Managed Distribution Plan (MDP)

The Board of Directors (the Board) of The Mexico Fund, Inc. (the Fund) has authorized quarterly distributions under the MDP at an annual rate of 6% of the Fund s net asset value (NAV) per share recorded on the last business day of the previous calendar year. With each distribution, the Fund will issue a notice to stockholders and an accompanying press release which will provide detailed information regarding the amount and composition of the distribution and other information required by the Fund s MDP exemptive order. The Board may amend or terminate the MDP at any time without prior notice to stockholders; however, at this time, there are no reasonably foreseeable circumstances that might cause the termination of the MDP. You should not draw any conclusions about the Fund s investment performance from the amount of distributions or from the terms of the Fund s MDP.

2015 Annual Report

October 31, 2015

Highlights

The Fund's fiscal year 2015 ended on October 31, 2015.

Mexico's gross domestic product (GDP) grew 2.1% during 2014 and 2.5% during the first nine months of 2015, as compared with the same period of the previous year. Analysts surveyed by the Mexican Central Bank estimate that Mexican GDP growth will recover to 2.8% during calendar 2016 and 3.3% during calendar 2017.

During fiscal 2015, the Fund's NAV per share registered a total return of -14.49%, compared with returns of -17.93% and -17.69% over the same period registered by the Morgan Stanley Capital International (MSCI) Mexico Index and the Bolsa IPC Index, respectively. In local currency, the NAV per share total return was 4.67%, compared with returns of 0.46% and 0.75% over the same period registered by the MSCI Mexico Index and the Bolsa IPC Index, respectively.

During fiscal 2015, the Fund's market price per share registered a total return of -24.33%. As of October 31, 2015, the Fund's market price and NAV per share were \$18.33 and \$20.66, respectively, reflecting a discount of 11.28%, compared with a premium of 0.94% at the end of fiscal 2014.

Under the Fund's Equity Shelf Program (ESP), the Fund issued 1,700 shares during fiscal 2015, resulting in additional available assets of \$45,087.

The Fund's repurchase policy allows the Fund to repurchase its own stock in the market whenever the Fund's discount exceeds 10%. The discount reached this level towards the end of fiscal 2015, and the Fund repurchased 36,710 Fund shares in the open market.

The Board has ratified the continuation of the Fund's MDP during fiscal 2016 at the annual rate of 6% of NAV per share recorded on December 31, 2015. The Fund has declared the last distribution of fiscal 2015 of \$0.3396 per share to be paid on January 13, 2016, to stockholders of record on December 23, 2015.

¹ All performance figures included here take into account the reinvestment of distributions.

The Mexico Fund, Inc.

To Our Stockholders:

We present to you the Fund's 2015 Annual Report for the year ended October 31, 2015. In this report, we summarize the period's prevailing economic, political and market conditions in Mexico and outline the Fund's investment strategy and resulting performance. We hope you find this report useful and informative.

Economic and Political Environment

During the first nine months of calendar 2015, Mexico's GDP expanded 2.5%, compared with the same period of the prior year. During 2015, Mexican economic activity has remained resilient due to stronger exports to the United States and robust domestic demand, despite the difficult external environment.

During the fiscal year ended October 31, 2015, the price of West Texas Intermediate oil (used as a benchmark in oil pricing) and the Mexican oil mix declined 42% and 49%, respectively. The decline in oil prices has reduced oil revenues to the Mexican government, as compared to 2013 and 2014 when such revenues represented 35% and 31% of public sector revenues, respectively, but reduced to 20% of revenues, as of September 2015. The Mexican government hedged a significant portion of oil exports for 2015 and 2016 at \$79 and \$49 USD/bbl, respectively.

Mexico's energy reform is progressing despite the decline in oil prices. During 2015, the National Hydrocarbons Commission (CNH) started the bidding process for oil and gas blocks to both domestic and foreign companies. Two rounds of tenders of shallow water blocks have taken place; the first was held in July 2015 and resulted in two out of fourteen fields being awarded, and the second took place in September 2015, in which three out of five blocks were awarded. A third tender for mature onshore blocks was held in December 2015, where all twenty five blocks auctioned received winning bids. It is expected that the next tender will take place in 2016.

As a consequence of lower oil revenues, Mexico's Ministry of Finance announced in January 2015 public expenditure cuts of 124 billion pesos (Ps.) for 2015, equivalent to 0.7% of GDP. In addition, the government budget for 2016 contains further public expenditure cuts of Ps. 97 billion, or 0.4% of GDP. In the aggregate, public expenditures will be reduced by Ps. 221 billion, or 1.15% of GDP, during 2015 and 2016.

Public finances remain healthy: the public deficit in 2014 was 3.2% of GDP, and although the government estimates this deficit to increase to 4.1% of GDP in 2015 (3.7% of GDP as of June 2015), due to certain preventive measures taken by the government, such as the expenditure cuts mentioned above, the deficit is expected to decrease during 2016, signaling the government's commitment to balancing public finances. Inflation is at its lowest historical level, registering an annual rate of 2.5% as of October 2015.

On December 16, 2015, the Federal Reserve (the Fed) increased its overnight interest rate by 25 basis points to a range of between 0.25% and 0.50%, its first interest rate hike since 2006. Correspondingly, on December 17, 2015, Mexico's Central Bank (Banxico) followed the Fed movement by increasing its overnight interest rate by 25 basis points to 3.25%, the first interest rate increase since 2008. Analysts are expecting additional increases in both countries' interest rates during 2016.

Expectations regarding the Fed's increase in the interest rate has caused volatility in global financial markets. In addition, it has contributed to an appreciation of the U.S. dollar against almost all currencies, increasing 13% in 2014 and 7% during the first ten months of 2015, measured by the DXY Index¹.

Edgar Filing: MEXICO FUND INC - Form N-CSR

¹ **DXY Index** computes the value of the U.S. dollar relative to a basket of foreign currencies.

4

Table of Contents**The Mexico Fund, Inc.**

The Mexican peso has depreciated 11% against the U.S. dollar during the first ten months of 2015 to Ps. 16.50, as of October 31, 2015. We believe the peso depreciation derived from the decrease in oil and other commodity prices, expectations that the Fed will increase the interest rate and the general appreciation of the U.S. dollar. As a result of the peso depreciation and increased volatility in the currency market, since December 2014, Banxico has applied mechanisms through which it has auctioned dollars in the market. Since November 23, 2015, the following mechanisms are in place: Banxico will auction \$200 million whenever the peso depreciates 1.0% in any given day and additional auctions of \$200 million will be made when the peso depreciates 1.5% in any given day (conditioned to assigning the first \$200 million auctioned). Both mechanisms will be in place until January 29, 2016, at which time each will be reevaluated. Sales of U.S. dollars under these programs have totaled \$22.6 billion as of October 31, 2015; as a result, Mexico's international foreign reserves have decreased \$17 billion since December 31, 2014, but remain at a reasonable level of \$176 billion as of October 31, 2015.

Mexican economists surveyed by Banxico at the end of October 2015 estimate GDP growth for 2016 and 2017 at 2.8% and 3.3%, respectively, and inflation at the annual rate of 3.4% for each year. With respect to the short term interest rate, economists expect it to increase in 2016 and 2017 to 4.0% and 4.7%, respectively, with the fiscal deficit as a percentage of GDP to be 3.0% by 2016.

Management Discussion of Fund's Performance and Portfolio Strategy

During fiscal 2015, the Mexican equity market had a negative performance measured in U.S. dollars due to the depreciation of the Mexican peso, as previously discussed in this report. The Fund's NAV declined 14.49% during fiscal 2015, outperforming the MSCI Mexico Index and the Bolsa IPC Index, which reported decreases of 17.93% and 17.69%, respectively. The Fund's market price declined 24.33% during fiscal 2015, resulting in a lower valuation to its NAV per share. From trading at a premium of 0.94% at the end of October 2014, the Fund traded at a discount of 11.28% at the end of fiscal 2015, based on conversion of Mexican pesos to the Fund's reporting currency, the U.S. dollar.

The following table shows the annualized performance² of the Fund's market price and NAV per share, as well as that of the Fund's benchmark and the Bolsa IPC Index, for periods ended October 31, 2015.

	Years (Annualized %) in USD			
	One	Three	Five	Ten
Fund's Market Price	24.33	3.42	2.86	8.40

During fiscal 2015, Impulsora del Fondo México, S.C. (the Adviser or Impulsora) decreased the Fund's exposure to issuers linked to oil and other commodity prices due to the steep decline in its prices, as mentioned earlier in this report. On the other hand, the Adviser increased the Fund's exposure to the construction sector due to an expected increase in government auctions of construction projects and the operation of highways to the private sector. At the same time, the Adviser increased the Fund's exposure to the industrial real estate and auto-parts sectors due to expected benefits from strong activity in the manufacturing and automotive industries. Due to the volatility in global financial markets, the Adviser increased the Fund's cash position to 4.0% as of October 31, 2015, from 1.8% as of October 31, 2014.

The following table shows the top five contributors to the performance of the Fund's NAV relative to the MSCI Mexico Index during fiscal 2015. The table is sorted according to the contribution of these issuers to the Fund's outperformance relative to the MSCI Mexico Index and shows the issuers' market price returns during the period. This fiscal year, the Fund's outperformance was achieved by avoiding or maintaining an underweight exposure to some issuers with the highest declines in share prices. The Fund maintained no exposure to Fibra Uno, Grupo Financiero Inbursa and Peñoles, as well as underweight exposures in América Móvil and Grupo Televisa, each issuers that registered double-digit negative returns.

Top Five Contributors to Relative Performance vs the MSCI Mexico Index

Issuer	Industry	Return	Contribution to Relative Fund Performance	Average Over / Under Weight
Fibra Uno	Real Estate	33.63%	1.24%	3.34%
Grupo Financiero Inbursa	Financial Groups	32.16%	1.06%	3.11%

The following table shows the top five detractors to the performance of the Fund's NAV relative to the MSCI Mexico Index during fiscal 2015 and shows their respective market price returns during the period. The Fund maintained overweight exposures in Alfa, Ternium, Mexichem and Infraestructura Energética Nova, all of which registered double-digit negative returns, as well as an underweight exposure to Grupo Aeroportuario del Pacífico, which reported a double-digit positive performance.

Top Five Detractors from Relative Performance vs the MSCI Mexico Index

Issuer	Industry	Return	Contribution to Relative Fund Performance	Average Over / Under Weight
Alfa	Holding Company	33.56%	0.74%	1.13%

Portfolio Composition by Industry

Percentage of Net Assets and Weights on MSCI Mexico Index,

October 31, 2015

During fiscal 2015, a total of 12,105,251 Fund shares traded on all U.S. consolidated markets, resulting in a daily average value of shares traded of \$1.01 million. The Fund is one of the most liquid closed-end funds investing outside the United States, as the average of comparable funds³ traded a daily average of \$0.84 million during the same period.

The average price-to-earnings ratio (PER) of the Mexican equity market at the end of October 2015 was 24.1 times, while the price-to-book value ratio was 2.6 times⁴. The market capitalization of the Bolsa at the end of October 2015 amounted to \$472.1 billion. During the third quarter of calendar 2015, financial statements of Mexican listed companies showed, in general, solid operating results, as revenues and EBITDA⁵ increased 9.1% and 14.3%, respectively, much higher than the overall economic figures already mentioned in this report. However, net profit decreased 14.8% due to the depreciation of the peso against the U.S. dollar, as mentioned earlier in this report. The Adviser will continue to be prudent in identifying companies with strong balance sheets that include manageable debt levels, positive free cash flows, strong corporate governance policies, high-quality management teams, attractive growth potential and proven business models.

Equity Shelf Program

Since June 2013, the Fund has been issuing additional Fund shares when the Fund is trading at a premium under an ESP. The ESP is conducted pursuant to a shelf registration statement filed with the Securities and Exchange Commission (SEC). Under the ESP, the Fund issued 1,700 shares during fiscal 2015, resulting in additional available assets of \$45,087.

Open Market Repurchases

The Fund's repurchase policy allows the Fund to repurchase its own stock in the market whenever the Fund's discount exceeds 10%. The discount reached this level towards the end of fiscal 2015, and the Fund repurchased 36,710 Fund shares in the open market.

Declaration of Distributions Under MDP

Under the MDP, the Fund pays quarterly distributions at an annual rate of 6% of the Fund's NAV per share recorded on the last business day of the previous calendar year. As announced on September 21, 2015, the Board approved a change in the quarterly distribution rate from an annual rate of 10% to 6%, effective with the distribution paid in October 2015. In making this determination, the Board considered that the events which occurred during fiscal 2015, such as weakening of equity markets and currencies in Mexico and emerging markets generally, the significant drop in oil and other commodity prices, uncertainty about the Chinese economy, concerns around the monetary policy in the U.S. that resulted in an interest rate increase and weaker than expected growth of the Mexican economy, have combined to result in lower than expected returns by the Fund. The Board believes that the annual rate of 6% is significant for Fund stockholders and is better aligned with the past 5 and 10 year annual rates of return in the Fund's NAV. In addition, it considers the MDP to be effective tool for reducing the Fund's discount. Despite the current environment, the Board maintains a positive view on long-term perspectives of the Mexican economy and the Fund; as such, it intends to maintain the Fund's track record of quarterly distributions, in order to optimize the Fund's long-term performance while providing periodic cash to its stockholders.

Pursuant to the MDP, the Board has declared a dividend distribution of \$0.3396 per share, payable in cash on January 13, 2016 to stockholders of record on December 23, 2015.

For each distribution under the MDP, the Fund will issue a notice to stockholders and an accompanying press release which will provide detailed information regarding the amount and composition of the distribution and other information. The Board may amend or terminate the MDP at any time without prior notice to stockholders; however, at this time, there are no reasonably foreseeable circumstances that might cause the termination of the MDP. You should not draw any conclusions about the Fund's investment performance from the amount of distributions or from the terms of the Fund's MDP.

As mentioned in this report, the Mexican economy and equity market have faced a challenging environment; notwithstanding the above, your Fund has outperformed its benchmark. We are confident that the solid fundamentals of selected listed companies and the long-term strength of key economic variables in Mexico will continue to result in attractive investment opportunities in the Mexican equity market. We hope you find this report useful and informative, and we thank you for your continued confidence in the Fund.

Sincerely yours,

Alberto Osorio

Concentration Policy

The Fund has adopted a concentration policy, as permitted by the 1940 Act, that allows it to concentrate its investments in any industry or group of industries beyond 25% of the Fund's assets if, at the time of investment, such industry represents 20% or more of the IPC Index; provided, however, that the Fund will not exceed the IPC Index concentration by more than 5%. At the end of October 2015, no industry group represented 20% or more of the value of the securities included in the IPC Index.

Proxy Voting

Information about how the Fund voted proxies during the twelve-month period ended June 30 will be available, without charge, upon request by calling collect Mr. Alberto Gómez Pimienta, or on the SEC's website at www.sec.gov. The Fund's and its Investment Adviser's proxy voting policies and procedures are available on the Fund's website, www.themexicofund.com under the heading "Corporate Governance", on the SEC's website at www.sec.gov, or without charge, upon request, by calling Mr. Alberto Gómez Pimienta. Mr. Gómez Pimienta can be contacted at (+52 55) 9138-3350, during Mexico City business hours (10:00 am to 3:00 pm and 5:00 to 7:00 pm ET).

How to Obtain More Information About the Fund

The Fund's semi-annual and annual reports and proxy statements are published on the Fund's website, www.themexicofund.com, under the section captioned "Investor Reports".

Stockholders will receive printed versions of these documents unless they have consented to receiving them electronically (see below). Stockholders who are recordholders of Fund shares and who wish to receive public reports and press releases regarding the Fund by e-mail should log in to their accounts with American Stock Transfer & Trust Company, LLC (AST) at www.amstock.com and consent to electronic delivery.

The Fund publishes a Monthly Summary Report containing information about the Fund's performance and portfolio composition. The Monthly Summary Reports are distributed via e-mail to interested investors, made available on the Fund's website, and filed with the SEC on Form 8-K.

Stockholders that have questions about the Fund may contact Mr. Alberto Gómez Pimienta, the Fund's Treasurer, at (+52 55) 9138-3350 between 10:00 am and 3:00 pm ET, and between 5:00 pm and 7:00 pm ET. If you prefer to contact the Fund via e-mail, please direct your e-mail inquiries to investor-relations@themexicofund.com.

Please visit our website for daily information on the Fund's NAV and market price per share. The Fund's NYSE trading symbol is MXF.

Electronic Delivery of Fund Materials

We encourage our stockholders to receive Fund materials via e-mail in order to save on printing expenses and contribute to saving the environment. Please inform your broker about your preference for electronic delivery (if you are holding your shares in street name) or if you are a recordholder of Fund shares, by logging in to your AST account at www.amstock.com and consenting to electronically receive Fund materials.

Open Market Repurchases

Under the Fund's open market share repurchase policy, the Fund may repurchase up to 10% of the Fund's outstanding common stock in open market transactions during any 12-month period if and when Fund shares trade at a price which is at a discount of at least 10% to

NAV. During fiscal 2015, the Fund repurchased 36,710 Fund shares in the open market, equivalent to 0.24% of the Fund's outstanding shares at the end of fiscal 2015.

Distribution Reinvestment and Stock Purchase Plan

The Fund's Distribution Reinvestment and Stock Purchase Plan (the Plan) provides a convenient way to increase your holdings in the common stock of the Fund through the reinvestment of distributions paid by the Fund. The Plan includes the following:

- (1) **Voluntary Stock Purchase Option.** All registered stockholders (regardless of whether they are Plan participants) can make monthly voluntary cash investments in Fund shares through AST (the Plan Agent). The minimum investment for a voluntary cash investment is \$25.00; you may vary the amount of your investment as long as it equals or exceeds this \$25.00 minimum. There is a fixed transaction fee of \$2.50 and a \$0.10 per share commission for this service. Optional cash payments can be made online or by mail, as described further in the enclosed brochure. Stockholders can also authorize AST to make automatic withdrawals from a bank account.
- (2) **Clarification Regarding Reinvestment of Distributions.** Distributions received through the Fund's MDP can be reinvested directly in additional Fund shares, regardless of the character of such distributions for accounting and tax reporting purposes.
- (3) **Online Enrollment in the Plan.** As an alternative to mailing an authorization card to AST, stockholders may enroll in the Plan through AST's website at www.amstock.com. To have distributions reinvested, stockholder authorization must be received by AST by the record date for a given distribution.
- (4) **Withdrawal from the Plan.** Stockholders may withdraw from the Plan by notifying AST. If a request for withdrawal is received by AST more than three (3) business days before a distribution payment date that distribution will be paid out in cash.
- (5) **Amendment of Plan.** The Fund reserves the right to amend or supplement the Plan at any time, but only by mailing to participants appropriate written notice at least thirty (30) days prior to the effective date thereof, except when necessary to comply with applicable laws or the rules or policies of the SEC or other regulatory authority.

The Plan brochure can be accessed through AST's or the Fund's website, at www.amstock.com or www.themexicofund.com. If you have any questions, please contact AST at 1-877-573-4007 or 1-718-921-8124. You may also contact AST via mail at:

If you are a Fund shareholder of record, you may enroll in the Plan by mail or online at www.amstock.com. Please contact AST for further information or to request an authorization card for enrollment. If your shares are held in nominee or street name through a broker, bank or other nominee who does not provide an automatic reinvestment service and you wish to have distributions reinvested in shares of the Fund, you must notify such nominee and request that the change be made on your behalf or that your shares be re-registered in your own name.

You may withdraw from the Plan, without penalty, at any time by notice to AST. If your request to withdraw from the Plan is received more than three business days before any distribution payment date, then that distribution will be paid out in cash. If your request to withdraw from the Plan is received less than three business days prior to any distribution payment date, then that distribution will be reinvested. However, all subsequent distributions would be paid out in cash on all balances.

Should you choose to withdraw any shares from the Plan or discontinue your participation in the Plan, you will receive a certificate or certificates for the appropriate number of full shares, along

with a check in payment for any fractional share interest you may have. The payment for the fractional shares will be valued at the market price of the Fund's shares on the date your termination is effective. In lieu of receiving a certificate, you may request the Plan Agent to sell part or all of your shares at market price and remit the proceeds to you, net of any brokerage commissions.

Under the terms of the Plan, whenever the Fund declares a distribution, Plan participants will receive their distribution entirely in shares of common stock purchased either in the open market or from the Fund. If, on the date a distribution becomes payable or such other date as may be specified by the Board (the valuation date), the market price of the common stock plus estimated brokerage commissions is equal to or exceeds the NAV per share of common stock, the Plan Agent will invest the distribution in newly issued shares of common stock, which will be valued at the greater of the NAV per share or the current market price on the valuation date. If on the valuation date, the market price of the common stock plus estimated brokerage commissions is lower than the NAV per share, the Plan Agent will buy common stock in the open market. Although stockholders in the Plan may receive no cash distributions, participation in the Plan will not relieve participants of any income tax that may be payable on such dividends or distributions. As a participant in the Plan, you will be charged a *pro-rata* portion of brokerage commissions on all open market purchases.

If you have any questions concerning the Plan, or would like a hard copy of the Plan brochure, please contact AST using the contact information listed above.

New York Stock Exchange Certifications

The Fund is listed on the New York Stock Exchange (the NYSE). As a result, it is subject to certain corporate governance rules and related interpretations issued by the NYSE. Pursuant to those requirements, the Fund must include information in this report regarding certain certifications. The Fund's President and Treasurer have filed certifications with the SEC regarding the quality of the Fund's public disclosure. Those certifications were made pursuant to Section 302 of the Sarbanes-Oxley Act (Section 302 Certifications). The Section 302 Certifications were filed as exhibits to the Fund's semi-annual report on Form N-CSR, which included a copy of the semi-annual report along with other information about the Fund. After the Fund's 2015 annual meeting of stockholders, it filed an annual certification with the NYSE stating that its President was unaware of any violation of the NYSE's Corporate Governance listing standards.

Cost Basis Information

Beginning with the 2012 calendar year, the Fund is required to report to shareholders of record and the Internal Revenue Service, annually on Form 1099-B, not only the gross proceeds of Fund shares sold, but also their cost basis, for shares purchased or acquired on or after January 1, 2012. Cost basis will be reported using the Fund's default method of first-in-first-out (FIFO), unless the shareholder of record instructs the Fund to use an average cost method for their shares purchased or acquired on or after January 1, 2012. Alternatively, a shareholder can generally supply instructions

Edgar Filing: MEXICO FUND INC - Form N-CSR

for specific lot identification for a given transaction.

If your Fund shares are registered in your name and you wish to elect an average cost method rather than the default method of FIFO, you may do so by downloading a form that is available on the Fund's website, www.themexicofund.com, under the section "Services", and mailing it to the Fund's Transfer Agent at the address indicated on the form. If you hold Fund shares through a financial intermediary, please contact that financial intermediary for instructions on how to make your election. If you wish to supply instructions for specific lot identification for shares purchased or acquired on or after January 1, 2012, please contact the Fund's Transfer Agent at (800) 937-5449.

Notes to Financial Statements

October 31, 2015

1. Operations and Significant Accounting Policies:

The Mexico Fund, Inc. (the Fund) is registered under the 1940 Act as a closed-end non-diversified management investment company. The investment objective of the Fund is to seek long-term capital appreciation through investment in securities, primarily equity, listed on the Mexican Stock Exchange.

The following is a summary of significant accounting policies followed by the Fund. The Fund is an investment company and, accordingly, follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board Accounting Standards Codification Topic 946 Investment Companies, which is part of U.S. generally accepted accounting principles (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

Valuation of investments Investments in which the principal exchange is the Mexican Stock Exchange are valued at the closing price reported by the Mexican Stock Exchange. The closing price represents the weighted average for the last twenty minutes of operations in any business day. Investments in which the principal exchange is the NASDAQ Stock Market or the New York Stock Exchange are valued at the NASDAQ official closing price or the last sale price, respectively. Short-term securities with remaining maturities of less than 60 days at the time of purchase are carried at amortized cost, which approximates fair value. All other securities are valued in accordance with methods determined by the Board. If the Board believes that the price of a security obtained under the Fund's valuation procedures does not represent the amount that the Fund reasonably expects to receive on a current sale of the security, the Fund will value the security based on a method that the Board believes to accurately reflect fair value.

GAAP establishes a fair value hierarchy that distinguishes between market data obtained from independent sources (observable inputs) and the Fund's own market assumptions (unobservable inputs). These inputs are used in determining the value of the Fund's investments and are summarized in the following fair value hierarchy:

Level 1 quoted prices in active markets for identical securities

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)
The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. An investment's level within the fair value hierarchy is based on the lowest level of any input, both individually and in the aggregate, that is significant to the fair value measurement.

The following is a summary of the inputs used as of October 31, 2015, in valuing the Fund's investments in securities:

Valuation Inputs	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
ASSETS:				
Investments in Securities:				
Equity Investments (a)	\$ 298,811,049			\$ 298,811,049
Short Term Investments (b)		\$ 12,541,776		\$ 12,541,776
Total Investments in Securities	\$ 298,811,049	\$ 12,541,776		\$ 311,352,825

(a) For detailed industry descriptions, see the accompanying Schedule of Investments.

(b) These assets consist of time deposits and repurchase agreements with maturities of one business day. They are classified as Level 2 solely as a result of the Fund's valuation technique for short-term investments, using amortized cost which approximates fair value, instead of quoted prices in active markets, and thereby may not present any higher risk than Level 1 assets.

During the year ended October 31, 2015, there were no transfers of investments between fair value levels.

Security transactions and investment income Security transactions are recorded on the date on which the transactions are entered into (the trade date). Dividend income is recorded on the ex-dividend date and interest income is recorded as earned.

Foreign Currency The market value of Mexican securities, currency holdings and other assets and liabilities denominated in Pesos was recorded in the financial statements after being translated into U.S. dollars based on the open market exchange rate prevailing in Mexico City at the end of the period. The open market exchange rate at October 31, 2015 was Ps.16.5021 to \$1.00.

The identified cost of portfolio holdings is translated at approximate rates prevailing when acquired. Income and expense amounts are translated at approximate rates prevailing when earned or incurred.

The Fund does not isolate that portion of the results of operations arising as a result of changes in the foreign exchange rates from the fluctuations arising from changes in the market prices of securities during the year. Accordingly, the net realized and unrealized gain on investments presented in the accompanying financial statements include the effects of both such changes.

Reported net realized foreign exchange gains or losses arise from sales of short-term securities in exchange for cash, payment of services or non-functional currency denominated assets; currency gains or losses realized between the trade and settlement dates on securities transactions; and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded by the Fund and the U.S. dollar equivalent of the amount actually received or paid.

Edgar Filing: MEXICO FUND INC - Form N-CSR

Net unrealized foreign exchange gains and losses arise from changes in the value of assets and liabilities other than investments in common stocks, resulting from changes in the exchange rate.

Repurchase Agreements The Fund enters into repurchase agreements with approved institutions. The Fund's repurchase agreements are fully collateralized by Mexican or U.S. Government securities. The Fund takes possession of the collateral and Impulsora del

Table of Contents

The Mexico Fund, Inc.

Fondo México S.C., the Fund's investment adviser (the Adviser), monitors the credit standing of repurchase agreement counterparties. It is the Fund's policy that the fair value of the collateral be at least equal to the principal amount of the repurchase transaction, including accrued interest, at all times. If the counterparty defaults, and the fair value of the collateral declines, realization of the collateral by the Fund may be delayed or limited.

Realized gains and losses on investments Realized gains and losses on investments are determined on the identified cost basis.

Foreign Taxes The Fund may be subject to foreign taxes on income, gains on investments or currency purchases/repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries, as applicable, based on its current interpretation of tax rules and regulations that exist in the markets in which it invests.

Under the Mexican tax reform law, which became effective January 1, 2014, gains realized on sales of securities listed on the Mexican Stock Exchange are subject to a 10% income tax payment for non-residents of Mexico. However, non-resident sellers that reside in a country with which Mexico has in effect a tax treaty (such as the United States), and that are eligible for the benefits of such tax treaty, are generally exempt from such tax. The Fund, as an investment company organized in the United States, is claiming eligibility for the benefits of such tax treaty. Therefore, the Fund believes that it should be exempt from such tax on realized gains, and no such tax is being recognized or paid by the Fund.

The Mexican tax reform law also included a 10% income tax withholding on dividends distributed by companies to non-residents of Mexico, which applies to profits generated since 2014. As a result, the Fund expects that the amount of taxes withheld on dividends the Fund earns will continue to increase as investee companies pay dividends from profits generated since 2014. During the year ended October 31, 2015, the amount of such tax withholding was \$5,500 as disclosed on the Statement of Operations.

Income Taxes No provision has been made for U.S. income or excise taxes for the year ended October 31, 2015 on net investment company taxable income or net long-term capital gains as defined by the Internal Revenue Code (the Code), since the Fund intends to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of such income to its stockholders.

GAAP prescribes the minimum recognition threshold a tax position must meet before being recognized in the financial statements. The Fund recognizes the tax benefits of uncertain tax positions only when the position is more likely than not to be sustained, assuming examination by the Internal Revenue Service. An assessment of the Fund's tax positions has been made and it has been determined that there is no liability for unrecognized tax benefits that should be recorded relating to uncertain tax positions taken on returns filed for open tax years.

Each of the Fund's federal income tax returns for the prior three fiscal years remains subject to examination by the Internal Revenue Service.

The Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefit will change materially in the next 12 months.

Dividends to stockholders Cash dividends are recorded by the Fund on the ex-dividend date.

Risks of Investment in Mexican Securities Investing in Mexican securities involves certain considerations not typically associated with investing in securities of U.S. issuers, including (1) lesser liquidity and smaller market capitalization of the Mexican securities markets, (2) currency fluctuations, (3) higher rates of inflation and domestic interest rates and (4) less stringent disclosure requirements, less available information regarding Mexican public companies and less active regulatory oversight of Mexican public companies.

The Mexican Stock Exchange is a concentrated market. A large percentage of the value of the Mexican securities market is currently represented by certain industry sectors, in particular, the communications industry. Also, a certain individual has a controlling interest in companies representing approximately 20% of the market capitalization of the Mexican Stock Exchange. As of October 31, 2015, the Fund held investments representing 13.64% of its net assets in one of these companies (América Móvil). The value of the Mexican Stock Exchange may be subject to greater volatility than markets that are less concentrated. Any factors or events which impact this individual could have negative repercussions for the issuers in which he holds a controlling interest, including certain Fund investments and the Mexican Stock Exchange as a whole.

2. Investment Advisory Agreement:

The Fund has a management contract (the Agreement) with the Adviser, a Mexican company registered under the U.S. Investment Advisers Act of 1940. The Adviser furnishes investment research and portfolio management services consistent with the Fund's stated investment policies. Under the terms of the Agreement, the Fund pays the Adviser a monthly fee (the Base Fee) at the annual rate of 1.00% on the first \$200 million of average daily net assets, 0.90% on the excess over \$200 million up to \$400 million, 0.80% on the excess over \$400 million up to \$600 million, 0.70% on the excess over \$600 million up to \$800 million and 0.60% on the excess over \$800 million.

Under the terms of the Agreement, a performance component of the Advisory fee was implemented effective on April 1, 2015. The performance component is based on the performance of the Fund relative to the MSCI Mexico Index. A performance adjustment factor will be applied to the Base Fee that will either increase or decrease the Base Fee, depending on how the Fund's NAV performs relative to the MSCI Mexico Index over a trailing 12-month period. The performance adjustment factor is to be applied each day and a daily fee is calculated; it is applied to the average net assets of the Fund over the trailing 12-month period. The resulting dollar figure will be added to or subtracted from the Base Fee depending on whether the Fund experienced better or worse performance than the MSCI Mexico Index. If the investment performance of the Fund exceeds the investment record of the MSCI Mexico Index by 2 percentage points or more, the performance adjustment will increase the Base Fee by 0.025% for every percentage point of outperformance. If the investment performance of the Fund trails the investment record of the MSCI Mexico Index by 2 percentage points or more, the performance adjustment will decrease the Base Fee by 0.025% for every percentage point of underperformance. The maximum amount of the performance adjustment in either direction is 0.20%, if the difference between the investment performance of the Fund and the investment record of the MSCI Mexico Index is 10 percentage points or more.

Table of Contents

The Mexico Fund, Inc.

Performance adjustments began on April 1, 2015. In fiscal 2015, the accumulated Base Fee of \$3,201,461 was decreased by \$2,384, resulting in a net advisory fee of \$3,199,077.

3. Fund Services Agreement:

The Fund has entered into a Fund Services Agreement with the Adviser, which provides for certain services to be performed by the Adviser, including among other activities, the determination and publication of the NAV of the Fund, the maintenance of the Fund's books and records in accordance with applicable U.S. and Mexican Laws and assistance in the preparation and filing of annual reports and tax returns. The Fund pays the Adviser a monthly fee at the annual rate of 0.11% on the first \$600 million of average daily net assets, and 0.09% on the excess over \$600 million, with a minimum amount of \$450,000 per year. For the fiscal year ended October 31, 2015, the Adviser received \$450,000 under the Fund Services Agreement.

4. Purchases and Sales of Investments:

Purchases and sales of investments, excluding short-term securities, for the year ended October 31, 2015 were as follows:

Purchases	
Common Stock	\$ 52,962,677
Total Purchases	\$ 52,962,677
Proceeds from Investments Sold	
Common Stock	\$ 92,528,443
Total Sales	\$ 92,528,443

5. Capital Stock:

At October 31, 2015, there were 150,000,000 shares of \$1.00 par value common stock authorized, of which 15,060,546 shares were outstanding.

Edgar Filing: MEXICO FUND INC - Form N-CSR

The Fund offers a Distribution Reinvestment and Stock Purchase Plan (the Plan) to its stockholders. Fund stockholders are automatically enrolled as participants in the Plan unless they notify the Fund's transfer agent otherwise. During the year ended October 31, 2015, the Fund did not issue shares under the Plan. In accordance with the terms of the Plan, for the year ended October 31, 2014, the Fund issued 103,592 shares, resulting in net proceeds to the Fund of \$2,913,392.

On June 7, 2013 the Fund filed a Registration Statement with the SEC in order to be able to offer, from time to time and subject to market conditions, its shares of common stock at a price equal to or greater than the Fund's NAV per share at the time of the offer, exclusive of any underwriting commissions and other expenses related to the offer. In

accordance with the terms of the Registration Statement, for the years ended October 31, 2015 and October 31, 2014, the Fund issued 1,700 and 907,877 shares, respectively, at market prices above NAV, resulting in net proceeds to the Fund of \$44,961 and \$25,557,969, respectively. Offering costs of approximately \$580 and \$326,000, respectively, related to the issuance of these shares were charged against the Fund's additional paid in capital during the years ended October 31, 2015 and October 31, 2014.

6. Distributions to Stockholders and Income Taxes:

The amount and characterization of certain income and capital gains to be distributed are determined in accordance with U.S. federal income tax regulations, which may differ from GAAP. These differences are primarily due to differing book and tax treatments in the timing of the recognition of net investment income or gains and losses, including losses deferred due to wash sales and foreign currency gains and losses.

The Fund may periodically make reclassifications among its capital accounts to reflect income and gains available for distribution (or available capital loss carryovers) under income tax regulations, without impacting the Fund's NAV. For the year ended October 31, 2015, amounts were reclassified within the capital accounts to increase Accumulated Net Realized Gain on Investments by \$2,464,840, decrease Accumulated Net Investment Loss by \$1,793,171, and decrease Additional Paid-in Capital by \$671,669. The reclassifications relate primarily to foreign currency gains or losses and net operating loss. Any such reclassifications are not reflected in the financial highlights.

On August 12, 2008, the Fund received authorization from the SEC that permits the Fund to distribute long-term capital gains to stockholders more than once per year. Accordingly, the Board approved the implementation of a MDP to make quarterly cash distributions to stockholders. Under the MDP, distributions will be made from current income, supplemented by realized capital gains and, to the extent necessary, paid in capital.

The Board authorized quarterly distributions under its MDP at an annual rate of 10% of NAV as of the last dividend payment on July 23, 2015. On September 18, 2015, the Board approved a change in the quarterly distribution payable under the Fund's MDP, effective with the distribution to be paid in October 2015, adjusting the rate of the MDP from 10% to 6% of NAV as of the last business day of the previous calendar year.

The tax character of distributions paid during the fiscal years ended October 31, 2015 and October 31, 2014 were as follows:

	2015	2014
Distributions paid from:		
Ordinary income	\$ 2,909,241	\$ 6,023,135

Edgar Filing: MEXICO FUND INC - Form N-CSR

Long term capital gains	30,360,300	38,435,040
Total distributions paid	\$ 33,269,541	\$ 44,458,175

Table of Contents**The Mexico Fund, Inc.**

As of October 31, 2015, the components of accumulated earnings (deficit) on a tax basis were as follows:

Net long term capital gains	\$ 2,700,796
Undistributed ordinary income	0
Unrealized depreciation	(19,616,807)
 Total accumulated earnings	 \$ (16,916,011)

As of October 31, 2015, the cost of investments for federal income tax purposes was \$331,038,807. Gross unrealized appreciation of investments was \$24,819,236 and gross unrealized depreciation of investments was \$44,505,218 resulting in net unrealized depreciation on investments of \$19,685,982, excluding foreign currency transactions. The difference between book basis and tax basis unrealized appreciation/(depreciation) is attributable primarily to wash sale loss deferrals.

7. Stock Repurchases:

In June 2009, the Board authorized the Fund to repurchase up to 10% of the Fund's outstanding common stock in open market transactions during any 12-month period if and when Fund shares trade at a price which is at a discount of at least 10% to NAV. During the year ended October 31, 2014, the Fund did not repurchase shares in the open market. During the year ended October 31, 2015, the Fund repurchased 36,710 shares at a cost of \$659,172. These shares were repurchased at an average price of \$17.96 per share, which represented an average discount of 10.17%.

8. Commitments and Contingencies:

In the normal course of business, the Fund enters into contracts that contain a variety of representations and warranties or provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, based on experience, the Fund expects the risk of loss to be remote.

9. Subsequent Events:

Edgar Filing: MEXICO FUND INC - Form N-CSR

Subsequent to October 31, 2015, the Fund declared a distribution of \$0.3396 per share payable on January 13, 2016 to stockholders of record on December 23, 2015.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of

The Mexico Fund, Inc.

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of The Mexico Fund, Inc. (the Fund) at October 31, 2015, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as financial statements) are the responsibility of the Fund s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at October 31, 2015 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

(e)(1) Below are the Registrant's Pre-Approval Policies and Procedures.

PRE-APPROVAL POLICIES AND PROCEDURES

as adopted by the

AUDIT COMMITTEE

of

THE MEXICO FUND, INC. (FUND)

The Sarbanes-Oxley Act of 2002 (Act) and rules adopted by the Securities and Exchange Commission (SEC) require that the Fund's Audit Committee pre-approve all audit services and non-audit services provided to the Fund by its independent accountant (Auditor¹). The Act and such SEC rules also require that the Fund's Audit Committee pre-approve all non-audit services provided by the Auditor to (i) the Fund's investment adviser, and (ii) any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the Fund (these entities are known as Service Affiliates) if the engagement for such entities relates directly to the operations and financial reporting of the Fund (Covered Non-Audit Services²). At this time, the Fund has only one Service Affiliate, Impulsora del Fondo México, SC (Impulsora) so references to Service Affiliates throughout the procedures encompasses only Impulsora at this time.

¹ The term Auditor, as used in these procedures, means the firm engaged to provide the Fund with services listed in Appendix A.

² Examples of types of non-audit services that may be provided to the Fund or a Service Affiliate are listed in Appendix B. **Note that** applicable law also prohibits the provision of certain services by the Auditor to entities in the investment company complex. The investment company complex includes Service Affiliates and other entities. These prohibited services are listed in Appendix C. Investment Company Complex Entities are also listed in Appendix C.

Table of Contents

The following policies and procedures govern the ways in which the Fund's Audit Committee will consider the pre-approval of audit and non-audit services that the Auditor provides to the Fund, and Covered Non-Audit Services that the Auditor proposes to provide to Service Affiliates.³ These policies and procedures do not apply in the case of audit services that the Auditor provides to Service Affiliates, nor do they apply to any services that an audit firm other than the Auditor provides to such entities.

These policies and procedures comply with applicable legal requirements for pre-approval, and also provide a mechanism by which management of the Fund and any Service Affiliates may request and secure pre-approval of audit and non-audit services in an orderly manner with minimal disruption to normal business operations.

The following policies and procedures are adopted by the Audit Committee of the Fund.

A. General

1. The Audit Committee must pre-approve all audit services and non-audit services that the Auditor provides to the Fund.
2. The Audit Committee must pre-approve any engagement of the Auditor to provide Covered Non-Audit Services to any Service Affiliate during the period of the Auditor's engagement to provide audit services to the Fund.

B. Pre-Approval of Audit Services to the Fund

1. The Audit Committee shall approve the engagement of the Fund's Auditor for each fiscal year (the Engagement). The approval of the Engagement shall not be delegated to a Designated Member. (See Section D below.) In approving the Engagement, the Audit Committee shall obtain, review and consider information concerning the proposed Auditor sufficient to enable the Audit Committee to make a reasonable evaluation of the Auditor's qualifications and independence. The Audit Committee also shall consider the Auditor's proposed fees for the Engagement, in light of the scope and nature of the audit services that the Fund will receive.
2. The Audit Committee shall report to the Fund's board of directors (Board) regarding its approval of the Engagement and of the proposed fees for the Engagement, and the basis for such approval.
3. Unless otherwise in accordance with applicable law, the Engagement, in any event, shall require that the Auditor be selected by the vote, cast in person, of a majority of the members of the Board who are not interested persons of the Fund (as defined in Section 2(a)(19) of the Investment Company Act of 1940) (Independent Directors).

³

Unless otherwise indicated by the context, the term non-audit services herein includes Covered Non-Audit Services for Impulsora, as well as non-audit services for the Fund.

C. Pre-Approval of Non-Audit Services to the Fund and to Service Affiliates by Types or Categories of Services

1. The Audit Committee may pre-approve the provision of types or categories of non-audit services for the Fund and Covered Non-Audit Services for Service Affiliates pursuant to this Section C.
2. Annually, at such time as the Audit Committee considers the Engagement of the Auditor, management of the Fund and of any Service Affiliates, in consultation with the Auditor, shall provide to the Audit Committee, for its consideration and action, the following: (a) a list of those types of non-audit services, if any, that the Fund expects to request from the Auditor during the fiscal year; and (b) a list of those types of Covered Non-Audit Services that Services Affiliates expect to request from the Auditor during the fiscal year.
3. The lists submitted to the Audit Committee shall describe the types of non-audit services in reasonable detail and shall include an estimated budget (or budgeted range) of fees where possible and such other information as the Audit Committee may request.
4. The Audit Committee, after appropriate consideration of such information as it deems relevant, may pre-approve a non-audit service that is not a prohibited service (see Appendix C) if it specifically finds that the provision of such service is consistent with, and will not impair, the ongoing independence of the Auditor (the Standard for Pre-Approval). In connection with any such pre-approval, the Audit Committee may set such limits on fees and other conditions as it believes to be appropriate.
5. The Audit Committee s pre-approval of the types of non-audit services submitted pursuant to this Section C shall constitute authorization for management of the Fund to utilize the Auditor for services qualifying within the types of non-audit services so pre-approved, if needed or desired during the fiscal year, subject to such conditions as may have been set by the Audit Committee.
6. Fund management will distribute a list of the types of non-audit services pre-approved by the Audit Committee pursuant to this Section C to management of the Service Affiliates and the appropriate partners of the Auditor. Periodically, the Auditor will discuss with the Audit Committee those non-audit services that have been or are being provided pursuant to this Section C.

D. Pre-Approval of Non-Audit Services to the Fund and to Service Affiliates Project-by-Project Basis

1. Non-audit services may be pre-approved on a project-by-project basis pursuant to this Section D, subject to the Standard for Pre-Approval in Section C.
2. The Audit Committee, from time to time, may, by resolution, designate one or more of its members who are Independent Directors (each a Designated Member) to consider, on the Audit Committee s behalf, (i) any

non-audit services proposed to be provided to the Fund that have not been pre-approved in accordance with these Procedures, (ii) any Covered Non-Audit Services proposed to be provided to any Service Affiliate, that have not been pre-

approved in accordance with these Procedures and (iii) any proposed material change in the nature or cost of any non-audit service, including any Covered Non-Audit Service, previously approved. The authority delegated to the Designated Member shall be subject to such conditions as the Audit Committee may specify by resolution from time to time.

3. Management of the Fund or of Impulsora, in consultation with the Auditor, may submit either to the Audit Committee or to a Designated Member for its consideration and action, a pre-approval request identifying one or more non-audit service projects for the Fund or Covered Non-Audit Service projects for Impulsora, as well as any material changes proposed in a service that has been pre-approved. Any request so submitted shall describe the project or projects in reasonable detail and shall include an estimated budget (or budgeted range) of fees and such other information as the Audit Committee or Designated Member shall request. For any material change in the nature or cost of a pre-approved service, the request shall also describe reasons why the change is requested.
4. The Audit Committee or Designated Member, as applicable, will review the requested non-audit service or proposed material change in such service in light of the Standard for Pre-Approval in Section C. If the review is by a Designated Member, such Designated Member will either:
 - (a) pre-approve, pre-approve subject to conditions, or disapprove any such requested service, or any proposed material change in such service, whether to the Fund or to Impulsora; or
 - (b) refer such matter to the full Audit Committee for its consideration and action.

In considering any requested non-audit service or proposed material change in such service, the Designated Member shall take into account any restrictions placed by the Audit Committee on his pre-approval authority.

5. The Designated Member's pre-approval (or pre-approval subject to conditions) of a requested non-audit service or proposed material change in service pursuant to this Section D shall constitute authorization for the management of the Fund or Impulsora, as the case may be, to utilize the Auditor for the non-audit service so pre-approved. Any action by the Designated Member in approving a requested non-audit service shall be presented for ratification by the Audit Committee not later than at its next regularly scheduled meeting.

E. Covered Non-Audit Services Provided to Covered Entities Pursuant to Waiver

Note: It is generally expected that non-prohibited non-audit services, even when they do not involve significant fees, will be pre-approved in accordance with Section C or D.

1. The Act provides a limited exception to the requirement that non-audit services (that are not prohibited services) must be pre-approved. This exception is designed to prevent the disqualification of the Auditor due to a minor oversight and is to be used only rarely and only if each of the following conditions is satisfied:

Table of Contents

- (a) The aggregate fees and costs of all non-audit services (including Covered Non-Audit Services) that, but for the limited exception provided by this Section E, would require pre-approval by the Audit Committee constitutes no more than five percent of the total fees and costs paid by the Fund and Service Affiliates to the Auditor during the fiscal year during which such non-audit services are provided;
- (b) At the time of the engagement for such services, the Fund did not recognize that the services were non-audit services that required pre-approval; and
- (c) Each such service is (i) brought promptly to the attention of the Audit Committee, (ii) is approved prior to the completion of the audit by the Audit Committee or a Designated Member, in accordance with the Standard for Pre-Approval set forth in Section C and (iii) is approved based upon a determination that the service is eligible for the waiver provided by this Section E.

F. Amendment; Annual Review

- 1. The Audit Committee may amend these procedures from time to time.
- 2. These procedures shall be reviewed annually by the Audit Committee.

G. Recordkeeping

- 1. The Fund shall maintain a written record of all decisions made by the Audit Committee or by a Designated Member pursuant to these procedures, together with appropriate supporting material.
- 2. In connection with the approval of any non-audit service pursuant to the *de minimis* exception provided in Section E of these procedures, a record shall be made indicating that each of the conditions for this exception has been satisfied.
- 3. A copy of these Procedures and of any amendments to these Procedures shall be maintained and preserved permanently in an easily accessible place. The written records referred to in paragraph 1 and 2 of this Section G shall be maintained and preserved for six years from the end of the fiscal year in which the actions recorded were taken, for at least the first two years in an easily accessible location.

As amended and restated through September 20, 2005

APPENDIX C

PROHIBITED SERVICES

In considering whether to pre-approve a service, the Audit Committee should be aware that the Auditor is prohibited from providing certain services to any Investment Company Complex Entity, subject to limited exceptions noted below. Investment Company Complex Entities include:

1. The Fund, its investment manager and investment adviser;
2. Any entity controlling, controlled by the Fund's investment manager or investment adviser, and any entity under common control with the Fund's investment manager or investment adviser if such entity (a) is an investment manager or investment adviser, or (b) is in the business of providing administrative, custodian, underwriting, or transfer agent services to any investment company or investment adviser; and
3. Any investment company (including entities that would be investment companies but for the exclusions provided by Section 3(c) of the Investment Company Act of 1940) advised by the Fund's investment manager or investment adviser or by an entity in paragraph 2, above.

Note: The term "investment adviser" for this purpose does not include a sub-adviser whose role is primarily portfolio management and that is subcontracted with or overseen by another investment adviser.

The following entities are Investment Company Complex Entities.

Impulsora del Fondo México, SC

The following services may not be provided by the Fund's Auditor to an Investment Company Complex Entity, subject to the exceptions noted:

1. Bookkeeping or other services related to the accounting records or financial statements of an Investment Company Complex Entity, including;

Maintaining or preparing the accounting records for an Investment Company Complex Entity;

Preparing an Investment Company Complex Entity's financial statements that are filed with the Securities Exchange Commission (SEC), or that form the basis that form the basis for such financial statements; or

Preparing or originating source data underlying an Investment Company Complex Entity's financial statements.

2. Financial information systems design and implementation, including:

Directly or indirectly operating, or supervising the operation of, an Investment Company Complex Entity's information system or managing an Investment Company Complex Entity's local area network.

Designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to an Investment Company Complex Entity's financial statements or other financial information systems taken as a whole.

3. Appraisal or valuation services, fairness opinions, or contribution-in-kind reports.

4. Actuarial services.

This category includes any actuarially-oriented advisory service involving the determination of amounts recorded in an Investment Company Complex Entity's financial statements and related accounts. This prohibition does not apply to providing assistance to an Investment Company Complex Entity in understanding the methods, models, assumptions, and inputs used in computing an amount.

5. Internal audit outsourcing services.

This category includes any internal audit service for an Investment Company Complex Entity that has been outsourced by the Investment Company Complex Entity that relates to the Investment Company Complex Entity's internal accounting controls, financial systems, or financial statements.

Exception: The foregoing services 1-5 may be provided if the Audit Committee reasonably concludes that the results of these services will not be subject to audit procedures during an audit of an Investment Company Complex Entity's financial statements.

6. Management functions.

This category includes acting, temporarily or permanently, as a director, officer, or employee of an Investment Company Complex Entity, or performing any decision-making, supervisory, or ongoing monitoring function for an Investment Company Complex Entity.

7. Human resources.

Services in this category are:

searching for or seeking out prospective candidates for managerial, executive, or director positions;

engaging in psychological testing, or other formal testing or evaluation programs;

undertaking reference checks of prospective candidates for an executive or director position;

acting as a negotiator on behalf of an Investment Company Complex Entity, such as determining position, status or title, compensation, fringe benefits, or other conditions of employment; or

Table of Contents

recommending, or advising an Investment Company Complex Entity to hire, a specific candidate for a specific job (except that the Fund's independent accountant may, upon request by an Investment Company Complex Entity, interview candidates and advise the Investment Company Complex Entity on the candidate's competence for financial accounting, administrative, or control positions).

8. Broker-dealer, investment adviser, or investment banking services.

Services in this category are:

acting as a broker-dealer (registered or unregistered), promoter, or underwriter, on behalf of an Investment Company Complex Entity;

making investment decisions on behalf of an Investment Company Complex Entity, or otherwise having discretionary authority over an audit client's investments;

executing a transaction to buy or sell an audit client's investment; or

having custody of assets of an Investment Company Complex Entity, such as taking temporary possession of securities purchased by an Investment Company Complex Entity.

9 Legal services.

A prohibited legal service is any service to an Investment Company Complex Entity that, under circumstances in which the service is provided, could be provided only by someone licensed, admitted, or otherwise qualified to practice law in the jurisdiction in which the service is provided.

10. Expert services unrelated to the audit.

This category includes providing an expert opinion or other expert service for an Investment Company Complex Entity, or an Investment Company Complex Entity's legal representative, for the purpose of advocating an Investment Company Complex Entity's interests in litigation or in a regulatory or administrative proceeding or investigation. This prohibition is not applicable to cases in which the Fund's independent accountant provides a factual account, including testimony, of work performed, or explains the positions taken or conclusions reached during the performance of any services provided by the accountant to an Investment Company Complex Entity.

The Registrant has adopted the following proxy voting policies and procedures.

THE MEXICO FUND, INC.

PROXY VOTING POLICY AND PROCEDURES

I. Statement of Policy

Table of Contents

Edgar Filing: MEXICO FUND INC - Form N-CSR

The following are general proxy voting policies and procedures (Policies and Procedures) adopted by The Mexico Fund, Inc. (the Fund) and by the Board of Directors (Board) of the Fund with respect to voting securities held by the Funds. These Policies and Procedures are adopted to ensure compliance with Rule 30b1-4 of the Investment Company Act of 1940, as amended (the 1940 Act) and other applicable obligations of the Fund under the rules and regulations of the Securities and Exchange Commission (SEC) and interpretations of its staff (Staff). It is the policy of the Fund to seek to assure that proxies received by the Fund are voted in the best interests of the Fund s stockholders.

Table of Contents

II. Definitions

A. Best interests of Fund stockholders means stockholders' best economic interest over the long term, *i.e.*, the common interest that all stockholders have in seeing the value of a common investment increase over time. Stockholders may have differing political or social interests, but their best economic interest is generally uniform.

B. Conflict of interest means circumstances when a proxy vote presents a conflict between the interests of Fund stockholders, on the one hand, and those of the Fund's investment adviser, principal underwriter, or an affiliated person of the Fund, its investment adviser, or principal underwriter, on the other, in how proxies are voted. In practical terms, these circumstances generally would arise when the Fund's investment adviser knowingly does business with a particular proxy issuer or closely affiliated entity, and may appear to have a material conflict between its own interests and the interests of stockholders in how proxies of that issuer are voted. A conflict might exist in circumstances when the Fund's investment adviser has actual knowledge of a material business arrangement between a particular proxy issuer (or closely affiliated entity) and the parent company or a corporate affiliate of the Fund's investment adviser.

III. Delegation of Responsibility for Proxy Voting

A. The Fund's Board annually evaluates its Fund's contract with its investment adviser, and decides whether to renew the contract. This process gives the Fund an annual opportunity to ensure that investment adviser's investment philosophy is generally consistent with its investment objectives and the best economic interests of its stockholders.

B. Because the investment philosophy of the Fund's investment adviser is generally consistent with the investment objectives of the Fund and the best economic interests of Fund stockholders, investment decisions for the Fund should generally be consistent with its investment adviser's philosophy. In proxy voting decisions, as in other investment decisions, the Fund's investment adviser is in the best position to determine whether a particular proxy proposal is consistent with its philosophy, and therefore generally consistent with the investment objectives of the Fund and the best economic interests of Fund stockholders.

C. Accordingly, the Fund has chosen to delegate all responsibility for proxy voting to its investment adviser, provided that the Fund's Board has the opportunity to periodically review and approve its proxy voting policies and any material amendments (and that the policies contains provisions to address any conflicts of interest as described below). Under this delegation, the investment adviser may vote, abstain from voting, or take no action on proxies for the Fund in any manner consistent with its proxy voting policies (subject to provisions for addressing conflicts of interest). The Fund may revoke all or part of such delegation at any time by a vote of its Board. In the event that the Fund revokes the delegation of proxy voting responsibility to the investment adviser, the Fund will assume full responsibility for ensuring that proxies are voted in the best interest of its stockholders, and will promptly notify stockholders of the revocation. Thereafter, such Fund will vote proxies of portfolio securities consistently with the policies of the investment adviser, or develop its own basis for voting on particular matters.

Table of Contents

D. This delegation generally applies to all proxy voting matters on which the Fund may vote, such as corporate governance matters; changes to capital structure, including increases and decreases of capital and preferred stock issuance; stock option plans and other management compensation issues; and social and corporate responsibility issues. This delegation permits the investment adviser to vote (or abstain from voting or take no action on) proxies relating to matters that may affect substantially the rights or privileges of the holders of securities to be voted, and to vote based on the decisions of the investment adviser or on provisions of the investment adviser's proxy policies that may support or give weight to the views of management of a portfolio company.

IV. Conflicts of Interest

A. The Fund recognizes that in unusual circumstances, a conflict of interest in how proxies are voted may appear to exist, such as when its investment adviser knowingly does business with a particular proxy issuer or closely affiliated entity or has actual knowledge of a material business arrangement between a particular proxy issuer or closely affiliated entity, and the adviser's parent or an affiliated subsidiary.

B. In those circumstances, to avoid any appearance concerns, the Fund believes it is appropriate for the investment adviser to follow an alternative voting procedure rather than to vote proxies in the investment adviser's sole discretion. Some examples of acceptable alternative voting procedures for resolving conflicts of interest include the following:

- (1) Causing the proxies to be voted in accordance with the recommendations of an independent service provider, if available, that the investment adviser may use to assist it in voting proxies;
- (2) Notifying the Fund's Board, a designated Board committee or a representative of either, of the conflict of interest and seeking a waiver of the conflict to permit the investment adviser to vote the proxies as it chooses under its usual policy; or
- (3) Forwarding the proxies to the Fund's Board, a designated Board committee or a representative of either, so that the Board, the committee or the representative may vote the proxies itself.

C. The Fund generally delegates all responsibility for resolving conflicts of interest to the Fund's investment adviser, provided that the investment adviser's proxy voting policy (as approved by the Fund's Board) includes acceptable alternative voting procedures for resolving material conflicts of interest, such as the procedures described above. Under this delegation, the investment adviser may resolve conflicts of interest in any reasonable manner consistent with the alternative voting procedures described in its proxy voting policy. The Fund may revoke all or part of this delegation at any time by a vote of its Board. In the event that the Fund revokes the delegation of responsibility for resolving conflicts of interest to the investment adviser, the Fund will seek to resolve any conflicts of interest in the best interest of stockholders. In doing so, the Fund may follow any of the procedures described in Paragraph IV.B., above.

V. Disclosure of Policy or Description/Proxy Voting Record

A. The Fund will disclose its proxy voting policy or a description of it (and the investment adviser's proxy voting policy, or a description of them), in the Fund's annual report on Form N-CSR (beginning with the first annual report filed on or after July 1, 2003). The Fund will disclose that this proxy voting policy or a description of it (and the investment adviser's proxy voting policy or a description) is available without charge, upon request, (i) by calling, a toll-free (or collect) telephone number, (ii) on the Fund's website; and (iii) on the SEC's website at www.sec.gov. Upon any request for a proxy voting policy or description of it, the policy or the description (or a copy of the most recent annual report containing the policy or description) will be sent by first-class mail or other equally prompt delivery method within three business days of receipt of the request.

B. The Fund also will disclose in its annual report (beginning with the first annual update filed on or after August 31, 2004) that information is available about how the Fund voted proxies during the most recent twelve-month period ended June 30, without charge, upon request, (i) by calling, a toll-free (or collect) telephone number, or on or through the Fund's website or both; and (ii) on the SEC's website at <http://www.sec.gov>. Upon any request for the Fund's proxy voting record, a copy of the information disclosed in its most recent Form N-PX will be sent by first-class mail or other equally prompt delivery method within three business days of receipt of the request.

C. The Fund will file Form N-PX, completed and signed in the manner required, containing its proxy voting record for the most recent twelve-month period ended June 30 with the SEC (beginning August 31, 2004).

D. The Fund will disclose the following information on Form N-PX for each matter relating to a portfolio security considered at any stockholder meeting held during the period covered by the report and with respect to which the Fund was entitled to vote:

The name of the issuer of the portfolio security;

The exchange ticker symbol of the portfolio security except to the extent not available through reasonably practicable means;

The Council on Uniform Securities Identification Procedures (CUSIP) number for the portfolio security except to the extent not available through reasonably practicable means;

The stockholder meeting date;

A brief identification of the matter voted on;

Whether the matter was proposed by the issuer or by a security holder;

Whether the Fund cast its vote on the matter;

How the Fund cast its vote (*e.g.*, for or against proposal, or abstain; for or withhold regarding election of directors); and

Whether the Fund cast its vote for or against management.
Adopted effective June 9, 2003.

IMPULSORA DEL FONDO MÉXICO, SC

PROXY VOTING POLICIES AND PROCEDURES

I. Introduction

To comply with the Rule 206(4)-6 and certain provisions of Rule 204-2 under the Investment Advisers Act of 1940, as amended (the Advisers Act), as well as other applicable fiduciary obligations under rules and regulations of the U.S. Securities and Exchange Commission (SEC) and interpretations of its staff, Impulsora del Fondo México, SC (the Adviser) has adopted these Proxy Voting Policies and Procedures.

In developing the Proxy Voting Policies and Procedures, the Adviser has taken into account the substantial differences between proxy voting at stockholders meetings held in the United States of America and proxy voting in Mexico. The Proxy Voting Policies and Procedures are reasonably designed to ensure that proxies are voted in the best interests of The Mexico Fund, Inc. (the Fund)(to the extent that the Fund is the Adviser s only client at this time) and its stockholders, in accordance with the Adviser s fiduciary duties and Rule 206(4)-6 under the Advisers Act. Best interests means the Fund s best economic interest over the long term, that is, the common interest that all clients of an investment adviser share in seeing the value of a common investment increase over time.

These Proxy Voting Policies and Procedures incorporate the principles and guidance set forth in Investment Advisers Act Release No. IA-2106 for investment advisers and IC-25922 for investment companies to the extent applicable to the Fund. These Proxy Voting Policies and Procedures shall be reviewed by the Board of the Adviser annually and may be amended as required to comply with applicable law and to reflect changes in proxy voting and stockholders meetings in Mexico.

Table of Contents

II. Stockholders Meetings and Proxy Voting in Mexico

In Mexico, issuers typically do not send proxy voting materials to their stockholders. A stockholders meeting is called through the publication of the call and the agenda in a major newspaper in Mexico or the Official Bulletin. The calls are issued by the Board of Directors of the issuers and, occasionally by the Statutory Auditors. The only information disclosed to stockholders is the Agenda for the meeting. Materials addressing some of the topics included in the Agenda are generally available at the offices of the issuer.

Stockholders meetings in Mexico are considered Ordinary, Extraordinary or Special depending on the topics that are submitted for approval.

Annual Ordinary Stockholders meetings are called for the purpose of: (i) approving the Annual Report of the Board of Directors to stockholders, which includes the audited Annual Financial Statements; (ii) declaring dividends; (iii) electing Directors and other Officers and (iv) approving the compensation to Directors and other Officers.

Extraordinary Stockholder meetings are called to address topics such as dissolution and liquidation of the corporation, increase or reduction of the capital stock, transformation, merger or spin-up, issuance of preferential stock or bonds and amendment to the issuers By-laws. Special meetings are called to adopt resolutions on issues that require a vote from a particular Series or Class of shares.

There is no proxy solicitation effort as in the United States of America. Typically, there is only one call approved by the Board of Directors or Statutory Auditors for each stockholders meeting.

III. Policies (Principles)

A. The Adviser has the fiduciary obligation to vote at the stockholders meetings called by the issuers of securities held in the portfolio of its clients. It must be noted, though, that some portfolio holdings are of Series A shares which do not have voting power. In these cases, the Adviser only attends stockholders meetings as an observer.

Table of Contents

B. The Adviser must exercise its voting authority in the best interests of its client and must not subrogate a client's interest to its own.

C. The Adviser must monitor corporate events relating to issuers in which it has invested client assets and seek to obtain all relevant information about its investments for a client.

D. In accordance with the procedures specified below, the Adviser must identify the cases when it may be faced with a potential material conflict of interest in voting shares of portfolio investments in the best interest of its clients. A material conflict of interest may exist when the Adviser or its representatives knowingly does business or is otherwise associated with a particular issuer or closely affiliated entity of the issuer in which client assets are invested, which may appear to create a material conflict between the interests of the Adviser and the interests of the client in how proxies are voted. At this time, since the Fund is the Adviser's only client, potential conflicts of interest could arise where affiliated persons of the Fund or the Adviser have a significant investment in the securities (5% or more of the outstanding securities), or are directors, officers or employees, of a given issuer in which the Fund is invested. Whether such a conflict is material will depend on the facts and circumstances involved.

E. If a potential material conflict of interest exists, the Adviser must exercise its voting authority after careful investigation and research of the issues involved in accordance with the procedures mentioned below. The Adviser could consult with third parties in the cases where the information available is insufficient to make a final judgment on how to vote the securities. In exceptional cases, the Adviser could make the determination that not voting the securities is, under the circumstances, in the best interest of its client.

Table of Contents

IV. Proxy Voting Procedures

A. The Adviser's Compliance Officer (Contralor Normativo) will have the responsibility of monitoring corporate events of all of the issuers in a client's investment portfolio. The Adviser's Compliance Officer is responsible for (1) implementing and updating these policies and procedures; (2) overseeing the proxy voting process; (3) consulting with the portfolio manager for the relevant portfolio security; and (4) overseeing voting execution and recordkeeping.

B. The Adviser's Compliance Officer will have the responsibility to obtain all necessary information on the issuer and on the topics included in the Agenda, once a call for any stockholders' meeting is published in accordance with Mexican law.

C. The Adviser's Compliance Officer will identify in which cases, in exercising voting rights, the Adviser could be faced with a potential material conflict of interest. When a material conflict of interest between the Adviser and a client appears to exist, the Adviser may choose among the following options to eliminate such conflict: (1) vote in accordance with these policies and procedures if it involves little or no discretion (*i.e.*, if it is a routine matter); (2) vote as recommended by an independent third party, if available, which has no knowledge of the nature of the material conflict of interest or does not itself have a material conflict of interest; (3) erect information barriers around the person or persons making voting decisions sufficient to insulate the decision from the conflict; or (4) if possible, notify the client of the material conflict of interest and seek a waiver of the conflict.

D. The Adviser's general voting philosophy is as follows:

1) Support existing management on votes on the financial statements of the issuer and the election of the Board of Directors;

2) Vote for the acceptance of the accounts unless there are grounds to suspect that either the accounts as presented or audit procedures used, do not present an accurate picture of company results; and

3) Support routine issues such as the appointment of independent auditors, allocation of income and the declaration of dividends.

Table of Contents

E. If in the opinion of the Adviser's Compliance Officer the matters included in the Agenda are of an extraordinary nature, or an Extraordinary or Special Meeting has been called, he will need to further investigate and analyze all the information and documentation on the subject matter that is available. In this process, he will consult with other officers of the Adviser, and the Adviser's and client's outside legal counsel if necessary, to reach a decision as to how to vote. Such matters will be voted on a case by case basis. Matters which are considered to be of an extraordinary nature include, but are not limited to, delisting of the securities of an issuer in which the Fund has invested from the Bolsa, mergers, spinoffs, and liquidation and dissolution involving an issuer in which the Fund has invested.

F. The Adviser may take a limited role in voting proxies, including abstention or not voting a proxy under the following circumstances:

- (1) where the effect on stockholders' economic interests or the value of the portfolio holding is indeterminable or insignificant;
- (2) where the costs of voting the proxy are prohibitive; and
- (3) in some cases, if the securities are on loan.

V. Disclosure

A. The Adviser will disclose to the Fund and any other clients in the United States its Proxy Voting Policies and Procedures and provide a copy upon request.

B. The Adviser will provide all necessary information to the Fund, for compliance with its Form N-PX filing on a timely basis.

C. Upon written request from a client, the Adviser will make available a record of how the Adviser voted proxies relating to portfolio securities during the most recent twelve month period ended June 30.

Table of Contents

VI. Records

A. The Adviser will maintain records of all proxies voted.

B. As required by Rule 204-2(c), such records will include: (a) a copy of the Policies and Procedures; (b) a copy of any document created by the Adviser that was material to making a decision how to vote proxies on behalf of a client or that memorializes the basis for that decision; and (c) each written request for proxy voting records and the Adviser's written response to any client request for such records.

C. Proxy voting books and records will be maintained in an easily accessible place for a period of five years, the first two in an appropriate office of the Adviser.

VII. Review of Policies and Procedures

These policies and procedures will be subject to review on an annual basis, or more frequently, if deemed appropriate by the Adviser.

VIII. Effective Date

These Proxy Voting Policies and Procedures of the Adviser are effective as of June 19, 2003.

Item 8. Portfolio Managers of Closed-End Management Investment Companies

(a)(1) A committee of persons associated with the Fund or the Investment Adviser of the Fund (the Portfolio Management Committee) is jointly and primarily responsible for the day-to-day management of the Fund's portfolio. Below is a table reflecting the information requested for each member of the Portfolio Management Committee. This information is current as of October 31, 2015.

He also oversees the analysis of financial and quantitative information of equity issuers listed on the Bolsa Mexicana de Valores (Mexican Stock Exchange), and makes recommendations to the Committee regarding purchases or sales of portfolio securities.

(a)(2) Not applicable.

(a)(3) Compensation.

Components of compensation.

As of October 31, 2015, all of the individuals identified in the table above in response to paragraph (a)(1) are compensated through a base salary and a variable bonus that is paid in December of each year. There are no deferred compensation or pension/retirement plans. All of the individuals identified in the table above in response to paragraph (a)(1) participate in a stock option plan maintained by the Investment Adviser.

Criteria on which compensation is based.

The base salary of the individuals identified in the table above in response to paragraph (a)(1) is fixed, and is generally adjusted on an annual basis at a rate similar to the inflation rate in Mexico. Experience and level of responsibility held within the Investment Adviser are taken into account in determining the base salary of each individual.

The annual bonus is calculated based on individual performance and responsibilities. The total amount of bonuses should not exceed 40% of the Investment Adviser's operating profit.

Table of Contents

The Investment Adviser has a Compensation Committee whose members are appointed by its Board of Directors. The formula utilized to calculate the annual bonus was adopted by the Compensation Committee and ratified by the Board of Directors of the Investment Adviser. There are no other benchmarks or variables utilized to calculate compensation to the individuals identified in the table above in response to paragraph (a)(1).

(a)(4) Dollar Range of Equity Securities Beneficially Owned.

As of the end of the Fund's most recently completed fiscal year, October 31, 2015, Mr. Osorio was the beneficial owner of over \$1,000,000 of equity securities of the Fund. None of the other individuals identified in the table above in response to paragraph (a)(1) had beneficial ownership of any equity securities of the Fund.
