Item 7.01 Regulation FD Disclosure.

On February 21, 2006, The Williams Companies, Inc. ("Williams") announced it had reached agreements that substantially resolve its exposure from pending claims and investigations related to certain previously disclosed matters. These matters involve the inaccurate reporting of natural gas prices and volumes to an industry publication by a few former non-management employees during a period that ended in the fall of 2002. As a result, Williams will record a \$64 million pre-tax charge to fourth-quarter 2005 earnings. Williams has previously accrued the difference between this charge and the total of the settlements.

Under terms of the independent agreements, Williams' power business unit will pay \$50 million as part of a deferred prosecution agreement with the U.S. Department of Justice; \$15.6 million to settle a matter in California State Court in San Diego; \$9.15 million in U.S. District Court in the Southern District of New York; and \$2.4 million in U.S. District Court in Nevada.

A copy of Williams' press release publicly reporting the settlements is furnished herewith as Exhibit 99.1.
