2006 Proxy Statement

General Information

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of American States Water Company of proxies to be voted at the Annual Meeting of Shareholders of the Company and any adjournments thereof. This statement and the accompanying proxy are being sent to shareholders on or about April 10, 2006.

At the Annual Meeting, shareholders will be asked to elect three Class II directors to serve until the annual meeting of shareholders held in 2008 and until their successors are elected and qualified. Shareholders will also be asked to ratify the appointment of PricewaterhouseCoopers LLP as independent auditors and to vote on any other matter which may properly come before the Annual Meeting or any adjournment thereof, including any proposal to adjourn the Annual Meeting. Whether or not you intend to be present at the Annual Meeting, you are urged to vote early using the mail, telephone or on-line methods.

Solicitation of Proxy and Revocability; Voting Securities

Date, Time and Place of Annual Meeting

The Annual Meeting will be held on Tuesday, May 9, 2006 at 10:00 a.m., Pacific Time, at the Hilton Pasadena, 168 South Los Robles Avenue, Pasadena, California.

Record Date and Voting Rights

Only holders of record of the Company's voting securities at the close of business on March 15, 2006 (the Record Date) are entitled to notice of and to vote at the Annual Meeting. At the Record Date, the Company had 16,819,588 Common Shares outstanding. Each Common Share is entitled to one vote.

Votes cast by proxy or in person at the Annual Meeting will be counted by an inspector of election appointed by the Board of Directors to act as an election inspector for the Annual Meeting. Shares represented by proxies that reflect abstentions will be treated as present and entitled to vote for purposes of determining the presence of a quorum. Abstentions, however, will not constitute a vote for or against any matter.

The inspector of election will treat shares referred to as broker non-votes (i.e., shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote and as to which the broker has physically indicated on the proxy that the broker or nominee does not have discretionary power to vote on a particular matter) as shares that are present and entitled to vote for purposes of determining the presence of a quorum. However, broker non-votes will not constitute a vote for or against any matter as to which the broker has physically indicated on the proxy that it does not have discretionary authority to vote (even though those shares are considered present for quorum purposes and may be entitled to vote on other matters). Any unmarked proxies, including those submitted by brokers or nominees, will be voted as indicated in the accompanying proxy card.

In the election of directors, the candidates for election receiving the highest number of affirmative votes of the shares entitled to be voted for them, up to the number of directors to be elected, will be elected. Votes cast against a candidate or votes withheld will have no legal effect. No shareholder will be entitled to cumulate votes (i.e., cast for any candidate a number of votes greater than the number of Common Shares held of record by such shareholder) unless such candidate's name has been placed in nomination prior to the voting and the shareholder has given notice at the meeting, prior to the voting, of the shareholder's intention to cumulate the shareholder's votes. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates who have been nominated. If voting for directors is conducted by cumulative voting, each share will be entitled to the number of votes equal to the number of directors authorized times the number of votes to which such share is otherwise entitled, which votes may be cast for a single candidate or may be distributed among two or more candidates in whatever proportion the shareholder may desire. The accompanying proxy card will grant the named proxies discretionary authority to vote cumulatively, if cumulative voting applies. In such event, unless otherwise instructed, the named proxies intend to vote equally FOR each of the three candidates for the office of director; provided, however, that if sufficient numbers of the Company's shareholders exercise cumulative voting rights to elect one or more candidates, the named proxies will determine the number of directors they are entitled

to elect, select such number from among the named candidates, cumulate their votes, and cast their votes for each candidate among the number they are entitled to elect. If voting is not conducted by cumulative voting, each Common Share will be entitled to one vote, and shareholders having a majority of the voting power exercised at the meeting will be able to elect all of the directors if they choose to do so. In that event, the other shareholders will be unable to elect any director or directors.

Assuming the presence of a quorum, the shareholders present at the meeting may continue to do business until adjournment, notwithstanding the withdrawal of shareholders holding sufficient voting power to leave less than a quorum, if any action taken (other than adjournment) is approved by the requisite vote.

Voting By Proxy

Regardless of whether or not shareholders plan to attend the meeting in person, all shareholders of the Company are urged to use the enclosed proxy card to vote their shares. All proxies that are properly executed and returned, unless revoked, will be voted at the Annual Meeting or any adjournment thereof in accordance with the instructions indicated thereon or, if no direction is indicated FOR the election of the Board's nominees as directors and FOR PricewaterhouseCoopers LLP as the independent auditors. The execution of a proxy will not affect the right to attend the Annual Meeting or any adjournment thereof and vote in person.

You may revoke a proxy that you have given at any time before it is exercised at the Annual Meeting by filing with the Company a written notice of revocation of the proxy bearing a later date or by attendance at the Annual Meeting and voting in person (or presenting at the meeting such written notice of the revocation of the proxy), provided that you have obtained a legal proxy if you hold your shares through a broker, bank or other shareholder of record. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The proxies may also be voted for a substitute nominee or nominees in the event any one or more of the director nominees named under Item 1 Election of Directors will be unable to serve for any reason or be withdrawn from nomination, a contingency not now anticipated. Shares for which duly executed proxies are received will be voted according to the Board's best judgment upon such matters as may properly come before the Annual Meeting or any adjournment thereof.

Voting by Mail

Shareholders may sign, date and return their proxy forms in the pre-addressed, postage-paid envelope provided.

Voting by Telephone

You may vote by proxy using the toll-free telephone number listed on the proxy form. Please have the proxy form in hand when calling.

Shareholders whose shares are held through a brokerage firm, bank or other holder of record may vote by telephone only if the holder of record (broker, bank or other holder of record) offers those options.

Voting by Internet

You may vote by proxy using the Internet. The Internet address is www.proxyvote.com and is also listed on the proxy form. Please have the proxy form in hand when going online.

Shareholders whose shares are held through a brokerage firm, bank or other holder of record may vote by Internet only if the holder of record (broker, bank or other holder of record) offers those options.

Adjournments

The Annual Meeting may be adjourned, even if a quorum is not present, by a majority of the votes of shareholders represented at the Annual Meeting in person or by proxy. In the absence of a quorum at the Annual Meeting, no other business may be transacted at the Annual Meeting.

Notice of the adjournment of a meeting need not be given if the time and place thereof are announced at the meeting at which the adjournment is taken, provided that if the adjournment is for more than 45 days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting must also be given. Any business may be transacted at an adjourned meeting, which might have been transacted at the original meeting.

Solicitation of Proxies

The accompanying proxy relating to the Annual Meeting is being solicited by the Board of Directors of the Company for use at the Annual Meeting.

The Company will bear the entire cost of preparing, assembling, printing and mailing proxy statements, the proxies and any additional materials, which may be furnished by the Board to shareholders. The solicitation of proxies will be made by the use of the U.S. postal service and may also be made by telephone, or personally, by directors, officers and regular employees of the Company who will receive no extra compensation for such services.

Proposal One

Election of Class II Directors

The Company's Articles of Incorporation provide that classification of the Board will apply to every election of directors for so long as at least six directors are authorized under the Company's Bylaws and the Company's Common Shares are listed on the New York Stock Exchange. The Company's Bylaws provide that the Board of Directors shall consist of not less than five and not more than nine directors, with the exact number of directors currently set at six. So long as the Board continues to consist of at least six, but less than nine, directors and the Company's Common Shares are listed on the New York Stock Exchange, directors will serve for a term of two years, and one-half of the directors (or as near to one-half as practicable) will be elected each year.

Under the Company's Bylaws, the Board of Directors could increase the authorized number of directors to up to nine without obtaining shareholder approval. In the event that the number of directors increases during any period that the Company's Common Shares are listed on the New York Stock Exchange, the increase will be apportioned by the Board between the classes of directors to make each class as nearly equal as possible. If the number of authorized directors is increased to at least nine during any period that the Company's Common Shares are listed on the New York Stock Exchange, the directors will be apportioned by the Board among three classes, each consisting of one-third of the directors, directors will serve for a term of three years, and one-third of the directors will be elected each year. If the number of authorized directors is decreased to five, then the Board will cease to be classified, provided the decrease in the number of directors cannot shorten the term of any incumbent director. Vacancies in the Board, except those existing as a result of a removal of a director, may be filled by a majority of the remaining directors, though less than a quorum, or by a sole remaining director, and each director so elected will hold office until the end of such director's term or until such director's successor has been elected and qualified. The Company's shareholders may elect a director or directors at any time to fill any vacancy or vacancies not filled by the directors.

Pursuant to California law, members of the Board of Directors may be removed by the Board of Directors for cause (defined to be a felony conviction or court declaration of unsound mind), by the shareholders without cause or by court order for fraudulent or dishonest acts or gross abuse of authority or discretion. Generally, no director may be removed by the shareholders if the votes cast against such removal (or, if done by written consent, the votes eligible to be cast by the non-consenting shareholders) would have been sufficient to elect such director if voted cumulatively at an election at which the same total number of votes were cast (or, if the action is taken by written consent, all shares entitled to vote were voted) and the entire number of directors authorized at the time of the director's most recent election were then being elected (the Relevant Number of Directors). The Relevant Number of Directors, in the case of classified boards, is the greater of (i) the number of directors elected at the most recent annual meeting of shareholders and (ii) the number sought to be removed.

Three directors have been nominated for election as Class II directors for a two-year term expiring at the end of the annual meeting of shareholders in 2008, or until their successors are elected and qualified. The terms of the remaining directors will continue as indicated below. The ages of the directors reported below are as of March 15, 2006.

The Company has not identified any business or other relationships between the Company and any non-employee director that would affect the independence of such director.

Audit and Finance Committee

The Committee reviews the scope of audit work and findings of the Company's independent registered public accounting firm who serves as independent auditors of the Company and also monitors the work of the Company's internal auditors. The Corporate Secretary must receive your recommendation or nomination between February 8 and February 23, 2007 in order for your nominee to be considered for election as a director. Remuneration for Directors

All directors (except Mr. Wicks) were paid an annual retainer of \$20,000 in 2005, payable in equal monthly installments. In addition, each non-employee director received a \$1,200 fee in 2005 for each meeting attended, which was reduced to \$600 for telephonic meetings attended. The regular and organizational meetings of the board are counted as one meeting for purposes of the per diem meeting fee. In addition, each outside director who was a member of the Compensation Committee, Nominating and Governance Committee, ASUS Committee or the Audit and Finance Committee, received a \$1,200 fee in 2005 for each meeting attended, which was reduced to \$600 for telephonic meetings.

In 2005, the chair of the Audit and Finance Committee, the Compensation Committee, the ASUS Committee and the Nominating and Governance Committee received an additional annual retainer of \$15,000, \$7,500, \$7,500 and \$5,000, respectively.

Chairman of the Board Mr. Ross earned an additional \$80,000 as chair for the year 2005. Mr. Wicks did not receive any separate compensation as a director or a member of the ASUS Committee.

Each of the non-employee directors also received stock options for 3,000 Common Shares pursuant to the terms of the 2003 Non-Employee Directors Stock Plan which is described in more detail below. Each non-employee director also had stock units credited to his or her account in 2005 with respect to services provided as a director in 2005 in the amount set forth below pursuant to the terms of the 2003 Non-Employee Directors Stock Plan:

Name	Amount of Stock Units(1)

Anne Holloway	1,010.4938
Robert F. Kathol	1,071.4524
Lloyd E. Ross	1,071.4524

(1) The amount of stock units credited to each director's account with less than ten years of service equals the sum of (i) \$20,000, divided by the closing price of a Common Share on the New York Stock Exchange on May 17, 2005, and (ii) the amount of dividends payable by the Company on each dividend record date thereafter to a non-employee director in respect of the stock units and options credited to the non-employee directors account on the dividend record date, divided by the closing price of a Common Share on the New York Stock Exchange on each dividend record date.

Each director is also reimbursed for reasonable and necessary travel, lodging and other expenses incurred in the performance of his or her duties.

- (1) No cash awards were earned in 2003 and 2004 under the terms of the Company's Annual Incentive Plan and in 2005, the Plan was eliminated for officers. The Company paid special cash bonuses for 2005 based principally upon favorable resolution of pending regulatory proceedings and the Company's earnings performance. Mr. Sprowls received a signing bonus in 2004 in connection with his agreement to become the Senior Vice President, Chief Financial Officer, Corporate Secretary and Treasurer of the Company.
- (2) Except for Denise Kruger who received reimbursement of her moving expenses in 2003 in connection with her relocation to Sacramento, California and Robert Sprowls who received reimbursement of his moving and temporary living expenses in 2004 and early 2005 in connection with his moving to Southern California, the aggregate amount of perquisites received by each of the named executive officers does not exceed 10% of the total annual salary of the named executive officer. Each named executive officer is entitled to the personal use of a Company-owned vehicle and a personal computer. In addition, the Company pays the premium on a business and travel insurance policy.
- (3) The Company pays the premium on a group life insurance policy which is available for all employees of the Company and makes a matching contribution to the Company's 401(k) plan in accordance with the terms of the plan.
- (4) Pursuant to the terms of a restricted stock grant in 2002, Mr. Wicks was entitled to receive cash dividends and voting rights for 1,050 Common Shares issued as restricted stock so long as he remained employed by the Company. One-third of the Common Shares awarded under this grant vested on the first, second and third anniversary dates after the grant.
- (5) Each named executive officer is entitled to receive cash dividends on the shares underlying these options during the first three years following the date of grant, unless the option terminates earlier by its terms.

Option Grants in Last Year

The following table sets forth information with respect to all options granted to the named executive officers during 2005.

Option Grants in Last Year Table

Employee Name	Number of Shares Underlying Options Granted (#)	Award Date	Percentage of Total Options Granted To Employees	Exercise Price (\$/Share)	Expiration Date	Grant Date Black-Scholes Value (1)(2)(3)
Floyd E. Wicks	25,650	January 3, 2005	14.9%	25.92	January 2, 2015	\$ 144,410
Robert J. Sprowls	12,075	January 3, 2005	7.0%	25.92	January 2, 2015	67,982
McClellan Harris III	12,075	January 3, 2005	7.0%	25.92	January 2, 2015	67,982
Joel A. Dickson	12,075	January 3, 2005	7.0%	25.92	January 2, 2015	67,982
Denise L. Kruger	12,075	January 3, 2005	7.0%	25.92	January 2, 2015	67,982

- (1) The Black-Scholes option-pricing model was used to estimate the grant date present value of the options. Assumptions for options granted are as follows: 26.23% volatility; risk free rate of return of 3.93% based on ten-year U.S. Treasury securities; dividend yield 3.68% and an estimated period to exercise of 7 years.
- (2) One-third of the stock options granted to the named executive become exercisable on each of the first three anniversaries of the grant date, but may be exercised earlier if there is a change in control of the Company as described under Employment Contracts, Termination and Change-In-Control Arrangements below. Each option was granted with a right to receive cash dividends for a period of three years from the date of grant. No options were exercised by an executive officer in 2005.
- (3) These values are neither predictions nor indications of what the Company believes the market value of its Common Shares will be. The ultimate values of the options will depend on the future market prices of the Common Shares, which cannot be forecasted with reasonable accuracy. The actual value, if any, which an executive officer will recognize on exercise of an option, will depend on the difference between the market value of the Common Shares on the date the option is exercised and the applicable exercise price.

Option Exercises and Holdings

The following table sets forth information concerning the aggregate value of exercised and unexercised options held by the named executive officers of the Company at December 31, 2005. Value is measured as the difference between the exercise price and fair market value on December 31, 2005.

Employment Contracts, Termination and Change-in-Control Arrangements

The Company is an at-will employer and none of the executive officers has an employment contract with the Company.

Each of the Company's named executive officers is a party to a change in control agreement which provides for certain benefits in the event of a change in control of the Company if the executive officer's employment is terminated other than for cause or disability or the executive terminates employment for good reason. A change in control under these agreements will generally include (i) any sale or other change in ownership of substantially all of the assets of the Company, unless its business is continued by another entity in which the holders of the Company's voting securities immediately before the event own more than 55% of the continuing entity's voting securities, (ii) any reorganization or merger, unless the holders of the Company's voting securities immediately before the event own more than 55% of the surviving or continuing entity's voting securities and at least a majority of the members of the Board of Directors of the surviving entity were members of the Board of Directors at the time of the execution of the agreement or approval by the Board of Directors, (iii) an acquisition by any person or group acting in concert of more than 55% of the voting securities of the Company, unless the holders of the Company's voting securities immediately before the event own more than 55% of the acquirer's voting securities immediately after the acquisition, (iv) a tender offer or exchange offer by any person or group of more than 25% of the voting securities of the Company, unless the tender offer is approved by a majority of the members of the Board of Directors who were in office at the beginning of the 12 month period preceding the commencement of the tender offer, or (v) a change of one-half or more of the members of the Board of Directors within a 12 month period, unless the election or nomination for election of new directors was approved by at least two-thirds of the directors then still in office who were in office at the beginning of the 12 month period.

An executive may terminate his or her employment for good reason if the executive is assigned duties inconsistent in any respect with the executive's position or the executive is not re-appointed to the same position following the change in control, the executive's salary or benefits are reduced (including the elimination of any cash incentive or other cash bonus plan, without providing adequate substitutes) or the executive is located at an office that increases the distance from the executive's home by more than 35 miles. Under the change in control agreements, each executive will generally be entitled to the following benefits: a cash payment equal to 2.99 times the sum of (i) the executive's highest annual base salary during the preceding three years (ii) the average of the amount paid to the executive pursuant to a cash pay incentive plan of the Company (excluding any extraordinary bonus, including any holiday, year end, anniversary or signing bonus), and (iii) the average of the amount of cash received by the executive with respect to dividend equivalents credited to the account of the executive during the five calendar years immediately preceding the date of termination of employment. The Company has also agreed to pay the executive in a cash lump sum the difference between (i) the single sum actuarial equivalent of the executive's benefits under the Company's Pension Plan and supplemental pension plan if the executive were credited with three additional years of service and (ii) the single sum actuarial equivalent of the executive's vested accrued benefits under the Company's Pension Plan at the time of the executive's termination of employment.

Coverage under the Company's health and welfare benefit plans would also be extended to these executives for a period of two years after termination (three years after termination of employment for the Chief Executive Officer and Chief Financial Officer). The agreements also provide for a gross-up payment if any executive officer is required to pay an excise tax under Section 4999 of the Internal Revenue Code.

Pension Plan

American States Water Company maintains a noncontributory, defined benefit pension plan. Benefits are determined under a formula applied uniformly to all employees, regardless of position, and amounts depend on length of service and the average of the five highest consecutive years of compensation earned. For purposes of pension calculations, compensation includes salary and all other compensation but excludes bonuses, lump sum payments, and the value of personal use of Company vehicles and other perquisites. An employee who terminates employment after having at least five years of service with the Company has a vested interest in the Plan.

Benefits payable at retirement (at age 55 or beyond) are reduced by a percentage of primary social security benefits based upon years of credited service and are payable monthly. The following table illustrates the estimated annual benefits payable upon retirement, at age 65, for persons in the earnings classifications with years of service as shown, excluding social security deductions, for participants in the Southern California Water Company Pension Plan.

Pension Plan Table

Average Annual Salary for Highest Consecutive Five Years	Benefits Based on Length of Service

The named executive officers of the Company have the following completed, credited years of service under the pension plan as of March 15, 2006:

Name	Years of Service
Floyd E. Wicks	18
Robert J. Sprowls	1
McClellan Harris III	15
Joel A. Dickson	15
Denise L. Kruger	13

The Plan provides a special early retirement option for those employees for whom the sum of age and number of years of service, at retirement, equals at least 80.

Each executive who retires on or after November 1, 2005 is also generally entitled to a supplemental retirement benefit equal to the excess of (i) the benefits that would have been payable under the Pension Plan if these benefits were not limited by Section 401(a)(17) and 415 of the Internal Revenue Code and including in compensation payments made to the executive pursuant to any cash pay annual performance incentive plan of the Company (other than any extraordinary bonus, including any holiday, year end, anniversary or signing bonus) and dividend equivalents paid in cash to the executive in connection with awards granted prior to 2006 under an equity incentive plan of the Company over (ii) the vested retirement benefit actually payable to the executive under the Pension Plan. Mr. Sprowls will be entitled to these benefits even if he is not vested under the Pension Plan.

Deferred Compensation Plan for Directors

Under the Company's Deferred Compensation Plan for Directors, directors are entitled to defer a portion of their compensation until specified times after the deferral. Interest accrues on amounts deferred under this plan. None of the directors or nominees has currently deferred any income under the Deferred Compensation Plan for Directors.

Report of the Audit and Finance Committee

The Audit and Finance Committee operates under a written charter adopted by the Board of Directors and is composed of three directors - N.P. Dodge, Jr., Anne M. Holloway and Robert F. Kathol. Lloyd E. Ross, Chairman of the Company's Board of Directors is an ex-officio member of the Committee.

General

The Committee reviews the overall scope and plans for the respective audits of the internal and independent auditors. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluation of the internal controls and the overall quality of the Company's financial reporting. The Committee oversees the Company's financial reporting processes on behalf of the Board of Directors. Management has primary responsibility for the Company's financial statements, internal controls, disclosure controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes. The independent auditors report directly to the Committee and the Board of Directors.

Communication with Audit Committee

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's internal controls have no material weakness and that the consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61.

Independence Discussions with Audit Committee

The Company's independent accountants also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 and the Committee discussed with the independent accountants that firm's independence.

Recommendation for Inclusion in Form 10-K

Based upon the Committee's discussions with management and the independent accountants, the Committee's review of the representations of management, and the report of the independent accountants to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 filed with the Securities and Exchange Commission.

Report of the Compensation Committee

The Compensation Committee operates under a written charter adopted by the Board of Directors. The Committee is composed of four independent directors - James L. Anderson, N.P. Dodge, Jr., Anne M. Holloway, and Robert F. Kathol. Lloyd E. Ross, Chairman of the Corporation's Board of Directors, is an ex-officio member of the Committee.

The primary responsibility of the Compensation Committee is to review and make recommendations to the Board of Directors as to the appropriate level of compensation for the executive officers of the Company, including the Chief Executive Officer.

General Philosophy

In general, the executive compensation program is designed to reward, motivate and retain the skilled management necessary to achieve the Company's goals of increasing shareholder value and maintaining a leadership position within the industry. The Committee has established as its objective the design and implementation of a compensation program for executives that will (i) provide fair, equitable and reasonable compensation, (ii) reward excellent team and individual job performance and abilities, and (iii) attract, retain and motivate talented and experienced executives. In making its recommendations to the Board, the Compensation Committee takes into account the fact that both the California Public Utilities Commission and the Arizona Corporation Commission review executive salaries of regulated public utilities for reasonableness. Moreover, the Committee recognizes that, as a holding company of regulated public utilities, financial performance of the Company is constrained by and dependent upon not only the regulatory process but also a number of other factors beyond the Company's immediate control, such as weather, water quality and water supply. As a result, executive compensation is based on a number of subjective and objective factors beyond the recent financial performance of the Company.

Executive Compensation Program

In determining individual compensation, the Committee considered the executive officer's duties, the importance of the position and the Chief Executive Officer's views as to the contribution that each of the other executive officers made to the Company's overall performance and its strategic positioning for the future. The Committee also considered whether an executive officer's duties have expanded or otherwise materially changed from the previous year, the officer's experience and the extent and frequency of prior adjustments to that officer's salary. The Committee reviewed an independent consultant's report reviewing the proposed base salary and incentives to be paid to executives in comparison with the goal of giving annual compensation between the 60th and 75th percentiles of compensation for comparable positions at comparable companies generally within the utility industry (the Competitive Target Level). For executives other than the Chief Executive Officer, the Committee also considered recommendations made by the Chief Executive Officer.

Total compensation consists of three components—base salary, short-term incentives in the form of cash bonuses and long-term incentives in the form of stock-based awards. Adjustments to base salaries, after consideration of all relevant factors, allow for annual adjustments and avoid wide fluctuations in compensation from year to year. Salary ranges are set by periodic comparison to rates of pay for comparable positions at other companies and individual salaries are adjusted based on external salary levels, individual performance and changes in responsibilities.

The Committee determines executive compensation not only on base salary, but believes that executives should have the opportunity to earn a significant amount of variable pay based on the performance of the Company as reflected in its stock price. The Committee believes that stock-based incentives promote the success of the Company by attracting, motivating, rewarding, retaining and aligning the interests of executive officers with those of shareholders generally. Including all forms of compensation, an executive's total annual compensation opportunity is such that base salary plus awards under the Company's 2000 Stock Incentive Plan are each intended to yield annual compensation at the Competitive Target Level. Stock awards were granted to other officers of the Company based, in part, upon the recommendations of the Chief Executive Officer.

CEO Compensation

Floyd E. Wicks has been President and Chief Executive Officer of the Company since 1992. As with the compensation of the Company's other executive officers, the Committee has chosen not to adopt a direct formula approach to determining Mr. Wicks' base salary. Rather, the Committee reviewed a number of objective and subjective measures including the Competitive Target Level for Mr. Wicks' position as well as the performance of the Company as a whole and his effectiveness in addressing local, industry-wide issues and specific issues facing the Company. In addition the Committee reviewed an independent consultant's report that reviewed Mr. Wicks' compensation package (along with other executives) in comparison with the Competitive Target Level. After the Committee's deliberations and review, the Committee recommended and the Board of Directors authorized that Mr. Wicks' base salary be established as \$410,000 for 2005. The Committee determined that the base salary and the award of options under the 2000 Stock Incentive Plan would place Mr. Wicks' total compensation within the Competitive Target Level.

2005 Bonuses

In 2005, the Company terminated its existing annual incentive cash bonus program for executive officers. Following the end of the year, and based principally upon favorable resolution of pending regulatory proceedings and the Company's earnings performance, the Committee recommended, and the Board of Directors authorized, a one-time special cash bonus of between 10 and 17.2 percent of executives' base salary.

Section 162(m) Limitation

The Committee has reviewed the Company's compensation structure in light of Section 162(m) of the Internal Revenue Code which limits, subject to limited exceptions, the amount of compensation that the Company may deduct from its taxable income for any year to \$1,000,000 for any of its five most highly compensated executives. In 2005, no executive officer's compensation exceeded the limitation set by Section 162(m), and therefore such limitation is presently inapplicable to the Company. The Committee will address this limitation when and if it becomes meaningful.

Information on Independent Auditors

The Audit and Finance Committee adopted a Policy Statement regarding the approval of Audit, Audit-Related, Tax and Other Services provided by the independent auditor on February 2, 2004. The purpose of the policy is to specify guidelines and procedures designed to maintain the independence of the independent auditor retained by the Company and its subsidiaries and assist the Company's compliance with Section 201 and 202 of the Sarbanes-Oxley Act of 2002 and the related rules and regulations promulgated by the Securities and Exchange Commission. The Policy, administered by the Audit and Finance Committee, describes and defines the four categories of permitted services (i) Audit Services, (ii) Audit-Related Services, (iii) Tax Services and (iv) Other Services, the reporting procedure for each category, the prohibited services and the pre-approval process to be used with each category.

The Audit and Finance Committee has reviewed the advisability and acceptability of utilizing the Company's external auditor PricewaterhouseCoopers LLP, for non-audit services. In reviewing this area, the Committee focused on the ability of the external auditor to maintain independence. Based on input from management and a review of procedures established within the external audit firm, the Committee finds that it is both advisable and acceptable to employ the external auditor for certain limited non-audit services, from time-to-time.
