Sales Performance - Consolidated

Net sales totaled R\$ 15.2 billion, up 13.4%, driven by the opening of 116 new stores in the past 12 months and by the same-store sales growth of 9.5%. The quarterly results also benefited by 110 basis points due to the calendar effect.

In the second quarter, 25 stores were opened, bringing total openings in the first half of 2014 to 46 stores.

Performance by category:

- ü **Food:** Strong same-store growth of 9.7%. Adjusted for the calendar effect, growth still remains significant, at 7.8%. The top performing categories were groceries, beverages and seafood, which were mainly impacted by the later Easter this year.
- ü **Non-food:** growth of 9.3%, led by technology products, especially televisions and smartphones.

Food Businesses (Multivarejo + Assaí)

- ü Net sales grew 14.5% with the opening of 19 stores, of which 16 neighborhood stores (including 15 Minimercado Extra and 1 Minuto Pão de Açúcar), 1 Pão de Açúcar, 1 Assaí and 1 drugstore. Same-store sales growth stood at 8.3%, due to the calendar effect. Adjusted for this effect, same-store sales growth would be 6.3% in the quarter.
- ü In the **Multivarejo**, Pão de Açúcar and Minimercado Extra banners recorded the best performances in the quarter, continuing the positive trend of previous quarters. Private-label brands continued to grow sharply, accounting for over 10% of total sales.
- ü In June, we opened the first Minuto Pão de Açúcar, a neighborhood store with an area of approximately 300m², which offers a differentiated assortment of products and services to meet the needs of high income customers.
- ü **Assaí** posted strong net sales growth for another quarter (35.8%), driven by solid same-store sales growth and the significant contribution from expansion of stores. Expansion in strategic regions such as northeast of Brazil continues to be the focus of this format, which already has 12 stores in the region (over 15% of total stores). In the last 12 months, 11 stores were opened, of which 3 in the first half of 2014. In the second half of 2014, Assaí will accelerate stores opening pace.

Nova Pontocom

- ü The business volume, which includes direct sales and merchandise volumes from the marketplace of Nova Pontocom, grew approximately 41% in 2Q14 over 2Q13, driven by a significant increase in the number of access in the sites, better conversion rates and higher contribution of the marketplace, which increased more than 1.5x sales volume in the quarter compared to FY2013.

Via Varejo

- ü Net sales totaled R\$ 5.5 billion on 2Q14, with 8.0% total-store growth and same-store growth of 6.8%.
- ü As in previous quarters, the main categories were smartphones and televisions. In the quarter, 6 stores were opened, all under Casas Bahia banner, totaling new 45 stores in the last 12 months.

The information presented herein is preliminary, unaudited and subject to review. The information was determined based on consolidated figures and denominated in Brazilian reais, in accordance with Brazilian Corporation Law. Change and growth variations are in comparison with the same period of the previous year, except where stated otherwise.

The basis for calculating same-store sales is defined by the sales registered in stores open for at least 12 consecutive months and not closed for 7 or more consecutive days in the period. Acquisitions in their first 12 months of operation are not included in the same-store calculation base.

GPA adopts the IPCA consumer price index as its benchmark inflation index, which is also used by the Brazilian Supermarkets Association (ABRAS), since it more accurately reflects the mix of products and brands sold by the Company. The IPCA in the 12 months ended June 2014 was 6.52%.

About GPA: GPA is Brazil's largest retailer, with a distribution network comprising approximately 2,000 points of sale as well as electronic channels. Established in 1948 in São Paulo, it maintains a head office in the city and operations in 19 Brazilian states and the Federal District of Brasília. With a strategy of focusing its decisions on customers and better serving them based on their consumer profile in the wide variety of shopping experiences it offers, GPA adopts a multi-business and multi-channel platform with brick-and-mortar stores and e-commerce operations divided into five business units: Multivarejo, which operates the supermarket, hypermarket and neighborhood store formats, as well as fuel stations and drugstores, under the Pão de Açúcar and Extra banners; Assaí, which operates in the self-service wholesale store segment; Via Varejo, with brick-and-mortar electronics and home appliance stores under the Casas Bahia and Pontofrio banners; Nova Pontocom, with e-commerce operations through the sites pontofrio.com, casasbahia.com.br, extra.com.br, barateiro.com, partiuviagens.com.br and eHub.com.br; and GPA Malls, which is responsible for managing the Group's real estate assets, expansion projects and new store openings.

Disclaimer: Statements in this release related to the Group's business outlook and projections of operating and financial results, the growth potential of the Group and industry and macroeconomic estimates are merely forecasts and were based on the beliefs, intentions and expectations of Management with regard to the Group's future. These expectations are highly dependent on changes in the market, Brazil's general economic performance, the industry and international markets, and therefore are subject to change.
