The accompanying proxy statement more fully describes these proposals.

We have elected to take advantage of a U.S. Securities and Exchange Commission rule that allows us to furnish our proxy materials over the Internet to our stockholders rather than in paper form. We believe that this delivery process reduces our environmental impact and lowers the cost of printing and distributing our proxy materials without affecting our stockholders’ timely access to this important information. Accordingly, unless you have previously requested to receive our proxy materials in paper form, you will receive a Notice of Internet Availability of Proxy Materials (the “Notice”), which we expect to mail on or about April 29, 2016. The Notice will explain how to access our proxy materials and vote by telephone or over the Internet.

Our board of directors has fixed the close of business on April 15, 2016 as the record date for the Annual Meeting. Only stockholders of record on April 15, 2016 are entitled to receive notice of and vote at the Annual Meeting. All stockholders are invited to attend the Annual Meeting in person. However, to ensure your representation at the Annual Meeting, please vote as soon as possible by following the instructions in the Notice. Any stockholder attending the Annual Meeting may vote in person even if he, she or it has voted using the Internet, telephone or proxy card, and any previous votes that were submitted by the stockholder, whether by Internet, telephone or mail, will be superseded by the vote such stockholder casts at the Annual Meeting. For further information, please see the information in the Notice and in the accompanying proxy statement.

PROXY STATEMENT
FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS
To Be Held on Wednesday, June 8, 2016
at 1:00 p.m. Pacific Time

GENERAL INFORMATION

We are providing you with this proxy statement and the enclosed form of proxy in connection with the solicitation by the board of directors of Cornerstone OnDemand, Inc. of proxies to be used at our 2016 Annual Meeting of Stockholders (the "Annual Meeting"). The Annual Meeting will be held at the Company's headquarters, located at 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404, on Wednesday, June 8, 2016 at 1:00 p.m. Pacific Time and, if applicable, at any adjournment or postponement thereof. This proxy statement contains important information regarding the Annual Meeting, the proposals on which you are being asked to vote, information you may find useful in determining how to vote, and information about voting procedures. As used herein, "we," "us," "our," "Cornerstone" or the "Company" refers to Cornerstone OnDemand, Inc., a Delaware corporation.

This proxy statement and our annual report to stockholders were first made available to our stockholders on or about April 29, 2016.

The information provided in the "question and answer" format below addresses certain frequently asked questions but is not intended to be a summary of all matters contained in this proxy statement. You should read this entire proxy statement carefully before voting your shares. Information contained on, or that can be accessed through, our website is not intended to be incorporated by reference into this proxy statement and references to our website address in this proxy statement are inactive textual references only.

NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with the "notice and access" rules of the U.S. Securities and Exchange Commission (the "SEC"), instead of mailing a printed copy of our proxy statement, proxy card and annual report (collectively, the "proxy materials") to stockholders entitled to vote at the Annual Meeting, we are furnishing the proxy materials to our stockholders over the Internet. If you received a Notice of Internet Availability of Proxy Materials (the "Notice") by mail, you will not receive a printed copy of the proxy materials. Instead, the Notice will instruct you as to how you may access and review the proxy materials and submit your vote via the Internet. If you received a Notice by mail and would like to receive a printed copy of the proxy materials, please follow the instructions for requesting such materials included in the Notice.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND THESE PROXY MATERIALS

What matters will be voted on at the Annual Meeting?

At the Annual Meeting, stockholders will be voting on:

- the election of two Class II directors to serve until the 2019 annual meeting of stockholders and until their successors are duly elected and qualified;
- a proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016; and
- any other business that may properly come before the Annual Meeting or any adjournments or postponements thereof.

How does our board of directors recommend that I vote?

Our board of directors recommends that you vote:

FOR the election of Harold Burlingame and James McGeever as Class II directors; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016.

Will there be any other items of business on the agenda?

If any other items of business or other matters are properly brought before the Annual Meeting, your proxy gives discretionary authority to the persons named on the proxy card with respect to those items of business or other matters. The persons named on the proxy card intend to vote the proxy in accordance with their best judgment. Our board of directors does not intend to bring any other matters to be voted on at the Annual Meeting. We are not currently aware of any other matters that may properly be presented by others for action at the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock at the close of business on April 15, 2016, the record date for the Annual Meeting, are entitled to receive notice of and vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of our common stock held as of the record date. As of the record date, there were 55,047,598 shares of our common stock outstanding and entitled to vote at the Annual Meeting. No shares of preferred stock were outstanding.

A complete list of the stockholders entitled to vote at the Annual Meeting will be available at our headquarters, located at 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404, during regular business hours for the ten days prior to the Annual Meeting. This list also will be available during the Annual Meeting at the meeting location. Stockholders may examine the list for any legally valid purpose related to the Annual Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of Record. If, at the close of business on the record date, your shares of our common stock are registered directly in your name with Computershare Trust Company, N.A., our transfer agent, you are considered to be the stockholder of record of such shares. Throughout this proxy statement, we refer to registered stockholders as “stockholders of record.” If you are a stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Beneficial Owner. If, at the close of business on the record date, your shares of our common stock were held in a brokerage account or by a bank or other nominee on your behalf, you are considered to be the “beneficial owner” of shares of common stock held in “street name.” Throughout this proxy statement, we refer to stockholders who hold their shares through a broker, bank or other nominee as “beneficial owner.” If you are a beneficial owner, you have the right to direct your broker, bank or other nominee how to vote your shares by following the voting instructions your broker, bank or other nominee provides. If you do not provide your broker, bank or other nominee with instructions on how to vote your shares, your broker, bank or other nominee may not vote your shares with respect to any non-routine matters, but it may, in its discretion, vote your shares with respect to routine matters. Please see “What if I do not specify how my shares are to be voted?” for a description of routine versus non-routine matters.

Do I have to do anything in advance if I plan to attend the Annual Meeting in person?

Stockholders of Record. If you are a stockholder of record, you do not need to do anything in advance to attend and/or vote your shares in person at the Annual Meeting, but you will need to present government-issued photo identification for entrance to the Annual Meeting.

Beneficial Owner. If you are a beneficial owner, you may not vote your shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker, bank or other nominee who is the stockholder of record with respect to your shares. You may still attend the Annual Meeting even if you do not have a legal proxy. For entrance to the Annual Meeting, you will need to present government-issued photo identification and provide proof of beneficial ownership as of the record date, such as the notice or voting instructions you received from your broker, bank or other nominee or a brokerage statement reflecting your ownership of shares as of the record date.

How do I vote and what are the voting deadlines?

Stockholders of Record. If you are a stockholder of record, there are several ways for you to vote your shares:

• Over the Internet, by telephone or by mail. If you are a stockholder of record, you may instruct the proxy holders how to vote your shares by using the Internet voting site or the toll-free telephone number listed on the Notice.

Alternatively, you may request a proxy card by telephone at 1-800-579-1639, over the Internet at www.proxyvote.com, or by email at sendmaterial@proxyvote.com, and complete, sign, date and return the proxy card in the postage pre-paid envelope provided. If you request a proxy card pursuant to the preceding sentence, please sign your name exactly as it appears on the proxy card. Proxy cards submitted by mail must be received no later than June 7, 2016 for your shares to be voted at the Annual Meeting. Specific instructions for using the telephone and

Internet voting systems are on the proxy card and in the Notice. The telephone and Internet voting systems for stockholders of record will be

6

available until 11:59 p.m. Eastern Time on June 7, 2016. Regardless of the method you select to transmit your voting instructions, the proxy holders will vote your shares in accordance with your instructions. If you sign and return a proxy card without giving specific voting instructions with respect to one or more proposals, your shares will be voted as recommended by our board of directors.

In person at the Annual Meeting. You may vote your shares in person at the Annual Meeting by delivering your completed proxy card in person or by completing and submitting a ballot, which will be provided at the Annual Meeting. Even if you plan to attend the Annual Meeting in person, we recommend that you also submit your proxy card or voting instructions by mail or vote by telephone or via the Internet by the applicable deadline so that your vote will be counted if you later decide not to attend the Annual Meeting.

Beneficial Owners. If you are a beneficial owner, you will receive voting instructions from your broker, bank or other nominee. You must follow the voting instructions provided by your broker, bank or other nominee in order to instruct your broker, bank or other nominee on how to vote your shares. The availability of telephone and Internet voting will depend on the voting process of your broker, bank or other nominee. As discussed above, if you are a beneficial owner, you may not vote your shares in person at the Annual Meeting unless you obtain a “legal proxy” from your broker, bank or other nominee.

Can I revoke or change my vote after I submit my proxy?

Stockholders of Record. If you are a stockholder of record, you may revoke your proxy or change your proxy instructions at any time before your proxy is voted at the Annual Meeting by:

- entering a new vote by Internet or by telephone;
- signing and returning a new proxy card with a later date;
- delivering a written revocation to our General Counsel at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404, by 11:59 Eastern Time on June 7, 2016; or
- attending the Annual Meeting and voting in person.

Beneficial Owners. If you are a beneficial owner, you must contact the broker, bank or other nominee holding your shares and follow its instructions to change your vote or revoke your proxy.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. The persons named in the proxy have been designated as proxy holders by our board of directors. When a proxy is properly dated, executed and returned, the shares represented by the proxy will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our board of directors. If any matters not described in this proxy statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date, unless you have properly revoked your proxy, as described above.

What if I do not specify how my shares are to be voted?

Stockholders of Record. If you are a stockholder of record and you submit a proxy but you do not provide voting instructions, your shares will be voted:

• **FOR** the election of Harold Burlingame and James McGeever as Class II directors (Proposal 1);

• **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016 (Proposal 2); and

- In the discretion of the named proxies regarding any other matters properly presented for a vote at the Annual Meeting or any adjournments or postponements thereof.

Beneficial Owners. If you are a beneficial owner and you do not provide the broker, bank or other nominee that holds your shares with voting instructions, your broker, bank or other nominee will determine if it has the discretionary authority to vote on the particular matter. Brokers, banks and other nominees do not have discretion to vote on non-routine matters. Proposal 1 is a non-routine matter, while Proposal 2 is a routine matter. As a result, if you do not provide voting instructions to your broker, bank or other nominee, your broker, bank or other nominee may not vote your shares with respect to Proposal 1, which would result in a broker non-vote, but may, in its discretion, vote your shares with respect to Proposal 2. For additional information regarding broker non-votes, see “What are the effects of

abstentions and broker non-votes?" below.

7

What constitutes a quorum, and why is a quorum required?

A quorum is the minimum number of shares required to be present at the Annual Meeting for the meeting to be properly held under our bylaws and Delaware law. A quorum exists when at least a majority of the outstanding shares entitled to vote at the close of business on the record date are represented at the Annual Meeting, either in person or by proxy. As of the close of business on the record date, we had 55,047,598 shares of common stock outstanding and entitled to vote at the Annual Meeting, meaning that 27,523,800 shares of common stock must be represented in person or by proxy at the Annual Meeting to have a quorum. If there is not a quorum, a majority of the shares present at the Annual Meeting may adjourn the meeting to a later date.

What are the effects of abstentions and broker non-votes?

An abstention represents a stockholder's affirmative choice to decline to vote on a proposal. If a stockholder indicates on its proxy card that it wishes to abstain from voting its shares, or if a broker, bank or other nominee holding its customers' shares of record causes abstentions to be recorded for shares, these shares will be considered present and entitled to vote at the Annual Meeting. As a result, abstentions will be counted for purposes of determining the presence or absence of a quorum and will also count as votes against a proposal in cases where approval of the proposal requires the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting (e.g. Proposal 2). However, because the outcome of Proposal 1 (election of directors) will be determined by a plurality of the votes cast, abstentions will have no impact on the outcome of such proposal so long as a quorum exists.

A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to such proposal and has not received voting instructions from the beneficial owner of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted for purposes of determining the number of votes cast. Thus, a broker non-vote will make a quorum more readily attainable, but will not otherwise affect the outcome of the vote on any proposal.

What is the vote required for each proposal?

Proposal	Vote Required	Broker Discretionary Voting Allowed?
Proposal 1 — Election of three Class II directors	Plurality of voting power of shares present and entitled to vote	No
Proposal 2 — Ratification of the appointment of independent registered public accounting firm	Majority of voting power of shares present and entitled to vote	Yes

With respect to Proposal 1, you may (i) vote FOR all nominees, (ii) WITHHOLD your vote as to all nominees, or (iii) vote FOR all nominees except for those specific nominees from whom you WITHHOLD your vote. The two nominees receiving the most FOR votes will be elected. You may not cumulate votes in the election of directors. Any shares not voted FOR a particular nominee (whether as a result of a vote being withheld or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election. If you WITHHOLD your vote as to all nominees, you will be deemed to have ABSTAINED from voting on Proposal 1, and such abstention will have no effect on the outcome of the vote.

With respect to Proposal 2, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal 2, the abstention will have the same effect as a vote AGAINST the proposal.

Who will count the votes?

Broadridge Financial Solutions, Inc. ("Broadridge") has been engaged to receive and tabulate stockholder votes. Broadridge will also certify the election results and perform any other acts required by the Delaware General Corporation Law.

Who is paying for the costs of this proxy solicitation?

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing, mailing and distribution of the proxy materials. Copies of solicitation materials will also be made available upon request to brokerage houses and other nominees holding shares in their names that are beneficially owned by others to forward to such beneficial owners. The original solicitation of proxies may be supplemented by solicitation by telephone, electronic communication, or other means by our directors, officers, employees or agents. No additional compensation will be paid to these individuals for any such services, although we may reimburse such individuals for their reasonable out-of-pocket expenses in connection with such solicitation. We do not plan to retain a proxy solicitor to assist in the solicitation of proxies.

How can I find the results of the Annual Meeting?

Preliminary results will be announced at the Annual Meeting. Final results will be published in a Current Report on Form 8-K to be filed with the SEC within four business days after the Annual Meeting. If the official results are not available at that time, we will provide preliminary voting results in the Current Report on Form 8-K and will provide the final results in an amendment to the Current Report on Form 8-K as soon as they become available.

CORPORATE GOVERNANCE

Overview

Our board of directors oversees our Chief Executive Officer and other senior management in the competent and ethical operation of our business and affairs and ensures that the long-term interests of our stockholders are being served. The key practices and procedures of our board of directors are outlined in our Corporate Governance Principles, which are available on the Investor Relations page of our website at investors.cornerstoneondemand.com, under “Governance.”

Leadership Structure

Pursuant to our Corporate Governance Principles, the roles of Chairman and Chief Executive Officer may be filled by the same or different individuals. This allows our board of directors flexibility to determine whether the two roles should be combined or separated based upon our needs and our board of directors’ assessment of our leadership from time to time. Our board of directors currently believes that it is in the best interests of the Company and our stockholders for Adam Miller, our Chief Executive Officer, to serve as our Chairman, and R. C. Mark Baker, an independent director, to serve as our Lead Independent Director.

Our board of directors believes that having an employee director fill the role of Chairman and a non-employee director fill the role of Lead Independent Director provides the appropriate balance in our leadership at this time. Combining the roles of Chairman and Chief Executive Officer promotes unified leadership and direction, contributing to operational effectiveness and efficiencies that facilitate the implementation of strategic initiatives and business plans to optimize stockholder value. In contrast, to facilitate communication between management and the independent members of our board of directors, the Lead Independent Director is authorized to schedule and prepare agendas for meetings or closed sessions without the presence of employee directors or members of management. The Lead Independent Director is also responsible for communicating with our Chief Executive Officer, disseminating information to the rest of our board of directors in a timely manner, and raising issues with management on behalf of the independent directors when appropriate.

Our board of directors, including each of its committees, also has full access to members of management, either as a group or individually, and to Company information deemed necessary to fulfill the obligations of our board of directors and its committees.

The Board’s Role in Risk Oversight

Our management has day-to-day responsibility for identifying risks facing the Company, including implementing suitable mitigating processes and controls, assessing risks in relation to the Company’s strategies and objectives, and appropriately managing risks in a manner that serves the best interests of the Company, its stockholders, and other stakeholders. Our board of directors is responsible for ensuring that an appropriate culture of risk management exists within the Company, overseeing its aggregate risk profile, and assisting management in addressing specific risks.

Generally, various committees of our board of directors oversee risks associated with their respective areas of responsibility and expertise. For example, our Audit Committee oversees, reviews and discusses with management and our independent registered public accounting firm, our major financial reporting and accounting risk exposures and the steps management has taken to monitor and mitigate those exposures. Our Compensation Committee oversees risks associated with our compensation policies, plans and practices. Our Nominating and Corporate Governance Committee oversees the management of risks associated with director independence and board of directors' composition and organization. Management and other employees report to our board of directors and/or relevant committee(s) from time to time on risk-related issues.

Director Independence

Under the listing standards of The NASDAQ Stock Market, or NASDAQ, independent directors must comprise a majority of a listed company's board of directors. In addition, the listing standards of NASDAQ require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent. Under the listing standards of NASDAQ, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Audit committee members must also satisfy the additional independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the listing standards of NASDAQ. In addition, compensation committee members must also satisfy the additional independence criteria set forth in Rule 10C-1 under the Exchange Act and the listing standards of NASDAQ.

Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our board of directors has determined that neither Ms. Salen nor Messrs. Baker, Burlingame, Cavanaugh, McGeever or Payne, representing six of the seven directors who will serve on our board of directors if Proposal 1 (election of directors) is approved by our stockholders, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of such director and that each of these directors is "independent" as that term is defined under the listing standards of NASDAQ. Our board of directors also determined that Messrs. Burlingame and McGeever and Ms. Salen, who comprise our Audit Committee, Messrs. Baker, Burlingame and Cavanaugh, who comprise our Compensation Committee, and Messrs. Baker, Cavanaugh and Payne, who comprise our Nominating and Corporate Governance Committee, satisfy the independence standards for those committees established by applicable SEC rules and the listing standards of NASDAQ. In making this determination, our board of directors considered the relationships that each non-employee director has with us and all other facts and circumstances our board of directors deemed relevant in determining their independence.

Director Nomination Process

Candidates for nomination to our board of directors are selected by our Nominating and Corporate Governance Committee in accordance with its charter, our certificate of incorporation and bylaws, and our Corporate Governance Principles. While there are no specific minimum qualifications for director nominees, the ideal candidate should exhibit qualifications that will increase overall effectiveness of our board of directors, including independence, previous experience as a director or executive with other successful companies, the ability to meet other requirements under applicable rules (e.g., the requirement that members of our Audit Committee have an appropriate level of financial literacy and expertise), a high level of personal and professional ethics and integrity, proven achievement and competence in the nominee's field, skills that are complementary to those of existing members of our board of directors, the ability to assist and support management and make significant contributions to our success, and an understanding of the fiduciary duties belonging to members of our board of directors and the commitment of time and energy necessary to diligently fulfill those duties. In evaluating the suitability of a director candidate, our Nominating and Corporate Governance Committee considers factors such as character, integrity, judgment, diversity, age, independence, skills, education, expertise, business acumen, business experience, length of service, understanding of our business, potential conflicts of interest and other commitments.

Our Nominating and Corporate Governance Committee makes an effort to ensure that our board of directors' composition reflects a broad diversity of experience, professions, skills, viewpoints, personal traits and backgrounds. However, our Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, does not assign specific weights to particular criteria, and does not believe that any specific criterion is necessarily applicable to all prospective nominees. Instead, when reviewing a candidate, our Nominating and Corporate Governance Committee reviews the candidate's qualifications in light of the specific needs of our board of directors at that time.

To date, our Nominating and Corporate Governance Committee has relied on its network of contacts to compile a list of potential candidates, but it is authorized to retain recruiting professionals to assist in identifying and evaluating candidates for consideration as needed. After conducting appropriate inquiries into the backgrounds and qualifications of potential candidates and reviewing the candidates in light of the factors discussed above, our Nominating and Corporate Governance Committee selects nominees for recommendation to our board of directors by majority vote. Based on our Nominating and Corporate Governance Committee's recommendation, our board of directors selects director nominees and recommends them for election by our stockholders. Our board of directors may also fill any vacancies that arise between annual meetings of stockholders.

Stockholder Recommendations and Nominations of Candidates for Election to the Board of Directors

Our Nominating and Corporate Governance Committee will consider director candidates who are timely recommended by stockholders who have continuously held at least 100,000 shares of our common stock for at least 12 months prior to the submission of the recommendation. The recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and the Company and evidence of the recommending stockholder's ownership of the requisite number of shares of our common stock during the 12-month period referenced above. There are no differences in the manner in which our Nominating and Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder or otherwise.

A stockholder of record can nominate a candidate directly for election to our board of directors by complying with the procedures in Section 2.4 of our bylaws and the rules and regulations of the SEC. Any eligible stockholder who wishes to submit a nomination should review the requirements in our bylaws for nominations by stockholders. Any nomination should be sent in writing to our General Counsel at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404. Financial Performance

Strong sales in the fourth quarter of 2015 helped to finish out yet another year of solid execution for the Company. Despite major headwinds from significant foreign exchange movements, we achieved the following in fiscal year 2015:

- Recorded full year revenue of \$339.7 million, up 29% year-over-year;

- Recorded full year bookings of \$400.5 million, up 27% year-over-year; and

- Full year net cash provided by operating activities was \$43.8 million as compared to \$33.0 million for the same period in 2014

Please see the section titled Management’s Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K filed with the SEC on February 26, 2016, for a more detailed discussion of our fiscal 2015 financial results and, beginning on page 53 of that Annual Report on Form 10-K, a discussion regarding our key metrics.

Key Compensation Highlights

The success of our business is driven by rapidly changing technology and the services we can provide to our customers. In order to stay competitive in our industry, our compensation packages are designed to attract, retain and incentivize our executive team and to align our compensation practices with the creation of value for our stockholders. We believe our compensation programs are effectively designed to reward our executives when our business performs well, which in turn strengthens the ties between our performance and stockholder value.

As discussed in more detail below, 32.1% of the votes cast at the 2015 annual meeting were in favor of the advisory vote on executive compensation. As a result of the feedback we received during the 2015 proxy season (including the results of the 2015 advisory vote on executive compensation) and following the Compensation Committee's review of current market practices, the Compensation Committee implemented a number of changes, as described throughout this report, to our executive compensation program.

Below, we provide a summary of the key compensation related actions and outcomes from 2015, which we believe in the aggregate demonstrates our strong commitment to pay for performance and our responsiveness to stockholder feedback (including in response to the advisory vote on executive compensation).

Stockholder outreach and engagement: During the course of our 2015 proxy season, we reached out to a number of our largest investors to solicit feedback on our executive compensation program and practices. Both feedback we received from conversations with investors and the results of our advisory vote on executive compensation influenced a number of decisions and changes to our compensation program as discussed below. We are committed to having an ongoing dialogue and plan to engage formally with stockholders again in 2016.

Moderate increases to target cash compensation levels: For fiscal 2015, Mr. Miller's and Mr. Wallack's base salary did not increase from 2014 levels. In March 2015, the Compensation Committee approved moderate increases to base salary levels for select NEOs (other than Mr. Miller and Mr. Wallack). Excluding Mr. Belliveau, the average salary increase for the NEOs was approximately 2.3%. After receiving an average salary increase of 0.9% over the three-year period from January 1, 2012 through December 31, 2014, Mr. Belliveau received a 25% increase in 2015 to acknowledge significant fluctuations in the currency exchange rates between the Euro and the Dollar and to reflect the broader scale of his role. No NEOs received an increase to their target bonus percentages under the 2015 Executive Compensation Plan.

2015 Executive Compensation Plan paid out below target: Overall payouts under the 2015 Executive Compensation Plan were approximately 85% of target. Revenue performance, which comprised 75% of the weighting of the performance targets, was slightly below target, which was largely driven by major headwinds from significant foreign exchange movements.

No equity grant to our CEO, Mr. Miller, during fiscal year 2015, despite strong Company performance: Following the advisory vote on executive compensation, the Compensation Committee decided not to grant Mr. Miller an equity award in fiscal year 2015. As a result, our CEO's compensation as reported in the Summary Compensation Table was approximately 92.9% lower in 2015 than 2014. The Compensation Committee's decision is not indicative of the Compensation Committee's view of Mr. Miller's leadership as our CEO. In making its determination, the Compensation Committee considered factors unrelated to our CEO's performance, including the result of the 2015 stockholder advisory vote on NEO compensation and the potential value of the special awards made during fiscal year 2014, which cover a multi-year period. As part of this decision, the Compensation Committee determined that it will not offset or provide future consideration to Mr. Miller as a result of not making an equity grant in 2015. However, the Compensation Committee expects to grant Mr. Miller equity awards in 2016 in the normal course of its annual review of equity compensation.

No special awards: Other NEOs besides Mr. Miller received annual grants comprised 50% of stock options and 50% of restricted stock units in July 2015 consistent with past practice. No special equity grants were considered or made in 2015 to any NEO.

Enhanced governance practices and process: The Compensation Committee has implemented a number of additional changes in 2016 to enhance our governance practices and process, including:

Adoption of robust stock ownership guidelines, which also include a holding requirement to the extent guidelines are not achieved;

Adoption of a formal compensation clawback policy; and

Engagement of a new, independent compensation consultant.

Additional emphasis on profitability in 2016: The 2016 Executive Compensation Plan includes a number of changes from previous years, including an increased emphasis on Non-GAAP Net Income, which now comprises 25% of the weighting of the plan's performance targets (compared to 5% in 2015). This change was made to align with our strategic focus of achieving profitability during 2016.

Overview of Our Pay and Performance Alignment

Emphasis on At Risk Compensation

The compensation of our executive officers is weighted towards variable, performance-based incentive awards. Over the last three years, 92% of total target direct compensation for the CEO consisted of at risk compensation (in the form of both short-term cash incentives and long-term equity incentives). For the other five NEOs in aggregate, over 90% of total target direct compensation consisted of variable awards. For 2015 only, CEO pay mix is artificially impacted by the Compensation Committee's decision not to make an equity grant to Mr. Miller in fiscal 2015.

Realizable Value Aligned with Stockholder Experience

Realizable pay is an additional point of view that helps demonstrate the alignment of our NEOs' financial interests with that of our stockholders. Given that shifts in our stock price can cause stock-based awards to have significantly different current values than their original value on their date of grant, the Compensation Committee considers it important to focus on the amount of pay that is realizable by our NEOs at any point in time. This view of pay and performance helps our Compensation Committee to ensure our executive pay program appropriately aligns with the experiences of our stockholders over time.

As highlighted above, our compensation program delivered more than 90% of target compensation to our NEOs in the form of incentives that are tied to our company's future financial and stock performance (relative and absolute). As a result, actual realizable compensation will vary from the compensation targeted by the Compensation Committee. Over the three-year period from January 1, 2013 through December 31, 2015 realizable compensation was 86% lower than target total direct compensation for the CEO and 60% on average lower for all other NEOs. The difference in targeted compensation and realizable compensation over the 3-year period can be attributed to a combination of factors, most notably:

- Between 2013 and 2015, more than 90% of our targeted compensation was at risk; therefore, realizable pay will more closely align with our actual financial performance and stock price over that same period.

- While revenue has grown 188% over the past three years, our executive cash incentive plans have, on average, paid out at 72% of target.

- Option and performance-based grants made during the period were out of the money as of December 31, 2015, based on stock price and performance levels as of December 31, 2015.

Executive Compensation Governance Practices

We continued our commitment to strong corporate governance practices that ensure our executive compensation program aligns with stockholder interests.

Compensation Decision Making Process and Governance Framework

Our Pay Philosophy and Governance Framework

Our compensation philosophy is to provide programs that attract, retain and motivate key employees who are critical to our long-term success. We strive to provide compensation packages to our executives that are competitive, reward the achievement of our business objectives, and align executive and stockholder interests by enabling our executives to acquire equity ownership in our business.

Peer Group and Its Use

In determining the appropriate level and form of compensation for 2015, our Compensation Committee reviewed publicly available market data relating to the cash and equity compensation of similarly-sized high-technology companies, and recently public companies provided by Compensia, Inc. (“Compensia”), which served as the Compensation Committee’s independent compensation consultant throughout 2015. The market data also included a specific set of peer companies comprised of publicly-held software companies. Our Compensation Committee reviewed and considered the data presented by Compensia, but did not engage in any benchmarking or targeting of any specific levels of pay.

Our Compensation Committee reviewed the peer group in early 2015 for evaluating 2015 compensation decisions.

The following companies comprised the peer group for compensation purposes in 2015:

Aspen Technology, Inc.	Shutterstock, Inc.
Bottomline Technologies, Inc.	SolarWinds Inc.
Demandware, Inc.	Splunk Inc.
FireEye, Inc.	SPS Commerce, Inc.
Guidewire Software Inc.	Tableau Software, Inc.
NetSuite Inc.	The Ultimate Software Group, Inc.
PROS Holdings, Inc.	Yelp, Inc.
RealPage, Inc.	Zillow
ServiceNow, Inc.	

The peer group was originally determined in 2014 after taking into account, as applicable, the following criteria:

• Industry and business model comparability: SaaS and other application systems and/or systems software companies;

• Size and scale comparability: Companies within a specified revenue range (with a range of .5 - 2 times our revenue) and a specified market cap range (with a range of .33 - 3 times our market cap); and

• Growth dynamics: Companies with revenue growth of over 30% year-over-year, designed to ensure that growth trajectories and expected future scales or peers are comparable to us.

OpenTable, Inc. was removed from the 2015 peer group due to acquisition. No companies were added to the 2015 peer group.

Under the direction of our Compensation Committee, Compensia provided competitive market data to review our compensation programs, identify trends in executive cash and equity compensation and make recommendations as to appropriate levels of compensation for 2015. While Compensia's analysis and recommendations were a strong factor in determining 2015 compensation levels, our Compensation Committee used its discretion in setting appropriate compensation levels and, in some cases, selected compensation levels that were different from those recommended by Compensia.

Role of Compensation Committee

Our Compensation Committee is comprised of the following individuals: R. C. Mark Baker, Harold W. Burlingame and Robert Cavanaugh. Our Compensation Committee operates under a written charter that establishes the duties and authority of our Compensation Committee. Our Compensation Committee reviews the terms of its charter annually, and its charter was most recently updated in April 2013. The fundamental responsibilities of our Compensation Committee include the following:

- Providing oversight of our executive compensation policies, plans and benefit programs;
- Assisting the board of directors in discharging its responsibilities relating to (i) oversight of the compensation of our Chief Executive Officer and other key employees including officers reporting under Section 16 of the Securities Exchange Act of 1934, as amended, (ii) approving and evaluating our executive officer compensation plans, policies and programs and (iii) evaluating and approving director compensation;
- Assisting the board of directors in administering our equity compensation plans for our employees, directors and other service providers; and
- Overseeing the management of risks associated with the Company's compensation policies and practices.

Role of Independent Compensation Consultant

Our Compensation Committee has the authority to engage its own advisors to assist it in carrying out its responsibilities and engaged Compensia through 2015 to serve as its advisor with respect to its compensation programs, including advising on the market compensation environment, appropriate peer companies and compensation trends. Compensia reported directly to our Compensation Committee and interacted with management, as necessary. Compensia did not perform work for us other than pursuant to its engagement by our Compensation Committee. Compensia's fees were paid by us. In April 2015, the Compensation Committee assessed the independence of Compensia and concluded that its work had not raised any conflict of interest. In February 2016, the Compensation Committee engaged Semler Brossy as our independent compensation consultant for 2016.

Role of Management

Members of our management team attend our Compensation Committee meetings when invited. At the outset of the 2015 annual compensation decision process, our CEO reviewed the compensation of our executive management team (including the NEOs other than himself) and made recommendations to the members of our Compensation Committee with respect to base salary, bonus and commission targets for the executives (but not for his own compensation). Our Compensation Committee retains the authority to accept or reject the CEO's compensation recommendations for all executive officers, and, where it deems appropriate, make adjustments to the CEO's recommendations when determining appropriate compensation levels. All decisions regarding the CEO's compensation for 2015 were reviewed and approved by our Compensation Committee outside of his presence.

Outcome of Our 2015 Say-on-Pay Vote

At our annual meeting of stockholders in June 2015, we held a non-binding advisory stockholder vote on the compensation of our NEOs, commonly referred to as a say-on-pay vote. Approximately 32.1% of stockholder votes were cast in favor of our 2015 say-on-pay proposal. In response to this vote and direct feedback from stockholders, the Compensation Committee undertook several actions in 2015 and 2016, which are described in more detail in this document:

- Made no equity grant to our CEO in fiscal year 2015;
- Implemented share ownership guidelines in 2016;
- Introduced a formal clawback policy in 2016;
- Committed to formal ongoing stockholder engagement;
- Engaged new independent compensation consultant starting in 2016; and

•Enhanced CD&A disclosure

We believe that these changes, together with our existing compensation practices, have addressed the stockholder concerns that have been shared with us, and demonstrate our commitment to a compensation program designed to help drive the Company's long-term value creation.

25

We will hold say-on-pay votes every three years, as approved by our stockholders in a non-binding advisory vote at our annual meeting of stockholders in June 2012. We will hold the next say-on-pay vote at the 2018 annual meeting of stockholders.

Components of Our NEO Compensation

The compensation program for our NEOs consists of:

• Base salary;

• Short-term incentives, specifically sales commissions and milestone bonuses for commissioned NEOs (Messrs. Carter and Belliveau) and annual bonuses for non-commissioned NEOs (Messrs. Miller, Wallack and Goldin and Ms. Helvey);

• Long-term incentives (equity awards);

• Broad-based employee benefits; and

• Severance and change of control benefits.

We believe the combination of these elements provides a compensation package that attracts and retains qualified individuals, links individual performance to the performance of our business, focuses the NEOs' efforts on the achievement of both our short-term and long-term objectives as a company, and aligns the NEOs' interests with those of our stockholders. Our Compensation Committee determines the appropriate use and weight of each component of NEO compensation based on its views of the relative importance of each component in achieving our overall objectives and position-specific objectives relevant to each NEO.

Base Salaries

We provide a base salary to our NEOs to compensate them for services rendered on a day-to-day basis. The base salaries of our NEOs are reviewed on an annual basis. The following table provides the base salaries of our NEOs for 2014 and 2015:

	2014	2015
Named Executive Officer	Base Salary	Base Salary
Adam Miller	\$425,000	\$425,000
Perry Wallack	\$325,000	\$325,000
David Carter	\$275,000	\$290,000(1)
Vincent Belliveau	\$218,120(2)	\$272,650(3)
Mark Goldin	\$325,000	\$335,000(1)
Kirsten Helvey	\$325,000	\$335,000(1)

(1) 2015 base salary became effective as of March 17, 2015.

(2) This amount reflects a base salary of €200,000, which has been converted into U.S. Dollars at a rate of \$1.0906

(3) Dollars per Euro, the exchange rate in effect on January 1, 2016.

2015 base salary became effective as of March 17, 2015. The amount in the table reflects the 2015 base salary of (3)€250,000, which has been converted into U.S. Dollars at a rate of \$1.0906 Dollars per Euro, the exchange rate in effect on January 1, 2016.

In reviewing the salaries of our executives, our Compensation Committee reviewed and considered various market data presented by Compensia as well as the factors described above under the heading “— Compensation Discussion and Analysis — Compensation Decision Process.” We did not engage in any benchmarking or targeting of any specific levels of pay when determining base salary levels. In connection with its review of 2015 base salaries, our Compensation Committee determined that an adjustment of the NEOs' base salary (other than Mr. Miller's and Mr. Wallack's salaries) was necessary based on individual performance and the market data provided by Compensia. The Compensation Committee did not adjust Mr. Miller's or Mr. Wallack's base salaries because it felt their base salaries were appropriate relative to market data.

Short-Term Incentives (Cash Bonuses and Sales Commissions)

Our short-term incentive program seeks to balance our NEOs' focus on our company goals as well as reward their individual performance through the use of an executive compensation plan and separate sales commission plans, as appropriate for each NEO's position. Each of Messrs. Miller, Wallack and Goldin and Ms. Helvey participate in an executive compensation plan under which bonuses may be earned upon our achievement of specified performance goals. Considering their sales position within our organization, Mr. Carter and Mr. Belliveau participate in individualized sales commission plans that are similar to the plans used for all of our sales employees, as described below. Our executive compensation plan and our executive sales commission plans are treated as "non-equity incentive plan compensation" for purposes of the Summary Compensation Table and Grants of Plan-Based Awards Table below.

2015 Executive Compensation Plan

For 2015, our Compensation Committee established an executive compensation plan for Messrs. Miller, Wallack, Goldin and Ms. Helvey (the "2015 Executive Compensation Plan"). Under the terms of the 2015 Executive Compensation Plan, each NEO (other than Messrs. Carter and Belliveau) was entitled to receive a bonus that would vary in size depending on our success in meeting certain performance thresholds and targets with respect to a number of different performance metrics, including revenue, non-GAAP operating cash flow and non-GAAP net loss, although our Compensation Committee retained discretion to adjust bonus payments in its sole discretion. These metrics are used because they directly measure our ability to execute on our strategic imperatives of expanding market share while achieving appropriate levels of profitability. We believe successful performance on these metrics will drive sustainable long-term stockholder value creation. Under this plan, no bonus payout for a particular performance metric would be earned unless the performance threshold for that metric was met, and bonus payouts would be calculated linearly for achievement between the performance thresholds and targets.

The following table shows the performance metrics and weighting established by our Compensation Committee for the 2015 Executive Compensation Plan:

Performance Metric	Weighting(1)
Revenue	75 %
Non-GAAP operating cash flow(2)	20 %
Non-GAAP net loss(3)	5 %

(1) The amount payable with respect to each metric may be greater or less than the assigned weighting depending on the extent to which our performance exceeded or fell short of the applicable target.

Non-GAAP operating cash flow is operating cash flow adjusted to exclude payment of acquisition related costs,

(2) payment of premium on investments net of related amortization and employer-related taxes from stock-based compensation.

Non-GAAP net loss is net loss adjusted to exclude expenses related to stock-based compensation and employer-related payroll taxes, amortization of intangible assets, adjustments to taxes related to acquisition

(3) adjustments, acquisition related costs, accretion of debt discount and amortization of debt issuance costs, other amortization costs, unrealized fair value adjustment on strategic investment and adjustments to revenue due to purchase price accounting rules.

The following tables show the target, minimum and maximum levels of performance and the bonus percentages corresponding with such levels of achievement for each NEO established by our Compensation Committee in March 2015 for the 2015 Executive Compensation Plan:

	Minimum(1)	Target	Maximum
Revenue	\$336,000,000	\$341,000,000	\$350,220,567
Non-GAAP operating cash flow	\$33,000,000	\$43,000,000	\$43,000,000 (2)
Non-GAAP net loss	\$(20,000,000)	\$(16,000,000)	\$(16,000,000)(2)

(1) No bonus payment for the applicable performance metric will be earned unless the performance threshold for that performance metric is met.

(2) No additional bonus will be paid for this performance metric regardless of the extent to which our performance exceeded its performance targets.

Bonus Percentages for NEOs

The table below shows the percentage of each NEO's (other than Mr. Carter and Mr. Belliveau) bonus that corresponds with the achievement of the performance targets above. For example, the 50% minimum in the "Revenue" column below represents that upon achievement of minimum performance with respect to the revenue metric, the individual's bonus will be calculated based on 50% achievement of that particular performance metric.

	Revenue			Non-GAAP Operating Cash Flow			Non-GAAP net loss		
	Minimum	Target	Maximum	Minimum	Target	Maximum(1)	Minimum	Target	Maximum(1)
Adam Miller	50%	100%	167%	50%	100%	100%	50%	100%	100%
Perry Wallack	35%	70%	117%	35%	70%	70%	35%	70%	70%
Mark Goldin	35%	70%	117%	35%	70%	70%	35%	70%	70%
Kirsten Helvey	35%	70%	117%	35%	70%	70%	35%	70%	70%

(1) The maximum bonus amount is the same as the target bonus amount payable, regardless of the extent to which our performance exceeded our performance targets.

To increase focus on operating results and to align the NEOs' interests with those of our stockholders, our Compensation Committee determined that these performance metrics were appropriate measurements of our performance, as revenue measures our growth rates, non-GAAP operating cash flow measures the cash profitability and margin potential of our business, and non-GAAP net loss measures our execution on expenditures relative to our revenue growth.

The following table shows the minimum, target, and maximum bonus amounts under the 2015 Executive Compensation Plan for each of Messrs. Miller, Wallack, Goldin and Ms. Helvey. To the extent that our achievement was greater or less than the specified targets, the bonus amounts payable to each individual would be increased or decreased, respectively, although our Compensation Committee retained discretion to adjust bonus payments in its sole discretion. Our Compensation Committee determined these target bonus amounts based on the reasons below and the compensation factors described above under the heading "— Compensation Discussion and Analysis — Compensation Decision Process."

	Minimum Bonus Amount(1)		Target Bonus Amount(2)		Maximum Bonus Amount(3)	
	\$	% of Base Salary	\$	% of Base Salary	\$	% of Base Salary
Adam Miller	10,625	2.5	425,000	100	637,500	150
Perry Wallack	5,688	1.8	227,500	70	341,250	105
Mark Goldin	5,863	1.8	234,500	70	351,750	105
Kirsten Helvey	5,863	1.8	234,500	70	351,750	105

Represents the minimum bonus amount payable if we met only our performance threshold for non-GAAP net loss, (1) the metric with the lowest weighting. No bonus was payable if we failed to meet the performance threshold for at least one metric.

(2) Represents the bonus amount payable if we achieved our full performance target with respect to each performance metric.

(3) Represents the maximum bonus amount payable in aggregate, regardless of the extent to which our performance exceeded some or all of our performance targets.

The NEOs' 2015 target bonus amounts as a percentage of base salary remained the same as the 2014 target bonus amounts. Mr. Goldin's and Ms. Helvey's target bonus amounts were increased to \$234,500 from \$227,500 as a result of the respective increases of their base salaries. Our Compensation Committee determined that these bonus targets were appropriate based on its review of the compensation practices of our peer group and that they enabled us to

appropriately proportion our NEOs' total cash compensation with respect to performance-based compensation.

In early 2016, our Compensation Committee reviewed the 2015 performance metrics to determine the level of achievement relative to each performance target and threshold amount. The 2015 achievement levels for the performance targets were as follows:

	2015 Actual Performance	Effect on Calculation of Bonuses
Revenue	\$ 339,651,000	Bonus calculated linearly for achievement between the minimum and target levels
Non-GAAP Operating Cash Flow	\$ 44,963,000	Bonus calculated upon achievement of target level(1)
Non-GAAP net loss	\$ (21,234,000) No bonus payment assigned to this performance metric as minimum performance threshold not achieved

(1) Even though performance was above target, payout at this particular performance metric was limited to target levels.

Based on the performance levels listed above, bonus payouts were approximately 85% of target. Individual payments under the 2015 Executive Compensation Plan were as follows:

Name	2015 Bonus Amount
Adam Miller	\$ 360,751
Perry Wallack	\$ 193,108
Mark Goldin	\$ 199,049
Kirsten Helvey	\$ 199,049

Sales Commission Plan

Because much of Mr. Belliveau's and Mr. Carter's responsibilities are focused on sales of our solutions, our Compensation Committee determined that it would be more appropriate for Mr. Belliveau and Mr. Carter to participate in a sales commission plan with terms that correspond to the results achieved by their respective teams rather than in the 2015 Executive Compensation Plan described above. Mr. Belliveau and Mr. Carter therefore earned commissions based on the sales of their respective direct sales teams, with Mr. Belliveau's commissions based on sales in Europe, the Middle East and Africa, and Mr. Carter's commissions based on total direct sales in the United States. The commission targets were determined by our Compensation Committee based in part on the recommendations of our CEO, which took into account the compensation factors described above under the heading "Compensation Discussion and Analysis — Compensation Decision Process." Our Compensation Committee designed Mr. Belliveau's and Mr. Carter's commission structure both to reward them for their past success and to support our retention efforts. During 2015, Mr. Belliveau and Mr. Carter were eligible to receive commissions based on total sales in their respective sales territories. The rate at which commissions are earned by each sales executive is highest in the first year of each client agreement and decreases each year thereafter and depends on whether the client agreement is a new agreement or a renewal. For 2015, our Compensation Committee established a sales quota for each of the sales executives. Mr. Belliveau's total quota for 2015 was \$58,500,000 in total revenue from sales in assigned territories, and Mr. Carter's quota for 2015 was \$120,000,000 in total revenue from sales in assigned territories. To the extent that a sales executive exceeded his quota for revenue in 2015, such sales executive's commission rate was increased with respect to revenue invoiced and received by us in excess of the quota.

In addition, each sales executive was also eligible for a bonus if he met certain milestone sales targets by the dates specified in each executive's commission plan. If Mr. Belliveau achieved specified milestones by specified dates, he would be eligible to receive a bonus of \$21,812 upon completion of each milestone (based on a \$1.0906 U.S. Dollar to Euro exchange rate as of January 1, 2016). If Mr. Carter achieved all specified milestones by specified dates, he would be eligible to receive a total bonus of \$20,000 upon completion of all milestones.

For 2015, the following table shows the targets and amounts earned by Mr. Belliveau and Mr. Carter under his 2015 sales commission plan:

	Target 2015 Commission	Target 2015 Bonus	2015 Commission Earned(4)	Target 2015 Bonus Earned(6)
Vincent Belliveau	\$ 327,600	(1)\$ 21,812	(3)\$ 191,999	(5)\$ —
David Carter	\$ 372,000	(2)\$ 20,000	\$ 237,721	\$ 5,000

(1) This amount represents the total performance-based commissions that would be earned under the commission plan if (i) Mr. Belliveau achieved the sales quota established under his commission plan and (ii) the percentage of the sales quota attributable to software revenue and service revenue, respectively, is consistent with the Company's projections.

(2) This amount represents the total performance-based commissions that would be earned under the commission plan if (i) Mr. Carter achieved the sales quota established under his commission plan and (ii) the percentage of the sales quota attributable to software revenue and service revenue, respectively, is consistent with the Company's projections.

(3) Mr. Belliveau's target 2015 bonus was €20,000. Amounts have been converted into U.S. Dollars at a rate of \$1.0906 Dollars per Euro, the exchange rate in effect on January 1, 2016.

(4) This amount represents the total performance-based commissions earned by Mr. Belliveau and Mr. Carter under the 2015 commission plan, including incremental revenue from renewals. Each executive also earned additional commissions for second-year revenue and third-year revenue received by us in 2015 with respect to client agreements entered into in prior years under sales commission plans established in such years for each such executive, which commission amounts are not reflected in this amount. In addition to the amounts presented in this table, Messrs. Belliveau and Carter are expected to earn an additional \$80,912 and \$111,823, respectively, in performance-based commissions in 2016 in connection with software and services revenue that (i) was invoiced by us in 2015 under contracts entered into in 2015 but (ii) had not been received by us as of the end of 2015. (The \$80,912 expected to be received by Mr. Belliveau in 2015 has been converted from Euros into U.S. Dollars at the exchange rates in effect when the payments were made. For the commissions earned in 2015 under the 2015 sales commission plan and under plans established for prior years, see the non-equity incentive plan compensation column of the Summary Compensation Table below.

(5) Amount represents the sum of payments made to Mr. Belliveau converted from Euros into U.S. Dollars at the exchange rates in effect when the payments were made.

(6) Represents milestone bonuses paid upon the achievement of certain milestone sales targets.

Long-Term Incentives

We grant equity awards to motivate and reward our NEOs for achieving long-term performance goals as reflected in the value of our common stock, which we believe aligns the interests of our NEOs with those of our stockholders. Such awards typically are granted in or about July of a given year. Historically, the equity awards we have granted pursuant to our equity incentive plans have been limited to stock options and restricted stock units. In 2014, the Compensation Committee also granted special awards of performance-based restricted stock units to further incentivize our executives to drive long-term growth and promote alignment of our stockholders' interests with the financial interests of our NEOs. No such special awards were granted in 2015, and no such special awards are currently expected to be granted.

In determining equity incentive awards for our NEOs, our Compensation Committee considered a number of factors, including the executive's position with us and his or her total compensation package as well as the executive's contribution to the success of our financial performance and the equity compensation practices of our peer group. Our Compensation Committee granted equity awards to reward both the achievement of long-term goals and to provide a powerful retention tool. Stock options increase stockholder value and reward achievement of our long-term strategic goals since the value of the stock options are directly related to the value of our common stock while restricted stock units provide individuals with immediate retention value because they have no purchase price (but are subject to

vesting).

Annual 2015 Grants

On July 9, 2015, each of Messrs. Wallack, Carter, Belliveau, Goldin and Ms. Helvey was granted a stock option to purchase 56,000 shares of our common stock. Each stock option has an exercise price equal to the fair market value of our common stock on the date of grant as determined by our board of directors and is scheduled to vest over a four-year period with 1/4th of the shares subject to the stock option scheduled to vest on the first anniversary of the grant date and 1/48th of the shares subject to the option scheduled to vest monthly thereafter, in all cases subject to the individual continuing to provide services to us through each such date.

30

To additionally incentivize Messrs. Wallack, Carter, Belliveau and Goldin and Ms. Helvey to achieve our long-term strategic goals, thereby increasing stockholder value, and to provide executives a further retention incentive, on July 9, 2015, each of Messrs. Wallack, Carter, Belliveau and Goldin and Ms. Helvey was granted an award of 23,500 restricted stock units covering shares of our common stock. The restricted stock units will be fully vested over a four-year period with 1/4th of the restricted stock units scheduled to vest on each of the first four anniversaries of the grant date, in all cases subject to the individual continuing to provide services to us through each such date.

CEO Equity Grant Considerations

In 2015, despite strong Company performance, we did not grant any equity to our CEO, Mr. Miller. This decision by the Compensation Committee is not indicative of the Compensation Committee's view of Mr. Miller's leadership as our CEO. In exercising its discretion not to grant any equity to Mr. Miller, the Compensation Committee considered a number of factors unrelated to our CEO's performance, including the results of our 2015 advisory stockholder vote on our NEO compensation program and the special awards made during fiscal year 2014, which cover a multi-year period.

As part of this decision, the Compensation Committee determined that it will not offset or provide future consideration to Mr. Miller as a result of not making an equity grant in 2015. The Compensation Committee continues to believe it is important to grant equity awards to our NEOs, both for retention purposes and to align the interests of our NEOs with those of our stockholders. Accordingly, the Compensation Committee expects to grant Mr. Miller equity awards in 2016 in the normal course of its annual review of equity compensation.

COMPENSATION GOVERNANCE

Stock Ownership Guidelines

In 2016, we adopted formal stock ownership guidelines for certain employees, including our NEOs. Under our ownership guidelines, our CEO is expected to accumulate and hold a number of shares of the Company's common stock with a value equal to ten times his annual base salary, and our other NEOs are expected to accumulate and hold a number of shares of the Company's common stock with a value equal to three times his or her annual base salary. The NEOs are expected to satisfy the ownership guidelines within five years from the adoption of the guidelines (or the individual's date of hire for individuals hired after the effective date). For the purposes of these guidelines, stock ownership includes shares owned outright by the NEO or his or her immediate family members; shares held in trust, limited partnerships, or similar entities for the benefit of the NEO or his or her immediate family members, but beneficially owned by the NEO; shares held in retirement or deferred compensation accounts for the benefit of the NEO or his or her immediate family members; shares subject to restricted stock units or other full-value awards ("Full-Value Awards") that have vested, but for which the NEO has elected to defer the settlement of the award to a date beyond the date of vesting; and shares subject to Full-Value Awards that are unvested and for which the only requirement to earn the award is continued service to the Company. In addition, in the event the applicable ownership threshold is not satisfied as of or following the applicable deadline, NEOs are required to hold 50% of net after-tax shares until the applicable guideline has been met. All of our NEOs currently meet their respective stock ownership guidelines.

Anti-Hedging and Pledging Policy

Our insider trading policy includes an anti-hedging policy, which prohibits our executive officers and directors from engaging in transactions in publicly-traded options, such as puts and calls, and other derivative securities with respect to the Company's securities unless otherwise permitted by our board of directors. This prohibition extends to any hedging or similar transaction designed to decrease the risks associated with holding Company securities. Stock options, stock appreciation rights, and other securities issued pursuant to Company benefit plans or other compensatory arrangements with the Company are not subject to this prohibition.

Our insider trading policy also includes an anti-pledging policy, which prohibits our executive officers and directors from pledging Company securities as collateral for loans.

Compensation Recovery Policies

In April 2016, we adopted a clawback policy applicable to our executive officers. If a majority of the independent members of our board of directors determines that an officer's misconduct caused us to materially restate all or a portion of our financial statements, the board may require the officer to repay incentive compensation that would not

have been payable absent the material restatement. This policy applies to all incentive compensation, excluding equity awards granted prior to the adoption of the policy, based on financial statements filed during the three years prior to the material restatement. Our Compensation Committee intends to revisit our clawback policy after the SEC adopts final rules implementing the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Employment Contracts, Termination of Employment and Change-In-Control Agreements

Our board of directors believes that maintaining a stable and effective management team is essential to our long-term success and achievement of our corporate strategies, and is therefore in the best interests of our stockholders. We have entered into employment agreements or Change of Control Severance Agreements with each of our NEOs that provide for, in certain instances, base salary, bonuses and/or sales commissions, employee benefit plan participation, and severance or other payments upon a qualifying termination of employment or change of control. These agreements provide the NEOs with assurances of specified severance benefits in the event that their employment is terminated and such termination is a qualifying termination. For more detail, see “Offer Letters and Employment Agreements; Potential Payments Upon Termination, Change in Control or Upon Termination Following Change in Control.”

We recognize that these severance benefits may be triggered at any time. Nonetheless, we believe that it is imperative to provide these individuals with these benefits to secure their continued dedication to their work, notwithstanding the possibility of a termination by us, and to provide them with additional incentives to continue employment with us. In determining appropriate severance payment and benefit levels for our NEOs, our Compensation Committee and our board of directors relied on a number of factors, including their experience with and understanding of current market practice, relative severance packages within the Company, and current severance arrangements. The level of benefits and triggering events to receive such benefits were chosen to be broadly consistent with our Compensation Committee’s and our board of directors’ view of prevailing competitive practices. The final severance payment and benefit levels were determined after extensive negotiations with each NEO and were evaluated in terms of the overall compensation packages for each NEO.

We also recognize that the possibility that we may in the future undergo a change in control, and that this possibility, and the uncertainty it may cause among our NEOs, may result in their departure or distraction to the detriment of our company and our stockholders. Accordingly, our board of directors and Compensation Committee decided to take appropriate steps to encourage the continued attention, dedication and continuity of certain key executives to their assigned duties without the distraction that may arise from the possibility or occurrence of a change in control. As a result, we have entered into agreements with certain of our NEOs that provide additional benefits in the event of a change in control. For more detail, see “Offer Letters and Employment Agreements; Potential Payments Upon Termination, Change in Control or Upon Termination Following Change in Control.”

We consider these severance protections to be an important part of our NEOs’ compensation. These arrangements are consistent with our overall compensation objectives because we believe such arrangements are competitive with arrangements offered to executives by companies with whom we compete for executives and are critical to achieve our business objective of management retention. We believe that this severance protection is competitively necessary to retain our NEOs and is imperative to (i) secure the continued dedication and objectivity of our NEOs, including in circumstances where we may undergo a change of control, and (ii) provide the NEOs with an incentive to continue employment with us and motivate them to maximize our value for the benefit of our stockholders.

Compensation Risk Assessment

In establishing and reviewing our overall compensation program, our Compensation Committee and our board of directors consider whether the compensation program and its various elements encourage or motivate our NEOs or other employees to take excessive risks. We believe that our compensation program and its elements are designed to encourage our employees to act in our long-term best interests and are not reasonably likely to have a material adverse effect on our business. In particular, our Compensation Committee has reviewed the elements of our executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

- our allocation of compensation between cash compensation and long-term equity compensation, combined with our typically 48-month vesting schedule, discourages short-term risk taking;
- our approach of goal setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking;
- our compensation decisions include subjective considerations, which restrain the influence of formulae or objective factors on excessive risk taking; and

our business does not face the same level of risks associated with compensation for employees at financial services (traders and instruments with a high degree of risk).

32

Benefits and Tax Considerations

Broad-Based Employee Benefits

Our compensation program for our NEOs also includes employee benefits that are generally available to our other employees. These benefits include medical, dental, vision, long-term disability and life insurance benefits, as well as flexible spending accounts. We also periodically provide meals on premise to employees in our offices. Our NEOs receive these benefits on the same basis as our other full-time U.S. employees. Offering these benefits serves to attract and retain employees, including our NEOs. We anticipate that we will periodically review our employee benefits programs in order to ensure that they continue to serve these purposes and remain competitive.

We have established a tax-qualified Section 401(k) retirement savings plan for our employees generally, subject to standard eligibility requirements. Under this plan, participants may elect to make pre-tax contributions to the plan of up to a certain portion of their current compensation, not to exceed the applicable statutory income tax limitation. We provide for a match of employees' contributions in an amount equal to 50% of an employee's contributions up to \$2,400 per year. Matching amounts vest over four years, beginning at the employee's employment start date. Accordingly, all matching amounts will have fully vested on the fourth anniversary of the start date, regardless of when the matching amounts were contributed. The plan currently qualifies under Section 401(a) of the Internal Revenue Code, such that contributions to the plan, and income earned on those contributions, are not taxable to participants until withdrawn from the plan.

We have also established the 2010 Employee Stock Purchase Plan, or ESPP, which our board of directors has adopted and which our stockholders approved. Our NEOs are eligible to participate in the ESPP on the same basis as our other full-time U.S. employees.

Tax Considerations

Based on the limitations imposed by Section 162(m) of Internal Revenue Code, we generally cannot deduct compensation paid to our Chief Executive Officer and to certain other highly compensated officers that exceeds \$1,000,000 per person in any fiscal year for federal income tax purposes, unless it is "performance-based," as defined under Section 162(m). While mindful of the benefit to us of the full deductibility of compensation, our Compensation Committee has believed historically that it should not be constrained by the requirements of Section 162(m) where those requirements would impair flexibility in compensating the members of our executive team in a manner that can best promote our corporate objectives, which our Compensation Committee believes aligns our executive officers' interests with our stockholders' interests, and thus is in the best interests of our stockholders. While we cannot predict how the Section 162(m) deductibility limit may affect our compensation program in future years, we intend to maintain an approach to executive compensation that strongly links pay to performance. In addition, although we have not adopted a formal policy regarding tax deductibility of compensation paid to our NEOs, we intend to consider tax deductibility under Section 162(m) as one factor in our compensation decisions.

We have not provided our executives or directors with any gross-up or other reimbursement for tax amounts that these individuals might pay pursuant to Section 280G or Section 409A of the Internal Revenue Code. Section 280G and related Internal Revenue Code sections provide that executive officers, directors who hold significant stockholder interests, and certain other service providers, could be subject to significant additional taxes if they receive payments or benefits in connection with a change in control that exceeds certain limits, and also that we or our successor could lose the ability to deduct on our corporate taxes the amounts subject to the additional tax. In addition, Section 409A imposes significant taxes on an executive officer, director or other service provider who receives "deferred compensation" that does not meet the requirements of Section 409A.

- (13) \$3,852,960. This award was terminated without any shares being issued as we did not achieve the required revenue levels to meet the threshold in 2014. Excluding the terminated award, Mr. Miller's total grant date fair value for 2014 was \$4,760,000.
- This amount includes performance-based restricted stock units granted on December 14, 2014 which were valued using a Monte Carlo simulation to estimate the grant date fair value of this award. The valuation factored in the
- (14) probability of the award vesting, in which eligibility was determined based on our performance with respect to initial revenue guidance for each of fiscal 2015 and 2016 and the measurement of our TSR against the TSR of companies listed in the NASDAQ Composite Index.

The restricted stock units and stock option grants to purchase shares of our common stock were made under our (1) 2010 Equity Incentive Plan and are subject to service-based vesting requirements. The exercise prices of the options were equal to the fair market value of our common stock on the date of grant.

Reflects the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. The assumptions used in the valuation of these awards are set forth herein or in the notes to our consolidated financial statements, (2) which are included in our Annual Report on Form 10-K for the year ended December 31, 2015, filed with the SEC on February 26, 2016. These amounts do not necessarily correspond to the actual value that may be realized by the NEO.

The non-equity incentive plan compensation earned by Messrs. Carter and Belliveau was paid under their respective sales commission plans, not under our 2015 Executive Compensation Plan. In each case, the sales executive received a sales commission, of which a portion was allocated to subscription revenue and a portion was (3) allocated to services revenue. In addition, each sales commission plan established a sales quota and certain milestone sales targets. The target amount represents the amount to be earned in 2015 assuming (i) that the full sales quota and all milestone sales targets were met, (ii) any contingencies such as a material customization which may impair or delay revenue recognition has cleared, and (iii) that none of the sales contracts entered into were renewals. For more information, see “— Compensation Discussion and Analysis — Sales Commission Plan.”

Amount has been converted from Euros into U.S. Dollars at a rate of \$1.0906 per Euro, the exchange rate in effect on January 1, 2016.

Offer Letters and Employment Agreements; Potential Payments Upon Termination, Change in Control or Upon Termination Following Change in Control

Adam Miller

On November 8, 2010, we entered into an employment agreement with Mr. Miller, our Chief Executive Officer and President. In the event that we terminate Mr. Miller without cause or if Mr. Miller terminates his employment for good reason, and in either event the termination does not occur during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Miller will receive: (i) continued payments of his base salary for 18 months, (ii) 150% of his average actual bonus for the three-year period prior to the year in which the termination occurs, (iii) 18 months of acceleration of all unvested equity awards, (iv) the payment of premiums for continued health, dental and vision benefits for Mr. Miller (and any eligible dependents) for up to 18 months, and (v) any earned but unpaid bonus amounts.

In the event that we terminate Mr. Miller without cause or if Mr. Miller terminates his employment for good reason, and in either event the termination occurs during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Miller will receive: (i) a lump-sum payment equal to the sum of 18 months' of base salary plus 150% of his target annual bonus, (ii) full acceleration of all unvested equity awards with a 12-month post termination exercise period (unless the options expire earlier), (iii) the payment of premiums for continued health, dental and vision benefits for Mr. Miller (and any eligible dependents) for up to 18 months, and (iv) any earned but unpaid bonus amounts.

The severance payments discussed above are subject to Mr. Miller signing and not revoking a release of claims and continuing to comply with his confidentiality and employment agreements.

Mr. Miller's employment agreement also provides that in the event that the severance payments and other benefits payable to Mr. Miller constitute "parachute payments" under Section 280G of the Internal Revenue Code of 1986, as amended, and would be subject to the applicable excise tax, then the severance benefits will be either (i) delivered in

full or (ii) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by Mr. Miller of the greatest amount of benefits on an after-tax basis.

The following table shows the pre-tax payments that Mr. Miller would have received under the terms of his employment agreement if a trigger event had occurred on December 31, 2015:

Benefits and Payments upon Trigger Event	Terminated Without Cause or Terminates for Good Reason in Connection with a Change of Control(1)	Terminated Without Cause or Terminates for Good Reason not in Connection with a Change of Control(1)
Severance payments attributable to base salary(2)(3)	\$ 637,500	\$ 637,500
Severance payments attributable to bonus	637,500	(4) 520,625
Acceleration of equity awards(5)	354,408	(6) 354,408
Company-paid premiums(7)	29,751	29,751
Total	\$ 1,659,159	\$ 1,542,284

(1) A termination is considered to be “in connection with a change of control” if Mr. Miller’s employment with us is either (i) terminated by us without cause or (ii) terminated by Mr. Miller for good reason, and in either event, during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control.

(2) Severance payments will be paid in a lump sum upon a qualifying termination in connection with a change of control or in continuing payments upon a qualifying termination that is not in connection with a change of control.

(3) Calculations are based on a base salary of \$425,000, which is the base salary that was in effect as of December 31, 2015.

(4) Calculations are based on a target bonus amount of \$425,000, which is the target bonus amount that was in effect under the 2015 Executive Compensation Plan. See the Grants of Plan-Based Awards Table for 2015 above.

(5) The value of the accelerated options was calculated by multiplying (x) the number of shares subject to acceleration by (y) the difference between \$34.53, the closing price per share of our common stock on the NASDAQ Global Select Market on December 31, 2015, and the per share exercise price of the accelerated options. The value of the accelerated restricted stock units was calculated by multiplying (x) the number of restricted stock units subject to acceleration by (y) \$34.53, the closing price per share of our common stock on the NASDAQ Global Select Market on December 31, 2015.

(6) Assuming that Mr. Miller had terminated without cause or terminated for good reason in connection with a change of control as of December 31, 2015, the performance-based restricted stock units granted in both July and December 2014 would not have resulted in any shares vesting. The eligible shares were calculated using the closing price of the Company and the related market index at December 31, 2015.

(7) Represents the value of premiums paid by us for continued health, dental, and vision plans for Mr. Miller (and his eligible dependents) for 18 months.

As used in Mr. Miller’s employment agreement, the terms “cause,” “change of control” and “good reason” have the meanings set forth below under the heading “Definitions for the Employment Agreements of Messrs. Miller and Wallack.”
Perry Wallack

On November 8, 2010, Mr. Wallack, our Chief Financial Officer, entered into an employment agreement with us that superseded a prior employment agreement entered into on May 10, 2007. In the event that we terminate Mr. Wallack without cause or if Mr. Wallack terminates his employment for good reason, and in either event the termination does not occur during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Wallack will receive: (i) continued payments of his base salary for 12 months, (ii) 100% of his average actual bonus for the three-year period prior to the year in which

the termination occurs, (iii) 12 months of acceleration of all unvested equity awards, (iv) the payment of premiums for continued health, dental and vision benefits for Mr. Wallack (and any eligible dependents) for up to 12 months, and (v) any earned but unpaid bonus amounts.

40

In the event that we terminate Mr. Wallack without cause or if Mr. Wallack terminates his employment for good reason, and in either event the termination occurs during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control, Mr. Wallack will receive: (i) a lump-sum payment equal to the sum of 12 months' of base salary plus 100% of his target annual bonus, (ii) full acceleration of all unvested equity awards with a 12-month post termination exercise period (unless the options expire earlier), (iii) the payment of premiums for continued health, dental and vision benefits for Mr. Wallack (and any eligible dependents) for up to 12 months, and (iv) any earned but unpaid bonus amounts.

The severance payments discussed above are subject to Mr. Wallack signing and not revoking a release of claims and continuing to comply with his confidentiality and employment agreements.

Mr. Wallack's employment agreement also provides that in the event that the severance payments and other benefits payable to Mr. Wallack constitute "parachute payments" under Section 280G of the Internal Revenue Code of 1986, as amended, and would be subject to the applicable excise tax, then the severance benefits will be either (i) delivered in full or (ii) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by Mr. Wallack of the greatest amount of benefits on an after-tax basis.

The following table shows the pre-tax payments that Mr. Wallack would have received under the terms of his employment agreement if a trigger event had occurred on December 31, 2015:

(1) A termination is considered to be "in connection with a change of control" if Mr. Wallack's employment with us is either (i) terminated by us without cause or (ii) terminated by Mr. Wallack for good reason, and in either event, during the period beginning three months prior to the consummation of a change of control and ending 18 months following the consummation of a change of control.

(2) Severance payments will be paid in a lump sum upon a qualifying termination in connection with a change of control or in continuing payments upon a qualifying termination that is not in connection with a change of control.

(3) Calculations are based on a base salary of \$325,000, which is the base salary that was in effect as of December 31, 2015.

(4) Calculations are based on a target bonus amount of \$227,500, which is the target bonus amount that was in effect under the 2015 Executive Compensation Plan. See the Grants of Plan-Based Awards Table for 2015 above.

(5) The value of the accelerated options was calculated by multiplying (x) the number of shares subject to acceleration by (y) the difference between \$34.53, the closing price per share of our common stock on the NASDAQ Global Select Market on December 31, 2015, and the per share exercise price of the accelerated options. The value of the accelerated restricted stock units was calculated by multiplying (x) the number of restricted stock units subject to acceleration by (y) \$34.53, the closing price per share of our common stock on the NASDAQ Global Select Market on December 31, 2015.

(6) Assuming that Mr. Wallack had terminated without cause or terminated for good reason in connection with a change of control as of December 31, 2015, the performance-based restricted stock units granted in December

2015 would not have resulted in any shares vesting. The eligible shares were calculated using the closing price of the Company and the related market index at December 31, 2015.

(7) Represents the value of premiums paid by us for continued health, dental, and vision plans for Mr. Wallack (and his eligible dependents) for 12 months.

As used in Mr. Wallack's employment agreement, the terms "cause," "change of control" and "good reason" have the meanings set forth below under the heading "Definitions for the Employment Agreements of Messrs. Miller and Wallack."

Definitions for the Employment Agreements of Messrs. Miller and Wallack

As used in the employment agreements of Messrs. Miller and Wallack, the terms below have the following meanings: The term “cause” means: (i) an act of material dishonesty made by the executive in connection with his carrying out his job responsibilities to us intended to result in his substantial personal enrichment, (ii) the executive’s conviction of, or plea of nolo contendere to, a felony which our board of directors reasonably believes had or will have a material detrimental effect on our reputation or business, (iii) a willful act by the executive which constitutes gross misconduct and which is injurious to us or our affiliates, (iv) the executive’s willful and material breach of the employment agreement, including without limitation his intentional failure to perform his stated duties, and his continued failure to cure such breach to the reasonable satisfaction of our board of directors within 10 days following written notice of such breach to the executive, and (v) the executive’s material violation of a company policy that results in a material detrimental effect on our reputation or business.

The term “change of control” means the occurrence of any of the following: (i) a change in our ownership which occurs on the date that any one person, or more than one person acting as a group (“Person”), acquires ownership of our stock that, together with the stock held by such Person, constitutes more than 50% of the total voting power of our stock; provided, however, that for purposes of this subsection (i), the acquisition of additional stock by any one Person, who is considered to own more than 50% of the total voting power of our stock will not be considered a change of control, or (ii) a change in our effective control which occurs on the date that a majority of members of our board of directors (each, a “Director”) is replaced during any 12-month period by Directors whose appointment or election is not endorsed by a majority of the members of our board of directors prior to the date of the appointment or election. For purposes of this subsection (ii), if any Person is considered to be in effective control of us, the acquisition of additional control of us by the same Person will not be considered a change of control, or (iii) a change in the ownership of a substantial portion of our assets which occurs on the date that any Person acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) our assets that have a total gross fair market value equal to or more than 50% of the total gross fair market value of all of our assets immediately prior to such acquisition or acquisitions; provided, however, that for purposes of this subsection (iii), the following will not constitute a change in the ownership of a substantial portion of our assets: (A) a transfer to an entity that is controlled by our stockholders immediately after the transfer, or (B) a transfer of assets by us to: (1) a stockholder of our company (immediately before the asset transfer) in exchange for or with respect to our stock, (2) an entity, 50% or more of the total value or voting power of which is owned, directly or indirectly, by us, (3) a Person, that owns, directly or indirectly, 50% or more of the total value or voting power of all of our outstanding stock, or (4) an entity, at least 50% of the total value or voting power of which is owned, directly or indirectly, by a Person described in this subsection (iii)(B)(3). For purposes of this subsection (iii), gross fair market value means the value of our assets, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets. For purposes of this definition of change of control, persons will be considered to be acting as a group if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar business transaction with us. Notwithstanding the foregoing, a transaction will not be deemed a change of control unless the transaction qualifies as a change in control event within the meaning of Code Section 409A. Further, the completion of an underwritten public offering of our common stock will not constitute a change of control and a transaction will not constitute a change of control if: (i) its sole purpose is to change our state of incorporation, or (ii) its sole purpose is to create a holding company that will be owned in substantially the same proportions by the persons who held the our securities immediately before such transaction. In addition, a transaction must actually be consummated in order for there to be a change of control.

The term “good reason” means without the executive’s express written consent: (i) a significant reduction or adverse change in his duties, position, reporting relationship or responsibilities, or the removal of him from such duties, position or responsibilities, (ii) a reduction by us in the executive’s base salary as in effect immediately prior to such reduction unless (a) such reduction is part of a salary reduction plan across our entire senior management team, (b) such reduction does not have a disproportionate effect on the executive in comparison to other members of our senior management team and (c) such reduction is not in excess of 10% of the executive’s base salary, (iii) a material reduction by us in the kind or level of benefits to which the executive was entitled immediately prior to such reduction

with the result that the executive's overall benefits package is significantly reduced disproportionately to other members of senior management, (iv) our material breach of a term of the employment agreement or any other agreement between us and the executive, including our failure to obtain assumption of the employment agreement by any successor, and (v) the relocation of the executive to a facility or a location more than 35 miles from his then present employment location. In addition, the executive must provide us written notice of the existence of the one or more of the above conditions within 90 days of its initial existence and we must be provided with 30 days to cure the condition. If the condition is not cured within such 30-day period, the executive must terminate employment within 30 days of the end of such cure period in order to qualify as a termination for good reason.

David J. Carter

In April 2013, Mr. Carter entered into a change of control severance agreement with us that superseded any rights to severance and/or change of control benefits in his amended and restated employment agreement entered onto on November 8, 2010. The severance agreement has an initial term of three years. Thereafter, the severance agreement will renew automatically for additional one-year terms unless either party provides the other with written notice of non-renewal at least 90 days prior to the date of automatic renewal.

If the Company terminates Mr. Carter’s employment with the Company without cause or if Mr. Carter resigns for good reason, and, in each case, such termination occurs outside the period beginning three months prior to, and ending 12 months following, a change of control (such period, the “change of control period”), then Mr. Carter will receive: (i) a lump-sum payment equal to 100% of his base salary, (ii) the payment of premiums for continued COBRA coverage for Mr. Carter (and his eligible dependents) for up to 12 months, (iii) nine months of acceleration of all unvested equity awards, and (iv) all accrued compensation.

If the Company terminates Mr. Carter’s employment with the Company without cause or if Mr. Carter resigns for good reason, and, in each case, such termination occurs during the change of control period, then Mr. Carter will receive: (i) a lump-sum payment equal to 100% of his base salary, (ii) a lump-sum payment equal to 100% of his target bonus and commission for the year of termination (whether established on a quarterly, semi-annual, annual and/or other periodic basis), (iii) the payment of premiums for continued COBRA coverage for Mr. Carter (and his eligible dependents) for up to 12 months, (iv) full acceleration of all unvested equity awards with a 12-month post-termination exercise period (unless the awards expire earlier), and (v) all accrued compensation.

If the Company terminates Mr. Carter’s employment with the Company as a result of his disability or due to his death, then Mr. Carter’s outstanding and unvested equity awards will vest as if Mr. Carter’s termination were treated as a termination without cause (and either within or outside of the change of control period, as applicable).

The severance payments discussed above are subject to Mr. Carter signing and not revoking a separation agreement and release of claims and continuing to comply with his confidentiality agreement.

Mr. Carter’s severance agreement also provides that in the event that the severance payments and other benefits payable to Mr. Carter constitute “parachute payments” under Section 280G of the Internal Revenue Code of 1986, as amended, and would be subject to the applicable excise tax, then the severance benefits will be either (i) delivered in full or (ii) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by Mr. Carter of the greatest amount of benefits on an after-tax basis.

The following table shows the pre-tax payments that Mr. Carter would have received under the terms of his severance agreement if the severance agreement was in place as of December 31, 2015 and if a trigger event had occurred on December 31, 2015:

Vincent Belliveau

In April 2014, Mr. Belliveau entered into a change of control severance agreement with us that superseded any rights to severance and/or change of control benefits in his amended and restated employment agreement entered onto on February 10, 2011. The severance agreement has an initial term of three years. Thereafter, the severance agreement will renew automatically for additional one-year terms unless either party provides the other with written notice of non-renewal at least 90 days prior to the date of automatic renewal.

Mark Goldin

In April 2013, Mr. Goldin entered into a severance agreement with us that superseded any rights to severance and/or change of control benefits in his employment agreement entered into on May 24, 2010. Mr. Goldin’s severance agreement has the same terms and conditions as Mr. Carter’s severance agreement as described above.

The following table shows the pre-tax payments that Mr. Goldin would have received under the terms of his severance agreement if the severance agreement was in place as of December 31, 2015 and if a trigger event had occurred on December 31, 2015:

In April 2013, Ms. Helvey entered into a severance agreement with us. Ms. Helvey’s severance agreement has the same terms and conditions as Mr. Carter’s severance agreement as described above.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General

Our Audit Committee has selected PricewaterhouseCoopers LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2016, which will include an audit of the effectiveness of our internal control over financial reporting. PricewaterhouseCoopers LLP and its predecessor entities have audited our financial statements since fiscal 1999. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions. Stockholder ratification of the selection of PricewaterhouseCoopers LLP is not required by our bylaws or other applicable legal requirements. However, our board of directors is submitting the selection of PricewaterhouseCoopers LLP to our stockholders for ratification as a matter of good corporate practice. In the event that this selection of an independent registered public accounting firm is not ratified by the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy, the appointment of the independent registered public accounting firm will be reconsidered by our Audit Committee. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of a different accounting firm at any time during the year if our Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

The following table sets forth the approximate aggregate fees billed to us by PricewaterhouseCoopers LLP for the fiscal years ended December 31, 2015 and 2014, respectively:

Policy on Audit Committee's Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our Audit Committee has established a policy governing our use of the services of an independent registered public accounting firm. Under this policy, our Audit Committee is required to review and, as appropriate, pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services and tax services, as well as specifically designated non-audit services which, in the opinion of our Audit Committee, will not impair the independence of our independent registered public accounting firm. Pre-approval generally is provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and generally is subject to a specific budget. Our independent registered public accounting firm and our management are required to periodically report to our Audit

Committee regarding the extent of services provided by our independent

48

registered public accounting firm in accordance with this pre-approval, including the fees for the services performed to date. In addition, our Audit Committee also may pre-approve particular services on a case-by-case basis, as necessary or appropriate.

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who beneficially own more than 10% of our common stock, to file with the SEC reports about their ownership of our common stock and other equity securities. Such directors, officers and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the reports provided to us and on representations received from our directors and executive officers that no annual Form 5 reports were required to be filed by them, we believe that all of our directors and executive officers, and persons who beneficially own more than 10% of our common stock, complied with all Section 16(a) filing requirements applicable to them with respect to transactions during fiscal year 2015.

Stockholder Proposals

Stockholder Proposals for 2017 Annual Meeting of Stockholders

The submission deadline for stockholder proposals to be included in our proxy materials for our 2017 Annual Meeting of Stockholders pursuant to Rule 14a-8 of the Exchange Act is December 30, 2016 except as may otherwise be provided in Rule 14a-8. All such proposals must be in writing and received by our Secretary at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404 by close of business on the required deadline in order to be considered for inclusion in our proxy materials for our 2017 Annual Meeting of Stockholders. Submission of a proposal before the deadline does not guarantee its inclusion in our proxy materials.

Advance Notice Procedure for 2017 Annual Meeting of Stockholders

Under our bylaws, director nominations and other business may be brought at an annual meeting of stockholders only by or at the direction of our board of directors or by a stockholder entitled to vote who has submitted a proposal in accordance with the requirements of our bylaws as in effect from time to time. For our 2017 Annual Meeting of Stockholders, a stockholder notice must be received by our Secretary at Cornerstone OnDemand, Inc., 1601 Cloverfield Blvd., Suite 620 South, Santa Monica, California 90404, no earlier than February 13, 2017 and no later than March 15, 2017. However, if our 2017 Annual Meeting of Stockholders is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of our 2016 Annual Meeting of Stockholders, then, for notice by the stockholder to be timely, it must be received by our Secretary not earlier than the close of business on the 120th day prior to our 2017 Annual Meeting of Stockholders and not later than the close of business on the later of (i) the 90th day prior to our 2017 Annual Meeting of Stockholders, or (ii) the tenth day following the day on which public announcement of the date of such annual meeting is first made. Please refer to the full text of our advance notice bylaw provisions for additional information and requirements. A copy of our bylaws may be obtained by writing to our Secretary at the address listed above.

Stockholders Sharing the Same Address

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as “householding,” permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to our stockholders. Under this process, multiple stockholders sharing an address will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Any stockholders who object to or wish to begin householding may notify Broadridge Householding Department by phone at 1-800-542-1061 or by mail to Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717.
