to be reclassified to interest expense in the next twelve months.

The fair value of the derivatives have been obtained from the counterparties to the agreement and were based on Level 2 observable inputs using proprietary models and estimates about relevant future market conditions. The aggregate fair value of the Company's interest derivative instruments was a liability of \$123,000 and \$32,000 at March 31, 2015 and December 31, 2014, respectively, and is included in accrued expenses and other long-term liabilities in the condensed consolidated balance sheet.

Employee Healthcare

The Company self-insures certain portions of its health insurance plan. The Company maintains an accrual for unpaid claims and estimated claims incurred but not yet reported (IBNR). Although management believes that it uses the best information available to estimate claims IBNR, actual claims may vary significantly from estimated claims.

New Accounting Pronouncements

In April 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-05, *Customer's Accounting for Fees Paid in a Cloud Computing Arrangement*, which provides guidance about whether a cloud computing arrangement includes a software license. This ASU is effective for financial statements issued for fiscal years and interim periods within those fiscal years beginning after December 15, 2015. This ASU can be applied prospectively to all arrangements entered into or materially modified after the effective date or retrospectively. Early adoption is permitted. The Company is currently determining its implementation approach and assessing the impact, if any, on the condensed consolidated financial statements.

In April 2015, FASB issued ASU 2015-03, *Simplifying the Presentation of Debt Issuance Costs*, which requires debt issuance costs to be presented in the balance sheet as a direct deduction from the associated debt liability. This ASU is effective for financial statements issued for fiscal years and interim periods within those fiscal years beginning after December 15, 2015. This ASU will be applied on a retrospective basis and early adoption is permitted. The Company's adoption of this guidance will not have a material impact on the Company's condensed consolidated financial position.

In May 2014, FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, to clarify the principles of recognizing revenue and create common revenue recognition guidance under U.S. GAAP and International Financial Reporting Standards. This ASU is effective for fiscal years and interim periods within those years beginning after December 15, 2016 and can be adopted either retrospectively to each reporting period presented or as a cumulative effect adjustment as of the date of the adoption, with early application not permitted. The Company is currently

determining its implementation approach and assessing the impact, if any, on the condensed consolidated financial statements.

NOTE B ACQUISITIONS

Kitchen Craft

On January 15, 2014, the Company acquired 100% of the share capital of Thomas Plant (Birmingham) Limited (Kitchen Craft) for cash in the amount of £37.4 million (\$61.5 million) and 581,432 shares of common stock of the Company with the market value of £5.5 million (\$9.0 million), at the date of closing. The purchase price also included contingent cash consideration of up to £5.5 million (\$9.0 million). Kitchen Craft is a leading supplier of kitchenware products and accessories in the United Kingdom. The assets, liabilities and operating results of Kitchen Craft are reflected in the Company's condensed consolidated financial statements in accordance with ASC Topic No. 805, *Business Combinations*, commencing from the acquisition date. For detailed information on the allocation of the purchase price, see the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

The purchase price has been determined to be as follows (in thousands):

Cash	\$ 61,302
Share consideration issued ⁽¹⁾	8,382
Value of contingent consideration ⁽²⁾	2,488
Working capital adjustment ⁽³⁾	374
Total purchase price	\$ 72,546

- (1) Share consideration issued is valued at the closing market price discounted to account for lack of marketability related to the lock up period as described in the share purchase agreement.
- (2) The value of contingent consideration represents the present value of the estimated payments related to the attainment of certain financial targets for the years 2014 through 2016, determined as of the date of the acquisition. The maximum undiscounted contingent consideration to be paid under the agreement is £5.5 million (\$9.0 million).
- (3) A working capital adjustment was made in May 2014 as provided for in the share purchase agreement.

Table of Contents

LIFETIME BRANDS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2015

(unaudited)

As of March 31, 2015 the fair value of the contingent consideration is approximately £2.1 million (approximately \$3.1 million). In April 2015, the Company entered into a Deed of Variation and Settlement with the sellers of Kitchen Craft to amend the calculation and financial targets of the contingent consideration included in the purchase agreement. The maximum undiscounted contingent consideration to be paid remains unchanged at £5.5 million. The Company is in the process of determining the fair value of this amended contingent consideration.

Kitchen Craft is the sponsor of a defined benefit pension plan (the Plan) for which service costs accrual ceased prior to the acquisition. Pursuant to the share purchase agreement, the Company and the sellers agreed to take action to settle the Plan's obligation through the purchase of a group annuity contract and terminate the Plan. At December 31, 2014 the Plan's net funding was approximately \$1.7 million. There was no impact, nor is there any expected future impact, to the Company's annual statement of operations in connection with the settlement and planned termination of the Plan, which is expected to occur in 2015.

The Company's results of operations for the three months ended March 31, 2014 includes the operations of Kitchen Craft for the period from January 15, 2014 to March 31, 2014. Kitchen Craft's results of operations for the period from January 1, 2014 to January 14, 2014 were immaterial. For the three months ended March 31, 2014, the Company's results from operations reflect a \$0.5 million charge in cost of sales for the increase in fair value of Kitchen Craft's acquired inventory and \$0.9 million charge of related acquisition costs. Had these charges not been incurred, the reported net loss would have been \$2.1 million (basic and diluted per loss per common share of \$(0.16)).

NOTE C INVESTMENTS

The Company owns approximately a 30% interest in Grupo Vasconia S.A.B. (Vasconia), an integrated manufacturer of aluminum products and one of Mexico's largest housewares companies. Shares of Vasconia's capital stock are traded on the Bolsa Mexicana de Valores, the Mexican Stock Exchange. The Quotation Key is VASCONI. The Company accounts for its investment in Vasconia using the equity method of accounting and records its proportionate share of Vasconia's net income in the Company's statement of operations. Accordingly, the Company has recorded its proportionate share of Vasconia's net income (reduced for amortization expense related to the customer relationships acquired) for the three month periods ended March 31, 2015 and 2014 in the accompanying condensed consolidated statements of operations. The value of the Company's investment balance has been translated from Mexican Pesos (MXN) to U.S. Dollars (USD) using the spot rates of MXN 15.26 and MXN 14.74 at March 31, 2015 and December 31, 2014, respectively. The Company's proportionate share of Vasconia's net income has been translated from MXN to USD using the average exchange rates of MXN 14.94 and MXN 13.23 during the three months ended March 31, 2015 and 2014, respectively. The effect of the translation of the Company's investment resulted in a decrease to the investment of \$1.7 million and \$11,000 during the three months ended March 31, 2015 and 2014, respectively (also see Note K). These translation effects are recorded in accumulated other comprehensive loss. Included within accrued expenses at March 31, 2015 are amounts due to Vasconia of \$119,000. Included in prepaid expenses and other current assets at December 31, 2014 are amounts due from Vasconia of \$33,000.

Summarized statement of income information for Vasconia in USD and MXN is as follows:

	Three Months Ended

Table of Contents**LIFETIME BRANDS, INC.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****March 31, 2015**

(unaudited)

The Company recorded equity in earnings of Vasconia, net of taxes, of \$0.3 million and \$41,000 for the three months ended March 31, 2015 and 2014, respectively.

As of March 31, 2015 and December 31, 2014, the fair value (based upon Vasconia's quoted stock price) of the Company's investment in Vasconia was \$29.8 million and \$30.8 million, respectively. The carrying value of the Company's investment in Vasconia was \$27.6 million and \$27.8 million as of March 31, 2015 and December 31, 2014, respectively.

The Company has a 40% equity interest in GS Internacional S/A (GSI), a leading wholesale distributor of branded housewares products in Brazil, which the Company acquired in December 2011. As of March 31, 2015 and December 31, 2014, the carrying value of the Company's investment in GSI was \$0 and therefore the Company has not recorded its share of equity in losses in the three months ended March 31, 2015. The Company will continue to monitor the operating results of GSI and will record equity in earnings when the equity in earnings exceeds the Company's previously unrecognized losses. The Company recorded equity in losses of GSI of \$213,000, net of taxes for the three months ended March 31, 2014.

The Company evaluated the disclosure requirements of ASC Topic No. 860, *Transfers and Servicing*, and determined that at March 31, 2015, the Company did not have a controlling voting interest or variable interest in any of its investments and therefore continued accounting for the investments using the equity method of accounting.

The borrowing capacity under the Revolving Credit Facility depends, in part, on eligible levels of accounts receivable and inventory that fluctuate regularly and certain trademark values based upon periodic appraisals, and may be lower in the first and second quarters when the Company's inventory level is lower due to seasonality.

The Company's payment obligations under the Revolving Credit Facility are unconditionally guaranteed by each of its existing U.S. subsidiaries and will be unconditionally guaranteed by each of its future U.S. subsidiaries. Certain payment obligations under the Revolving Credit Facility are also direct obligations of its foreign subsidiary borrowers designated as such under the Credit Agreement and, subject to limitations on such guaranties, are guaranteed by the foreign subsidiary borrowers, as well as by the Company. The obligations of the Company under the Revolving Credit Facility and any hedging arrangements and cash management services and the guarantees by its domestic subsidiaries in respect of those obligations are secured by substantially all of the assets and stock (but in the case of foreign subsidiaries, limited to 65% of the capital stock in first-tier foreign subsidiaries and not including the stock of subsidiaries of such first-tier foreign subsidiaries) owned by the Company and the U.S. subsidiary guarantors, subject to certain exceptions. Such security interests consist of a first-priority lien, subject to certain permitted liens, with respect to the assets of the Company and its domestic subsidiaries pledged as collateral in favor of lenders under the Revolving Credit Facility.

As of March 31, 2015 and December 31, 2014, \$42.5 million and \$45.0 million, respectively, was outstanding under the Term Loan.

Interest rates on outstanding borrowings at March 31, 2015 ranged from 2.125% to 4.6875%. In addition, the Company pays a commitment fee of 0.375% on the unused portion of the Revolving Credit Facility.

The Credit Agreement provides for customary restrictions and events of default. Restrictions include limitations on additional indebtedness, acquisitions, investments and payment of dividends, among other things. Further, the Credit Agreement provides that at any time any Term Loan is outstanding or at any time no Term Loan is outstanding and availability under the Revolving Credit Facility is less than \$17.5 million and continuing until availability of at least \$20.0 million is maintained for three consecutive months, the Company is required to maintain a minimum fixed charge coverage ratio of 1.10 to 1.00 for each of four consecutive fiscal quarter periods. The Credit Agreement also provides that when the Term Loan is outstanding, the Company is required to maintain a Senior Leverage Ratio within defined parameters not to exceed 4.00 to 1.00 for each fiscal quarter ending during 2015; and 3.25 to 1.00 for each fiscal quarter ending thereafter.

Pursuant to the term loan agreement, as of March 31, 2015, the maximum additional permitted indebtedness other than certain subordinated indebtedness was \$35.5 million. The Company was in compliance with the financial covenants of the Credit Agreement at March 31, 2015.

NOTE G LOSS PER COMMON SHARE

Basic loss per common share has been computed by dividing net loss by the weighted-average number of shares of the Company's common stock outstanding during the relevant period. Diluted loss per common share adjusts net loss and basic loss per common share for the effect of all potentially dilutive shares of the Company's common stock. The calculations of basic and diluted loss per common share for the three month periods ended March 31, 2015 and 2014 are as follows:

	Three Months Ended	
	March 31,	
	2015	2014
	(in thousands, except per share amounts)	
Net loss basic and diluted	\$ (2,105)	\$ (2,929)
Weighted-average shares outstanding basic and diluted	13,738	13,274
Basic and diluted loss per common share	\$ (0.15)	\$ (0.22)

The computation of diluted loss per common share for the three months ended March 31, 2015 and 2014 excludes options to purchase 2,276,927 and 2,361,437 shares, respectively. These shares were excluded due to their antidilutive effects.

NOTE H INCOME TAXES

On a quarterly basis, the Company evaluates its tax positions and revises its estimates accordingly. The estimated value of the Company's uncertain tax positions at March 31, 2015 is a gross liability of tax and interest of \$475,000. The Company believes that \$313,000 of its tax positions will be resolved within the next twelve months.

The Company has identified the following jurisdictions as major tax jurisdictions: U.S. Federal, California, Massachusetts, New York, New Jersey and the United Kingdom. The Company is no longer subject to U.S. Federal income tax examinations for the years prior to 2010. At March 31, 2015, the periods subject to examination for the Company's major state jurisdictions are the years ended 2010 through 2013.

The Company's policy for recording interest and penalties is to record such items as a component of income taxes. Interest and penalties were not material to the Company's financial position, results of operations or cash flows as of

and for the three months ended March 31, 2015 and 2014.

NOTE I BUSINESS SEGMENTS

The Company operates in three reportable business segments: U.S. Wholesale, International and Retail Direct. The U.S. Wholesale segment is the Company's primary domestic business that designs, markets and distributes its products to retailers and distributors. The International segment consists of certain business operations conducted outside the U.S. which was previously included in the Wholesale segment. The Retail Direct segment is where the Company markets and sells a limited selection of its products directly to consumers through its Pfaltzgraff®, Mikasa®, Fred® and Friends, Built NY®, Lifetime Sterling® and The English Table Internet websites.

The Company has segmented its operations to reflect the manner in which management reviews and evaluates the results of its operations. While the three segments distribute similar products, the segments have been distinct due to the different methods the Company uses to sell, market and distribute the products. Management evaluates the performance of the U.S. Wholesale, International and Retail Direct segments based on net sales and income (loss) from operations. Such measures give recognition to specifically identifiable operating costs such as cost of sales, distribution expenses and selling, general and administrative expenses. Certain general and administrative expenses, such as senior executive salaries and benefits, stock compensation, director fees and accounting, legal and consulting fees, are not allocated to the specific segments and are reflected as unallocated corporate expenses.

During the second quarter of 2014, the Company realigned its reportable segments into the three categories discussed above. The March 31, 2014 period presented has been recast to conform with the current period presentation.

NOTE J CONTINGENCIES

Wallace Silversmiths de Puerto Rico, Ltd. (Wallace de Puerto Rico), a wholly-owned subsidiary of the Company, operates a manufacturing facility in San Germán, Puerto Rico that is leased from the Puerto Rico Industrial Development Company (PRIDCO). In March 2008, the United States Environmental Protection Agency (the EPA) announced that the San Germán Ground Water Contamination site in Puerto Rico (the Site) had been added to the Superfund National Priorities List due to contamination present in the local drinking water supply.

In May 2008, Wallace de Puerto Rico received from the EPA a Notice of Potential Liability and Request for Information Pursuant to 42 U.S.C. Sections 9607(a) and 9604(e) of the Comprehensive Environmental Response, Compensation, and Liability Act. The Company responded to the EPA s Request for Information on behalf of Wallace de Puerto Rico. In July 2011, Wallace de Puerto Rico received a letter from the EPA requesting access to the property that it leases from PRIDCO, and the Company granted such access. In February 2013, the EPA requested access to conduct further environmental investigation at the property. PRIDCO agreed to such access

(unaudited)

and the Company consented. EPA conducted further investigation during 2013. EPA has since provided PRIDCO and the Company with the vapor intrusion sampling results and, during an April 2015 meeting with PRIDCO and the Company, the EPA advised that the results from the vapor intrusion sampling required the implementation of measures to mitigate potential exposure to sub-slab soil gas. The Company is presently reviewing this information and has requested that PRIDCO, as the property owner, find and implement a solution acceptable to the EPA. The Company is not yet able to estimate the extent of any possible liability with respect to the vapor intrusion issues. During the referenced April 2015 meeting, the EPA also advised PRIDCO and the Company that in the coming months they plan to release Remedial Investigation results with respect to the San Germán Groundwater Contamination Site. The Company is unable to determine what, if any, additional requirements or potential liabilities will result from the EPA's Remedial Investigation.

The Company is, from time to time, involved in other legal proceedings. The Company believes that other current litigation is routine in nature and incidental to the conduct of the Company's business and that none such litigation, individually or collectively, would have a material adverse effect on the Company's consolidated financial position, results of operations or cash flows.

NOTE K OTHER**Cash dividends**

On March 4, 2015, the Board of Directors declared a quarterly dividend of \$0.0375 per share payable on May 15, 2015 to shareholders of record on May 1, 2015. As of March 31, 2015, the Company accrued \$520,000 for the payment of the dividend.

Reed and Barton

In February 2015, the Company entered into an asset purchase agreement to acquire the operating assets and to assume certain liabilities of Reed and Barton Corporation. The agreement provides that the Company will purchase the assets pursuant to Section 363 of the United States Bankruptcy Code. The transaction is subject to a number of conditions, including completion of an auction process and bankruptcy court approval. Review Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of Lifetime Brands, Inc.:

We have reviewed the condensed consolidated balance sheet of Lifetime Brands, Inc. as of March 31, 2015, and the related condensed consolidated statements of operations, comprehensive loss and cash flows for the three-month periods ended March 31, 2015 and 2014. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the condensed consolidated financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Lifetime Brands, Inc. as of December 31, 2014, and the related consolidated statements of operations, comprehensive (loss) income, shareholders' equity, and cash flows for the year then ended (not presented herein) and we expressed an unqualified audit opinion on those consolidated financial statements in our report dated March 16, 2015. We did not audit the consolidated financial statements of Grupo Vasconia, S.A.B. and Subsidiaries (a corporation in which the Company has a 30% interest), which statements have been audited by other auditors whose report has been furnished to us, and our opinion on the consolidated financial statements, insofar as it relates to the amounts included for Grupo Vasconia, S.A.B. and Subsidiaries, is based solely on the report of the other auditors. In the consolidated financial statements, the Company's investment in Grupo Vasconia, S.A.B. and Subsidiaries is stated at \$27.8 million at December 31, 2014, and the Company's equity in the net income of Grupo Vasconia, S.A.B. and Subsidiaries is stated at \$0.2 million for the year ended December 31, 2014. In our opinion, the accompanying condensed consolidated balance sheet of Lifetime Brands, Inc. as of December 31, 2014, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

The decrease in the Tableware product category was partially attributable to the timing of flatware warehouse club programs, as well as a decrease in luxury tableware sales with certain retailers.

Net sales for U.S. Wholesale segment's Home Solutions product category were \$12.6 million for the three months ended March 31, 2015, an increase of \$2.1 million, or 20.0%, as compared to \$10.5 million for the three months ended March 31, 2014. The decrease in gross margin in the International segment is a result of an increase in promotional activities and the strengthening U.S. dollar against the pound sterling during the quarter.

Gross margin for the Retail Direct segment was \$3.9 million, or 66.6%, for the three months ended March 31, 2015, as compared to \$3.2 million, or 69.3%, for the corresponding period in 2014. The decrease in gross margin in Retail Direct reflects increased promotional activities.

As a percentage of sales shipped from the Company's U.K. warehouses, distribution expenses for the International segment were 11.9% and 10.8% for the three months ended March 31, 2015 and 2014, respectively. As a percentage of net sales, selling, general and administrative expenses were 24.4% and 23.1% for the three months ended March 31, 2015 and 2014, respectively.

Selling, general and administrative expenses for the three months ended March 31, 2015 for the International segment were \$6.9 million, a decrease of \$1.3 million, from \$8.2 million for the corresponding period in 2014. The decrease was due in part to the weakness of British pound against the U.S. dollar in the three months ended March 31, 2015, as compared to the three months ended March 31, 2014. As a percentage of net sales, selling, general and administrative expenses decreased to 27.2% for the three months ended March 31, 2015, as compared to 29.2% for the corresponding period in 2014.

LIQUIDITY AND CAPITAL RESOURCES

The Company's principal sources of cash to fund liquidity needs are: (i) cash provided by operating activities and (ii) borrowings available under its revolving credit facility. The Company's primary uses of funds consist of working capital requirements, capital expenditures and payments of principal and interest on its debt.

At March 31, 2015, the Company had cash and cash equivalents of \$3.4 million compared to \$5.1 million at December 31, 2014. Working capital was \$164.4 million at March 31, 2015 compared to \$174.2 million at December 31, 2014. Liquidity, which includes cash and cash equivalents and availability under its credit facilities (subject to the financial covenants of the Credit Agreement), was \$38.9 million.

The Company's Credit Agreement, which expires in January 2019, provides for, among other things, a Revolving Credit Facility commitment totaling \$175.0 million (\$40.0 million of which is available for multi-currency borrowings) and a Term Loan facility of \$50.0 million.

At March 31, 2015, borrowings outstanding under the Revolving Credit Facility were \$85.3 million and open letters of credit were \$1.9 million. At March 31, 2015, availability under the Revolving Credit Facility was approximately \$55.4 million. The borrowing capacity under the Revolving Credit Facility depends, in part, on eligible levels of accounts receivable and inventory that fluctuate regularly and certain trademark values based upon periodic appraisals, and may be lower in the first and second quarters when the Company's inventory level is lower due to seasonality.

The Company's payment obligations under the Revolving Credit Facility are unconditionally guaranteed by each of its existing and will be unconditionally guaranteed by each of its future U.S. subsidiaries. Certain payment obligations under the Revolving Credit Facility are also direct obligations of its foreign subsidiary borrowers designated as such under the Credit Agreement and, subject to limitations on such guaranties, are guaranteed by the foreign subsidiary borrowers, as well as by the Company. The obligations of the Company under the Revolving Credit Facility and any hedging arrangements and cash management services and the guarantees by its domestic subsidiaries in respect of those obligations are secured by substantially all of the assets and stock (but in the case of foreign subsidiaries, limited to 65% of the capital stock in first-tier foreign subsidiaries and not including the stock of subsidiaries of such first-tier foreign subsidiaries) owned by the Company and the U.S. subsidiary guarantors, subject to certain exceptions. Such security interests consist of a first-priority lien, subject to certain permitted liens, with respect to the assets of the Company and its domestic subsidiaries pledged as collateral in favor of lenders under the Revolving Credit Facility.

As of March 31, 2015 and December 31, 2014, \$42.5 million and \$45.0 million, respectively, were outstanding under the Term Loan.

Interest rates on outstanding borrowings at March 31, 2015 ranged from 2.125% to 4.6875%. In addition, the Company pays a commitment fee of 0.375% on the unused portion of the Revolving Credit Facility.

The Credit Agreement provides for customary restrictions and events of default. Restrictions include limitations on additional indebtedness, acquisitions, investments and payment of dividends, among other things. Further, the Credit Agreement provides that at any time any Term Loan is outstanding or at any time no Term Loan is outstanding and availability under the Revolving Credit Facility is less than \$17.5 million and continuing until availability of at least \$20.0 million is maintained for three consecutive months, the Company is required to maintain a minimum fixed charge coverage ratio of 1.10 to 1.00 for each of four consecutive fiscal quarter periods. The Credit Agreement also provides that when the Term Loan is outstanding, the Company is required to maintain a Senior Leverage Ratio within defined parameters not to exceed 4.00 to 1.00 for each fiscal quarter ending during 2015; and 3.25 to 1.00 for each

fiscal quarter ending thereafter. As of March 31, 2015, the Company's Senior Leverage Ratio was 3.14 to 1.00.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

Wallace Silversmiths de Puerto Rico, Ltd. (Wallace de Puerto Rico), a wholly-owned subsidiary of the Company, operates a manufacturing facility in San Germán, Puerto Rico that is leased from the Puerto Rico Industrial Development Company (PRIDCO). In March 2008, the United States Environmental Protection Agency (the EPA) announced that the San Germán Ground Water Contamination site in Puerto Rico (the Site) had been added to the Superfund National Priorities List due to contamination present in the local drinking water supply.

In May 2008, Wallace de Puerto Rico received from the EPA a Notice of Potential Liability and Request for Information Pursuant to 42 U.S.C. Sections 9607(a) and 9604(e) of the Comprehensive Environmental Response, Compensation, and Liability Act. The Company responded to the EPA's Request for Information on behalf of Wallace de Puerto Rico. In July 2011, Wallace de Puerto Rico received a letter from the EPA requesting access to the property that it leases from PRIDCO, and the Company granted such access. In February 2013, the EPA requested access to conduct further environmental investigation at the property. PRIDCO agreed to such access and the Company consented. EPA conducted further investigation during 2013. EPA has since provided PRIDCO and the Company with the vapor intrusion sampling results and, during an April 2015 meeting with PRIDCO and the Company, the EPA advised that the results from the vapor intrusion sampling required the implementation of measures to mitigate potential exposure to sub-slab soil gas. The Company is presently reviewing this information and has requested that PRIDCO, as the property owner, find and implement a solution acceptable to the EPA. The Company is not yet able to estimate the extent of any possible liability with respect to the vapor intrusion issues. During the referenced April 2015 meeting, the EPA also advised PRIDCO and the Company that in the coming months they plan to release Remedial Investigation results with respect to the San Germán Groundwater Contamination Site. The Company is unable to determine what, if any, additional requirements or potential liabilities will result from the EPA's Remedial Investigation.

The Company is, from time to time, involved in other legal proceedings. The Company believes that such other current litigation is routine in nature and incidental to the conduct of the Company's business and that none such litigation, individually or collectively, would have a material adverse effect on the Company's consolidated financial position, results of operations or cash flows.

Item 1A. Risk Factors

There have been no material changes in the company's risk factors from those disclosed in the Company's 2014 Annual Report on Form 10K.
