NEW ENGLAND REALTY ASSOCIATES LIMITED PARTNERSHIP

PART I

ITEM 1. BUSINESS

General

New England Realty Associates Limited Partnership (“NERA” or the “Partnership”), a Massachusetts Limited Partnership, was formed on August 12, 1977 as the successor to five real estate limited partnerships (collectively, the “Colonial Partnerships”), which filed for protection under Chapter XII of the Federal Bankruptcy Act in September 1974. The bankruptcy proceedings were terminated in late 1984. In July 2004, the General Partner extended the termination date of the Partnership until 2057, as allowed in the Partnership Agreement.

The authorized capital of the Partnership is represented by three classes of partnership units (“Units”). There are two categories of limited partnership interests (“Class A Units” and “Class B Units”) and one category of general partnership interests (the “General Partnership Units”). The Class A Units were initially issued to creditors and limited partners of the Colonial Partnerships and have been registered under Section 12(g) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Each Class A Unit is exchangeable for 30 publicly traded depository receipts (“Receipts”), which are currently listed on the NYSE Amex Exchange and are registered under Section 12(b) of the Exchange Act. The Class B Units were issued to the original general partners of the Partnership. The General Partnership Units are held by the current general partner of the Partnership, NewReal, Inc. (the “General Partner”). The Class A Units represent an 80% ownership interest, the Class B Units represent a 19% ownership interest, and the General Partnership Units represent a 1% ownership interest.

The Partnership is engaged in the business of acquiring, developing, holding for investment, operating and selling real estate. The Partnership, directly or through 25 subsidiary limited partnerships or limited liability companies, owns and operates various residential apartment buildings, condominium units and commercial properties located in Massachusetts and New Hampshire. As used herein, the Partnership’s subsidiary limited partnerships and limited liabilities companies are each referred to as a “Subsidiary Partnership” and are collectively referred to as the “Subsidiary Partnerships.”

The Partnership owns between a 99.67% and 100% interest in each of the Subsidiary Partnerships, except in nine limited liability companies (the “Investment Properties” or “Joint Ventures”) in which the Partnership has between a 40% and 50% ownership interest. The majority shareholder of the General Partner indirectly owns between 43.2% and 57%, the President of Hamilton owns between 2.5 % and 4.5 %, and five other management employees of Hamilton own collectively between 0% and 2.3%, respectively of Joint Ventures. The Partnership’s interest in the Investment Properties is accounted for on the equity method in the Consolidated Financial Statements. See Note 1 to the Consolidated Financial Statements—“Principles of Consolidation.” See Note 14 to the Consolidated Financial Statements—“Investment in Unconsolidated Joint Ventures” for a description of the properties and their operations. Of those Subsidiary Partnerships not wholly owned by the Partnership, except for the Investment Properties, the remaining ownership interest is held by an unaffiliated third party. In each such case, the third party has entered into an agreement with the Partnership, pursuant to which any benefit derived from its ownership interest in the applicable Subsidiary Partnerships will be returned to the Partnership.

The long term goals of the Partnership are to manage, rent and improve its properties and to acquire additional properties with income and capital appreciation potential as suitable opportunities arise. When appropriate, the Partnership may sell or refinance selected properties. Proceeds from any such sales or refinancing will be used to reduce debt, reinvested in acquisitions of other properties, distributed to the partners, repurchase equity interests, or

used for operating expenses or reserves, as determined by the General Partner.

Table of Contents

Operations of the Partnership

The Partnership is managed by the General Partner, NewReal, Inc., a Massachusetts corporation wholly owned by Harold Brown and Ronald Brown. The General Partner has engaged The Hamilton Company, Inc. (the “Hamilton Company” or “Hamilton”) to perform general management functions for the Partnership’s properties in exchange for management fees. The Hamilton Company is wholly owned by Harold Brown and employs Ronald Brown and Harold Brown. The Partnership, Subsidiary Partnerships, and the Investment Properties currently contract with the management company for 52 individuals at the Properties and 10 individuals at the Joint Ventures who are primarily involved in the supervision and maintenance of specific properties. The General Partner has no employees.

As of February 1, 2016, the Partnership and its Subsidiary Partnerships owned 2,506 residential apartment units in 21 residential and mixed use complexes (collectively, the “Apartment Complexes”). The Partnership also owns 19 condominium units in a residential condominium complex, all of which are leased to residential tenants (collectively referred to as the “Condominium Units”). The Apartment Complexes, the Condominium Units and the Investment Properties are located primarily in the metropolitan Boston area of Massachusetts.

As of February 1, 2016, the Subsidiary Partnerships also owned a commercial shopping center in Framingham, Massachusetts, one commercial building in Newton and one in Brookline, Massachusetts and commercial space in mixed use buildings in Boston, Brockton and Newton, Massachusetts. These properties are referred to collectively as the “Commercial Properties.” See Note 2 to the Consolidated Financial Statements, included as a part of this Form 10 K.

Additionally, as of February 1, 2016, the Partnership owned a 40 50% interest in 9 residential and mixed use complexes, the Investment Properties, with a total of 788 residential units, one commercial unit, and a 50 car parking lot. See Note 14 to the Consolidated Financial Statements for additional information on these investments.

The Apartment Complexes, Investment Properties, Condominium Units and Commercial Properties are referred to collectively as the “Properties.”

Harold Brown and, in certain cases, Ronald Brown, and officers and employees of the Hamilton Company own or have owned interests in certain of the Properties, Subsidiary Partnerships and Joint Ventures. See “Item 13. Certain Relationships, Related Transactions and Director Independence.”

The leasing of real estate in the metropolitan Boston area of Massachusetts is highly competitive. The Apartment Complexes, Condominium Units and the Investment Properties must compete for tenants with other residential apartments and condominium units in the areas in which they are located. The Commercial Properties must compete for commercial tenants with other shopping malls and office buildings in the areas in which they are located. Thus, the level of competition at each Property depends on how many other similarly situated properties are in its vicinity. See “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations—Factors that May Affect Future Results.”

The Second Amended and Restated Contract of Limited Partnership of the Partnership (the “Partnership Agreement”) authorizes the General Partner to acquire real estate and real estate related investments from or in participation with either or both of Harold Brown and Ronald Brown, or their affiliates, upon the satisfaction of certain terms and conditions, including the approval of the Partnership’s Advisory Committee and limitations on the price paid by the Partnership for such investments. The Partnership Agreement also permits the Partnership’s limited partners and the General Partner to make loans to the Partnership, subject to certain limitations on the rate of interest that may be charged to the Partnership. Except for the foregoing, the Partnership does not have any policies prohibiting any limited partner, General Partner or any other person from having any direct or indirect pecuniary interest in any investment to be acquired or disposed of by the Partnership or in any transaction to which the Partnership is a party or

has an interest in or from engaging, for their own account, in business activities of the types conducted or to be conducted by the Partnership. The General Partner is not limited in the number or amount of mortgages which may be placed on any Property, nor is there a policy limiting the percentage of Partnership assets which may be invested in any specific Property.

Industry Segments

The Partnership operates in only one industry segment—real estate. The Partnership does not have any foreign operations, and its business is not seasonal. See the Consolidated Financial Statements attached hereto and incorporated by reference herein for financial information relating to our industry segment.

Unit Distributions

In February 2016, the Partnership approved a quarterly distribution of \$7.50 per Unit (\$0.25 per Receipt), payable on March 31, 2016. In 2015 the Partnership paid four quarterly distributions of an aggregate \$30.00 per Unit (\$1.00 per Receipt) for a total payment of \$3,785,883 in 2015. In 2014, the Partnership paid four quarterly distributions of an aggregate of \$30.00 per Unit (\$1.00 per Receipt) for a total payment of \$3,858,386.

On August 20, 2007, NewReal, Inc., the General Partner authorized an equity repurchase program (“Repurchase Program”) under which the Partnership was permitted to purchase, over a period of twelve months, up to 300,000 Depository Receipts (each of which is one tenth of a Class A Unit). On January 15, 2008, the General Partner authorized an increase in the Repurchase Program from 300,000 to 600,000 Depository Receipts. On January 30, 2008 the General Partner authorized an increase in the Repurchase Program from 600,000 to 900,000 Depository Receipts. On March 6, 2008, the General Partner authorized the increase in the total number of Depository Receipts that could be repurchased pursuant to the Repurchase Program from 900,000 to 1,500,000. On August 8, 2008, the General Partner reauthorized and renewed the Repurchase Program for an additional 12 month period ended August 19, 2009. On March 22, 2010, the General Partner re authorized and renewed the Repurchase Program that expired on August 19, 2009. Under the terms of the renewed Repurchase Program, the Partnership may purchase up to 1,500,000 Depository Receipts from the start of the program in 2007 through March 31, 2015. On March 10, 2015, the General Partner authorized an increase in the Repurchase Program from 1,500,000 to 2,000,000 Depository Receipts and extended the Program for an additional five years from March 31, 2015 until March 31, 2020. The Repurchase Program requires the Partnership to repurchase a proportionate number of Class B Units and General Partner Units in connection with any repurchases of any Depository Receipts by the Partnership based upon the 80%, 19% and 1% fixed distribution percentages of the holders of the Class A, Class B and General Partner Units under the Partnership’s Second Amended and Restate Contract of Limited Partnership. Repurchases of Depository Receipts or Partnership Units pursuant to the Repurchase Program may be made by the Partnership from time to time in its sole discretion in open market transactions or in privately negotiated transactions. From August 20, 2007 through December 31, 2015, the Partnership has repurchased 1,341,598 Depository Receipts at an average price of \$26.63 per receipt (or \$798.90 per underlying Class A Unit), 2,885 Class B Units and 152 General Partnership Units, both at an average price of \$ 877.14 per Unit, totaling approximately \$38,596,000 including brokerage fees paid by the Partnership.

Property Transactions

In May 2013 the Partnership sold the Nashoba Apartments located in Acton, Massachusetts. The sale price was \$4,300,000; the net proceeds of approximately \$2,100,000 were transferred to Investment Property Exchange Services, Inc. a Qualified Intermediary. These funds were held by the intermediary in order to maintain the Partnership’s ability to structure a tax free exchange in accordance with the Internal Revenue Service’s rules under Sec. 1031. The gain on the sale in accordance with GAAP is approximately \$3,679,000. The proceeds were subsequently used in the acquisition of the Hamilton Green apartments described below.

On July 15, 2013, Hamilton Green Apartments, LLC, a newly formed subsidiary of the Partnership, purchased Windsor Green at Andover, a 193 unit apartment complex located at 311 and 319 Lowell Street, Andover, Massachusetts. The purchase price was \$62,500,000. From the purchase price, the Partnership allocated approximately \$1,656,000 to the value of the in place leases and approximately \$96,000 to the value of the tenant

relationships. These amounts are amortized over 12 and 36 months respectively. To fund this purchase, the Partnership obtained short term financing of approximately \$40,000,000, used the funds of approximately \$2,100,000 from the like kind exchange of the Nashoba Apartments, and the balance from the Partnership's cash reserves. The closing costs associated with this short term financing were approximately \$38,000. The original mortgage matured in November 2013. On December 20, 2013, the Partnership refinanced the mortgage on Hamilton Green. The current mortgage is \$38,500,000; interest is fixed at

Table of Contents

4.67% for 15 years, interest only for 2 years and is amortized on a 30 year schedule for the balance of the term. This refinancing required an additional \$1,846,000 in capital from the Partnership. The closing costs associated with this refinancing were approximately \$346,000.

On September 18, 2015, Residences at Captain Parkers LLC, a newly formed subsidiary of the Partnership, purchased the Residence at Captain Parkers, a 94 unit apartment complex located at 125 Worthen Road and Ryder Lane in Lexington, Massachusetts. The purchase price was \$31,600,000 and the closing costs were approximately \$49,000. From the purchase price, the Partnership allocated approximately \$474,000 for in-place leases, and approximately \$31,000 to the value of tenant relationships. These amounts are being amortized over 12 and 24 months respectively. To fund the purchase, the Partnership utilized the available line of credit of \$25,000,000, and the balance from the Partnership's cash reserves.

During 2015, the Partnership and its Subsidiary Partnerships completed improvements to certain of the Properties at a total cost of approximately \$6,694,000. These improvements were funded from cash reserves and, to some extent, escrow accounts established in connection with the financing or refinancing of the applicable Properties. These sources have been adequate to fully fund improvements. The most significant improvements were made at Westgate Apartments, 62 Boylston Street, Westside Colonial, Executive Apartments, River Drive Apartments, and Hamilton Oaks at a cost of approximately \$1,349,000, \$697,000, \$647,000, \$632,000, \$603,000 and \$592,000 respectively. The Partnership plans to invest approximately \$3,517,000 in capital improvements in 2016.

Line of Credit

On July 31, 2014, the Partnership entered into an agreement for a \$25,000,000 revolving line of credit. The term of the line is three years with a floating interest rate equal to a base rate of the greater of (a) the Prime Rate (b) the Federal Funds Rate plus one half of one percent per annum, or (c) the LIBOR Rate for a period of one month plus 1% per annum, plus an applicable margin of 2.5% to 3.5%. The costs associated with the line of credit were approximately \$125,000. As of December 31, 2015, the credit line had a balance of \$25,000,000. The interest rate on the line of credit at December 31, 2015 is 3.875%.

On September 15, 2015, the Partnership, in connection with the purchase of the Residence at Captain Parker Apartments, used the entire line of credit, along with cash reserves, to purchase the property. (See Note 2: Rental Properties, for the details of the transaction.) In January, 2016, the Partnership obtained a mortgage on the Residences at Captain Parker. The Partnership used the proceeds from the loan and cash reserves to pay down the line of credit balance to zero. See Note 18, SUBSEQUENT EVENTS, for the details of the repayment.

The line of credit may be used for acquisition, refinancing, improvements, working capital and other needs of the Partnership. The line may not be used to pay distributions, make distributions or acquire equity interests of the Partnership.

The line of credit is collateralized by varying percentages of the Partnership's ownership interest in 23 of its subsidiary properties and joint ventures. Pledged interests range from 49% to 100% of the Partnership's ownership interest in the respective entities.

The Partnership paid fees to secure the line of credit. Any unused balance of the line of credit is subject to a fee ranging from 15 to 20 basis points per annum. The Partnership paid approximately \$36,000 for the twelve months ended December 31, 2015.

The line of credit agreement has several covenants, such as providing cash flow projections and compliance certificates, as well as other financial information. The covenants include, but are not limited to the following: maintain a leverage ratio that does not exceed 65%; aggregate increase in indebtedness of the subsidiaries and joint ventures should not exceed \$15,000,000; maintain a tangible net worth (as defined in the agreement) of a minimum of \$150,000,000; a minimum ratio of net operating income to total indebtedness of at least 9.5%; debt service coverage ratio of at least 1.6 to 1, as well as other items.

Table of Contents

The Partnership is in compliance with these covenants as of December 31, 2015.

Advisory Committee

The Advisory Committee members are Gregory Dube, Robert Nahigian, and Edward Sarkesian. These Advisory Committee members are not affiliated with the General Partner. The Advisory Committee meets with the General Partner to review the progress of the Partnership, assist the General Partner with policy formation, review the appropriateness, timing and amount of proposed distributions, approve or reject proposed acquisitions and investments with affiliates, and advise the General Partner on various other Partnership affairs. Per the Partnership Agreement, the Advisory Committee has no binding power except that it must approve certain investments and acquisitions or sales by the Partnership from or with affiliates of the Partnership.

ITEM 1A. RISK FACTORS

We are subject to certain risks and uncertainties as described below. These risks and uncertainties may not be the only ones we face; there may be additional risks that we do not presently know of or that we currently consider immaterial. All of these risks could adversely affect our business, financial condition, results of operations and cash flows. Our ability to pay distributions on, and the market price of, our equity securities may be adversely affected if any of such risks are realized. All investors should consider the following risk factors before deciding to purchase or sell securities of the Partnership.

We are subject to risks inherent in the ownership of real estate. We own and manage multifamily apartment complexes and commercial properties that are subject to varying degrees of risk generally incident to the ownership of real estate. Our financial condition, the value of our properties and our ability to make distributions to our shareholders will be dependent upon our ability to operate our properties in a manner sufficient to generate income in excess of operating expenses and debt service charges, which may be affected by the following risks, some of which are discussed in more detail below:

- changes in the economic climate in the markets in which we own and manage properties, including interest rates, the overall level of economic activity, the availability of consumer credit and mortgage financing, unemployment rates and other factors;
- a lessening of demand for the multifamily and commercial units that we own;
- competition from other available multifamily residential and commercial units and changes in market rental rates;
- development by competitors of competing multi family communities;
- increases in property and liability insurance costs;

Table of Contents

- changes in real estate taxes and other operating expenses (e.g., cleaning, utilities, repair and maintenance costs, insurance and administrative costs, security, landscaping, pest control, staffing, snow removal and other general costs);
- changes in laws and regulations affecting properties (including tax, environmental, zoning and building codes, and housing laws and regulations);
- weather and other conditions that might adversely affect operating expenses;
- expenditures that cannot be anticipated, such as utility rate and usage increases, unanticipated repairs and real estate tax valuation reassessments or mileage rate increases;
- our inability to control operating expenses or achieve increases in revenues;
- the results of litigation filed or to be filed against us;
- risks related to our joint ventures;
- risks of personal injury claims and property damage related to mold claims because of diminished insurance coverage;
- catastrophic property damage losses that are not covered by our insurance;
- risks associated with property acquisitions such as environmental liabilities, among others;
- changes in market conditions that may limit or prevent us from acquiring or selling properties;
- the perception of tenants and prospective tenants as to the attractiveness, convenience and safety of our properties or the neighborhoods in which they are located; and
- the Partnership does not carry directors and officers insurance.

We are dependent on rental income from our multifamily apartment complexes and commercial properties. If we are unable to attract and retain tenants or if our tenants are unable to pay their rental obligations, our financial condition and funds available for distribution to our shareholders will be adversely affected.

Our multifamily apartment complexes and commercial properties are subject to competition. Our properties and joint venture investments are located in developed areas that include other properties. The properties also compete with other rental alternatives, such as condominiums, single and multifamily rental homes, owner occupied single and multifamily homes, and commercial properties in attracting tenants. This competition may affect our ability to attract and retain residents and to increase or maintain rental rates.

The properties we own are concentrated in Eastern Massachusetts and Southern New Hampshire. Our performance, therefore, is linked to economic conditions and the market for available rental housing and commercial space in these states. A decline in the market for apartment housing and/or commercial properties may adversely affect our financial condition, results of operations and ability to make distributions to our shareholders.

Our insurance may not be adequate to cover certain risks. There are certain types of risks, generally of a catastrophic nature, such as earthquakes, floods, windstorms, act of war and terrorist attacks that may be uninsurable, or are not economically insurable, or are not fully covered by insurance. Moreover, certain risks, such as mold and environmental exposures, generally are not covered by our insurance. Should an uninsured loss or a loss in excess of insured limits occur, we could lose our equity in the affected property as well as the anticipated future cash flow from

Table of Contents

that property. Any such loss could have a material adverse effect on our business, financial condition and results of operations.

Debt financing could adversely affect our performance. The vast majority of our assets are encumbered by project specific, non recourse, non cross collateralized mortgage debt. There is a risk that these properties will not have sufficient cash flow from operations for payments of required principal and interest. We may not be able to refinance these loans at an amount equal to the loan balance and the terms of any refinancing may not be as favorable as the terms of existing indebtedness. If we are unable to make required payments on indebtedness that is secured by a mortgage, the Partnership will either invest additional money in the property or the property securing the mortgage may be foreclosed with a consequent loss of income and value to us.

We are obligated to comply with financial covenants in our indebtedness that could restrict our range of operating activities. The mortgages on our properties contain customary negative covenants, including limitations on our ability, without prior consent of the lender and other items. Failure to comply with these covenants could cause a default under the agreements and, in certain circumstances; our lenders may be entitled to accelerate our debt obligations. Defaults under our debt agreements could materially and adversely affect our financial condition and results of operations.

Real estate investments are generally illiquid, and we may not be able to sell our properties when it is economically or strategically advantageous to do so. Real estate investments generally cannot be sold quickly, and our ability to sell properties may be affected by market conditions. We may not be able to diversify or vary our portfolio promptly in accordance with our strategies or in response to economic or other conditions.

Our access to public debt markets is limited. Substantially all of our debt financings are secured by mortgages on our properties because of our limited access to public debt markets.

Litigation may result in unfavorable outcomes. Like many real estate operators, we may be involved in lawsuits involving premises liability claims, housing discrimination claims and alleged violations of landlord tenant laws, which may give rise to class action litigation or governmental investigations. Any material litigation not covered by insurance, such as a class action, could result in substantial costs being incurred. The Partnership does not carry directors and officer's liability insurance.

Our financial results may be adversely impacted if we are unable to sell properties and employ the proceeds in accordance with our strategic plan. Our ability to pay down debt, reduce our interest costs, repurchase Depository Receipts and acquire properties is dependent upon our ability to sell the properties we have selected for disposition at the prices and within the deadlines we have established for each respective property.

The costs of complying with laws and regulations could adversely affect our cash flow and ability to make distributions to our shareholders. Our properties must comply with Title III of the Americans with Disabilities Act (the "ADA") to the extent that they are "public accommodations" or "commercial facilities" as defined in the ADA. The ADA does not consider apartment complexes to be public accommodations or commercial facilities, except for portions of such properties that are open to the public. In addition, the Fair Housing Amendments Act of 1988 (the "FHAA") requires apartment complexes first occupied after March 13, 1990, to be accessible to the handicapped. Other laws also require apartment communities to be handicap accessible. Noncompliance with these laws could result in the imposition of fines or an award of damages to private litigants. We may be subject to lawsuits alleging violations of handicap design laws in connection with certain of our developments. If compliance with these laws involves substantial expenditures or must be made on an accelerated basis, our ability to make distributions to our shareholders could be adversely affected.

Under various federal, state and local laws, an owner or operator of real estate may be liable for the costs of removal or remediation of certain hazardous or toxic substances on, under or in the property. This liability may be imposed without regard to whether the owner or operator knew of, or was responsible for, the presence of the substances. Other law imposes on owners and operators certain requirements regarding conditions and activities that may affect human health or the environment. Failure to comply with applicable requirements could complicate our ability to lease or sell an affected property and could subject us to monetary penalties, costs required to achieve compliance and potential

Table of Contents

liability to third parties. We are not aware of any material noncompliance, liability or claim relating to hazardous or toxic substances or other environmental matters in connection with any of our properties. Nonetheless, it is possible that material environmental contamination or conditions exist, or could arise in the future, in the apartment communities or on the land upon which they are located.

We are subject to the risks associated with investments through joint ventures. Nine of our properties are owned by joint ventures in which we do not have a direct controlling interest. We may enter into joint ventures, including joint ventures that we do not control, in the future. Any joint venture investment involves risks such as the possibility that the co-venturer may seek relief under federal or state insolvency laws, or have economic or business interests or goals that are inconsistent with our business interests or goals. While the bankruptcy or insolvency of our co-venturer generally should not disrupt the operations of the joint venture, we could be forced to purchase the co-venturer's interest in the joint venture or the interest could be sold to a third party. We also may guarantee the indebtedness of our joint ventures. If we do not have control over a joint venture, the value of our investment may be affected adversely by a third party that may have different goals and capabilities than ours.

We are subject to risks associated with development, acquisition and expansion of multifamily apartment complexes and commercial properties. Development projects and acquisitions and expansions of apartment complexes are subject to a number of risks, including:

- availability of acceptable financing;
- competition with other entities for investment opportunities;
- failure by our properties to achieve anticipated operating results;
- construction costs of a property exceeding original estimates;
- delays in construction; and
- expenditure of funds on, and the devotion of management time to, transactions that may not come to fruition.

We are subject to control by our directors and officers. The directors and executive officers of the General Partner and members of their families and related entities owned approximately 35% of our depositary receipts as of December 31, 2015. Additionally, management decisions rest with our General Partner without limited partner approval.

Competition for skilled personnel could increase our labor costs. We and our management company compete with various other companies in attracting and retaining qualified and skilled personnel who are responsible for the day to day operations of our properties. Competitive pressures may require that we enhance our pay and benefits package to compete effectively for such personnel. We may not be able to offset such added costs by increasing the rates we charge our tenants. If there is an increase in these costs or if we fail to attract and retain qualified and skilled personnel, our business and operating results could be harmed.

We depend on our key personnel. Our success depends to a significant degree upon the continued contribution of key members of the management company, who may be difficult to replace. The loss of services of these executives could have a material adverse effect on us. There can be no assurance that the services of such personnel will continue to be available to us. We do not hold key man life insurance on any of our key personnel.

Changes in market conditions could adversely affect the market price of our Depositary Receipts. As with other publicly traded equity securities, the value of our depositary receipts depends on various market conditions, which may change from time to time. Among the market conditions that may affect the value of our depositary receipts are the following:

- the extent of investor interest in us;
- the general reputation of real estate companies and the attractiveness of our equity securities in comparison to other equity securities, including securities issued by other real estate companies;
- our financial performance; and
- general stock and bond market conditions.

The market value of our depositary is based primarily upon the market's perception of our growth potential and our current and potential future earnings and cash distributions. Consequently, our depositary receipts may trade at prices that are higher or lower than our net asset value per depositary receipt.

We face possible risks associated with the physical effects of climate change. We cannot predict with the certainty whether climate change is occurring and, if so at what rate. However, the physical effects of climate change could have a material effect on our properties, operations, and business. To the extent climate change causes changes in weather patterns, our markets could experience increases in storm intensity and rising sea levels. Over time, these conditions could result in declining demand for our buildings or the inability of us to operate the buildings at all. Climate change may also have indirect effects on our business by increasing the cost of (or making unavailable) property insurance on terms we find acceptable, increasing the cost of energy and increasing the cost of snow removal at our properties. Proposed federal legislation to address climate change could increase utility and other costs of operating our properties which, if not offset by rising rental income, would reduce our net income. There can be no assurance that climate change will not have a material adverse effect on our properties, operations or business.

Security breaches and other disruptions could compromise our information and expose us to liability, which would cause our business and reputation to suffer. In the ordinary course of our business, we collect and store sensitive data, including intellectual property, our proprietary business information and that of our tenants and business partners, including personally identifiable information of our tenants and employees, in our data centers and on our networks. Despite our security measures, our information technology and infrastructure may be vulnerable to attacks by hackers or breached due to employee error, malfeasance or other disruptions. Any such breach could compromise our networks and the information stored there could be accessed, publicly disclosed, lost or stolen. Any such access, disclosure or other loss of information could result in legal claims or proceedings, liability under laws that protect the privacy of personal information, disrupt our operations, and damage our reputation, which could adversely affect our business.

Risk of changes in the tax law applicable to real estate partnerships. Since the Internal Revenue Service, the United States Treasury Department and Congress frequently review federal income legislation, we cannot predict whether, when or to what extent new federal tax laws, regulations, interpretations or rulings will be adopted. Any such legislative action may prospectively or retroactively modify our tax treatment and therefore, may adversely affect taxation to us, and/or our partners.

(1) The loan for Linhart LP was paid off in February 2014.

Current free rent concessions would result in an average reduction in unit rents of less than \$7 per month per unit. Free rent expense amortized in 2015 was approximately \$209,000 compared to approximately \$169,000 in 2014.

On July 15, 2013, Hamilton Green Apartments, LLC, a newly formed subsidiary of the Partnership, purchased Windsor Green at Andover, a 193 unit apartment complex located at 311 and 319 Lowell Street, Andover, Massachusetts. The purchase price was \$62,500,000. From the purchase price, the Partnership allocated approximately \$1,656,000 to the value of the in place leases and approximately \$96,000 to the value of the tenant relationships. These amounts are amortized over 12 and 36 months respectively. To fund this purchase, the Partnership obtained short term financing of approximately \$40,000,000, used the funds of approximately \$2,100,000 from the like kind exchange of the Nashoba Apartments, and the balance from the Partnership's cash reserves. The closing costs associated with this short term financing were approximately \$38,000. The original mortgage matured in November 2013. On December 20, 2013, the Partnership refinanced the mortgage on Hamilton Green. The current mortgage is \$38,500,000; interest is fixed at 4.67% for 15 years, interest only for 2 years and is amortized on a 30 year schedule for the balance of the term. This refinancing required an additional \$1,846,000 in capital from the Partnership. The closing costs associated with this refinancing were approximately \$346,000.

On September 18, 2015, Residences at Captain Parkers LLC, a newly formed subsidiary of the Partnership, purchased the Residence at Captain Parkers, a 94 unit apartment complex located at 125 Worthen Road and Ryder Lane in Lexington, Massachusetts. The purchase price was \$31,600,000 and the closing costs were approximately \$49,000. From the purchase price, the Partnership allocated approximately \$474,000 for in-place leases, and approximately \$31,000 to the value of tenant relationships. These amounts are being amortized over 12 and 24 months respectively. To fund the purchase, the Partnership utilized the available line of credit of \$25,000,000, and the balance from the Partnership's cash reserves. In January, 2016, the Partnership obtained a mortgage on the Residences at Captain Parker. The Partnership used the proceeds from the loan and cash reserves to pay down the line of credit balance to zero. See Note 18, SUBSEQUENT EVENTS, for the details of the repayment.

See Note 5 to the Consolidated Financial Statements, included as part of this Form 10 K, for information relating to the mortgages payable of the Partnership and its Subsidiary Partnerships.

345 FRANKLIN, LLC. In November 2001, the Partnership invested approximately \$1,533,000 for a 50% ownership interest in a 40 unit apartment building in Cambridge, Massachusetts. In June 2013, the property was refinanced with a 15 year mortgage in the amount of \$10,000,000 at 3.87%, interest only for 3 years and is amortized on a 30 year schedule for the balance of the term. The Partnership paid off the prior mortgage of approximately \$6,776,000 with the proceeds of the new mortgage. After the refinancing, the property made a distribution of \$1,610,000 to the Partnership. As a result of the distribution, the carrying value of the investment fell below zero. The Partnership will continue to account for this investment using the equity method of accounting. Although the Partnership has no legal obligation, the Partnership intends to fund its share of any future operating deficits if needed. At December 31, 2015, the balance of this mortgage is approximately \$10,000,000. This investment is referred to as 345 Franklin, LLC.

The mortgage was \$16,825,000, with interest only of 5.18% for three years and amortizing on a 30 year schedule for the remaining seven years when the balance is due. The net proceeds after funding escrow accounts and closing costs on the mortgage were approximately \$16,700,000, which were used to reduce the existing mortgage. In August 2014, the property was refinanced with a 10 year mortgage in the amount of \$16,900,000 at 4.34% interest only. This investment is referred to as Hamilton Minuteman, LLC.

HAMILTON ESSEX 81, LLC. On March 7, 2005, the Partnership invested \$2,000,000 for a 50% ownership interest in a building comprising 48 apartments, one commercial space and a 50 car surface parking lot located in Boston, Massachusetts. The purchase price was \$14,300,000, with a \$10,750,000 mortgage. The Partnership planned to operate the building and initiate development of the parking lot. In June 2007, the Partnership separated the parcels, formed an additional limited liability company for the residential apartments and obtained a mortgage on the property. The new limited liability company formed for the residential apartments and commercial space is referred to as Hamilton Essex 81, LLC. In August 2008, the Partnership restructured the mortgages on both parcels at Essex 81 and transferred the residential apartments to Hamilton Essex 81, LLC. On September 28, 2015, Hamilton Essex Development, LLC paid off the outstanding mortgage balance of \$1,952,286. The Partnership made a capital contribution of \$978,193 to Hamilton Essex Development LLC for its share of the funds required for the transaction. Additionally, the Partnership made a capital contribution of \$100,000 to Hamilton Essex 81, LLC. On September 30, 2015, Hamilton Essex 81, LLC obtained a new 10 year mortgage in the amount of \$10,000,000, interest only at 2.18% plus the one month Libor rate. The proceeds of the note were used to pay off the existing mortgage of \$8,040,719 and the Partnership received a distribution of \$978,193 for its share of the excess proceeds. As a result of the distribution, the carrying value of the investment fell below zero. The Partnership will continue to account for this investment using the equity method of accounting. Although the Partnership has no legal obligation, the Partnership intends to fund its share of any future operating deficits if needed. The investment in the parking lot is

referred to as Hamilton Essex Development, LLC; the investment in the apartments is referred to as Hamilton Essex 81, LLC.

HAMILTON 1025, LLC. On March 2, 2005, the Partnership invested \$2,352,000 for a 50% ownership interest in a 176 unit apartment complex with an additional small commercial building located in Quincy, Massachusetts. The purchase price was \$23,750,000. The Partnership sold 127 of the units as condominiums and retained 49 units for long term investment. The Partnership obtained a new 10 year mortgage in the amount of \$5,000,000 on the units to be

retained by the Partnership. The interest on the new loan was 5.67% fixed for the 10 year term with interest only payments for five years and amortized over a 30 year period for the balance of the loan term. At December 31, 2015, the mortgage balance is approximately \$4,733,000. This investment is referred to as Hamilton 1025, LLC.

HAMILTON BAY, LLC. On October 3, 2005, the Partnership invested \$2,500,000 for a 50% ownership interest in a 168 unit apartment complex in Quincy, Massachusetts. The purchase price was \$30,875,000. The Partnership planned to sell 120 units as condominiums and retained 48 units for long term investment. In February 2007, the Partnership refinanced the 48 units with a new 10 year mortgage in the amount of \$4,750,000 with an interest rate of 5.57%, interest only for five years. The loan is amortized over 30 years thereafter and matures in March 2017. As of December 31, 2015, the balance of the mortgage is approximately \$4,504,000. This investment is referred to as Hamilton Bay Apartments, LLC. In April 2008, the Partnership refinanced the remaining 20 units held for sale and obtained a new mortgage in the amount of \$2,368,000 with interest at 5.75%, interest only, which matured in 2013. On October 18, 2013, the Partnership and its joint venture partner each made capital contributions to the entity of \$660,000. The capital was used to pay off the outstanding mortgage. During 2015, 2 units were sold resulting in a gain of approximately \$169,000. As of February 1, 2016, 5 units are still owned by the Partnership. This investment is referred to as Hamilton Bay, LLC.

HAMILTON PARK TOWERS, LLC. On October 28, 2009 the Partnership invested approximately \$15,925,000 in a joint venture to acquire a 40% interest in a residential property located in Brookline, Massachusetts. The property, Hamilton Park Towers LLC, referred to as Dexter Park, is a 409 unit residential complex. The purchase price was \$129,500,000. The total mortgage was \$89,914,000 with an interest rate of 5.57% and it matures in 2019. The mortgage calls for interest only payments for the first two years of the loan and amortized over 30 years thereafter. The balance of this mortgage is approximately \$84,903,000 at December 31, 2015. In order to fund this investment, the Partnership used approximately \$8,757,000 of its cash reserves and borrowed approximately \$7,168,000 with an interest rate of 6% from HBC Holdings, LLC, an entity owned by Harold Brown and his affiliates (“HBC”). The term of the loan was four years with a provision requiring payment in whole or in part upon demand by HBC with six months notice. The loan was paid in full in April 2012. This investment, Hamilton Park Towers, LLC is referred to as Dexter Park.

ITEM 5. MARKET FOR REGISTRANT’S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Each Class A Unit is exchangeable, through Computershare Trust Company (“Computershare”) (formerly Equiserve LP), the Partnership’s Depository Agent, for 30 Depository Receipts (“Receipts”). The Receipts are listed and publicly traded on the NYSE MKT Exchange under the symbol “NEN.” There has never been an established trading market for the Class B Units or General Partnership Units.

In 2015, the high and low bid quotations for the Receipts were \$51.75 and \$46.00 respectively. The table below sets forth the high, low and closing price for each quarter of 2015 and 2014 and the distributions paid on the Partnership's Depositary Receipts:

Effective January 3, 2012, the Partnership authorized a 3 for 1 forward split of its Depositary Receipts listed on the NYSE MKT and a concurrent adjustment of the exchange ratio of Depositary Receipts for Class A Units of the Partnership from 10 to 1 to 30 to 1, such that each Depositary Receipt represents one thirtieth of 1/30 of a Class A Unit of the Partnership.

All references to Depositary Receipts in the report are reflective of the 3 for 1 forward split.

The Partnership has made annual distributions to its Partners since 1978. The Partnership made distributions of \$30.00 per Unit (\$1.00 per Receipt) in 2015 and 2014, respectively. The total distribution was \$3,785,883 in 2015 and \$3,858,386 in 2014. In February 2016, the Partnership declared a quarterly distribution of \$7.50 per Unit (\$0.25 per Receipt) payable on March 31, 2016.

See "Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters" for certain information relating to the number of holders of each class of Units.

On August 20, 2007, NewReal, Inc., the General Partner authorized an equity repurchase program ("Repurchase Program") under which the Partnership was permitted to purchase, over a period of twelve months, up to 300,000 Depositary Receipts (each of which is one tenth of a Class A Unit). On January 15, 2008, the General Partner authorized an increase in the Repurchase Program from 300,000 to 600,000 Depositary Receipts. On January 30, 2008 the General Partner authorized an increase the Repurchase Program from 600,000 to 900,000 Depositary Receipts. On March 6, 2008, the General Partner authorized the increase in the total number of Depositary Receipts that could be repurchased pursuant to the Repurchase Program from 900,000 to 1,500,000. On August 8, 2008, the General Partner

reauthorized and renewed the Repurchase Program for an additional 12 month period ended August 19, 2009. On March 22, 2010, the General Partner re authorized and renewed the Repurchase Program that expired on August 19, 2009. Under the terms of the renewed Repurchase Program, the Partnership may purchase up to 1,500,000 Depositary Receipts from the start of the program in 2007 through March 31, 2015. On March 10, 2015, the General Partner authorized an increase in the Repurchase Program from 1,500,000 to 2,000,000 Depositary Receipts and extended the Program for an additional five years from March 31, 2015 until March 31, 2020. The Repurchase Program requires the Partnership to repurchase a proportionate number of Class B Units and General Partner Units in connection with any repurchases of any Depositary Receipts by the Partnership based upon the 80%, 19% and 1% fixed distribution percentages of the holders of the Class A, Class B and General Partner Units under the Partnership's Second Amended and Restate Contract of Limited Partnership. Repurchases of Depositary Receipts or Partnership Units pursuant to the Repurchase Program may be made by the Partnership from time to time in its sole discretion in open market transactions or in privately negotiated transactions. From August 20, 2007 through December 31, 2015, the Partnership has repurchased 1,341,598 Depositary Receipts at an average price of \$26.63 per receipt (or \$798.90 per underlying Class A Unit), 2,885 Class B Units and

152 General Partnership Units, both at an average price of \$ 877.14 per Unit, totaling approximately \$38,596,000 including brokerage fees paid by the Partnership.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward Looking Statements

Certain information contained herein includes forward looking statements, which are made pursuant to the safe harbor provisions of the Private Securities Liquidation Reform Act of 1995 (the "Act"). Forward looking statements in this report, or which management may make orally or in written form from time to time, reflect management's good faith belief when those statements are made, and are based on information currently available to management. Caution should be exercised in interpreting and relying on such forward looking statements, the realization of which may be impacted by known and unknown risks and uncertainties, events that may occur subsequent to the forward looking statements, and other factors which may be beyond the Partnership's control and which can materially affect the Partnership's actual results, performance or achievements for 2016 and beyond. Should one or more of the risks or uncertainties mentioned below materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected. We expressly disclaim any responsibility to update our forward looking statements, whether as a result of new information, future events or otherwise. Accordingly, investors should use caution in relying on past forward looking statements, which are based on results and trends at the time they are made, to anticipate future results or trends.

Along with risks detailed in Item 1A and from time to time in the Partnership's filings with the Securities and Exchange Commission, some factors that could cause the Partnership's actual results, performance or achievements to differ materially from those expressed or implied by forward looking statements include but are not limited to the following:

- The Partnership depends on the real estate markets where its properties are located, primarily in Eastern Massachusetts, and these markets may be adversely affected by local economic market conditions, which are beyond the Partnership's control.
- The Partnership is subject to the general economic risks affecting the real estate industry, such as dependence on tenants' financial condition, the need to enter into new leases or renew leases on terms favorable to tenants in order to generate rental revenues and our ability to collect rents from our tenants.
- The Partnership is also impacted by changing economic conditions making alternative housing arrangements more or less attractive to the Partnership's tenants, such as the interest rates on single family home mortgages and the availability and purchase price of single family homes in the Greater Boston metropolitan area.
- The Partnership is subject to significant expenditures associated with each investment, such as debt service payments, real estate taxes, insurance and maintenance costs, which are generally not reduced when circumstances cause a reduction in revenues from a property.
- The Partnership is subject to increases in heating and utility costs that may arise as a result of economic and market conditions and fluctuations in seasonal weather conditions.
- Civil disturbances, earthquakes and other natural disasters may result in uninsured or underinsured losses.
- Actual or threatened terrorist attacks may adversely affect our ability to generate revenues and the value of our properties.
- Financing or refinancing of Partnership properties may not be available to the extent necessary or desirable, or may not be available on favorable terms.

Table of Contents

- The Partnership properties face competition from similar properties in the same market. This competition may affect the Partnership's ability to attract and retain tenants and may reduce the rents that can be charged.
 - Given the nature of the real estate business, the Partnership is subject to potential environmental liabilities. These include environmental contamination in the soil at the Partnership's or neighboring real estate, whether caused by the Partnership, previous owners of the subject property or neighbors of the subject property, and the presence of hazardous materials in the Partnership's buildings, such as asbestos, lead, mold and radon gas. Management is not aware of any material environmental liabilities at this time.
 - Insurance coverage for and relating to commercial properties is increasingly costly and difficult to obtain. In addition, insurance carriers have excluded certain specific items from standard insurance policies, which have resulted in increased risk exposure for the Partnership. These include insurance coverage for acts of terrorism and war, and coverage for mold and other environmental conditions. Coverage for these items is either unavailable or prohibitively expensive.
 - Market interest rates could adversely affect market prices for Class A Partnership Units and Depositary Receipts as well as performance and cash flow.
 - Changes in income tax laws and regulations may affect the income taxable to owners of the Partnership. These changes may affect the after tax value of future distributions.
 - The Partnership may fail to identify, acquire, construct or develop additional properties; may develop or acquire properties that do not produce a desired or expected yield on invested capital; may be unable to sell poorly performing or otherwise undesirable properties quickly; or may fail to effectively integrate acquisitions of properties or portfolios of properties.
 - Risk associated with the use of debt to fund acquisitions and developments.
 - Competition for acquisitions may result in increased prices for properties.
 - Any weakness identified in the Partnership's internal controls as part of the evaluation being undertaken could have an adverse effect on the Partnership's business.
 - Ongoing compliance with Sarbanes Oxley Act of 2002 may require additional personnel or systems changes.
- The foregoing factors should not be construed as exhaustive or as an admission regarding the adequacy of disclosures made by the Partnership prior to the date hereof or the effectiveness of said Act. The Partnership expressly disclaims any obligation to publicly update or revise any forward looking statement, whether as a result of new information, future events or otherwise.

Since the Partnership's long term goals include the acquisition of additional properties, a portion of the proceeds from the refinancing and sale of properties is reserved for this purpose. If available acquisitions do not meet the Partnership's investment criteria, the Partnership may purchase additional depositary receipts. The Partnership will consider refinancing existing properties if the Partnership's cash reserves are insufficient to repay existing mortgages or if the Partnership needs additional funds for future acquisitions.

For the year ended December 31, 2015, the Partnership's Core Portfolio and Joint Ventures experienced high occupancy and revenue gains as anticipated. The year ended with a 5.1% increase in same store revenue and an occupancy rate of greater than 98%. Management had anticipated some downward pressure on rental rates. However, the fourth quarter same store revenue increases of 6.9% and higher occupancy than the same time last year puts the rental rate headwinds further into 2016. With Same Store revenue growing at over 5% for 2015 and Operating Expenses

Table of Contents

(excluding depreciation and amortization) growing at less than 3.0%, despite the anomaly of a record winter season, Management believes similar results will continue throughout all of 2016. Management anticipates both the urban and suburban portfolio's occupancy level to pace last year's occupancy levels throughout the year. Based upon current renewal trends and fourth quarter leasing activity and operating expense trends, the Partnership and Joint Ventures will outperform 2015. While the distributions for 2015 were tax advantaged, it is unclear at the present time if the current distributions to partners will be tax advantaged for 2016.

On September 18, 2015, Residences at Captain Parkers LLC, a newly formed subsidiary of the Partnership, purchased the Residence at Captain Parkers, a 94 unit apartment complex located at 125 Worthen Road and Ryder Lane in Lexington, Massachusetts. The purchase price was \$31,600,000 and the closing costs were approximately \$49,000. From the purchase price, the Partnership allocated approximately \$474,000 for in-place leases, and approximately \$31,000 to the value of tenant relationships. These amounts are being amortized over 12 and 24 months respectively.

On July 31, 2014, the Partnership entered into an agreement for a \$25,000,000 revolving line of credit. The term of the line is three years with a floating interest rate equal to a base rate of the greater of (a) the Prime Rate (b) the Federal Funds Rate plus one half of one percent per annum, or (c) the LIBOR Rate for a period of one month plus 1% per annum, plus an applicable margin of 2.5% to 3.5%. The costs associated with the line of credit were approximately \$125,000. See Note 5 – Mortgage Notes Payable-for additional information.

On September 18, 2015, the Partnership, in connection with the purchase of the Residence at Captain Parker Apartments, used the entire line of credit, along with cash reserve, to purchase the property. (See Note 2: Rental Properties, for the details of the transaction.) In January, 2016, the Partnership obtained a mortgage loan on the property at Captain Parker and used the proceeds of the loan and cash reserves to paydown the line of credit to zero. See Note 18 – SUBSEQUENT EVENTS.

For 2015, Management has used existing cash reserves to purchase 54,682 Depository Receipts for a cost of \$2,752,393. In March of 2015, the Board of Advisors and Board of Directors unanimously approved an extension of the Repurchase Program from 2015 to 2020 and increased the depository receipt buy back allocation from 1.5 million to 2 million receipts. Management believes that the \$25,000,000 line of credit, net cash flow from operations and cash on hand have put the Partnership in position to capitalize on investment opportunities should they reveal themselves in the near future. Management will continue to repurchase shares per its trading plan. As always, Management continues to weigh investment alternatives of stock repurchase, new property acquisitions and dispositions when considering its cash balances and performance of the portfolio.

The Stock Repurchase Program that was initiated in 2007 has purchased 1,352,427 Depository Receipts through March 10, 2016 representing 31% of the outstanding class A Depository Receipts. The Partnership has retained The Hamilton Company ("Hamilton") to manage and administer the Partnership's and Joint Ventures' Properties. Hamilton is a full service real estate management company, which has legal, construction, maintenance, architectural, accounting and administrative departments. The Partnership's properties represent approximately 37% of the total properties and 38% of the residential properties managed by Hamilton. Substantially all of the other properties managed by Hamilton are owned, wholly or partially, directly or indirectly, by Harold Brown. The Partnership's Second Amended and Restated Contract of Limited Partnership (the "Partnership Agreement") expressly provides that the general partner may employ a management company to manage the properties, and that such management company may be paid a fee of up to 4% of rental receipts for administrative and management services (the "Management Fee"). The Partnership pays Hamilton the full annual Management Fee, in monthly installments.

At March 10, 2016, Harold Brown, his brother Ronald Brown and the President of Hamilton, Carl Valeri, collectively own approximately 42% of the Depositary Receipts representing the Partnership Class A Units (including Depositary Receipts held by trusts for the benefit of such persons' family members). Harold Brown also controls 75% of the Partnership's Class B Units, 75% of the capital stock of NewReal, Inc. ("NewReal"), the Partnership's sole general partner, and all of the outstanding stock of Hamilton. Ronald Brown also owns 25% of the Partnership's Class B Units and 25% of NewReal's capital stock. In addition, Ronald Brown is the President and director of NewReal and Harold Brown is NewReal's Treasurer and a director. The 75% of the issued and outstanding Class B units of the Partnership, controlled by Harold Brown, are owned by HBC Holdings LLC, an entity of which he is the manager.

Table of Contents

In addition to the Management Fee, the Partnership Agreement further provides for the employment of outside professionals to provide services to the Partnership and allows NewReal to charge the Partnership for the cost of employing professionals to assist with the administration of the Partnership's properties. Additionally, from time to time, the Partnership pays Hamilton for repairs and maintenance services, legal services, construction services and accounting services. The costs charged by Hamilton for these services are at the same hourly rate charged to all entities managed by Hamilton, and management believes such rates are competitive in the marketplace.

Residential tenants sign a one year lease. In 2015, tenant renewals were approximately 65% with an average rental increase of approximately 4.5 %, new leases accounted for approximately 35% with rental rate increases of approximately 5.5%. In 2015, leasing commissions were approximately \$249,000 compared to approximately \$236,000 in 2014, an increase of approximately \$13,000 (5.5%) from 2014. Tenant concessions were approximately \$65,000 in 2015 compared to approximately \$51,000 in 2014, an increase of approximately \$14,000 (27.5%). Tenant improvements were approximately \$3,617,000 in 2015 compared to approximately \$3,198,000 in 2014, an increase of approximately \$419,000 (13.1%).

Hamilton accounted for approximately 6.3% of the repair and maintenance expense paid for by the Partnership in the year ended December 31, 2015 and 5.6% in the year ended December 31, 2014. Of the funds paid to Hamilton for this purpose, the great majority was to cover the cost of services provided by the Hamilton maintenance department, including plumbing, electrical, carpentry services, and snow removal for those properties close to Hamilton's headquarters. Several of the larger Partnership properties have their own maintenance staff. Those properties that do not have their own maintenance staff and are located more than a reasonable distance from Hamilton's headquarters in Allston, Massachusetts are generally serviced by local, independent companies.

Hamilton's legal department handles most of the Partnership's eviction and collection matters. Additionally, it prepares most long term commercial lease agreements and represents the Partnership in selected purchase and sale transactions. Overall, Hamilton provided approximately 74.9% and 72.4% of the legal services paid for by the Partnership during the years ended December 31, 2015 and 2014, respectively.

Additionally, as described in Note 3 to the consolidated financial statements, The Hamilton Company receives similar fees from the Investment Properties.

The Partnership requires that three bids be obtained for construction contracts in excess of \$15,000. Hamilton may be one of the three bidders on a particular project and may be awarded the contract if its bid and its ability to successfully complete the project are deemed appropriate. For contracts that are not awarded to Hamilton, Hamilton charges the Partnership a construction supervision fee equal to 5% of the contract amount. Hamilton's architectural department also provides services to the Partnership on an as needed basis. In 2015, Hamilton provided the Partnership approximately \$202,000 in construction and architectural services, compared to \$151,000 for the year ended December 31, 2014.

Prior to 1991, the Partnership employed an outside, unaffiliated company to perform its bookkeeping and accounting functions. Since that time, such services have been provided by Hamilton's accounting staff, which consists of approximately 14 people. In 2015, Hamilton charged the Partnership \$125,000 per year (\$31,250 per quarter) for bookkeeping and accounting services. For more information on related party transactions, see Note 3 to the Consolidated Financial Statements.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of the consolidated financial statements, in accordance with accounting principles generally accepted in the United States of America, requires the Partnership to make estimates and judgments that affect the reported

amounts of assets, liabilities, revenues and expenses and related disclosures of contingent assets and liabilities. The Partnership regularly and continually evaluates its estimates, including those related to acquiring, developing and assessing the carrying values of its real estate properties and its investments in and advances to joint ventures. The Partnership bases its estimates on historical experience, current market conditions, and on various other assumptions that are believed to be reasonable under the circumstances. However, because future events and their effects cannot be determined with certainty, the determination of estimates requires the exercise of judgment. The Partnership's critical accounting policies are those which require assumptions to be made about such matters that are highly uncertain. Different estimates could have a material effect on the Partnership's financial results. Judgments and uncertainties

Table of Contents

affecting the application of these policies and estimates may result in materially different amounts being reported under different conditions and circumstances. See Note 1 to the Consolidated Financial Statements, Principles of Consolidation.

Revenue Recognition: Rental income from residential and commercial properties is recognized over the term of the related lease. For residential tenants, amounts 60 days in arrears are charged against income. The commercial tenants are evaluated on a case by case basis. Certain leases of the commercial properties provide for increasing stepped minimum rents, which are accounted for on a straight line basis over the term of the lease. Concessions made on residential leases are also accounted for on the straight line basis.

Discontinued Operations and Rental Property Held for Sale: In April 2014, the FASB issued guidance related to the reporting of discontinued operation and disclosures of disposals of components of an entity. This guidance defines a discontinued operation as a component or group of components disposed or classified as held for sale and represents a strategic shift that has (or will have) a major effect on an entity's operations and final result; the guidance states that a strategic shift could include a disposal of a major geographical area of operations, a major line of business, a major equity method investment or other major parts of an entity. The guidance also provides for additional disclosure requirements in connection with both discontinued operations and other dispositions not qualifying as discontinued operations. The guidance will be effective for all companies for annual and interim periods beginning on or after December 15, 2014. The guidance applies prospectively to new disposals and new classifications of disposal groups as held for sale after the effective date. All entities may early adopt the guidance for new disposals (or new classifications as held for sale) that have not been reported in financial statements previously issued or available for issuance. The Partnership has elected to early adopt this standard effective with the interim period beginning January 1, 2014. Prior to January 1, 2014, properties identified as held for sale and/or disposed of were presented in discontinued operations for all periods presented.

Rental Properties: Rental properties are stated at cost less accumulated depreciation. Maintenance and repairs are charged to expense as incurred; improvements and additions are capitalized. When assets are retired or otherwise disposed of, the cost of the asset and related accumulated depreciation is eliminated from the accounts, and any gain or loss on such disposition is included in income. Fully depreciated assets are removed from the accounts. Rental properties are depreciated by both straight line and accelerated methods over their estimated useful lives. Upon acquisition of rental property, the Partnership estimates the fair value of acquired tangible assets, consisting of land, building and improvements, and identified intangible assets and liabilities assumed, generally consisting of the fair value of (i) above and below market leases, (ii) in place leases and (iii) tenant relationships. The Partnership allocated the purchase price to the assets acquired and liabilities assumed based on their fair values. The Partnership records goodwill or a gain on bargain purchase (if any) if the net assets acquired/liabilities assumed exceed the purchase consideration of a transaction. In estimating the fair value of the tangible and intangible assets acquired, the Partnership considers information obtained about each property as a result of its due diligence and marketing and leasing activities, and utilizes various valuation methods, such as estimated cash flow projections utilizing appropriate discount and capitalization rates, estimates of replacement costs net of depreciation, and available market information. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant.

Intangible assets acquired include amounts for in place lease values above and below market leases and tenant relationship values, which are based on management's evaluation of the specific characteristics of each tenant's lease and the Partnership's overall relationship with the respective tenant. Factors to be considered by management in its analysis of in place lease values include an estimate of carrying costs during hypothetical expected lease up periods considering current market conditions, and costs to execute similar leases at market rates during the expected lease up periods, depending on local market conditions. In estimating costs to execute similar leases, management considers leasing commissions, legal and other related expenses. Characteristics considered by management in valuing tenant relationships include the nature and extent of the Partnership's existing business relationships with the tenant, growth

prospects for developing new business with the tenant, the tenant's credit quality and expectations of lease renewals. The value of in place leases are amortized to expense over the remaining initial terms of the respective leases. The value of tenant relationship intangibles are amortized to expense over the anticipated life of the relationships.

Table of Contents

In the event that facts and circumstances indicate that the carrying value of a rental property may be impaired, an analysis of the value is prepared. The estimated future undiscounted cash flows are compared to the asset's carrying value to determine if a write down to fair value is required.

Impairment: On an annual basis management assesses whether there are any indicators that the value of the Partnership's rental properties may be impaired. A property's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property is less than the carrying value of the property. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the property over the fair value of the property. The Partnership's estimates of aggregate future cash flows expected to be generated by each property are based on a number of assumptions that are subject to economic and market uncertainties including, among others, demand for space, competition for tenants, changes in market rental rates, and costs to operate each property. As these factors are difficult to predict and are subject to future events that may alter management's assumptions, the future cash flows estimated by management in its impairment analyses may not be achieved. The Partnership has not recognized an impairment loss for the years ended December 31, 2015, 2014, and 2013.

Investments in Joint Ventures: The Partnership accounts for its 40% - 50% ownership in the Investment Properties under the equity method of accounting, as it exercises significant influence over, but does not control these entities. These investments are recorded initially at cost, as Investments in Joint Ventures, and subsequently adjusted for the Partnership's share in earnings, cash contributions and distributions. Under the equity method of accounting, our net equity is reflected on the consolidated balance sheets, and our share of net income or loss from the Partnership is included on the consolidated statements of income. Generally, the Partnership would discontinue applying the equity method when the investment (and any advances) is reduced to zero and would not provide for additional losses unless the Partnership has guaranteed obligations of the venture or is otherwise committed to providing further financial support for the investee. If the venture subsequently generates income, the Partnership only recognizes its share of such income to the extent it exceeds its share of previously unrecognized losses.

With respect to investments in and advances to the Investment Properties, the Partnership looks to the underlying properties to assess performance and the recoverability of carrying amounts for those investments in a manner similar to direct investments in real estate properties. An impairment charge is recorded if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property is less than the carrying value of the property.

Legal Proceedings: The Partnership is subject to various legal proceedings and claims that arise, from time to time, in the ordinary course of business. These matters are frequently covered by insurance. If it is determined that a loss is likely to occur, the estimated amount of the loss is recorded in the financial statements. Both the amount of the loss and the point at which its occurrence is considered likely can be difficult to determine.

RESULTS OF OPERATIONS

Years Ended December 31, 2015 and December 31, 2014

Rental income from continuing operations for the year ended December 31, 2015 was approximately \$45,075,000, compared to approximately \$42,206,000 for the year ended December 31, 2014, an increase of

Table of Contents

approximately \$2,869,000 (6.8%). The two main factors which can be attributed to this increase are as follows; rental income in 2015 at Captain Parker is for approximately three and one half months versus no rental income in 2014, resulting in an increase of approximately \$677,000 and rental rate increases of approximately 5.2% in 2015. The Partnership Properties with the most significant increases in rental income, excluding Captain Parker, include 62 Boylston Street, 1144 Commonwealth Street, Westgate Apartments, Hamilton Oaks, 9 School Street and Westside Colonial with increases of approximately \$286,000, \$263,000, \$216,000, \$162,000, \$137,000 and \$124,000 respectively. Included in rental income is contingent rentals collected on commercial properties. Contingent rentals include such charges as bill backs of common area maintenance charges, real estate taxes, and utility charges.

Operating expenses from continuing operations for the year ended December 31, 2015 were approximately \$32,769,000 compared to approximately \$31,730,000 for the year ended December 31, 2014, an increase of approximately \$1,039,000 (3.3%). The most significant factor contributing to this increase was the operating expenses for Captain Parker for three and one half months in 2015 versus no operating expenses in 2014, an increase of approximately \$752,000. Excluding Captain Parker, factors which contributed to the increase in operating expenses were an increase in repairs and maintenance expenses of approximately \$345,000 (5.2%) due to repairs at the properties to maintain occupancy; an increase in operating expenses of approximately \$219,000 (4.7%) due primarily to an increase in snow removal costs; and an increase in management fees of approximately \$99,000 (5.7%) due to an increase in rental income, partially offset by a decrease in depreciation and amortization expense of approximately \$343,000 (3.2%) primarily due to the full amortization of in-place leases at Hamilton Green in 2014, and a decrease in administrative expense of approximately \$122,000 (5.5%) due to a decrease in professional fees.

Interest expense for the year ended December 31, 2015 was approximately \$9,809,000 compared to approximately \$9,553,000 for the year ended December 31, 2014, an increase of approximately \$256,000 (2.7%). This was primarily due to the Partnership utilizing the line of credit to fund the purchase of the Residence at Captain Parker apartments, partially offset by paying off two mortgages of Linhart and Linewt during 2014.

At December 31, 2015, the Partnership has between a 40% and 50% ownership interests in nine different Investment Properties. See a description of these properties included in the section titled Investment Properties as well as Note 14 to the Consolidated Financial Statements for a detail of the financial information of each Investment Property.

As described in Note 14 to the Consolidated Financial Statements, the Partnership's share of the net income from the Investment Properties was approximately \$869,000 for the year ended December 31, 2015, compared to a net loss of approximately \$325,000 for the year ended December 31, 2014, an increase in income of approximately \$1,194,000 (367.0%). This increase is consistent with the continued strength in the rental real estate market including an approximate 3.9% increase in revenue. The increase is also due to the decrease in depreciation and amortization expense resulting from a portion of the fixed assets of Hamilton Park Tower becoming fully depreciated in 2014. Included in the income for the year ended December 31, 2015 is depreciation and amortization expense of approximately \$ 2,676,000. The allocable income for the year ended December 31, 2015 associated with the October 2009 investment in Dexter Park is approximately \$673,000 of which approximately \$1,311,000 is depreciation and amortization.

Interest income for the year ended December 31, 2015 was approximately \$1,600 compared to approximately \$800 for the year ended December 31, 2014, an increase of approximately \$800.

As a result of the changes discussed above, net income for the year ended December 31, 2015 was approximately \$3,773,000 compared to income of approximately \$1,025,000 for the year ended December 31, 2014, an increase in income of approximately \$2,748,000.

Years Ended December 31, 2014 and December 31, 2013

The Partnership and its Subsidiary Partnerships earned income before interest expense, loss from investments in unconsolidated joint ventures and other income and loss of approximately \$10,903,000 during the year ended December 31, 2014, compared to approximately \$11,131,000 for the year ended December 31, 2013, a decrease of approximately \$228,000.

Rental income from continuing operations for the year ended December 31, 2014 was approximately \$42,206,000, compared to approximately \$37,962,000 for the year ended December 31, 2013, an increase of approximately \$4,244,000 (11.2%). The two main factors which can be attributed to this increase are as follows; rental income in 2014 at Hamilton Green is for twelve months versus rental income for only six months in 2013, resulting in an increase of approximately \$2,156,000 and rental rate increases of approximately 4.8% in 2014. The Partnership Properties with the most significant increases in rental income, excluding Hamilton Green, include 62 Boylston Street, 1144 Commonwealth Street, Westgate Apartments, Hamilton Cypress, Hamilton Oaks and 9 School Street with increases of approximately \$343,000, \$327,000, \$200,000, \$183,000, \$175,000 and \$133,000 respectively. Included in rental income is contingent rentals collected on commercial properties. Contingent rentals include such charges as bill backs of common area maintenance charges, real estate taxes, and utility charges.

Operating expenses from continuing operations for the year ended December 31, 2014 were approximately \$31,730,000 compared to approximately \$27,233,000 for the year ended December 31, 2013, an increase of

31

Table of Contents

approximately \$4,497,000 (16.5%). The most significant factor contributing to this increase was the 12 months of operating expenses for Hamilton Green in 2014 versus 6 months of operating expenses in 2013, an increase of approximately \$3,168,000. Excluding Hamilton Green, factors which contributed to the increase in operating expenses were an increase in repairs and maintenance expenses of approximately \$395,000 (7.1%) due to repairs at the properties to maintain occupancy; an increase in operating expenses of approximately \$271,000 (6.6%) due to increases in utility costs; an increase in taxes and insurance of approximately \$221,000 (4.7%) due to increases in real estate taxes and insurance premiums; an increase in depreciation and amortization expense of approximately \$167,000 (2.8%) due to capital improvements; and an increase in renting expense of approximately \$151,000 (81.2%) due to an increase in the use of outside rental agents to rent apartments.

Interest expense for the year ended December 31, 2014 was approximately \$9,553,000 compared to approximately \$8,013,000 for the year ended December 31, 2013, an increase of approximately \$1,540,000 (19.2%). This increase is primarily due to interest paid on the mortgage for Hamilton Green for twelve months versus six months of interest in 2013.

At December 31, 2014, the Partnership has between a 40% and 50% ownership interests in nine different Investment Properties. See a description of these properties included in the section titled Investment Properties as well as Note 14 to the Consolidated Financial Statements for a detail of the financial information of each Investment Property.

As described in Note 14 to the Consolidated Financial Statements, the Partnership's share of the net loss from the Investment Properties was approximately \$325,000 for the year ended December 31, 2014, compared to a net loss of approximately \$1,167,000 for the year ended December 31, 2013, a decrease in the loss of approximately \$842,000 (72.2%). This decrease in loss is consistent with the continued strength in the rental real estate market including an approximate 5.5% increase in revenue. Included in the loss for the year ended December 31, 2014 is depreciation and amortization expense of approximately \$3,516,000. The allocable loss for the year ended December 31, 2014 associated with the October 2009 investment in Dexter Park is approximately \$468,000 of which approximately \$2,162,000 is depreciation and amortization.

Interest income for the year ended December 31, 2014 was approximately \$800 compared to approximately \$1,100 for the year ended December 31, 2013, a decrease of approximately \$300.

In May 2013 the Partnership sold the Nashoba Apartments located in Acton, Massachusetts. The gain on the sale was approximately \$3,679,000 and is included in income from discontinued operations.

As a result of the changes discussed above, net income for the year ended December 31, 2014 was approximately \$1,025,000 compared to income of approximately \$5,655,000 for the year ended December 31, 2013, a decrease in income of approximately \$4,630,000.

LIQUIDITY AND CAPITAL RESOURCES

The Partnership's principal source of cash during 2015 and 2014 was the collection of rents and proceeds on the sale and refinancing of real estate. The majority of cash and cash equivalents of \$10,298,186 at December 31, 2015 and \$14,015,898 at December 31, 2014 were held in interest bearing accounts at creditworthy financial institutions.

Table of Contents

This decrease in cash of \$ 3,717,712 at December 31, 2015 is summarized as follows:

	Year Ended December 31,	
	2015	2014
Cash provided by operating activities	\$ 13,806,121	\$ 11,840,634
Cash (used in) investing activities	(10,175,926)	(2,539,791)
Cash (used in) financing activities	(132,071)	(2,754,356)
Repurchase of Depositary Receipts, Class B and General Partner Units	(3,429,953)	(2,685,583)
Distributions paid	(3,785,883)	(3,858,386)
Net (decrease) increase in cash and cash equivalents	\$ (3,717,712)	\$ 2,518

The cash provided by operating activities is primarily due to the collection of rents less cash operating expenses. The increase in cash used in investing activities is due to an increase in the improvements to rental properties in 2015 compared to the same period in 2014, and the purchase of the Residence at Captain Parker. The change in cash used in financing activities is primarily due to the paid off of two mortgage notes payable in 2014. In 2015, the Partnership purchased a total of 54,682 Class A Depositary Receipts, 433 Class B Units and 23 General Partnership Units for a total cost of \$3,429,953.

During 2015, the Partnership and its Subsidiary Partnerships completed improvements to certain of the Properties at a total cost of approximately \$6,694,000. These improvements were funded from cash reserves and, to some extent, escrow accounts established in connection with the financing or refinancing of the applicable Properties. These sources have been adequate to fully fund improvements. The most significant improvements were made at Westgate Apartments, 62 Boylston Street, Westside Colonial, Executive Apartments, River Drive Apartments, and Hamilton Oaks at a cost of approximately \$1,349,000, \$697,000, \$647,000, \$632,000, \$603,000 and \$592,000 respectively. The Partnership plans to invest approximately \$3,517,000 in capital improvements in 2016.

During the year ended December 31, 2015, the Partnership received distributions of approximately \$3,863,000 from the investment properties of which \$1,450,000 was from Dexter Park.

In 2015 the Partnership paid four quarterly distributions of \$7.50 per Unit (\$0.25 per receipt) for a total payment of \$3,785,883 in 2015. In 2014, the Partnership paid four quarterly distributions of an aggregate of \$7.50 per Unit (\$0.25 per receipt) for a total payment of \$3,858,386. In 2016, the Partnership approved a quarterly distribution of \$7.50 per Unit (\$0.25 per Receipt) payable on March 31, 2016.

On September 28, 2015, Hamilton Essex Development, LLC paid off the outstanding mortgage balance of \$1,952,286. The Partnership made a capital contribution of \$978,193 to Essex Development for its share of the funds required for the transaction. Additionally, the Partnership made a capital contribution of \$100,000 to Hamilton Essex 81, LLC. On September 30, 2015, Hamilton Essex 81, LLC obtained a new 10 year mortgage in the amount of \$10,000,000, interest only at 2.18% plus the one month Libor rate. The proceeds of the note were used to pay off the existing mortgage of \$8,040,719 and the Partnership received a distribution of \$978,193 for its share of the excess proceeds.

On July 31, 2014, the Partnership entered into an agreement for a \$25,000,000 revolving line of credit. The term of the line is three years with a floating interest rate equal to a base rate of the greater of (a) the Prime Rate (b) the Federal Funds Rate plus one half of one percent per annum, or (c) the LIBOR Rate for a period of one month plus 1% per annum, plus an applicable margin of 2.5% to 3.5%. The costs associated with the line of credit were approximately \$125,000. The line of credit may be used for acquisition, refinancing, improvements, working capital and other needs of the Partnership. The line may not be used to pay dividends, make distributions or acquire equity interests of the Partnership. To fund the purchase of Captain Parker Apartments, the Partnership utilized the available line of credit of \$25,000,000, and the balance from the Partnership's cash reserves. In January 2016, the Partnership paid back the line of credit. See Note 18, SUBSEQUENT EVENTS, for the details.

Table of Contents

On June 11, 2014, the Partnership refinanced the property owned by NERA Dean Street Associates, LLC. The new mortgage was \$5,687,000; the interest rate was 4.22%, interest only, payable in 10 years. Approximately \$5,077,000 of the loan proceeds were used to pay off the existing mortgage. The mortgage matures in June 2024. The costs associated with the refinancing were approximately \$99,000. Approximately \$610,000 in cash was received from this refinancing.

In February 2014, the Partnership paid off the mortgages on Linewt in the amount of approximately \$1,466,000 and Linhart in the amount of approximately \$1,926,000.

The Partnership anticipates that cash from operations and interest bearing accounts will be sufficient to fund its current operations; pay distributions, make required debt payments and to finance current improvements to its properties. The Partnership may also sell or refinance properties. The Partnership's net income and cash flow may fluctuate dramatically from year to year as a result of the sale or refinancing of properties, increases or decreases in rental income or expenses, or the loss of significant tenants.

Off Balance Sheet Arrangements—Joint Venture Indebtedness

As of December 31, 2015, the Partnership had a 40% 50% ownership interest in nine Joint Ventures, all of which have mortgage indebtedness except Hamilton Bay Sales and Hamilton Essex Development. We do not have control of these partnerships and therefore we account for them using the equity method of consolidation. At December 31, 2015, our proportionate share of the non recourse debt related to these investments was approximately \$59,636,000. See Note 14 to the Consolidated Financial Statements.

Contractual Obligations

See Notes 5 and 14 to the Consolidated Financial Statements for a description of mortgage notes payable. The Partnership has no other material contractual obligations to be disclosed.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the exposure to loss resulting from changes in interest rates and equity prices. In pursuing its business plan, the primary market risk to which the Partnership is exposed is interest rate risk. Changes in the general level of interest rates prevailing in the financial markets may affect the spread between the Partnership's yield on invested assets and cost of funds and, in turn, its ability to make distributions or payments to its investors.

As of December 31, 2015, the Partnership, its Subsidiary Partnerships and the Investment Properties collectively have approximately \$332,193,000 in long-term debt, substantially all of which require payment of interest at fixed rates. Accordingly, the fair value of these debt instruments is affected by changes in market interest rates. This long term debt matures through 2029. Including the line of credit, the Partnership, its Subsidiary Partnerships and the Investment Properties collectively have variable rate debt of \$35,000,000 as of December 31, 2015 ranged from LIBOR plus 218 basis points to LIBOR plus 350 basis points. Assuming interest- rate caps are not in effect, if market rates of interest on the Partnership's variable rate debt increased or decreased by 100 basis points, then the increase or decrease in interest costs on the Partnership's variable rate debt would be approximately \$300,000 annually and the increase or decrease in the fair value of the Partnership's fixed rate debt as of December 31, 2015 would be approximately \$19 million. For information regarding the fair value and maturity dates of these debt obligations, See Note 5 to the

Consolidated Financial Statements — “Mortgage Notes Payable,” Note 12 to the Consolidated Financial Statements — “Fair Value Measurements” and Note 14 to the Consolidated Financial Statements — “Investment in Unconsolidated Joint Ventures.”

For additional disclosure about market risk, see “Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations—Factors That May Affect Future Results”.

ITEM 8. CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements of the Partnership appear on pages F 1 through F 3 of this Form 10 K and are indexed herein under Item 15(a)(1).

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures. We have evaluated the design and operation of our disclosure controls and procedures to determine whether they are effective in ensuring that the disclosure of required information is timely made in accordance with the Securities Exchange Act of 1934 (“Exchange Act”) and the rules and forms of the Securities and Exchange Commission. This evaluation was made under the supervision and with the participation of management, including the Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”) of our General Partner as of the end of the period covered by this annual report on Form 10 K. The CEO and CFO have concluded, based on their reviews, that our disclosure controls and procedures, as defined in Exchange Act Rules 13a 15(e), are effective to ensure that information required to be disclosed by us in reports that we file under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms.

Management’s Report on Internal Control over Financial Reporting. We are responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rule 13a 15(f) and 15 15(f) under the Exchange Act. We assessed the effectiveness of our internal control over financial reporting using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in “Internal Control—Integrated Framework (2013)”. Based on that assessment and those criteria, our management, with the participation of the CEO and CFO of the General Partner concluded that our internal control over financial reporting is effective as of December 31, 2015.

We believe that because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The effectiveness of the Partnership’s internal control over financial reporting as of December 31, 2015 has been audited by Miller Wachman LLP, an independent registered public accounting firm, as stated in their report which appears herein.

Changes in Internal Control over Financial Reporting. There were no changes in our internal control over financial reporting during the fourth quarter of 2015 that materially affected or are reasonably likely to materially affect our internal control over financial reporting.

COMPLIANCE WITH SECTION 16(A) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Partnership's directors, executive officers, and persons who own more than 10% of a registered class of the Partnership's equity securities to file with the Securities and Exchange Commission reports of ownership changes and changes in ownership of the Partnership. Officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Partnership with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3 and 4 furnished to the company under Rule 16a-3(e) of the Securities Exchange Act during its most recent fiscal year, Forms 5 furnished to the company with respect to its most recent fiscal year and any written representations received by the company from persons required to file such forms, all of the following persons—either officers, directors or beneficial owners of more than ten percent of any class of equity of the company registered pursuant to Section 12 of the Securities Exchange Act—filed on a timely basis reports required by Section 16(a) of the Securities Exchange Act during the most recent fiscal year.

CODE OF ETHICS

The Partnership, its General Partner and Hamilton, the Partnership's management company, have adopted a Code of Business Conduct and Ethics, which constitutes a "Code of Ethics" as defined by the SEC and applies to executive officers as well as to all other employees. A copy of the Code of Business Conduct and Ethics is available in the "NERA" section of the management company's website at www.thehamiltoncompany.com. To the extent required by the rules of the SEC, the Partnership and its related entities will disclose amendments to and waivers from the Code of Business Conduct and Ethics in the same place on the aforementioned website.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of NewReal Inc. (NewReal), which is the General Partner of New England Realty Associates Limited Partnership ("NERA" or the "Partnership"), is currently comprised of Guillaem Aertsen, IV, David Aloise, and

Eunice Harps, each of whom is an independent director of NewReal. The Audit Committee operates under a written charter.

The Partnership's management, which consists of NERA's General Partner, is responsible for the preparation of the Partnership's financial statements and for maintaining an adequate system of internal controls and processes for that purpose. Miller Wachman LLP ("Miller Wachman") acts as the Partnership's independent auditor and is responsible for conducting an independent audit of the Partnership's annual financial statements and the effectiveness of the Partnership's internal control over financial reporting as of December 31, 2015 in accordance with the standards of the Public Company Accounting Oversight Board (United States), and issuing a report on the results of their audit. The Audit Committee is responsible for providing independent, objective oversight of both of these processes.

Table of Contents

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2015 with management of the Partnership and with representatives of Miller Wachman. As a result of these discussions, the Audit Committee believes that NERA maintains an effective system of accounting controls that allow it to prepare financial statements that fairly present the Partnership's financial position and results of its operations. Discussions with Miller Wachman also included the matters required by Statement on Auditing Standard No. 16 (Communications with Audit Committee).

In addition, the Audit Committee reviewed the independence of Miller Wachman. We received written disclosures and a letter from Miller Wachman regarding its independence as required by Independent Standards Board Standards No. 1 and discussed this information with Miller Wachman.

Based on the foregoing, the Audit Committee has recommended that the audited financial statements of the Partnership for the year ended December 31, 2015 be included in the Partnership's annual report on form 10 K to be filed with the Securities and Exchange Commission.

ITEM 11. EXECUTIVE COMPENSATION

The Partnership does not have "Executive Compensation." As more fully described below, the Partnership employs a management company to which it pays management fees and administrative fees.

The Partnership is not required to and did not pay any compensation to its officers or the officers and directors of the General Partner in 2015. As more fully described below, the Partnership employs a management company which is solely responsible for performing all management and policy making functions for the Partnership. The only compensation paid by the Partnership to any person or entity is in the form of management fees and administrative fees paid to the General Partner, or any management entity employed by the General Partner, in accordance with the Partnership Agreement.

Specifically, the Partnership Agreement provides that the General Partner, or any management entity employed by the General Partner, is entitled to a management fee equal to 4% (2% at Dexter Park and 3% at Linewt) of the rental and other operating income from the Partnership Properties and a mortgage servicing fee equal to 0.5% of the unpaid principal balance of any debt instruments received, held and serviced by the Partnership (the "Management Fee"). The Partnership Agreement also authorizes the General Partner to charge to the Partnership its cost for employing professionals to assist with the administration of the Partnership Properties (the "Administrative Fees"). The Administrative Fee is not charged against the Management Fee. In addition, upon the sale or disposition of any Partnership Properties, the General Partner, or any management entity which is the effective cause of such sale, is entitled to a commission equal to 3% of the gross sale price (the "Commission"), provided that should any other broker be entitled to a commission in connection with the sale, the commission shall be the difference between 3% of the gross sale price and the amount to be paid to such broker.

The General Partner has engaged The Hamilton Company ("Hamilton") to operate and manage the Partnership, and in accordance with the Partnership Agreement, the Management Fee, the Administrative Fees and the Commission are paid to Hamilton. See "Item 10. Directors and Executive Officers of the Registrant." The total Management Fee paid to Hamilton during 2015 was approximately \$1,870,000. The management services provided by Hamilton include but are not limited to: collecting rents and other income; approving, ordering and supervising all repairs and other decorations; terminating leases, evicting tenants, purchasing supplies and equipment, financing and refinancing

properties, settling insurance claims, maintaining administrative offices and employing personnel. In addition, the Partnership engages the president of Hamilton as a consultant to provide asset management services to the Partnership, for which the Partnership paid \$75,000 in 2015. The Partnership does not have a written agreement with this individual.

Table of Contents

In 2015, the Partnership and its Subsidiary Partnerships paid administrative fees to Hamilton of approximately \$994,000 inclusive of construction supervision and architectural fees of approximately \$202,000, repairs and maintenance service fees of approximately \$443,000, legal fees of approximately \$224,000 and \$125,000 for accounting services. The administrative fees included \$24,000 that was paid by the Partnership to Ronald Brown for construction supervision services.

Additionally, the Hamilton Company received approximately \$840,000 from the 40 50% owned Investment Properties of which approximately \$677,000 was the management fee, approximately \$23,000 was for construction supervision and architectural fees, approximately \$95,000 was for maintenance services, and \$45,000 for legal services. The Advisory Committee held five meetings during 2015, and a total of \$26,000 was paid for attendance and participation in such meetings. Additionally, the Audit Committee held four meetings in 2015 and a total of \$12,000 was paid for attendance and participation in such meetings.

Compensation Committee Interlocks and Insider Participation

The Board of Directors of our General Partner does not have a compensation committee. No member of the Board of Directors of the General Partner was at any time in 2015 or at any other time an officer or employee of the General Partner, and no member had any relationship with the Partnership requiring disclosure as a related person transaction under Item 404 of Regulation S K. No officer of the General Partner has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of the Board of Directors of the General Partner at any time in 2015.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

As of March 1, 2016, except as listed below, the General Partner was not aware of any beneficial owner of more than 5% of the outstanding Class A Units or the Depositary Receipts, other than Computershare, which, under the Deposit Agreement, as Depositary, is the record holder of the Class A Units exchanged for Depositary Receipts. As of March 1, 2016, pursuant to the Deposit Agreement, Computershare was serving as the record holder of the Class A Units with respect to which 2,890,264 Depositary Receipts had been issued to approximately 1,852 holders. As of March 1, 2016, there were issued and outstanding 3,673 Class A Units (not including the Depositary Receipts) held by 174 unit holders, 23,821 Class B Units and 1,254 General Partnership Units held by the persons listed below. During 2015, 168 Class A Units were exchanged for Depositary Receipts.

Table of Contents

The following table sets forth certain information regarding each class of Partnership Units beneficially owned as of December 31, 2015 by (i) each person known by the Partnership to beneficially own more than 5% of any class of Partnership Units, (ii) each director and officer of the General Partner and (iii) all directors and officers of the General Partner as a group. For purposes of this table, all Depositary Receipts are included as if they were converted back into Class A Units. The inclusion in the table below of any Units deemed beneficially owned does not constitute an admission that the named persons are direct or indirect beneficial owners of such Units. Unless otherwise indicated, each person listed below has sole voting and investment power with respect to the Units listed.

Harold Brown is the sole manager of HBC with sole voting and dispositive control over the Depositary Receipts. Table of Contents

- (2) As of December 31, 2015, Harold Brown directly owns 167,600 Depositary Receipts beneficially owned by his spouse. - (3) Consists of Class B Units held by HBC Holdings, LLC. See Note (1) above. Harold Brown, as Manager, has voting and investment power over the Class B Units held by the LLC, subject to the provisions of the LLC, and thus may be deemed to beneficially own the Class B Units held by the LLC.
- (4) Since Harold Brown and Ronald Brown are the controlling stockholders, executive officers and directors of NewReal, Inc., they may be deemed to beneficially own all of the General Partnership Units held of record by NewReal, Inc.
- (5) Consists of 87,860 Depositary Receipts held of record jointly by Ronald Brown and his wife. Because a Depositary Receipt represents beneficial ownership of one thirtieth of a Class A Unit, Ronald Brown may be deemed to beneficially own approximately 2,929 Class A Units.

On November 13, 2000, the Partnership adopted a Policy for Establishment of Rule 10b5-1 Trading Plans. Pursuant to this Policy, the Partnership authorized its officers, directors and certain employees, shareholders and affiliates who are deemed “insiders” of the Partnership to adopt individual plans for trading the Partnership’s securities (“Trading Plans”), and established certain procedural requirements relating to the establishment, modification and termination of such Trading Plans. On May 14, 2001, the Partnership approved a Trading Plan of Harold Brown. The trading plan has been amended and restated several times, the most recent being on November 14, 2012. Mr. Brown amended and restated the Trading Plan extending the date through which Depositary Receipts may be purchased through September 30, 2016 for up to 600,000 Depositary Receipts at prices up to \$45.00.

The Partnership does not have any securities authorized for issuance pursuant to any equity compensation plans.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Partners of

New England Realty Associates Limited Partnership

We have audited the accompanying consolidated balance sheets of New England Realty Associates Limited Partnership (“the Partnership”) as of December 31, 2015 and 2014, and the related consolidated statements of income, changes in partners’ capital and cash flows for each of the years in the three year period ended December 31, 2015. We also have audited New England Realty Associates Limited Partnership’s internal control over financial reporting as of December 31, 2015, based on criteria established in Internal Control—Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Partnership’s management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in Management’s Report on Internal Control over Financial Reporting appearing under Item 9A. Our responsibility is to express an opinion on these consolidated financial statements and an opinion on the Partnership’s internal control over financial reporting based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of New England Realty Associates Limited Partnership as of December 31, 2015 and 2014, and the results of its operations and its cash flows for each of the years in the three year period ended December 31, 2015, in

conformity with accounting principles generally accepted in the United States of America. Also in our opinion, New England Realty Associates Limited Partnership maintained, in all material respects, effective internal control over financial reporting as of December 31, 2015, based on criteria established in Internal Control—Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

NEW ENGLAND REALTY ASSOCIATES LIMITED PARTNERSHIP AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Line of Business: New England Realty Associates Limited Partnership (“NERA” or the “Partnership”) was organized in Massachusetts in 1977. NERA and its subsidiaries own 25 properties which include 17 residential buildings; 4 mixed use residential, retail and office buildings; 3 commercial buildings and individual units at one condominium complex. These properties total 2,506 apartment units, 19 condominium units and 108,043 square feet of commercial space. Additionally, the Partnership also owns a 40 – 50% interest in 9 residential and mixed use properties consisting of 788 apartment units, 12,500 square feet of commercial space and a 50 car parking lot. The properties are located in Eastern Massachusetts and Southern New Hampshire.

Basis of Presentation: The financial statements have been prepared in conformity with GAAP. The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. These estimates and assumptions are based on management’s historical experience that are believed to be reasonable at the time. However, because future events and their effects cannot be determined with certainty, the determination of estimates requires the exercise of judgement. The Partnership’s critical accounting policies are those which require assumptions to be made about matters that are highly uncertain. Different estimates could have a material effect on the Partnership’s financial results. Judgements and uncertainties affecting the application of these policies and estimates may result in materially different amounts being reported under different conditions and circumstances.

Principles of Consolidation: The consolidated financial statements include the accounts of NERA and its subsidiaries. NERA has a 99.67% to 100% ownership interest in each subsidiary except for the nine limited liability companies (the “Investment Properties” or “Joint Ventures”) in which the Partnership has a 40 – 50% ownership interest. The consolidated group is referred to as the “Partnership.” Minority interests are not recorded, since they are insignificant. All significant intercompany accounts and transactions are eliminated in consolidation. The Partnership accounts for its investment in the above mentioned Investment Properties using the equity method of consolidation. (See Note 14: Investments in Unconsolidated Joint Ventures).

The Partnership accounts for its investments in joint ventures using the equity method of accounting. These investments are recorded initially at cost, as Investments in Unconsolidated Joint Ventures, and subsequently adjusted for equity in earnings and cash contributions and distributions. Generally, the Partnership would discontinue applying the equity method when the investment (and any advances) is reduced to zero and would not provide for additional losses unless the Partnership has guaranteed obligations of the venture or is otherwise committed to providing further financial support for the investee. If the venture subsequently generates income, the Partnership only recognizes its share of such income to the extent it exceeds its share of previously unrecognized losses. In 2013 and beyond, the carrying values of certain investments fell below zero. We intend to fund our share of the investments’ future operating deficits should the need arise. However, we have no legal obligation to pay for any of the liabilities of such investments nor do we have any legal obligation to fund operating deficits. (See Note 14: Investment in Unconsolidated Joint Ventures.)

The authoritative guidance on consolidation provides guidance on the identification of entities for which control is achieved through means other than voting rights (“variable interest entities” or “VIEs”) and the determination of which

business enterprise, if any, should consolidate the VIE (the “primary beneficiary”). Generally, the consideration of whether an entity is a VIE applies when either (1) the equity investors (if any) lack one or more of the essential characteristics of a controlling financial interest, (2) the equity investment at risk is insufficient to finance that equity’s activities without additional subordinated financial support or (3) the equity investors have voting rights that are not proportionate to their economic interests and the activities of the entity involve or are conducted on behalf of an investor with a disproportionately small voting interest. The primary beneficiary is defined by the entity having both of the following characteristics: (1) the power to direct the activities that, when taken together, most significantly impact the

F-6

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2015

variable interest entity's performance; and (2) the obligation to absorb losses and rights to receive the returns from VIE that would be significant to the VIE.

Impairment: On an annual basis management assesses whether there are any indicators that the value of the Partnership's rental properties or investments in unconsolidated subsidiaries may be impaired. In addition to identifying any specific circumstances which may affect a property or properties, management considers other criteria for determining which properties may require assessment for potential impairment. The criteria considered by management include reviewing low leased percentages, significant near term lease expirations, recently acquired properties, current and historical operating and/or cash flow losses, near term mortgage debt maturities or other factors that might impact the Partnership's intent and ability to hold property. A property's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property is less than the carrying value of the property. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the property over the fair value of the property. The Partnership's estimates of aggregate future cash flows expected to be generated by each property are based on a number of assumptions that are subject to economic and market uncertainties including, among others, demand for space, competition for tenants, changes in market rental rates, and costs to operate each property. As these factors are difficult to predict and are subject to future events that may alter management's assumptions, the future cash flows estimated by management in its impairment analyses may not be achieved.

Revenue Recognition: Rental income from residential and commercial properties is recognized over the term of the related lease. For residential tenants, amounts 60 days in arrears are charged against income. The commercial tenants are evaluated on a case by case basis. Certain leases of the commercial properties provide for increasing stepped minimum rents, which are accounted for on a straight line basis over the term of the lease. Contingent rent for commercial properties are received from tenants for certain costs as provided in the lease agreement. The costs generally include real estate taxes, utilities, insurance, common area maintenance and recoverable costs. Rental concessions are also accounted for on the straight line basis.

Above market and below market lease values for acquired properties are initially recorded based on the present value (using a discount rate which reflects the risks associated with the leases acquired) of the differences between (i) the contractual amounts to be paid pursuant to each in place lease and (ii) management's estimate of fair market lease rates for each corresponding in place lease, measured over a period equal to the remaining term of the lease for above market leases and the initial term plus the term of any below market fixed rate renewal options for below market leases. The capitalized above market lease values for acquired properties are amortized as a reduction of base rental revenue over the remaining term of the respective leases, and the capitalized below market lease values are amortized as an increase to base rental revenue over the remaining initial terms plus the terms of any below market fixed rate renewal options of the respective leases.

Rental Properties: Rental properties are stated at cost less accumulated depreciation. Maintenance and repairs are charged to expense as incurred; improvements and additions which improve or extend the life of the assets are capitalized. When assets are retired or otherwise disposed of, the cost of the asset and related accumulated depreciation is eliminated from the accounts, and any gain or loss on such disposition is included in income. Fully depreciated assets are removed from the accounts. Rental properties are depreciated by both straight line and accelerated methods over their estimated useful lives. Upon acquisition of rental property, the Partnership estimates

the fair value of acquired tangible assets, consisting of land, building and improvements, and identified intangible assets and liabilities assumed, generally consisting of the fair value of (i) above and below market leases, (ii) in place leases and (iii) tenant relationships. The Partnership allocates the purchase price to the assets acquired and liabilities assumed based on their fair values. The Partnership records goodwill or a gain on bargain purchase (if any) if the net assets acquired/liabilities assumed exceed the purchase consideration of a transaction. In estimating the fair value of the tangible and intangible assets acquired, the

Partnership considers information obtained about each property as a result of its due diligence and marketing and leasing activities, and utilizes various valuation methods, such as estimated cash flow projections utilizing appropriate discount and capitalization rates, estimates of replacement costs net of depreciation, and available market information. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant.

Other intangible assets acquired include amounts for in place lease values and tenant relationship values, which are based on management's evaluation of the specific characteristics of each tenant's lease and the Partnership's overall relationship with the respective tenant. Factors to be considered by management in its analysis of in place lease values include an estimate of carrying costs during hypothetical expected lease up periods considering current market conditions, and costs to execute similar leases at market rates during the expected lease up periods, depending on local market conditions. In estimating costs to execute similar leases, management considers leasing commissions, legal and other related expenses. Characteristics considered by management in valuing tenant relationships include the nature and extent of the Partnership's existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant's credit quality and expectations of lease renewals. The value of in place leases are amortized to expense over the remaining initial terms of the respective leases. The value of tenant relationship intangibles are amortized to expense over the anticipated life of the relationships.

In the event that facts and circumstances indicate that the carrying value of a rental property may be impaired, an analysis of the value is prepared. The estimated future undiscounted cash flows are compared to the asset's carrying value to determine if a write down to fair value is required.

Financing and Leasing Fees: Financing fees are capitalized and amortized, using the interest method, over the life of the related mortgages. Leasing fees are capitalized and amortized on a straight line basis over the life of the related lease. Unamortized balances are expensed when the corresponding fee is no longer applicable.

Income Taxes: The financial statements have been prepared on the basis that NERA and its subsidiaries are entitled to tax treatment as partnerships. Accordingly, no provision for income taxes have been recorded (See Note 13).

Cash Equivalents: The Partnership considers cash equivalents to be all highly liquid instruments purchased with a maturity of three months or less.

Segment Reporting: Operating segments are revenue producing components of the Partnership for which separate financial information is produced internally for management. Under the definition, NERA operated, for all periods presented, as one segment.

Comprehensive Income: Comprehensive income is defined as changes in partners' equity, exclusive of transactions with owners (such as capital contributions and dividends). NERA did not have any comprehensive income items in 2015, 2014, or 2013 other than net income as reported.

Income (Loss) Per Depositary Receipt: Effective January 3, 2012, the Partnership authorized a 3 for 1 forward split of its Depositary Receipts listed on the NYSE Amex and a concurrent adjustment of the exchange ratio of Depositary Receipts for Class A Units of the Partnership from 10 to 1 to 30 to 1, such that each Depositary Receipt represents one thirtieth ($\frac{1}{30}$) of a Class A Unit of the Partnership. All references to Depositary Receipts in the report are

reflective of the 3 for 1 forward split.

Income Per Unit: Net income per unit has been calculated based upon the weighted average number of units outstanding during each period presented. The Partnership has no dilutive units and, therefore, basic net income is the same as diluted net income per unit (see Note 7).

Concentration of Credit Risks and Financial Instruments: The Partnership's properties are located in New England, and the Partnership is subject to the general economic risks related thereto. No single tenant accounted for more than 5% of the Partnership's revenues in 2015, 2014, or 2013. The Partnership makes its temporary cash investments with high credit quality financial institutions. At December 31, 2015, substantially all of the Partnership's cash and cash equivalents were held in interest bearing accounts at financial institutions, earning interest at rates from 0.01% to 0.35%. At December 31, 2015 and 2014, respectively approximately \$11,592,000 and \$15,118,000 of cash and cash equivalents, and security deposits included in prepaid expenses and other assets exceeded federally insured amounts.

Advertising Expense: Advertising is expensed as incurred. Advertising expense was \$165,070, \$119,015 and \$41,285 in 2015, 2014 and 2013, respectively.

Discontinued Operations and Rental Property Held for Sale: In April 2014, the FASB issued guidance related to the reporting of discontinued operation and disclosures of disposals of components of an entity. This guidance defines a discontinued operation as a component or group of components disposed or classified as held for sale and represents a strategic shift that has (or will have) a major effect on an entity's operations and final result; the guidance states that a strategic shift could include a disposal of a major geographical area of operations, a major line of business, a major equity method investment or other major parts of an entity. The guidance also provides for additional disclosure requirements in connection with both discontinued operations and other dispositions not qualifying as discontinued operations. The guidance will be effective for all companies for annual and interim periods beginning on or after December 15, 2014. The guidance applies prospectively to new disposals and new classifications of disposal groups as held for sale after the effective date. All entities may early adopt the guidance for new disposals (or new classifications as held for sale) that have not been reported in financial statements previously issued or available for issuance. The Partnership has elected to early adopt this standard effective with the interim period beginning January 1, 2014. Prior to January 1, 2014, properties identified as held for sale and/or disposed of were presented in discontinued operations for all periods presented.

Interest Capitalized: The Partnership follows the policy of capitalizing interest as a component of the cost of rental property when the time of construction exceeds one year. During the years ended December 31, 2015, 2014 and 2013 there was no capitalized interest.

Extinguishment of Debt: When existing mortgages are refinanced with the same lender and it is determined that the refinancing is substantially different then they are recorded as an extinguishment of debt. However if it is determined that the refinancing is substantially the same then they are recorded as an exchange of debt. All refinancing qualify as extinguishment of debt.

Reclassifications: Certain reclassifications have been made to prior period amounts in order to conform to current period presentation.

In May 2013 the Partnership sold the Nashoba Apartments located in Acton, Massachusetts. The sale price was \$4,300,000; the net proceeds of approximately \$2,100,000 were transferred to Investment Property Exchange Services, Inc. a Qualified Intermediary. These funds were held by the intermediary in order to maintain the Partnership's ability to structure a tax free exchange in accordance with the Internal Revenue Service's rules under Sec. 1031. The gain on the sale in accordance with GAAP is approximately \$3,679,000. The proceeds were subsequently used in the acquisition of the Hamilton Green Apartments described below.

On July 15, 2013, Hamilton Green Apartments, LLC, ("Hamilton Green") a newly formed subsidiary of the Partnership, purchased Windsor Green at Andover, a 193 unit apartment complex located at 311 and 319 Lowell Street, Andover, Massachusetts. The purchase price was \$62,500,000. From the purchase price, the Partnership has allocated approximately \$1,656,000 to the value of the in place leases and approximately \$96,000 to the value of the tenant relationships. These amounts will be amortized over 12 and 36 months respectively. To fund this purchase, the Partnership obtained short term financing of approximately \$40,000,000, used the funds of approximately \$2,100,000 from the sale of the Nashoba Apartments, and the balance from the Partnership's cash reserves. The closing costs

associated with this short term financing were approximately \$38,000. The original mortgage matured in November 2013. On December 20, 2013, the Partnership refinanced the mortgage on Hamilton Green. The new 15 year mortgage is \$38,500,000; the interest rate is 4.67%; interest only for 2 years. After the first two years, principal is amortized on a 30 year amortization schedule through January 2029. This refinancing required additional capital of approximately \$1,846,000 from the Partnership. The closing costs associated with this refinancing were approximately \$346,000.

NOTE 12. FAIR VALUE MEASUREMENTS

Fair Value Measurements on a Recurring Basis

At December 31, 2015 and 2014, we do not have any significant financial assets or financial liabilities that are measured at fair value on a recurring basis in our consolidated financial statements.

Financial Assets and Liabilities not Measured at Fair Value

At December 31, 2015 and 2014 the carrying amounts of certain of our financial instruments, including cash and cash equivalents, accounts receivable, and notes payable, accounts payable and accrued expenses were representative of their fair values due to the short-term nature of these instruments or, the recent acquisition of these items.

At December 31, 2015 and 2014, we estimated the fair value of our mortgages payable and other notes based upon quoted market prices for the same (Level 1) or similar (Level 2) issues when current quoted market prices are available. We estimated the fair value of our secured mortgage debt that does not have current quoted market prices available by discounting the future cash flows using rates currently available to us for debt with similar terms and maturities (Level 3). The differences in the fair value of our debt from the carrying value are the result of differences in interest rates and/or borrowing spreads that were available to us at December 31, 2015 and 2014, as compared with those in effect when the debt was issued or acquired. The secured mortgage debt contain pre-payment penalties or yield maintenance provisions that could make the cost of refinancing the debt at lower rates exceed the benefit that would be derived from doing so.

At December 31, 2015, the Partnership has a line of credit outstanding in the amount of \$25,000,000, which represents its fair market value.

The following methods and assumptions were used by the Partnership in estimating the fair value of its financial instruments:

- For cash and cash equivalents, accounts receivable, other assets, investment in partnerships, accounts payable, advance rents and security deposits: fair value approximates the carrying value of such assets and liabilities.
- For mortgages and notes payable: fair value is generally based on estimated future cash flows, which are discounted using the quoted market rate from an independent source for similar obligations. Refer to the table below for the

carrying amount and estimated fair value of such instruments.

NOTE 13. TAXABLE INCOME AND TAX BASIS

Taxable income reportable by the Partnership and includable in its partners' tax returns is different than financial statement income because of tax free exchanges, accelerated depreciation, different tax lives, and timing differences related to prepaid rents, allowances and intangible assets at significant acquisitions. Taxable income of approximately \$2,106,000 was approximately \$1,667,000 less than statement income for the year ended December 31, 2015. The primary reason for the decrease is due to accelerated depreciation, tax free exchange and other differences in the treatment of certain expenditures. The cumulative tax basis of the Partnership's real estate at December 31, 2015 is approximately \$7,000,000 less than the statement basis. The primary reasons for the lower tax basis are tax free exchanges, and accelerated depreciation. The Partnership's tax basis in its joint venture investments is approximately \$1,500,000 less than statement basis because of accelerated depreciation.

Certain entities included in the Partnership's consolidated financial statements are subject to certain state taxes. These taxes are not significant and are recorded as operating expenses in the accompanying consolidated financial statements.

The following reconciles GAAP net income to taxable income:

DECEMBER 31, 2015

NOTE 15. IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS – review for relativity for 2015

In February 2015, the FASB issued ASU 2015-02, Consolidation (Topic 810): Amendments to the Consolidation Analysis (“ASU 2015-02”), which makes certain changes to both the variable interest model and the voting model, including changes to (1) the identification of variable interests (fees paid to a decision maker or service provider), (2) the variable interest entity characteristics for a limited partnership or similar entity and (3) the primary beneficiary determination. ASU 2015-02 is effective for us beginning January 1, 2016. We do not expect its adoption to have a significant impact on our consolidated financial statements.

In April 2015, the FASB issued ASU 2015-03, Simplifying the Presentation of Debt Issuance Costs (ASU 2015-03), which requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected. Upon adoption, we will apply the new guidance on a retrospective basis and adjust the balance sheet of each individual period presented to reflect the period-specific effects of applying the new guidance. This guidance is effective for us beginning January 1, 2016. The adoption of ASU 2015-03 will result in debt issuance costs, currently included in Deferred Finance Costs, being presented in the balance sheet as a direct deduction from the carrying value of the related debt liabilities. We do not expect its adoption to have a significant impact on our consolidated financial statements.

NOTE 18—SUBSEQUENT EVENTS

From January 1, 2016 through March 10, 2016, the Partnership purchased a total of 10,829 Depository Receipts. The average price was \$50.11 per receipt or \$1,503.26 per unit. The total cost was \$558,722. The Partnership is required to repurchase 86 Class B Units and 5 General Partnership Units at a cost of \$128,874 and \$6,783 respectively.

On January 7, 2016, Residences at Captain Parker, LLC, a Massachusetts limited liability company (“Captain Parker”) entered into a Multifamily Loan and Security Agreement (the “Loan Agreement”) with KeyBank National Association (the “Lender”). The manager of Captain Parker is NewReal, Inc. (“New Real”), the general partner of New England Realty Associates Limited Partnership (the “Partnership”). The Partnership is the sole member of Captain Parker. The Loan Agreement provides for a term loan (the “Loan”) in the principal amount of \$20,071,000. The Loan is due on February 1, 2026 (the “Due Date”), unless the due date is accelerated in accordance with the Loan’s terms. The proceeds of the Loan are being used to refinance existing indebtedness. The Partnership is a limited guarantor of certain

of the Captain Parker obligations under the Loan Agreement.

Borrowings under the Loan will bear interest at rates equal to (i) the one month LIBOR rate for United States Dollar Deposits, determined monthly, plus 201 basis points. The interest rate increases upon an event of default.

Captain Parker is required to repay the aggregate principal amount of the Loan by the Due Date. Interest payments on the Loans are payable monthly in arrears on specified dates set forth in the Loan Agreement. Principal payments on the Loan are also payable monthly commencing on March 1, 2021. The note issued by Captain Parker in connection with the Loan Agreement (the “Note”) also contains provisions for optional prepayment with a penalty under certain circumstances.

The Loan is secured by, among other things, the Captain Parker Arms, a 94 unit apartment complex located at 7 Captain Parker Arms, Lexington, Massachusetts, previously acquired by Captain Parker and the rents that Captain Parker receives for the property.

The Loan Agreement contains customary representations, warranties and covenants applicable to special purpose entities. The covenants include, but are not limited to, limitations on: (i) liens, (ii) dispositions of assets and (iii) mergers and consolidations.

The Loan Agreement and Note contain customary events of default, including a limited cross default provision and change of control provisions.

As a result of securing the financing, the Partnership used the proceeds of the loan and cash reserves of the Partnership to paydown the Line of Credit to zero. A payment was made on January 7, 2016 for \$23,000,000, and another payment for \$2,000,000 was made on January 15, 2016.
