PROXY STATEMENT ANNUAL MEETING OF STOCKHOLDERS MAY 13, 2010

This proxy statement is furnished to stockholders of SIGA Technologies, Inc. (“SIGA”, the “Company” or “we”) in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of SIGA (the “Board of Directors”) for use in voting at the Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the offices of Kramer Levin Naftalis & Frankel LLP, 1177 Avenue of the Americas, 29th Floor, New York, New York 10036, on Thursday, May 13, 2010, at 10:00 a.m. (local time), and at any adjournment or postponement thereof.

This proxy statement and the accompanying form of proxy are first being mailed to stockholders on or about April 12, 2010.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Purpose of the Annual Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this proxy statement.

Record Date and Outstanding Shares

The Board of Directors has fixed the close of business on March 30, 2010 as the record date (the “Record Date”) for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting or any and all adjournments or postponements thereof. As of the Record Date, SIGA had issued and outstanding 43,573,727 shares of common stock, par value \$.0001 per share (“Common Stock”).

Voting at the Annual Meeting

Each share of Common Stock outstanding on the Record Date will be entitled to one vote on each matter submitted to a vote of the stockholders. Cumulative voting by stockholders is not permitted.

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast by the stockholders entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions will be counted as shares present for purposes of determining the presence of a quorum on all matters. Brokers holding shares for beneficial owners in “street name” must vote those shares according to specific instructions they receive from the owners of such shares. If instructions are not received, brokers may vote the shares, in their discretion, depending on the type of proposals involved. Broker “non-votes” result when brokers are precluded from exercising their discretion on certain types of proposals. Brokers have discretionary authority to vote under the rules governing brokers to vote without instructions from the beneficial owner on certain “routine” items, such as the ratification of the appointment of the independent registered public accounting firm (Proposal 2) and, accordingly, your shares may be voted by your broker on Proposal 2. However, brokers do not have discretionary authority to vote on the other proposals included herein. Shares that are voted by brokers on some but not all of the matters will be treated as shares present for purposes of determining the presence of a quorum on all matters, but will not be treated as shares entitled to vote at the Annual Meeting on those matters as to which authority to vote is withheld by the broker.

For the election of directors, a plurality of the votes cast is required. Abstentions and broker “non-votes” are not considered to have been voted for the purpose of the election of directors.

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

For the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of SIGA for the fiscal year ending December 31, 2010, the affirmative vote of a majority of the total votes cast on such proposal in person or by proxy at the Annual Meeting is required. Abstentions and broker "non-votes" are not considered to have been voted on this proposal. Brokers and other nominees continue to have discretionary voting power to vote without instructions from the beneficial owner on the ratification of the appointment of the independent auditor and, accordingly, your shares may be voted by your broker on this proposal.

For the adoption of the SIGA Technologies, Inc. 2010 Stock Incentive Plan, the affirmative vote of a majority of the total votes cast on such proposal in person or by proxy at the Annual Meeting is required. Abstentions and broker "non-votes" for such proposal are not considered to have been voted on the proposal.

Dissenters' Rights

Proposals 1, 2 and 3 do not give rise to any statutory right of a stockholder to dissent and obtain the appraisal of or payment for such stockholder's shares.

Revocability and Voting of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

by writing a letter delivered to Ayelet Dugary, Secretary of SIGA, stating that the proxy is revoked;

by submitting another proxy with a later date; or

by attending the Annual Meeting and voting in person.

Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Annual Meeting, the stockholder must bring to the Annual Meeting a letter from the broker, bank or other nominee confirming that stockholder's beneficial ownership of the shares.

Unless we receive specific instructions to the contrary or unless such proxy is revoked, shares represented by each properly executed proxy will be voted: (i) FOR the election of each of SIGA's nominees as a director; (ii) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of SIGA for the fiscal year ending December 31, 2010; (iii) FOR the adoption of the SIGA Technologies, Inc. 2010 Stock Incentive Plan; and (iv) with respect to any other matters that may properly come before the Annual Meeting, at the discretion of the proxy holders. SIGA does not presently anticipate that any other business will be presented for action at the Annual Meeting.

Solicitation

SIGA will pay the costs of soliciting proxies. SIGA may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to beneficial owners. Directors, officers and regular employees may also solicit proxies by telephone, facsimile or other means or in person. They will not receive any additional payments for the solicitation.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Ten directors are to be elected at the Annual Meeting to hold office until the next Annual Meeting of Stockholders and until their successors have been duly elected and qualified. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the election of the ten persons named in the table below as directors of SIGA. Proxies cannot be voted for a greater number of persons than the nominees named. In the event that any of the below listed nominees for director should become unavailable for election for any presently unforeseen reason, the persons named in the accompanying proxy form have the right to use their discretion to vote for a substitute.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE ELECTION OF DR. ROSE, MR. ANTAL, MR. BAYER, MR. CONSTANCE, MR. FASMAN, DR. HAMMER, MR. MARSHALL, MR. SAVAS, MR. SLOVIN AND DR. WEINER AS DIRECTORS (ITEM 1 OF THE ENCLOSED PROXY CARD).

Meetings of the Board of Directors

During 2009, the Board of Directors held eight meetings. During 2009, one director, Michael J. Bayer, attended fewer than 75% of the aggregate of the meetings of the Board of Directors and the committees on which he served during the period for which he has been a director or committee member. During 2009, no action was taken by unanimous written consent of the Board of Directors.

Those members of the Board of Directors who are independent as defined by Rule 5605 of the NASDAQ Marketplace Rules (the “Independent Directors”) are also required, pursuant to Rule 5605(b)(2) of the NASDAQ Marketplace Rules, to regularly convene executive sessions where only such Independent Directors are present. Such meetings may be in conjunction with regularly scheduled meetings of the Board of Directors. Each member of the Board of Directors is also urged to attend the annual meeting of SIGA’s stockholders. Eight members of the Board of Directors attended SIGA’s 2009 annual meeting of stockholders.

Committees of the Board of Directors

The Board of Directors currently has, and appoints the members of, standing Audit, Compensation and Nominating and Corporate Governance Committees. Each member of the Audit, Compensation and Nominating and Corporate Governance Committees is an Independent Director. Each of these committees has a written charter approved by the Board of the Directors in March 2004. A copy of each charter is posted on SIGA's website at www.siga.com under the "Corporate Governance" section.

Audit Committee. The Audit Committee, which currently consists of directors Paul G. Savas, James J. Antal, and Bruce Slovin, held twelve meetings during 2009. The Board of Directors has determined that each of the members of the Audit Committee is "independent" under the applicable laws, rules and regulations. The Company has determined that Mr. Savas is an "audit committee financial expert" within the meaning of Regulation S-K promulgated by the Securities and Exchange Commission (the "SEC"). The purpose of the Audit Committee is to assist the Board of Directors in the oversight of the integrity of SIGA's financial statements, SIGA's compliance with legal and regulatory matters, the independent registered public accounting firm's qualifications and independence, and the performance of SIGA's independent registered public accounting firm. The primary responsibilities of the Audit Committee are set forth in its charter and include various matters with respect to the oversight of SIGA's accounting and financial reporting process and audits of the financial statements of SIGA on behalf of the Board of Directors. The Audit Committee also selects the independent registered public accounting firm to conduct the annual audit of SIGA's financial statements; reviews the proposed scope of such audit; reviews the Company's accounting and financial controls with the independent registered public accounting firm and our financial accounting staff; and reviews and approves transactions, if any, between us and our directors, officers, and their affiliates. A copy of the Audit Committee charter is available on SIGA's website at www.siga.com under the "Corporate Governance" section. Also see the section of this proxy statement entitled "Report of the Audit Committee".

Compensation Committee. The Compensation Committee, which currently consists of directors Steven L. Fasman, Paul G. Savas, Bruce Slovin, and Michael A. Weiner, held five meetings during 2009. The Board of Directors has determined that each of the members of the Compensation Committee is "independent" within the meaning of the NASDAQ listing standards. The Compensation Committee functions include reviewing and approving the compensation and benefits for SIGA's executive officers, administering SIGA's stock plans and making recommendations to the Board of Directors regarding these matters. A copy of the Compensation Committee charter is available on SIGA's website at www.siga.com under the "Corporate Governance" section. Also see the section of this proxy statement entitled "Compensation Discussion and Analysis".

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee (the "Nominating Committee"), which currently consists of directors Michael J. Bayer, James J. Antal and Michael A. Weiner, held three meetings in 2009. The Board of Directors has determined that each of the members of the Nominating Committee is "independent" within the meaning of the NASDAQ listing standards. The Nominating Committee is responsible for searching for and recommending to the Board of Directors potential nominees for director positions, making recommendations to the Board of Directors regarding the size and composition of the Board of Directors and its committees, monitoring the Board of Director's effectiveness and developing and implementing SIGA's corporate governance procedures and policies. A copy of the Nominating and Corporate Governance Committee charter is available on SIGA's website at www.siga.com under the "Corporate Governance" section.

In selecting candidates for the Board of Directors, the Nominating Committee begins by determining whether the incumbent directors whose terms expire at the annual meeting of stockholders desire and are qualified to continue their service on the Board of Directors. SIGA is of the view that the continuing service of qualified incumbents promotes stability and continuity of the Board of Directors, giving SIGA the benefit of the familiarity and insight into SIGA's affairs that its directors have accumulated during their tenure, while contributing to the Board of Director's ability to work as a collective body. Accordingly, it is the policy of the Nominating Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating Committee's criteria for membership on the Board of Directors, whom the Nominating Committee believes will continue to make important contributions to the Board of Directors and who consent to stand for re-election and, if re-elected, to continue their service on the Board of Directors. If there are positions on the Board of Directors for which the Nominating Committee will not be re-nominating an incumbent director, or if there is a vacancy on the Board of Directors, the Nominating Committee will solicit recommendations for nominees from persons whom the Nominating Committee believes are likely to be familiar with qualified candidates, including members of the Board of Directors and management of SIGA. The Nominating Committee may also engage a professional search firm to assist in the identification of qualified candidates, but did not do so in 2009. As to each recommended candidate that the Nominating Committee believes merits serious consideration, the Nominating Committee will collect as much information, including without limitation, soliciting views from other directors and SIGA's management and having one or more Nominating Committee members interview each such candidate, regarding each candidate as it deems necessary or appropriate in order to make an informed decision with respect to such candidate. The Nominating Committee considers the overall qualifications of prospective nominees for director, including the particular experience, expertise and outlook that they would bring to the Board of Directors. While diversity may contribute to this overall evaluation, it is not considered by the Nominating Committee as a separate or independent factor in identifying nominees for director. Based on all available information and relevant considerations, the Nominating Committee will select, for each directorship to be filled, a candidate who, in the view of the Nominating Committee, is most suited for membership on the Board of Directors. In making its selection, SIGA will evaluate candidates proposed by stockholders under criteria similar to the evaluation of other candidates, except that the Nominating Committee may consider, as

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

one of the factors in its evaluation of stockholder recommended nominees, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of SIGA. This consideration may also include how long the recommending stockholder intends to continue holding its equity interest in SIGA.

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

The Nominating Committee has adopted a policy with regard to the minimum qualifications that must be met by a Nomination Committee-recommended nominee for a position on the Board of Directors. Pursuant to this policy, the Nominating Committee generally requires that all candidates for the Board of Directors be of high personal integrity and ethical character and not have any interest that would, in the view of the Nominating Committee, materially impair the candidate's ability to (i) exercise independent judgment or (ii) otherwise discharge the fiduciary duties owed as a director to SIGA and its stockholders. In addition, candidates must be able to represent fairly and equally all stockholders of SIGA without favoring or advancing any particular stockholder or other constituency of SIGA. Candidates must have demonstrated achievement in one or more fields of business, professional, governmental, communal, scientific or educational endeavor. Candidates are expected to have sound judgment and a general appreciation regarding major issues facing public companies of a size and operational scope similar to SIGA, including contemporary governance concerns, regulatory obligations of a public issuer, strategic business planning, competition in a global economy, and basic concepts of corporate finance. Candidates must also have, and be prepared to devote, adequate time to the Board of Directors and its committees. It is expected that, taking into account their other business and professional commitments, including their service on the boards of other companies, each candidate will be available to attend meetings of the Board of Directors and any committees on which the candidate will serve, as well as SIGA's annual meeting of stockholders. SIGA also requires that at least a majority of the directors serving at any time on the Board of Directors are independent, as defined under the rules of the NASDAQ stock market and that at least three of the directors satisfy the financial literacy requirements required for service on the Audit Committee under the rules of the NASDAQ stock market.

The Nominating Committee has adopted a policy, summarized in this paragraph, with regard to the consideration of director candidates recommended by stockholders. The Nominating Committee will consider recommendations for the nomination of directors submitted by holders of SIGA's shares entitled to vote generally in the election of directors. The Nominating Committee will give consideration to these recommendations for positions on the Board of Directors where the Nominating Committee has not determined to re-nominate a qualified incumbent director. While the Nominating Committee has not established a minimum number of shares that a stockholder must own in order to present a nominating recommendation for consideration, or a minimum length of time during which the stockholder must own its shares, the Nominating Committee may take into account the size and duration of a recommending stockholder's ownership interest in SIGA. The Nominating Committee may also consider whether the stockholder making the nominating recommendation intends to maintain an ownership interest in SIGA of substantially the same size as at its interest at the time of making the recommendation. The Nominating Committee may refuse to consider recommendations of nominees who do not satisfy the minimum qualifications prescribed by the Nominating Committee for board candidates.

The Nominating Committee has adopted procedures to be followed by stockholders in submitting recommendations of candidates for directors. The procedures are posted on SIGA's website at www.siga.com under the "Corporate Governance" section. Pursuant to these procedures, a stockholder (or group of stockholders) wishing to submit a nominating recommendation for an annual meeting of stockholders should arrange to deliver it to SIGA not later than 120 calendar days prior to the first anniversary of the date of the proxy statement for the prior annual meeting of stockholders. All stockholder nominating recommendations should be in writing, addressed to the "Nominating and Corporate Governance Committee" in care of SIGA's Chief Financial Officer at SIGA's principal headquarters, 35 East 62nd Street, New York, NY 10065. Submissions should be made by mail, courier or personal delivery. A nominating recommendation should be accompanied by the following information concerning each recommending stockholder:

The name and address, including telephone number, of the recommending stockholder;

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

The number and class of SIGA's shares owned (beneficially or of record) by the recommending stockholder and the time period for which such shares have been held;

A statement from the stockholder as to whether the stockholder has a good-faith intention to continue to hold the reported shares through the date of SIGA's next annual meeting of stockholders;

Sufficient information about the proposed nominee for the Nominating Committee to make an informed decision regarding the qualifications of the proposed nominee;

Any relationship between the proposed nominee and the recommending stockholder; and

Such other information as the Nominating Committee may reasonably request.

The nominating recommendation must be accompanied by the consent of the proposed nominee to be interviewed by the Nominating Committee, if the Nominating Committee chooses to do so in its discretion (and the recommending stockholder must furnish the nominee's contact information for this purpose), and, if nominated and elected, to serve as a director of SIGA.

Compensation Committee Interlocks and Insider Participation

None.

Code of Ethics

SIGA has adopted a Code of Ethics and Business Conduct that applies to its officers, directors and employees, including without limitation, our Chief Executive Officer, Chief Financial Officer, and Chief Scientific Officer. The Code of Ethics and Business Conduct is available, free of charge, on SIGA's website at www.siga.com under the "Corporate Governance" section. In the event that there is any amendment to or waiver from any provision of the Code of Ethics and Business Conduct that requires disclosure under Item 5.05 of Form 8-K, SIGA intends to satisfy these disclosure requirements by posting such information on its website, as permitted by Item 5.05(c) of Form 8-K.

Stockholder Communications with the Board of Directors

SIGA stockholders may send communications to the Board of Directors, any committee of the Board of Directors or an individual director. The process for so communicating is posted on SIGA's website at www.siga.com under the "Corporate Governance" section.

Board Leadership Structure

The Board of Directors believes that our CEO is best situated to serve as Chairman because he is the director most familiar with our business and industry and most capable of effectively identifying strategic priorities and leading the discussion and implementation of strategy. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight skills and expertise from outside our organization and industry, while the CEO brings company-specific experience and expertise. The Board of Directors believes that the combined role of Chairman and CEO promotes strategy development and implementation, and facilitates information flow between management and the Board of Directors, which are essential to effective governance.

One of the principal responsibilities of the Board of Directors is to develop strategic direction and hold management accountable for implementing the strategy once it is developed. The Board of Directors believes the combined role of Chairman and CEO, together with an informed and engaged Board, is in the best interest of shareholders because it provides the appropriate balance between strategy development and independent oversight of management. The Board of Directors has no independent director permanently designated as a "Lead Director", although the independent directors designate a leader for that meeting each time that they go into executive session. The Board of Directors intends to review its leadership structure periodically and consider whether other structures might be appropriate.

The Board's Role in Risk Oversight

The Board of Directors has an active role, as a whole and at the committee level, in overseeing management of our risks. The Board of Directors regularly reviews information about our financial condition and operations, and the risks associated with each. Our Board's Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee oversees management of financial reporting risks and considers the effects of systemic risks inherent in our business. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. Although each committee is responsible for evaluating certain risks and overseeing the management of those risks, the entire Board of Directors is regularly informed about them through committee reports.

REPORT OF THE AUDIT COMMITTEE

The members of the Audit Committee have been appointed by the Board of Directors. During the 2009 fiscal year, the Audit Committee consisted solely of independent directors, as defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules. The Audit Committee operates under a written charter that was amended and restated by the Board of Directors in March 2004 in order to assure continued compliance by SIGA with SEC and NASDAQ rules enacted in response to requirements of the Sarbanes-Oxley Act. The Audit Committee reviews and reassesses the adequacy of its written charter on an annual basis.

The Audit Committee assists the Board of Directors in monitoring the integrity of SIGA's financial statements, the independent registered public accounting firm's qualifications and independence, the performance of the independent registered public accounting firm, and SIGA's compliance with applicable legal and regulatory requirements. Management is responsible for SIGA's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of SIGA's financial statements in accordance with generally accepted auditing standards and for issuing a report on those financial statements. The Audit Committee monitors and oversees these processes.

In this context, the Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2009 with management and with PricewaterhouseCoopers LLP, SIGA's independent registered public accounting firm. The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Oversight Board in Rule 3200T, which includes, among other items, matters related to the conduct of the audit of SIGA's annual financial statements.

The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP the issue of their independence from SIGA and management. In addition, the Audit Committee has considered whether the provision of non-audit services by the independent registered public accounting firm in 2009 is compatible with maintaining the auditors' independence and has concluded that it is.

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in SIGA's Annual Report on Form 10-K for the year ended December 31, 2009. The Audit Committee has also recommended, subject to stockholder ratification, the selection of SIGA's independent registered public accounting firm for the year ending December 31, 2010.

The members of the Audit Committee are Paul G. Savas, James J. Antal, and Bruce Slovin, none of whom is, or, during the fiscal year 2009, was, an employee of SIGA.

During the period January 1, 2009 through May 13, 2009, the Audit Committee was comprised of Paul G. Savas, James J. Antal, and Judy S. Slotkin. On May 13, 2009, the Board of Directors elected Bruce Slovin to serve on the Committee. Some events described in this report occurred before Mr. Slovin joined to serve as a member of the Audit Committee.

Respectfully submitted by the Audit Committee,
Paul G. Savas, Chairman
James J. Antal
Bruce Slovin

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of the Board of Directors is responsible for implementing the Board of Director’s directives relating to the compensation of our named executive officers, as well as our other key employees. In this regard, the Compensation Committee has the responsibility to establish a compensation policy for officers and key employees designed to (i) attract and retain the best possible executive talent; (ii) tie annual and long-term cash and stock incentives to achievement of measurable corporate and individual performance objectives; and (iii) provide competitive compensation to our officers and key employees to align executives’ incentives with the creation of stockholder value.

As a general matter, the compensation policy for officers and key employees includes:

- base salary, which is determined on an annual or semi-annual basis
- annual or other time-based cash incentive compensation, and
- long-term incentive compensation in the form of equity participation awards.

This section discusses the principles underlying our executive compensation policies, our decisions to date and the principles that we expect to use in coming years.

Our Named Executive Officers

For 2009, our Named Executive Officers and their titles were:

Name	Title
Dr. Eric A. Rose	Chief Executive Officer and Chairman of the Board
Ayelet Dugary	Chief Financial Officer and Secretary (1)
Dr. Dennis E. Hruby	Chief Scientific Officer and Vice President
Thomas N. Konatich	Former Chief Financial Officer (2)

- (1) On April 29, 2009, Ms. Dugary became Chief Financial Officer.
- (2) Mr. Konatich became Chief Financial Officer on April 1, 1998. Effective January 31, 2009 the Company and Mr. Konatich agreed not to extend the terms of Mr. Konatich’s employment agreement and effective January 31, 2009, Mr. Konatich’s employment with the Company ended.

Our Executive Compensation Decision Process

Overview

Our Compensation Committee reviews and approves on a periodic basis the corporate goals and objectives with respect to the compensation for the Chief Executive Officer and other executive officers.

Role of Executive Officers in Setting Compensation Decisions

Regarding most compensation matters, the Chief Executive Officer has historically provided recommendations to the Compensation Committee relying on his personal experience with respect to evaluating the contribution of our other executive officers. Dr. Eric A. Rose, our Chief Executive Officer and Chairman of the Board of Directors, is involved in compensation recommendations, with input from our Chief Financial Officer and Chief Scientific Officer, as it relates to the compensation of other key employees. The Compensation Committee considers, but retains the right to reject or modify, such recommendations. Although the Chief Executive Officer may attend a portion of the meetings of the Compensation Committee, neither he nor any other member of management may be present during executive sessions of the Compensation Committee. Moreover, the Chief Executive Officer may not be present when decisions with respect to his compensation are made. The Committee has used, on more than one occasion, a third-party compensation consultant.

Compensation Advisors

The Compensation Committee has the authority to retain compensation consultants to advise the Compensation Committee as it deems necessary to carry out its duties. In 2009, the Compensation Committee retained the services of Compensation Advisory Partners LLC as its independent executive compensation consultant. In connection with this engagement, the Compensation Committee requested that Compensation Advisory Partners LLC review the fairness of the compensation package for Dr. Rose, Dr. Hruby and Ms. Dugary.

Competitive Market Analysis and Benchmarking

In reviewing and recommending the compensation of the Chief Executive Officer and other executive officers, the Compensation Committee considers the compensation awarded to officers of similarly situated companies, our performance, the respective individual's performance, compensation given to our officers in past years, anticipated changes to future duties and other factors the Compensation Committee deems appropriate. As a framework for the Compensation Committee's decisions regarding the compensation of the Company's named executive officers during 2010, the Compensation Committee evaluated aggregate executive compensation data from the fiscal years 2008 and 2009 regarding the chief executive officer, chief financial officer, and chief scientific officer of Emergent Biosolutions Inc., Human Genome Sciences, Inc., Cubist Pharmaceuticals, Inc., Alexion Pharmaceuticals, Inc., ViroPharma Inc, Enzon Pharmaceuticals, Inc., SciClone Pharmaceuticals, Inc, Dynavax Technologies Corp., and Hemispherx Biopharma Inc. SIGA's third-party compensation consultant selected these companies as similarly situated because they are all biotechnology companies specializing either in small-molecule drugs or solutions to bioterrorism and, with the exception of Human Genome Sciences and Alexion Pharmaceuticals, have comparable market capitalizations. The Committee found the aggregate compensation paid to each of the Company's named executive officers, in general, was consistent with the compensation paid to executive officers of the selected peer group after taking into account differences, such as product sales, total research revenue, scope of supervisory responsibility of employees and nature of other commitments, between the Company and the peer group.

Evaluations

The Compensation Committee evaluates at least once a year the performance of our officers and other key employees in light of goals and objectives established by the Committee and, based upon these evaluations, the Compensation Committee recommends to the full Board of Directors the annual compensation for our officers and key employees, including base salary, bonus, incentive, and equity compensation. In its evaluation of the Chief Executive Officer, the Compensation Committee considers overall management of the Company, the progress achieved by our drug candidates, the establishment and maintenance of successful relationships with the Company's various funding and research partners and potential customers and successful relations with the Board of Directors and the shareholders. In its evaluation of the Chief Financial Officer, the Committee considers the Company's financial performance, the Chief Financial Officer's role in achieving our financial goals, the Chief Financial Officer's relationships with the shareholders and potential investors, the Chief Financial Officer's efforts with respect to financial regulatory compliance (including compliance with NASDAQ rules, the securities laws and all related regulations), and the preparation of and compliance with the Company's budget. In its evaluation of the Company's Chief Scientific Officer, the Committee considers achievement of program objectives within budgetary requirements, new grants and other third-party funding obtained, relationships with regulators and current and possible future scientific partners, compliance with grant requirements and management of the Company's research facility located in Corvallis, OR.

Our Compensation Philosophy and Program Objectives

The overall objectives of the Company's compensation program are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals inherent in the Company's business strategy, to maximize the link between executive and stockholder interests through a stock option plan and to recognize individual contributions as well as overall business results. To achieve these objectives, the Company has developed an overall compensation strategy and specific compensation plans that tie a substantial portion of an executive's compensation to performance.

Our Executive Compensation Program

Overview

The key elements of the Company's compensation program consist of fixed compensation in the form of base salary, and the discretion to award variable compensation in the forms of incentive compensation and stock option awards. The Compensation Committee's policies with respect to each of these elements are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package offered by the Company to the individual, including pension benefits, insurance and other benefits, as well as the programs described below.

Base Salary

The compensation philosophy of the Company is to maintain executive base salary at a competitive level to enable the Company to attract and retain executives and key employee talent needed to accomplish the Company's goals. Indetermining the appropriate base salary levels and, to a lesser extent, other compensation elements, the Compensation Committee considers the scope of responsibility, prior experience and past accomplishments, and anticipated changes to future job responsibilities, as well as historical practices within the Company. Economic and business conditions affecting the Company are also considered. The Compensation Committee also considers historical levels of salary paid by the Company as well as the provisions in the various executive's employment contracts with the Company, which contracts are more fully discussed elsewhere in this proxy statement.

Periodic adjustments in base salary may be merit-based with respect to individual performance or tied to the Company's financial condition or other competitive factors. The Compensation Committee takes into account the effect of any corporate transactions that have been consummated during the relevant year and, where appropriate, also considers non-financial performance measures. These include the Company's competitive position, scientific developments and improvements in relations with employees and investors.

For Dr. Rose, Ms. Dugary and Dr. Hruby, we paid as base salary in 2009 the amounts required under their employment agreements. These amounts were reviewed and set by our Compensation Committee. These base salary levels reflect our Compensation Committee's subjective judgment, which took into account each executive's respective position and tenure, our present needs, the executive's individual performance, achievements and prior contributions and anticipated performance levels.

Annual Incentive Compensation

The Compensation Committee, in its discretion, may establish cash incentive programs and otherwise award bonuses to executive officers and key employees. Annual incentive compensation to our executive officers is payable pursuant to contractual provisions with certain executives that provide eligibility to receive discretionary bonuses, in the sole discretion of the Board of Directors based on the executives' performance, economic and business conditions affecting the Company, and the financial condition of the Company. The Compensation Committee makes recommendations to the Board of Directors with respect to such amounts. For 2009, Dr. Hruby received a discretionary bonus of \$75,000 and no other executive officers received a discretionary bonus. In addition, Dr. Hruby is contractually entitled to certain guaranteed cash bonus payments each year of his current employment agreement. His guaranteed cash bonus for 2009 was \$75,000. Ms. Dugary is also contractually entitled to certain guaranteed cash bonus payments. Her guaranteed cash bonus for 2009 was \$50,000. Dr. Rose's employment agreement does not provide for guaranteed bonus payments. We believe that the annual incentive bonuses motivate and encourage our executives to fulfill our objectives and provide us with the opportunity to recognize superior individual performance.

Long-Term Incentive Awards

The Compensation Committee believes that granting stock options provides officers and key employees with a strong economic interest in maximizing stock price appreciation over the long term. The Committee also believes that the practice of granting stock options can be useful in retaining and recruiting the key talent necessary to ensure the Company's continued success. This element of compensation has been governed by the Amended and Restated 1996 Incentive and Non-Qualified Stock Option Plan (the "Option Plan"), which provides for grants of incentive stock options and non-qualified stock options to our executives, directors and key employees. The Option Plan is administered by our Compensation Committee, which reviews management's recommendations concerning persons to be granted stock options, and determines the number of stock options to be granted to each such person, and the terms and conditions of any stock options as permitted under the Option Plan. The exercise price of stock options is set by the Compensation Committee and has been at a price at least equal to the market price of the Common Stock on the date of the grant. The options therefore do not have any value to the executive unless the market price of the Common Stock rises, which ensures that the interests of our executives are aligned with those of our shareholders. Through these option grants, we seek to emphasize the importance of improving the performance of our stock price, increasing shareholder value over the long-term. Elsewhere in this proxy, the Board urges that the stockholders approve an updated version of the Option Plan.

Both incentive options ("Incentive Options") and nonqualified options ("Nonqualified Options") may be granted under the Option Plan. An Incentive Option is intended to qualify as an incentive stock option within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). As such, any Incentive Option granted under the Option Plan will have an exercise price of not less than 100% of the fair market value of the shares on the date on which such option is granted. With respect to an Incentive Option granted to an employee who owns more than 10% of the total combined voting stock of SIGA or of any parent or subsidiary of SIGA, the exercise price for such option must be at least 110% of the fair market value of the shares subject to the option on the date the option is granted.

Edgar Filing: SIGA TECHNOLOGIES INC - Form DEF 14A

In determining the size of an option grant to a named executive officer, the Compensation Committee considers not only competitive market factors, changes in responsibility and the executive officers' achievement of pre-established goals, but also the number, term and vesting of options previously granted to the officer. The Compensation Committee may also consider the total compensation package or changes made thereto, when determining whether to make an option award.

Additional Benefits and Perquisites

Our officers and key employees are entitled to participate in the benefit plans which are generally available to all employees, including health, dental, life, and accidental disability. For each of these benefit plans, the Company makes contributions to the premiums paid to the plans. The Company also offers a 401(k) defined contribution plan, but it makes no contribution to the 401(k) plan. In each case, we provide these benefits to our executive officers on the same basis as our other employees.

Severance and Change in Control Agreements

We also provide some of our executive officers with severance and change in control arrangements in their employment contracts. We believe that severance and change of control packages are a common characteristic of compensation for key executive officers. They are intended to provide our executive officers with a sense of security in making the commitment to dedicate their professional careers to our success. Due to our size relative to other public companies and our operating history, we believe that severance and change in control arrangements are necessary to help us attract and retain necessary skilled and qualified executive officers to continue to grow our business.

Our Compensation Policies

Section 162(m) Policy

The Compensation Committee has found it unnecessary to consider the applicability of Section 162(m) of the Code because no executive officer receives compensation in excess of one million dollars.

Common Share Ownership Requirements

While we have not adopted a formal written policy on common share ownership requirements, part of our compensation philosophy involves common share ownership by our executive officers, because we believe that it helps to align their financial interests with those of our shareholders. We also recognize, on the other hand, that our executive officers cannot acquire more than 10% of our common shares without triggering adverse tax consequences. In addition, we expect our executive officers to abide by the provisions of our 2004 Policy on Confidential Information and Insider Trading.

Timing of Awards

Our Compensation Committee has the authority to issue equity awards under our Option Plan. We expect that the Compensation Committee will continue making option awards to our executive officers and key employees when appropriate. The Compensation Committee strives to ensure that any award is made in such a manner to avoid even the appearance of manipulation because of its award date.

Financial Restatement

Although we have not adopted a formal written policy, it is our Board of Directors' informal policy that the Compensation Committee will, to the extent permitted by governing law, have the sole and absolute authority and discretion in consultation with the Board of Directors, to make retroactive adjustments to any cash or equity based incentive payments to executive officers where the payment was based upon the achievement of certain financial results that were subsequently the subject of a restatement, without regard to misconduct being involved. If the Compensation Committee chose to exercise this discretion, we would seek to recover any amount determined to have been improperly paid to the executive officer.

Severance Arrangement for Thomas N. Konatich

On January 29, 2009, SIGA and Thomas N. Konatich, SIGA's Chief Financial Officer, agreed not to extend the current term of Mr. Konatich's employment agreement, and therefore his employment with SIGA terminated effective January 31, 2009. In connection with Mr. Konatich's departure, SIGA entered into the Konatich Separation Agreement with Mr. Konatich on January 29, 2009. Pursuant to the Konatich Separation Agreement, Mr. Konatich resigned as Vice President, Chief Financial Officer, Treasurer and Secretary of SIGA, effective January 31, 2009. In addition, all existing employment agreements between SIGA and Mr. Konatich were terminated. Mr. Konatich received his base salary of \$20,833 per month for a period of six months following January 31, 2009. In addition, because Mr. Konatich timely elected COBRA continuation coverage for health insurance benefits and Mr. Konatich did not become employed by a third party that provided medical and dental benefits, SIGA provided to Mr. Konatich health insurance benefits through July 31, 2009. The Konatich Separation Agreement further required that certain vested stock options granted to Mr. Konatich under the Option Plan, which would otherwise have expired within 90 days of January 31, 2009, were extended until December 31, 2009.

Other General Terms

Circumstances Triggering Payments

“Cause”, “good reason” and “change of control” are defined in Dr. Rose, Ms. Dugary, and Dr. Hruby’s current employment agreement as follows:

“Cause” generally includes:

- the commission by or indictment of executive officer for (A) a felony or (B) any misdemeanor involving moral turpitude, deceit, dishonesty or fraud (“indictment”, for these purposes, meaning a United States-based indictment, probable cause hearing or any other procedure pursuant to which an initial determination of probable or reasonable cause with respect to such offense is made);
- the breach of a covenant set forth in the applicable employment agreement; or
- any other material breach to the applicable employment agreement.

“Good reason” generally includes:

- the Company failing to pay executive officer his base salary;
- executive officer no longer holding his agreed upon office or offices of equivalent stature, or his functions and/or duties being materially diminished; or
- executive officer’s job site being involuntarily relocated to a location which is more than fifty (50) miles from the agreed upon region.

- the consummation of a transaction or a series of related transactions pursuant to which any “person” (as such term is used in Sections 13(d) and 14(d)(2) of the Securities Exchange Act of 1934 (“Exchange Act”), other than executive officer, his designee(s) or “affiliate(s)” (as defined in Rule 12b-2 under the Exchange Act), is or becomes the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing forty percent (40%) or more of the combined voting power of the Company’s then outstanding securities;
- stockholders of the Company approving a merger or consolidation of the Company with any other entity, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than eighty percent (80%) of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; or
- the stockholders of the Company approving a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of, or the Company sells or disposes of, all or substantially all of the Company’s assets.

Pursuant to each of their respective current employment agreements, during the respective terms thereof plus an additional twenty-four months thereafter, Dr. Rose, Ms. Dugary and Dr. Hruby have agreed not to engage in any competitive business with us or to induce our employees to terminate their employment or to solicit our customers. We agree to indemnify each of them under their respective employment agreements for liabilities incurred because of their employment and to provide each of them with the full protection of any directors’ and officers’ liability insurance policies maintained generally for the benefit of our officers.

TRANSACTIONS WITH RELATED PERSONS

Review, Approval or Ratification of Transactions with Related Persons

The Company's policies and procedures for reviewing, approving, and ratifying transactions with related persons are set forth in a written policy.

Under these procedures, at each calendar year's first regularly scheduled Audit Committee meeting, management recommends related party transactions be entered into by the Company for that calendar year, including the proposed aggregate value of such transactions, if applicable. After review, the Audit Committee either approves or disapproves such transactions, and at each subsequently scheduled meeting, management is required to update the Audit Committee as to any material change to those proposed transactions.

Further, in the event management recommends any further related party transactions subsequent to the first calendar year meeting, such transactions may be presented to the Audit Committee for approval or preliminarily entered into by management subject to ratification by the Audit Committee; provided that, if ratification shall not be forthcoming, management shall make all reasonable efforts to cancel or annul such transactions.

In addition, with respect to any related party transaction that includes a compensation component, management will submit the terms of such proposed compensation (or any subsequent material changes to such compensation) to the Compensation Committee for its review. After its review, the Compensation Committee either approves or disapproves the compensation component of the related party transaction and informs management and the Audit Committee of such approval or disapproval.

Transactions with Related Persons

Based on information provided by the directors and the executive officers, the Audit Committee determined that there were no related person transactions to be reported in this proxy statement other than:

Kramer Levin Naftalis & Frankel LLP, the Company's legal counsel, billed the Company for legal services provided to the Company. One of our directors, Thomas Constance, is a partner at Kramer Levin Naftalis & Frankel LLP.

On June 19, 2008, SIGA entered into a letter agreement (the "Letter Agreement"), with MacAndrews & Forbes LLC ("M&F"), a related party, for M&F's commitment to invest (the "Investment Commitment"), at SIGA's discretion, up to \$8 million over a one-year period (the "Investment Period") in exchange for (i) SIGA common stock at per share price equal to the lesser of (A) \$3.06 or (B) the average of the volume-weighted average price per share for the 5 trading days immediately preceding each funding date, and (ii) warrants to purchase 40% of the number of SIGA shares acquired by M&F, exercisable at 115% of the common stock purchase price on such funding date (the "Consideration Warrants"). The Consideration Warrants will be exercisable for up to 4 years following the issuance of such warrants. M&F has the option, during the Investment Period, to invest in the Company under the same investment terms (the "Investment Option").

On April 29, 2009, SIGA and M&F entered into a letter agreement (the "Extension Agreement") extending the Investment Period of the Company's Letter Agreement with M&F through June 19, 2010 and increasing the number of draws pursuant to the Investment Commitment and the Investment Option to no more than six. On April 30, 2009, the Company issued M&F 490,196 shares of common stock and 196,078 warrants to acquire common stock in exchange for total proceeds of \$1.5 million. The warrants are exercisable until April 30, 2013, for an exercise price of \$3.519 per share. On September 17, 2009, the Company issued M&F 326,797 shares of common stock and 130,719 warrants to acquire common stock in exchange for total proceeds of \$1.0 million. The warrants are exercisable until September 17, 2013, for an exercise price of \$3.519 per share. As of December 31, 2009, \$5.5 million of the commitment remains outstanding.

In addition, in consideration for the commitment of M&F, on June 19, 2008, M&F received warrants to purchase 238,000 shares of SIGA common stock, exercisable at \$3.06 (the "Commitment Warrants"). The Commitment Warrants are exercisable until June 19, 2012. The Company initially recorded all costs related to the Letter Agreement, including the fair value of the Commitment Warrants, as deferred transaction costs. Upon the issuance of common stock and warrants to purchase shares of common stock on April 30, 2009, the Company recorded a reduction in its additional paid-in capital for the effect of the related transaction costs.

On December 1, 2009 the Company entered into an Office Service Agreement with an affiliate of M&F to occupy office space for approximately \$8,000 per month. The agreement is cancelable upon 60 days notice by SIGA or the affiliate.

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services, and other services.

SIGA did not make use in fiscal year 2009 of the rule that waives pre-approval requirements for non-audit services in certain cases if the fees for these services constitute less than 5% of the total fees paid to the auditor during the year.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS SIGA'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2010 (ITEM 2 OF THE ENCLOSED PROXY CARD).

PROPOSAL 3

SIGA TECHNOLOGIES, INC. 2010 STOCK INCENTIVE PLAN

Background and Reasons for Adoption

The Board of Directors has adopted the SIGA Technologies, Inc. 2010 Stock Incentive Plan (the "Plan"), subject to approval by the Company's stockholders at the Annual Meeting. The purpose of the Plan is to update and supersede the Amended and Restated 1996 Incentive and Non-Qualified Stock Option Plan in order to establish a flexible vehicle through which the Company may offer equity-based compensation incentives to eligible personnel of the Company and its subsidiaries in order to attract, motivate, reward and retain such personnel and to further align the interests of such personnel with those of the Company's stockholders. The following description of the Plan is qualified in its entirety by reference to the full text of such Plan, which is set forth in Annex A to this proxy statement.

General Description of the Plan

Awards. The Plan authorizes the grants of non-qualified stock options ("NQOs"), incentive stock options ("ISOs"), shares of restricted stock and shares of unrestricted stock (collectively, NQOs, ISOs, restricted stock and unrestricted stock are referred to as "Awards"). Under the Plan, the Company may deliver authorized but unissued shares of Common Stock, treasury shares of Common Stock, and shares of Common Stock acquired by the Company for the purposes of the Plan.

Maximum Number of Shares. A maximum of 2,000,000 shares of Common Stock are available for grants pursuant to Awards under the Plan. The following shares of Common Stock shall again become available for Awards under the Plan: any shares subject to an Award under the Plan that remain unissued upon the cancellation or termination of the Award for any reason; any shares of restricted stock that are forfeited, provided that any dividends paid on such shares are also forfeited; any shares in respect of an Award that is settled for cash and any shares subject to an Award that are withheld or surrendered in order to pay the exercise price or to satisfy the tax withholding obligations related to the Award. The maximum number of shares of Common Stock with respect to which any individual may be granted Awards during any one calendar year is 1,000,000 shares.

Administration. The Plan is administered by the Compensation Committee, or such other committee or subcommittee as the Board of Directors appoints (the "Committee"). If the Committee does not exist, or for any other reason determined by the Board of Directors, the Board of Directors may act as the Committee. The Committee or the Board of Directors may delegate to one or more officers of the Company the authority to designate the individuals (from among those eligible to receive Awards, other than such officer(s) themselves) who will receive Awards under the Plan, to the fullest extent permitted by applicable law. The Committee determines the key persons who will receive Awards, the type of Awards granted, and the number of shares subject to each Award. The Committee also determines the prices, expiration dates and other material features of Awards. The Committee has the authority to interpret and construe any provision of the Plan and to adopt such rules and regulations for administering the Plan as it deems necessary or appropriate. All decisions and determinations of the Committee are final, binding and conclusive. No member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Award.

Eligibility. Officers, directors (including non-employee directors), and salaried employees of, and consultants to, the Company and its subsidiaries, as the Committee in its sole discretion shall select, are eligible to receive Awards under the Plan. As of March 31, 2010, the Company believes approximately 60 individuals are eligible to participate in the Plan. However, the granting of Awards is discretionary and it is not possible to determine how many individuals actually will receive Awards under the Plan.

Termination of Plan. No Award may be granted under the plan after the tenth anniversary of the adoption of the Plan.

Power to Amend. The Board of Directors may, at any time, suspend or discontinue the Plan or revise or amend it in any respect whatsoever. The Board of Directors will determine whether any amendment should be subject to the approval of the stockholders of the Company.

The Committee may, in its sole discretion, without amending the Plan, amend any Award in any manner, including to (i) accelerate the date on which an Award becomes exercisable or vested, (ii) waive any condition imposed with respect to an Award, or (iv) waive any forfeiture or expiration of an Award in connection with a termination of employment. No amendment or modification to the Plan or any Award may impair the grantee's rights under any previously granted and outstanding Award without the consent of the grantee.

Summary of Awards Available Under the Plan

Non-Qualified Stock Options. The exercise price per share of each NQO granted under the Plan is determined by the Committee on the grant date and will not be less than the fair market value of a share of Stock on the grant date. Each NQO is exercisable for a term, not to exceed ten years, established by the Committee on the grant date. The exercise price must be paid in cash or, subject to the approval of the Committee, in shares of Stock valued at their fair market value on the date of exercise or by such other method as the Committee may from time to time prescribe.

The Plan contains provisions applicable to the exercise of NQOs subsequent to a grantee's termination of employment for "cause," other than for cause, or due to "disability" (as each such term is defined in the Plan) or death. These provisions apply unless the Committee establishes alternative provisions with respect to an Award. In general, these provisions provide that NQOs that are not exercisable at the time of such termination shall expire upon the termination of employment and NQOs that are exercisable at the time of such termination shall remain exercisable until the earlier of the expiration of their original term and (i) in the event of a grantee's termination other than for cause, the expiration of 90 days after such termination of employment and (ii) in the event of a grantee's disability or death, the first anniversary of such termination. In the event the Company terminates the grantee's employment for cause, all NQOs held by the grantee, whether or not then exercisable, terminate immediately as of the commencement of business on the termination of employment date.

Stock options generally are not transferable other than by will or the laws of descent and distribution, except that the Committee may permit transfers to the grantee's family members or trusts for the benefit of family members.

Incentive Stock Options. Generally, ISOs are options that may provide certain federal income tax benefits to a grantee not available with NQOs. An ISO has the same Plan provisions as a NQO, except that:

- In order to receive the tax benefits, a grantee must hold the shares acquired upon exercise of an ISO for at least two years after the grant date and at least one year after the exercise date.
- The aggregate fair market value of shares of Stock (determined on the ISO grant date) with respect to which ISOs are exercisable for the first time by a grantee during any calendar year (whether issued under the Plan or any other plan of the Company or its subsidiaries) may not exceed \$100,000.
- In the case of an ISO granted to any individual who owns stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company, the exercise price per share must be at least 110% of the fair market value of a share of Stock at the time the ISO is granted, and the ISO cannot be exercisable more than five years from the grant date.
- An option cannot be treated as an ISO if it is exercised more than three months following the grantee's termination of employment for any reason other than death or disability, or more than one year after the grantee's termination of employment for disability, unless the grantee died during such three-month or one-year period. ISOs are not transferable other than by will or by the laws of descent and distribution.

Restricted Stock. Prior to the vesting of any restricted shares, the shares are not transferable by the grantee and are forfeitable. Vesting of the shares may be based on continued employment with the Company and/or upon the achievement of specific performance goals, as the Committee determines on the grant date. The Committee, at the time that shares of restricted stock are granted, may impose additional conditions to the vesting of the shares. Unvested shares of restricted stock are forfeited upon a grantee's termination of employment for any reason.

Unrestricted Stock. Shares of Stock may be granted by the Committee and may be payable at such times and subject to such conditions as the Committee determines; provided that any such awards to officers or directors shall involve a number of shares determined by the Committee as being reasonable and shall be identified as being granted in lieu of salary or cash bonus.

Certain Corporate Changes

The Plan provides that in the event of a change in the capitalization of the Company, a stock dividend or split, a merger or combination of shares and certain other similar events, there will be an adjustment in the number of shares of Common Stock available to be delivered under the Plan, the number of shares subject to Awards, and the exercise prices of certain Awards. The Plan also provides for the adjustment or termination of Awards upon the occurrence of certain corporate events.

Tax Withholding

The Plan provides that a grantee may be required by the Committee to meet certain tax withholding requirements by remitting to the Company cash or, if the Committee approves, through the withholding of shares otherwise payable to the grantee.

New Plan Benefits

Since no Awards have been made under the Plan and since Awards under the Plan are wholly discretionary, amounts payable under the Plan are not determinable at this time.

Summary of Federal Tax Consequences

The following is a brief description of the federal income tax treatment that will generally apply to Awards under the Plan based on current federal income tax rules.

Non-Qualified Options. The grant of an NQO will not result in taxable income to the grantee. Except as described below, the grantee will realize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the Common Stock acquired over the exercise price for those shares, and the Company will be entitled to a corresponding deduction. Gains or losses realized by the grantee upon disposition of such shares will be treated as capital gains and losses, with the basis in such Common Stock equal to the fair market value of the shares at the time of exercise.

Incentive Stock Options. The grant of an incentive stock option will not result in taxable income to the grantee. The exercise of an incentive stock option will not result in taxable income to the grantee provided that the grantee was, without a break in service, an employee of the Company or a subsidiary during the period beginning on the date of the grant of the option and ending on the date three months prior to the date of exercise (one year prior to the date of exercise if the grantee is disabled, as that term is defined in the Code). The excess of the fair market value of the Common Stock at the time of the exercise of an incentive stock option over the exercise price is an adjustment that is included in the calculation of the grantee's alternative minimum taxable income for the tax year in which the incentive stock option is exercised.

If the grantee does not sell or otherwise dispose of the Common Stock within two years from the date of the grant of the incentive stock option or within one year after the transfer of such Common Stock to the grantee, then, upon disposition of such Common Stock, any amount realized in excess of the exercise price will be taxed to the grantee as capital gain and the Company will not be entitled to a corresponding deduction. A capital loss will be recognized to the extent that the amount realized is less than the exercise price.

If the foregoing holding period requirements are not met, the grantee will generally realize ordinary income at the time of the disposition of the shares, in an amount equal to the lesser of (i) the excess of the fair market value of the Common Stock on the date of exercise over the exercise price, or (ii) the excess, if any, of the amount realized upon disposition of the shares over the exercise price and the Company will be entitled to a corresponding deduction. If the amount realized exceeds the value of the shares on the date of exercise, any additional amount will be capital gain. If the amount realized is less than the exercise price, the grantee will recognize no income, and a capital loss will be recognized equal to the excess of the exercise price over the amount realized upon the disposition of the shares. The Company will be entitled to a deduction to the extent that the grantee recognizes ordinary income because of a disqualifying disposition.

Restricted Stock. The grant of restricted stock will not result in taxable income at the time of grant and the Company will not be entitled to a corresponding deduction, assuming that the restrictions constitute a "substantial risk of forfeiture" for federal income tax purposes. Upon the vesting of shares of restricted stock, the holder will realize ordinary income in an amount equal to the then fair market value of those shares, and the Company will be entitled to a corresponding deduction. Gains or losses realized by the grantee upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting. Dividends paid to the holder during the restriction period, if so provided, will also be compensation income to the grantee and the Company will be entitled to a corresponding deduction. A grantee may elect pursuant to Section 83(b) of the Code to have income recognized at the date of grant of a restricted stock award and to have the applicable capital gain holding period commence as of that date, and the Company will be entitled to a corresponding deduction.

Unrestricted Stock. The grant of unrestricted stock will result in taxable income for the recipient at the time of grant in an amount equal to the then fair market value of those shares and the Company will be entitled to a corresponding deduction. Gains or losses realized by the grantee upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of grant.

\$1 Million Limit. Section 162(m) of the Code disallows a federal income tax deduction for certain compensation in excess of \$1 million per year paid to each of the Company's chief executive officer and its four other most highly compensated executive officers. Stock options generally are exempt from this limitation.

Change in Control. Any acceleration of the vesting or payment of Awards under the Plan caused by an event of a change in control in the Company may cause part or all of the consideration involved to be treated as an "excess parachute payment" under the Code, which may subject the grantee to a 20% excise tax and preclude deduction by the Company.

Tax Advice. The preceding discussion is based on federal tax laws and regulations presently in effect, which are subject to change, and the discussion does not purport to be a complete description of the federal income tax aspects of the Plan. A grantee may also be subject to state and local taxes in connection with the grant of Awards under the Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE ADOPTION OF THE SIGA TECHNOLOGIES, INC. 2010 STOCK INCENTIVE PLAN (ITEM 3 OF THE ENCLOSED PROXY CARD).

SIGA TECHNOLOGIES, INC.

2010 STOCK INCENTIVE PLAN

I. General

a) Purpose

The purpose of the SIGA Technologies, Inc. 2010 Stock Incentive Plan (the "Plan") is to establish a flexible vehicle through which SIGA Technologies, Inc., a Delaware corporation (the "Company"), may offer equity-based compensation incentives to eligible personnel of the Company and its subsidiaries in order to attract, motivate, reward and retain such personnel and to further align the interests of such personnel with those of the stockholders of the Company.

b) Administration

1. Administration by Committee; Constitution of Committee. The Plan shall be administered by the Compensation Committee of the Board of Directors of the Company (the "Board") or such other committee or subcommittee as the Board may designate (the "Committee"). The members of the Committee shall be appointed by, and serve at the pleasure of, the Board. If the Committee does not exist, or for any other reason determined by the Board, the Board may take any action under the Plan that would otherwise be the responsibility of the Committee.

2. Committee's Authority. The Committee shall have the authority to (i) exercise all of the powers granted to it under the Plan, (ii) construe, interpret and implement the Plan and any award certificates issued under the Plan, (iii) prescribe, amend and rescind rules and regulations relating to the Plan, including rules governing its own operations, (iv) make all determinations necessary or advisable in administering the Plan, (v) correct any defect, supply any omission and reconcile any inconsistency in the Plan, and (vi) amend the Plan to reflect changes in applicable law.

3. Committee Action; Delegation. Actions of the Committee shall be taken by the vote of a majority of its members. Except as otherwise required by applicable law, any action may be taken by a written instrument signed by a majority of the Committee members, and action so taken shall be fully as effective as if it had been taken by a vote at a meeting. Notwithstanding the foregoing or any other provision of the Plan, the Committee (or the Board acting instead of the Committee), may delegate to one or more officers of the Company the authority to designate the individuals (other than such officer(s)), among those eligible to receive awards pursuant to the terms of the Plan, who will receive rights or options under the Plan and the size of each such grant, to the fullest extent permitted by applicable law.

4. Determinations Final. The determination of the Committee on all matters relating to the Plan or any award under the Plan shall be final, binding and conclusive.

5. Limit on Committee Members' Liability. No member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any award thereunder.

c) Persons Eligible for Awards

The persons eligible to receive awards under the Plan are those officers, directors (whether or not they are employed by the Company), and salaried employees of, and consultants to, the Company and any direct or indirect subsidiaries (collectively, "key persons") as the Committee in its absolute discretion shall select.

d) Types of Awards Under Plan

Awards may be made under the Plan in the form of (a) incentive stock options, (b) non-qualified stock options, (c) restricted stock and (d) unrestricted stock, all as more fully set forth in Article II. The term "award" means any of the foregoing. No incentive stock option may be granted to a person who is not an employee of the Company or one of its subsidiary corporations on the date of grant.

e) Shares Available for Awards; Adjustments to Awards

6. Aggregate Number Available; Certificate Legends. Subject to adjustment as provided under Section 1.5(d)(i) below, the total number of shares of common stock of the Company, par value \$0.0001 per share ("Common Stock") with respect to which awards may be granted pursuant to the Plan shall not exceed the sum of 2,000,000 shares. Shares issued pursuant to the Plan may be authorized but unissued Common Stock, authorized and issued Common Stock held in the Company's treasury or Common Stock acquired by the Company for the purposes of the Plan. The Committee may direct that any stock certificate evidencing shares issued pursuant to the Plan shall bear a legend setting forth such restrictions on transferability as may apply to such shares.

7. Individual Limits. Except as provided in this Section 1.5(b), no provision of this Plan shall be deemed to limit the number or value of shares otherwise available for awards under the Plan with respect to which the Committee may make awards to any one eligible person. Subject to adjustment as provided in Section 1.5(d)(i) hereof, the total number of shares of Common Stock with respect to which awards may be granted to any one employee of the Company or a subsidiary during any one calendar year shall not exceed 1,000,000 shares. Stock options and stock appreciation rights granted and subsequently canceled or deemed to be canceled in a calendar year shall count against this limit even after their cancellation.

8. Certain Shares to Become Available Again. The following shares of Common Stock shall again become available for awards under the Plan: (i) any shares that are subject to an award under the Plan and that remain unissued upon the cancellation or termination of such award for any reason whatsoever, (ii) any shares subject to awards that are settled in cash, (iii) any shares subject to an award that are withheld or surrendered in order to pay the exercise or purchase price under an award or to satisfy the tax withholding obligations associated with the exercise, vesting or settlement of an award and (iv) any shares of restricted stock forfeited pursuant to the terms of the Plan or the award, provided that any dividends paid on such shares are also forfeited.

9. Adjustments to Available Shares and Existing Awards Upon Changes in Common Stock or Certain Other Events. Upon certain changes in Common Stock or other corporate events, the number of shares of Common Stock available for issuance with respect to awards that may be granted under the Plan, and that are the subject of existing awards, shall be adjusted or shall be adjustable, as follows:

(a) Shares Available for Grants. In the event of any change in the number of shares of Common Stock outstanding by reason of any stock dividend or split, reverse stock split, recapitalization, merger, consolidation, combination or exchange of shares or similar corporate change, the maximum number of shares of Common Stock with respect to which the Committee may grant awards under Section 1.5(a) above and the annual individual limit under Section 1.5(b) above, shall be appropriately adjusted by the Committee. In the event of any change in the number of shares of Common Stock outstanding by reason of any other event or transaction, the Committee may, but need not, make such adjustments in the maximum number and class of shares of Common Stock with respect to which the Committee may grant awards under Section 1.5(a) above and the annual individual limit under Section 1.5(b) above, in each case as the Committee may deem appropriate.

(b) Outstanding Restricted Stock. Unless the Committee in its absolute discretion otherwise determines, any securities or other property (including dividends paid in cash) received by a grantee with respect to a share of restricted stock, which has not yet vested, as a result of any dividend, stock split, reverse stock split, recapitalization, merger, consolidation, combination, exchange of shares or otherwise, will not vest until such share of restricted stock vests, and shall be promptly deposited with the Company.

(c) Outstanding Options – Increase or Decrease in Issued Shares Without Consideration. Subject to any required action by the stockholders of the Company, in the event of any increase or decrease in the number of issued shares of Common Stock resulting from a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend (but only on the shares of Common Stock), or any other increase or decrease in the number of such shares effected without receipt of consideration by the Company, the Committee shall proportionally adjust the number of shares of Common Stock subject to each outstanding option and the exercise price-per-share of Common Stock of each such option to the extent necessary to prevent the enlargement or dilution of rights with respect to such options.

(d) Outstanding Options – Certain Mergers. Subject to any required action by the shareholders of the Company, in the event that the Company shall be the surviving corporation in any merger or consolidation (except a merger or consolidation as a result of which the holders of shares of Common Stock receive securities of another corporation), each option outstanding on the date of such merger or consolidation shall pertain to and apply to the securities which a holder of the number of shares of Common Stock subject to such option would have received in such merger or consolidation.

(e) Outstanding Options – Certain Other Transactions. In the event of (1) a dissolution or liquidation of the Company, (2) a merger or consolidation involving the Company in which the Company is not the surviving corporation or (3) a merger or consolidation involving the Company in which the Company is the surviving corporation but the holders of shares of Common Stock receive securities of another corporation and/or other property, including cash, the Committee shall, in its absolute discretion, either:

(i) cancel, effective immediately prior to such event (whether or not prior to the occurrence of such event, each option outstanding is exercisable), and, in full consideration of such cancellation, pay to the grantee to whom such option was granted an amount in cash, for each share of Common Stock subject to such option, equal to the excess of (x) the value, as determined by the Committee in its absolute discretion, of the property (including cash) received by the holder of a share of Common Stock as a result of such event over (y) the exercise price of such option;

(ii) Cause all options, whether or not otherwise exercisable, to be fully exercisable on a date at least 10 days prior to the completion of such event, and to expire as of the completion of such event; or

(iii) if the acquiring or successor entity is publicly traded on a major securities exchange, provide for the exchange of each option outstanding immediately prior to such event (whether or not then exercisable) for an option with respect to, as appropriate, the number of shares of stock in such acquiring or successor entity which a holder of the number of shares of Common Stock subject to such option would have received and, incident thereto, make an equitable adjustment as determined by the Committee in its absolute discretion in the exercise price of the option or the number of shares or amount of property subject to the option or, if appropriate, provide for a cash payment to the grantee to whom such option was granted in partial consideration for the exchange of the option.

(f) Outstanding Options – Other Changes. In the event of any change in the capitalization of the Company or a corporate change other than those specifically referred to in Section 1.5(d)(iii), (iv) or (v) above, the Committee may, in its absolute discretion, make such adjustments in the number and class of shares subject to options outstanding on the date on which such change occurs and in the per-share exercise price of each such option as the Committee may consider appropriate to prevent dilution or enlargement of rights. In addition, if and to the extent the Committee determines it is appropriate, the Committee may elect to cancel each option outstanding immediately prior to such event (whether or not then exercisable), and, in full consideration of such cancellation, pay to the grantee to whom such option was granted an amount in cash, for each share of Common Stock subject to such option, equal to the excess of (x) the Fair Market Value of Common Stock on the date of such cancellation over (y) the exercise price of such option.

(g) No Other Rights. Except as expressly provided in the Plan, no grantee shall have any rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any dividend, any increase or decrease in the number of shares of stock of any class or any dissolution, liquidation, merger or consolidation of the Company or any other corporation. Except as expressly provided in the Plan, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Common Stock subject to an award or the exercise price of any option.

f) Definitions of Certain Terms

10. The term "Cause" shall have the meaning set forth in any employment agreement between the Participant and the Company in effect as of the date the event giving rise to cause occurred. In the absence of such an employment agreement provision, "Cause" shall mean: (i) the Participant's conviction of any crime (whether or not involving the Company) constituting a felony in the jurisdiction involved; (ii) conduct of the Participant related to the Participant's employment for which either criminal or civil penalties against the Participant or the Company may be sought; (iii) material violation of the Company's policies, including, without limitation, those relating to sexual harassment, the disclosure or misuse of confidential information, or those set forth in Company manuals or statements of policy; (iv) serious neglect or misconduct in the performance of the Participant's duties for the Company or willful or repeated failure or refusal to perform such duties; or (v) any material violation by the Participant of the terms of any agreement between the Participant and the Company, including, without limitation, any employment or non-competition agreement. Any rights the Company may have hereunder in respect of the events giving rise to Cause shall be in addition to the rights the Company may have under any other agreement with a Participant or at law or in equity. Any determination of whether a Participant's employment is (or is deemed to have been) terminated for Cause shall be made by the Committee in its sole discretion, which determination shall be final and binding on all parties. If, subsequent to a Participant's termination of employment (whether voluntary or involuntary) without Cause, it is discovered that the Participant's employment could have been terminated for Cause, such Participant's employment shall be deemed to have been terminated for Cause. A Participant's termination of employment for Cause shall be effective as of the date of the occurrence of the event giving rise to Cause, regardless of when the determination of Cause is made.

11. The term "employment" shall be deemed to mean an employee's employment with, or a consultant's provision of services to, the Company or any Company subsidiary and each Board member's service as a Board member.

12. The "Fair Market Value" of a share of Common Stock on any day shall be the last sale price on such date on the Nasdaq Stock Market, or, if no reported sales take place on the applicable date, the average of the high bid and low asked price of Common Stock on such date or, if no such quotation is made on such date, on the next preceding day on which there were quotations, provided that such quotations shall have been made within the ten (10) business days preceding the applicable date, and if there is no such quotation, the Fair Market Value shall be determined in good faith by the Committee in a manner consistently applied.

13. The term "incentive stock option" means an option that is intended to qualify for special federal income tax treatment pursuant to sections 421 and 422 of the Code as now constituted or subsequently amended, or pursuant to a successor provision of the Code, and which is so designated in the applicable award certificate. Any option that is not specifically designated as an incentive stock option shall under no circumstances be considered an incentive stock option. Any option that is not an incentive stock option is referred to herein as a "non-qualified stock option".

14. In relation to the Company, the term "subsidiary corporation" shall be defined in accordance with sections 424(f) of the Code.

15. A grantee shall be deemed to have "terminated employment" on (i) the date the grantee ceases to be employed by, or to provide consulting services for, the Company or any Company subsidiary, or any corporation (or any of its subsidiaries) which assumes the grantee's award in a transaction to which section 424(a) of the Code applies; or (ii) the date the grantee ceases to be a Board member, provided, however, that in the case of a grantee (x) who is, at the time of reference, both an employee or consultant and a Board member, or (y) who ceases to be engaged as an employee, consultant or Board member and immediately is engaged in another of such relationships with the Company or any Company subsidiary, the grantee shall be deemed to have a "termination of employment" upon the later of the dates determined pursuant to clauses (i) and (ii) of this Section 1.6(f). For purposes of clause (i) of this Section 1.6(f), a grantee who continues his or her employment or consulting relationship with a Company subsidiary subsequent to its sale by the Company shall have a termination of employment upon the date of such sale. The Committee may in its absolute discretion determine whether any leave of absence constitutes a termination of employment for purposes of the Plan and the impact, if any, of any such leave of absence on awards theretofore made under the Plan.

II. Awards Under the Plan

g) Certificates Evidencing Awards

Each award granted under the Plan shall be evidenced by a written certificate (“award certificate”) which shall contain such provisions as the Committee may in its absolute discretion deem necessary or desirable. By accepting an award pursuant to the Plan, a grantee thereby agrees that the award shall be subject to all of the terms and provisions of the Plan and the applicable award certificate.

h) Terms of Stock Options

16. Stock Option Grants. The Committee may grant incentive stock options and non-qualified stock options (collectively, “options”) to purchase shares of Common Stock from the Company, to such key persons, and in such amounts and subject to such vesting and forfeiture provisions and other terms and conditions, as the Committee shall determine in its absolute discretion, subject to the provisions of the Plan.

17. Option Exercise Price. Each award certificate with respect to an option shall set forth the amount (the “option exercise price”) payable by the grantee to the Company upon exercise of the option evidenced thereby. The option exercise price per share shall be determined by the Committee in its absolute discretion; provided, however, that the option exercise price shall be at least 100% of the Fair Market Value of a share of Common Stock on the date the option is granted, and provided further that in no event shall the option exercise price be less than the par value of a share of Common Stock.

18. Exercise Period. The exercise of an option shall be subject to the following:

(a) Ten-Year Limit. No stock option shall be exercisable more than 10 years after the date of grant.

(b) Vesting. The Committee shall determine and set forth in the applicable award certificate the date or dates on which such option shall become vested, which may be based on continued employment and/or the achievement of specified performance goals.

(c) Beginning of Exercise Period. An option will be exercisable when it vests, and may be exercised in whole or in part.

(d) End of Exercise Period. Unless the applicable award certificate otherwise provides, once an installment becomes exercisable, it shall remain exercisable until the earlier of (A) the tenth anniversary of the date of grant of the award or (B) the expiration, cancellation or termination of the award.

(e) Termination of Employment – Generally. Except as otherwise provided below in this Section 2.2(c), or in the applicable award certificate, upon a Participant’s termination of employment, the following shall apply:

(iv) Generally. If a Participant’s employment terminates for any reason other than death, disability or cause, then: (x) all options not yet exercisable as of the date of such termination shall expire on the date of such termination and (y) all options that are exercisable as of the date of such termination shall remain exercisable for the 90-day period following such termination of employment.

(v) Death or Disability. If a Participant’s employment terminates due to the Participant’s death or disability, then: (x) all options not yet exercisable as of the date of such termination shall expire on the date of such termination and (y) all options that are exercisable as of the date of such termination shall remain exercisable until the first anniversary of the Participant’s termination of employment.

(vi) Cause. If a Participant's employment is terminated for cause, all options not theretofore exercised shall terminate upon the commencement of business on the date of the Participant's termination of employment.

(vii) Restrictions on Exercise Following Death. Any exercise of an option following a grantee's death shall be made only by the grantee's executor or administrator or other duly appointed representative reasonably acceptable to the Committee, unless the grantee's will specifically disposes of such option, in which case such exercise shall be made only by the recipient of such specific disposition. If a grantee's personal representative or the recipient of a specific disposition under the grantee's will shall be entitled to exercise any option pursuant to the preceding sentence, such representative or recipient shall be bound by all the terms and conditions of the Plan and the applicable award certificate which would have applied to the grantee.

(f) Special Rules for Incentive Stock Options. No option that remains exercisable for more than three months following a grantee's termination of employment for any reason other than death (including death within three months after the termination of employment or within one year after a termination due to disability) or disability, or for more than one year following a grantee's termination of employment as the result of disability, may be treated as an incentive stock option.

19. Incentive Stock Options: \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined as of the time the option is granted) of the stock with respect to which incentive stock options are first exercisable by any employee during any calendar year shall exceed \$100,000, or such higher amount as may be permitted from time to time under section 422 of the Code, such options shall be treated as non-qualified stock options.

20. Incentive Stock Options: 10% Owners. Notwithstanding the foregoing provisions of this Section 2.2, an incentive stock option may not be granted under the Plan to an individual who, at the time the option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of stock of his or her employer or of its parent or subsidiary (as such ownership may be determined for purposes of section 422(b)(6) of the Code) unless (i) at the time such incentive stock option is granted the option exercise price is at least 110% of the Fair Market Value of the shares subject thereto and (ii) the incentive stock option by its terms is not exercisable after the expiration of 5 years from the date it is granted.

i) Exercise of Options

Subject to the other provisions of this Article II, each option granted under the Plan shall be exercisable as follows:

21. Notice of Exercise. An option shall be exercised by the filing of a written notice with the Company or the Company's designated exchange agent (the "exchange agent"), on such form and in such manner as the Committee shall in its absolute discretion prescribe.

22. Payment of Exercise Price. Any written notice of exercise of an option shall be accompanied by payment for the shares being purchased. Such payment shall be made: (i) by certified or official bank check (or the equivalent thereof acceptable to the Company or its exchange agent) for the full option exercise price; or (ii) with the consent of the Committee, by delivery of shares of Common Stock owned by the grantee (whether acquired by option exercise or otherwise, provided that if such shares were acquired pursuant to the exercise of a stock option, they were acquired at least six months prior to the option exercise date or such other period as the Committee may from time to time determine) having a Fair Market Value (determined as of the exercise date) equal to all or part of the option exercise price and a certified or official bank check (or the equivalent thereof acceptable to the Company or its exchange agent) for any remaining portion of the full option exercise price; (iii) by means of a brokered cashless exercise; or (iv) at the discretion of the Committee and to the extent permitted by law, by such other provision, consistent with the terms of the Plan, as the Committee may from time to time prescribe.

23. Delivery of Certificates Upon Exercise. Promptly after receiving payment of the full option exercise price, the Company or its exchange agent shall deliver to the grantee or to such other person as may then have the right to exercise the option, certificate or certificates for the shares of Common Stock for which the option has been exercised or shall establish an account evidencing ownership of such shares in uncertificated form. If the method of payment employed upon option exercise so requires, and if applicable law permits, a grantee may direct the Company, or its exchange agent, as the case may be, to deliver the stock certificate(s) to the grantee's stockbroker.

24. No Shareholder Rights. No grantee of an option (or other person having the right to exercise such option) shall have any of the rights of a shareholder of the Company with respect to shares subject to such option until the issuance of a stock certificate to such person for such shares or the establishment of such account. Except as otherwise provided in Section 1.5(d) above, no adjustment shall be made for dividends, distributions or other rights (whether ordinary or extraordinary, and whether in cash, securities or other property) for which the record date is prior to the date such stock certificate is issued or such account is established.

j) Compensation in Lieu of Exercise of an Option

Upon written application of the grantee of an option, the Committee in its absolute discretion may determine to substitute, for the exercise of such option, compensation to the grantee not in excess of the difference between the option exercise price and the Fair Market Value of the shares covered by such written application on the date of such application. Such compensation shall be in shares of Common Stock, and the payment thereof may be subject to conditions, all as the Committee shall determine in its absolute discretion. In the event compensation is substituted pursuant to this Section 2.4 for the exercise, in whole or in part, of an option, the number of shares subject to the option shall be reduced by the number of shares for which such compensation is substituted.

k) Transferability of Options

Except as otherwise provided in an applicable award certificate evidencing an option, during the lifetime of a grantee, each option granted to a grantee shall be exercisable only by the grantee and no option shall be assignable or transferable otherwise than by will or by the laws of descent and distribution. Any attempt to transfer any option other than as permitted herein shall be void and immediately cancelled, and no such option shall in any manner be liable for or subject to the debts, contracts, liabilities or torts of any person who shall be entitled to such option, nor shall any option be subject to attachment or legal process for or against such person. The Committee may, in any applicable award certificate evidencing an option (other than an incentive stock option to the extent inconsistent with the requirements of section 422 of the Code applicable to incentive stock options), permit a grantee to transfer all or some of the options to (A) the grantee's spouse, children or grandchildren ("immediate family members"), (B) a trust or trusts for the exclusive benefit of such immediate family members, or (C) other parties approved by the Committee in its absolute discretion. Following any such transfer, any transferred options shall continue to be subject to the same terms and conditions as were applicable immediately prior to the transfer, and the transferee shall be subject to all obligations under the Plan as if such person were the grantee.

l) Grant of Restricted Stock

25. Restricted Stock Grants. The Committee may grant restricted shares of Common Stock to such key persons, in such amounts and subject to such vesting and forfeiture provisions and other terms and conditions as the Committee shall determine in its absolute discretion, subject to the provisions of the Plan. Restricted stock awards may be made independently of or in connection with any other award under the Plan. A grantee of a restricted stock award shall have no rights with respect to such award unless such grantee accepts the award within such period as the Committee shall specify by accepting delivery of an award certificate in such form as the Committee shall determine and, in the event the restricted shares are newly issued by the Company, makes payment to the Company or its exchange agent in an amount at least equal to the par value of the shares as required by the Committee and in accordance with the applicable Delaware law.

26. Issuance of Stock Certificate(s). Promptly after a grantee accepts a restricted stock award, the Company or its exchange agent shall issue to the grantee a stock certificate or stock certificates for the shares of Common Stock covered by the award or shall establish an account evidencing ownership of the stock in uncertificated form. Upon the issuance of such stock certificate(s) or establishment of such account, the grantee shall have the rights of a shareholder with respect to the restricted stock, subject to: (i) the nontransferability restrictions and forfeiture provision described in Sections 2.6(d) and 2.6(e) below; (ii) in the Committee's absolute discretion, a requirement that any dividends paid on such shares shall be held in escrow until all restrictions on such shares have lapsed; and (iii) any other restrictions and conditions contained in the applicable award certificate.

27. Custody of Stock Certificate(s). Unless the Committee shall otherwise determine, any stock certificates issued evidencing shares of restricted stock shall remain in the possession of the Company until such shares are free of any restrictions specified in the applicable award certificate. The Committee may direct that such stock certificate(s) bear a legend setting forth the applicable restrictions on transferability and that any such account include electronic coding indicating such restrictions.

28. Nontransferability. Shares of restricted stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as otherwise specifically provided in the Plan or the applicable award certificate. The Committee at the time of grant shall specify the date or dates (which may depend upon or be related to a period of continued employment with the Company, the attainment of performance goals or other conditions or a combination of such conditions) on which the nontransferability of the restricted stock shall lapse.

29. Forfeiture Upon Termination of Employment. Except as may otherwise be provided by the Committee at any time prior to a grantee's termination of employment, a grantee's termination of employment for any reason (including death) shall cause the immediate forfeiture of all shares of restricted stock that have not yet vested as of the date of such termination of employment. Unless the Committee determines otherwise, all dividends paid on such shares also shall be forfeited, whether by termination of any escrow arrangement under which such dividends are held, by the grantee's repayment of dividends received directly, or otherwise.

m) Grant of Unrestricted Stock

The Committee may grant (or sell at a purchase price at least equal to par value) shares of Common Stock free of restrictions under the Plan, to such key persons and in such amounts as the Committee shall determine in its absolute discretion. Shares may be thus granted or sold in respect of past services or other valid consideration.

n) Right of Recapture

If at any time after the date on which a grantee has been granted or become vested in an award pursuant to the achievement of performance goals, the Committee determines that the earlier determination as to the achievement of the performance goals was based on incorrect data and that in fact the performance goals had not been achieved or had been achieved to a lesser extent than originally determined, then (i) any award or portion of an award granted based on such incorrect determination shall be forfeited, (ii) any award or portion of an award that became vested based on such incorrect determination shall be deemed to be not vested, and (iii) any amounts paid to the grantee based on such incorrect determination shall be paid by the grantee to the Company upon notice from the Company.

III. Miscellaneous

o) Amendment of the Plan; Modification of Awards

30. Amendment of the Plan. The Board may from time to time suspend, discontinue, revise or amend the Plan in any respect whatsoever, except that no such amendment shall materially impair any rights or materially increase any obligations under any award theretofore made under the Plan without the consent of the grantee (or, upon the grantee's death, the person having the right to exercise the award). For purposes of this Section 3.1, any action of the Board or the Committee that in any way alters or affects the tax treatment of any award or that in the absolute discretion of the Board is necessary to prevent an award from being subject to tax under Section 409A of the Code shall not be considered to materially impair any rights of any grantee. The Board shall determine, in its absolute discretion, whether to submit any amendment of the Plan to stockholders for approval; in making such determination it is expected that the Board will take into account the prerequisites for favorable tax treatment to the Company and grantees of awards made under the Plan, and such other considerations as the Board deems relevant.

31. Modification of Awards. The Committee may cancel any award under the Plan. The Committee also may amend any outstanding award certificate, including, without limitation, by amendment which would: (i) accelerate the time or times at which the award becomes unrestricted or vested or may be exercised; (ii) waive or amend any goals, restrictions or conditions set forth in the award certificate; or (iii) waive or amend any applicable provision of the Plan or award certificate with respect to the termination of the award upon termination of employment, provided however, that no such amendment may lower the exercise price of an outstanding option. However, any such cancellation or amendment (other than an amendment pursuant to Section 1.5(d)) above that materially impairs the rights or materially increases the obligations of a grantee under an outstanding award shall be made only with the consent of the grantee (or, upon the grantee's death, the person having the right to exercise the award).

p) Consent Requirement

32. No Plan Action without Required Consent. If the Committee shall at any time determine that any Consent (as defined in Section 3.2(b) below) is necessary or desirable as a condition of, or in connection with, the granting of any award under the Plan, the issuance or purchase of shares or exercise of other rights thereunder, or the taking of any other action thereunder (each such action being hereinafter referred to as a "Plan action"), then such Plan action shall not be taken or permitted, in whole or in part, unless and until such Consent shall have been effected or obtained to the full satisfaction of the Committee.

33. Consent Defined. The term "Consent" as used herein with respect to any Plan action means (i) any and all listings, registrations or qualifications in respect thereof upon any securities exchange or under any federal, state or local law, rule or regulation, (ii) any and all written agreements and representations by the grantee with respect to the disposition of shares, or with respect to any other matter, which the Committee shall deem necessary or desirable to comply with the terms of any such listing, registration or qualification or to obtain an exemption from the requirement that any such listing, qualification or registration be made and (iii) any and all consents, clearances and approvals in respect of a Plan action by any governmental or other regulatory bodies.

34. Representations, Legend. The Committee may require as a condition to the receipt of shares of Common Stock pursuant to an award under the Plan that the grantee or any other person receiving shares pursuant to the award represent that such person is not acquiring the shares with a view to distribution thereof and to make such other securities law related representations as the Committee shall request. In addition to any legend required by the Plan, any certificate representing Common Stock acquired in respect of an award may bear such legends as the Company deems advisable to assure compliance with all applicable laws and regulations.

q) Nonassignability

35. General. Except as expressly provided herein or by the terms of an award certificate: (a) no award or right granted to any person under the Plan or under any award certificate shall be assignable or transferable other than by will or by the laws of descent and distribution; and (b) all rights granted under the Plan or any award certificate shall be exercisable during the life of the grantee only by the grantee or the grantee's legal representative.

36. Payment to Minors, Etc. Any benefit payable to or for the benefit of a minor, an incompetent person or other person incapable of receipt thereof shall be deemed paid when paid to such person's guardian or to the party providing or reasonably appearing to provide for the care of such person, and such payment shall fully discharge the Committee, the Board, the Company, its affiliates and their employees, agents and representatives with respect thereto.

r) Requirement of Notification of Election Under Section 83(b) of the Code

If any grantee shall, in connection with the acquisition of shares of Common Stock under the Plan, make the election permitted under section 83(b) of the Code (i.e., an election to include in gross income in the year of transfer the amounts specified in section 83(b)), such grantee shall notify the Company of such election within 10 days of filing notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under the authority of Code section 83(b).

s) Requirement of Notification Upon Disqualifying Disposition Under Section 421(b) of the Code

Each grantee of an incentive stock option shall notify the Company of any disposition of shares of Common Stock issued pursuant to the exercise of such option under the circumstances described in section 421(b) of the Code (relating to certain disqualifying dispositions), within 10 days of such disposition.

t) Withholding Taxes

37. With Respect to Cash Payments. Whenever cash is to be paid pursuant to an award under the Plan, the Company shall be entitled to deduct therefrom an amount sufficient in its opinion to satisfy all federal, state and other governmental tax withholding requirements related to such payment.

38. With Respect to Delivery of Common Stock. Whenever shares of Common Stock are to be delivered pursuant to an award under the Plan, the Company shall be entitled to require as a condition of delivery that the grantee remit to the Company an amount sufficient in the opinion of the Company to satisfy all federal, state and other governmental tax withholding requirements related thereto. With the approval of the Committee, which the Committee shall have absolute discretion whether or not to give, the grantee may satisfy the foregoing condition by electing to have the Company withhold from delivery shares having a value equal to the amount of tax to be withheld. Such shares shall be valued at their Fair Market Value as of the date on which the amount of tax to be withheld is determined. Fractional share amounts shall be settled in cash. Such a withholding election may be made with respect to all or any portion of the shares to be delivered pursuant to an award.

u) Employment Provisions

39. Right of Discharge Reserved. Nothing in the Plan or in any award certificate shall confer upon any grantee the right to continue employment with the Company or any affiliated entity or affect any right which the Company or any affiliated entity may have to terminate such employment.

40. Confidentiality. The acceptance of an award by a grantee shall be deemed to be a covenant by the grantee that he or she will not disclose to anyone outside the Company or its affiliates, or use in any manner other than in the furtherance of the Company's or its affiliate's business, without written authorization from the Company, any confidential information or proprietary information relating to the business of the Company or its affiliates that is acquired by a grantee prior to the grantee's termination of employment.

v) Nature of Payments

41. Consideration for Services Performed. Any and all grants of awards and issuances of shares of Common Stock under the Plan shall be in consideration of services performed for the Company by the grantee.

42. Not Taken into Account for Benefits. All such grants and issuances shall constitute a special incentive payment to the grantee and shall not be taken into account in computing the amount of salary or compensation of the grantee for the purpose of determining any benefits under any pension, retirement, profit-sharing, bonus, life insurance or other benefit plan of the Company or under any agreement between the Company and the grantee, unless such plan or agreement specifically otherwise provides.

w) Non-Uniform Determinations

The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who receive, or who are eligible to receive, awards under the Plan (whether or not such persons are similarly situated). Without limiting the generality of the foregoing, the Committee shall be entitled, among other things, to make non-uniform and selective determinations, and to enter into non-uniform and selective award certificates, as to (a) the persons to receive awards under the Plan, (b) the terms and provisions of awards under the Plan, and (c) the treatment of leaves of absence pursuant to Section 1.6(f) above.

x) Severability of Provisions

If any provision of the Plan shall be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provisions hereof, and this Plan shall be construed and enforced as if such provisions had not been included.

y) Other Payments or Awards

Nothing contained in the Plan shall be deemed in any way to limit or restrict the Company from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

z) Headings

Any Article, Section or other subdivision headings contained herein are for the purpose of convenience only and are not intended to expand, limit or otherwise define the contents of such subdivisions.

aa) Effective Date and Term of Plan

43. Adoption; Shareholder Approval. The Plan was adopted by the Board on May 13, 2010, subject to approval by the Company's shareholders. All awards under the Plan prior to such shareholder approval are subject in their entirety to such approval. If such approval is not obtained prior to the first anniversary of the date of adoption of the Plan, the Plan and all awards thereunder shall terminate on that date.

44. Termination of Plan. Unless sooner terminated by the Board or pursuant to paragraph (a) above, the provisions of the Plan respecting the grant of any award pursuant to which shares of Common Stock will be granted shall terminate on the tenth anniversary of the date of the Plan's adoption by the Board. All awards made under the Plan prior to the termination of the Plan shall remain in effect until such awards have been satisfied or terminated in accordance with the terms and provisions of the Plan and the applicable award certificates.

bb) Restriction on Issuance of Stock Pursuant to Awards

The Company shall not permit any shares of Common Stock to be issued pursuant to awards granted under the Plan unless such shares of Common Stock are fully paid and non-assessable, within the meaning of applicable law.

cc) Governing Law

Except to the extent preempted by any applicable federal law, the Plan will be construed and administered in accordance with the laws of the State of Delaware, without giving effect to principles of conflict of laws.

STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), stockholder proposals submitted for inclusion in our proxy materials for the 2011 Annual Meeting of Stockholders must be received at our principal executive offices, 35 East 62nd Street, New York, New York 10065, Attention: Secretary, not later than December 12, 2010. In order to avoid controversy, stockholders should submit proposals by means, including electronic means, that permit them to prove the date of delivery. Such proposals must comply with SIGA's By-Laws and the requirements of Regulation 14A of the Exchange Act.

If a stockholder intends to present a proposal for consideration at the next annual meeting outside of the processes of Rule 14a-8 under the Exchange Act, we must receive notice of such proposal at the address given above by February 26, 2011. If not received by such date, such notice will be considered untimely under Rule 14a-4(c)(1) under the Exchange Act, and our proxies will have discretionary voting authority with respect to such proposal, if presented at the annual meeting. We will not be required to include any such proposal in our proxy materials.

The deadlines described above are calculated by reference to the mailing date of the proxy materials for this year's annual meeting. If the date of next year's annual meeting is more than 30 days earlier or later than the anniversary of this year's meeting, SIGA will, in a timely manner, inform stockholders of such change and the effect of such change on the deadlines given above by including a notice in our Annual Report on Form 10-K, one of our Quarterly Reports on Form 10-Q, a Current Report on Form 8-K or by any other means reasonably calculated to inform stockholders.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires SIGA's officers and directors, and persons who own more than ten percent of a registered class of SIGA's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish SIGA with copies of all Section 16(a) reports that they file.

Based solely upon review of the copies of such reports furnished to SIGA and written representations from certain of SIGA's executive officers and directors that no other such reports were required, SIGA believes that during the fiscal year ended December 31, 2009, no director failed to file on a timely basis a report relating to a transaction as required by Section 16(a) of the Exchange Act, except that Dr. Weiner belatedly filed two reports in connection with thirteen transactions involving the sale of shares of common stock.

AVAILABILITY OF ANNUAL REPORT AND FORM 10-K TO STOCKHOLDERS

SIGA's Annual Report to Stockholders for the year ended December 31, 2009 accompanies this proxy statement. SIGA will provide to any stockholder, upon written request and without charge, a copy of its most recent Annual Report on Form 10-K, including the financial statements, as filed with the SEC. All requests for such reports should be directed to the Chief Financial Officer, 35 East 62nd Street, New York, New York 10065, telephone number (212) 672-9100.

OTHER MATTERS

At the date of this proxy statement, management was not aware that any matters not referred to in this proxy statement would be presented for action at the Annual Meeting. If any other matters should come before the Annual Meeting, the persons named in the accompanying proxy will have discretionary authority to vote all proxies in accordance with their best judgment, unless otherwise restricted by law.

“Householding” of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding”, potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household proxy materials, delivering a single proxy statement or annual report to multiple stockholders sharing an address, unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or annual report, please notify us by sending a written request to SIGA Technologies, Inc., 35 East 62nd Street, New York, New York 10065 or by calling us at (212) 672-9100. You may also notify us to request delivery of a single copy of our annual report or proxy statement if you currently share an address with another stockholder and are receiving multiple copies of our annual report or proxy statement.
