#### <u>Top of the Form</u> Item 8.01 Other Events.

On May 3, 2006, The Williams Companies, Inc. ("Williams") announced that one of its units and an affiliate of ONEOK, Inc. have entered into an agreement to form a joint venture that will develop new pipeline capacity for transporting natural gas liquids ("NGL") from production areas in southwestern Wyoming to central Kansas, known as the Overland Pass Pipeline.

ONEOK's affiliate, Northern Border Partners, L.P., has agreed to reimburse Williams' development costs to date for the proposed pipeline and initially will own 99 percent of Overland Pass Pipeline. Subsidiaries of Northern Border Partners will manage the construction project and operate the pipeline.

Williams is retaining a 1 percent interest in Overland Pass Pipeline Company and has the option to increase its ownership to 50 percent and become the operator within two years of the pipeline becoming operational. Start-up is tentatively planned for early 2008.

Additionally, Williams has agreed to dedicate its equity NGL volumes from its two Wyoming plants for transport on Overland Pass Pipeline under a long-term shipping agreement.

Subsidiaries of Northern Border Partners also will provide other downstream services that will ultimately give Williams access to another major demand hub in Mont Belvieu, Texas, for finished NGL products.

The joint venture and related commercial agreements are subject to approval by Williams' board of directors.

A copy of Williams' press release publicly reporting the joint venture is furnished herewith as Exhibit 99.1.

#### Item 9.01 Financial Statements and Exhibits.

- (a) None
- (b) None
- (c) Exhibits:

Exhibit 99.1 Copy of Williams' press release dated May 3, 2006, publicly reporting the joint venture as discussed herein.
