## **Section 1 Conflict Minerals Disclosure**

### **Item 1.01 Conflict Minerals Disclosure and Report**

NCR Corporation ( NCR or the Company, also referred to as we or our ) has reviewed its products and determined that materials, parts, or components necessary to the functionality of certain of our products include the minerals listed in Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Act ), which, as of the date of this filing, include columbite-tantalite (also known as coltan), cassiterite, gold, wolframite, or their derivatives, which are limited to tantalum, tin and tungsten ( Conflict Minerals ). While we do not source such materials directly, we have conducted in good faith a reasonable country of origin inquiry regarding those Conflict Minerals to determine whether such Conflict Minerals originated in the Democratic Republic of the Congo or an adjoining country ( Covered Countries ), or are not from recycled or scrap sources (as defined in the Act). Based on our reasonable country of origin inquiry, which also overlaps with our due diligence program (as described in more detail in our Conflict Minerals Report), the Company is unable to conclude definitively that, during the period covered by this Form SD, no Conflict Minerals contained in our products originated in a Covered Country, except in those cases where our suppliers have disclosed to the Company that their products are conflict-free pursuant to the Conflict-Free Sourcing Initiative ( CFSI ). Accordingly, we have undertaken additional due diligence procedures in keeping with the rules adopted by the Securities and Exchange Commission pursuant to the Act and as set forth in our Conflict Minerals Report for the reporting period January 1, 2017 to December 31, 2017 (attached here as Exhibit 1.01).
