Cautionary Statement Regarding Forward-Looking Information

This Report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, which reflect our current view of future events and financial performance. Words such as “expect” and similar expressions identify forward-looking statements, which include, but are not limited to, statements regarding the potential success of pending litigation. Forward-looking statements are based only on the Company’s current assumptions and views of future events and financial performance. They are subject to known and unknown risks and uncertainties, many of which are outside of the Company’s control, which may cause the Company’s actual results to be materially different from planned or expected results. Those risks and uncertainties include, but are not limited to, the failure of our investments to achieve desired returns. There can be no assurances that the Company will achieve expected results, and actual results may be materially less than expectations. While we believe that our assumptions are reasonable, we caution that it is impossible to predict the degree to which any such factors could cause actual results to differ materially from predicted results. Please refer to the Company’s most recent Form 10-K and subsequent filings for a further discussion of risks and uncertainties. Investors should take such risks into account and should not rely on forward-looking statements when making investment decisions. We intend the forward-looking statements in this Report to speak only as of the date of this Report and do not undertake to update these forward-looking statements as more information becomes available.
