Notes to Consolidated Financial Statements

September 30, 2012 and 2011

Note A - Organization and Description of Business

Signet International Holdings, Inc. (Company) was incorporated on February 2, 2005 in accordance with the Laws of the State of Delaware as 51142, Inc. The Company changed its corporate name to Signet International Holdings, Inc. in conjunction with the September 8, 2005 transaction discussed below.

On September 8, 2005, pursuant to a Stock Purchase Agreement and Share Exchange (Agreement) by and among Signet International Holdings, Inc. (Signet); Signet Entertainment Corporation (SIG) and the shareholders of SIG (Shareholders) (collectively SIG and the SIG shareholders shall be known as the "SIG Group"), Signet acquired 100.0% of the then issued and outstanding preferred and common stock of SIG for a total of 3,421,000 common shares and 5,000,000 preferred shares of Signet's stock issued to the SIG Group. Pursuant to the agreement, SIG became a wholly owned subsidiary of Signet.

Signet Entertainment Corporation was incorporated on October 17, 2003 in accordance with the Laws of the State of Florida. SIG was formed to establish a television network "The Gaming and Entertainment Network". To date, this effort has been incomplete.

The Company is considered in the development stage and, as such, has generated no significant operating revenues and has incurred cumulative operating losses of approximately \$2,900,000.

Note B - Preparation of Financial Statements

The acquisition of Signet Entertainment Corporation by Signet International Holdings, Inc. effected a change in control of Signet International Holdings, Inc. and is accounted for as a "reverse acquisition" whereby Signet Entertainment Corporation is the accounting acquirer for financial statement purposes. Accordingly, for all periods subsequent to the "reverse merger" transaction, the financial statements of the Signet International Holdings, Inc. will reflect the historical financial statements of Signet Entertainment Corporation from its inception and the operations of Signet International Holdings, Inc. subsequent to the September 8, 2005 transaction date.

The Company follows the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and has a year-end of December 31.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management further acknowledges that it is solely responsible for adopting sound accounting practices, establishing and maintaining a system of internal accounting control and preventing and detecting fraud. The Company's system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented.

Note B - Preparation of Financial Statements - Continued

During interim periods, the Company follows the accounting policies set forth in its annual audited financial statements filed with the U. S. Securities and Exchange Commission on its Annual Report on Form 10-K for the year ended December 31, 2011. The information presented within these interim financial statements may not include all disclosures required by generally accepted accounting principles and the users of financial information provided for interim periods should refer to the annual financial information and footnotes when reviewing the interim financial results presented herein.

In the opinion of management, the accompanying interim financial statements, prepared in accordance with the U. S. Securities and Exchange Commission's instructions for Form 10-Q, are unaudited and contain all material adjustments, consisting only of normal recurring adjustments necessary to present fairly the financial condition, results of operations and cash flows of the Company for the respective interim periods presented. The current period results of operations are not necessarily indicative of results which ultimately will be reported for the full fiscal year ending December 31, 2012.

The accompanying consolidated financial statements contain the accounts of Signet International Holdings, Inc. and its wholly-owned subsidiary, Signet Entertainment Corporation. All significant intercompany transactions have been eliminated. The consolidated entities are collectively referred to as "Company".

Note C - Going Concern Uncertainty

The Company is still in the process of developing and implementing its business plan and raising additional capital. As such, the Company is considered to be a development stage company.

The Company's continued existence is dependent upon its ability to generate sufficient cash flows from operations to support its daily operations as well as provide sufficient resources to retire existing liabilities and obligations on a timely basis.

The Company anticipates that future sales of equity securities to fully implement its business plan or to raise working capital to support and preserve the integrity of the corporate entity may be necessary. There is no assurance that the Company will be able to obtain additional funding through the sales of additional equity securities or, that such funding, if available, will be obtained on terms favorable to or affordable by the Company.

If no additional capital is received to successfully implement the Company's business plan, the Company will be forced to rely on existing cash in the bank and upon additional funds which may or may not be loaned by management and/or significant stockholders to preserve the integrity of the corporate entity at this time. In the event, the Company is unable to acquire sufficient capital; the Company's ongoing operations would be negatively impacted.

It is the intent of management and significant stockholders to provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, no formal commitments or arrangements to advance or loan funds to the Company or repay any such advances or loans exist. There is no legal obligation for either management or significant stockholders to provide additional future funding.

While the Company is of the opinion that good faith estimates of the Company's ability to secure additional capital in the future to reach our goals have been made, there is no guarantee that the Company will receive sufficient funding to sustain operations or implement any future business plan steps.

Note D - Summary of Significant Accounting Policies

1. Cash and cash equivalents

For Statement of Cash Flows purposes, the Company considers all cash on hand and in banks, certificates of deposit and other highly-liquid investments with maturities of three months or less, when purchased, to be cash and cash equivalents.

2. Organization costs

The Company has adopted the provisions of provisions required by the Start-Up Activities topic of the FASB Accounting Standards Codification whereby all organizational and initial costs incurred with the incorporation and initial capitalization of the Company were charged to operations as incurred.

3. Research and development expenses

Research and development expenses are charged to operations as incurred.

4. Advertising expenses

The Company does not utilize direct solicitation advertising. All other advertising and marketing expenses are charged to operations as incurred.

5. Income Taxes

The Company files income tax returns in the United States of America and may file, as applicable and appropriate, various state(s). With few exceptions, the Company is no longer subject to U.S. federal, state and local, as applicable, income tax examinations by regulatory taxing authorities for years before 2006. The Company does not anticipate any examinations of returns filed since 2006.

The Company uses the asset and liability method of accounting for income taxes. At September 30, 2012 and December 31, 2011, respectively, the deferred tax asset and deferred tax liability accounts, as recorded when material to the financial statements, are entirely the result of temporary differences. Temporary differences generally represent differences in the recognition of assets and liabilities for tax and financial reporting purposes, primarily accumulated depreciation and amortization, allowance for doubtful accounts and vacation accruals.

The Company has adopted the provisions required by the Income Taxes topic of the FASB Accounting Standards Codification. The Codification Topic requires the recognition of potential liabilities as a result of management's acceptance of potentially uncertain positions for income tax treatment on a "more-likely-than-not" probability of an assessment upon examination by a respective taxing authority. As a result of the implementation of the Codification's Income Tax Topic, the Company did not incur any liability for unrecognized tax benefits.

Note D - Summary of Significant Accounting Policies - Continued

6. Earnings (loss) per share

Basic earnings (loss) per share is computed by dividing the net income (loss) available to common shareholders by the weighted-average number of common shares outstanding during the respective period presented in our accompanying financial statements.

Fully diluted earnings (loss) per share is computed similar to basic income (loss) per share except that the denominator is increased to include the number of common stock equivalents (primarily outstanding options and warrants).

Common stock equivalents represent the dilutive effect of the assumed exercise of the outstanding stock options and warrants, using the treasury stock method, at either the beginning of the respective period presented or the date of issuance, whichever is later, and only if the common stock equivalents are considered dilutive based upon the Company's net income (loss) position at the calculation date.

At September 30, 2012 and 2011, and subsequent thereto, the Company's issued and outstanding preferred stock is considered anti-dilutive due to the Company's net operating loss position.

7. Pending and/or New Accounting Pronouncements

The Company is of the opinion that any pending accounting pronouncements, either in the adoption phase or not yet required to be adopted, will not have a significant impact on the Company's financial position or results of operations.

Note E - Fair Value of Financial Instruments

The carrying amount of cash, accounts receivable, accounts payable and notes payable, as applicable, approximates fair value due to the short term nature of these items and/or the current interest rates payable in relation to current market conditions.

Interest rate risk is the risk that the Company's earnings are subject to fluctuations in interest rates on either investments or on debt and is fully dependent upon the volatility of these rates. The Company does not use derivative instruments to moderate its exposure to interest rate risk, if any.

Financial risk is the risk that the Company's earnings are subject to fluctuations in interest rates or foreign exchange rates and are fully dependent upon the volatility of these rates. The company does not use derivative instruments to moderate its exposure to financial risk, if any.

Note F - Option Agreement

On July 23, 2008, we executed an Option to Purchase Asset Agreement (Agreement) with Access Media Group, Inc. (a Florida Corporation) dba AMG TV, headquartered in Jensen Beach, FL, to acquire 100% of the assets, satellite delivery service contracts, customer service agreements in the USA and the Caribbean, including the business

operations located in Pittsburgh and North New Jersey for an agreed purchase price is \$3 million, payable as set forth in the Agreement, and the issuance of 100,000 shares of our restricted, unregistered common stock. The term of our option is one (1) year and expires on July 22, 2009. As consideration for the Agreement, the Company issued 20,000 shares of restricted, unregistered common stock to Access Media Group, Inc. with a mutually agreed-upon value of \$100,000.

The Company has 180 days to complete the acquisition after serving notice to AMG TV that the Company intends to exercise the option and is actively pursuing capital resources in order to exercise the option and integrate these operations according to the Company's Business Plan.

On September 18, 2009, the Company and the owners of Access Media Group, Inc. executed an Asset Purchase Agreement whereby the Company will acquire "... one hundred percent (100%) of the Pittsburgh, PA leased facility (and/or any other leased facility owned or leased by Seller), licenses, equipment and ancillaries of the assets listed and identified on Exhibit A which includes a list of Affiliates and Clearances and all other assets including but not limited to intellectual properties, leases, licenses, permits, clients lists, contracts, applications pending or otherwise owned by AMG-TV without lien or security interest. The purchase price is approximately \$3,000,000 composed of 100,000 shares of common stock valued at \$5.00 per share and a note payable of \$2,500,000. The \$2,500,000 note payable bears interest at prime plus 2%, [accruing from September 18, 2009] and is payable in increments of \$100,000 starting on the 180th day after September 18, 2009 and \$100,000 every 90 days thereafter. In the event that the Company is successful in selling any part of a future stock offering, 33.3% of the net proceeds of said offering will be applied to reduction of this note payable up to \$1,500,000 or a maximum of the total balance due at that time.

This Purchase Agreement was originally scheduled to close and become effective as of January 1, 2010; however, in March 2010, the Company and Access Media Group, Inc. mutually agreed to defer the closing on this Purchase Agreement with no other changes to the terms and conditions until funding sources can be arranged.

We had no revenue for either of the respective month periods ended September 30, 2012 or 2011, respectively.

General and administrative expenses for the six months ended September 30, 2012 and 2011 were approximately \$184,409 and \$88,474, respectively. These costs relate principally to the maintenance of our corporate offices, compliance with the periodic reporting requirements of the Securities Exchange Act of 1934, as amended, and continued efforts to implement our business plan.

For the nine months ended September 30, 2012 and 2011, we accrued compensation to our chief executive officer, Ernest W. Letiziano of \$67,500 for each respective period. We further accrued compensation to non-executive personnel for their assistance in our efforts to implement our business plan of approximately \$70,500 and \$96,350 for each respective period. None of these persons has made a demand for payment and have agreed to defer payment until such time that the Company has a viable and functioning business plan with positive cash flows from operations.

Our net loss for the nine months ended September 30, 2012 and 2011, respectively, was approximately \$(322,409) and \$(252,324). Our earnings per share for the respective quarters ended September 30, 2012 and 2011 were approximately \$(0.04) based on the respective weighted-average shares issued and outstanding at the end of the respective period.

The Company does not expect to generate any meaningful revenue or incur operating expenses for purposes other than fulfilling the obligations of a reporting company under the Securities Exchange Act of 1934 unless and until such time that the Company's operating subsidiary begins meaningful operations.

At September 30, 2012 and 2011, respectively, the Company had working capital of approximately \$(3,000) and \$(208,000), exclusive of accrued officer and other compensation. As noted previously, none of these persons has made a demand for payment and have agreed to defer payment until such time that the Company has a viable and functioning business plan with positive cash flows from operations.

(3) Plan of Business

With the status of the current U. S. economy, we have experienced a significant reluctance of investors willing to enter into debt or equity financing. It has been determined that to spend additional time to pursue funding in the TV and Media industry other than the acquisition of AMG TV, and Intellectual Properties, Signet will seek only those investors interested in funding the AMG TV acquisition and operations and the possibilities of expanding the 3-D TV market into the AMG TV system. Based upon our ongoing review and understanding of the marketplace today, we believe that we will be able to take the appropriate steps to effectuate the acquisition of those companies or private inventors who own Intellectual Properties and successfully negotiate with them in the foreseeable future. However, our current financial condition and the condition of the capital markets in today's environment may not allow us to complete any acquisition in a timely manner including the acquisition of AMG TV.

At the present time, management has no commitments for raising additional operating capital. Accordingly, our future cash requirements are anticipated to be met through the sale of additional equity securities, short-term loans from executive officers and/or the proceeds of additional equity offerings in conjunction with the acquisition of AMG TV. Although we have verbal assurances from Mr. Letiziano that he will provide such interim working capital, there is no legal obligation for either management or significant stockholders to provide additional future funding. We may raise additional funds through public offerings of equity, securities convertible into equity or debt, or private offerings of securities. Our History from inception and onward are chronicled below:

Signet International Holdings, Inc.

On October 17, 2003 Signet Entertainment Corporation was incorporated for the purpose of launching a Gaming, Sports and Entertainment Television Network. The network will also cover via satellite and cable major sports and entertainment events and selected global events which have a sports format.

On February 2, 2005 Signet (formerly known as 51142, Inc.) was incorporated under the laws of the State of Delaware to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions.

On September 8, 2005, pursuant to a Stock Purchase Agreement and Share Exchange between Signet Entertainment Corporation, a private Florida corporation, and us (the "Agreement"), we obtained all of the issued and outstanding shares of Signet Entertainment. Pursuant to the Agreement, Signet Entertainment became our wholly owned subsidiary. Our business plan is to launch an International 3-D Television Network.

On March 8, 2007 the NASD assigned the stock symbol "SIGN" to Signet International Holdings, Inc. for the purpose of publicly trading our shares Over The Counter Bulletin Board.

On April 24, 2007 we signed a contract with Free Hawk Productions, Inc. in which we acquired the rights to 21 screen plays the content of which provides a variety of made for TV themes from comedy to drama and children's' topics.

On June 4, 2007 we signed a contract with Mr. John Derhak, author of Tales of the moe. Republic. This novel has sold in excess of five thousand copies and is gathering popularity. The TV adaptation will yield a number of series from each chapter which introduces unique characters.

On July 24, 2008 we signed an Option to acquire the assets and business of Access Media Group, Inc. the parent of AMG TV, the TV distribution and syndication company currently distributing its programs to in excess of 70 million TV households in the USA, all the Caribbean, New Zealand, Germany, Central and South America and a third quarter 2009 launch in Asia. AMG TV has multiplexing capabilities

On April 6, 2009 we signed an Exclusive Licensing Agreement with Kerner Broadcasting Corporation (KBC), a private Nevada corporation having exclusive rights to the Kerner 3-D TV technology. Kerner Optical Research (KOR) and its Kerner affiliated groups, San Rafael, CA, who together, indicated to have developed demonstrable technology to show they can deliver 3-D images to the television screen by means of a set top box.

On May 5, 2009 we incorporated Signet 3D Entertainment, Inc., for the purpose of licensing or acquiring 3-D Television technology to be employed to launch original programming and special events including establishing 3-D TV Network.

On September 17, 2009 we signed an Asset Purchase Agreement for the acquisition of Access Media Group, Inc. the parent of AMG TV. The Network has grown to in excess, of 78 million television households in the USA, and as a result AMG as shown an encouraging dynamic in advertising revenues. We have mutually agreed not to assume total responsibilities of AMG TV operations until we have settled our arrangements with the 3D technology group.

On September 19, 2009 we were advised by Kerner's President that a new Principal will be joining Kerner in the furtherance financial good of all concerned. Kerner cancelled all previously scheduled demonstrations and requested two weeks' time to introduce us to the new Principal would review our financial package and fund our Private Placement Memorandum.

On February 22, 2010 we served notice to Kerner advising of our intention to file our claim with the American Arbitration Association charging Kerner's unlawful transfer thereby impeding of our exclusive rights to a third party and to seek legal remedies for our loss of time and efforts in a scheduled 3-D Network launch.

On March 1, 2010 we were advised by the former Kerner principals that a major reorganization of the company was effectuated and that on October 15, 2009 all original titles and rights to intellectual properties, patents, and other related technology were sold and transferred to Pllx3, Inc., a Delaware corporation operating in Santa Clarita, CA, for undisclosed financial consideration. We subsequently learned that prior to executing the above contract on October 13, 2009; the original Kerner founders transferred most of their Intellectual Properties to their own new company, Visual 3-D Impressions, Inc., a California corporation (V3-DI) with the original founders being the only principals. In a May 2010 memo to Signet, the newly installed Principals of Pllx3 expressed their desires to move forward with us but would not recognize the Signet Exclusive Rights Agreement.

On May 1, 2010 we were advised by V3-DI that Pllx3 breached their contract and did not pay the balance due to V3-DI.

On May 25, 2010 we executed two separate Binding Letters of Intent for Acquisition of Pllx3, Inc. and V3-DI who were to become wholly-owned subsidiaries of Signet 3 D Entertainment, Inc. predicated upon the outcome of our due diligence procedures. We arranged to retain an Independent Technologist to accompany our Audit firm to examine, appraise and determine values and reconcile a purchase price.

On September 2, 2010 we rescinded our Acquisition Contract with V 3-DI and notified the principals of our election to immediately withdraw our interests in V3-DI and any continued relationship with its principals. It was also determined that in the best interest of our Company, we disassociate ourselves from Pllx3 as well; we allowed the closing terms of that contract to expire without further notice.

On January 11, 2011 we executed a Binding Letter of Intent for the acquisition of 4-D Interactive, LLC, a Florida Corporation organized to further apply its research efforts to 4-D, next- generation volumetric technology. The data results of this original technology have proven the accredited discovery of mathematical equations which demonstrate the 4-D Volumetric applications to be exact. The functionality of these technological mathematical discoveries will allow immediate direct application to the motion picture, computer and television industries. Patent papers, rights searches and prototype applications are currently in process. Because of the immense commercial possibilities of the technology subject matter, we have contacted industrial design to supply us with prototyping, manufacturing. We also will identify marketing support to combine efforts as directed by AMG TV.

#### (4) Caution Regarding Forward-Looking Information

As of September 30, 2012, we had approximately \$158,000 in cash. Our monthly cash requirements have been reduced to approximately \$8,000 per month. Given our current circumstances, we will continue to have additional sources of cash to preserve our plan of operation or terminate all activities.

It is the belief of management and significant stockholders that they will provide sufficient working capital necessary to support and preserve the integrity of the corporate entity. However, there is no legal obligation for either management or significant stockholders to provide additional future funding. Further, the Company is at the mercy of future economic trends and business operations for the Company's majority stockholder to have the resources available to support the Company. Should this pledge fail to provide financing, the Company has not identified any alternative sources. Consequently, there is substantial doubt about the Company's ability to continue as a going concern.

As reflected in the accompanying financial statements, we are in the development stage with no operations. Our ability to continue as a going concern is dependent on our ability to raise additional capital and implement our

business plan. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern. We have no plans to pay no salaries per month to our sole officer and employee until we are properly funded. We intend to raise additional capital to continue our operations although there is no assurance we will be successful. Currently we have no material commitments to make capital expenditures.

Our need for capital may change dramatically as a result of any business acquisition or combination transaction. There can be no assurance that we will identify any such business, product, technology or company suitable for acquisition in the future. Further, there can be no assurance that we would be successful in consummating any acquisition on favorable terms or that it will be able to profitably manage the business, product, technology or company it acquires.

Management believes that actions presently being taken to obtain additional funding and implement its strategic plans provide the opportunity for us to continue as a going concern. The Company is still in the process of developing and implementing its business plan and raising additional capital. As such, the Company is considered to be a development stage company.

(5) Critical Accounting Policies

Our financial statements and related public financial information are based on the application of accounting principles generally accepted in the United States (“GAAP”). GAAP requires the use of estimates; assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenue and expense amounts reported. These estimates can also affect supplemental information contained in our external disclosures including information regarding contingencies, risk and financial condition. We believe our use of estimates and underlying accounting assumptions adhere to GAAP and are consistently and conservatively applied. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. We continue to monitor significant estimates made during the preparation of our financial statements.

Our significant accounting policies are summarized in Note D of our financial statements. While all these significant accounting policies impact our financial condition and results of operations, we view certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on our financial statements and require management to use a greater degree of judgment and estimates. Actual results may differ from those estimates. Our management believes that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause effect on our consolidated results of operations, financial position or liquidity for the periods presented in this report.

Management necessarily applied its judgment in assessing the costs and benefits of such controls and procedures, which, by their nature, can provide only reasonable assurance regarding management's control objectives.

The Company carried out an evaluation, under the supervision and with the participation of its management, including its Chief Executive Officer and Chief Financial Officer, on the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 and 15d-15 as of the end of the period covered by this report. Based upon that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to information relating to the Company required to be included in the Company's Exchange Act reports.

While the Company believes that its existing disclosure controls and procedures have been effective to accomplish their objectives, the Company intends to continue to examine, refine and document its disclosure controls and procedures and to monitor ongoing developments in this area.
