This Proxy Statement is furnished in connection with the solicitation of proxies to be voted at the Annual Meeting of Shareholders of MiMedx Group, Inc. (“MiMedx” or the “Company”) to be held on May 17, 2017 at 11:00 a.m. Eastern Daylight Time at the Company's offices located at 1828 West Oak Parkway, Marietta, Georgia 30062.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR
THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 17, 2017

The Proxy Statement, our form of proxy and our Annual Report on Form 10-K for the year ended December 31, 2016, are available at www.proxyvote.com

This Proxy Statement, our Annual Report on Form 10-K for the year ended December 31, 2016, and the enclosed proxy card are being first sent or given to shareholders on or about April 13, 2017. The enclosed proxy card is solicited by the Company on behalf of our Board of Directors and will be voted at the Annual Meeting of Shareholders and any adjournments or postponements thereof.

Shareholders as of the close of business on March 31, 2017, the record date, may vote at the Annual Meeting. As of the record date, 110,838,350 shares of common stock were outstanding and entitled to vote. Shareholders have one vote, non-cumulative, for each share of common stock held on the record date, including shares held directly in their name as “shareholder of record” and shares held in an account with a broker, bank or other nominee (shares held in “street name”). Street name holders generally cannot vote their shares directly and must instead instruct the brokerage firm, bank or nominee how to vote their shares.

This solicitation is being made by mail and may also be made in person or by fax, telephone or Internet by the Company's officers, directors or employees. The Company will pay all expenses incurred in this solicitation. The Company will request banks, brokerage houses and other institutions, nominees and fiduciaries to forward the soliciting material to beneficial owners and to obtain authorization for the execution of proxies. The Company will, upon request, reimburse these parties for their reasonable expenses in forwarding proxy materials to beneficial owners.

Proposals for Shareholder Action

The matters proposed for consideration at the meeting are:

• The election of four Class I directors;

• Ratification of the appointment of Cherry Bekaert LLP as our independent registered public accounting firm for the current fiscal year; and

• The transaction of such other business as may come before the meeting or any adjournment or any postponement thereof.

Our Board of Directors recommends that you vote “FOR” the director nominees and the other proposals.

Voting

Shareholders of record may vote:

By Mail — To vote by mail using the enclosed proxy card, shareholders will need to complete, sign and date the proxy card and return it promptly in the envelope provided or mail it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. When the proxy card is properly executed, dated, and timely returned, the shares it represents will be voted in accordance with its instructions.

By Internet — Shareholders may vote over the Internet by going to “www.proxyvote.com.” Shareholders will need to type in the Company Number and the Account Number indicated on the proxy card and follow the instructions.

By Telephone — Shareholders may vote over the telephone by dialing 1-800-690-6903 in the United States or Canada from any touch-tone telephone and following the instructions. Shareholders will need the Company Number and the Account Number indicated on the proxy card.

By Attending the Meeting in Person — Shareholders may vote by attending the meeting in person and voting. Please contact Marianne Barbour at 770-651-9106 or mbarbour@mimedx.com in order to obtain directions to the Annual Meeting.

Internet and telephone voting facilities will close at 11:59 p.m., Eastern Daylight Time, on May 16, 2017.

In addition, a large number of banks and brokerage firms participate in online programs that provide eligible beneficial owners who hold their shares in “street name” rather than as a shareholder of record, with the opportunity to vote over the Internet or by telephone. “Street name” shareholders who elected to access the proxy materials electronically over the Internet through an arrangement with their brokerage firm, bank or other nominee should receive instructions from their brokerage firm, bank or other nominee on how to access the shareholder information and voting instructions. If shareholders hold shares in “street name” and the voting instruction form received from the brokerage firm, bank or other nominee does not reference Internet or telephone information, or if you prefer to vote by mail, please complete and return the paper voting instruction form. In order to vote shares held in “street name” in person at the Annual Meeting, a proxy issued in the owner’s name must be obtained from the record holder (typically your brokerage firm, bank or other nominee) and presented at the Annual Meeting.

Shareholders of record and “street name” shareholders who vote over the Internet or by telephone need not return a proxy card or voting instruction form by mail, but may incur costs, such as usage charges, from telephone companies or Internet service providers, for which the shareholder is responsible.

If no instructions are indicated, your proxy will be voted “FOR” the election of the director nominees and the other proposals.

Other Matters

It is not anticipated that any other matters will be considered at the Annual Meeting. If, however, any other matter properly comes before the Annual Meeting, or any adjournment or postponement thereof, the persons named in the proxy will vote the proxy in accordance with their best judgment on any such matter.

Revocation of Proxies

Each shareholder sending a proxy will have the power to revoke it at any time before it is exercised. The proxy may be changed or revoked before it is exercised by sending a written revocation or a duly executed proxy bearing a later date to us at our principal offices at 1775 West Oak Commons Court, NE, Marietta, Georgia 30062, Attention: Corporate Secretary. The proxy may also be revoked by attending the meeting and voting in person.

Quorum and Vote Required

The presence, in person or by proxy, of a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum at the Annual Meeting and at any adjournments thereof. Abstentions and broker non-votes will be counted for purposes of determining if a quorum is present at the Annual Meeting. If a quorum is not present or represented at the Annual Meeting, the chairman of the meeting or the shareholders holding a majority of the shares of common stock present

in person or represented by proxy, and entitled to vote, have the power to adjourn the meeting from time to time without notice, other than an announcement at the meeting, until a quorum is present or represented. Directors, officers and employees of the Company may solicit proxies for the reconvened meeting in person or by mail, telephone or telegram. At any such reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally scheduled.

The Company has majority voting in uncontested elections of directors, such as this election. Nominees for director shall be elected by a majority of the votes cast by the shares entitled to vote. In the event an incumbent director fails to receive a majority of the votes cast, the director shall promptly tender his or her resignation to the Board of Directors. The Nominating and Corporate Governance Committee of the Board of Directors will make a recommendation to the Board of Directors on whether to accept or reject the resignation, or whether other action should be taken. The Board of Directors, taking into account the recommendation of the Nominating and Corporate Governance Committee, will determine whether to accept or reject such resignation, or what other action should be taken, within 100 days from the date of the certification of election results.

The ratification of Cherry Bekaert LLP as our independent registered public accounting firm shall be approved if the votes cast by the holders of shares represented at the meeting and entitled to vote on the subject matter favoring the action exceed the votes cast opposing the action.

Votes cast in person or by proxy, abstentions and broker non-votes will be tabulated by the inspector of election and will be considered in the determination of whether a quorum is present at the Annual Meeting. The inspector of election will treat shares represented by executed proxies that abstain as shares that are present and entitled to vote for purposes of determining the approval of such matter; however, abstentions will not be counted as votes cast “for” or “against” any proposal and will have no effect on the voting results for any proposal.

Shares held by a broker as nominee (i.e., in “street name”) that are represented by proxies at the Annual Meeting, but that the broker fails to vote on one or more matters as a result of incomplete instructions from a beneficial owner of the shares (“broker non-votes”), will be treated as present for quorum purposes. Broker non-votes are counted for purposes of determining the presence of a quorum; however, they will not be counted as votes cast “for” or “against” any proposal and will have no effect on the voting results for any proposal. The election of directors is not considered a “routine” matter as to which brokers may vote in their discretion on behalf of clients who have not furnished voting instructions with respect to such matters. As a result, if you hold your shares in street name and do not provide your broker with voting instructions, your shares will not be voted at the Annual Meeting with respect to the election of directors. The ratification of Cherry Bekaert LLP as our independent registered public accounting firm is considered a “routine matter,” and therefore, brokers will have the discretion to vote on this matter even if they do not receive voting instructions from the beneficial owner of the shares.

No Appraisal Rights

No appraisal rights are available under Florida law or our articles of incorporation or bylaws if you dissent from or vote against any of the proposals presented for consideration, and we do not plan to independently provide any such right to shareholders.

Board of Directors Leadership Structure

Our Board of Directors has carefully considered the benefits and risks in combining the role of Chairman of the Board of Directors and Chief Executive Officer and has determined that Mr. Petit is the most qualified and appropriate individual to lead our Board of Directors as its Chairman. The Board of Directors believes there are efficiencies to the Company of having the Chief Executive Officer also serve in the role of Chairman of the Board of Directors. As our Chief Executive Officer, Mr. Petit is responsible for the day-to-day operation of the Company and for the implementation of the Company's strategy. Mr. Petit serves as a bridge between management and our Board of Directors, ensuring that both groups act with a common purpose. Our Board of Directors further noted that the combined role of Chairman of the Board of Directors and Chief Executive Officer facilitates centralized leadership in one person so that there is no ambiguity about accountability. Our Board of Directors also considered Mr. Petit's knowledge regarding our operations and the industries and markets in which we compete and his ability to promote communication, to synchronize activities between our Board of Directors and our senior management and to provide consistent leadership to both our Board of Directors and our Company.

In determining whether to combine the roles of Chairman of the Board of Directors and Chief Executive Officer, our Board of Directors closely considered our current system for ensuring significant independent oversight of management, including the following: (1) only two members of our Board of Directors, Mr. Petit, and Mr. Taylor, also serve as employees; (2) each director serving on our Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee is independent and (3) the Compensation Committee annually evaluates the Chief Executive Officer's performance and has the authority to retain independent compensation advisors.

The Board of Directors has not designated a lead independent director.

Stock Ownership Guidelines

Directors. In February 2015, the Nominating and Corporate Governance Committee adopted stock ownership guidelines for the Company's non-employee directors to better align the interests of non-employee directors with shareholders. The guidelines require non-employee directors to own shares of Company stock with a value equal to or greater than three (3) times annual gross cash compensation. Directors holding office as of February 2015 had until May 2016 to achieve compliance with the guidelines. All then serving non-employee directors were in compliance with the guidelines as of that date. Newly elected directors have three (3) years from the date of election to the Board to comply with the ownership guidelines. Shares must be owned directly by the director or his immediate family residing in the same household, held in trust for the benefit of the non-employee director or his immediate family, or

owned by a partnership, limited liability company or other entity to the extent of the Director's interest therein (or interest thereof the Director's immediate family members residing in the same household) provided that the individual has the power to vote or dispose of the shares. Unvested shares of restricted stock and unexercised stock options (vested or unvested) do not count toward satisfaction of the guidelines.

Executive Officers. Effective April 1, 2016, we established stock ownership guidelines for our executive officers to further align their interests with those of our shareholders. See “Compensation Discussion and Analysis – Stock Ownership Guidelines” below for a discussion of these stock ownership guidelines.

Director Independence

The NASDAQ Stock Market rules require that a majority of the members of our Board of Directors be independent, which means that they are not officers or employees of the Company and are free of any relationship that would interfere with the

exercise of their independent judgment. The Board of Directors has determined that Messrs. Hack, Evans, Yeston, Papasan, Dewberry, Bleser and Aguilar qualify as "independent" under the standards of the NASDAQ Stock Market and the rules and regulations of the SEC.

Board of Directors Risk Oversight

The Board as a whole is responsible for overseeing the Company's risk exposure as part of determining a business strategy that generates long-term shareholder value. Each of the Board's standing committees focuses on risk areas associated with its area of responsibility. The Board believes its leadership structure discussed above supports a risk oversight function that enhances a unified leadership through a single person, and allows for effective input from our independent Board members, all of whom are fully engaged in Board deliberations and decisions.

Meetings and Committees of the Board of Directors

During the year ended December 31, 2016, there were twelve meetings of the Board of Directors. Each incumbent director attended more than 75 percent of the aggregate of all meetings of the Board of Directors held while he was a director and any committees on which that director served.

In addition to other single purpose committees established from time to time to assist the Board of Directors with particular tasks, the Company's Board of Directors has the following standing committees: an Audit Committee, a Nominating and Corporate Governance Committee and a Compensation Committee.

We do not have a formal policy, but we strongly encourage each of our directors to attend in person each annual meeting of shareholders whenever attendance does not unreasonably conflict with the director's other business and personal commitments. All of our then-serving directors attended our 2016 Annual Meeting of Shareholders.

Audit Committee and Audit Committee Financial Expert

The Company currently has four members on its Audit Committee: J. Terry Dewberry (Chairman), Joseph G. Bleser, Larry W. Papasan and Charles R. Evans, each of whom satisfies the independence standards of the NASDAQ Stock Market rules for audit committee members. The Board of Directors has determined that Mr. Dewberry is an "audit committee financial expert" within the meaning of Item 407(d)(5)(ii) of Securities and Exchange Commission ("SEC") Regulation S-K. Compensation Committee

The Company complies with the rules of the NASDAQ Stock Market, which require that the Compensation Committee of the Board of Directors be comprised of only members who qualify as “independent” under the criteria set forth in NASDAQ Stock Market rules. Currently, the Compensation Committee consists of Joseph G. Bleser (Chairman), Larry W. Papasan and Neil S. Yeston. The Compensation Committee held seven meetings during the year ended December 31, 2016.

Pursuant to its charter, the Compensation Committee is responsible for establishing the Company’s overall compensation philosophy and programs and exercising the authority of the Board of Directors in the administration of all compensation plans and programs. The Compensation Committee also is charged with reviewing the performance of the Company’s Chief Executive Officer, reviewing and approving, or in the case of executive officers, recommending to the Board, compensation arrangements for and contractual arrangements with the Company’s executive officers, and reviewing and recommending to the full Board of Directors for approval incentive and equity-based compensation plans and directors’ compensation. The Compensation Committee is authorized to delegate responsibilities to sub-committees of the Compensation Committee as necessary or appropriate. The current charter for the Compensation Committee is posted on our website at www.mimedx.com. The Committee establishes compensation for executive officers and directors based on peer data, the Company’s resources and, with respect to executive officers, the qualifications and experience of the executive. With respect to compensation of executive officers other than the Chairman and Chief Executive Officer, the Committee considers recommendations of the Chairman and Chief Executive Officer.

Nominating and Corporate Governance Committee; Procedures by which Security Holders May Recommend Nominees to the Board of Directors

Our Nominating and Corporate Governance Committee currently consists of four independent directors: Larry W. Papasan (Chairman), J. Terry Dewberry, Bruce L. Hack and Luis A. Aguilar. The charter for this Committee requires that it annually present to the Board of Directors a list of individuals who meet the criteria for Board of Directors membership, recommend such individuals for nomination for election to the Board of Directors at the annual meeting of shareholders and also consider suggestions received from shareholders regarding director nominees in accordance with any procedures adopted from time to time by the Nominating and Corporate Governance Committee. All of the Committee members meet the independence requirements of the NASDAQ Stock Market rules for nominating and corporate governance committee members. The current charter for the Nominating and Corporate Governance Committee is posted on our website at www.mimedx.com. The Nominating and Corporate Governance Committee held six meetings during the year ended December 31, 2016.

Evaluation of Director Candidates

In evaluating and recommending director candidates, the Nominating and Corporate Governance Committee takes into consideration such factors as it deems appropriate based on current needs. These factors may include leadership skills, business judgment, relevant expertise and experience, whether the candidate has a general understanding of marketing, finance, and other disciplines relevant to the success of a publicly-traded company in today’s business environment, relevant regulatory experience, decision-making ability, interpersonal skills, community activities and relationships, and the interrelationship between the candidate’s experience and business background and other Board

members' experience and business background, as well as the candidate's ability to devote the required time and effort to serving on the Board of Directors.

To date, nominees for appointment and election to our Board of Directors have been selected pursuant to an informal process. Each person selected has been based upon a recommendation made to the Nominating and Corporate Governance Committee or the Board of Directors (prior to formation of that Committee). The Nominating and Corporate Governance Committee has not established a specific policy for consideration of diversity in its nominating process.

In accordance with our bylaws, the Nominating and Corporate Governance Committee will consider for nomination candidates recommended by shareholders if the shareholders comply with the following requirements. If a shareholder wishes to recommend a director candidate to the Board of Directors for consideration as a nominee to the Board of Directors, such shareholder must submit in writing to the Secretary of the Company:

•The name, age and address of each proposed nominee;

9

- The principal occupation of each proposed nominee;
- The nominee's qualifications to serve as a director;

- The name and residence address of the notifying shareholder;
- The number of shares owned by the notifying shareholder; and
- The nominee's written consent to being named a nominee and serving as a director if elected.

This information must be delivered or mailed to the Secretary of the Company: (a) in the case of an annual meeting of shareholders that is called for a date that is within 30 days before or after the anniversary date of the immediately preceding annual meeting of shareholders, not less than 120 days prior to such anniversary date; and (b) in the case of an annual meeting of shareholders that is called for a date that is not within 30 days before or after the anniversary date of the immediately preceding annual meeting of shareholders, or in the case of a special meeting of shareholders, not later than the close of business on the tenth day following the day on which the notice of meeting is mailed or public disclosure of the date of the meeting is made, whichever occurs first.

A shareholder making any proposal shall also comply with all applicable requirements of the Exchange Act.

Candidates properly submitted for consideration by shareholders will receive the same consideration as candidates presented by other persons. Nominations or proposals not made in accordance herewith may be disregarded by the chairman of the meeting in his discretion, and upon his instructions all votes cast for each such nominee or for such proposal may be disregarded.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION & ANALYSIS

Compensation Committee Charter and NEOs

The Compensation Committee of the Board of Directors (the "Compensation Committee" or the "Committee") of MiMedx Group, Inc. ("MiMedx" or the "Company") operates pursuant to a written charter adopted by the Board of Directors (the "Board"). The charter is posted in the Investors section of the Company's website at www.mimedx.com. The Compensation Committee annually reviews and reassesses the adequacy of its charter. The Compensation Committee is responsible for reviewing and evaluating all compensation and remuneration to those of the executive officers listed in the Summary Compensation Table contained herein and referred to herein as "Named Executive Officers" or "NEOs". For 2016, the Company's Named Executive Officers were Parker H. Petit, Chairman and Chief Executive Officer, William C. Taylor, President and Chief Operating Officer, Michael J. Senken, Company's Chief Financial Officer, and Alexandra O. Haden, General Counsel & Secretary. All components of compensation for the Named Executive Officers are approved and recommended by the Compensation Committee for approval by the Board of Directors.

Philosophy

MiMedx's executive compensation philosophy is based on the belief that competitive compensation is essential to attract and retain highly-qualified executives and motivate them to achieve the Company's operational and financial goals. In line with this philosophy, the Company's practice is to provide total compensation that is competitive with comparable positions within peer organizations. The compensation program is based on individual and organizational performance and includes components that reinforce the Company's motivational and retention-related compensation objectives. The principal components of compensation for MiMedx's Named Executive Officers are: base salary, annual cash incentives and long-term equity incentives. Cash bonuses are included to encourage and reward effective performance relative to the Company's near-term plans and objectives. Equity incentives are included to promote longer-term focus, to help retain key contributors and to align the interests of the Company's executives and shareholders.

We highlight the following aspects of our executive pay program that we believe reflect sound governance and effective program design:

- All compensation decisions affecting Named Executive Officers are made by an independent and active Compensation Committee;
- A pay philosophy that seeks to 1) emphasize variable/at-risk over fixed compensation to better align the Named Executive Officer's financial interest with that of the shareholders, and 2) establish the mix of fixed versus at-risk compensation such that the Named Executive Officers with the greatest impact and influence on the Company's financial, operational and strategic successes have the greater proportion of the compensation at risk;
- A mix of compensation components that seeks to provide both short-term and long-term incentives;
- Thorough compensation benchmarking and analysis of publicly-available compensation data, as well as pay practices and policies of comparable executive positions within appropriate peer group companies in comparison to the Company's Named Executive Officers;
- Short-term incentive opportunities tied to a balanced performance measurement system that includes top line growth (Revenue), and operating income (Adjusted EBITDA) and individual performance metrics;
- Incentive plan features and performance measures that are designed to minimize undue risk taking;
- Compensation Committee considers the impact of tax deductibility when implementing executive compensation programs;
- Change-in-Control agreements that require a "double-trigger" (Change-in-Control plus actual separation) for separation payments; and

Minimal executive perquisites or other enhanced benefits for executives.

Say-on-Pay

In 2016, the Company conducted an advisory vote on the compensation of the Named Executive Officers, where shareholders approved the Company's Named Executive Officer compensation with approximately 95% of the votes cast in favor of the proposal. The Board and Compensation Committee reviewed these final vote results together with the other factors and data discussed in this Compensation Discussion and Analysis and determined that, given the significant level of support of the Company's approach to compensation by its shareholders, no changes to its executive compensation policies and related decisions were necessary. The Company has determined that its shareholders should vote on a Say-on-Pay proposal every three

years, consistent with the recommendation of the Board and the preference expressed by the Company's shareholders in the advisory vote taken at the 2013 Annual Meeting of Shareholders. The next shareholder vote with respect to Say-On-Pay and the frequency of the Say-on-Pay vote will occur at the 2019 Annual Meeting of Shareholders.

Overview of Compensation and Process

The Compensation Committee is responsible for reviewing and recommending all elements of compensation for the Company's Named Executive Officers and reviewing and approving certain elements of compensation for all of the Company's executives.

Generally, base salaries to become effective on April 1st of that year are set for the Named Executive Officers at the regularly-scheduled February or March meetings of the Compensation Committee and the Board. At or around this time, the Compensation Committee also (i) reviews, approves and recommends for approval of the Board an annual cash incentive plan for the Named Executive Officers and other executives for the new fiscal year, (ii) reviews, approves and recommends for approval of the Board the calculated and earned incentives for the Named Executive Officers and other executives for the prior fiscal year's annual incentive plan, (iii) considers, approves and recommends for approval by the Board equity-based awards to the Named Executive Officers, and (iv) considers and approves equity-based awards for all other officers and eligible employees.

In making compensation decisions, the Compensation Committee considers recommendations of Parker H. Petit, Chairman and Chief Executive Officer, and Thornton A. Kuntz, Jr., Senior Vice President, Administration. To assist in setting compensation for Messrs. Petit, Taylor and Senken and Ms. Haden in 2016, Mr. Kuntz conducted a compensation analysis of the practices of 19 peer group companies. The peer group companies were publicly-traded companies in the medical device, pharmaceuticals, biotechnology and life sciences sectors of the healthcare industry. The peer group selection and comparability are determined using, among other things, organizational criteria, revenue, market capitalization, complexity of business, industry sector, earnings growth, science/technology and other proprietary requirements for growth, and product offerings. The compensation for Messrs. Petit, Taylor and Senken was evaluated based on the practices within the 19 peer group companies for the comparable positions of Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, respectively. Within the 19 peer group companies, there was a limited number of reported positions comparable to the General Counsel position; therefore, Ms. Haden's compensation was benchmarked against both the peer group companies as well as published compensation surveys. To assist in setting the compensation for Ms. Haden, survey results for comparable General Counsel positions from the Towers Watson 2015 Pharmaceutical and Health Sciences Executive Compensation Survey and the Culpepper 2015 Executive Compensation Report were evaluated and presented by Mr. Kuntz to the Compensation Committee. The data from the peer group companies for Messrs. Petit, Taylor and Senken and the combined data from the peer group companies and the published compensation surveys for Ms. Haden provided the Company with a compensation "benchmark." The Compensation Committee believes that a benchmark is a point of reference for measurement, but not the sole determining factor for the compensation of the Named Executive Officers.

From time to time as the need arises, the Committee also may retain the advice of an independent consultant and/or commission compensation studies. The Committee did not retain an independent consultant or commission any compensation studies in 2016 to be conducted by an independent consultant. The Compensation Committee considers the recommendation of the Chairman and Chief Executive Officer as crucial in its review and analysis of the compensation for the Named Executive Officers reporting to the Chief Executive Officer. Although compensation survey data are useful guides for comparative purposes, MiMedx believes that a successful compensation program also requires the application of judgment and subjective determinations of individual performance. In that regard, the Compensation Committee applies its judgment in reconciling the program's objectives with the realities of retaining valued employees.

For 2016 compensation decisions, the Compensation Committee utilized the analysis conducted by Mr. Kuntz to benchmark the major components of total executive compensation for Messrs. Petit, Taylor and Senken based on the data from the peer group companies, and for Ms. Haden, based on the data from the peer group companies combined with the above referenced published compensation surveys. The 19 peer group companies selected in the medical device, pharmaceuticals, biotechnology and life sciences sectors of the healthcare industry were those deemed by the Committee, after input from senior management, to be the most comparable to the Company during the period of the compensation analysis. The Compensation Committee annually reviews the composition of the peer group of publicly-traded companies from that used in the prior year's analysis to ensure the most appropriate alignment with the Company's current year's revenue, market capitalization and commercialization stage. To better align the peer group companies with the 2016 revenue, market capitalization and commercialization stage of the Company, the peer group companies were modified for the 2016 compensation analysis. For the reasons stated in the above paragraph, two of the 20 peer group companies utilized for 2015 compensation decisions were removed from the 2016 list (Cyberonics, Inc. and Tornier N.V.) and one new peer group company (LivaNova PLC) was added

to the 2016 list. For the period analyzed, the average, median and 75th percentile trailing 12-month annualized revenues of the 19 peer group companies were \$224 million, \$242 million and \$300 million, respectively. As of February 2016, the average, median and 75th percentile market cap of the 19 peer group companies were \$1,145 million, \$830 million and \$1,530 million, respectively.

The following companies comprise the peer group of the 19 publicly-traded companies in the medical device, pharmaceuticals, biotechnology and life sciences of the healthcare industry that were utilized in the 2016 compensation decisions:

Abiomed, Inc.	Derma Sciences, Inc.	Insulet Corporation
Acorda Therapeutics, Inc.	DexCom, Inc.	Meriden Bioscience, Inc.
Alphatec Holdings, Inc.	Exactech, Inc.	Osiris Therapeutics, Inc.
Athersys, Inc.	Exelixis, Inc.	RTI Surgical, Inc.
Cantell Medical Corp	Genomic Health, Inc.	Wright Medical Group, Inc.
CryoLife, Inc.	Geron Corporation	Xenoport, Inc.
LivaNova PLC		

In order to compete effectively for top executive-level talent, the Compensation Committee targets total direct compensation (base salary, annual cash incentives and long-term equity incentives) for Named Executive Officers between the 50th and 75th percentile of total direct compensation paid to similarly-situated executives of the companies comprising the peer group. Specific elements of compensation are targeted at the percentile of compensation paid to the peer group as set forth below:

Compensation Element	Targeted Percentile
Base Salary	50th to 60th Percentile
Annual Cash Incentives	50th to 60th Percentile
Long-Term Equity Incentives	60th to 75th Percentile

Because the Compensation Committee believes that a significant portion of total executive compensation should be tied to the annual and long-term performance of the Company, the Committee set the benchmarked mix of total direct compensation for the Named Executive Officers to be in the following range expressed as a percentage of total direct compensation:

Named Executive Officer	Parker H. Petit	William C. Taylor	Michael J. Senken	Alexandra O. Haden
Base Salary as a Percentage of Total Direct Compensation	25%	29%	39%	41%
Annual Cash Incentives as a Percentage of Total Direct Compensation	19%	19%	19%	18%
Long-Term Equity Incentives as a Percentage of Total Direct Compensation	56%	52%	42%	41%
Total	100%	100%	100%	100%

The Company's overall success is dependent upon the aggressive pursuit and achievement of the Company's growth, profit, cash flow and strategic goals. The Compensation Committee believes that the Company's compensation philosophy and practices for its Named Executive Officers will continue to serve those goals and, therefore, will continue to consist of a mix of competitive base compensation, annual cash incentives and long-term equity incentives. To the extent that the Named Executive Officer has a greater impact and influence in the Company's financial, operational and strategic successes, a greater proportion of total compensation is at risk.

Base Salary

MiMedx employees, including its Named Executive Officers, are paid a base salary commensurate with the responsibilities of their positions, the skills and experience required for the position, their individual performance, business performance, labor market conditions and with reference to peer company salary levels.

The annual base salary rates in effect at the start of fiscal year 2016 were \$572,500, \$470,000, \$340,000 and \$310,000 for Messrs. Petit, Taylor, and Senken, and Ms. Haden, respectively. On February 25, 2016, the base salaries of Messrs. Petit, Taylor and Senken and Ms. Haden were approved for increase to \$615,000, \$515,000, \$375,000 and \$335,000, respectively, effective April 1, 2016. The amount of increase was based on the compensation of comparable positions within the peer group companies (and in the case of Ms. Haden, published compensation surveys), the executive's experience and expertise, and the executive's contributions to the Company's results. In determining the increases, the Compensation Committee relies on its judgment about each individual rather than applying a stated formula.

In setting annual base salaries for the Named Executive Officers for fiscal year 2016, the Compensation Committee reviewed compensation for comparable positions in the peer group companies. The Committee also took into account the scope of each executive's responsibilities, skills, experience and performance, as well as the overall performance of the Company compared to its peer group and other participants within the industry. With respect to the CEO, the Compensation Committee conducted its annual performance evaluation of Mr. Petit's performance for fiscal year 2015, and concluded that Mr. Petit's 2015 performance was outstanding and the Company's performance under Mr. Petit's leadership was exceptional. In the Committee's performance evaluation of Mr. Petit's 2015 performance, the Compensation Committee acknowledged the vast contributions made by Mr. Petit to the extraordinary achievements of the Company. Under Mr. Petit's leadership, MiMedx realized significant financial accomplishments and milestones during 2015, summarized as follows:

• The Company's 2015 Revenue of \$187.3 million was a 58% increase over 2014 revenue of \$118.2 million.

• During 2015, the Company's quarter-over-quarter growth rate was 108% in the first quarter, 79% in the second quarter, 46% in the third and 31% in the fourth quarter.

• 2015 was the fourth consecutive year of meeting or exceeding guidance.

• Surgical, Sports Medicine and Orthopedics (SSO) revenue grew by more than 85% during 2015 and Wound Care revenue grew by more than 50%.

• The fourth quarter of 2015 marked the 16th consecutive quarter of positive Adjusted EBITDA and the sixth consecutive quarter of operating profit.

• 2015 Adjusted EBITDA of \$44 million was a 113% improvement over 2014.

Cash Incentives

Annual cash bonuses for the Named Executive Officers and other executives are determined under the Company's Management Incentive Plan (the "MIP"), which is an annual cash incentive plan that is designed to incentivize and reward achievement of the current year's financial and operational goals.

Each of the Named Executive Officers and other executives who report directly to the Chairman and Chief Executive Officer or President and Chief Operating Officer are eligible to participate in the MIP ("MIP Participants"), with a targeted base bonus equal to a specified percentage of his/her base salary.

Payment of bonuses under the MIP is contingent on the achievement of annual performance measures specific to each fiscal year. In the first quarter of each fiscal year, the Compensation Committee approves and recommends to the full Board the MIP criteria for targeted incentive amounts, eligibility, performance measures and calculation formula of earned incentives.

2016 MIP

On February 22, 2016, the Board, upon approval and recommendation of the Compensation Committee, approved the terms for the 2016 Management Incentive Plan (the "2016 MIP") which provided for payment of cash bonuses to management personnel who meet the eligibility criteria, including all of the Named Executive Officers. At that time, the Compensation Committee recommended and the Board approved an increase in the target base bonus, expressed as a percentage of annual base salary for Mr. Petit from 65% to 75%, for Mr. Taylor from 60% to 65%, and for Ms. Haden from 35% to 45%. The target base bonuses for the 2016 MIP expressed as a percentage of annual base salary for the Named Executive Officers is as follows:

Named Executive Officer	Parker H. Petit	William C. Taylor	Michael J. Senken	Alexandra O. Haden
Base Bonus Expressed as a Percentage of Annual Base Salary	75%	65%	50%	45%

Bonuses were to be earned under the 2016 MIP based on the Company's 2016 revenue performance, the Company's Adjusted EBITDA performance and attainment of individual objectives. Seventy-five percent (75%) of the base bonus was based on the Company's 2016 revenue performance, 10% was based on 2016 Adjusted EBITDA performance, and 15% was based on the achievement of individual goals and objectives. Under the 2016 MIP, the portion of the base bonus that was based on the Company's 2016 revenue and the Company's 2016 Adjusted EBITDA was earned on a sliding scale established by the Board for each component. Provided that the Board-established minimum threshold for 2016 Adjusted EBITDA was achieved, the sliding scale of incentive payout for the Adjusted EBITDA component of the 2016 MIP ranged from 10% to 100% of target incentive for that component, depending on the Company's actual 2016 Adjusted EBITDA achieved. Provided that the Board-established minimum thresholds for 2016 Adjusted EBITDA and 2016 revenue were both achieved, the sliding scale of incentive payout for the revenue component of the MIP ranged from 15% to 100% of the target incentive for that component, depending on the Company's actual 2016 revenue achieved. Provided that the Board-established minimum threshold for 2016 Adjusted EBITDA was achieved, the participant was entitled to a portion or the entire base bonus allocated to the individual objectives component. If the Board-established minimum threshold for Adjusted EBITDA was met or exceeded and the Company's 2016 revenue exceeded the Board-established revenue target, MIP Participants were eligible for an excess bonus. The excess bonus could be earned based on a Board-established sliding scale of 2016 revenue that exceeded the 2016 revenue target. The total maximum bonus (including the excess bonus) eligible to be earned was limited to two times the amount of the MIP Participant's base bonus. This maximum bonus could only be achieved if the Adjusted EBITDA target was met or exceeded, all individual objectives were fully achieved and the actual 2016 revenue met or exceeded a maximum payout level established by the Board.

The Adjusted EBITDA target ("Adjusted EBITDA Target") was set based on the Company's 2016 operating budget approved by the Board of Directors in December 2015. The Compensation Committee believes that an important aspect of the MIP is that it is "self-funding," in that a minimum level of performance against the targets must be achieved in order for any bonus payments to be made. Therefore, the achievement of a threshold level of Adjusted EBITDA performance ("Adjusted EBITDA Threshold") was a condition to any payment based on Adjusted EBITDA or revenue. This threshold was established by the Board as \$53.5 million before bonus expenses, and the Company's actual 2016 Adjusted EBITDA was \$45.3 million before bonus expenses. As such, no bonuses were paid to any NEOs under the 2016 MIP.

Long-Term Equity Incentives

The Company's stock option and restricted stock awards were administered through the Company's shareholder approved Assumed 2006 Stock Incentive Plan ("2006 Plan") until May 18, 2016 when the Company's 2016 Equity and Cash Incentive Plan (the "2016 Plan," and together with the 2006 Plan, the "Stock Incentive Plans"), was approved by shareholders. Beginning May 18, 2016, all equity incentive awards have been, and all future awards will be, granted only under the 2016 Plan.

Key features of the 2016 Plan include:

- All stock options, stock appreciation rights and other purchase rights must have an exercise price that is not less than the fair market value of the underlying stock on the grant date.
- Shares of common stock not issued as the result of a net settlement of an award, or tendered or withheld to pay the exercise price, purchase price or withholding taxes relating to an award, shall not again be made available for issuance as Awards under the 2016 Plan.
-

Options, SARs and other stock-based awards in the nature of purchase rights granted under the 2016 Plan are subject to a one-year minimum vesting period, subject to certain exceptions for the participant's death or Disability (as defined in the 2016 Plan) or in connection with a Change in Control (as defined in the 2016 Plan), provided that up to 5% of the shares authorized for issuance under the 2016 Plan may provide for vesting of options, SARs and other stock-based awards in the nature of purchase rights in less than one year.

The Compensation Committee may not accelerate the vesting of awards other than in the event of the participant's death or Disability or in connection with a Change in Control.

The 2016 Plan does not include any reload or "evergreen" share replenishment features.

Except in connection with an equitable adjustment or a Change in Control, the 2016 Plan prohibits the repricing of outstanding stock options, stock appreciation rights and other stock-based awards in the nature of purchase rights,

whether by amending an existing award or by substituting a new award at a lower price. The 2016 Plan also prohibits the payment of cash, awards or other securities in exchange for out-of-the-money awards.

Awards granted under the 2016 Plan are subject to the Company's Compensation Recoupment Policy (which is described below under "Recoupment of Compensation").

Notwithstanding any other provision of the 2016 Plan or any agreement to the contrary, no participant may sell, transfer or otherwise dispose of any shares of common stock acquired under an award ("net" shares acquired in case of any net exercise or withholding of shares) until the participant has met the minimum level of ownership provided in the Company's Stock Ownership Guidelines (which is described below under "Stock Ownership Guidelines"), to the extent applicable to the participant.

There is no liberal Change in Control definition in the 2016 Plan. A Change in Control does not occur on announcement or commencement of a tender offer, a potential takeover or shareholder approval of a merger or other transaction.

Material amendments to the 2016 Plan require shareholder approval.

The 2016 Plan is administered by the Company's Compensation Committee, which is comprised entirely of independent directors.

No dividends or dividend equivalents may be granted in connection with options, SARs or other stock-based awards in the nature of purchase rights. No dividends or dividend equivalents may be paid in connection with a performance-based award unless and until the underlying performance conditions are achieved, and any such dividends or dividend equivalents will accumulate (without interest) and become payable only at the time and to the extent the applicable award becomes payable or nonforfeitable.

The Stock Incentive Plans are designed to align the interests of the Company's Named Executive Officers and other MiMedx officers, members of management and key employees with the interests of the Company's shareholders, and serve as a key retention tool. Stock options and restricted stock vest over a period of time. The Committee believes that a vesting period is a positive motivator for the Company's officers, management and key employees to focus their strategy and efforts on the Company's long-term goals. Working toward the long term growth of the price of the Company's stock produces the ultimate financial gain for the executives' equity awards and increase in value for the Company's shareholders.

Historically, the Company's long-term incentive grants consisted only of stock options. The Committee continues to believe that options are an appropriate method of rewarding and incentivizing long-term performance. Beginning in October 2012, however, the Committee adopted the strategy of granting restricted stock in lieu of or in combination with stock option grants in certain instances where the Compensation Committee believes that a restricted stock grant is a more efficient way to reward and motivate superior performance. The Compensation Committee recognizes that stock options are an effective form of equity compensation that motivates the Named Executive Officers and other executives to rigorously pursue the long term strategic goals of the Company. This alignment occurs because stock options only have value when the Company's stock price increases over time. The Compensation Committee also believes that restricted stock awards are an effective form of equity compensation because they are a strong retention tool for Named Executive Officers and other key executives. Restricted stock awards increase in value as the Company's stock price increases over time, but they also continue to have value in the event of a stock price decline. Thus, unlike stock options, restricted stock does not lose its retention value in the event of a decline in stock price. Additionally, the Compensation Committee recognizes that restricted stock awards are becoming an increasingly prevalent tool in the incentive compensation reported by the peer group of publicly-traded companies. The Compensation Committee and management consider the circumstances of each equity grant and determine whether granting stock options exclusively, restricted stock in lieu of stock options, or restricted stock in combination with stock options is most likely to achieve the Company's motivational, retention and/or recruiting objectives.

Based on the peer group competitive data, the Committee has established a target annual long-term incentive value as a guide by which to measure the appropriate and competitive value of the annual equity grant approved for each Named Executive Officer. The target is derived from the compensation analysis of the peer group of publicly-traded

companies and is expressed as a percentage of the Named Executive Officer's annual base salary.

All awards of stock options and/or restricted stock to Named Executive Officers were approved by the Compensation Committee for recommendation to the full Board for approval. All awards of stock options and/or restricted stock to all other eligible participants in the Stock Incentive Plans were determined and approved by the Compensation Committee.

In determining the approved level of equity grants, the Compensation Committee considers the individual's target annual long term incentive value, the Company's overall option "overhang," the employee's level of responsibility and performance, prior equity awards, comparative compensation information and the anticipated expense to the Company.

In 2016, all awards of stock options and restricted stock were dated and priced as follows:

17

All awards of stock options and awards of restricted stock to current employees were granted and priced as of the close of the business day on which the Committee approved the grant.

All awards of stock options and awards of restricted stock granted to newly-hired employees were granted and priced as of the later of the business day on which the Committee approved such grants or the date of employment.

Vesting of awards under the Stock Incentive Plans is established by the Committee at the time of the grant. To optimize the retention value of the awards and to orient recipients to the achievement of longer-term goals, objectives and success, awards typically vest in three equal installments on the first, second and third anniversaries of the Grant Date.

Historically, the Company has made an annual grant of stock options and/or restricted stock awards to a broad group of its management employees, including the Named Executive Officers, in February or March of each year. It is the Compensation Committee's intention to continue the practice of granting annual awards at the time of the Compensation Committee's February or March meeting. In addition to the Company's annual grant to Named Executive Officers and certain other management, professional and key employees, the Company made additional equity grants throughout the year to certain management, professional and other key employees to reward specific performance, in connection with promotions or other achievements and to address specific retention concerns, and to certain newly hired employees to attract management, professional and other key employee talent to join the Company.

In 2016, all equity-based awards were issued under plans previously approved by the Company's shareholders.

2016 Restricted Stock Grants to Named Executive Officers

Although the Compensation Committee's philosophy is to benchmark long-term equity incentive awards at the 60th to 75th percentile of awards to similarly-situated executives of companies in the peer group, because of the impact on the shares available for issuance under the Company's long-term incentive plans and the expense that would be associated with grants at that level, the actual level of the equity awards to the Named Executive Officers in the February 2016 annual grant was not determined based on the Company exceeding its performance expectations, but rather was limited to be less than or equal to the benchmark target grant value.

Utilizing the data from the peer group of publicly-traded companies in the medical devices, pharmaceutical, biotechnology and life sciences sector of the healthcare industry, and relying on the Compensation Committee's judgment rather than a formulaic approach, the 2016 grants for Named Executive Officers were determined. On February 22, 2016, each of Messrs. Petit, Taylor, Senken and Ms. Haden were granted 134,000; 85,000; 40,000; and 33,000 shares of restricted stock, respectively. All restricted shares vest in equal amounts over three years from the date of the grant.

Looking Forward: 2017 Compensation Decisions

Base Salary

On February 22, 2017, the base salaries of Messrs. Petit, Taylor and Senken and Ms. Haden were approved for increase to \$650,000, \$545,000, \$415,000 and \$402,000, respectively, effective April 1, 2017.

Prior to the determination of the above 2017 base salary increases, the Compensation Committee conducted its annual review of the composition of the peer group of publicly-traded companies to ensure the most appropriate alignment with the Company's current year's revenue, market capitalization and commercialization stage. To better align the peer group companies with the 2017 revenue, market capitalization and commercialization stage of the Company, the peer

group companies were modified and expanded to include 29 companies in the medical device, pharmaceuticals, biotechnology and life sciences sectors of the healthcare industry. For the period analyzed, the average, median and 75th percentile trailing 12-month annualized revenues of the 29 peer group companies were \$285 million, \$238 million and \$408 million, respectively. As of February 2017, the average, median and 75th percentile market cap of the 29 peer group companies were \$1,981 million, \$922 million and \$2,430 million, respectively. The following companies comprise the 29 peer group companies:

AMAG Pharmaceuticals, Inc.	OPKO Health, Inc.	Alphatec Holdings, Inc.
Array BioPharma, Inc.	Seattle Genics, Inc.	Athersys, Inc.
Halozyne Therapeutics, Inc.	Spectrum Pharmaceuticals, Inc.	CryoLife, Inc.

Momenta Pharmaceuticals, Inc.	Acorda Therapeutics, Inc.	

Long Term Equity Incentive Awards

As discussed above, the Compensation Committee has adopted the strategy of granting restricted stock in lieu of or in combination with stock option grants for purposes of long-term equity incentive awards. For 2017, the annual long-term equity incentive grants to Named Executive Officers were made entirely in the form of restricted stock awards vesting over three years from the date of the grant. On February 22, 2017, each of Messrs. Petit, Taylor, Senken and Ms. Haden were granted 240,000, 150,000, 80,000, and 70,000 shares of restricted stock, respectively.

Management Incentive Plan

Upon approval and recommendation of the Compensation Committee, the Board approved the terms for the 2017 Management Incentive Plan (the "2017 MIP") which provides for payment of cash bonuses to management personnel who meet the eligibility criteria, including all of the Named Executive Officers. The portion of the 2017 MIP applicable to Covered Employees (as defined by Section 162(m) of the Internal Revenue Code) was approved by the Compensation Committee and the Board pursuant to, and constitutes awards granted under, the Company's 2016 Equity and Cash Incentive Plan. The 2017 MIP provides for target base bonuses that are expressed as a percentage of each participant's 2017 annual base compensation. The target base bonus as a percentage of base salary for the Chairman and Chief Executive Officer, the President and Chief Operating Officer, the Chief Financial Officer and the General Counsel is 75%, 65%, 50% and 45%, respectively. Bonuses are to be earned under the 2017 MIP based on the Company's 2017 revenue performance and the Company's Adjusted EBITDA performance. Seventy-five percent of the base bonus is based on the Company's 2017 revenue performance, and 25% is based on 2017 Adjusted EBITDA performance. Under the 2017 MIP, the portion of the base bonus that is based on the Company's 2017 revenue and the Company's 2017 Adjusted EBITDA is earned on a sliding scale established by the Compensation Committee and the Board for each component. Provided that the established minimum threshold for 2017 Adjusted EBITDA is achieved, the sliding scale of incentive payout for the Adjusted EBITDA component of the 2017 MIP ranges from 10% to 100% of target incentive for that component, depending on the Company's actual 2017 Adjusted EBITDA achieved. Provided that the established minimum threshold for 2017 revenue is achieved, the sliding scale of incentive payout for the revenue component of the MIP ranges from 15% to 100% of the target incentive for that component, depending on the Company's actual 2017 revenue achieved. If the Company's 2017 revenue exceeds the established revenue target, MIP Participants are eligible for an excess bonus. The excess bonus is earned based on an established sliding scale of 2017 revenue that exceeds the 2017 revenue target. The total maximum bonus (including the excess bonus) eligible to be earned is limited to two times the amount of the MIP Participant's base bonus. This maximum bonus can only be achieved if the Adjusted EBITDA target is met or exceeded, and the actual 2017 revenue meets or exceeds the maximum revenue payout level established by the Compensation Committee and the Board. The revenue target and Adjusted EBITDA target for the 2017 MIP was set based on the Company's financial expectations for 2017 and was approved by the Compensation Committee and the Board of Directors.

Perquisites

The Company does not provide executive officers with perquisites and other personal benefits beyond the Company benefits offered to similarly situated employees.

Stock Ownership Guidelines

Effective April 1, 2016, the Company's Board of Directors adopted stock ownership guidelines for the Named Executive Officers. Under the guidelines, the Chief Executive Officer is required to own shares of the Company's common stock (including unvested time-based restricted stock) equal to at least 3 times annual base salary; the President and COO is required

to own shares of the Company's common stock (including unvested time-based restricted stock) equal to at least 2.5 times annual base salary; the CFO is required to own shares of the Company's common stock (including unvested time-based restricted stock) equal to at least 2 times annual base salary; and the General Counsel is required to own shares of the Company's common stock (including unvested time-based restricted stock) equal to at least 1.5 times annual base salary. Until such time as the Executive reaches his or her applicable threshold and subject to certain exceptions, the Named Executive Officers are required to hold 100% of the shares of common stock awarded to him/her from MiMedx or received upon vesting of restricted stock and upon exercise of stock options (net of any shares utilized to pay for tax withholding and any exercise price).

Recoupment of Compensation

Our Board of Directors adopted a recoupment (clawback) policy, effective April 1, 2016, covering executive officers of the Company. The policy provides that if the Company is required to restate its financial results due to material noncompliance with financial reporting requirements under the securities laws, the Compensation Committee may seek reimbursement of any cash or equity-based bonus or other incentive compensation paid or awarded to the officer or effect cancellation of previously granted equity awards to the extent the bonus or incentive compensation was based on erroneous financial data and was in excess of what would have been paid to the officer under the restatement.

Anti-Hedging and Pledging

Subject to exceptions granted in the sole discretion of the General Counsel in limited circumstances, our insider trading policy prohibits executive officers from engaging in hedging transactions, short sales, transactions in publicly-traded options, and pledging our common stock.

Employment Agreements

The Company's philosophy is to enter into employment agreements with Named Executive Officers when necessary and appropriate based upon the particular facts and circumstances involved in the individual employment relationship. Currently, the Company does not have any employment agreements with any of the Named Executive Officers; however, as described in more detail below, the Company has entered into change in control severance agreements with the four Named Executive Officers. If in the future, employment agreements are entered into between a Named Executive Officer and the Company, the Compensation Committee will be responsible for the review and recommendation of approval to the full Board of the terms and conditions of any such employment agreements.

Retirement and Other Benefits

Savings Plan

The 401(k) savings plan is a broad-based tax-qualified retirement savings plan to which all employees, including the Named Executive Officers, may contribute an amount equal to the limit prescribed by the Internal Revenue Service on a before-tax basis. In 2016, the Company did not provide for a matching contribution. The Company intends to institute a matching contribution at a later date. The future effective date and the formula for matching of the participant's voluntary salary contributions have not yet been determined.

Benefits upon a Change in Control

Upon recommendation of the Compensation Committee and approval of the Board of Directors, the Company has entered into change-in-control severance agreements with each of the NEOs to provide for severance compensation should their employment be terminated under certain defined circumstances. The Company believes that the severance arrangements are key components to a competitive compensation package and, as modified, are in line with that of

companies in the peer group. In addition, the Company believes that the change-in-control severance arrangements will help the Company retain its executive leadership in the event of a possible change in control and should such change in control occur, will help retain executive talent for the new organization.

The agreements provide for compensation to the executive in the event the executive's employment with the Company is terminated following the consummation of a "change-in-control" for reasons other than the executive's death, disability or for "Cause" (as defined in the respective agreements), or if the executive voluntarily terminates employment for "Good Reason" (as defined in the respective agreements). The compensation payable under the agreements is a lump sum severance payment equal to a multiple of the executive's annual base salary and targeted base bonus as of the date of the change-in-

control. The multiple applicable to Mr. Petit is three times his base salary and targeted base bonus. The multiple applicable to Mr. Taylor is two times his base salary and targeted base bonus; the multiple applicable to Mr. Senken is one and one-half times his base salary and targeted base bonus; and the multiple applicable to Ms. Haden is one times her base salary and targeted base bonus. In addition, following termination of employment, the executives are entitled to receive for a period of three years in the case of Mr. Petit, two years in the case of Mr. Taylor, 18 months in the case of Mr. Senken and 12 months in the case of Ms. Haden, health insurance coverage (subject to a COBRA election), life insurance and certain other fringe benefits equivalent to those in effect at the date of termination. Further, Messrs. Petit, Taylor and Senken will be entitled to receive additional amounts, if any, relating to any excise taxes imposed on the executive as a result of Section 280G of the Code. The agreements require the executive to comply with certain covenants that preclude the executive from competing with the Company or soliciting customers or employees of the Company for a period following termination of employment equal to the period for which fringe benefits are continued under the applicable agreement. The agreements expire three years after a change in control of the Company or any successor to the Company.

The change-in-control severance agreements with Mr. Petit, Mr. Taylor and Mr. Senken and Ms. Haden do not influence the vesting status of outstanding stock options and restricted stock under the Stock Incentive Plans. However, under the terms of the 2006 Plan, in the event of a Change in Control as defined in the 2006 Plan, all awards automatically vest and become immediately exercisable in full. The Compensation Committee has discretion whether to provide that awards granted under the 2016 Plan will vest upon a Change in Control. Thus far, the Committee has exercised such discretion and provided for full vesting upon a Change in Control for all awards granted under the 2016 Plan to NEOs to date.

A calculation of the potential post-employment payments due to the specified Named Executive Officers under the agreements discussed above assuming the triggering event for the payments occurred on the last business day of the year ended December 31, 2016, is set forth below under the heading "Potential Payments Upon Termination or Change In Control."

Compensation Risk Assessment

On an ongoing basis, the Compensation Committee considers the risks inherent in the Company's compensation programs. The Compensation Committee does not believe that our compensation policies and practices encourage excessive and unnecessary risk-taking, and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on the Company. The design of our compensation policies and practices encourages our employees to remain focused on both our short and long-term goals.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits to \$1 million the tax deductions a public company can take for compensation paid to each of the Company's Named Executive Officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. The Committee considers the impact of this exclusion when developing and implementing our executive compensation programs, and strives to link executive compensation programs to the financial performance of the Company such that they will not be subject to the limitations of Section 162(m). The Committee reserves the right, however, to use its judgment to authorize compensation payments that would trigger non-deductibility under Section 162(m) when the Committee believes such payments are appropriate and in the best interests of the Company's shareholders.

Sections 280G and 4999 of the Internal Revenue Code impose an excise tax on certain payments to executives made in conjunction with a change in control and make such payments non-deductible to the Company. The effects of Sections 280G and 4999 generally are unpredictable and can have widely divergent and unexpected effects based on an executive's personal compensation history. To ensure that Mr. Petit, Mr. Taylor and Mr. Senken receive the levels

of compensation and benefits that the Company intends, the Compensation Committee and the Board of Directors determined that it would be appropriate to pay the cost of any excise tax imposed under Sections 280G and 4999, in the event that such provisions become applicable, plus an amount needed to pay income taxes on such additional payments. Mr. Petit's, Mr. Taylor's and Mr. Senken's respective change in control severance agreements provide for such a gross-up payment. The Compensation Committee and the Board of Directors believe these gross-up payments, in the event that such payments would be applicable, are consistent with the Compensation Committee's philosophy of providing its Named Executive Officers with compensation that is competitive with the market's practices and requirements.

COMPENSATION COMMITTEE REPORT

Narrative to Summary Compensation Table

The Company does not have employment agreements with any of its Named Executive Officers. In addition to receiving a base salary as established by the Compensation Committee of the Board, each of the Company's Named Executive Officers is entitled to participate in the Company's Management Incentive Plan ("MIP"), with a targeted bonus equal to a specified percentage of his or her base salary. Payment of bonuses under the MIP is contingent on certain performance measures as established by the Compensation Committee on an annual basis. Each of the Named Executive Officers also is eligible for equity incentive awards as may be granted by the Compensation Committee or the Board in their sole discretion. For a description of the amount of salary and bonus compensation in proportion to total compensation, see "Compensation Discussion and Analysis-Overview of Compensation and Process."

The Company also has entered into Change in Control Severance Agreements with Messrs. Petit, Taylor and Senken and Ms. Haden. For a description of the benefits payable under these agreements, see "Potential Payments Upon Termination or Change in Control."

For Non-Equity Incentive Plan Awards, these columns show the range of possible cash payouts that could have been earned by each of the Named Executive Officers under the 2016 Management Incentive Plan. "Threshold" represents the lowest possible payout if there is a payout and "Maximum" reflects the highest possible payout. No bonuses were earned or paid to NEOs under the 2016 Management Incentive Plan.

Amounts shown do not reflect compensation actually received by the executive officer. Instead, the amounts shown reflect the grant date fair market values of the awards computed in accordance with FAS ASC Topic 718-

(4) "Compensation-Stock compensation." For stock options, fair value is calculated using the Black-Scholes value on the grant date. The assumptions made in the valuation of the Company's option awards are disclosed in Note 11 to the Company's consolidated financial statements contained in its Annual Report on Form 10-K for the year ended

December 31, 2016. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The actual amount of compensation that may be earned by the executive officer will depend on the extent to which the awards vest and the price of the Company's common stock at the time of exercise or vesting.

Potential Payments upon Termination or Change in Control

The Company has entered into change-in-control severance agreements with Messrs. Petit, Taylor, Senken and Ms. Haden. The agreements provide for compensation to the executive in the event the executive's employment with the Company is terminated following the consummation of a "change-in-control" for reasons other than the executive's death, disability or for "Cause" (as defined in the respective agreements), or if the executive voluntarily terminates employment for "Good Reason" (as defined in the respective agreements). The compensation payable under the agreements is a lump sum severance payment equal to a multiple of the executive's annual base salary and targeted base bonus as of the date of the change-in-control. The multiples are three, two, one and a half, and one for Mr. Petit, Mr. Taylor, Mr. Senken and Ms. Haden, respectively. In addition, following termination of employment, these executives are entitled to receive for a period of three years in the case of Mr. Petit, two years in the case of Mr. Taylor, 18 months in the case of Mr. Senken and 12 months in the case of Ms. Haden, life, health insurance coverage (subject to a COBRA election), and certain other fringe benefits equivalent to those in effect at the date of termination. Further, Messrs. Petit, Taylor and Senken will be entitled to receive additional amounts, if any, relating to any excise taxes imposed on the executive as a result of Section 280G of the Code. The agreements require the executive to comply with certain covenants that preclude the executive from competing with the Company or soliciting customers or employees of the Company for a period following termination of employment equal to the period for which fringe benefits are continued under the applicable agreement. The agreements expire three years after

a change in control of the Company or any successor to the Company.

27

Upon a “change in control,” as defined in the 2006 Stock Incentive Plan and subject to any requirements of Section 409A of the Internal Revenue Code of 1986, as amended (the “Code”), all outstanding awards vest and become exercisable. The Compensation Committee has discretion whether to provide that awards granted under the 2016 Equity and Cash Incentive Plan will vest upon a "change in control". Thus far, the Committee has exercised such discretion and provided for full vesting upon a change in control for all awards granted under the 2016 Plan to NEOs to date.

The following table sets forth in tabular form estimates of the potential post-employment payments due to the Named Executive Officers under the agreements discussed above, the 2006 Stock Incentive Plan and the 2016 Equity and Cash Incentive Plan, assuming the triggering event for the payments occurred on the last business day of the last fiscal year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Approval of Related Party Transactions

Under its charter, the Audit Committee is responsible for reviewing and approving all transactions or arrangements between the Company and any of its directors, officers, or principal shareholders and any of their respective affiliates, associates or related parties. In determining whether to approve or ratify a related party transaction, the Audit Committee considers all relevant facts and circumstances available to it, such as:

• Whether the terms of the transaction are fair to the Company and at least as favorable to the Company as would apply if the transaction did not involve a related party;

• Whether there are demonstrable business reasons for the Company to enter into the transaction;

• Whether the transaction would impair the independence of an outside director; and

• Whether the transaction would present an improper conflict of interest for any director or executive officer, taking into account the size of the transaction, the direct or indirect nature of the related party's interest in the transaction and the ongoing nature of any proposed relationship, and any other factors the Audit Committee deems relevant.

If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.
