**GLOBAL HEALTHCARE REIT, INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**(UNAUDITED)**

**1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Organization and Description of the Business**

Global Healthcare REIT, Inc. (the Company or Global) was organized with the intent of operating as a real estate investment trust (REIT) for the purpose of investing in real estate and other assets related to the healthcare industry. Prior to the Company changing its name to Global Healthcare REIT, Inc. on September 30, 2013, the Company was known as Global Casinos, Inc. Global Casinos, Inc. operated two gaming casinos which were split-off and sold on September 30, 2013. Simultaneous with the split-off and sale of the gaming operations, the Company acquired West Paces Ferry Healthcare REIT, Inc. (WPF) in a transaction accounted for as a reverse acquisition whereby WPF was deemed to be the accounting acquirer.

The Company intends to make a REIT election under sections 856 through 859 of the Internal Revenue Code of 1986, as amended. Such election will be made by the Board of Directors at such time as the Board determines that we qualify as a REIT under applicable provisions of the Internal Revenue Code.

The Company acquires, develops, leases, manages and disposes of healthcare real estate, and provides financing to healthcare providers. As of June 30, 2016, the Company owned eight healthcare properties which are leased to third-party operators under triple-net operating terms.

**Basis of Presentation**

The accompanying unaudited interim consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP) for interim financial information and in conjunction with the rules and regulations of the Securities Exchange Commission. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary to make the consolidated financial statements not misleading have been included. Operating results for the six months ended June 30, 2016 are not necessarily indicative of the results that may be

expected for the entire year. The unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 filed with the Securities and Exchange Commission.

### **Recently Issued Accounting Pronouncements**

In April 2015, the FASB issued ASU 2015-03, "Simplifying the Presentation of Debt Issuance Costs." The new standard requires that all costs incurred to issue debt be presented in the balance sheet as a direct deduction from the carrying value of the debt. On January 1, 2016, the Company adopted ASU 2015-03 and retrospectively applied the guidance to its Debt, Net for all periods presented. Unamortized deferred loan costs, which were previously included in Prepaid Expenses, Deferred Loan Costs and Other, totaling \$582,284 and \$626,688 are included in Debt, Net as of June 30, 2016 and December 31, 2015, respectively.

## 2. GOING CONCERN

The accompanying consolidated financial statements and notes have been prepared assuming the Company will continue as a going concern.

For the six months ended June 30, 2016, the Company incurred a net loss of \$725,488, reported net cash used in operations of \$271,086 and has an accumulated deficit of \$5,507,415. These circumstances raise substantial doubt as to the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent upon the Company's ability to generate sufficient revenues and cash flows to operate profitably and meet contractual obligations, or raise additional capital through debt financing or through sales of common stock.

The failure to achieve the necessary levels of profitability and cash flows or obtain additional funding would be detrimental to the Company. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

## 3. INVESTMENT IN UNCONSOLIDATED SUBSIDIARIES

### *Limestone, LLC*

Effective March 5, 2014, the Company consummated a Membership Interest Purchase Agreement providing for the purchase from Connie Brogdon, spouse of Christopher Brogdon, President and Director of the Company, for nominal consideration (\$10), a 25% membership interest in Limestone Assisted Living, LLC ("Limestone LLC"). The remaining 75% membership interest in Limestone LLC was owned by Connie Brogdon (5%) and unaffiliated third parties (70%).

Limestone LLC owned 100% of the Limestone Assisted Living Facility, a 42-bed, 22,189 square foot assisted living facility located in Gainesville, Georgia. The Company extended a loan to Limestone LLC in the amount of \$550,000. On March 25, 2015, the Limestone facility was sold and the note receivable due the Company was repaid in full, including accrued interest of \$54,845.

The Company recorded this investment using the equity method since the Company had the ability to exercise significant influence, but not control, over Limestone LLC. Under the equity method, the Company recorded the

initial investment at cost and adjusted the carrying amount to reflect the Company's share of earnings and losses of Limestone LLC. For the six months ended June 30, 2016 and 2015, the Company's share of income was \$0 and \$53,688, respectively. As of June 30, 2016 and 2015, the Company's carrying amount under the equity method was \$0.

**4. PROPERTY AND EQUIPMENT**

Effective June 20, 2016, the Company sold its Greene Point Healthcare Center located in Union Point, Georgia for \$3,800,000 which resulted in a gain on sale of \$980,839. Cash proceeds from the sale were used to pay off the existing mortgage loan in the amount of \$1,683,200. The Company received \$2,112,970 in cash from the sale of the facility. The operating lease related to the facility was terminated effective June 30, 2016.

**5. NOTE RECEIVABLE - RELATED PARTY**

June 30,	December 31, 2015
-------------	----------------------

2016

Note Receivable - Gemini Gaming, LLC \$ - \$573,428

In connection with the split-off of gaming assets by Global, the Company accepted a note receivable in the amount of \$962,373 from Gemini Gaming, LLC. The note bore interest at 4.0% and was payable in quarterly installments of \$17,495 beginning on January 1, 2014 through maturity of the note on October 1, 2033. The note was secured by all rights, title, and interest in and to 100,000 shares of the membership interest in Gemini Gaming, LLC. In the event of default, the Company would not take possession of gaming assets or equipment or operate the casino unless duly licensed by the State of Colorado Division of Gaming.

- 7 -

On the acquisition date, the fair value of the note receivable was estimated by discounting the expected cash flows at a rate of 10.0%, a rate at which management believes a similar loan with similar terms and maturity would be made. As a result, the note receivable was discounted by \$362,225 to its fair value of \$600,148. The discount was accreted into earnings using the interest method over the term of the note. For the six months ended June 30, 2016 and 2015, \$0 and \$11,113, respectively, has been accreted into earnings.

During the quarter ended March 31, 2016, the Company collected an aggregate of \$573,428 in repayment of the note from Gemini Gaming, LLC, which was the discounted book value of the note, which the Company accepted in full satisfaction of the total outstanding liability under the note.

**Bonds Payable - Tulsa County Industrial Authority**

On March 1, 2014, Southern Tulsa, LLC (Southern Tulsa), a subsidiary of WPF that owns the Southern Hills Retirement Center, entered into a loan agreement with the Tulsa County Industrial Authority (Authority) in the State of Oklahoma pursuant to which the Authority lent to Southern Tulsa the proceeds from the sale of the Authority's Series 2014 Bonds. The Series 2014 Bonds consist of \$5,075,000 in Series 2014A First Mortgage Revenue Bonds and \$625,000 in Series 2014B Taxable First Mortgage Revenue Bonds. The remaining \$750,000 of the Series 2014A Bonds mature on various dates through final maturity on March 1, 2029 and accrue interest at a fixed rate of 7.0% per annum. The Series 2014B Bonds mature on March 1, 2023 and accrue interest at a fixed rate of 8.5% per annum. Deferred loan costs incurred of \$478,950 and an original issue discount of \$78,140 related to the loan are amortized to interest expense over the life of the loan. No notice has been received from the lender regarding the exercise of any remedies available. As part of the loan terms, a \$60,000 principal reduction was paid on the bonds during March 2016. As of June 30, 2016, restricted cash of \$528,367 is related to these bonds.

(1) The subordinated note on Goodwill matured on July 1, 2015. Investors in the Goodwill note were entitled to an additional 5% equity in Goodwill Hunting, LLC every six months if the note is not paid when due. Effective December 31, 2015, all of the holders of the Goodwill subordinated note executed an Agreement Among Lenders pursuant to which they (i) waived all equity ratchets and (ii) extended the maturity date of their notes to June 30, 2017. In exchange, Goodwill Hunting LLC agreed to pay the investors a one-time premium equal to 5% of the principal amount of each individual note (approximately \$64,000) as such time as the note is repaid. For the six months ended June 30, 2016, premium of \$64,000 has been recognized into earnings. The tenant, New Beginnings, of the Goodwill nursing facility filed for bankruptcy in January 2016. The facility is currently vacant and not generating any revenue and is unable to pay interest on the subordinated debt. The Company has been accruing the unpaid interest but is in default under the note.

(2) The subordinated note on Sparta matured on August 1, 2015. Investors in the Sparta note are entitled to an additional 5% equity in Providence HR, LLC every six months if the note is not paid when due. The Company is negotiating with these investors to purchase their residual equity interests in exchange for shares of common stock. There can be no assurance that these negotiations will be successful.

(3) The subordinated note on Greene Point matured on October 1, 2015. Investors in the Greene Point note were entitled to an additional 5% equity in Wash/Greene, LLC, the entity that owns the facility, every six months if the note is not paid when due. Effective December 31, 2015, all of the holders of the Wash/Greene subordinated note executed an Agreement Among Lenders pursuant to which they (i) waived all equity ratchets and (ii) extended the maturity date of their notes to June 30, 2017. In exchange, Wash/Greene LLC agreed to pay the investors a one-time premium equal to 5% of the principal amount of each individual note (approximately \$56,000) as such time as the note is repaid. For the six months ended June 30, 2016, premium of \$56,250 has been recognized into earnings. On June 20, 2016, the Greene Pointe facility was sold for cash proceeds of \$3.8 million. On the closing date, the Company paid off the mortgage loan related to this property. The subordinated notes remain outstanding.

(4) Effective January 1, 2016, we entered into a new operating lease with a new operator for GL Nursing, LLC. Under the new lease, the base rent was reduced to a level that permits payment of the senior loan, but is insufficient to pay interest on the subordinated debt. The Company has been accruing the unpaid interest but is in default under the Note. The subordinated debt is also past maturity. Base rent under the new operating lease adjusts based upon the occupancy census; however there can be no prediction when those adjustments will occur. In July 2016, the new lease operator gave notice of its intent to terminate the lease effective August 31, 2016 due to a claim that we failed to perform some of our obligations under the lease. We are currently negotiating with a possible new tenant, however there can be no assurance that those negotiations will be successful.

(5) As of June 30, 2016 the income from the Goodwill facility was insufficient to cover debt service for subordinated debt for the facility. The debt is accruing interest at the default rate but not currently being paid.

Future maturities of all of the notes and bonds payable listed above for the next five years and thereafter are as follows:

2016	\$10,223,884
2017	12,004,344
2018	6,226,205
2019	214,340

2020	2,439,243
2021 and Thereafter	3,688,560
	\$34,796,576

During the six month period ended June 30, 2016, \$2,029,695 of debts were paid down of which \$336,502 was paid with cash and \$1,683,200 was paid through the sale of property. For the six month period ended June 30, 2016, \$70,932 was recorded as amortization of discount and debt issuance costs.

Monthly lease income reflects rent income on a straight-line basis, where applicable, over the term of each lease.

(1) Properties related to the New Beginnings properties (Middle Georgia/Dodge, Goodwill and Edwards Redeemer) are reflected on a cash basis until the tenant is out of bankruptcy and stable.)

Lease agreement dated May 21, 2014 with lease payments commencing February 1, 2015. On May 10, 2016, the Company obtained a Court Order appointing a Receiver to control and operate the Southern Hills SNF. The former (2)lease operator represented that it was unable to meet the financial commitments of the facility, including the payment of rent, payroll and other operating requirements. The Company plans to engage a new lease operator for the facility. See (8)

Lease agreement dated March 19, 2014. Lease payments were to have commenced on April 1, 2015; however the ALF facility is not yet open and rent payments have not been made. The tenant for the ALF is the same tenant as (3) the tenant for the Southern Hills SNF, discussed in Note 2. The Company plans to seek a new tenant for this entity to assume operations at the completion of construction. See (8)

(4) The Southern Hills ILF requires renovation and is not subject to an operating lease. See (8)

- 13 -

On January 22, 2016, a lease operator that operates Middle Georgia, Edwards Redeemer, Golden Years (until January 1, 2016) and Goodwill filed a voluntary petition in bankruptcy under Chapter 11 of the U.S. Bankruptcy Code. Under the Chapter 11 Bankruptcy, the lease operator can either assume or reject the leases of Middle Georgia, Edwards Redeemer and Goodwill. As of the date of this Report, the lease operator has not made any (5)binding elections, but has verbally represented that he intends to assume the leases of Middle Georgia and Edwards Redeemer under existing lease terms and reject the lease covering Goodwill. If the lease operator assumes a lease, he is required to bring the leases current as a

condition to such assumption.

Effective January 1, 2016, the Golden Years facility was leased to another operator for a period of ten years at a monthly base rent of \$30,000 which is subject to increases based on census levels. Under the terms of the new lease, GL Nursing, LLC agreed to fund certain capital expenditures, which it has been unable to fulfill. In July (6)2016, the new tenant served notice that it was terminating the lease effective August 31, 2016. The Company is engaged in negotiations with a new lease operator to take over the facility; however, there can be no assurance that those negotiations will be successful.

In January 2016, concurrently with the Chapter 11 Bankruptcy filing by the lease operator, the Goodwill facility was closed by Georgia regulators and all residents were removed. The Goodwill facility is not generating any revenue as of the date of this report. In a transaction related to the sale of the Greene Point facility, an affiliate of the buyer of Greene Point has executed a ten year operating lease covering Goodwill. The lease will not become effective until and unless the State of Georgia approves the issuance of all licenses, permits and other regulatory (7)approvals necessary to recertify and reopen the facility. The lease is also conditional on the termination of the current lease covering the property which is held by the former operator which filed a voluntary Chapter 11 bankruptcy petition in January 2016. The lease operator has agreed to invest not less than \$1.0 million in capital improvements in the property pending receipt of regulatory approvals. If the facility is not reopened by January 2017 (one year from that date it was closed), the Certificate of Need for the facility will be terminated, and the property will no longer be eligible to be operated as a licensed nursing home.

(8)As of August 3<sup>rd</sup> the company has a signed letter of intent with a new tenant for all 3 Southern Hills facilities.

Lessees are responsible for payment of insurance, taxes and other charges while under the lease. Should the lessees not pay all such charges, as required under the leases, the Company may become liable for such operating expenses. We have been required to cover those expenses at Goodwill since the facility was closed by regulators in January 2016. The Company has also committed to extending a line of credit to the Receiver for the Southern Hills SNF for working capital in the maximum amount of \$250,000, of which \$150,000 has already been advanced. The line of credit will represent a senior obligation of the Receivership estate.

Future cash payments for rent to be received during the initial terms of the leases for the next five years and thereafter are as follows (excludes Middle Georgia, Edwards Redeemer, Goodwill, Golden Years, Southern Tulsa SNF, Southern Tulsa ALF and Southern Tulsa ILF):

2016

\$ 696,000

2017	1,446,000
2018	1,511,040
2019	1,545,342
2020	1,576,254
2021 and Thereafter	8,571,852
	\$15,346,488

The Company is in active negotiations with potential lease operators to assume the operations of the properties whose operator is in bankruptcy (Middle Georgia, Edwards Redeemer and Goodwill) as well as a new operator for the Southern Hills' facilities.

## 11. FAIR VALUE MEASUREMENTS

Our consolidated balance sheets include the following financial instruments: cash and cash equivalents, advances to related parties, notes receivable, restricted cash, accounts payable, debt and lease security deposits. We consider the carrying values of our short-term financial instruments to approximate fair value because they generally expose the Company to limited credit risk, because of the short period of time between origination of the financial assets and liabilities and their expected settlement, or because of their proximity to acquisition date fair values. The carrying value of debt approximates fair value based on borrowing rates currently available for debt of similar terms and maturities.

Upon acquisition of real estate properties, the Company determines the total purchase price of each property and allocates this price base on the fair value of the tangible assets and intangible assets, if any, acquired and any liabilities assumed based on Level 3 inputs. These Level 3 inputs can include comparable sales values, discount rates, and capitalization rate assumptions from a third party appraisal or other market sources.

Assets and liabilities measured at fair value on a recurring basis as of June 30, 2016 are summarized below:

	Total	Fair Value Measurement		
		Level 1	Level 2	Level 3
Warrant Liability	\$146,812	-	-	\$146,812

Assets and liabilities measured at fair value on a recurring basis as of December 31, 2015 are summarized below:

	Total	Fair Value Measurement		
		Level 1	Level 2	Level 3
Warrant Liability	\$304,536	-	-	\$304,536

The warrant liability is marked-to-market each reporting period with the change in fair value recorded as a gain or loss within Other (Income) Expense on the Company's Consolidated Statement of Operations until the warrants are exercised, expire, or other facts and circumstances lead the warrant liability to be reclassified as an equity instrument. The fair value of the warrant liability is determined each reporting period by utilizing the Black-Scholes option pricing model.

The table presented below is a summary of changes in the fair value of the Company's Level 3 valuation for the warrant liability for the six months ended June 30, 2016:

Beginning Balance, January 1, 2016	\$304,536
Change in Fair Value of Warrant Liability	(157,724)
Exercise of Warrants	-
Ending Balance, June 30, 2016	\$146,812

Edgar Filing: GLOBAL HEALTHCARE REIT, INC. - Form 10-Q

The significant assumptions used in the Black-Scholes option pricing model as of June 30, 2016 and December 31, 2015 include the following:

	June 30, 2016	December 31, 2015
Volatility	91.8% - 140.0%	95.3% - 152.8%
Risk-free Interest Rate	0.36% - 0.71%	0.65% - 1.31%
Exercise Price	\$0.50 - \$1.37	\$0.50 - \$1.37
Fair Value of Common Stock	\$0.40	\$0.68

**13. SUBSEQUENT EVENTS**

In July 2016, the Company agreed in principle to settle a civil case involving the return of a \$100,000 earnest money deposit paid under an agreement to purchase a skilled nursing facility in Ridgeway, South Carolina. Under the settlement, the Company will receive half of the deposit and forfeit the other half. The Company through its subsidiary TNH Acquisition LLC, a Georgia company, entered into a Stock Purchase Agreement as of July 24, 2015 in which it agreed to and did deposit into escrow \$100,000 earnest money. The acquisition subsequently failed to close, and the parties to the deal disputed the funds in escrow in court. The funds were paid into the court registry in Georgia from the escrow agent less expenses and attorneys' fees, \$98,980.50. The parties have agreed to settle their disputes each accepting one-half of the registry funds, and have executed documents to this effect. The final court order to disburse the funds has not yet been processed and the funds are not yet disbursed as of August 12, 2016, but are expected in the third quarter. The Company has recognized the portion of its deposit that will not be returned as an acquisition expense in June, 2016.

As of July 2, 2016 new leases were executed for the Warrenton and Providence facilities. Monthly rent was reduced by \$2,000 and \$5,000 respectively to induce termination of the operator's lease of the Greene Point facility.

In July 2016, the tenant at GL Nursing served notice that it was terminating the lease effective August 31, 2016. The Company is engaged in negotiations with a new lease operator to take over the facility; however, there can be no assurance that those negotiations will be successful.

In July 2016, the Company settled \$100,000 of an unsecured note payable with an outstanding principal balance of \$1,650,000 related to Golden Years Manor Nursing Home with an investor. The Company will recognize a gain on

settlement of \$100,000 during the third quarter of 2016.

Effective July 10, 2016, the maturity date related to the mortgage loan for Goodwill Nursing Home was extended from July 10, 2016 to January 10<sup>th</sup>, 2017 and the payments modified to interest only during the extension period. The Company has verbal confirmation of the lender's board approval and will execute a new loan agreement in Q3

In July 2016, the Board of Directors approved a restricted stock award of 250,000 each to four directors who also have served as executive officers since the resignation of Mr. Brogdon in November 2015: Messrs. Baller, Sink, Rhine and Neuman, as compensation for their services. The restricted stock awards are fully vested. Mr. Neuman's restricted stock award will be credited against his outstanding open and unpaid account for legal services rendered.

Forward-looking statements that were true at the time made may ultimately prove to be incorrect or false. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. All forward-looking statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 as filed with the SEC.

Our actual future results and trends may differ materially from expectations depending on a variety of factors discussed in our filings with the SEC. These factors include without limitation:

macroeconomic conditions, such as a prolonged period of weak economic growth, and volatility in capital markets;

changes in national and local economic conditions in the real estate and healthcare markets specifically;

legislative and regulatory changes impacting the healthcare industry, including the implementation of the healthcare reform legislation enacted in 2010;

the availability of debt and equity capital;

the supply and demand for operating properties in our market areas.

### **Overview**

Global Healthcare REIT, Inc. ("Global" or "we" or the "Company") was organized for the purpose of investing in real estate related to the long-term care industry.

We plan to elect to be treated as a real estate investment trust (REIT) in the future; however, we did not make that election for the 2015 fiscal year.

- 17 -

The Company invests primarily in real estate serving the healthcare industry in the United States. We acquire, develop, lease, manage and dispose of healthcare real estate. Our portfolio will be comprised of investments in the following five healthcare segments: (i) senior housing, (ii) life science, (iii) medical office, (iv) post-acute/skilled nursing and (v) hospital. We will make investments within our healthcare segments using the following five investment products: (i) properties under lease, (ii) mortgage debt investments, (iii) developments and redevelopments, (iv) investment management and (v) RIDEA, which represents investments in senior housing operations utilizing the structure permitted by the Housing and Economic Recovery Act of 2008.

The delivery of healthcare services requires real estate and, as a result, tenants and operators depend on real estate, in part, to maintain and grow their businesses. We believe that the healthcare real estate market provides investment opportunities due to the following:

Compelling demographics driving the demand for healthcare services;

Specialized nature of healthcare real estate investing; and

Ongoing consolidation of a fragmented healthcare real estate sector.

### **Acquisitions**

We did not acquire any properties during the six month periods ended June 30, 2016 and 2015.

### **Dispositions**

Effective June 20, 2016, we sold our Providence of Greene Point Healthcare Center for cash proceeds of \$3.8 million.

### **Properties**

As of June 30, 2016, we owned eight long-term care facilities. The following table provides summary information regarding these facilities at June 30, 2016:

Southern Hills Retirement Center consists of a skilled nursing facility (SNF), assisted living facility (ALF) and independent living facility (ILF) under separate lease agreements. Lease revenues for the SNF began in February 1, 2015. On May 10, 2016, the Company obtained a Court Order appointing a Receiver to control and operate the Southern Hills SNF. The former lease operator represented that it was unable to meet the financial commitments of the facility, including the payment of rent, payroll and other operating requirements. The Company plans to engage a new lease operator for the facility. Lease revenues for the ALF were to have begun April 1, 2015; however, additional renovations are required to open the facility. Lease revenues for the ILF are expected to commence when needed renovations to the facility are completed. On the date acquired, the ALF and ILF were vacant and in need of renovation. The Company obtained financing through the issuance of bonds and a mortgage loan to fund the renovation costs and to fund the acquisition of the facilities.

The subordinated note on Goodwill matured on July 1, 2015. Investors in the Goodwill note were entitled to an additional 5% equity in Goodwill Hunting, LLC every six months if the note is not paid when due. Effective December 31, 2015, the investors holding the subordinated debt executed an Agreement Among Lenders pursuant to which they (i) agreed to waive any and all equity ratchets and (ii) agreed to extend the maturity date of the subordinated debt to June 30, 2017. In exchange, Goodwill Hunting agreed to pay the investors an additional one-time premium equal to 5% of the principal amount of the individual note at such time as the note is repaid.

The subordinated notes on Sparta and Greene Point matured on August 1, 2015. Investors in the Sparta and Greene Point notes are entitled to an additional 5% equity in Providence HR, LLC and Wash/Greene, LLC, respectively, every six months if the note is not paid when due. The Company's percentage ownership in Sparta gives effect to this equity ratchet; however effective December 31, 2015, the investors holding the subordinated debt in Greene Point executed an Agreement Among Lenders pursuant to which they (i) agreed to waive any and all equity ratchets and (ii) agreed to extend the maturity date of the subordinated debt to June 30, 2017. In exchange, Wash/Greene LLC agreed to pay the investors an additional one-time premium equal to 5% of the principal amount of the individual note at such time as the note is repaid.

On January 22, 2016, the lease operator that operates Middle Georgia Nursing Home, Edwards Redeemer Health & Rehab, Goodwill Nursing Home and formerly Golden Years Manor Nursing Home filed a voluntary petition in bankruptcy under Chapter 11 of the U.S. Bankruptcy Code. We cannot predict the effect of this bankruptcy filing on future lease terms. The Golden Years Manor Nursing Home has been re-leased to an unaffiliated third party operator effective January 1, 2016 at an initial lease rate of \$360,000 per year, subject to future census

adjustments. In July 2016, the Golden Years operator served notice that it was terminating the lease effective August 31, 2016, claiming that GL Nursing, LLC, our subsidiary, failed to fulfill its obligations under the lease.

Goodwill was closed by regulators in January 2016 and is currently not generating any revenue. The Goodwill facility is not generating any revenue as of the date of this report. In a transaction related to the sale of the Greene Point facility, an affiliate of the buyer of Greene Point has executed a ten year operating lease covering Goodwill.

- (5) The lease will not become effective until and unless the State of Georgia approves the issuance of all licenses, permits and other regulatory approvals necessary to recertify and reopen the facility. The lease is also conditional on the termination of the current lease covering the property which is held by the former operator which filed a voluntary Chapter 11 bankruptcy petition in January 2016. The lease operator has agreed to invest not less than \$1.0 million in capital improvements in the property pending receipt of regulatory approvals.

## Results of Operations

The following discussion of the financial condition, results of operations, cash flows, and changes in our financial position should be read in conjunction with our interim consolidated financial statements and related notes appearing elsewhere in this Quarterly Report on Form 10-Q.

### Results of Operations - Three Months Ended June 30, 2016 Compared to the Three Months Ended June 30, 2015

Rental revenues for the three month periods ended June 30, 2016 and 2015 totaled \$738,808 and \$1,162,359, respectively, a decrease of \$423,551. On January 22, 2016, the lease operator that leased our Middle Georgia, Edwards Redeemer, Golden Years and Goodwill properties filed a voluntary petition in bankruptcy under Chapter 11 of the U.S Bankruptcy Code, and at the same time the regulators closed the Goodwill facility. At the time of the bankruptcy petition, we were owed pre-petition rent of over \$600,000 which likely will not be recovered. The bankrupt lease operator also owned unpaid property taxes on each of the controlled properties totaling approximately \$300,000 which constitute a lien on our interests and must be paid. We continue to have to service the senior secured loan at Goodwill even though the property is closed and generates no revenues. We recognized no rental revenues related to our assisted and independent living facilities in Tulsa, Oklahoma which were to have begun April 1, 2015; however, additional renovations are required to open the facilities at an estimated cost of approximately \$3.0 million. We have been unable to service our unsecured debt at Lonoke and Goodwill and cannot predict when those properties will generate sufficient revenues to resume those payments. We expect to recognize rental revenues on the assisted living facility during 2016. Rental revenues for our independent living facility in Tulsa, Oklahoma will be recognized after construction activities and renovations have been completed, forecast to occur in 2016. Revenues from Goodwill ceased in January 2016 and it is unlikely that we will realize any rental revenues from that property for the remainder of 2016. For the three months ended June 30, 2015, we recognized rental revenues on all properties with the exception of Goodwill and our assisted living facility and independent living facilities located in Tulsa, Oklahoma. We have also not received any rental income from the Southern Hills skilled nursing facility since the appointment of our Receiver in May 2016.

General and administrative expenses were \$399,577 and \$295,795 for the three month periods ended June 30, 2016 and 2015, respectively, an increase of \$103,782. This classification primarily consisted of salaries and legal, accounting and other professional fees to comply with regulatory reporting requirements. The increase during the three months ended June 30, 2016 compared the same period in 2015 is attributed to higher legal costs related to the bankruptcy of a lease operator.

Property taxes, insurance, and other operating expenses totaled \$81,569 and \$20,307 for the three month periods ended June 30, 2016 and 2015, respectively. Lessees are responsible for the payment of insurance, taxes and other charges while under the lease. Should the lessee not pay all such charges, as required under the leases, we may be

liable for such operating expenses. We have been required to cover these expenses at our Goodwill since the facility was closed by regulators in January 2016. We are also responsible for property taxes and insurance related to the ALF and ILF at our Southern Hills Retirement Center.

Acquisition costs were \$52,325 and \$0 for the three months ended June 30, 2016 and 2015, respectively. For the three months ended June 30, 2016, we incurred acquisition costs in the form of a forfeit of a portion of our earnest money deposit related to the potential purchase of a skilled nursing facility in South Carolina. The acquisition failed to close.

- 20 -

Depreciation expense increased \$7,179 from \$306,014 for the three months ended June 30, 2015 to \$313,193 for three months ended June 30, 2016. We have not recorded depreciation expense on our assisted living facility and independent living facility located at our Southern Hills Retirement Center which will commence once renovations have been completed and the properties are placed in service.

During the three months ended June 30, 2016, we recognized a gain on warrant liability of \$162,720. Warrants to purchase our common stock contain nonstandard antidilution provisions which require them to be classified as liabilities and recorded at their estimated fair value at each reporting period. Changes in the fair value of these warrants during the reporting period are recorded as a gain or loss in our consolidated statement of operations.

We recognized a gain on disposal of property and equipment of \$980,839 during the three months ended June 30, 2016 related to the sale of our Providence of Greene Point Healthcare Center for cash proceeds of \$3.8 million.

Interest income for the three months ended June 30, 2016 was \$0 compared to \$24,092 for the same period in 2015. During the first quarter of 2016, we collected a note receivable from a related party in full satisfaction of the note; and, as of June 30, 2016, there were no notes receivable outstanding. During the quarter ended June 30, 2015, interest income was recognized on notes receivable with average balances approximating \$1.1 million.

Interest expense decreased \$8,778 from \$654,697 for the three months ended June 30, 2015 to \$645,919 for the three months ended June 30, 2016. The decrease is attributable to reductions in the principal amount of debt from 2015 to 2016.

### **Results of Operations - Six Months Ended June 30, 2016 Compared to the Six Months Ended June 30, 2015**

Rental revenues for the six month periods ended June 30, 2016 and 2015 totaled \$1,460,064 and \$2,285,673, respectively, a decrease of \$825,609. We have also not received any rental income from the Southern Hills skilled nursing facility since the appointment of our Receiver in May 2016.

Property taxes, insurance, and other operating expenses totaled \$159,380 and \$118,342 for the six month periods ended June 30, 2016 and 2015, respectively. Lessees are responsible for the payment of insurance, taxes and other charges while under the lease. Should the lessee not pay all such charges, as required under the leases, we may be liable for such operating expenses. We have been required to cover these expenses at our Goodwill since the facility was closed by regulators in January 2016. Acquisition costs were \$52,325 and \$0 for the six months ended June 30, 2016 and 2015, respectively. For the six months ended June 30, 2016, we incurred acquisition costs in the form of a partial forfeiture of an earnest money deposit related to the potential purchase of a skilled nursing facility. The acquisition failed to close.

Depreciation expense increased \$284,735 from \$610,725 for the six months ended June 30, 2015 to \$895,460 for six months ended June 30, 2016. We have not recorded depreciation expense on our assisted living facility and independent living facility located at our Southern Hills Retirement Center which will commence once renovations have been completed and the properties are placed in service.

During the six months ended June 30, 2016, we recognized a gain on warrant liability of \$157,724. Interest income decreased \$31,015 from \$61,164 for the six months ended June 30, 2015 to \$32,149 recognized for the six months ended June 30, 2016 as a result of decreased average balances outstanding related to our note receivable from a related party.

Edgar Filing: GLOBAL HEALTHCARE REIT, INC. - Form 10-Q

Interest expense increased \$28,503 from \$1,339,011 for the six months ended June 30, 2015 to \$1,367,514 for the six months ended June 30, 2016. The increase in interest expense is attributable to a one-time premium totaling \$120,250 incurred to extend the maturity dates on two subordinated notes. For the six months ended June 30, 2015, we capitalized interest costs on construction in progress of \$105,867 related to renovations at our Southern Hills Retirement Center. We did not capitalize any interest during the six months ended June 30, 2016.

## Liquidity and Capital Resources

Throughout its history, the Company has experienced shortages in working capital and has relied, from time to time, upon sales of properties and debt and equity securities to meet cash demands.

At June 30, 2016, the Company had cash and cash equivalents of \$2.1 million on hand. In June 2016, we sold our Greene Point facility for gross cash proceeds of \$3.8 million. A portion of the proceeds were used to pay off an existing mortgage related to the facility in the amount of \$1.7 million. Our liquidity is expected to increase from potential equity and debt offerings and decrease as net offering proceeds are expended in connection with the acquisition of properties. Our continuing short-term liquidity requirements consisting primarily of operating expenses and debt service requirements, excluding balloon payments at maturity, are expected to be achieved from rental revenues received and existing cash on hand. We plan to renew senior debts that mature during 2016, as our projected cash flow from operations will be insufficient to retire the debt. Our restricted cash approximated \$0.5 million as of June 30, 2016 which is to be expended on debt service associated with our Southern Hills Retirement Center.

Due to the delinquencies in rental payments and subsequent Chapter 11 Bankruptcy filing by our operator which controlled at one time four of our facilities, we have experienced a shortfall in cash which has impaired our ability to service some of our debt. While we are in arrears in payments due to our senior lender at Golden Years as well as the subordinated debt at Golden Years and Goodwill, we have an agreement for Goodwill that should start generating revenues in January 2017 after the new operator has completed renovations and obtained necessary licenses and permits, and an agreement from the senior lender to extend and modify the Goodwill senior loan to require interest only payments for six months. We are in discussions with a potential operator for Golden Years, but no assurance can be given that those negotiations will be successful. Except for Golden Years and Goodwill, we are essentially current in all other debt service obligations.

Cash used in operating activities was \$271,086 for the six months ended June 30, 2016 compared to cash provided by operating activities of \$319,652 for the six months ended June 30, 2015. Cash flows provided by operations was primarily impacted by the decrease in rental revenues received during the first quarter of 2016 as a result of the bankruptcy filing of a lease operator and the closure of one facility.

Cash provided by investing activities was \$2,672,738 for the six month period ended June 30, 2016 compared to cash provided by investing activities of \$616,494 for the six month period ended June 30, 2015. For the six months ended June 30, 2016, we collected the total carrying value of a note receivable with a related party in the amount of \$573,428 and received proceeds of \$2,112,970 from the sale of our Greene Point facility. For the six months ended June 30, 2015, we issued a note receivable of \$250,000 to a nursing home operator, collected \$566,397 from notes receivable to related parties, received back a \$500,000 earnest money on deposit related to a potential acquisition and incurred capital expenditures of \$321,828 related to our Southern Hills Retirement Center.

Cash used in financing activities was \$338,034 and \$501,564 for the six months ended June 30, 2016 and 2015, respectively. During the first quarter of 2015, we issued \$2.3 million in debt and made payments on debt of \$2.6 million. During the first quarter of 2016, we did not issue any new debt and made payments on debt of \$336,502.

- 23 -

As of June 30, 2016 and December 31, 2015, our debt balances consisted of the following:

	June 30, 2016	December 31, 2015
Convertible Notes Payable	\$3,200,000	\$3,200,000
Fixed-Rate Mortgage Loans	14,443,081	14,461,421
Variable-Rate Mortgage Loans	6,288,245	8,050,043
Bonds Payable	5,640,000	5,700,000
Other Debt	5,225,250	5,105,000
	34,796,576	36,516,464
Unamortized Discount and Debt Issuance Costs	(653,560 )	(700,692 )
	\$34,143,016	\$35,815,772

The weighted average interest rate and term of our fixed rate debt are 7.04% and 5.8 years, respectively, as of June 30, 2016. The weighted average interest rate and term of our variable rate debt are 5.82% and 15.6 years, respectively, as of June 30, 2016.

We have \$9.1 million of debt maturing during the remaining six months of 2016. We expect to refinance this debt as the associated properties meet loan to value requirements currently being employed in commercial lending markets. In June 2016, we paid off a \$1.7 mortgage note using proceeds from the sale of our Greene Point facility. In January 2015, the Company paid off a note payable in the amount of \$880,000 and refinanced an existing fixed-rate mortgage loan related to the Edwards Redeemer Health & Rehab facility.

The mortgage loan collateralized by the Golden Years Manor Nursing Home is 80% guaranteed by the USDA and is subject to financial covenants and customary affirmative and negative covenants. As of June 30, 2016, the Company was not in compliance with certain of these non-financial covenants which is considered to be a technical Event of Default as defined in the note agreement. Remedies available to the lender in the event of a continuing Event of Default, at its option, include, but are necessarily limited to the following (1) lender may declare the principal and all accrued interest on the note due and payable; and (2) lender may exercise additional rights and remedies under the note agreement to include taking possession of the collateral or seeking satisfaction from the guarantors. The Company has not been notified by the lender regarding the exercise of any remedies available. Guarantors under the mortgage loan are Christopher Brogdon and GLN Investors, LLC, of which the Company owns a 100% membership interest.

#### *Contractual Obligations*

As of June 30, 2016, we had the following contractual obligations :

	Total	Less Than 1 Year	1 - 3 Years	3 - 5 Years	More Than 5 Years
Notes and Bonds Payable - Principal	\$31,596,576	\$14,752,629	\$10,716,146	\$2,439,242	\$3,688,559
Notes and Bonds Payable - Interest	13,458,082	1,796,302	1,954,236	1,482,181	8,225,363
Convertible Notes Payable - Principal	3,200,000	-	3,200,000	-	-
Convertible Notes Payable - Interest	260,000	208,000	52,000	-	-
Total	\$48,514,659	\$16,756,931	\$15,922,382	\$3,921,423	\$11,913,922

- 24 -

Revenues from operations are not sufficient to meet all the working capital needs of the Company for the foreseeable future. Cash on hand of \$2.1 million as of June 30, 2016 has increased through the repayment of our note receivable with Gemini Gaming of \$573,428 and net cash proceeds from the sale of our Greene Point facility during the first six months of 2016. Existing cash on hand combined with revenues generated from operations were not sufficient to cover all of our operating expenses and debt service requirements during the first six months of 2016. The closure of Goodwill, the bankruptcy of our operator at Eastman, Edwards Redeemer and Goodwill, the renegotiation of the operating lease for Lonoke, and the Receivership at Southern Tulsa SNF, have impaired our cash flow for the near term. Debt maturities are expected to be refinanced at reasonable terms upon maturity. The Company anticipates a combination of conventional mortgage loans, at market rates, issuance of revenue bonds and possibly additional equity injections to fund the acquisition cost of any additional properties. We have ongoing capital improvement and recurring capital expenditure commitments at most of our properties, which range from minor capital expenditure needs at Edwards Redeemer and Eastman to significant commitments at the Southern Tulsa ILF. We will likely need to consider further equity and debt financings to meet our short term capital requirements, for which there currently exist no commitments or agreements.

#### *Off-Balance Sheet Arrangements*

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that we consider material.

#### **Critical Accounting Policies**

Set forth below is a summary of the accounting policies that management believes are critical to the preparation of the consolidated financial statements. Certain of these accounting policies are particularly important for an understanding of the financial position and results of operations presented in the consolidated financial statements set forth elsewhere in this report. These policies require that application of judgment and assumptions by management and, as a result, are subject to a degree of uncertainty. Actual results could differ as a result of such judgment and assumptions.

#### *Property Acquisitions*

We allocate the purchase price of acquired properties to net tangible and identified intangible assets and any liabilities based on relative fair values. Fair value estimates are based on information obtained from independent appraisals, other market data, information obtained during due diligence and information related to the marketing and leasing at the specific property. Acquisition-related costs such as due diligence, legal and accounting fees are expensed as incurred and not applied in determining the purchase price or fair value of an acquired property.

*Impairment of Long Lived Assets*

When circumstances indicate the carrying value of property may not be recoverable, the Company reviews the asset for impairment. This review is based on an estimate of the future undiscounted cash flows, excluding interest charges, expected to result from the property's use and eventual disposition. This estimate considers factors such as expected future operating income, market and other applicable trends and residual value, as well as the effects of leasing demand, competition and other factors. If impairment exists, due to the inability to recover the carrying amount of the property, an impairment loss is recorded to the extent that the carrying value exceeds the estimated fair value of the property. Estimated fair value is determined with the assistance from independent valuation specialists using recent sales of similar assets, market conditions and projected cash flows of properties using standard industry valuation techniques.

- 25 -

### *Notes Receivable*

The Company evaluates its notes receivable for impairment when it is probable the payment of interest and principal will not be made in accordance with the contractual terms of the note receivable agreement. Once a note has been determined to be impaired, it is measured to establish the amount of the impairment, if any, based on the fair value of the note determined by using present value of expected future cash flows discounted at the note's effective interest rate. If the fair value of the impaired note receivable is less than the recorded investment in the note, a valuation allowance is recognized.

### **Recently Issued Accounting Pronouncements**

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers." This ASU requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. This ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The new standard is effective for the Company on January 1, 2017. Early application is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. We are evaluating the effect that ASU 2014-09 will have on our consolidated financial statements and related disclosures. We have not yet selected a transition method nor have we determined the effect of the standard on our ongoing financial reporting.

In August 2014, the FASB issued ASU No. 2014-15, "Presentation of Financial Statements - Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern," which requires management to assess a company's ability to continue as a going concern and to provide related footnote disclosures in certain circumstances. Before this new standard, there was minimal guidance in U.S. GAAP specific to going concern. Under the new standard, disclosures are required when conditions give rise to substantial doubt about a company's ability to continue as a going concern within one year from the financial statement issuance date. The guidance is effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period, with early adoption permitted. The Company has not yet determined the impact, if any, that the adoption of this guidance will have on its consolidated financial statements.

In April 2015, the FASB issued ASU 2015-03, "Simplifying the Presentation of Debt Issuance Costs." The new standard requires that all costs incurred to issue debt be presented in the balance sheet as a direct deduction from the carrying value of the debt. On January 1, 2016, the Company adopted ASU 2015-03 and retrospectively applied the guidance to its Debt, Net for all periods presented. Unamortized deferred loan costs, which were previously included in Prepaid Expenses, Deferred Loan Costs and Other, totaling \$582,284 and \$626,688 are included in Debt, Net as of June 30, 2016 and December 31, 2015, respectively.

In September 2015, the FASB issued ASU No. 2015-16, “Business Combinations (Topic 805): Simplifying the Accounting for Measurement-Period Adjustments”. Under this guidance, an acquirer is required to recognize adjustments to provisional amounts that are identified during the measurement period in the reporting period in which the adjustment amounts are determined. The amendments in this ASU require that the acquirer record, in the same period’s financial statements, the effect on earnings of changes in depreciation, amortization or other income effects, if any, as a result of the change to the provisional amounts, calculated as if the accounting had been completed at the acquisition date. The amendments in this ASU require an entity to present separately on the face of the income statement or disclose in the notes the portion of the amount recorded in current-period earnings by line item that would have been recorded in previous reporting periods if the adjustment to the provisional amounts had been recognized as of the acquisition date. The amendments in this ASU, which should be applied prospectively, are effective for annual and interim periods beginning after December 15, 2015. The Company adopted ASU No. 2015-16 on January 1, 2016, and the adoption did not have a material impact on the consolidated financial statements and related disclosures.

In February 2016, the FASB issued ASU 2016-02, "Leases", which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e. lessees and lessors). ASU 2016-02 requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase of the leased asset by the lessee. This classification will determine whether the lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases and operating leases. ASU 2016-02 supersedes previous leasing standards. ASU 2016-02 is effective for the Company for reporting periods beginning after December 15, 2018, with early adoption permitted. The Company is currently assessing the potential impact that the adoption of ASU 2016-02 will have on its consolidated financial statements.

In March 2016, the FASB issued ASU 2016-09, "Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting". ASU 2016-09 is intended to improve the accounting for share-based payments and affects all organizations that issue share-based payment awards to their employees. Several aspects of the accounting for share-based payment awards are simplified with ASU 2016-09, including income tax consequences, classification of awards as equity or liabilities and classification on the statement of cash flows. ASU 2016-09 is effective for the Company for reporting periods beginning after December 15, 2016, with early adoption permitted. The Company is currently assessing the potential impact that the adoption of ASU 2016-09 will have on its consolidated financial statements.

## **SUBSEQUENT EVENTS**

In July 2016, the Company agreed in principal to settle a civil case involving the return of a \$100,000 earnest money deposit paid under an agreement to purchase a skilled nursing facility in Ridgeway, South Carolina. Under the settlement, the Company will receive half of the deposit and forfeit the other half. The Company through its subsidiary TNH Acquisition LLC, a Georgia company, entered into a Stock Purchase Agreement as of July 24, 2015 in which it agreed to and did deposit into escrow \$100,000 earnest money. The acquisition subsequently failed to close, and the parties to the deal disputed the funds in escrow in court. The funds were paid into the court registry in Georgia from the escrow agent less expenses and attorneys' fees, \$98,980.50. The parties have agreed to settle their disputes each accepting one-half of the registry funds, and have executed documents to this effect. The final court order to disburse the funds has not yet been processed and the funds are not yet disbursed as of August 12, 2016, but are expected in the third quarter. The Company has recognized the portion of its deposit that will not be returned as an acquisition expense in June, 2016.

As of July 2, 2016 new leases were executed for the Warrenton and Providence facilities. Monthly rent was reduced by \$2,000 and \$5,000 respectively to induce termination of the operator's lease of the Greene Point facility.

In July 2016, the tenant at GL Nursing served notice that it was terminating the lease effective August 31, 2016. The Company is engaged in negotiations with a new lease operator to take over the facility; however, there can be no assurance that those negotiations will be successful.

In July 2016, the Company settled \$100,000 of an unsecured note payable with an outstanding principal balance of \$1,650,000 related to Golden Years Manor Nursing Home with an investor. The Company will recognize a gain on settlement of \$100,000 during the third quarter of 2016.

Effective July 10, 2016, the maturity date related to the mortgage loan for Goodwill Nursing Home was extended from July 10, 2016 to January 10<sup>th</sup>, 2017 and the payments modified to interest only during the extension period. The Company has verbal confirmation of the lender's board approval and will execute a new loan agreement in Q3

In July 2016, the Board of Directors approved a restricted stock award of 250,000 each to four directors who also have served as executive officers since the resignation of Mr. Brogdon in November 2015: Messrs. Baller, Sink, Rhine and Neuman, as compensation for their services. The restricted stock awards are fully vested. Mr. Neuman's restricted stock award will be credited against his outstanding open and unpaid account for legal services rendered.

Not applicable.

### **ITEM 4. CONTROLS AND PROCEDURES**

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, as appropriate, to allow timely decisions regarding required disclosure. Management necessarily applied its judgment in assessing the costs and benefits of such controls and procedures, which, by their nature, can provide only reasonable assurance regarding management's control objectives.

Our management, including our CEO and CFO, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of the end of the period

covered by this Report. Based on this evaluation, our CEO and CFO concluded that the design and operation of our disclosure controls and procedures were not effective as of such date to provide assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to management as appropriate, to allow timely decisions regarding disclosures.

There was no change in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) that occurred during the quarter ended June 30, 2016, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## PART II OTHER INFORMATION

### Item 1.

#### Legal Proceedings

The Company and/or its affiliated subsidiaries are involved in the following litigation:

*Southern Tulsa, LLC v. Healthcare Management of Oklahoma, LLC*, District Court of Tulsa County, State of Oklahoma, Case No. CJ – 2016- 01781.

This matter was brought by us to have the appointment of a Receiver for the Southern Tulsa SNF and to recover damages from our former operator at that facility. The Court has ordered the appointment of a Receiver effective May 10, 2016. Other claims and matters are pending.

*Joann Howard v. Southern Tulsa, LLC, West Paces Ferry Healthcare REIT, LLC, et. al.* District Court of Tulsa County, State of Oklahoma, Case No. CJ- 2015-03048.

This is a personal injury lawsuit brought by the heirs of a former resident of the Southern Tulsa SNF. Our affiliates were named as defendants due to their ownership of the property. As we were not the operators of the SNF at the time of the alleged injury, we believe the likelihood of a material adverse outcome is remote.

*Gregory D. Hughes, Esq. v. Janis M Tilford, et. al.*, Superior Court of Cobb County, Georgia, Civil Action File No. 16-1-2391-49.

This civil action arises from the termination of the Stock Purchase Agreement entered into by the Company's subsidiary TNH Acquisition, LLC to acquire the skilled nursing facility in Ridgeway, South Carolina. The dispute is over the disposition of our \$100,000 earnest money deposit which the escrow agent has interpleaded into the Court. We have reached an agreement in principle to settle the case under which we have agreed to forfeit half of the earnest money deposit.

*Thomas v. Edwards Redeemer Property Holdings, LLC, et.al.*, District Court for Oklahoma County, Oklahoma, Case No. CJ 2016-2160.

This action arises from a personal injury claim brought by heirs of a former resident of our Edwards Redeemer facility. We are entitled to indemnification from the lease operator and should be covered under the lease operators general liability policy. As we are not the operators of the facility and believe we have indemnity coverage, we believe the likelihood of a material adverse outcome is remote.
