Transfer of holdings to PT Portugal

Lisbon, 28 December 2006 - Portugal Telecom (PT) clarifies that the transfer of PT Comunicações and TMN to PT Portugal executed on September 30, 2006 was a simple intra-group reorganization carried out through the purchase and sale of PT s holdings in those companies. The purpose of this transfer was to concentrate in a newly incorporated sub-holding the Group s portfolio related to the most important domestic companies, thereby adopting an organizational model which follows current market trends, notably the increasing fixed-mobile convergence.

In addition, PT further clarifies that:

- (i) the above mentioned transaction was executed at market value;
- (ii) the transaction had no impact on PT s consolidation perimeter or its total net shareholders equity;
- (iii) the transaction had no impact on the net income of the company;
- (iv) the recognition of a capital gain created with the transaction was eliminated and will only be recognized at the moment such holdings may be sold to third parties;
- (v) in accordance with the applicable accounting rules, all amounts concerning those holdings were reclassified from Adjustments for investments in affiliate and associated companies to Retained earnings;
- (vi) as a result, the above mentioned transaction has increased the distributable reserves in approximately 827 million Euros, as it has already been disclosed to the market;
- (vii) the transaction has no tax impact.

Therefore, the sale of PT Comunicações and TMN does not affect, directly or indirectly, the purposes and objectives announced by the offeror, does not involve any additional burden to such offeror and has no impact on the offer in progress.

This information is also available on PT s IR website http://ir.telecom.pt.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
