**Item 7.01 Regulation FD Disclosure.**

On November 28, 2011, management of Evans Bancorp, Inc. (the "Company") met with investors and discussed the Company's performance and strategic outlook. Among the items noted by management were the following:

- Management believes that it has enough capital to sustain organic growth for the foreseeable future.
- If the Company were to participate in the HSBC branch divestiture it would be at a level that would not require an additional capital raise.
- Management expects two to three basis points of contraction per quarter in the Company's net interest margin for the next several quarters.
- Management expects organic loan growth to continue, particularly in its commercial and industrial loan portfolio, but at a lesser rate than experienced in the third quarter of 2011. They also expect organic growth in deposits to continue to be strong.
- Management has not seen any negative systemic trends in the Company's credit quality.
