NOTE 1 – BASIS OF PRESENTATION

Preparation of Interim Financial Statements

All references in this Quarterly Report on Form 10-Q to the "Company," "we," "us" and "our" refer to iHeartCommunications, Inc. and its consolidated subsidiaries. The Company's reportable segments are iHeartMedia ("iHM"), Americas outdoor advertising ("Americas outdoor" or "Americas outdoor advertising") and International outdoor advertising ("International outdoor" or "International outdoor advertising").

The accompanying consolidated financial statements were prepared by the Company pursuant to the rules and regulations of the SEC and, in the opinion of management, include all normal and recurring adjustments necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles ("GAAP") have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods may not be indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's 2015 Annual Report on Form 10-K.

We are a holding company and have no significant assets other than the ownership interests in our subsidiaries. All of our operations and all of our operating assets are held by our subsidiaries. Certain of our outstanding indebtedness is fully and unconditionally guaranteed on a joint and several basis by our parent, iHeartMedia Capital I, LLC ("Capital I"), and certain of our direct and indirect wholly-owned domestic subsidiaries. Not all of our subsidiaries guarantee our obligations under such outstanding indebtedness. For a presentation of the allocation of assets, liabilities, equity, revenues and expenses attributable to the guarantors of our indebtedness in conformity with the SEC's Regulation S-X Rule 3-10(d), please refer to Note 10 to the consolidated financial statements of Capital I as of and for the period ending March 31, 2016.

The consolidated financial statements include the accounts of the Company and its subsidiaries. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20% to 50% of the voting common stock or otherwise exercises significant influence over operating and financial policies of the company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process. Certain prior-period amounts have been reclassified to conform to the 2016 presentation.

Edgar Filing: iHeartCommunications, Inc. - Form 10-Q

During the first quarter of 2016, the Company reevaluated its segment reporting and determined that its iHeartMedia Revenue Platform (iHMRP) business, an information technology group dedicated to system development, implementation and maintenance of the Company's radio revenue platforms, should be managed by its Corporate leadership team. As a result, the operations of the iHMRP business are no longer reflected within the Other segment and are included in the results of its Corporate segment. Accordingly, the Company has recast the corresponding prior year segment disclosures to reflect the current year presentation.

The Company is a Texas corporation with all of its common stock being held by Capital I. All of Capital I's interests are held by iHeartMedia Capital II, LLC, a direct, wholly-owned subsidiary of iHeartMedia, Inc. ("Parent"). Parent was formed in May 2007 by private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the "Sponsors") for the purpose of acquiring the business of the Company.

Omission of Per Share Information

Net loss per share information is not presented as Capital I owns 100% of the Company's common stock. The Company does not have any publicly traded common stock.

New Accounting Pronouncements

During the first quarter of 2015, the FASB issued ASU No. 2015-02, *Consolidation (Topic 810), Amendments to the Consolidation Analysis.* This new standard eliminates the deferral of FAS 167, which has allowed entities with interest in certain investment funds to follow the previous consolidation guidance in FIN 46(R) and makes other changes to both the variable interest model and the voting model. The standard is effective for annual periods, and for interim periods within those annual periods, beginning after December 15, 2015. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the second quarter of 2015, the FASB issued ASU No. 2015-03, *Interest-Imputation of Interest (Subtopic 835-30): Simplifying*

iHeartCommunications, Inc. AND SUBSIDIARIES

(UNAUDITED)

the Presentation of Debt Issuance Costs. This update simplifies the presentation of debt issuance costs as a deduction from the carrying value of the outstanding debt balance rather than showing the debt issuance costs as an asset. The standard is effective for annual periods, and for interim periods within those annual periods, beginning after December 15, 2015. The retrospective adoption of this guidance resulted in the reclassification of debt issuance costs of \$140.0 million and \$148.0 million as of March 31, 2016 and December 31, 2015, respectively, which are now reflected as "Long-term debt fees" in Note 3.

During the third quarter of 2015, the FASB issued ASU 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date.* This update provides a one-year deferral of the effective date for ASU No. 2014-09, *Revenue from Contracts with Customers.* ASU No. 2014-09 provides guidance for the recognition, measurement and disclosure of revenue resulting from contracts with customers and will supersede virtually all of the current revenue recognition guidance under U.S. GAAP. The standard is effective for the first interim period within annual reporting periods beginning after December 15, 2017. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

During the third quarter of 2015, the FASB issued ASU No. 2015-16, *Business Combinations (Topic 805): Simplifying the Accounting for Measurement-Period Adjustments.* This update eliminates the requirement for an acquirer in a business combination to account for measurement-period adjustments retrospectively. Instead, acquirers must recognize measurement-period adjustments during the period in which they determine the amounts, including the effect on earnings of any amounts they would have recorded in previous periods if the accounting had been completed at the acquisition date. The standard is effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the first quarter of 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The new leasing standard presents significant changes to the balance sheets of lessees. Lessor accounting is updated to align with certain changes in the lessee model and the new revenue recognition standard which was issued in the third quarter of 2015. The standard is effective for annual periods, and for interim periods within those annual periods, beginning after December 15, 2018. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

NOTE 2 - PROPERTY, PLANT AND EQUIPMENT, INTANGIBLE ASSETS AND GOODWILL

Dispositions

On January 15, 2016, Parent and certain of the Company's subsidiaries completed the final closing for the sale of six of the Company's broadcast communication tower sites and related assets for approximately \$5.5 million. Simultaneous with the sale, the Company entered into lease agreements for the continued use of space on all six of the towers sold. The Company realized a net gain of \$2.7 million, of which \$1.9 million was deferred and will be recognized over the lease term.

During the first quarter of 2016, Americas outdoor sold nine non-strategic outdoor markets including Cleveland and Columbus, Ohio, Des Moines, Iowa, Ft. Smith, Arkansas, Memphis, Tennessee, Portland, Oregon, Reno, Nevada, Seattle, Washington and Wichita, Kansas for net proceeds, which included cash and certain advertising assets in Florida, totaling \$596.6 million. The Company recognized a net gain of \$281.7 million related to the sale, which is included within Other operating income (expense), net.

During the first quarter of 2016, Americas outdoor also entered into an agreement to sell its Indianapolis, Indiana market in exchange for certain assets in Atlanta, Georgia, plus approximately \$41.2 million in cash. The transaction is subject to regulatory approval and is expected to close in 2016. This transaction has met the criteria to be classified as held-for-sale and as such, the related assets are separately presented on the face of the Consolidated Balance Sheet.

The Company's indefinite-lived intangible assets consist of Federal Communications Commission ("FCC") broadcast licenses in its iHM segment and billboard permits in its Americas outdoor advertising segment. Due to significant differences in both business practices and regulations, billboards in the International outdoor segment are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International outdoor segment.

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets primarily include transit and street furniture contracts, talent and representation contracts, customer and advertiser relationships, and site-leases and other contractual rights, all of which are amortized over the shorter of either the respective lives of the agreements or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost.

The following table presents the gross carrying amount and accumulated amortization for each major class of other intangible assets as of March 31, 2016 and December 31, 2015, respectively:
