Item 1.01. Entry into a Material Definitive Agreement.

On July 24, 2015, Ryerson Holding Corporation (the Company) entered into a Credit Agreement (the Credit Agreement) by and among Joseph T. Ryerson & Son, Inc. (JTR), the wholly-owned subsidiary of the Company, and certain directly and indirectly wholly-owned subsidiaries of JTR (such subsidiaries together with JTR, the Borrowers), certain directly and indirectly wholly-owned subsidiaries of JTR as guarantors of obligations under the Credit Agreement (such subsidiaries and the Company, Guarantors), the lender parties thereto, and Bank of America, N.A. as administrative agent and collateral agent. The Credit Agreement provides the Borrowers with a new 5-year \$1.0 billion revolving credit facility (the New Credit Facility). Borrowings under the New Credit Facility were used to repay indebtedness under the existing \$1.35 million revolving credit facility (the Old Credit Facility) of JTR and certain directly and indirectly wholly-owned subsidiaries of JTR, as further described under Item 1.02 of this Report.

Amounts outstanding under the New Credit Facility bear interest at (i) a rate determined by reference to (A) the base rate (the highest of the Federal Funds Rate plus 0.50%, Bank of America, N.A.'s prime rate and the one-month LIBOR rate plus 1.00%) or (B) a LIBOR rate or, (ii) for the Company's Canadian subsidiary that is a borrower, (A) a rate determined by reference to the Canadian base rate (the greatest of the Federal Funds Rate plus 0.50%, Bank of America-Canada's Toronto Branch's base rate for pricing loans in U.S. Dollars made at its base rate and the 30 day LIBOR rate plus 1.00%), (B) the prime rate (the greatest of the Bank of Canada overnight rate plus 0.50%, Bank of America-Canada's Toronto Branch's prime rate for commercial loans made by it in Canada in Canadian Dollars and the one-month Canadian bankers' acceptance rate plus 1.00%) or (C) the bankers' acceptance rate. The spread over the base rate and prime rate is between 0.25% and 0.75% and the spread over the LIBOR and for the bankers' acceptances is between 1.25% and 1.75%, depending on the amount available to be borrowed under the New Credit Facility. Overdue amounts and all amounts owed during the existence of a default bear interest at 2% above the rate otherwise applicable thereto.

Borrowings under the New Credit Facility are secured by first-priority liens on all of the inventory, accounts receivables, lockbox accounts and related assets of the Borrowers and the Guarantors. On July 24, 2015, in connection with their entry into the Credit Agreement, the Borrowers, the Guarantors (including the Company) and Bank of America, N.A. as collateral agent, entered into U.S. and Canadian Security Agreements with respect to such liens (the Security Agreements).

The New Credit Facility also contains covenants that, among other things, restrict the Company and its restricted subsidiaries with respect to the incurrence of debt, the creation of liens, transactions with affiliates, mergers and consolidations, sales of assets and acquisitions. The New Credit Facility also requires that, if availability under the New Credit Facility declines to a certain level, the Company maintain a minimum fixed charge coverage ratio as of the end of each fiscal quarter and includes defaults upon (among other things) the occurrence of a change of control of the Company and a cross-default to other financing arrangements.

If the Company, JTR, any of the other borrowers or any restricted subsidiaries of JTR (other than an immaterial subsidiary) becomes insolvent or commences bankruptcy proceedings, all amounts borrowed under the New Credit Facility will become immediately due and payable.

Copies of the New Credit Agreement and the Security Agreements are attached hereto as Exhibits 10.1, 10.2, 10.3 and 10.4, respectively, and are incorporated by reference herein. The above descriptions of the New Credit Agreement and the Security Agreements do not purport to be complete and are subject to and qualified in their entireties by reference to the texts of the New Credit Agreement and the Security Agreements.

Item 1.02. Termination of Material Definitive Agreement.

The Company had been a guarantor of such indebtedness. The Old Credit Facility was terminated in connection with the entry into the New Credit Facility described in Item 1.01 above.
