Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On March 6, 2012, the Board of Directors of Energy Recovery, Inc. (“ERI”) approved and adopted the ERI Change in Control Severance Plan (the “Plan”). A copy of the Plan is attached to this report as Exhibit 10.1.

ERI previously adopted a Change in Control Severance Plan in 2009 that expired by its terms on December 31, 2011.

The following summary of the material terms of the Plan does not describe all Plan provisions and is qualified by reference to the full text of the Plan.

The Plan is effective as of March 5, 2012. On December 31, 2012 and on each anniversary thereafter, the Plan will be extended automatically for an additional year, unless the compensation committee of ERI’s board of directors delivers written notice, at least six months prior to the end of each such term, to each participant that the Plan will not be extended.

The compensation committee is authorized by the Plan to designate any full-time employee of ERI as a participant. As was the case with the previously expired change in control plan, the participants include ERI’s executive officers and other designated key employees.

A Participant is entitled to severance benefits under the Plan if a change of control occurs, and the acquiring company terminates the participant’s employment without cause, or the participant terminates his or her employment with good reason, in either case within 18 months after a change in control (including but not limited to an acquisition of a controlling interest in ERI by a third party). The Plan attached as an exhibit to this report sets forth definitions of cause, good reason, change in control and other key terms.

The severance benefits, conditioned on the participant’s signing a release in favor of ERI and complying with certain other covenants under the agreement, include the following (plus then earned and unpaid sums owed and less deductions required or permitted by law):

- A lump sum payment equal to (i) 12 months’ regular base rate of pay, plus (ii) 100% of the Participant’s target annual bonus for the fiscal year in which the change in control occurs;
- Immediate vesting of all unvested equity compensation held by the participant as of the date of termination (and for this purpose, all performance criteria, if any, underlying unvested awards are deemed to be satisfied at 100% of target);
- ERI’s regular company share of the monthly premium under COBRA, if the participant timely elects to continue medical, dental, and vision benefits under COBRA, for up to 12 months after employment termination (but not continuing after the participant becomes eligible for these benefits with another employer); and
- Payment by ERI of up to \$10,000 for reasonable costs of outplacement services.

The Plan also provides that if a change in control occurs and a participant’s equity compensation is not converted, assumed, or replaced by a successor entity with an equivalent award, then immediately prior to the change in control, the participant’s equity compensation shall become fully exercisable and vested and all forfeiture restrictions on such equity compensation shall immediately lapse. In the case of equity compensation, the amount of which is based on the satisfaction of performance criteria, all performance criteria will be deemed satisfied at target. The conversion, assumption or replacement of an equity award for an equity award of stock that is not publicly traded shall not be

considered to be an equivalent award for purposes of the Plan.

In no event is ERI obligated to gross up any payment or benefit to a participant to avoid the effects of the “parachute rules” of Sections 280G and 4999 of the Internal Revenue Code of 1986 as amended. However, benefits to a participant may be reduced if the reduction would result in the participant receiving a greater payment on an after-tax basis due to the operation of those sections of the tax law. Also, payments may be conditioned or delayed as needed to be exempt from or comply with Section 409A of that Code relating to “nonqualified deferred compensation.”
