Item 1.01 Entry into a Material Definitive Agreement.

On December 20, 2007, Altus Pharmaceuticals, Inc. ("Altus") and Amano Enzyme, Inc. entered into a Manufacturing License, Option and Support Agreement (the "Agreement"). Under the Agreement, Amano granted to Altus a royalty-bearing license to technology owned by Amano to manufacture proteins in bulk form for use by Altus in preparing the supply of Trizyte™ [porcine-free enzymes] (formerly ALTU-135). The Agreement grants to Amano an option to supply a portion of Altus' requirements for such proteins for commercial and clinical purposes. The Agreement also provides that Amano will provide regulatory, technology transfer and other support to Altus in connection with the development and registration of Trizyte.

The foregoing is a summary description of certain terms of the Agreement. Altus intends to file the Agreement as an exhibit to its Annual Report on Form 10-K for the year ending on December 31, 2007.
