Item 11. EXECUTIVE COMPENSATION.

The Compensation Committee of our Board of Directors has the responsibility of developing and overseeing a comprehensive compensation philosophy, with strategies and principles that have the support of the Board of Directors and management, and that ensure the fair and consistent administration of our compensation program. The Compensation Committee makes recommendations to the full Board for approval relating to the total compensation to be paid to the Named Executive Officers, including salary, performance bonus, equity awards, long-term awards, benefits and perquisites.

Philosophy and Objectives of Our Compensation Program

The primary objectives of the Compensation Committee are to ensure that our executive compensation and benefits programs are structured to: attract and retain executive talent by offering compensation that is competitive with pay at other companies of a similar size in the same or similar industries; safeguard our interests and the interests of our stockholders; and cost-efficient and fair to our employees, management and stockholders.

Our Compensation Committee believes that an effective compensation program is one that provides certain incentives, while also providing a reasonable level of security to the Named Executive Officers through competitive base salaries and bonus opportunities. To this end, our executive compensation reflects a balance of cash and non-cash compensation. The Compensation Committee does not set a rigid target for these mixes, and the mix will necessarily vary from year to year based upon our underlying financial performance. Our incentive plans reward performance with time-based vesting in order to assist in employee retention.

Compensation Committee Purposes and Responsibilities

The Compensation Committee carries out the duties and responsibilities set forth below. These functions serve as a guide with the understanding that the committee may determine to carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal, or other conditions. The Compensation Committee also carries out any other responsibilities and duties delegated to it by the Board of Directors, from time to time, related to the purposes of the Compensation Committee.

In discharging its oversight role, the Compensation Committee is empowered to study or investigate any matter of interest or concern that the committee deems appropriate and shall have the sole authority to retain, without seeking Board approval, outside counsel or other experts for this purpose, including the authority to approve the fees payable to such counsel or experts and any other terms of retention.

Setting Compensation for Executive Officers and Directors

- Establish and review the overall compensation philosophy of the Company.
- Review and approve the Company's corporate goals and objectives relevant to the Chief Executive Officer and President and other executive officers' compensation, including annual performance objectives.
- Evaluate the performance of the Chief Executive Officer and President and other executive officers in light of those goals and objectives and, based on such evaluation, review and approve the annual salary, bonus, stock options, and other benefits, direct and indirect, of such officers.

- In determining the long-term incentive component of compensation for the Chief Executive Officer and President and other executive officers, the Committee considers (a) the Company's performance and relative stockholder return, (b) the value of similar incentive awards to the Chief Executive Officer and President and other executive officers at comparable companies, and (c) the awards given to the Company's Chief Executive Officer and President and other executive officers in past years. The Committee is not precluded from approving awards (with the ratification of the Board of Directors) as may be required to comply with applicable tax laws, such as Rule 162(m) of the Internal Revenue Code.
- In connection with executive compensation programs the Committee may: (a) review and recommend to the full Board of Directors, or approve, new executive compensation programs; (b) review on a periodic basis the operations of the Company's executive compensation programs to determine whether they are properly coordinated and achieving their intended purposes; (c) establish and periodically review policies for the administration of executive compensation programs; and (d) take steps to modify any executive compensation program that yields payments and benefits that are not reasonably related to executive and corporate performance.
 - Establish and periodically review policies in the area of senior management perquisites.
 - Consider policies and procedures pertaining to expense accounts of senior executives.
- Review and recommend to the full Board of Directors compensation of directors as well as directors and officers indemnification and insurance matters.
- Review and make recommendations to the full Board of Directors, or approve, any contracts or other transactions with current or former executive officers of the Company, including consulting arrangements, employment contracts, change-in-control, severance, or termination arrangements, and loans to employees made or guaranteed by the Company.

Monitoring Incentive and Equity-Based Compensation Plans

- Review and make recommendations to the Board of Directors with respect to the Company's incentive-compensation plans and equity-based plans, and review the activities of the individuals responsible for administering those plans.
- Review and approve all equity compensation plans of the Company that are not otherwise subject to the approval of the Company's stockholders.
- Review and make recommendations to the full Board of Directors, or approve all awards of shares or share options pursuant to the Company's equity-based plans.
 - Monitor compliance by executives with the rules and guidelines of the Company's equity-based plans.
- Select, retain, and/or replace, as needed, compensation and benefits consultants and other outside consultants to provide independent advice to the Committee. In that connection, in the event the Committee retains a compensation consultant, the Committee shall have the sole authority to approve such consultant's fees and other retention terms.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all determinations affecting the compensation for our Named Executive Officers, including our Chief Executive Officer and President, and recommends those determinations to the full Board of Directors for approval. Our Chief Executive Officer and President may attend meetings of the Compensation Committee as a non-voting advisory member, except that they are not present for any discussion of their own compensation. The Compensation Committee receives and carefully considers our Chief Executive Officer's and President's evaluations of all Named Executive Officers other than themselves, as well as their recommendations with respect to all components of compensation of the other Named Executive Officers. The Compensation Committee expressly reserves the right to exercise its discretion in modifying any adjustments or awards recommended by our Chief Executive Officer and President, although historically the committee has given significant weight to the recommendations of our Chief Executive Officer and President with respect to the other Named Executive Officers.

Principal Elements of our 2010 Compensation Program

The principal elements of compensation for our Named Executive Officers during fiscal year 2010 were as follows:

- base salary;
- brokerage commissions;
- incentive bonus;
- equity awards;
- corporate finance cash and non cash compensation; and
- other compensation or perquisites

Base Salary. Generally, we set executive base salaries at levels comparable with those of executives in similar positions and with similar responsibilities at comparable companies. We seek to maintain base salary amounts at or near the industry norms while avoiding paying amounts in excess of what we believe is necessary to motivate executives to meet corporate goals. Base salaries are generally reviewed annually, subject to terms of employment agreements, and our Compensation Committee will seek to adjust base salary amounts to realign such salaries with industry norms after taking into account individual responsibilities, performance and experience.

Brokerage Commissions. If the executive is a registered representative, part of the executive's total compensation is a percentage of the brokerage commissions with respect to customer accounts for which such individuals were the designated account representatives. We believe this form of additional compensation creates incentives for our executives.

Annual Cash Bonus. The Company previously adopted on an annual basis an incentive bonus plan that must be approved annually by the Compensation Committee that rewards senior management for their performance in building revenues and stockholder value of the Company and acts as an incentive to continue to improve performance. The most recent plan adopted by the Compensation Committee was for fiscal year 2007. No incentive bonus plan was approved for fiscal years 2008 or 2009. For fiscal years 2008 and 2009, the Company accrued bonuses for Messrs. Goldwasser and Sokolow as set forth in their respective employment agreements.

Equity Awards. We also use stock options and other stock-based awards to reward long-term performance. We believe that providing a meaningful portion of our executives' total compensation package in stock options and other stock-based awards will align the incentives of our executives with the interests of our stockholders and with our long-term success. The Compensation Committee develop their equity award determinations based on their judgments as to whether the complete compensation packages provided to our executives, including prior equity awards, are sufficient to retain, motivate and adequately award the executives.

Equity awards were granted through the 2006 Stock Option Plan, which was adopted by our stockholders in March 2006. The 2006 Plan will terminate when no further awards may be granted and awards granted are no longer outstanding, provided that options may not be granted after December 31, 2015. The 2008 Stock Option Plan was adopted by our stockholders in March 2008. The 2008 Plan will terminate when no further awards may be granted and awards granted are no longer outstanding, provided that options may not be granted after March 31, 2018. The plan is intended to comply with the regulations issued under Section 162(m) of the Internal Revenue Code of 1986, as amended, and is administered by our Compensation Committee. To the extent permitted under the provisions of the plan, the Compensation Committee has authority to determine the selection of participants, allotment of shares, price, vesting period and other conditions of awards.

Corporate Finance Compensation. In addition to cash compensation paid, as part of our corporate finance compensation, the Company generally receives underwriter or placement agent warrants exercisable to purchase securities similar to those sold to the public by the companies whose offerings we underwrite or privately place. The

warrants generally have a five-year expiration date, are subject to a restriction period and the exercise price is typically 100 percent to 120 percent of the price at which the securities are initially sold to the public. For the fiscal year ended September 30, 2010, some of the Company's senior officers and members of its corporate finance department were entitled to a portion of the underwriter or placement agent warrants received in the course of the Company's corporate finance activities. For the 2010 fiscal year, only members of our corporate finance department are entitled to such warrants. Such warrants are allocated in part based upon the individual's contribution to both the Company's overall business activities and the particular corporate finance transaction in which they are issued.

Other Compensation. We have established and maintain various employee benefit plans, including medical, dental, life insurance and 401(k) plans. These plans are available to all salaried employees and do not discriminate in favor of executive officers. Additionally, certain senior level management may have negotiated additional perquisites such as automobile allowances or club memberships.

Compensation Committee Report

This report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating the 10-K/A by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act (the "Acts"), except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Acts.

The Compensation Committee is responsible for reviewing and approving the compensation of the Company's Chief Executive Officer and recommending to the Board of Directors the compensation of the Company's other officers, consistent with employment contracts, where appropriate. The Committee believes the compensation paid to the Company's Executive Officers is competitive with companies within its industry that are comparable in size and by companies outside the industry with which the Company competes for executive talent.

The overall executive compensation philosophy is based upon the premise that compensation should be aligned with and support the Company's business strategy and long-term goals. The Company believes it is essential to maintain an executive compensation program that provides overall compensation competitive with that paid executives with comparable qualifications and experience. This is critical to attract and retain competent executives.

Annual cash bonuses are determined by the Compensation Committee. Stock options may be granted to key employees of the Company pursuant to the Company's stock option plan that provides additional incentive to maximize stockholder value. The plans may also utilize vesting periods to encourage option recipients to continue in the employ of the Company. The Company grants stock options to its officers, directors, employees, investment executives and consultants.

The Compensation Committee regularly evaluates its policies with respect to executive compensation. The Compensation Committee believes that a combination of salary, commissions, as applicable, bonus, and stock options provides a mix of short and long-term rewards necessary to attract motivate and retain an excellent management team.

The Company believes it has complied with the requirements of Section 162 (m) of the Internal Revenue Code of 1986, as amended, during fiscal 2010 and for the foreseeable future.

Based on the above review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis as of and for the fiscal year ended September 30, 2010 be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2010.

Compensation of the Chief Executive Officer and President. On July 1, 2008, concurrent with the closing of the merger of the Company and vFinance, Inc., Messrs. Goldwasser and Sokolow (the "Executives") each entered into substantially identical five-year employment agreements with us, pursuant to which Mr. Goldwasser is employed by us as Chairman and Chief Executive Officer and Mr. Sokolow is employed by us as Vice Chairman and President. Under the terms of the employment agreements, the Executives were entitled to each receive an annual base salary of \$450,000, which will increase 5% per year, and a non-accountable automobile expense allowance of \$1,000 per month. In addition, each of them was entitled to receive on a fiscal year basis a cash bonus determined in the discretion of our Compensation Committee of not less than: (i) \$225,000, (ii) 5% of our fiscal year consolidated net income in excess of \$4.5 million, up to 100% of the difference between their then current base salaries and \$225,000 and (iii) such additional bonuses as the Board of Directors may determine based upon the Board's assessment of their performance in the following areas: revenue growth, new business development, investor relations, communications with the Board of Directors, and special projects as assigned by the Board of Directors. As of September 30, 2009, each of the Executives had accrued a bonus of \$206,250, which amounts remain unpaid as of the date hereof.

On November 23, 2009, each of Messrs. Goldwasser's and Sokolow's employment agreements were amended to revise the bonus payable under such agreements. As revised, for the fiscal year beginning October 1, 2009, the bonus will be payable quarterly in an amount equal to seven and one-half (7.5%) percent of the Company's annual Adjusted EBITDA (as defined below) in excess of \$1,500,000 (of which 50% will be paid as soon as practicable in cash after the end of each fiscal quarter ("Paid Portion"), and 50% will accrue until the conclusion of the fiscal year ("Accrued Portion")). To the extent that the Adjusted EBITDA for any fiscal year is between \$1,500,000 and \$4,500,000, up to 100% of the Accrued Portion may, at the Board's discretion, be satisfied by the issuance of the Company's restricted Common Stock, at its then fair market value. To the extent that the Adjusted EBITDA for such fiscal year exceeds \$4,500,000, the Accrued Portion shall be paid in cash.

For the purpose of the bonuses, "Adjusted EBITDA" means the net income of the Company for a particular fiscal quarter before interest, taxes, depreciation and amortization, adjusted to exclude non-cash compensation expense (including the amortization of costs associated with the issuance of stock options) and write down of forgivable loans. At the conclusion of the fiscal year, the Company and the Executives shall 'true up' the Annualized Bonus, as defined in their respective employment agreements, the Paid Portion and the Accrued Portion, with payment (if any) to be made as soon as practicable following the determination of such 'true up' amount. To the extent that the 'true up' calculation results in a negative amount (i.e., the Paid Portion exceeds the Annualized Bonus) then (i) the Company will have no right to clawback such amount from the Executive but (ii) such amount will first be deducted from the Annualized Bonus (if any) to be paid for future periods. All bonuses will be subject to applicable withholding taxes which will be paid by the Company and other similar deductions and any payment of Accrued Bonus payable in Company Common Stock shall accordingly be calculated net of such withholding on the aggregate bonus amount paid.

The Board of Directors of the Company will determine whether the Executives will continue to be eligible for such additional bonuses based upon the Board's assessment of their performance in the various areas, which bonuses may be paid in cash and/or Company Common Stock at the Board's discretion.

Each employment agreement terminates upon the earliest to occur of: (i) the death of the employee; (ii) a termination by the Company by reason of the disability of the employee; (iii) a termination by the Company with or without cause; (iv) a termination by the employee with or without good reason; (v) upon a "Change in Control" (as defined in the employment agreements); or (vi) the non-renewal of the agreement. Upon termination due to the death or disability of the employee, by the Company without cause, by the employee with good reason, (upon a "Change of Control") or upon the expiration of the employment agreement if the Company or the employee refuses to extend the term of the employment agreement, the employee will be entitled to: (i) any accrued but unpaid salary or bonus or unreimbursed expenses; (ii) any bonus payable for the portion of the fiscal year during which the termination occurs; (iii) 100% of the employee's base salary (150% in the event of termination by the Company without cause or by the employee with good reason); (iv) the continuation of health benefits until the earlier of (a) 18 months after termination and (b) the date the employee accepts other employment; and (v) all unvested options granted pursuant to the employment agreements will become immediately vested and be exercisable for a period of nine months.

Pursuant to each employment agreement, each of Messrs. Goldwasser and Sokolow were granted non-qualified stock options to purchase 1,000,000 shares of National's Common Stock at an exercise price of \$1.64 per share, which was equal to the average of the 10-day closing market price of the Company's Common Stock prior to the Effective Date. As of September 30, 2010, 750,000 shares of each of the Messrs. Goldwasser's and Sokolow's options have vested, with the remaining 25% shares underlying the options vesting on the fourth anniversary of the date of grant. The options expire June 30, 2015.
