1.

Corporation information

Nevstar Corporation (the "Company") was incorporated in State of Nevada on December 2, 1993. The Company's shares are quoted for trading on the Over-The-Counter Bulletin Board in the United States of America.

Pursuant to the Share Exchange Agreement dated March 31, 2008, the Company acquired 100% ownership interest in Dollar Come Investments Limited ("Dollar Come"), a limited company incorporated in the British Virgin Islands on February 12, 2004 with authorized common stock of \$50,000 divided into 50,000 ordinary shares of \$1 each, in consideration for the issuance of the Company's 23,751,710 new shares to the former stockholders of Dollar Come ("Dollar Come Former Stockholders").

The aforesaid transaction was completed on March 31, 2008 and thereafter Dollar Come became a wholly owned subsidiary of the Company and Dollar Come Former Stockholders became the majority stockholders of the Company. This transaction constituted a reverse takeover transaction ("RTO").

Dollar Come is a holding company whose primary operations are conducted through its subsidiaries located in the Liuling Province of PRC.

Following the RTO, through Dollar Come, the Company indirectly owned Fuxin Hengrui Technology Co., Ltd. ("Fuxin Hengrui"), Fuxin Xianheng Float-Glass Co., Ltd. ("Xianheng") and Fuxin Hengrui Tianyuan New Energy Sources Co., Ltd. ("Tianyuan").

Fuxin Hengrui was incorporated in the People's Republic of China ("PRC") on September 18, 2002 with registered capital of \$5,030,000 (RMB41,600,000, which are not divided into shares) and engaged in manufacture and distribution of float glasses in Liuling Province. The entire equity interest of Fuxin Hengrui was directly held by Dollar Come.

Xianheng was incorporated in the PRC on April 1, 2004 with registered capital of \$60,500 (RMB500,000, which are not divided into shares) of which 25% equity interest was directly held by Dollar Come whilst 75% equity interest was indirectly held by Dollar Come through Fuxin Hengrui. During the reporting periods, Xianheng did not have any business activities.

On May 17, 2006, Fuxin Hengrui together with one of the directors of Fuxin Hengrui established Tianyuan in the PRC with registered capital of \$1,251,000 (RMB10 million, which are not dividend into shares). Pursuant to a special resolution passed on October 12, 2007, the registered capital of Tianyuan was reduced from \$1,251,000 to \$375,000 which was effective from January 16, 2008. On May 16, 2006, according to the payment schedule, Fuxin Hengrui contributed of \$131,355 to its registered capital representing 35% equity interest. On January 16, 2008, Fuxin Hengrui further acquired 35% equity interest in Tianyuan from Madam Tan at a total consideration of \$143,955, and thereafter, Tianyuan become a subsidiary of Nevstar. Tianyuan is principally engaged in manufacturing of coal water mixture to assess energy alternative for industrial boiler. More details and accounting treatment on investment in Tianyuan are set out in Note 3.

Nevstar Corporation
Notes to Condensed Consolidated Financial Statements
For the three months ended March 31, 2008 and 2007
(Unaudited)
(Stated in US Dollars)

2.

Description of business

Following the RTO as detailed in note 3, the Company commenced to be engaged in the manufacture and distribution of float glasses in the PRC. Their product offerings include float glass, ultra-clear glass, colored flat glass and high grade, glass processed products such as mirrors, tempered glass, insulated glass, etc., and marketed primarily under the "Golden Elephant" brand name.

The raw materials used in production are mainly divided into four groups, soda ash, heavy oils, silica sand and dolomite, which are primary sourced from suppliers located in the PRC. The production facilities of the Company are located in Liuling Province of the PRC.

3.

Basis of presentation

Pursuant to the Share Exchange Agreement dated on March 31, 2008, the Company issued 23,751,710 new shares, par value \$0.01 per share, to the stockholders of Dollar Come, representing approximately 95% of the Company post-exchange issued and outstanding common stock, in exchange for 100% of the outstanding capital stock of Dollar Come.

The RTO has been accounted for as a recapitalization of the Company whereby the historical financial statements and operations of Dollar Come become the historical financial statements of the Company, with no adjustment to the carrying value of the assets and liabilities. The accompanying consolidated financial statements reflect the recapitalization of the stockholders' equity as if the transaction occurred as of the beginning of the first period presented.

The accompanying consolidated financial statement of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America.

The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant inter-company accounts and transactions have been eliminated in consolidation. The results of subsidiary acquired or disposed of during the years are included in the consolidated statement of income and comprehensive income from the effective date of acquisition or up to the date of disposal.

Nevstar Corporation
Notes to Condensed Consolidated Financial Statements
For the three months ended March 31, 2008 and 2007
(Unaudited)
(Stated in US Dollars)

3.

Basis of presentation (Cont d)

The Company acquired 35% equity interest in Tianyuan at a consideration of \$143,955 on January 16, 2008. The fair value of Tianyuan as of January 16, 2008 was as follows :-

	As of January 16, 2008
Cash and cash equivalents	\$8,361
Other receivables and prepayments	625,451
Property, plant and equipment, net	575,726
Inventories	609,068
Other assets	76,091
Other payables and accrued expenses	(405,255)
Other liabilities	(1,309,628)
 Net assets	 \$179,814
 35% equity interest acquired	 \$62,935
Goodwill	81,020
 Consideration	 \$143,955
 Satisfied by :-	
Cash payment	\$143,955
 Net cash paid to acquire Tianyuan	 \$135,594

As of March 31, 2008, the consolidated balance sheet reflects a goodwill identified on acquisition of Tianyuan of \$81,020 which represents the excess of the purchase price of \$143,955 over the attributable share (that is 35%) of fair value of acquired identifiable net assets of Tianyuan of \$62,935.

The following unaudited pro forma financial information presents the combined results of the Company with the operations of Tianyuan for three months ended March 31, 2008 as if the acquisition had occurred as of January 1, 2008 :-

	Three months ended March 31, (Unaudited)	
	2008	2007
Revenue	\$11,825,710	\$9,448,726
Net income/(loss)	\$1,981,072	\$ (393,606)
Earnings/(loss) per share : basic and diluted	\$0.08	\$ (0.02)

This unaudited pro forma financial information is presented for informational purposes only. The unaudited pro forma financial information may not necessarily reflect the future results of operations or the results of operations would have been had the Company owned and operated this business as of the beginning of the period presented.

 (Stated in US Dollars)

4.

Summary of significant accounting policies

Goodwill

Goodwill represents the excess of the purchase price of an acquired business over the fair value of the identifiable assets acquired and liabilities assumed. Pursuant to the provisions of SFAS No. 142 "Goodwill and Other Intangible Assets", goodwill is not amortized and is subjected to an annual impairment test which occurs in the fourth quarter of each fiscal year.

Goodwill will be written down only when and if impairment is identified and measured, based on future events and conditions.

Minority interests

Minority interests resulted from the consolidation of 70% owned subsidiary, Tianyuan, where the Company has control over its operation.

Use of estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the dates of the financial statements, as well as the reported amounts of revenues and expenses during the reporting periods. These accounts and estimates include, but are not limited to, the valuation of accounts receivable, inventories, deferred income taxes, provision for warranty and the estimation on useful lives of property, plant and equipment. Actual results could differ from those estimates.

Concentrations of credit risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash and cash equivalents, trade receivables and other receivables. As of March 31, 2008 and December 31, 2007, substantially all of the Company's cash and cash equivalents and restricted cash were held by major financial institutions located in the PRC, which management believes are of high credit quality. With respect to other receivables and trade receivables, the Company extends credit based on an evaluation of the customer's financial condition. The Company generally does not require collateral for trade receivables and other receivables and maintains an allowance for doubtful accounts of trade receivables and other receivables.

During the reporting periods, customers representing 10% or more of the Company's consolidated sales are :-

	Three months ended March 31, (Unaudited)

Nevstar Corporation
Notes to Condensed Consolidated Financial Statements
For the three months ended March 31, 2008 and 2007
(Unaudited)
(Stated in US Dollars)

4.

Summary of significant accounting policies (Cont d)

Cash and cash equivalents

Cash and cash equivalents include all cash, deposits in banks and other highly liquid investments with initial maturities of three months or less to be cash equivalents. As of March 31, 2008 and December 31, 2007, almost all the cash and cash equivalents were denominated in Renminbi ("RMB") and were placed with banks in the PRC. They are not freely convertible into foreign currencies and the remittance of these funds out of the PRC is subject to exchange control restrictions imposed by the PRC government. The remaining insignificant balance of cash and cash equivalents were denominated in US dollars.

Restricted Cash

Deposits in banks pledged as securities for bills payable that are restricted in use are classified as restricted cash under current assets.

Allowance of doubtful accounts

The Company establishes an allowance for doubtful accounts based on management's assessment of the collectibility of trade receivables and other receivables. A considerable amount of judgment is required in assessing the amount of the allowance, the Company considers the historical level of credit losses and applies percentages to aged receivable categories. The Company makes judgments about the creditworthiness of each customer based on ongoing credit evaluations, and monitors current economic trends that might impact the level of credit losses in the future. If the financial condition of the customers were to deteriorate, resulting in their inability to make payments, a larger allowance may be required.

Based on the above assessment, during the reporting years, the management establishes the general provisioning policy to make allowance equivalent to 10% of gross amount of trade receivables and other receivables due over 6-12 months, 25% gross amount of trade receivables and other receivables due over 1-2 years and 50% of gross amount of trade receivables and other receivables due over 2-3 years and 100% of gross amount of trade receivables and other receivables due over 3 years. Additional specific provision is made against trade receivables aged less than 6 months to the extent which they are considered to be doubtful.

Bad debts are written off when identified. The Company extends unsecured credit to customers ranging from three to six months in the normal course of business. The Company does not accrue interest on trade receivables.

Historically, losses from uncollectible accounts have not significantly deviated from the general allowance estimated by the management and no significant additional bad debts have been written off directly to the profit and loss. This general provisioning policy has not changed in the past since establishment and the management considers that the aforementioned general provisioning policy is adequate and not too excessive and does not expect to change this established policy in the near future.

 (Unaudited)
 (Stated in US Dollars)

4.

Summary of significant accounting policies (Cont d)

Inventories

Inventories are stated at the lower of cost or market. Cost is determined on a weighted average basis and includes all expenditures incurred in bringing the goods to the point of sale and putting them in a saleable condition. In assessing the ultimate realization of inventories, the management makes judgments as to future demand requirements compared to current or committed inventory levels. The reserve requirements generally increase as the projected demand requirements, decrease due to market conditions, product life cycle changes. The Company estimates the demand requirements based on market conditions, forecasts prepared by its customers, sales contracts and orders in hand.

In addition, the Company estimates net realizable value based on intended use, current market value and inventory ageing analyses. The Company writes down the inventories for estimated obsolescence or unmarketable inventory equal to the difference between the cost of inventories and the estimated market value based upon assumptions about future demand and market conditions.

Based on the above assessment, the Company establishes a general provision of 50% for inventories aged over 1 year. As of March 31, 2008 and December 31, 2007, no general provision for inventories were provided.

Historically, the actual net realizable value is close to the management estimation.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation. Cost represents the purchase price of the asset and other costs incurred to bring the asset into its existing use.

Depreciation is provided on straight-line basis over their estimated useful lives. The principal depreciation rates are as follows :-

	Annual rate	Residual value
Buildings	1.9%	5%
Plant and machinery	9.5%	5%
Motor vehicles	11.875%	5%
Office equipment	19%	5%
Tools	9.5%	5%
Leasehold improvements	12.5%	Nil

Construction in progress mainly represents expenditures in respect of the Company's warehouses and factories under construction. All director costs relating to the acquisition or construction of the Company's warehouses and factories are capitalized as construction in progress. No depreciation is provided in respect of construction in progress.

Maintenance or repairs are charged to expense as incurred. Significant improvements and renewals that extend the useful life of the asset are capitalized. Upon sale or disposition, the applicable amounts of asset cost and accumulated depreciation are removed from the accounts and the net amount less proceeds from disposal is charged or credited to income.

(Stated in US Dollars)

4.

Summary of significant accounting policies (Cont d)

Land use right

Land use right is stated at cost less accumulated amortization. Amortization is provided using the straight-line method over the terms of the lease of 50 years obtained from the relevant PRC land authority.

Impairment of long-lived assets

Long-lived assets are tested for impairment in accordance with SFAS No. 144 and Accounting Principles Board ("APB") Opinion 18, Equity Method of Accounting for Investments in Common Stock, respectively. The Company periodically evaluates potential impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. The Company recognizes impairment of long-lived assets and investment in an affiliate in the event that the net book values of such assets exceed the future undiscounted cashflows attributable to such assets. During the reporting periods, the Company has not identified any indicators that would require testing for impairment.

Revenue recognition

Revenue from sales of the Company's products is recognized when the significant risks and rewards of ownership have been transferred to the buyer, the sales price is fixed or determinable and collection is reasonably assured.

Basic and diluted earnings/(loss) per share

The Company reports basic earnings per share in accordance with SFAS No. 128, "Earnings Per Share". Basic earnings/(loss) per share is computed using the weighted average number of shares outstanding during the periods presented. The weighted average number of shares of the Company represents the common stock outstanding during the reporting periods.

Recently issued accounting pronouncements

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities - Including an Amendment of FASB Statement No. 115" ("SFAS 159"). SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Entities that elect the fair value option will report unrealized gains and losses in earnings at each subsequent reporting date. The fair value option may be elected on an instrument-by-instrument basis, with few exceptions. SFAS 159 also establishes presentation and disclosure requirements to facilitate comparisons between companies that choose different measurement attributes for similar assets and liabilities. The requirements of SFAS 159 are effective for our fiscal year beginning January 1, 2008.

In December 2007, the FASB issued SFAS No. 160 "Noncontrolling Interests in Consolidated Financial Statements-an amendment of ARB No. 51". SFAS 160 establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. The guidance will become effective

for the fiscal year beginning after December 15, 2008. The management is in the process of evaluating the impact that SFAS 160 will have on the Company's financial statements upon adoption.

4.

Summary of significant accounting policies (Cont d)

Recently issued accounting pronouncements (cont d)

In December 2007, the FASB issued SFAS No. 141 (Revised) "Business Combinations". SFAS 141 (Revised) establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree. The statement also provides guidance for recognizing and measuring the goodwill acquired in the business combination and determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. The guidance will become effective for the fiscal year beginning after December 15, 2008. The management is in the process of evaluating the impact that SFAS 141 (Revised) will have on the Company's financial statements upon adoption.

In March 2008, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 161, "Disclosures about Derivative Instruments and Hedging Activities - an amendment to FASB Statement No. 133". SFAS No. 161 is intended to improve financial standards for derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. Entities are required to provide enhanced disclosures about: (a) how and why an entity uses derivative instruments; (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations; and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. It is effective for financial statements issued for fiscal years beginning after November 15, 2008, with early adoption encouraged. The management is in the process of evaluating the impact that SFAS 160 will have on the Company's financial statements upon adoption.

5.

Income taxes

United States

Nevstar Corporation is subject to U.S federal income tax at a tax rate of 34%. No provision for U.S federal income taxes has been made as the Company was dormant and had no taxable income for the reporting periods.

BVI

Dollar Come was incorporated in the BVI and, under the current laws of the BVI, not subject to income taxes.

Nevstar Corporation
 Notes to Condensed Consolidated Financial Statements
 For the three months ended March 31, 2008 and 2007
 (Unaudited)
 (Stated in US Dollars)

5.

Income taxes (Continued)

PRC

Corporate income tax ("CIT") to the subsidiaries of the Company in the PRC is charged at 33%, of which 30% is for national tax and 3% for local tax, of the assessable profits. On March 16, 2007, the National People's Congress approved the Corporate Income Tax Law of the People's Republic of China (the "New CIT Law"). The new CIT Law reduces the corporate income tax rate from 33% to 25% with effect from January 1, 2008. As approved by the relevant tax authority in the PRC, Fuxin Hengrui was entitled to two years' exemption, from the first profit making calendar year of operations after offset of accumulated taxable losses, followed by 50% tax reduction for the immediate next three calendar years ("tax holiday"). Fuxin Hengrui has elected not to commence the entitlement of tax holiday in the first profit making fiscal financial year of 2003 and thus had current tax payable in the prior period. The tax holiday of Fuxin Hengrui commenced in the fiscal year 2004. Accordingly, Fuxin Hengrui will be exempted from CIT for 2004 and 2005 and thereafter entitled to a 50% reduction on CIT tax rate at 16.5% for 2006 and 2007 and 12.5% for 2008.

6.

Earnings/(loss) per share

During the reporting periods, the Company had no dilutive instruments. Accordingly, the basic and diluted earnings/(loss) per share are the same.

7.

Trade receivables

18.

State pension contribution plan

The Company has a defined contribution plan for all qualified employees in the PRC. The employer and its employees are each required to make contributions to the plan at the rates specified in the plan. The only obligation of the Company with respect to retirement scheme is to make the required contributions under the plan. No forfeited contribution is available to reduce the contribution payable in the future years. The defined contribution plan contributions were charged to the condensed consolidated statements of operations. The Company contributed \$23,682 and \$18,496 for the three months ended March 31, 2008 and 2007 respectively.

19.

Segment information

The nature of the products, their production processes, the type of their customers and their distribution methods are substantially similar, they are considered as a single reportable segment under FAS 131, "Disclosure about Segments of Enterprise and Related Information".

All of the Company's long-lived assets are located in the PRC. Geographic information about the revenues, which are classified based on the customers, is set out as follows:

	<i>Three months ended March 31,</i> <i>(Unaudited)</i>	
	<i>2008</i>	<i>2007</i>
PRC	\$11,512,172	\$8,375,703
Others	313,538	549,190
Total	\$11,825,710	\$8,924,893

20.

Subsequent events

(a)

On March 31, 2008, the Company's board of directors approved a change in the Company's fiscal year end from June 30 to December 31, subject to approval of an amendment of the Company's Amended and Restated Bylaws, in connection with the Company's reverse acquisition with Dollar Come.

(b)

On April 21, 2008, the board of directors of the Company approved, subject to receiving the approval of a majority of the stockholders of the common stock of the Company, an amendment to its Articles of Incorporation to change the name of the Company from "Nevstar Corporation" to "Golden Elephant Glass Technology, Inc."

The change of name will not become effective until the relevant Information Statement is first mailed to its stockholders on or about May 7, 2008 and until the appropriate filings have been made with the Nevada Secretary of State.

(c)

On May 6, 2008, Dollar Come entered into a loan agreement with Madam Tan Lin to borrow \$5,000,000 at the annual interest rate of 8%. The agreement has a two-year term and the loan proceed will be used as working capital of the Company.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Special Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q, including the following Management's Discussion and Analysis of Financial Condition and Results of Operations, contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Such statements include, among others, those concerning our expected financial performance and strategic and operational plans, as well as all assumptions, expectations, predictions, intentions or beliefs about future events. You are cautioned that any such forward-looking statements are not guarantees of future performance and that a number of risks and uncertainties could cause actual results of the Company to differ materially from those anticipated, expressed or implied in the forward-looking statements. The words believe, expect, anticipate, project, targets, optimistic, intend, aim, will or similar expressions are intended to identify forward-looking statements. All statements other than statements of historical fact are statements that could be deemed forward-looking statements. Risks and uncertainties that could cause actual results to differ materially from those anticipated include risks related to new and existing products; any projections of sales, earnings, revenue, margins or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements regarding future economic conditions or performance; uncertainties related to conducting business in China; any statements of belief or intention; any of the factors mentioned in the Risk Factors section of our Current Report on Form 8-K filed on March 31, 2008, and other risks mentioned in this Form 10-Q. The Company assumes no obligation and does not intend to update any forward-looking statements, except as required by law.

China, Chinese and PRC, refer to the People's Republic of China;

BVI refers to the British Virgin Islands;

RMB refers to Renminbi, the legal currency of China;

U.S. dollar, \$ and US\$ refer to the legal currency of the United States;

Securities Act refers to the Securities Act of 1933, as amended; and

Exchange Act refers to the Securities Exchange Act of 1934, as amended.

OVERVIEW

Nevstar Corporation is a Nevada holding company whose primary business operations are conducted through its direct wholly owned subsidiary Dollar Come and Dollar Come's Chinese subsidiary Fuxin Hengrui which is a leading China-based float glass manufacturer. Until our acquisition of Dollar Come on March 31, 2008, our operations were very limited and our business strategy and ownership changed several times over the years.

Edgar Filing: NEVSTAR CORP - Form 10-Q

On March 31, 2008, we completed a reverse acquisition of Dollar Come through a share exchange transaction whereby we issued to the stockholders of Dollar Come 23,751,710 shares of our common stock, in exchange for all of the issued and outstanding capital stock of Dollar Come. Dollar Come thereby became our wholly owned subsidiary and the former stockholders of Dollar Come became our controlling stockholders. For accounting purposes, the share exchange transaction is treated as a reverse acquisition with Dollar Come as the acquirer and our Company as the acquired party.

As a result of the reverse acquisition of Dollar Come, our product offerings now include float glass, ultra-clear glass (also called crystal glass), colored float glass and high grade, glass processed products such as mirrors, glass artwork, tempered glass, insulated glass, laminated glass, lacquered glass and similar products. We have been manufacturing our glass products from our production facility in Fuxin City, Liaoning Province, China since 2002 and sell our products to end users in China, Asia, Europe, South America and South Africa. We ranked second in the Northeast China glass market based on sales revenues and production capacity according to a report issued by China Construction Products Quality Supervision Association.

Our glass products are mostly used in a variety of end products, such as automobiles, commercial and residential buildings, construction materials, furniture and display cases, lighting fixtures and decorative glass artwork, bath fixtures and electrical household appliances, such as refrigerators and microwave ovens. Our glass and glass products are manufactured in a broad range of specifications and marketed primarily under the Golden Elephant brand name. Our total annual production capacity of our glass products is currently 4.95 million weight cases and we maintain two production lines which have an aggregate daily melting capacity of over 800 tons.

Recent Developments

On May 1, 2008, the Company filed a Definitive Proxy Statement on Schedule 14C in connection with the Company's proposed amendment to its Articles of Incorporation. The Company proposed to amend its Articles of Incorporation to, among other things, (i) change its name to Golden Elephant Glass Technology, Inc.; (ii) add a new provision regarding its election not to be governed by the terms and provisions of Sections 78.411 through 78.444, inclusive, of the Nevada Revised Statutes, regulating corporate takeovers; and (iii) add a new provision regarding its election not to be governed by the terms and provisions of Sections 78.378 through 78.3793, inclusive, of the Nevada Revised Statutes, restricting certain acquisitions of a controlling interest in a corporation. The amendment is expected to become effective at the end of May 2008. Please see the Company's Definitive Proxy Statement on Schedule 14C filed on May 1, 2008 for more details.

On May 6, 2008, the Company's subsidiary Dollar Come entered into a loan agreement with Ms. Lin Tan to borrow US\$5 million at the annual interest rate of 8%. The agreement has a two-year term and the loan proceed will be used as working capital. Please see the Company's Current Report on Form 8-K filed on May 8, 2008 for more details.

First Quarter Financial Performance Highlights

We continued to experience strong demand for our products during the first fiscal quarter of 2008 and growth in our sales revenue and net income. The glass market in China, especially the market for specialty glass products, continued to expand in the first quarter of 2008. We were able to capitalize on this growth trend during the first fiscal quarter of 2008. In addition, due to high market demand, we also benefited from the increase of per unit sale price of glass products which contributed to our increase of sales revenue and net income.

Edgar Filing: NEVSTAR CORP - Form 10-Q

The followings are some financial highlights for the first quarter of 2008:

Sales Revenue: Sales revenue increased \$2.9 million, or 32.6%, to \$11.8 million for the first quarter of 2008 from \$8.9 million for the same period last year.

Gross Margin: Gross margin was 18.6% for the first quarter of 2008, as compared to 6.0% for the same period in 2007.

Net Income: Net income increased \$2.4 million, or 594.8%, to \$2.0 million for the first quarter of 2008, from a net loss of \$0.4 million for the same period of last year.

Fully diluted net income per share: Fully diluted net income per share was \$0.08 for the first quarter of 2008, as compared to a net loss per share of \$0.02 for the same period last year.

Taxation

United States

Nevstar Corporation is subject to United States tax at a tax rate of 34%. No provision for income taxes in the United States has been made as Nevstar had no taxable income in the first quarter of 2008.

British Virgin Islands

Dollar Come Investments Limited was incorporated in the British Virgin Islands, or BVI, and, under the current laws of the BVI, is not subject to income taxes.

PRC

Before the implementation of the enterprise income tax (EIT) law (as discussed below), Foreign Invested Enterprises (FIE) established in the PRC are generally subject to an EIT rate of 33.0%, which includes a 30.0% state income tax and a 3.0% local income tax. On March 16, 2007, the National People's Congress of China passed the new Corporate Income Tax Law (EIT Law), and on November 28, 2007, the State Council of China passed the Implementing Rules for the EIT Law (Implementing Rules) which took effect on January 1, 2008. The EIT Law and Implementing Rules impose a unified EIT of 25.0% on all domestic-invested enterprises and FIEs, unless they qualify under certain limited

Edgar Filing: NEVSTAR CORP - Form 10-Q

exceptions. Therefore, nearly all FIEs are subject to the new tax rate alongside other domestic businesses rather than benefiting from the old tax laws applicable to FIEs, and its associated preferential tax treatments, beginning January 1, 2008.

Despite these pending changes, the EIT Law gives the FIEs established before March 16, 2007 (Old FIEs), such as our subsidiary Fuxin Hengrui and Fuxin Xianheng, a five-year grandfather period during which they can continue to enjoy their existing preferential tax treatments. During this five-year grandfather period, the Old FIEs which enjoyed tax rates lower than 25% under the original EIT Law shall gradually increase their EIT rate by 2% per year until the tax rate reaches 25%. In addition, the Old FIEs that are eligible for the two-year exemption and three-year half reduction or five-year exemption and five-year half-reduction under the original EIT Law, are allowed to remain to enjoy their preference until these holidays expire. The discontinuation of any such special or preferential tax treatment or other incentives would have an adverse effect on any organization's business, fiscal condition and current operations in China.

Edgar Filing: NEVSTAR CORP - Form 10-Q

In addition to the changes to the current tax structure, under the EIT Law, an enterprise established outside of China with de facto management bodies within China is considered a resident enterprise and will normally be subject to an EIT of 25.0% on its global income. The Implementing Rules define the term de facto management bodies as an establishment that exercises, in substance, overall management and control over the production, business, personnel, accounting, etc., of a Chinese enterprise. If the PRC tax authorities subsequently determine that the Company should be classified as a resident enterprise, then the organization's global income will be subject to PRC income tax of 25.0%.

Under the income tax law and the related implementing rules, FIEs engaging in manufacturing businesses with a term of operation exceeding ten years may, subject to approval from local taxation authorities, be entitled to a two-year tax exemption from PRC EIT starting from the year they become profitable and a 50.0% tax reduction for the three years thereafter.

As approved by the relevant PRC tax authority, Fuxin Hengrui and Fuxin Xianheng was entitled to a two-year exemption from EIT followed by a 50.0% tax exemption for the next three years, commencing from the first cumulative profit-making year in the fiscal financial year. The tax holiday of Fuxin Hengrui commenced in 2004. Accordingly, Fuxin Hengrui is entitled to a 50% reduction on EIT tax rate of 12.5% for 2008 and will be subject to an EIT rate of 25% from 2009. Our subsidiary Fuxin Xianheng's tax holiday commenced in 2008, therefore, Fuxin Xianheng is exempted from EIT in 2008 and 2009 and will be subject to a reduced EIT rate of 12.5% from 2010 to 2012.

Results of Operations

Three Months Ended March 31, 2008 Compared to Three Months Ended March 31, 2007

The following table sets forth key components of our results of operations for the periods indicated, in dollars and as a percentage of sales revenue.

(All amounts, other than percentages, in thousands of U.S. dollars)

Item	3-Month Period Ended		3-Month Period Ended	
	March 31, 2008		March 31, 2007	
	In Thousands	As a percentage of net revenues	In Thousands	As a percentage of net revenues
Sales revenue	11,826	100%	8,925	100%
Cost of sales	9,629	81.4%	8,394	94.0%
Gross profit	2,197	18.6%	531	6.0%
Operating expenses				
Administrative expenses	410	3.5%	431	4.8%
Selling expenses	22	0.2%	262	2.9%
Total operating expenses	432	3.7%	693	7.8%

Edgar Filing: NEVSTAR CORP - Form 10-Q

Income (loss) before income taxes	2,101	17.8%	(300)	(3.4%)
Income taxes	125	1.1%	100	1.1%
Minority interests	5	0%	0	0%
Net income (loss)	1,981	16.8%	(400)	(4.5%)

- 27 -

Sales Revenue. Our sales revenue is generated from sales of our float glass products and increasingly from our specialty float glass products. Sales revenue increased \$2.9 million, or 32.6%, to \$11.8 million for the three months ended March 31, 2008 from \$8.9 million for the same period ended on March 31, 2007. This increase was mainly attributable to the increased demand of our glass products and the increased per unit price. In the first quarter of 2008, due to the increase of raw material costs and the high market demand of glass products which exceeded supply, our per unit price increased approximately 50% as compared to that of the same period last year.

Cost of Sales. Our cost of sales is primarily comprised of the costs of our raw materials, labor and overhead. Our cost of sales increased \$1.2 million, or 14.7%, to \$9.6 million for the three months ended March 31, 2008 from \$8.4 million during the same period in 2007. This increase was mainly due to the increase of raw material costs. As the market for our products continues to grow, the price of our main raw materials also increases. We are generally able to pass the increase of the raw materials costs to our customers. As a percentage of sales revenue, the cost of sales decreased to 81.4% from 94.0% in the same period of 2007. Such percentage decrease was primary due to the increase of our per unit sales price which outpaced the increase of prices of raw materials.

Gross Profit. Our gross profit is equal to the difference between our sales revenue and our cost of sales. Our gross profit increased \$1.7 million, or 313.5%, to \$2.2 million for the three months ended March 31, 2008 from approximately \$0.5 million for the same period in 2007. Gross profit as a percentage of sales revenue was 18.6% for the three-month period ended March 31, 2008, as compared to 6.0% during the same period in 2007. Such percentage increase was mainly due to the increase of our per unit sale price as discussed above.

Administrative Expenses. Administrative expenses consist of the costs associated with staff and support personnel who manage our business activities and professional fees paid to third parties. Our administrative expenses decreased \$20,815, or 4.8%, to \$410,003 for the three months ended March 31, 2008 from approximately \$430,818 for the same period in 2007. As a percentage of sales revenue, administrative expenses decreased to 3.5% for the three months ended March 31, 2008, as compared to 4.8% for the same period in 2007. This percentage decrease was primarily attributable to the more efficient cost management.

Selling Expenses. Selling expenses include sales commissions, the cost of advertising and promotional materials, salaries and fringe benefits of sales personnel, after-sale support services and other sales related costs. Our selling expenses decreased \$239,194 to \$22,346 for the three months ended March 31, 2008 from \$261,540 for the same period in 2007. As a percentage of sales revenue, our selling expenses decreased to 0.2% for the three months ended March 31, 2008 from 2.9% for the same period in 2007. This dollar and percentage decrease was primarily attributable to a decline in export sales. Our selling expenses for international sales are generally higher than domestic sales. In the first quarter of 2008, due to high domestic market demand and increased per unit sale price of our glass products, we decided it was better to sell our products to customers in China than to foreign customers. Export sales constituted approximately 2.6% of our total sales revenue in the first quarter of 2008, as compared to 6.1% for the same period last year.

Total Operating Expenses. Our total operating expenses decreased \$260,009, or 37.6%, to \$432,349 for the three months ended March 31, 2008 from \$692,358 for the same period in 2007. As a percentage of sales revenue, our total expenses decreased to 3.7% for the three months ended March 31, 2008 from 7.8% for the same period in 2007. The dollar decrease was primarily attributable to the decrease of selling expenses as discussed above.

Income from Operations before Taxes and Minority Interests. Income from operations before taxes and minority interests increased \$2.4 million, or 799.7%, to \$2.1 million during the three months ended March 31, 2008 from a loss of \$0.3 million during the same period in 2007. Income from operations before taxes as a percentage of sales revenue increased to 17.8% during the three months ended March 31, 2008 from a loss as a percentage of sales revenue of 3.4% during the same period in 2007 due to the factors described above.

Income Taxes. Income taxes increased \$24,253 to \$124,445 during the three months ended March 31, 2008 from \$100,192 during the same period in 2007. Our effective tax rate for the three months ended March 31, 2008 was 12.5%, and our 2008 effective tax rate is expected to be 12.5%.

Minority Interests. Our financial statements reflect an adjustment to our consolidated group net income equal to \$4,994 for the three months ended March 31, 2008, reflecting the minority interests held by third parties in our subsidiary Fuxin Hengrui Tianyuan.

Net income. Our net income increased \$2.4 million, or 594.8%, to \$2.0 million during the three months ended March 31, 2008 from a net loss of \$0.4 million during the same period in 2007, as a result of the factors described above.

Liquidity and Capital Resources

As of March 31, 2008, we had cash and cash equivalents of \$55,325 and restricted cash of \$1.3 million. The following table sets forth a summary of our cash flows for the periods indicated:

Cash Flow

(All amounts in thousands of U.S. dollars)

	Three Months Ended March 31,	
	2008	2007
Net cash (used in) provided by operating activities	(120.3)	904.6
Net cash provided by investing activities	1,538.8	451.1
Net cash used in financing activities	(1,425.6)	(1,381.7)
Effect of foreign currency translation on cash and cash equivalents	(0.2)	5.3
Net decrease in cash and cash equivalent	(7.3)	(20.7)

Operating Activities:

Net cash used in operating activities was \$120,269 for the three-month period ended March 31, 2008, which is a decrease of \$1.0 million from the \$904,623 net cash provide by operating activities for the same period in 2007. The decrease in net cash provided by operating activities was mainly due to the increase of raw material inventories made in anticipation of increased prices in the summer quarter.

Investing Activities:

Our main uses of cash for investing activities are payments to the acquisition of property, plant and equipment and restricted cash pledged as deposit for bills payable issuance.

Net cash provided by investing activities in the three-month period ended March 31, 2008 was \$1.5 million, which is an increase of \$1.1 million from net cash provided by investing activities of \$451,120 in the same period of 2007. The increase was mainly due to a one-time disposition in the first quarter of 2008 of certain properties that were unrelated to our main business.

Financing Activities:

Edgar Filing: NEVSTAR CORP - Form 10-Q

Net cash used in financing activities in the three-month period ended March 31, 2008 totaled \$1.4 million which was at the about same level of \$1.4 million net cash used in financing activities in the same period of 2007.

As of March 31, 2008, the amount, maturity date and term of each of our bank loans are as follows:

(All amounts, other than percentages, in millions of U.S. dollars)

Banks	Amounts	Maturity Date	Duration
China CITIC Bank, Shenyang Branch	\$2.6	November 26, 2008	1 year
China Construction Bank, Fuxin Branch	4.0	March 24, 2009	1 year
Shanghai Pudong Development Bank, Shenyang Branch	4.3	May 1, 2008	1 year
China Construction Bank, Fuxin Branch	2.9	May 22, 2008	6 months
Shenzhen Development Bank, Dalian Branch	0.7	April 17, 2008	4 months
Total	\$14.5		

- 30 -

Edgar Filing: NEVSTAR CORP - Form 10-Q

On May 6, 2008, the Company's subsidiary Dollar Come entered into a loan agreement with Ms. Lin Tan to borrow US\$5 million at the annual interest rate of 8%. The agreement has a two-year term and the loan proceed will be used as working capital.

We repaid bank loan in the total amount of \$0.6 million in the first quarter of 2008. We also paid the \$0.7 million and \$4.3 million bank loan matured on April 17, 2008 and May 1, 2008, respectively. In the coming 12 months, we have approximately \$9.5 million bank loans that will mature. We plan to replace these loans with new bank loans in approximately the same aggregate amounts. We believe that we maintain good relationships with the banks we deal with and our current available working capital, after receiving the aggregate proceeds of the loan from Ms. Tan and bank loans referenced above, should be adequate to sustain our operations at our current levels through at least the next twelve months.

Obligations under Material Contract

Below is a table setting forth our contractual obligations as of March 31, 2008:

All amounts in thousands of U.S. dollars

	Total	Less than 1 year	2-5 years	More than 5 years
Long term debt obligations	\$ -	\$ -	\$ -	\$ -
Capital commitment	-	-	-	-
Operating lease obligations	2,795	419	1,677	699
Purchase obligations	-	-	-	-
Total	2,795	419	1,677	699

Critical Accounting Policies

See Management's Discussion and Analysis of Results of Operations and Financial Condition under Item 2.01 Completion of Acquisition or Disposition of Assets in the Company's Current Report on Form 8-K filed with the SEC on March 31, 2008, for a discussion of the Company's critical accounting policies.

Recently issued accounting pronouncements

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities - Including an Amendment of FASB Statement No. 115. SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Entities that elect the fair value option will report unrealized gains and losses in earnings at each subsequent reporting date. The fair value option may be elected on an instrument-by-instrument basis, with few exceptions. SFAS 159 also establishes presentation and disclosure requirements to facilitate comparisons between companies that choose different measurement attributes for similar assets and liabilities. The requirements of SFAS 159 are effective for our fiscal year beginning January 1, 2008.

Edgar Filing: NEVSTAR CORP - Form 10-Q

In December 2007, the FASB issued SFAS No. 160 Noncontrolling Interests in Consolidated Financial Statements-an amendment of ARB No. 51. SFAS 160 establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. The guidance will become effective for the fiscal year beginning after December 15, 2008. The management is in the process of evaluating the impact that SFAS 160 will have on the Company's financial statements upon adoption.

Edgar Filing: NEVSTAR CORP - Form 10-Q

In December 2007, the FASB issued SFAS No. 141 (Revised) Business Combinations. SFAS 141 (Revised) establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree. The statement also provides guidance for recognizing and measuring the goodwill acquired in the business combination and determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. The guidance will become effective for the fiscal year beginning after December 15, 2008. The management is in the process of evaluating the impact that SFAS 141 (Revised) will have on the Company's financial statements upon adoption.

In March 2008, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 161, Disclosures about Derivative Instruments and Hedging Activities - an amendment to FASB Statement No. 133 . SFAS No. 161 is intended to improve financial standards for derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. Entities are required to provide enhanced disclosures about: (a) how and why an entity uses derivative instruments; (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations; and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. It is effective for financial statements issued for fiscal years beginning after November 15, 2008, with early adoption encouraged. The management is in the process of evaluating the impact that SFAS 160 will have on the Company's financial statements upon adoption.

Off-Balance Sheet Arrangements

We do not have any off-balance arrangements.

Seasonality

Our Company's business is seasonal, with the highest proportion of sales and operating income being generated in the second and third quarters of each year, with lesser sales and operating income being generated in the first and fourth quarters of each year. Our working capital requirements fluctuate during the year, increasing substantially during the first and fourth quarters as a result of lower demand for glass products due to the curtailments of construction works in winter season.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Not applicable.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures. We maintain a system of disclosure controls and procedures. The term disclosure controls and procedures, as defined by regulations of the SEC, means controls and other procedures that are designed to ensure that information required to be disclosed in the reports that we file or submit to the SEC under the Exchange Act, is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file or submit to the SEC under the Exchange Act is accumulated and communicated to our management, including our principal executive officer and our principal financial officer, or persons

Edgar Filing: NEVSTAR CORP - Form 10-Q

performing similar functions, as appropriate to allow timely decisions to be made regarding required disclosure. Each of Lihui Song, our President and Chief Executive Officer, and Qiang Hao, our Chief Financial Officer, have evaluated the design and operating effectiveness of our disclosure controls and procedures as of March 31, 2008. Based upon their evaluation, these executive officers have concluded that our disclosure controls and procedures are effective as of March 31, 2008.

Changes in Internal Control over Financial Reporting. There has been no change to our internal control over financial reporting during the quarter ended March 31, 2008 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Management decided to exclude recently acquired Dollar Come and its subsidiaries from its evaluation of controls and procedures above because it was not possible to conduct an assessment of the acquired companies' controls and procedures in the period between the consummation date and the date of management's assessment.

PART II

OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business. We are currently not aware of any such legal proceedings or claims that we believe will have a material adverse effect on our business, financial condition or operating results.

ITEM 1A. RISK FACTORS

Not applicable.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On March 31, 2008, we issued 23,751,710 shares of our common stock to shareholders of Dollar Come in exchange for all of the issued and outstanding shares of the capital stock of Dollar Come. The number of our shares issued to the stockholders of Dollar Come was determined based on an arms-length negotiation. The issuance of our shares to these individuals was made in reliance on the exemption provided by Regulation S and Section 4(2) of the Securities Act for the offer and sale of securities not involving a public offering and regulation D promulgated thereunder.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

ITEM 5.

OTHER INFORMATION

None.
