In accordance with the terms of the Offering Memorandum and Consent Solicitation Statement dated May 2, 2016, and the Letter of Transmittal and Consent dated May 2, 2016, attached hereto as Exhibits T3E-1 and T3E-2, respectively, the offering by DynCorp International Inc. (the **Issuer**) to exchange (the **Exchange Offer**) 10.375% Senior Notes due 2017 (the **Existing Notes**) for cash and 11.875% Senior Secured Second Lien Notes due 2020 (the **New Notes**) to be issued by the Issuer and guaranteed by the Issuer's direct parent company, Delta Tucker Holdings, Inc. (the **Parent Guarantor**), and the Subsidiary Guarantors listed on the cover page of this application (the **Subsidiary Guarantors** and collectively with the Parent Guarantor, the **Guarantors**) is being conducted in reliance on Section 3(a)(9) of the Securities Act of 1933, as amended (the **Securities Act**).

Section 3(a)(9) of the Securities Act provides an exemption from registration when an issuer issues new securities exclusively to its existing security holders in exchange for its own outstanding securities. This exemption is available when (i) the new and outstanding securities are issued by the same obligors, (ii) the exchange offer is made only to existing security holders, (iii) no commission or other remuneration is paid for solicitation in connection with the exchange offer, and (iv) no cash or non-cash consideration other than the securities to be exchanged is required to be paid by security holders to participate in the exchange offer.

The Existing Notes were issued by the Issuer and fully and unconditionally guaranteed by the Guarantors. The Issuer will issue the New Notes to be exchanged for the Existing Notes, and the Guarantors will fully and unconditionally guarantee the New Notes. Accordingly, the Issuer and the Guarantors were all obligors under, and issuers of, the Existing Notes or related

guarantees, and will be obligors under, and issuers of, the New Notes or related guarantees. The Exchange Offer will be made only to existing holders of the Existing Notes. No commission or other remuneration has been or will be paid, directly or indirectly, for soliciting exchanges pursuant to the Exchange Offer, and no consideration has been, or is to be given, directly or indirectly, to any person in connection with the transaction, except for customary fees and expenses paid to the Issuer's legal advisors, the trustee under the Indenture to be qualified (the New Notes Indenture), and an information agent and exchange agent for the transaction. Regular employees, officers and directors of the Issuer and its affiliates, who will not receive additional compensation, may provide information concerning the Exchange Offer. No cash or non-cash consideration other than surrender of the Existing Notes to be exchanged will be required to be paid by the holders of the Existing Notes to participate in the Exchange Offer.

The Issuer will issue additional New Notes under the New Notes Indenture from time to time after completion of the Exchange Offer as payment in kind interest.

INDENTURE SECURITIES

8. Analysis of Indenture Provisions.²

- (a) **Events of Default; Withholding of Notice.** The New Notes Indenture will contain customary covenants, which are more restrictive than those in the indenture governing the Existing Notes. These include: payment of principal and interest when due, but with a new interest rate of 11.875% per annum on the New Notes, consisting of 10.375% per annum payable in cash and 1.500% per annum payable in kind, replacing the 10.375% per annum interest rate of the Existing Notes; financial reports to holders within time periods specified by the Securities and Exchange Commission; delivery of certificates indicating compliance with the New Notes Indenture;

² For more information on the New Notes Indenture, please refer to Description of the New Notes contained in the Offering Memorandum and Consent Solicitation Statement attached hereto as Exhibit T3E-1.

maintenance of corporate, partnership, limited liability company or other existence; maintenance of property and insurance; payment of certain obligations under the Senior Credit Facility (as defined below); and certain limitations on incurrence of additional indebtedness or issuance of certain preferred shares; payments of dividends on, repurchases of or distributions in respect of capital stock or other restricted payments; certain investments; certain sales of assets (the Asset Sale Covenant); liens; consolidations, mergers, sales or other dispositions of all or substantially all assets; and certain transactions with our affiliates. Any failure to observe any of the covenants in the New Notes Indenture, taking into account any applicable notice and grace period, constitutes an event of default. In addition, the New Notes Indenture will contain other customary events of default, including failure to pay the principal amount of the Existing Notes that remain outstanding upon their final maturity date of July 1, 2017, the failure to pay a final judgment exceeding \$25 million against the Issuer or certain of its subsidiaries, a bankruptcy filing of the Issuer or certain of its subsidiaries, certain impairments of security interests in collateral securing the New Notes and certain defaults under any other debt instrument of the Issuer or certain of its subsidiaries.

If a default occurs and is continuing and is actually known to the trustee, the trustee must send to each holder of New Notes notice of the default within the earlier of 90 days after it occurs or 30 days after it is actually known to a trust officer or written notice of it is received by the trustee. Except in the case of a default in the payment of principal of, premium (if any) or interest on any note, the trustee may withhold notice if and so long as it in good faith determines that withholding notice is in the interests of the holders of the New Notes.

- (b) **Authentication and Delivery; Use of Proceeds.** The New Notes will be signed by one officer of the Issuer. No New Note will be entitled to any benefit under the New Notes Indenture unless it bears a certificate of authentication executed by the trustee in manual signature. The trustee may appoint an authenticating agent reasonably acceptable to the Issuer. The New Notes will be issuable only in registered form without coupons in minimum denominations of \$1.00 and any integral multiples of \$1.00 in excess thereof.

The exchange of New Notes for the Existing Notes pursuant to the Exchange Offer will not produce any proceeds for use by the Issuer.

- (c) **Release and Substitution of Property Subject to Lien.** The New Notes will have second priority liens on substantially all of the assets of the Issuer and the Guarantors, except that (1) the liens will exclude such assets as are excluded from the first priority lien securing the revolving credit facility and term loan pursuant to the Credit Agreement dated as of July 7, 2010, as amended on January 21, 2011, August 10, 2011, June 19, 2013, November 5, 2014 and April 30, 2016 (as amended, the Senior Credit Facility) among the Issuer, the Guarantors, the Lenders that are signatories thereto, and Bank of America, N.A., as Administrative and Collateral Agent; (2) pledges of capital stock or other securities of each of the Applicants' subsidiaries will be limited to the extent Rule 3-16 of Regulation S-X would require the filing of

separate financial statements with the SEC for that subsidiary; and (3) liens may be released to enable an asset sale that is not prohibited by the Asset Sale Covenant. Except as provided in the preceding sentence, the collateral for the New Notes will be the same as the collateral for the Senior Credit Facility.

- (d) **Satisfaction and Discharge.** The Issuer may terminate its obligations and those of the Guarantors under the New Notes if (1) all the New Notes that have been authenticated and delivered have been delivered to the trustee for cancellation, or if all New Notes not delivered to the trustee for cancellation otherwise (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year, or (iii) will be called for redemption within one year and the Issuer has irrevocably deposited with the trustee trust funds in an amount sufficient to pay and discharge the entire indebtedness on such New Notes, and (2) the Issuer and/or the Guarantors have paid all other sums payable under the New Notes Indenture. In addition, the Issuer must deliver an Officers' Certificate and opinion of counsel stating that all conditions precedent to satisfaction and discharge have been complied with. However, certain obligations of the Issuer survive such discharge, including the obligations of the Issuer and the Guarantors to pay the trustee's service fees and to indemnify the trustee for certain costs relating to its duties under the Indenture.
- (e) **Evidence Required to Be Furnished for Compliance.** The Issuer will be obligated under the New Notes Indenture to deliver to the trustee, within 120 days of the end of each fiscal year, an Officers' Certificate stating that in the course of the performance by the signers of their duties as Officers of the Company, they would normally have knowledge of any Default, and further stating whether or not the signers know of any Default that occurred during such period.

9. Other Obligors.

There are no other obligors upon the New Notes apart from the Applicants.
