UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2018
OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number 1-15589

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction
of incorporation or organization)

47-0702918
(I.R.S. Employer
Identification No.)

7405 Irvington Road, Omaha NE
(Address of principal executive offices)

68122
(Zip code)

Registrant's telephone number, including area code: (402) 331-3727

Edgar Filing: AMCON DISTRIBUTING CO - Form 10-Q

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files) Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of “large accelerated filer”, “accelerated filer”, “smaller reporting company” and “emerging growth company” in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer Non-accelerated filer
(Do not check if a smaller reporting company)

Smaller reporting company Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act) Yes No

The Registrant had 615,988 shares of its \$.01 par value common stock outstanding as of July 16, 2018.

AMCON Distributing Company and Subsidiaries

Notes to Condensed Consolidated Unaudited Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

AMCON Distributing Company and Subsidiaries (“AMCON” or the “Company”) operate two business segments:

- Our wholesale distribution segment (“Wholesale Segment”) distributes consumer products and provides a full range of programs and services to our customers that are focused on helping them manage their business and increase their profitability. We primarily operate in the Central, Rocky Mountain, and Southern regions of the United States.
- Our retail health food segment (“Retail Segment”) operates fourteen health food retail stores located throughout the Midwest and Florida.

WHOLESALE SEGMENT

Our Wholesale Segment is one of the largest wholesale distributors in the United States serving approximately 4,000 retail outlets including convenience stores, grocery stores, liquor stores, drug stores, and tobacco shops. We currently distribute over 16,000 different consumer products, including cigarettes and tobacco products, candy and other confectionery, beverages, groceries, paper products, health and beauty care products, frozen and chilled products and institutional foodservice products. Convenience stores represent our largest customer category. In November 2017, Convenience Store News ranked us as the seventh (7th) largest convenience store distributor in the United States based on annual sales.

Our wholesale business offers retailers the ability to take advantage of manufacturer and Company sponsored sales and marketing programs, merchandising and product category management services, and the use of information systems and data services that are focused on minimizing retailers’ investment in inventory, while seeking to maximize their sales and profits. In addition, our wholesale distributing capabilities provide valuable services to both manufacturers of consumer products and convenience retailers. Manufacturers benefit from our broad retail coverage, inventory management, efficiency in processing small orders, and frequency of deliveries. Convenience retailers benefit from our distribution capabilities by gaining access to a broad product line, optimizing inventory, merchandising expertise, information systems, and accessing trade credit.

Our Wholesale Segment operates six distribution centers located in Illinois, Missouri, Nebraska, North Dakota, South Dakota, and Tennessee. These distribution centers, combined with cross dock facilities, include approximately 641,000 square feet of permanent floor space. Our principal suppliers include Altria, RJ Reynolds, ITG Brands, Hershey, Kelloggs, Kraft, and Mars. We also market private label lines of water, candy products, batteries, and other products. We do not maintain any long-term purchase contracts with our suppliers.

RETAIL SEGMENT

Our Retail Segment is a specialty retailer of natural/organic groceries and dietary supplements which focuses on providing high quality products at affordable prices, with an exceptional level of customer service and nutritional consultation. All of the products carried in our stores must meet strict quality and ingredient guidelines, and include offerings such as gluten-free and antibiotic-free groceries and meat products, as well as products containing no artificial colors, flavors, preservatives, or partially hydrogenated oils. We design our retail sites in an efficient and flexible small-store format, which emphasizes a high energy and shopper-friendly environment.

Table of Contents

We operate within the natural products retail industry, which is a subset of the U.S. grocery industry. This industry includes conventional, natural, gourmet and specialty food markets, mass and discount retailers, warehouse clubs, health food stores, dietary supplement retailers, drug stores, farmers markets, mail order and online retailers, and multi-level marketers.

Our Retail Segment operates fourteen retail health food stores as Chamberlin's Market & Café and Akin's Natural Foods Market. These stores carry over 32,000 different national and regionally branded and private label products including high-quality natural, organic, and specialty foods consisting of produce, baked goods, frozen foods, nutritional supplements, personal care items, and general merchandise. Chamberlin's, which was established in 1935, operates seven stores in and around Orlando, Florida. Akin's, which was also established in 1935, has a total of seven locations in Arkansas, Missouri, Nebraska, and Oklahoma.

FINANCIAL STATEMENTS

The Company's fiscal year ends on September 30. The results for the interim period included with this Quarterly Report may not be indicative of the results which could be expected for the entire fiscal year. All significant intercompany transactions and balances have been eliminated in consolidation. Certain information and footnote disclosures normally included in our annual financial statements prepared in accordance with generally accepted accounting principles ("GAAP") have been condensed or omitted. In the opinion of management, the accompanying condensed consolidated unaudited financial statements ("financial statements") contain all adjustments necessary to fairly present the financial information included herein, such as adjustments consisting of normal recurring items. The Company believes that although the disclosures contained herein are adequate to prevent the information presented from being misleading, these financial statements should be read in conjunction with the Company's annual audited consolidated financial statements for the fiscal year ended September 30, 2017, as filed with the Securities and Exchange Commission on Form 10-K. For purposes of this report, unless the context indicates otherwise, all references to "we", "us", "our", the "Company", and "AMCON" shall mean AMCON Distributing Company and its subsidiaries. Additionally, the three month fiscal periods ended June 30, 2018 and June 30, 2017 have been referred to throughout this quarterly report as Q3 2018 and Q3 2017, respectively. The fiscal balance sheet dates as of June 30, 2018 and September 30, 2017 have been referred to as June 2018 and September 2017, respectively.

ACCOUNTING PRONOUNCEMENTS

New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, "Revenue from Contracts with Customers." This ASU and related amendments supersedes the revenue recognition requirements in "Accounting Standard Codification 605 - Revenue Recognition" and most industry-specific guidance. The standard requires that entities recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which a company expects to be entitled in exchange for those goods or services. This ASU is effective for fiscal years beginning after December 15, 2017 (Fiscal 2019 for the Company), and for interim periods within that fiscal year. The Company is in the data aggregation and quantification phase of its review of this new standard, and is working to assess the impact and our approach towards adopting this ASU.

In February 2016, FASB issued ASU No. 2016-02 "Leases" ("ASU 2016-02"). ASU 2016-02 requires the recognition of lease assets and lease liabilities by lessees for all leases greater than one year in duration and classified as operating leases under previous GAAP. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018 (Fiscal 2020 for the Company), and for interim periods within that fiscal year. The Company is currently evaluating this ASU and its potential impact on our consolidated financial statements including the potential capitalization of all operating leases on the Company's balance sheet.

Table of Contents

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments”, which introduces a forward-looking approach, based on expected losses, to estimate credit losses on certain types of financial instruments, including trade receivables. The estimate of expected credit losses will require entities to incorporate considerations of historical information, current information and reasonable and supportable forecasts. This ASU also expands the disclosure requirements to enable users of financial statements to understand the entity’s assumptions, models and methods for estimating expected credit losses. This guidance is effective for fiscal years beginning after December 15, 2019 (fiscal 2021 for the Company) with early adoption permitted. The Company is currently reviewing this ASU and its potential impact on our consolidated financial statements.

In January 2017, FASB issued ASU No. 2017-04, “Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment” (“ASU 2017-04”). The new guidance simplifies the subsequent measurement of goodwill by eliminating Step 2 from the goodwill impairment test. ASU 2017-04 requires goodwill impairment to be measured as the amount by which a reporting unit’s carrying amount exceeds its fair value, not to exceed the carrying amount of its goodwill. ASU 2017-04 requires prospective application and is effective for annual periods beginning after December 15, 2019 (Fiscal 2021 for the Company) with early adoption permitted. The Company is currently evaluating this ASU and its potential impact on our consolidated financial statements.

2. INVENTORIES

Inventories consisted of finished goods and are stated at the lower of cost (determined on a FIFO basis for our wholesale segment and using the retail method for our retail segment) or net realizable value. The wholesale distribution and retail health food segment inventories consist of finished products purchased in bulk quantities to be redistributed to the Company’s customers or sold at retail. Finished goods included total reserves of approximately \$0.5 million at June 2018 and \$0.8 million at September 2017. These reserves include the Company’s obsolescence allowance, which reflects estimated unsalable or non-refundable inventory based upon an evaluation of slow moving and discontinued products.

Table of Contents

3. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill by reporting segment of the Company consisted of the following:

	June 2018	September 2017
Wholesale Segment	\$ 4,436,950	\$ 4,436,950
Retail Segment	1,912,877	1,912,877
	\$ 6,349,827	\$ 6,349,827

Other intangible assets of the Company consisted of the following:

	June 2018	September 2017
Trademarks and tradenames (Retail Segment)	\$ 3,373,269	\$ 3,373,269
Customer relationships (Wholesale Segment) (less accumulated amortization of approximately \$2.1 million and \$2.0 million at June 2018 and September 2017, respectively)	57,292	121,042
	\$ 3,430,561	\$ 3,494,311

Goodwill, trademarks and tradenames are considered to have indefinite useful lives and therefore no amortization has been taken on these assets. At June 2018, identifiable intangible assets considered to have finite lives were represented by customer relationships which are being amortized over eight years. These intangible assets are evaluated for accelerated attrition or amortization adjustments if warranted.

At June 2018, goodwill allocated to our wholesale and retail reporting units totaled \$4.4 million and \$1.9 million, respectively. In conjunction with the Company's annual impairment testing for the fiscal year ended September 30, 2017, the Company determined that the estimated fair value of these reporting units exceeded their carrying value at September 30, 2017. There has been no material changes to this assessment by the Company through June 2018.

Estimated future amortization expense related to identifiable intangible assets with finite lives is as follows at June 2018:

	June 2018
Fiscal 2018 (1)	\$ 15,625
Fiscal 2019	41,667
	\$ 57,292

(1) Represents amortization for the remaining three months of Fiscal 2018.

4. DIVIDENDS

The Company paid cash dividends on its common stock during each of the three and nine month periods ended June 2017 and June 2018 of \$0.1 million and \$0.6 million, respectively.

Table of Contents

5. EARNINGS PER SHARE

Basic earnings per share available to common shareholders is calculated by dividing net income less preferred stock dividend requirements by the weighted average common shares outstanding for each period. Diluted earnings per share available to common shareholders is calculated by dividing income from operations less preferred stock dividend requirements (when anti-dilutive) by the sum of the weighted average common shares outstanding and the weighted average dilutive options.

	For the three months ended June			
	2018		2017	
	Basic	Diluted	Basic	Diluted
Weighted average common shares outstanding	651,170	651,170	678,938	678,938
Weighted average net additional shares outstanding assuming dilutive options exercised and proceeds used to purchase treasury stock and conversion of preferred stock (1)	—	13,518	—	12,763
Weighted average number of shares outstanding	651,170	664,688	678,938	691,701
Net income available to common shareholders	\$ 785,050	\$ 785,050	\$ 385,049	\$ 385,049
Net earnings per share available to common shareholders	\$ 1.21	\$ 1.18	\$ 0.57	\$ 0.56

(1) Diluted earnings per share calculation includes all stock options and restricted stock units deemed to be dilutive.

	For the nine months ended June			
	2018		2017	
	Basic	Diluted	Basic	Diluted
Weighted average common shares outstanding	676,103	676,103	679,858	679,858
Weighted average net additional shares outstanding assuming dilutive options exercised and proceeds used to purchase treasury stock and conversion of preferred stock (1)	—	10,473	—	10,982
Weighted average number of shares outstanding	676,103	686,576	679,858	690,840
Net income available to common shareholders	\$ 2,604,040	\$ 2,604,040	\$ 1,919,996	\$ 1,919,996
	\$ 3.85	\$ 3.79	\$ 2.82	\$ 2.78

Net earnings per share available to common
shareholders

(1) Diluted earnings per share calculation includes all stock options and restricted stock units deemed to be dilutive.

6. DEBT

The Company primarily finances its operations through a credit facility agreement (the “Facility”) and long-term debt agreements with banks. The Facility is provided through Bank of America acting as the senior agent and with BMO Harris Bank participating in a loan syndication.

The Facility included the following significant terms at June 2018:

- A November 2022 maturity date without a penalty for prepayment.
- \$70.0 million revolving credit limit.
- Loan accordion allowing the Company to increase the size of the credit facility agreement by \$25.0 million.

Table of Contents

- A provision providing an additional \$10.0 million of credit advances for certain inventory purchases.
- Evergreen renewal clause automatically renewing the agreement for one year unless either the borrower or lender provides written notice terminating the agreement at least 90 days prior to the end of any original or renewal term of the agreement.
- The Facility bears interest at either the bank's prime rate, or at LIBOR plus 125 - 150 basis points depending on certain credit facility utilization measures, at the election of the Company.
- Lending limits subject to accounts receivable and inventory limitations.
- An unused commitment fee equal to one-quarter of one percent (1/4%) per annum on the difference between the maximum loan limit and average monthly borrowings.
- Secured by collateral including all of the Company's equipment, intangibles, inventories, and accounts receivable.
- A financial covenant requiring a fixed charge coverage ratio of at least 1.0 as measured by the previous twelve month period then ended only if excess availability falls below 10% of the maximum loan limit as defined in the credit agreement. The Company's availability has not fallen below 10% of the maximum loan limit and the Company's fixed charge ratio is over 1.0 for the trailing twelve months.
- Provides that the Company may pay up to \$2.0 million of dividends on its common stock provided the Company meets certain excess availability and proforma fixed charge coverage ratios and is not in default before or after the dividend.

Cross Default and Co-Terminus Provisions

The Company owns real estate in Bismarck, ND, Quincy, IL, and Rapid City, SD, which is financed through a single term loan with BMO Harris Bank (the "Real Estate Loan") which is also a participant lender on the Company's revolving line of credit. The Real Estate Loan contains cross default provisions which cause it to be considered in default if the loans where BMO is a lender, including the revolving credit facility, is in default. There were no such cross defaults at June 2018. In addition, the Real Estate Loan contains co-terminus provisions which require all loans with BMO to be paid in full if any of the loans are paid in full prior to the end of their specified terms.

Other

AMCON has issued a \$0.5 million letter of credit to its workers' compensation insurance carrier as part of its self insured loss control program.

7. INCOME TAXES

The Company's results of operations for the nine months ended June 2018 included the impact of the enactment of the Tax Cuts and Jobs Act ("Tax Reform") which was signed into law on December 22, 2017. Among numerous provisions included in the new law was a reduction in the corporate federal income tax rate from 35% to 21% which resulted in a \$0.9 million income tax benefit to the Company as reflected in our Statement of Operations for the nine months ended June 2018. This tax benefit primarily resulted from applying the new lower federal income tax rates to the Company's net long term deferred tax liabilities recorded on its Consolidated Balance Sheet. Because of the effective date of the new tax law in relation to the Company's fiscal year (October 1st - September 30th), the Company's fiscal 2018 results from operations will be taxed at a lower blended federal rate of approximately 24% for fiscal 2018, which reflects a portion of fiscal 2018 at the old federal tax rate and a portion of fiscal 2018 at the new federal tax rate. The final impact of Tax Reform may differ due to and among other things, changes in interpretations, assumptions made by the Company, the issuance of additional guidance, and actions Company may take as a result of Tax Reform.

Table of Contents

8. BUSINESS SEGMENTS

The Company has two reportable business segments: the wholesale distribution of consumer products and the retail sale of health and natural food products. The retail health food stores' operations are aggregated to comprise the Retail Segment because such operations have similar economic characteristics, as well as similar characteristics with respect to the nature of products sold, the type and class of customers for the health food products and the methods used to sell the products. Included in the "Other" column are intercompany eliminations, and assets held and charges incurred by our holding company. The segments are evaluated on revenues, gross margins, operating income (loss), and income before taxes.

9. COMMON STOCK REPURCHASE

The Company repurchased a total of 68,016 and 74,669 common shares during the three and nine month periods ended June 30, 2018, respectively, for cash totaling approximately \$7.1 million and \$7.7 million, respectively, and 11,104 common shares during the nine month period ended June 30, 2017 for cash totaling approximately \$1.0 million. The Company made no share repurchases during Q3 2017. All repurchased shares were recorded in treasury stock at cost.

10. SUBSEQUENT EVENT

In July 2018, the Company's wholly owned subsidiary, The Healthy Edge, Inc., through its newly formed wholly owned subsidiary, EOM Acquisition Corp, closed a transaction to acquire and operate eight leased retail health food stores located in Florida. In this transaction, EOM Acquisition Corp. will pay approximately \$0.7 million in four installments through July 2019. The transaction will be funded through the Company's existing credit facility. The acquisition expands the Company's strategic footprint in the Florida market and enhances its ability to service customers in that region.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, including the Management's Discussion and Analysis of Financial Condition and Results of Operations and other sections, contains forward-looking statements that are subject to risks and uncertainties and which reflect management's current beliefs and estimates of future economic circumstances, industry conditions, company performance and financial results. Forward-looking statements include information concerning the possible or assumed future results of operations of the Company and those statements preceded by, followed by or that include the words "future," "position," "anticipate(s)," "expect," "believe(s)," "see," "plan," "further improve," "outlook," similar expressions. For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are not guarantees of future performance or results. They involve risks, uncertainties and assumptions.

You should understand that the following important factors, in addition to those discussed elsewhere in this document, could affect the future results of the Company and could cause those results to differ materially from those expressed in our forward-looking statements:

- increasing competition in our wholesale and retail health food businesses and any associated impact on the carrying value of intangible assets within those businesses,
- that our repositioning strategy for our retail business will not be successful,
- risks associated with opening or acquiring new retail stores,
- Challenges experienced in relation to the Company's recent acquisition of eight retail health food stores in Florida, including but not limited to lease renewals, employee integration, product acquisition and distribution, and customer retention during and after the full integration of the eight stores into the Company's Retail Health Food Segment.
- if online shopping formats such as Amazon continue to grow in popularity and further disrupt traditional sales channels, it may present a significant direct risk to brick and mortar retailers and potentially wholesale distributors,
 - increases in fuel costs and expenses associated with operating a refrigerated trucking fleet,

- increases in state and federal excise taxes on cigarette and tobacco products and the potential impact on demand,
- higher commodity prices which could impact food ingredient costs for many of the products we sell,
- regulation of cigarette, tobacco, and e-cigarette/vaping products by the United States Food and Drug Administration (“FDA”), in addition to existing state and federal regulations by other agencies,
- potential bans or restrictions imposed by the FDA, states, or local municipalities on the manufacture, distribution, and sale of certain cigarette, tobacco, and e-cigarette/vaping products,
- increases in manufacturer prices,
- increases in inventory carrying costs and customer credit risk,
- changes in promotional and incentive programs offered by manufacturers,
- demand for the Company’s products, particularly cigarette, tobacco and e-cigarette/vaping products,
- risks that product manufacturers may begin selling directly to convenience stores and bypass wholesale distributors,

Table of Contents

- changes in laws and regulations and ongoing compliance related to health care and associated insurance,
- increasing health care costs for consumers and the potential impact on discretionary consumer spending,
- the ongoing trend of higher health care costs in our business which has impacted profitability,
- decreased availability of capital resources,
- domestic regulatory and legislative risks,
- poor weather conditions,
- consolidation trends within the convenience store, wholesale distribution, and retail health food industries,
- natural disasters and domestic or political unrest,
- the impact on the Company's financial statements as it relates to the accounting treatment and disclosure requirements under the new tax law (Tax Cut and Jobs Act) and the issuance of any new interpretive guidance,
- other risks over which the Company has little or no control, and any other factors not identified herein

Changes in these factors could result in significantly different results. Consequently, future results may differ from management's expectations. Moreover, past financial performance should not be considered a reliable indicator of future performance. Any forward-looking statement contained herein is made as of the date of this document. Except as required by law, the Company undertakes no obligation to publicly update or correct any of these forward-looking statements in the future to reflect changed assumptions, the occurrence of material events or changes in future operating results, financial conditions or business over time.

CRITICAL ACCOUNTING ESTIMATES

Certain accounting estimates used in the preparation of the Company's financial statements require us to make judgments and estimates and the financial results we report may vary depending on how we make these judgments

and estimates. Our critical accounting estimates are set forth in our annual report on Form 10-K for the fiscal year ended September 30, 2017, as filed with the Securities and Exchange Commission. There have been no significant changes with respect to these policies during the nine months ended June 2018.

THIRD FISCAL QUARTER 2018 (Q3 2018)

The following discussion and analysis includes the Company's results of operations for the three and nine months ended June 2018 and June 2017:

Wholesale Segment

Our Wholesale Segment is one of the largest wholesale distributors in the United States serving approximately 4,000 retail outlets including convenience stores, grocery stores, liquor stores, drug stores, and tobacco shops. We currently distribute over 16,000 different consumer products, including cigarettes and tobacco products, candy and other confectionery, beverages, groceries, paper products, health and beauty care products, frozen and chilled products and institutional foodservice products. Convenience stores represent our largest customer category. In November 2017, Convenience Store News ranked us as the seventh (7th) largest convenience store distributor in the United States based on annual sales.

Table of Contents

Our wholesale business offers retailers the ability to take advantage of manufacturer and Company sponsored sales and marketing programs, merchandising and product category management services, and the use of information systems and data services that are focused on minimizing retailers' investment in inventory, while seeking to maximize their sales and profits. In addition, our wholesale distributing capabilities provide valuable services to both manufacturers of consumer products and convenience retailers. Manufacturers benefit from our broad retail coverage, inventory management, efficiency in processing small orders, and frequency of deliveries. Convenience retailers benefit from our distribution capabilities by gaining access to a broad product line, optimizing inventory, merchandising expertise, information systems, and accessing trade credit.

Our Wholesale Segment operates six distribution centers located in Illinois, Missouri, Nebraska, North Dakota, South Dakota, and Tennessee. These distribution centers, combined with cross dock facilities, include approximately 641,000 square feet of permanent floor space. Our principal suppliers include Altria, RJ Reynolds, ITG Brands, Hershey, Kelloggs, Kraft, and Mars. We also market private label lines of water, candy products, batteries, and other products. We do not maintain any long-term purchase contracts with our suppliers.

Retail Segment

Our Retail Segment is a specialty retailer of natural/organic groceries and dietary supplements which focuses on providing high quality products at affordable prices, with an exceptional level of customer service and nutritional consultation. All of the products carried in our stores meet strict quality and ingredient guidelines, and include offerings such as gluten-free and antibiotic-free groceries and meat products, as well as products containing no artificial colors, flavors, preservatives, or partially hydrogenated oils. We design our retail sites in an efficient and flexible small-store format, which emphasizes a high energy and shopper-friendly environment.

We operate within the natural products retail industry, which is a subset of the U.S. grocery industry. This industry includes conventional, natural, gourmet and specialty food markets, mass and discount retailers, warehouse clubs, health food stores, dietary supplement retailers, drug stores, farmers markets, mail order and online retailers, and multi-level marketers.

Our Retail Segment operates fourteen retail health food stores as Chamberlin's Market & Café and Akin's Natural Foods Market. These stores carry over 32,000 different national and regionally branded and private label products including high-quality natural, organic, and specialty foods consisting of produce, baked goods, frozen foods, nutritional supplements, personal care items, and general merchandise. Chamberlin's, which was established in 1935, operates seven stores in and around Orlando, Florida. Akin's, which was also established in 1935, has a total of seven locations in Arkansas, Missouri, Nebraska, and Oklahoma.

As previously disclosed, the Company has implemented a multi-year strategic plan to reposition its Retail Segment. In conjunction with this competitive repositioning plan, the Company opened one new retail health food store in its Florida market during its first fiscal quarter of fiscal 2018 (Q1 2018) and closed two non-performing stores in its Midwestern market during Q3 2018.
