### The Company

The Company was founded in 1945 as a pioneering company in the helicopter industry. Today, the Company provides products and services through three business segments: Aerospace representing approximately 25% of 2004 annual sales, Industrial Distribution, representing approximately 59% of 2004 annual sales and Music representing approximately 16% of 2004 annual sales. The Industrial Distribution segment serves over 50,000 customers representing a highly diversified cross-section of North American industry, and is one of the nation's larger distributors of power transmission, motion control, material handling and electrical components and a wide range of bearings. The Music segment is the largest independent distributor of musical instruments and accessories, offering large chain and smaller local retailers more than 20,000 products for amateurs and professionals.

### The Recapitalization

On November 3, 2005, the Company effected a recapitalization of the then existing two classes of common stock, Class A Nonvoting Common Stock, par value \$1.00, and Class B Voting Common Stock, par value \$1.00, into one class of voting Common Stock, par value \$1.00, entitled to one vote per share. Pursuant to the recapitalization:

each share of Class A Nonvoting Common Stock was redesignated as one share of Common Stock; and

each share of Class B Voting Common Stock was reclassified and converted into 3.58 shares of Common Stock, or, at the election of the holder of Class B Voting Common Stock, 1.84 shares of Common Stock and an amount in cash equal to \$27.10.

Giving effect to the recapitalization, the Company has a single class of Common Stock, with each share entitled to one vote, shares of which are being offered by this prospectus. Immediately following the recapitalization, there were approximately 23.9 million shares of Common Stock

outstanding. The shares of Common Stock are traded on The Nasdaq National Market under the symbol "KAMN."

In connection with the recapitalization, the Company also amended its certificate of incorporation in order to enhance the ability of the board of directors to take actions in the longer term interests of the Company and its shareholders. Such amendments included:

- dividing the Company's board of directors into three classes serving staggered terms;
- the certificate of incorporation providing for a minimum of three and a maximum of 15 directors, with the actual number of directors established by the board of directors in accordance with the bylaws;
- limiting the ability of shareholders to remove directors by requiring cause and the affirmative vote of a majority of the shares entitled to vote thereon; and
- requiring a supermajority vote of the voting stock to amend, repeal or modify certain provisions of the certificate of incorporation and bylaws.

In connection with the recapitalization, the Company also amended its bylaws to provide that:

- the ability to call a special meeting of shareholders would be limited such that a special meeting of shareholders may only be called by (1) the president or by majority vote of the board of directors or (2) one or more shareholders holding in the aggregate at least 35% of the total number of shares entitled to vote on any issue proposed to be considered at such meeting;
- and
- a shareholder's notice of board nominations or other business to be brought before an annual meeting of shareholders generally must be delivered not less than 75 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting and must contain certain required information.

**SELLING SHAREHOLDERS**

Under the agreement with members of the Kaman family and related entities (together, the "Kaman Family") providing for the Company's recapitalization, the Company agreed to provide registration rights to the Kaman Family, which are being implemented through this prospectus. The following table sets forth information regarding each Selling Shareholder - all of whom are members of the Kaman Family - and the number of shares of the Common Stock that he, she or it may offer under this prospectus, which, in each case, is the full number of shares of Common Stock shown as owned by such Selling Shareholder. References to the "Selling Shareholders" in this prospectus, refer to those persons listed in the table below, as well as their respective transferees, donees, pledgees or successors and others who hold any of the Selling Shareholders' interest. The shares of the Company's Common Stock offered by this prospectus were issued in connection with the Company's recapitalization.

Information regarding the Selling Shareholders may change from time to time and any changed information will be set forth in a prospectus supplement to the extent required. A Selling Shareholder may from time to time offer and sell any or all of its shares of Common Stock under this prospectus. Because a Selling Shareholder is not obligated to sell the shares of the Company's Common Stock held by him, her or it, the Company cannot estimate the number of shares of the Company's Common Stock that a Selling Shareholder will beneficially own after this offering. Beneficial ownership percentage information is based upon 23,899,236 shares of Common Stock outstanding as of November 17, 2005.

Prior to the recapitalization, the members of Kaman family and affiliated entities set forth in the table below held 82.6% of the outstanding shares of Class B Voting Common Stock, which meant that they had effective voting control of the Company as, prior to the recapitalization, shares of Class A Nonvoting Common Stock were not permitted to vote except in limited circumstances. C. William Kaman II is a director of the Company.

## PLAN OF DISTRIBUTION

The Selling Shareholders, or their transferees, donees, pledgees or successors selling shares received from a named Selling Shareholder as a gift, partnership distribution or other non-sale-related transfer after the date of this prospectus (all of whom may be Selling Shareholders), may sell the shares of Common Stock from time to time on any stock exchange or automated interdealer quotation system on which the Common Stock is listed, in the over-the-counter market, in privately negotiated transactions or otherwise, at fixed prices that may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at prices otherwise negotiated. The Selling Shareholders may sell the shares of Common Stock by one or more of the following methods, without limitation:

- block trades in which the broker or dealer so engaged will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker or dealer as principal and resale by the broker or dealer for its own account pursuant to this prospectus;
- an exchange distribution in accordance with the rules of any stock exchange on which the Common Stock is listed;
- ordinary brokerage transactions and transactions in which the broker solicits purchases;
- privately negotiated transactions;
- short sales;
- through the writing of options on the shares, whether or not the options are listed on an options exchange;
- through the distribution of the shares by any Selling Shareholder to its partners, members or shareholders;
- one or more underwritten offerings on a firm commitment or best efforts basis; and
- any combination of any of these methods of sale.

The Selling Shareholder may also transfer the shares by gift.

The Company does not know of any arrangements by the Selling Shareholders for the sale of any of the shares.

The Selling Shareholders may engage brokers and dealers, and any brokers or dealers may arrange for other brokers or dealers to participate in effecting sales of the shares. These brokers, dealers or underwriters may act as principals, or as an agent of a Selling Shareholder. Broker-dealers may agree with a Selling Shareholder to sell a specified number of the shares at a stipulated price per share. If a broker-dealer is unable to sell shares acting as agent for a Selling Shareholder, it may purchase as principal any unsold shares at the stipulated price. Broker-dealers that acquire shares as principals may thereafter resell the shares from time to time in transactions on any stock exchange or automated interdealer quotation system on which the shares are then listed, at prices and on terms then prevailing at the time of sale, at prices related to the then-current market price or in negotiated transactions. Broker-dealers may use block transactions and sales to and through broker-dealers, including transactions of the nature described above. The Selling Shareholders may also sell the shares in accordance with Rule 144 under the Securities Act, rather than pursuant to this prospectus, regardless of whether the shares are covered by this prospectus.

## Edgar Filing: KAMAN CORP - Form 424B3

From time to time, one or more of the Selling Shareholders may pledge, hypothecate or grant a security interest in some or all of the shares owned by them. The pledgees, secured parties or persons to whom the shares have been hypothecated will, upon foreclosure in the event of default, be deemed to be Selling Shareholders. The number of a Selling Shareholder's shares offered under this prospectus will decrease as and when it takes such actions. The plan of distribution for the Selling Shareholder's shares will otherwise remain unchanged. In addition, a Selling Shareholder may, from time to time, sell the shares short, and, in those instances, this prospectus may be delivered in connection with the short sales and the shares offered under this prospectus may be used to cover short sales.

To the extent required under the Securities Act, the aggregate amount of Selling Shareholders' shares being offered and the terms of the offering, the names of any agents, brokers, dealers or underwriters and any applicable commission with respect to a particular offer will be set forth in an accompanying prospectus supplement. Any underwriters, dealers, brokers or agents participating in the distribution of the shares may receive compensation in the form of underwriting discounts, concessions, commissions or fees from a Selling Shareholder and/or purchasers of Selling Shareholders' shares of Common Stock, for whom they may act, which compensation as to a particular broker-dealer might be in excess of customary commissions.

The Selling Shareholders and any underwriters, broker, dealers or agents that participate in the distribution of the shares may be deemed to be "underwriters" within the meaning of the Securities Act, and any discounts, concessions, commissions or fees received by them and any profit on the resale of the shares sold by them may be deemed to be underwriting discounts and commissions. A Selling Shareholder may enter into hedging transactions with broker-dealers and the broker-dealers may engage in short sales of the shares in the course of hedging the positions they assume with the Selling Shareholder, including, without limitation, in connection with distributions of the shares by those broker-dealers. A Selling Shareholder may enter into option or other transactions with one or more broker-dealers that involve the delivery of the shares offered hereby to the broker-dealers, who may then resell or otherwise transfer those shares. A Selling Shareholder may also loan or pledge the shares offered hereby to a broker-dealer and the broker-dealer may sell the shares offered hereby so loaned or upon a default may sell or otherwise transfer the pledged shares offered hereby.

The Selling Shareholder and other persons participating in the sale or distribution of the shares will be subject to applicable provisions on the Exchange Act, as amended, and the rules and regulations thereunder, including Regulation M. This regulation may limit the timing of purchases and sales of any of the shares by the Selling Shareholders and any other person. The anti-manipulation rules under the Exchange Act may apply to sales of shares in the market and to the activities of the Selling Shareholders and their affiliates. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of the shares to engage in market-making activities with respect to the particular shares being distributed for a period of up to five business days before the distribution. These restrictions may affect the marketability of the shares and the ability of any person or entity to engage in market-making activities with respect to the shares.

In order to comply with the securities laws of certain states, if applicable, the shares must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under the recapitalization agreement, the Company agreed to register the shares under the Securities Act and to keep the registration statement of which this prospectus is a part effective until the earlier of (i) the date on which all of the shares held by the Selling Shareholders have been sold, (ii) one year from the date of the consummation of the recapitalization plus the length of any periods during which the Company suspends the effectiveness of the registration pursuant to the recapitalization agreement or (iii) the date on which the Selling Shareholders are entitled to sell their shares under Rule 144 under the Securities Act.

The Company will not receive any proceeds from sales of any shares by the Selling Shareholders. The Company can not assure you that the Selling Shareholders will sell all or any portion of the shares offered hereby.

The Company may suspend the use of this prospectus by the Selling Shareholder under certain circumstances.

## Edgar Filing: KAMAN CORP - Form 424B3

Any Common Stock sold by a Selling Shareholder pursuant to a prospectus supplement will be listed on The Nasdaq National Market.
