PROXY STATEMENT

FOR THE

ANNUAL MEETING OF SHAREHOLDERS

OF

SKYWEST, INC.

TUESDAY, MAY 7, 2019

OVERVIEW

Solicitation

This Proxy Statement, the accompanying Notice of Annual Meeting, proxy card and the Annual Report to Shareholders of SkyWest, Inc. (the “Company” or “SkyWest”) are being mailed on or about March 22, 2019. The Board of Directors of the Company (the “Board”) is soliciting your proxy to vote your shares at the Annual Meeting of the Company’s Shareholders to be held on May 7, 2019 (the “Meeting”). The Board is soliciting your proxy in an effort to give all shareholders of record the opportunity to vote on matters that will be presented at the Meeting. This Proxy Statement provides information to assist you in voting your shares.

What is a proxy?

A proxy is your legal designation of another person to vote on your behalf. You are giving the individuals appointed by the Board as proxies (Jerry C. Atkin, Russell A. Childs and Robert J. Simmons) the authority to vote your shares in the manner you indicate.

Why did I receive more than one notice?

You may receive multiple notices if you hold your shares in different ways (e.g., joint tenancy, trusts, or custodial accounts) or in multiple accounts. If your shares are held by a broker (i.e., in “street name”), you will receive your notice or other voting information from your broker. In any case, you should vote for each notice you receive.

Voting Information

Who is qualified to vote?

You are qualified to receive notice of and to vote at the Meeting if you owned shares of common stock of SkyWest (the “Common Stock”) at the close of business on the record date of Monday, March 4, 2019.

How many shares of Common Stock may vote at the Meeting?

As of March 4, 2019, there were 51,647,778 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter presented at the Meeting.

What is the difference between a “shareholder of record” and a “street name” holder?

If your shares are registered directly in your name with Zions First National Bank, the Company's transfer agent, you are a "shareholder of record." If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a "street name" holder.

Table of Contents

How can I vote at the Meeting?

You may vote in person by attending the Meeting. You may also vote in advance over the Internet, or by telephone, or you may request a complete set of traditional proxy materials and vote your proxy by mail. To vote your proxy using the Internet or telephone, see the instructions on the proxy form and have the proxy form available when you access the Internet website or place your telephone call. To vote your proxy by mail, mark your vote on the enclosed proxy card, then follow the instructions on the card.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

Proposal 1—FOR the election of all ten nominees for director with terms expiring at the next annual meeting of the Company's shareholders.

Proposal 2—FOR the non binding resolution to approve the compensation of the Company's named executive officers.

Proposal 3—FOR the approval of the SkyWest, Inc. 2019 Long-Term Incentive Plan.

Proposal 4—FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019.

What are my choices when voting?

Proposal 1—You may cast your vote in favor of up to ten individual director nominees. You may vote for less than ten director nominees if you choose. You may also abstain from voting.

Proposals 2, 3 and 4—You may cast your vote in favor of, or against, each proposal. You may also abstain from voting.

How will my shares be voted if I do not specify how they should be voted?

If you execute the enclosed proxy card without indicating how you want your shares to be voted, the proxies appointed by the Board will vote as recommended by the Board and described previously in this section.

Similarly, shares represented by proxies that reflect a "broker non-vote" will be counted for purposes of determining whether a quorum exists. A broker non-vote occurs when a broker, bank or other financial institution holding shares in street name for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares for a particular proposal. Under the rules of various national and regional securities exchanges, the organization that holds your shares in street name has discretionary authority to vote only on

routine matters and cannot vote on non-routine matters. The only proposal at the meeting that is considered a routine matter under applicable rules is the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019. Therefore, unless you provide voting instructions to the broker, bank or other financial institution holding shares on your behalf, they will not have discretionary authority to vote your shares on any of the other proposals described in this proxy statement. Please vote your proxy or provide voting instructions to the broker, bank or other financial institution holding your shares so your vote on the other proposals will be counted.

Table of Contents

What is the quorum requirement for the Annual Meeting?

Under Utah law and the Company's Bylaws, the holders of a majority of the votes entitled to be cast on the matter constitutes a quorum. Therefore, the holders of a majority of the Common Stock issued and outstanding and entitled to vote at the Meeting, present in person or represented by proxy, constitute a quorum for the transaction of business at the Meeting. If you submit a properly executed proxy via the Internet or by telephone or mail, regardless of whether you abstain from voting on one or more matters, your shares will be counted as present at the Meeting for the purpose of determining a quorum. Broker non-votes will also be counted as present for the purpose of determining the presence of a quorum at the Meeting. The inspectors of election will determine whether a quorum is present and will tabulate the votes cast at the Meeting.

What vote will be required to approve each proposal?

Proposal 1 provides that, assuming a quorum is present at the Meeting, the ten director nominees who receive a majority of the votes cast with respect to his or her election will be elected as directors of the Company. This means that the number of shares voted "for" the election of a director must exceed the number of shares voted "against" the election of that director.

Proposals 2, 3 and 4 will be approved if, assuming a quorum is present at the Meeting, the number of votes cast, in person or by proxy, in favor of a particular proposal exceeds the number of votes cast in opposition to the proposal. Proposal 2 is an advisory vote only, and has no binding effect on the Board or the Company.

How will withheld votes, abstentions and broker non votes be treated?

Withheld votes, abstentions and broker non votes will be deemed as "present" at the Meeting and will be counted for quorum purposes only. Withheld votes, abstentions and broker non-votes, if any, will not count as a vote cast as to any director-nominee's election and thus will have no effect in determining whether a director nominee has received a majority of the votes cast. For purposes of the votes on Proposals No. 2, No. 3 and No. 4, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the votes on such proposals.

Can I change my vote?

You may revoke your proxy before the time of voting at the Meeting in any of the following ways:

- by mailing a revised proxy card to the Chief Financial Officer of the Company;
- by changing your vote on the Internet website;
- by using the telephone voting procedures; or
- by voting in person at the Meeting.

Who will count the votes?

Representatives from Zions First National Bank, the Company's transfer agent, or other individuals designated by the Board, will count the votes and serve as inspectors of election. The inspectors of election will be present at the Meeting.

Table of Contents

Who will pay the cost of this proxy solicitation?

The Company will pay the costs of soliciting proxies. Upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of the Common Stock.

Is this Proxy Statement the only way proxies are being solicited for use at the Meeting?

Yes. The Company does not intend to employ any other methods of solicitation.

How are proxy materials being delivered?

The Company is pleased to take advantage of Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, the Company is mailing to most of its shareholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a paper copy of this Proxy Statement and the Company's 2018 Annual Report to Shareholders. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of the Company's proxy materials, including this Proxy Statement, the 2018 Annual Report to Shareholders and a form of proxy card or voting instruction card. All shareholders who do not receive a Notice will receive a paper copy of the proxy materials by mail. The Company believes this process will allow it to provide its shareholders with the information they need in a more efficient manner, while reducing the environmental impact and lowering the costs of printing and distributing these proxy materials.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines and periodically reviews and ratifies those guidelines, including most recently on February 5, 2019. The Corporate Governance Guidelines can be accessed at the Company's website, inc.skywest.com. The Corporate Governance Guidelines supplement the Company's Bylaws and the charters of the Board's committees. Excerpts from the principal sections of the Company's Corporate Governance Guidelines are noted below.

Director Independence

At a minimum, the Board will have a majority of directors who meet the criteria for independence as required by The Nasdaq Global Select Market.

Director Qualifications

Criteria for Membership

The Company's Nominating and Corporate Governance Committee is responsible for annually reviewing with the Board the desired skills and characteristics of directors, as well as the composition of the Board as a whole.

Terms and Limitations

All directors currently stand for election each year. The Board does not believe it should establish a limit on the number of times that a director may stand for election.

Retirement

Directors are required to submit their resignation from the Board when their term expires upon reaching the age of 75 years old. The Board will accept the resignation unless the Nominating and Corporate Governance Committee recommends otherwise. Directors generally will not be nominated for election following their 75th birthday.

Directors are required to own shares of Common Stock having a value equal to at least five times the cash component of their annual base compensation.

Director Responsibilities

General Responsibilities

The basic responsibility of directors is to exercise their business judgment to act in what they reasonably believe to be in the best interests of the Company and its shareholders.

Oversight of Management

The Board is responsible for encouraging the Company's management to effectively implement policies and strategies developed by the Board, and to provide dynamic leadership of the Company.

Table of Contents

Board Meetings and Materials

Frequency of Meetings

The Board has four regularly scheduled in person meetings per year. As determined necessary by the Board and in order to address the Company's needs, special meetings of the Board, including telephonic meetings, are convened from time to time.

Meeting Responsibilities

Absent extraordinary circumstances, directors of the Company should attend all Board meetings, meetings of the committee(s) on which they serve and shareholder meetings. The Chairman of the Board is responsible for establishing the agenda for each Board meeting. Each director is free to suggest the inclusion of items on the agenda and to raise at any Board meeting subjects that are not on the agenda for that meeting.

Executive Sessions of Independent Directors

The Company's independent directors meet in executive session regularly, generally quarterly. The independent directors may either choose one director annually to serve as the Lead Independent Director and to preside at all executive sessions or establish a procedure by which a Lead Independent Director will be selected. The independent directors of the Company have chosen Mr. Udvar Hazy to serve as the Lead Independent Director.

Director Compensation

The form and amount of director compensation is determined by the Board based on general principles established on the Nominating and Corporate Governance Committee's recommendation. These principles are in accordance with the policies and principles set forth in the Nominating and Corporate Governance Committee's charter and are intended to be consistent with rules established by The Nasdaq Global Select Market, including those relating to director independence and to compensation of Audit Committee members.

Chief Executive Officer Evaluation and Management Succession

The Nominating and Corporate Governance Committee conducts an annual review to assess the performance of the Company's Chief Executive Officer. The Nominating and Corporate Governance Committee communicates the results of its review to the other directors in a meeting that is not attended by the Chief Executive Officer. The directors of the Company, excluding the Chief Executive Officer, review the Nominating and Corporate Governance Committee's report to assess the Chief Executive Officer's leadership in the long and short term, as well as the Company's long term succession plans.

Annual Evaluations

The Board conducts an annual evaluation to determine if the Board and its committees are functioning effectively. The Nominating and Corporate Governance Committee solicits comments from all of the Company's directors and reports annually to the Board with an assessment of the Board's performance. Each of the Board's standing committees conducts an annual evaluation to assess the performance of the applicable committee.

Review and Access to Guidelines

The Nominating and Corporate Governance Committee reviews the Company's Corporate Governance Guidelines at least annually, then, as it deems appropriate, recommends amendments to the Board.

Board Leadership Structure and Director Independence

Although the Board does not have a formal policy as to whether the roles of Chairman of the Board and Chief Executive Officer should be combined or separated, from 1991 until January 2016, Jerry C. Atkin served as both Chairman of the Board and Chief Executive Officer of the Company. In January 2016, the Board appointed Russell A. Childs to serve as the Chief Executive Officer of the Company, which resulted in the separation of the roles of Chairman of the Board and Chief Executive Officer. Currently, Mr. Atkin serves as Chairman of the Board and Mr. Childs serves as the Chief Executive Officer. The Board believes that such separation allows Mr. Childs to focus his time and energy on managing the Company's business on a day-to-day basis, while also leveraging Mr. Atkin's background with the Company, perspective and vast experience in the aviation industry as he devotes his time and attention to matters of Board oversight. Accordingly, the Board has determined that the Company's Board leadership structure is the most appropriate at this time, given the specific characteristics and circumstances of the Company, and the unique skills and experience of each of Mr. Atkin and Mr. Childs.

The Company is committed to independent Board oversight. Pursuant to the Company's Corporate Governance Guidelines, all of the Company's directors (other than Messrs. Atkin and Childs) meet the standards of independence applicable to the Company, and the Board has designated Steven F. Udvar-Hazy as Lead Independent Director. As Lead Independent Director, Mr. Udvar-Hazy is empowered to prepare agendas for and conduct meetings of the non-management directors, communicate with the Chairman of the Board, disseminate information to the Board, and raise issues with management on behalf of the independent directors when appropriate. The Board's independent oversight function is enhanced by the fact that the Audit, Compensation, Nominating and Corporate Governance and Safety and Compliance Committees are comprised entirely of independent directors.

The Board believes no single leadership model is right for all companies at all times. The Board recognizes that, depending on the circumstances, other leadership models may be appropriate. The independent directors and the Nominating and Corporate Governance Committee regularly review the Company's leadership structure and, depending on the Company's needs and the available resources, the Board may modify the Company's existing leadership structure.

We participate with our major airline partners in recycling programs, and we have implemented recycling initiatives in our facilities to reduce the amount of paper, plastic and other recyclables going to landfills. We have worked aggressively to reduce our reliance on paper manuals and have converted, or are in the process of converting, our manuals and our maintenance logs into electronic form, further eliminating unnecessary waste while increasing efficiencies.

Social Sustainability

We are a dedicated people-first organization, providing various avenues to enhance the quality of life for our customers, employees and communities. We know that if we take good care of our employees, they will take good care

of our customers, which will result in value returned to our shareholders. We maintain an employee scholarship program, which awards annual scholarships to employees and their family members to help them in their pursuits of higher education. We are committed to creating a diverse and inclusive workforce, empowering professional growth and development and investing in our employees' health, emotional and financial wellness. Additionally, we are dedicated to protecting our customers by providing employee training programs focused on, among other topics, safety, fuel conservation, diversity, and procedures for identifying and reporting human trafficking. We continue to seek to increase diversity in the workplace, including by participating in and sponsoring several recruitment and industry events. During 2017, such events included those organized by such organizations as Women in Aviation, Girls in Aviation, National Gay Pilots Association, Organization of Black Aerospace Professionals, Military Organizations, among others.

Risk Oversight

The Board and its committees are involved in overseeing risk associated with the Company and its operations. The Board and the Audit Committee monitor the Company's credit risk, liquidity risk, regulatory risk, operational risk and enterprise risk by regular reviews with management and internal and external auditors and other advisors. In its periodic meetings with the internal auditors and the Company's independent accountants, the Audit Committee discusses the scope and plan for the internal audit and includes management in its review of accounting and financial controls, assessment of business risks, legal and ethical compliance programs and related-party transactions. The Board and the Nominating and Corporate Governance Committee monitor the Company's governance and succession risk by regular review with management and outside advisors. The Board and the Compensation Committee monitor Chief Executive Officer succession and the Company's compensation policies and related risks by regular reviews with management and the Compensation Committee's outside advisors. The Board and the Safety and Compliance Committee monitor management's administration of airline flight operations safety and compliance with safety regulations.

Whistleblower Hotline

The Company has established a whistleblower hotline that enables employees, customers, suppliers and shareholders of the Company and its subsidiaries, as well as other interested parties, to submit confidential and anonymous reports of suspected or actual violations of the Code of Ethics.

Nomination Process

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted shareholder recommendations for candidates to serve as directors of the Company. In evaluating those recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria described below. Any shareholder wishing to recommend a candidate for consideration by the Nominating and Corporate Governance Committee should submit a recommendation in writing indicating the candidate's qualifications and other relevant biographical information and provide confirmation of the candidate's consent to serve as a director. This information should be addressed to Jerry C. Atkin, Chairman of the Board of the Company, 444 South River Road, St. George, Utah 84790.

As contemplated by the Company's Corporate Governance Guidelines, the Nominating and Corporate Governance Committee reviews the appropriate skills and characteristics required of directors in the context of the current composition of the Board at least annually. There is currently no set of specific minimum qualifications that must be met by a nominee recommended by the Nominating and Corporate Governance Committee, as different factors may assume greater or lesser significance at particular times and the needs of the Board may vary in light of its composition and the Nominating and Corporate Governance Committee's perceptions about future issues and needs. Among the factors the Nominating and Corporate Governance Committee considers, which are outlined in the Corporate Governance Guidelines, are independence, diversity, age, skills, integrity and moral responsibility, policy making experience, ability to work constructively with the Company's management and directors, capacity to evaluate strategy and reach sound conclusions, availability of time and awareness of the social, political and economic environment.

In addition, although the Board does not have a formal policy regarding diversity, it believes that ethnic, gender and cultural diversity among its members can provide value and is important. In considering a potential new candidate, the Board considers whether he or she would increase the Board's ethnic, gender or cultural diversity.

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating director nominees. The Nominating and Corporate Governance Committee assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential

candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through various means, including current directors, professional search firms, shareholder recommendations or other referrals. Candidates are evaluated at meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. All director nominee recommendations which are properly submitted to the Nominating and Corporate Governance Committee are aggregated and considered by the Nominating and Corporate Governance Committee at a meeting prior to the issuance of the proxy statement for the next annual meeting of shareholders. Any materials provided by a shareholder in connection with the recommendation of a director candidate are forwarded to the Nominating and Corporate Governance Committee, which considers the recommended candidate in light of the director qualifications discussed above. The Nominating and Corporate Governance Committee also reviews materials provided by professional search firms, if applicable, or other parties in connection with a candidate who is not proposed by a shareholder. In evaluating such recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board. The Nominating and Corporate Governance Committee has, on occasion, engaged professional search firms to assist in identifying qualified candidates for Board service. When such firms have been engaged, the Nominating and Corporate Governance Committee has utilized their services principally for the purpose of identifying and screening potential candidates and conducting background research; however, the members of the Nominating and Corporate Governance Committee, as well as other directors of the Company, have conducted interviews with prospective candidates and have performed other functions in completing the nomination process.

COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis provides information regarding the Company's executive compensation objectives, principles, practices and decisions as they relate to the following named executive officers of the Company (the "Named Executives") for 2018:

- Russell A. Childs, Chief Executive Officer and President of the Company and its operating subsidiary, SkyWest Airlines (the "Chief Executive");
- Robert J. Simmons, Chief Financial Officer of the Company and its operating subsidiary, SkyWest Airlines;
- Wade J. Steel, Chief Commercial Officer of the Company and its operating subsidiary, SkyWest Airlines;
- Michael B. Thompson, Chief Operating Officer of SkyWest Airlines; and
- Terry M. Vais, former Chief Operating Officer of ExpressJet Airlines, Inc. ("ExpressJet")

In connection with the completion of the sale of the Company's former subsidiary, ExpressJet Airlines, Inc. on January 22, 2019, Mr. Vais ceased serving as the Chief Operating Officer of ExpressJet and transitioned into an operations role with SkyWest. Mr. Childs, Mr. Simmons and Mr. Steel also ceased serving as executive officers of ExpressJet on such date.

This compensation discussion and analysis provides narrative perspective to the tables and disclosure in the tables following this section.

Compensation Objectives and Principles

The overall objective of the Company's executive compensation programs is to create long term value for the Company's shareholders by attracting and retaining talented executives that effectively manage the Company in a manner that is consistent with the long term interest of shareholders.

Accordingly, the executive compensation program incorporates the following principles:

- The overall compensation package should encourage long term focus and shareholder value creation;
 - A significant amount of total compensation should be incentive based, and should correlate rewards with the Company's financial performance, as well as the achievement of operational objectives;
 - Compensation should be competitive with other airlines in order to attract and retain talented executives;
 - Compensation should be based upon individual responsibility, leadership ability and experience; and
 - Compensation should not encourage the taking of undue risk that could cause material harm to the Company.
- All of the Named Executives' total annual target compensation for 2018 was below the median of our peer group, as further described below.

Current Year Accomplishments

SkyWest made great strides operationally and structurally in 2018, positioning itself for changes in the industry and future profitability by adding new aircraft with improved economics under Mr. Childs' leadership.

The Company's income before income taxes under generally accepted accounting principles in the United States ("GAAP") improved to \$366 million in 2018, from \$288 million in 2017. GAAP operating income improved to \$474 million in 2018, from \$388 million in 2017. These improvements reflected above-median performance against our compensation peer group. The improvements in 2018 were driven, in part, by the following accomplishments:

- The continued improvement in aircraft fleet mix can be summarized as follows:
 - o Took delivery of 39 new Embraer dual-class regional jet ("E175") aircraft and five new CRJ900 aircraft under flying contracts that we believe will improve our profitability;
 - o Placed back into service five CRJ200 aircraft into profitable flying arrangements; and
 - o Removed twelve ERJ145 aircraft and 36 CRJ700/CRJ900 aircraft from less desirable flying contracts.
- Despite the intense capital investments required to improve the fleet during 2018 the Company had \$689 million in cash and marketable securities at December 31, 2018, which was \$4 million higher than at December 31, 2017; and
- The Company's net income was \$280 million, or \$5.30 per diluted share for the 2018 year, compared to adjusted net income of \$182 million, or \$3.43 per diluted share for the 2017 year. Net income for 2017 was adjusted by \$246.8 million for the tax benefit relating to the Tax Cuts and Jobs Act. Appendix A to this Proxy Statement includes a reconciliation of certain 2016 and 2017 non-GAAP financial measures to the most directly comparable financial measures prepared in accordance with GAAP.

These accomplishments not only improved the Company's performance in 2018, but the Board believes the fleet and contract improvements will contribute to improved financial performance in future years.

Despite the strong financial performance during 2018 (and in 2016 and 2017), the total compensation during the period for all of the Named Executive Officers was set below the median of our peers.

Executive Compensation Procedures

Role of the Compensation Committee. The Compensation Committee has responsibility for establishing and monitoring the executive compensation programs and for making decisions regarding executive compensation. The Chief Executive regularly attends the Compensation Committee meetings, and the Compensation Committee also meets regularly in executive sessions. The Chief Executive is not present for deliberations by the Compensation Committee regarding his compensation. The Compensation Committee recommends the Chief Executive's compensation to the Board, which then reviews and approves the Committee's recommendation, unless the Committee is required to approve such compensation under applicable law. The Compensation Committee also considers the recommendations of the Chief Executive with respect to compensation of the other Named Executives, and after reviewing such recommendations, determines their compensation. The Compensation Committee also monitors, administers and approves awards under the various incentive compensation plans for all levels within the Company, including awards under the Company's annual cash incentive plan and 2010 Long Term Incentive Plan (the "2010 Plan"). As permitted by the 2010 Plan, the Compensation Committee has delegated its authority to the Chief Executive to approve interim awards under the 2010 Plan to non-executives on a limited basis between meetings of the Compensation Committee.

Table of Contents

Role of Consultants. During 2017 and 2018, the Company and the Compensation Committee received advice from Frederic W. Cook & Co., Inc. (“F.W. Cook”) with respect to executive compensation practices and trends generally and within the airline industry and the peer group listed below. The Company and the Compensation Committee retained F.W. Cook to advise on the amounts and forms of compensation awarded to Named Executives in 2017 and 2018. After conducting an evaluation using the factors established by the Securities and Exchange Commission and The Nasdaq Global Select Market, the Compensation Committee determined that F.W. Cook is independent and that there is no conflict of interest resulting from the engagement of F.W. Cook during 2018. The Compensation Committee has sole authority to hire and fire external compensation consultants.

Industry Compensation Data. The Compensation Committee also evaluates data regarding the executive compensation programs of other air carriers, as well as other transportation and logistics companies, in order to determine the competitiveness of the Company’s executive compensation programs. The Compensation Committee performed such a review in November 2017 and again in November 2018, which included a review of the executive compensation levels and practices at peer companies with revenue between approximately one-half times and five times SkyWest’s. The peer companies used in both the November 2017 and November 2018 reviews were: Air Canada Inc., Alaska Air Group, Inc., Allegiant Travel Company, Atlas Air Worldwide Holdings, Inc., Genesee & Wyoming Inc., Hawaiian Holdings, Inc., Hub Group, Inc., J.B. Hunt Transport Services, Inc., JetBlue Airways Corporation, Kansas City Southern, Old Dominion Freight Line, Inc., Spirit Airlines, Inc., Werner Enterprises, Inc., WestJet Airlines Ltd., XPO Logistics, Inc., and YRC Worldwide Inc.

The Compensation Committee had the 2017 peer group data available when 2018 Named Executive compensation decisions were made at the start of the year and it had the 2018 compensation peer group data available when it approved cash incentive payouts for 2018.

Compensation Determination. The Compensation Committee relies on its judgment in making compensation decisions in addition to reviewing relevant information and results. When setting total compensation for each of the Named Executives, the Compensation Committee reviews tally sheets which show the Named Executive’s current compensation, including base pay, annual cash incentive objectives, long term, equity based compensation objectives, and deferred compensation retirement funding. The executive compensation procedures and the Compensation Committee assessment process take into account these tally sheets as well as the industry compensation data described above, individual performance and contributions, company performance, the results of the most recent say-on-pay vote, performance expected in the current and upcoming years, and such other factors as the Compensation Committee determines are appropriate. The Compensation Committee has the sole discretion to award compensation and make adjustments to awards based on its review of relevant information and other unusual or non recurring items.

However, the Company does not believe that it is appropriate to establish compensation levels solely by benchmarking. The Company does not target specific pay levels and uses the peer company market data for context. The Company’s directors rely upon their judgment in making compensation decisions, after reviewing the factors described above. While competitive market compensation paid by other companies is one of the many factors that the Company considers in assessing the reasonableness of compensation, the Company does not attempt to maintain a certain target percentile within a peer group or otherwise rely entirely on that data to determine executive officer compensation. Instead, the Company's compensation determination processes are designed to be flexible in an effort to respond to and adjust for the evolving business environment and individual circumstances. Nevertheless, the total direct compensation for all of SkyWest’s Named Executives in this proxy, as reported in the Summary Compensation Table, was below the median of similar positions in the peer group.

In addition, the review of peer data in November 2017 and then again in November 2018 showed that the total annual target compensation levels for the Named Executives generally approximated the 25th percentile of the Company’s peer group of companies, which was considerably less than relative total shareholder return and earnings per share

growth compared to the compensation peer group over one, three, and five years.

The Company strives to achieve an appropriate mix between long-term equity incentive awards and cash payments in order to meet its objectives. Any apportionment objective is not applied rigidly and does not control its compensation decisions. The Company's mix of compensation elements is designed to reward recent results, align compensation with shareholder interests and fairly compensate executives through a combination of cash and equity incentive awards.

Compensation Committee Consideration of Shareholder Advisory Vote. At the Company's Annual Meeting of Shareholders held in May 2018, the Company submitted the compensation of its named executive officers to the Company's shareholders in a non-binding vote. The Company's executive compensation program received the support of more than 98% of votes cast. The Compensation Committee considered the results of the 2018 vote and views the outcome as evidence of positive shareholder support of its executive compensation decisions and policies.

The Compensation Committee continued to refine the Company's executive compensation program for 2018 in an effort to better align the compensation packages of the Named Executives with the executive compensation programs of other regional carriers and major airlines and to recognize that the Chief Executive and much of the leadership team is relatively new in their roles. The Compensation Committee will continue to review the peer group data and future shareholder voting results, including the voting results with respect to "Proposal 2—Advisory Vote on Named Executive Compensation" described in this Proxy Statement, and determine whether to make any changes to the Company's executive compensation program in light of such data and voting results.

Elements of Compensation

The Company's executive compensation objectives and principles are implemented through the use of the following principal elements of compensation, each discussed more fully below:

- Salary
- Annual Cash Incentive
- Long Term Incentive Awards
- Retirement and Other Benefits

The compensation components for each Named Executive for 2018 are more fully described in the following paragraphs.

Salary. Salary is provided with the objective of paying for the underlying role and responsibility associated with the Named Executive's position, which the Compensation Committee believes allows the Company to attract and retain qualified executives. The Named Executives' salaries are set at levels that the Compensation Committee believes are generally competitive with the compensation paid to officers in similar positions at other airlines. Salary adjustments are considered annually and influenced by growth of the Company's operations, individual performance, changes in responsibility, changes in cost of living, and other factors. Mr. Childs was provided a \$40,000 increase to his base salary for 2018 over his 2017 base salary. Messrs. Steel and Vais were provided a \$15,000 increase to their base salaries for 2018 over their respective 2017 base salaries. Messrs. Simmons and Thompson were provided a \$10,000 increase to their base salaries for 2018 over their respective 2017 base salaries. The salaries of the Named Executives are set forth in the Summary Compensation Table immediately following this section. The salaries of all Named Executives in 2018 were below the median salary level of similar positions in our peer group.

Annual Cash Incentive. In an effort to encourage achievement of the Company's objectives, an annual performance based cash incentive plan is maintained for the Named Executives. The combination of salary and annual

Table of Contents

cash incentives is intended to result in a cash compensation package for each Named Executive that, when performance objectives are met, falls within competitive market standards as determined by the Compensation Committee based on its review of the peer group company data, as well as its understanding of other regional and major air carrier executive compensation programs. The review of market data in November 2018 showed that the 2018 total cash opportunity of the Named Executives, consisting of salary plus target cash incentive, and approximated the 25th percentile for all Named Executives when compared to the peer group competitive market data.

The purpose of the annual cash incentive program is to reward the Named Executives with an annual cash incentive in an amount that correlates (i) in part, to one or more financial objectives achieved for the year; and (ii) in part, to the achievement of one or more specific operational objectives during the year. The 2018 annual target incentive opportunity was 110% of salary for Mr. Childs and 80% of salary for Messrs. Simmons, Steel, Thompson and Vais, and their potential annual incentive was allocated by the Compensation Committee for the Named Executives between the applicable financial and operational objectives. The Named Executives were eligible for a maximum cash incentive payout of 200% of their salaries. The differing percentages for the Named Executives are due to differing entity level responsibilities.

2018 Corporate Performance Objectives. For 2018 annual incentive determination purposes, the Compensation Committee determined that pre-tax earnings would be the financial objective and that controllable completion and/or controllable on time departures would be the operational objectives. In the case of Messrs. Childs, Simmons and Steel, the applicable pre-tax earnings objective and controllable completion objective were based on the pre-tax earnings and controllable completion of the entire Company. This is because they are corporate level executives with Company-wide responsibility and accountability. Mr. Thompson's pre-tax earnings objective, controllable completion objective and controllable on time departure objective were set solely based on the SkyWest Airlines operating segment, since this is his area of responsibility and accountability. Similarly, Mr. Vais was principally engaged in running the operations of the ExpressJet operating segment, so his pre-tax earnings objective, controllable completion objective were set to reflect ExpressJet performance.

- **2018 Financial Objective.** In setting the 2018 pre-tax earnings objective, the Compensation Committee considered both the planned 2018 budget, as well as the level of pre-tax earnings that would reflect strong performance and generate shareholder value. The pre-tax earnings objective was set to encourage continued focus on profitability and to facilitate the exchange of best practices between the Company's operating subsidiaries.
- **2018 Operational Objective.** A portion of the Named Executives' annual cash incentives is based on achievement of operating objectives established at the start of the year. The Compensation Committee believes the use of operating objectives allows for consideration of operating execution and achievements that may not be reflected by corporate financial performance. For 2018, the Compensation Committee determined that the operational objectives would be tied to controllable completion and, for Mr. Thompson, both controllable completion and controllable on time departures. Controllable completion is the percentage of completed scheduled flights over which the Company had control, excluding cancelled flights due to uncontrollable factors such as weather. Controllable on time departures is the percentage of flights departing the gate at or before scheduled departure time over which SkyWest Airlines had control, excluding delayed flights due to uncontrollable factors such as weather.

The Compensation Committee established threshold, target and maximum objectives for each of the financial and operational objectives. At threshold performance achievement, the Named Executives were able to earn 50% of their target annual incentive, while the maximum performance allowed by the Named Executives to earn 200% of their target annual incentive.

Table of Contents

At year end, the Compensation Committee reviewed the actual pre-tax earnings and operating performance for the year and determined the extent to which the applicable objectives were met. The actual amount of the cash incentive payment for each Named Executive is determined by the Compensation Committee based on the Company's and/or applicable subsidiary's achievement of the foregoing objectives and the actual cash incentives paid for 2018 were based on the pre-established 2018 cash incentive formula, without application of discretion.

The table below includes the "threshold," "target" and "maximum" objectives assigned by the Compensation Committee for the corporate performance measures for 2018 and the 2018 performance relative to those objectives for the Named Executives (dollars in millions).

The Company's achieved pre-tax earnings of \$366.3 million for purposes of the 2018 annual incentive plan payouts included certain adjustments to GAAP pre-tax earnings, including special items consisting of unusual or non-recurring

items such as prorate fuel price changes and ExpressJet early contract wind down costs. The Compensation Committee believes these adjustments to GAAP pre-tax earnings lead to continued focus on long-term profitability and incentivize Named Executives to make beneficial long-term business decisions and will enhance the Company's long-term financial performance and ability to respond to its major airline partners' future needs.

The corresponding annual cash incentive payments earned for each Named Executive based on performance versus the annual cash incentive objectives during the year ended December 31, 2018, are set forth below as a percentage of the Named Executive's salary.

	Threshold		Target		Maximum		Pre-tax Earnings		Operating Objectives		Total Annual Cash Incentive Results		Target Annual Cash Incentive (\$)

If the Company's pre-tax earnings or operating objective achieved results were between two achievement levels, "threshold," "target" and "maximum", the earned achievement was determined by linear interpolation between the applicable achievement levels.

Amount of 2018 Performance Based Annual Cash Incentive. The total annual performance based cash incentive amounts earned by the Named Executives for 2018 are included in the amounts shown in the Summary Compensation Table below under the caption heading “Non Equity Incentive Plan Compensation.”

Long Term Incentive Awards. The Company grants discretionary long term incentive awards, in the form of restricted stock units and performance shares to the Named Executives annually.

Long term incentive awards are made to encourage the Named Executives to continue their engagement with the Company throughout the vesting periods of the awards and to align management and shareholder interests. In making awards to the Named Executives, the grant size and the appropriate mix of equity based awards are considered. The Compensation Committee generally grants long term incentive awards at its first meeting of each year. Long term incentive awards generally vest only if the Named Executive remains employed by the Company for three years from the date of grant. The Compensation Committee believes the three year cliff vesting schedule for time-based restricted stock unit awards assists in retaining Named Executives and encourages the Named Executives to focus on the Company’s long term performance. Commencing with long-term incentive awards granted during 2018, long-term incentive awards granted to the Named Executives will accelerate under certain circumstances, as described below.

In granting restricted stock units and performance shares to the Named Executives, the Compensation Committee also considers the impact of the grant on the Company’s financial performance, as determined in accordance with the requirements of FASB Accounting Standards Codification Topic 718 (ASC Topic 718). For long term incentive awards, the Company records expense in accordance with ASC Topic 718. The amount of expense recorded pursuant to ASC Topic 718 may vary from the corresponding compensation value used in determining the amount of the awards.

Amount and allocation of grant—For 2018, the total annual targeted long term incentive grant value was \$1,700,000 for Mr. Childs, \$725,000 for Mr. Simmons, \$675,000 for Mr. Steel, \$600,000 for Mr. Thompson and \$580,000 for Mr. Vais. The Compensation Committee established these annual targeted amounts to provide a competitive pay package and ensure that a large portion of each Named Executive’s compensation was based on continuing long term service and correlated to the creation of shareholder value. This has been the Compensation Committee’s policy for several years, but is subject to review and continuation or modification each year by the Compensation Committee. Each Named Executive’s 2018 long term incentive award was allocated among the two types of long term incentive awards as follows: restricted stock units and performance shares. The target value of 2018 equity compensation was below the median of the 2017 and the 2018 peer data reviewed by the Compensation Committee for all Named Executive Officer positions.

Restricted stock unit and performance share grants in 2018 were made pursuant to the Company’s 2010 Plan, as shown in greater detail below and in the table labeled “Grants of Plan Based Awards.”

The following table summarizes the number and nature of long term incentive awards granted to the Named Executives by the Company in 2018 under the 2010 Plan.

	Time Vesting Awards Number of Restricted Stock Units	Performance Vesting Awards “Target” Performance Shares (1)
Russell A. Childs	12,734	19,101
Robert J. Simmons	5,431	8,146
Wade J. Steel	5,056	7,584
Michael B. Thompson	4,494	6,742
Terry M. Vais	4,345	6,517

- (1) Number of performance shares if 100% of target is achieved, although the threshold earnout is 50% of target and the maximum earnout is 200% of target.

Restricted Stock Units—The Company granted restricted stock units to the Named Executives in 2018 under the 2010 Plan. Restricted stock units comprised 40% of each Named Executive's 2018 long term incentive compensation. The restricted stock units awarded to a Named Executive entitle the Named Executive to receive a designated number of shares of Common Stock upon completion of a three year vesting period, measured from the date of grant. Until the vesting date, the shares underlying the restricted stock units are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his restricted stock units unless and until those restricted stock units vest. The purpose of the restricted stock unit component is to support continued employment through volatile economic and stock market conditions, to manage dilution overhang, and to align officers' interests with maintaining shareholder value already created as well as future value creation. The Compensation Committee believes this approach mitigates the incentive for Named Executives to take unnecessary risks and helps retain the Named Executives' expertise through continued employment. Restricted stock unit awards deliver significantly greater share for share compensation value at grant than do stock options, and the Company can offer what it anticipates will be comparable grant date compensation value with approximately 65% fewer shares than if the grant were made solely with stock options.

Performance Shares.

2018-2020 Performance Share Awards. The remaining component of each Named Executive's 2018 annual long term incentive compensation was performance shares payable in Common Stock under the 2010 Plan. Performance share value comprised 60% of each Named Executive's 2018 long-term incentive compensation (target performance share value is stock price at grant multiplied by the shares earned if the objectives are achieved). The purpose of the performance share awards is to reward achievement of the three-year financial plan, which the Company believes will also support shareholder value achievement. Under each Named Executive's performance shares award, a number of performance shares will vest upon completion of a three-year performance period from the date of the grant (subject to the Named Executive's continued employment through the vesting date), based on the achievement of certain corporate performance objectives.

For purposes of the performance share awards granted in 2018, which will be eligible to vest based on corporate performance during the three-year performance period ending December 31, 2020 (the "2018-2020 PSU Awards"), the Compensation Committee set three-year performance share objectives, based on cumulative three-year adjusted pre-tax earnings and three-year average return on capital objectives. Under each Named Executive's performance share award, the performance shares are eligible to vest (and be settled in shares of Common Stock) upon completion of the three-year performance period (subject to the Named Executive's continued employment through the last day of the performance period), based on the level of adjusted pre-tax earnings and adjusted return on invested capital actually attained in aggregate over the 2018 to 2020 calendar years. Until the vesting date, the shares underlying the performance shares are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. For purposes of the 2018-2020 PSU Awards, return on invested capital for any calendar year is defined as the Company's adjusted operating income for such year divided by the Company's average invested capital for such calendar year.

The Compensation Committee's philosophy for setting performance share targets is to set maximum targets that will be difficult for the Named Executives to achieve on a consistent basis. For the 2018-2020 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the two corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated 60% to the cumulative three-year adjusted pre-tax earnings objective and 40% to the three-year average return on invested capital objective in determining the actual awarded performance shares payable in Common Stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee will be earned ranging from 50% (for threshold performance) to

100% (for target performance) to 200% (for maximum performance), with performance in between such levels determined by linear

33

Table of Contents

interpolation. If performance is below the threshold level for one or more of the objectives, no performance shares will be earned with respect to such objective(s).

The corporate objectives for the 2018-2020 PSU Awards for each Named Executive were based on the Company-wide performance, with no individual component or subsidiary-level objectives, in order to encourage teamwork and a collective focus on the creation of long term value for the Company's shareholders. In determining the degree to which the corporate objectives have been attained, the Company's performance will be automatically adjusted for unusual or non recurring items.

Actual results for 2018-2020 PSU Awards are measured over the three-year performance period. Therefore, the degree to which performance shares granted in 2018 ultimately earned will not be determined until the conclusion of the 2020 calendar year.

2016-2018 Performance Shares.

For purposes of the performance share awards granted in 2016, which were eligible to vest based on corporate performance during the three year performance period ending December 31, 2018 (the "2016-2018 PSU Awards"), the Compensation Committee set three-year performance share objectives, based on cumulative three-year adjusted pre-tax earnings, cumulative three-year adjusted earnings per share, and three-year average adjusted return on capital objectives. Under each Named Executive's performance share award, the performance shares are eligible to vest (and be settled in shares of Common Stock) upon completion of a three-year vesting period from the date of the grant (subject to the Named Executive's continued employment through the vesting date), based on the level of adjusted pre-tax earnings, adjusted earnings per share and adjusted return on invested capital actually attained in aggregate over the 2016 to 2018 calendar years.

For the 2016-2018 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the three corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares were allocated equally between each of the three metrics in determining the actual awarded performance shares payable in Common Stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee will be earned ranging from 50% (for threshold performance) to 100% (for target performance) to 150% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance was below the threshold level for one or more of the objectives, no performance shares will be earned with respect to such objective(s). In determining the degree to which the corporate objectives were attained, the Company's performance was to be automatically adjusted for unusual or non recurring items.

In February 2019, the Compensation Committee determined the Company's achievement relative to the objectives previously established for the 2016-2018 PSU Awards as follows (see Appendix A to this proxy statement on page 78 for a reconciliation of certain 2016 and 2017 non-GAAP financial measures used to calculate the achievement levels described below for the most directly comparable financial measures prepared in accordance with GAAP):

	Threshold	Target	Maximum	Achieved Performance
Adjusted Pre-tax Income (\$ millions) (1)	\$ 649	\$ 727	\$ 796	\$ 887
Adjusted Earnings Per Share (2)	\$ 7.31	\$ 8.17	\$ 8.96	\$ 10.31
Average Return on Invested Capital (3)	13.0 %	13.4 %	13.8 %	14.5 %

- (1) Adjusted pre-tax income for the three-year period ending December 31, 2018 was adjusted in 2016 for special items primarily associated with the Company's 50-seat aircraft of \$466 million.

Table of Contents

- (2) Adjusted earnings per share for the three-year period ending December 31, 2018 was adjusted in 2016 for special items primarily associated with the Company's 50-seat aircraft of \$466 million and for the Tax Cut and Jobs Act benefit in 2017. For purposes of calculating the 2016-18 PSU awards for the 2018 year, a 40% tax rate was used to determine the 2018 net income to provide consistency with the three-year targets set in 2016, which resulted in 2018 net income for PSU purposes of \$219.8 million compared to GAAP net income of \$280.4 million.
- (3) Represents the average return on invested capital for 2016, 2017 and 2018 using adjusted net income in 2016 for special items primarily associated with the Company's 50-seat aircraft. For purposes of the 2016-2018 PSU Awards, return on invested capital for any calendar year was defined as the Company's adjusted operating income for such year divided by the Company's average invested capital for such calendar year.

As a result of the foregoing, in February 2019, the Named Executives vested in the following number of performance shares relative to the 2016-2018 PSU Awards, representing 150% (for maximum performance) of their target awards: Mr. Childs, 40,596 shares; Mr. Simmons, 22,652 shares; Mr. Steel, 20,460 shares; Mr. Thompson, 16,076 shares; and Mr. Vais, 17,537 shares.

Long Term Incentive Awards for 2019. The Compensation Committee did not make any significant changes for the 2019 long-term incentive awards from that of the 2018 long-term incentive awards.

No Employment and Severance Agreements

The Named Executives do not have employment, severance or change in control agreements, although the vesting of long-term equity incentive awards may accelerate under certain circumstances, as described below under "Elements of Compensation – Long-Term Incentive Awards." The Named Executives serve at the will of the Board, which enables the Board to terminate the employment of any Named Executive with discretion as to the terms of any severance. This is consistent with the Company's performance based employment and compensation philosophy.

Acceleration of Long-Term Incentive Awards. With respect to long-term incentive awards granted to the Named Executives commencing in 2017, such awards will vest on an accelerated basis under certain circumstances.

Specifically, restricted stock unit awards granted to the Named Executives will vest on an accelerated basis (i) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, or (ii) in the event of the Named Executive's death.

Performance share awards granted to the Named Executives will vest on an accelerated basis (i) in the event of the Named Executive's death prior to a change in control, as to the "target" number of performance shares subject to the award on the date of death and as to any incremental performance shares above "target" based on the Company's actual performance relative to the corporate performance objectives under such award at the end of the three-year performance period (or, if earlier, a change in control of the Company), (ii) in the event of the Named Executive's death following a change in control, any "vesting eligible shares" (as described below) will vest upon the date of death, (iii) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, in each case prior to a change in control, the Named Executive will remain eligible to vest in such number of performance shares as ultimately vest based on the Company's actual performance relative to the corporate performance objectives under such award at the end of the three-year performance period (or, if earlier, a change in control of the Company), which vesting will be prorated for the portion of the performance period that has elapsed prior to the date of termination, or (iv) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, in each case following a change in control, any vesting eligible shares will vest upon the date of such termination. For purposes of the performance shares, in the event of a change in control of the Company, the performance shares will be converted into a number of "vesting eligible shares" that will vest at the end of the three-year performance period based on the greater of (i) the "target" number of performance shares subject to the award, or (ii) the number of performance shares that would

Table of Contents

vest if performance had been measured against the corporate performance objectives as of the date of the change in control.

For a description of the accelerated vesting terms that apply to awards granted prior to 2017, see “Potential Payments upon Termination or Change in Control” below.

Retirement and Other Benefits.

The Company and SkyWest Airlines sponsor a 401(k) retirement plan for their eligible employees, including the Named Executives other than Mr. Vais. Prior to the sale of ExpressJet, ExpressJet also maintained a substantially equivalent 401(k) plan for its eligible employees, including Mr. Vais. Both plans are broad based, tax qualified retirement plans under which eligible employees, including the Named Executives, may make annual pre tax salary reduction contributions subject to the various limits imposed under the Internal Revenue Code of 1986, as amended (the “Code”). The sponsoring employers make matching contributions under the plans on behalf of eligible participants; however, the right of Named Executives and other officers to such matching contributions is limited. The Compensation Committee believes that maintaining the 401(k) retirement plans and providing a means to save for retirement is an essential part of a competitive compensation package necessary to attract and retain talented executives.

The Company also maintains the SkyWest, Inc. 2002 Deferred Compensation Plan, a non qualified deferred compensation plan for the benefit of officers and other highly compensated employees. All of the Named Executives other than Mr. Vais participate in the SkyWest, Inc. 2002 Deferred Compensation Plan. Prior to the sale of ExpressJet, ExpressJet also maintained a separate but similar non qualified deferred compensation plan, the ExpressJet Executive Deferred Compensation Plan, for its highly compensated management employees, including Mr. Vais. Under both such deferred compensation plans (the “Deferred Compensation Plans”), the employer credits each Named Executive’s account with a discretionary employer contribution equal to 15% of salary and annual cash incentive. These amounts are included in the Summary Compensation Table under the column “All Other Compensation”. Additional information on the Deferred Compensation Plans is found in the section “Non Qualified Deferred Compensation for 2018” below. The purpose of the Deferred Compensation Plans is to attract and retain executive talent by assisting with building retirement assets over the course of their career with the Company.

The SkyWest Inc. 2002 Deferred Compensation Plan (but not the ExpressJet Executive Deferred Compensation Plan) also permits eligible executives, including the Named Executives, to elect in advance of each calendar year to defer up to 100% of their cash salary and annual cash incentive compensation for the year. Only Mr. Simmons elected to defer any portion of his salary or annual cash incentive for 2018.

The Company and its subsidiaries do not maintain any defined benefit pension plans for the Named Executives.

Other Benefits. In addition to the benefits described above, the Company provides certain other benefits to the Named Executives that the Compensation Committee believes are generally consistent with the benefits provided to senior executives of other airlines. The Compensation Committee believes that those benefits, which are detailed in the footnotes to the Summary Compensation Table applicable to the heading “All Other Compensation” below, are reasonable, competitive and consistent with overall executive compensation objectives. Those benefits consist primarily of employer paid premiums on health, dental and eye insurance, a personal automobile allowance, and use of Company owned recreational equipment.

The Company and its subsidiaries also maintain a non discriminatory, broad based program under which all full time employees and their dependents, including the Named Executives and their dependents, may fly without charge on a space available basis on regularly scheduled flights of aircraft operated by the Company’s operating airline

subsidiaries.

The Company has not agreed to provide its Named Executives with any gross up or reimbursement for taxes.

Share Ownership Guidelines

The Company maintains ownership guidelines for the Named Executives to encourage the alignment of their interests with the long term interests of the Company's shareholders. Each Named Executive is required to maintain a minimum ownership interest in the Company. The guideline ownership level is a number of shares of Common Stock having a value equal to a multiple of the annual base salary for each Named Executive. The Chief Executive's guideline ownership level is five times salary while the remaining Named Executives' guideline ownership level is three times salary.

The guidelines also include an expectation that the Named Executives will hold 50% of their net after-tax profit shares held after vesting or option exercise if the applicable guideline ownership level is not met. The Named Executives are limited in their ability to sell shares under long term incentive awards until their applicable guideline ownership level is reached. Any Named Executive that did not meet the guidelines at December 31, 2018 is encouraged to make progress towards the ownership guideline. The holdings of the Named Executives are summarized in the table entitled "Security Ownership of Certain Beneficial Owners" below.

Policies Against Hedging and Pledging of Company Stock

Pursuant to the Company's Code of Ethics, in order to avoid the appearance that any Company employee is trading on inside information, Company officers and directors are prohibited from engaging in speculative trading such as short sales or trading in puts, calls, or other options on our stock or the stock of our affiliates, and are likewise prohibited from purchasing or using, directly or indirectly, financial instruments that are designed to hedge or offset any decrease in the market value of our securities.

In addition, the Company's insider trading policy expressly prohibits all directors, officers and employees from purchasing or using, directly or indirectly, financial instruments that are designed to hedge or offset any decrease in the market value of the Company's securities. Pledging the Company's securities as collateral to secure loans is also prohibited.

Deductibility of Executive Compensation

Section 162(m) of the Code imposes a \$1 million annual limit on the amount that a publicly traded company may deduct for compensation paid to the company's principal executive officer during a tax year or to any of the company's three other most highly compensated executive officers who are still employed at the end of the tax year (other than the Company's principal financial officer). Prior to 2018, the limit did not apply to compensation that met the requirements of Section 162(m) of the Code for "qualified performance based compensation" (i.e., compensation paid only if the executive meets pre established, objective goals based upon performance criteria approved by the Company's shareholders). The Tax Cuts and Jobs Act of 2017 eliminated the "qualified performance-based compensation" exception to Section 162(m) of the Code and expanded the limitation on deductibility to generally include all named executive officers. The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code, and has reserved, and continues to reserve, the right to approve compensation that may not be deductible under Code Section 162(m) in order to ensure competitive levels of total compensation for the Company's executive officers.

Effect of Compensation on Risk

The Compensation Committee believes the Company's compensation policies and practices are designed to create appropriate and meaningful incentives for the Company's employees without encouraging excessive or inappropriate risk taking. Among other factors, the Compensation Committee considered the following:

- The Company's compensation policies and practices are designed to include a significant level of long term compensation, which discourages short term risk taking;
- The base salaries and target cash incentive opportunities the Company provides to its employees are generally consistent with salaries paid for comparable positions in the Company's industry, and provide the Company's employees with steady income while reducing the incentive for employees to take risks in pursuit of short term benefits;
- The Company's cash incentive and performance equity incentive compensation is capped at levels established by the Compensation Committee, consistent with peer data, and at which the Compensation Committee believes reduces the incentive for excessive risk taking;
- The Company has established internal controls and adopted codes of ethics and business conduct, which are designed to reinforce the balanced compensation objectives established by the Compensation Committee; and
- The Company has adopted equity ownership guidelines for its executive officers, which the Compensation Committee believes discourages excessive risk taking.

Based on the review outlined above, the Company has concluded that the risks arising from its compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

- (1) No discretionary annual performance bonuses were awarded to the Named Executives in 2016, 2017 or 2018.
- (2) These columns show the grant date fair value of the options and stock awards granted during the applicable fiscal year as computed under ASC Topic 718 (excluding estimates for forfeitures in case of awards with service-based vesting). With respect to the performance share awards, the grant date fair value is reported based on the probable outcome of the performance conditions as of the grant date. The maximum potential value of the 2018 performance share awards, assuming the highest level of performance achievement, is as follows: Mr. Childs, \$600,000 (2016), \$1,560,000 (2017), \$2,040,000 (2018); Mr. Simmons, \$334,800 (2016), \$780,000 (2017), \$870,000 (2018); Mr. Steel, \$302,400 (2016), \$720,000 (2017) \$810,000 (2018); Mr. Thompson, \$237,600 (2016), \$540,000 (2017) \$720,000 (2018); and Mr. Vais, \$259,200 (2016), \$540,000 (2017), \$696,000 (2018). These amounts do not reflect the extent to which the Named Executive realized or will realize an actual financial benefit from the awards. Assumptions and methodologies used in the calculation of these amounts are included in footnotes to the Company's audited financial statements for the year ended December 31, 2018 which are included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission.
- (3) The amounts in this column reflect the annual performance cash incentive amounts earned in the year indicated based on performance in that year and paid in the subsequent year. As described in the section entitled "Compensation Discussion and Analysis" above, annual performance cash incentives payable to the Named Executives are calculated based upon the financial and operational performance of the Company or its subsidiaries. The threshold, target and maximum amount of each Executive's annual performance cash incentive opportunity for 2018 is reported in the "Grants of Plan Based Awards for 2018" table below.

- (1) The amounts in these columns reflect the threshold, target and maximum amount of each Named Executive's annual cash incentive opportunity for 2018. As described in the section entitled "Compensation Discussion and Analysis" above, annual cash incentives payable to the Named Executives are calculated based upon the financial and operational performance of the Company or its subsidiaries.
- (2) Represents the 2018-2020 PSU Awards granted in 2018 which will be eligible to vest based on corporate performance during the three-year performance period ending December 31, 2020. The Compensation Committee determined that the corporate objectives for purposes of such awards would be pre-tax earnings and return on invested capital actually attained over the three-year performance period. Until the vesting date, the shares underlying the performance shares are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. For the 2018-2020 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the two corporate performance objectives, with the actual number of

performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated 60% to the cumulative three-year adjusted pre-tax earnings and 40% to the three-year adjusted average return on invested capital in determining the actual awarded performance shares payable in our common stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee will be earned ranging from 50% (for threshold performance) to 100% (for target performance) to 200% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance is below the threshold level for one or more of the objectives, no performance shares will be earned with respect to such objective(s).

- (3) Represents restricted stock unit awards that entitle the Named Executive to receive a designated number of shares of our common stock upon completion of a three year vesting period, measured from the date of grant, the restricted stock units will be eligible to vest on the third anniversary of the grant date, subject to the Named Executive's continued employment through such date.
- (4) This column shows the grant date fair value of the stock awards granted as computed under ASC Topic 718 (excluding estimates for forfeitures in case of awards with service-based vesting). With respect to the performance share awards, the grant date fair value is reported based on the probable outcome of the performance conditions as of the grant date. These amounts do not reflect the extent to which the Named Executive realized or will realize an actual financial benefit from the awards. Assumptions and methodologies used in the calculation of these amounts are included in footnotes to the Company's audited financial statements for the year ended December 31, 2018 which are included in the Company's Annual Report on Form 10 K filed with the Securities and Exchange Commission.

(1) All stock option awards have a term of seven years from the date of grant.

(2) Represents the 2016-2018 PSU Awards granted in 2016 which were eligible to vest based on corporate performance during the three-year performance period ending December 31, 2018. The Compensation Committee determined that the corporate objectives for purposes of such awards would be pre-tax earnings, earnings per share and return on invested capital actually attained over the three-year performance period. Until the vesting date, the

shares underlying the performance shares were not issued and outstanding. Accordingly, the Named Executive was not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. For the 2016-2018 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the three corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated equally between each of the three metrics in determining the actual awarded performance shares payable in Common Stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee will be earned ranging from 50% (for threshold performance) to 100% (for target performance) to 150% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance is below the threshold level for one or more of the objectives, no performance shares will be earned with respect to such objective(s). The actual number of shares of Common Stock issued to our Named Executives following the conclusion of a performance period will be based on our performance relative to the corporate performance objectives for that performance period and our stock price on the applicable vesting date. As of December 31, 2018, the Company's performance relative to the objectives was at "maximum" performance levels and as such the Company has reported the number and market value of the performance shares subject to the awards

based on “maximum” performance. In February 2019, the Compensation Committee determined that the Company had satisfied the maximum performance level for these awards, and such awards vested at the maximum levels on February 10, 2019. In addition, these awards are reported in the "Equity Incentive Plan Awards" column because, as of December 31, 2018, the applicable performance objectives had been met and the awards were subject only to the Named Executives' continued employment through the date the Compensation Committee certified such results.

- (3) Restricted stock unit awards scheduled to vest on February 10, 2019. One third of the shares subject to the options vest on each anniversary of the date of grant over a three-year period.
- (4) Restricted stock unit awards that entitle the Named Executive to receive a designated number of shares of Common Stock on February 9, 2020, subject to the achievement of a threshold performance objective included in such restricted stock unit awards for Section 162(m) purposes. The threshold performance objective for purposes of the 2017 restricted stock units was the Company’s achievement of pre-tax earnings of at least \$54.9 million during 2017, 2018 or 2019. If the threshold goal was not achieved, none of the restricted stock units would have been eligible to vest. In February 2018, the Compensation Committee determined that the Company’s 2017 pre-tax earnings of \$288 million satisfied the threshold goal for purposes of the 2017 restricted stock unit awards, and such awards will be eligible to vest based on the third anniversary of the grant date.
- (5) Represents the 2017-2019 PSU Awards granted in 2017 which will be eligible to vest based on corporate performance during the three-year performance period ending December 31, 2019. The Compensation Committee determined that the corporate objectives for purposes of such awards would be adjusted pre-tax earnings and average return on invested capital actually attained over the three-year performance period. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. Pursuant to the SkyWest Deferred Compensation Plan and the ExpressJet Deferred Compensation Plan, covered Named Executives may elect prior to the beginning of each calendar year to defer the receipt of base salary and annual performance cash incentives earned for the ensuing calendar year. Amounts deferred are credited to an unfunded liability account maintained by the Company on behalf of the applicable Named Executive, which account is deemed invested in and earns a rate of return based upon certain notational, self directed investment options offered under the applicable plan.

Each Named Executive’s account under the SkyWest Deferred Compensation Plan and ExpressJet Deferred Compensation Plan, as applicable, is also credited with a discretionary employer contribution monthly, whether or not the Named Executive contributes. For 2018 that discretionary employer contribution was 15% of the Named Executive’s salary and annual cash incentive. Participant account balances under the SkyWest and ExpressJet Deferred Compensation Plans are fully vested and will be paid by the Company to each Named Executive upon retirement or separation from employment, or on other specified dates, in a lump sum form or in installments according to a schedule elected in advance by the Named Executive.

Potential Payments upon Termination or Change in Control

The information below describes and quantifies certain payments or benefits that would be payable under the existing plans and programs of the Company and its subsidiaries if a Named Executive's employment had terminated on December 31, 2018, or the Company had undergone a change in control on December 31, 2018. These benefits are in addition to benefits generally available to all salaried employees of the Company in connection with a termination of employment, such as distributions from the 401(k) plan and accrued vacation pay. Except as noted below, the Named Executives do not have any other severance benefits, severance agreements or change in control agreements.

Accelerated Vesting of Long-Term Incentive Awards. Under the Company's long term incentive plans, all outstanding stock options, restricted stock units, performance shares and performance units held by a Named Executive granted prior to 2017 would have become fully vested upon a "change in control" occurring on that date without regard to whether the Named Executive terminated employment in connection with or following the change in control if such awards were not assumed by the acquirer.

With respect to long-term incentive awards granted to the Named Executives commencing in 2017, such awards will vest on an accelerated basis under certain circumstances, but there is no single trigger accelerated vesting of such awards upon a change in control. Specifically, restricted stock unit awards granted to the Named Executives will vest on an accelerated basis (i) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, or (ii) in the event of the Named Executive's death. Performance share awards granted to the Named Executives will vest on an accelerated basis (i) in the event of the Named Executive's death prior to a change in control, as to the "target" number of performance shares subject to the award on the date of death and as to any incremental performance shares above "target" based on the Company's actual performance relative to the corporate performance objectives under such award at the end of the three-year performance period (or, if earlier, a change in control of the Company), (ii) in the event of the Named Executive's death following a change in control, any "vesting eligible shares" (as described below) will vest upon the date of death, (iii) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, in each case prior to a change in control, the Named Executive will remain eligible to vest in such number of performance shares as ultimately vest based on the Company's actual performance relative to the corporate performance objectives under such award at the end of the three-year performance period (or, if earlier, a change in control of the Company), which vesting will be prorated for the portion of the performance period that has elapsed prior to the date of termination, or (iv) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, in each case following a change in control, any vesting eligible shares will vest upon the date of such termination. For purposes of the performance shares, in the event of a change in control of the

Table of Contents

Company, the performance shares will be converted into a number of “vesting eligible shares” that will vest at the end of the three-year performance period based on the greater of (i) the “target” number of performance shares subject to the award, or (ii) the number of performance shares that would vest if performance had been measured against the corporate performance objectives as of the date of the change in control.

The following table shows for each Named Executive the intrinsic value of his unvested stock options, unvested restricted stock units and performance shares, as of December 31, 2018, that would have been accelerated had a change in control of the Company occurred on that date and/or a termination under one of the circumstances identified below had occurred on that date and the vesting of such awards accelerated, calculated in the case of restricted stock units, performance shares and stock options, by multiplying the number of underlying shares by the closing price of the Common Stock on December 31, 2018, the last trading day of 2018 (\$44.47 per share), and, in the case of stock options, by then subtracting the applicable option exercise price:

Deferred Compensation. If the employment of a Named Executive were terminated on December 31, 2018, the Named Executive would have become entitled to receive the balance in his account under the applicable deferred compensation plan. Distribution would be made in the form of a lump sum or in installments, and in accordance with the distributions schedule elected by the Named Executive under the applicable plan. The 2018 year end account balances under those plans are shown in the applicable Non-Qualified Deferred Compensation Tables included herein. A Named Executive’s account balance would continue to be credited with notational investment earnings or losses through the date of actual distribution.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information regarding the relationship of the annual total compensation of our employees and the annual total compensation of Russell A. Childs, the Chief Executive (the “CEO”). The pay ratio included in this information is a reasonable estimate calculated in a manner that is intended to be consistent with Item 402(u) of Regulation S-K.

For 2018, our last completed fiscal year:

- the median of the annual total compensation of all employees of the Company (other than the CEO) was 39,100; and
- the annual total compensation of the CEO, as reported in the Summary Compensation Table included elsewhere in this Proxy Statement, was \$3,343,780.

Based on this information, for 2018, the ratio of the median of the total compensation of all employees of the Company to the annual total compensation of Mr. Childs, the CEO, was 1 to 85.

Determining the Median Employee. The Company elected to identify a new median employee for 2018, even though there was no significant change to the Company's employee base or the previous median employee's individual compensation or circumstances. The Company determined that, as of December 31, 2018, the employee population consisted of approximately 16,500 individuals. The employee workforce consists of full and part time employees. For purposes of measuring the compensation of the employees, the Company selected total annual cash compensation for 2018 as the most appropriate measure of compensation, which was consistently applied to all the employees included in the calculation. With respect to the total annual compensation of the “median employee,” the Company identified and calculated the elements of such employee’s compensation for 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in the annual total compensation reflected above.

Review and Approval of Transactions with Related Parties

The Company believes that transactions between the Company and its directors and executive officers, or between the Company and persons related to directors and executive officers of the Company, present a heightened risk of creating or appearing to create a conflict of interest. Accordingly, the Company has adopted a policy regarding related party transactions that has been approved by the Board and incorporated into the Charter of the Audit Committee. The policy provides that the Audit Committee will review all transactions between the Company and related persons (as defined in Item 404 of Regulation S K promulgated by the Securities and Exchange Commission) for potential conflicts of interest. Under the Company's policy, all transactions between the Company and related persons are required to be submitted to the Audit Committee for approval prior to the Company's entry or participation in such transactions.

PROPOSAL 2

ADVISORY VOTE ON NAMED EXECUTIVE COMPENSATION

Background

Section 14A of the Exchange Act, which was enacted pursuant to the Dodd Frank Wall Street Reform and Consumer Protection Act, requires that the Company provide its shareholders with the opportunity to vote on an advisory (non binding) resolution to approve the compensation of the Named Executives (referred to as a “Say on Pay” proposal) as disclosed in this Proxy Statement.

Accordingly, the following resolution will be submitted to the Company’s shareholders for approval at the Meeting:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation of the Named Executives, as disclosed in the Company’s Proxy Statement for the 2018 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2018 Executive Compensation table and the other related tables and disclosure.”

As described in detail under the heading “Compensation Discussion and Analysis,” the Board believes the Company’s compensation of the Named Executives achieves the primary goals of (i) attracting and retaining experienced, well qualified executives capable of implementing the Company’s strategic and operational objectives, (ii) aligning management compensation with the creation of shareholder value on an annual and long term basis, and (iii) linking a substantial portion of the Named Executives’ compensation with long term Company performance and the achievement of pre determined goals, while at the same time avoiding the encouragement of unnecessary or excessive risk taking. The Board encourages you to review in detail the Compensation Discussion and Analysis beginning on page 26 of this Proxy Statement and the executive compensation tables beginning on page 40 of this Proxy Statement. In light of the information set forth in such sections of this Proxy Statement, the Board believes the compensation of the Named Executives for the fiscal year ended December 31, 2018 was fair and reasonable and that the Company’s compensation programs and practices are in the best interests of the Company and its shareholders.

The vote on this Say on Pay resolution is not intended to address any specific element of compensation; rather, the vote relates to all aspects of the compensation of the Named Executives, as described in this Proxy Statement. While this vote is only advisory in nature, which means that the vote is not binding on the Company, the Board and the Compensation Committee (which is composed solely of independent directors), value the opinion of the Company’s shareholders and will consider the outcome of the vote when addressing future compensation arrangements.

Voting

Approval of the resolution above (on a non binding, advisory basis) requires that the number of votes cast at the Meeting, in person or by proxy, in favor of the resolution exceeds the number of votes cast in opposition to the resolution.

The Board and the Compensation Committee Recommend that Shareholders Vote FOR Approval of the Compensation of the Named Executives, as disclosed in this Proxy Statement.

PROPOSAL 3

ADOPTION OF THE SKYWEST, INC. 2019 LONG-TERM INCENTIVE PLAN

Introduction

We are requesting that our shareholders approve the SkyWest, Inc. 2019 Long-Term Incentive Plan (the “2019 Plan”). The 2019 Plan will replace the existing SkyWest, Inc. 2010 Long-Term Incentive Plan (the “2010 Plan”), which will expire by its terms in 2020. In February 2019, our Board approved the 2019 Plan, subject to shareholder approval. The 2019 Plan will be effective as of the date on which our shareholders approve the 2019 Plan.

If our shareholders approve the 2019 Plan, the Company will issue no additional awards under the 2010 Plan after the date of shareholder approval of the 2019 Plan; however, all then outstanding awards under the 2010 Plan would remain outstanding in accordance with their terms. If the 2019 Plan is not approved by our shareholders, the 2019 Plan will not become effective, the 2010 Plan will continue in full force and effect, and we may continue to grant awards under the 2010 Plan, subject to its terms, conditions and limitations, using the shares available for issuance thereunder.

Employees, directors and consultants of the Company and its subsidiaries will be eligible to receive awards under the 2019 Plan, including incentive stock options (“ISOs”), non-qualified stock options, stock appreciation rights (“SARs”), restricted stock, restricted stock units, other share-based awards, including grants of unrestricted stock, and performance awards, including annual and long-term cash performance awards

The 2019 Plan would authorize a number of shares equal to the sum of (1) 4,500,000 shares (which is comprised of 2,535,925 new shares and 1,964,075 shares available for grant under the 2010 Plan as of December 31, 2018), less (A) one share for every share subject to an option or SAR that was granted after December 31, 2018 under the 2010 Plan and prior to the effective date of the 2019 Plan and (B) 1.65 shares for every share subject to an award (other than an option or SAR) that was granted after December 31, 2018 under the 2010 Plan and prior to the effective date of the 2019 Plan, plus (2) any shares covered by awards under the 2010 Plan that again become available for grant pursuant to the provisions of the 2019 Plan. Any shares that are subject to options or SARs granted under the 2019 Plan shall be counted against this limit as one share for every one share granted, and any shares that are subject to awards other than options or SARs shall be counted against this limit as 1.65 shares for every one share granted. For information about the awards outstanding under the 2010 Plan as of December 31, 2018, see “Equity Incentive Awards Are Critical to Long-Term Shareholder Value Creation” below.

In general, shareholder approval of the 2019 Plan is necessary in order for us to (1) meet the shareholder approval requirements of the principal securities market on which shares of our Common Stock are traded, and (2) grant stock options that qualify as ISOs as defined under Section 422 of the Code.

The Board of Directors Recommends that Shareholders

Vote FOR the Adoption of the SkyWest, Inc. 2019 Long-Term Incentive Plan

Key Features of the 2019 Plan

The Company has long had an ownership culture in which its officers, managers and other key employees are granted stock options and other equity-based awards to align their interests with those of shareholders. The Board believes the ownership culture at the Company motivates the achievement of superior performance, and also plays an essential role

in retaining top talent. The 2019 Plan would permit the Company to continue to use equity-based awards as an integral part of its compensation program.

The 2019 Plan reflects a broad range of compensation and governance best practices, with some of the key features of the 2019 Plan as follows:

- No Increase to Shares Available for Issuance without Shareholder Approval. Without shareholder approval, the total number of shares of Common Stock that may be issued under the 2019 Plan cannot be increased (other than adjustments in connection with certain corporate reorganizations and other events).
 - No Automatic Vesting for Awards. The 2019 Plan does not have automatic accelerated vesting provisions for awards in connection with a change in control (other than in connection with the non-assumption of awards).
- No Repricing of Awards. Other than pursuant to the provisions of the 2019 Plan described below under the headings "Adjustments" and "Corporate Transactions," the plan administrator may not without the approval of the Company's shareholders (1) lower the exercise price of an option or SAR after it is granted or (2) cancel an option or SAR when the exercise price exceeds the fair market value of the underlying shares in exchange for cash or another award
- Limitations on Dividend Payments on Unvested Awards. Dividends and dividend equivalents may not be paid on awards subject to vesting conditions unless and until such conditions are met. Dividend equivalents may not be paid on stock options or SARs.
- Limitations on Grants to Directors. The sum of cash compensation, or other compensation, and the value of awards granted to a non-employee director as compensation for services as a non-employee director during any fiscal year of the Company may not exceed \$500,000 (increased to \$750,000 with respect to any non-employee director serving as Chairman of the Board or Lead Independent Director or in the fiscal year of a non-employee director's initial service as a non-employee director). The Board may make exceptions to this limit for individual non-employee directors in extraordinary circumstances, as the Board may determine in its discretion, provided that the non-employee director receiving such additional compensation may not participate in the decision to award such compensation or in other contemporaneous compensation decisions involving non-employee directors.
- No In-the-Money Option or Stock Appreciation Right Grants; Limit on Term of Options and Stock Appreciation Rights of Seven Years. The 2019 Plan prohibits the grant of options or SARs with an exercise or base price less than 100% of the fair market value of our Common Stock on the date of grant. The maximum permitted term of any stock option or SAR under the 2019 Plan is seven years from the date of grant.
- Reasonable Limit on Full Value Awards. For purposes of calculating the shares that remain available for issuance under the 2019 Plan, grants of options and SARs will be counted as the grant of one share for each one share actually granted, as described above. However, to protect our stockholders from potentially greater dilutive effect of full value awards, all grants of awards other than options and SARs will be counted against the 2019 Plan's share reserve as 1.65 shares for each share subject to such awards.
- Reasonable Share Counting Provisions. Generally, when awards granted under the 2019 Plan or awards outstanding under the 2010 Plan are forfeited, expire or are settled in cash, the shares reserved for those awards will again be available for future awards in an amount corresponding to the reduction in the share reserve previously made with respect to such awards. However, the following shares will not be added to the share reserve under the 2019 Plan: (1) shares of Common Stock that are delivered by the participant or withheld by us as payment of the exercise price in connection with the exercise of an option granted under the 2019 Plan or the 2010 Plan or payment of the tax withholding obligation in connection with any award

granted under the 2019 Plan or the 2010 Plan; (2) shares subject to a SAR granted under the 2019 Plan or the 2010 Plan that are not issued in connection with the stock settlement of the SAR on its exercise; and (3) shares purchased on the open market with the cash proceeds from the exercise of options granted under the 2019 Plan or the 2010 Plan.

· Independent Administration. The Compensation Committee of our Board, which consists of two or more non-employee directors, generally will administer the 2019 Plan if it is approved by shareholders. The full Board will administer the 2019 Plan with respect to awards granted to members of the Board. The Compensation Committee may delegate certain of its duties and authorities to a committee of one or more directors or officers of the Company for awards to certain individuals, within specific guidelines and limitations. However, no delegation of authority is permitted with respect to awards made to individuals who (1) are subject to Section 16 of the Exchange Act, or (2) are officers of the Company and have been delegated authority to grant or amend awards under the 2019 Plan.

Equity Incentive Awards Are Critical to Long-Term Shareholder Value Creation

Our 2010 Plan is the only equity plan pursuant to which we may grant equity awards to our directors, employees and consultants (other than our Employee Stock Purchase Plan (our "ESPP")), and we believe that the adoption of the 2019 Plan is essential to our success. If the 2019 Plan is approved our shareholders, it will replace the 2010 Plan and the 2019 Plan will be the only plan under which the Company may issue equity awards (other than our ESPP). Equity awards are intended to motivate high levels of performance, align the interests of our directors, employees and consultants with those of our shareholders by giving directors, employees and consultants the perspective of an owner with an equity stake in our company and providing a means of recognizing their contributions to the success of our company. Our Board and management believe that equity awards are necessary to remain competitive in our industry and are essential to recruiting and retaining the highly qualified employees who help our company meet its goals. As of March 1, 2019, 220 of our 16,196 employees had received grants of equity awards, all 9 of our non-employee directors had received grants of equity awards, and none of our consultants had received grants of equity awards.

The table below presents information about the number of shares that were subject to outstanding equity awards under our 2010 Plan and the shares remaining available for issuance under the 2010 Plan and the ESPP, each at December 31, 2018, and the proposed number of shares authorized for issuance under the 2019 Plan.

2019 Plan

(1) Based on 51,388,290 shares of our Common Stock outstanding as of December 31, 2018.

(2) Based on the closing price of our Common Stock on December 31, 2018, of \$44.47 per share.

(3) Performance awards are included at “target” levels. Performance awards may be eligible to vest in up to 200% of the “target” award levels at “maximum” performance.

(4) Shares remaining available for issuance under the 2010 Plan calculated assuming performance awards are counted against the share reserve at “target” levels. If the 2019 Plan becomes effective, no additional awards will be granted under the 2010 Plan.

(5) The proposed 4,500,000 total share reserve is comprised of 2,535,925 new shares plus the 1,964,075 shares that remained available for grant under the 2010 Plan as of December 31, 2018. In addition, the initial share reserve will be reduced by (A) one share for every share subject to an option or SAR that was granted after December 31, 2018 under the 2010 Plan and prior to the effective date of the 2019 Plan and (B) 1.65 shares for every share subject to an award (other than an option or SAR) that was granted after December 31, 2018 under the 2010 Plan and prior to the effective date of the 2019 Plan.

In determining whether to approve the 2019 Plan, our Board considered the input of Frederic W. Cook & Co. (“FW Cook”), the Compensation Committee's independent compensation consultant, and the following:

· In determining the size of the share reserve under the 2019 Plan, our Board considered the number of equity awards granted by our company during the past three calendar years. In fiscal years 2016, 2017 and 2018, equity awards representing a total of approximately 816,370 shares, 302,069 shares, and 220,473

Table of Contents

shares, respectively, were awarded under the 2010 Plan, for an annual equity burn rate of 1.59%, 0.58% and 0.42%, respectively (with performance awards counted assuming "target" performance for this purpose). This level of equity awards represents a 3-year average burn rate of 0.86% of common shares outstanding. Equity burn rate is calculated by dividing (1) the number of shares subject to equity awards awarded during the fiscal year by (2) the basic weighted average number of common shares outstanding during the same fiscal year.

· In fiscal years 2016, 2017 and 2018, the number of stock options and time-vesting restricted stock units granted and the number of performance-based restricted stock units earned, was as follows:

	2018	2017	2016
Stock Options/SARs granted			206,021
Time-based RSUs granted	115,044	160,137	384,148
Fully-vested shares granted	15,165	22,617	42,624
Performance-based RSUs earned	277,029		
Total shares utilized	407,238	182,754	632,793
Basic weighted average common shares outstanding	51,914,000	51,804,000	51,505,000

· We expect the proposed aggregate share reserve under the 2019 Plan to provide us with enough shares for awards for at least five years, assuming we continue to grant awards consistent with our current practices and historical usage, as reflected in our historical burn rate, and further dependent on the price of our shares and hiring activity during the next few years, forfeitures of outstanding awards, and noting that future circumstances may require us to change our current equity grant practices. We cannot predict our future equity grant practices, the future price of our shares or future hiring activity with any degree of certainty at this time, and the share reserve under the 2019 Plan could last for a shorter or longer time.

In fiscal years 2016, 2017 and 2018, the end of year overhang rate was approximately 10.5%, 9.1% and 6.2%, respectively. If the 2019 Plan is approved, we expect our overhang at the end of fiscal year 2019 will be approximately 9.9% (excluding the 705,788 shares that were available for issuance under the ESPP as of December 31, 2018 and assuming no terminations or forfeitures of shares and giving effect to shares intended to vest pursuant to their terms in 2019). If the shares available for issuance under the ESPP are included, we expect our overhang at the end of fiscal year 2019 will be approximately 11.1%. Overhang is calculated by dividing (1) the sum of the number of shares subject to equity awards outstanding at the end of the fiscal year (with performance awards included at "target" levels) plus shares remaining available for issuance for future awards at the end of the fiscal year by (2) the basic weighted average number of common shares outstanding during the same fiscal year plus the number of shares described in clause (1) above.

In light of the factors described above, and the fact that the ability to continue to grant equity compensation is vital to our ability to continue to attract and retain employees in the extremely competitive labor markets in which we compete, our Board of Directors has determined that the size of the share reserve under the 2019 Plan is reasonable and appropriate at this time. Our Board will not create a subcommittee to evaluate the risk and benefits for issuing shares under the 2019 Plan.

Summary of the 2019 Plan

The following summary of the material features of the 2019 Plan is subject to the full text of the 2019 Plan that is contained in Appendix B to this Proxy Statement.

Shares Subject to Plan. The 2019 Plan would authorize a number of shares equal to the sum of (1) 4,500,000 shares, less (A) one share for every share subject to an option or SAR that was granted after December 31, 2018 under the 2010 Plan and prior to the effective date of the 2019 Plan and (B) 1.65 shares for every share subject to an award (other than an option or SAR) that was granted after December 31, 2018 under the 2010 Plan and prior to the effective date of the 2019 Plan, plus (2) any shares covered by awards under the 2010 Plan that again become available for grant pursuant to the terms of the 2019 Plan. Awards outstanding under the 2010 Plan are referred to as "2010 Plan Awards." In no event will more than 4,500,000 shares of our Common Stock be issuable pursuant to ISOs under the 2019 Plan.

If an award under the 2019 Plan (or after December 31, 2018, a 2010 Plan Award) is forfeited, expires or is settled in cash, the shares subject to the award or the 2010 Plan Award shall again be available for grant under the 2019 Plan (such shares, "Recycled Shares"). To the extent that a share that was subject to an option or SAR under the 2019 Plan or an option or SAR that was a 2010 Plan Award becomes a Recycled Share, the 2019 Plan will be credited with one share. To the extent that a share that was subject to an award (other than an option or SAR) under the 2019 Plan or a 2010 Plan Award (other than an option or SAR) becomes a Recycled Share, the 2019 Plan will be credited with 1.65 shares. However, the following types of shares underlying an award may not become again available for grant under the 2019 Plan: (1) shares of Common Stock that are delivered by the participant or withheld by us as payment of the exercise price in connection with the exercise of an option or a 2010 Plan Award that was an option or payment of the tax withholding obligation in connection with any award (including a 2010 Plan Award); (2) shares subject to a SAR (including any SAR that is a 2010 Plan Award) that are not issued in connection with the stock settlement of the SAR on its exercise; and (3) shares purchased on the open market with the cash proceeds from the exercise of options (including any options that are 2010 Plan Awards). Any restricted shares forfeited by the participant or repurchased by us at the same price paid by the participant so that such shares are returned to us will also be Recycled Shares and the 2019 Plan will be credited with 1.65 shares for each such forfeited or repurchased restricted share. The payment of dividend equivalents in cash in conjunction with any outstanding awards shall not be counted against the shares available for issuance under the 2019 Plan.

To the extent permitted by applicable law or any exchange rule, and subject to certain other restrictions, shares issued in assumption of, or in substitution for, any outstanding awards or shares available under a pre-existing plan of an entity acquired by us or any of our subsidiaries that was approved by shareholders and not adopted in contemplation of such acquisition will not be counted against the shares available for grant under the 2019 Plan.

Administration. The Compensation Committee of our Board will administer the 2019 Plan (except with respect to any award granted to non-employee directors, which must be administered by our full Board). Unless otherwise determined by the Board, the members of the Compensation Committee (or such other committee designated by the Board) administering the Plan must each be a "non-employee director" for purposes of Rule 16b-3 under the Exchange Act and an "independent director" under the rules of any securities exchange on which the shares of our Common Stock are listed. The Board or the Compensation Committee may delegate certain of its duties and authorities to a committee of one or more directors or officers of the Company for awards to certain individuals, within specific guidelines and limitations. However, no delegation of authority is permitted with respect to awards made to individuals who (1) are subject to Section 16 of the Exchange Act, or (2) have been delegated authority to grant, amend or administer awards under the 2019 Plan. The Board, the Compensation Committee or such other committee to which administration of the 2019 Plan has been delegated is referred to as the "plan administrator." Subject to the terms and conditions of the 2019 Plan, the plan administrator has the authority to select the persons to whom awards are to be made, to determine

the type or types of awards to be granted to each person, the number of awards to grant, the number of shares to be subject to such awards, and the terms and conditions of such awards, and to make all other determinations

62

and decisions and to take all other actions necessary or advisable for the administration of the 2019 Plan. The plan administrator is also authorized to establish, adopt, amend or revise rules relating to administration of the 2019 Plan.

Eligibility. Only employees, directors and consultants of the Company and its subsidiaries are eligible to receive awards under the 2019 Plan. As of March 1, 2019, there were nine non-employee directors, 220 employees and no consultants who would have been eligible for awards under the 2019 Plan had it been in effect on such date. The plan administrator determines which persons receive awards. The primary recipients of awards under the 2019 Plan will be our officers, other key employees, managers and pilots.

Notwithstanding any provision to the contrary in the 2019 Plan, the Board may establish compensation for non-employee directors from time to time, subject to the limitations in the 2010 Plan. The Board will from time to time determine the terms, conditions and amounts of all such non-employee director compensation in its discretion and pursuant to the exercise of its business judgment, taking into account such factors, circumstances and considerations as it shall deem relevant from time to time, provided that the sum of any cash compensation, or other compensation, and the value (determined as of the grant date in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, or any successor thereto) of awards granted to a non-employee director as compensation for services as a non-employee director during any fiscal year of the Company may not exceed \$500,000 (increased to \$750,000 with respect to any non-employee director serving as Chairman of the Board or Lead Independent Director or in the fiscal year of a non-employee director's initial service as a non-employee director) (with any compensation that is deferred counting towards this limit for the year in which the compensation is first earned, and not a later year of settlement). The Board may make exceptions to this limit for individual non-employee directors in extraordinary circumstances, as the Board may determine in its discretion, provided that the non-employee director receiving such additional compensation may not participate in the decision to award such compensation or in other contemporaneous compensation decisions involving non-employee directors.

Awards Under the 2019 Plan. The 2019 Plan provides for the following types of awards: incentive stock options, non-qualified stock options, SARs, restricted stock, restricted stock units, other share-based awards, including grants of unrestricted stock, and performance awards, including annual and long-term cash performance awards. The plan administrator will consider each award grant subjectively, considering factors such as the individual performance of the recipient and the anticipated contribution of the recipient to the attainment of our long-term goals. Each award will be set forth in a separate agreement with the person receiving the award and will indicate the type, terms and conditions of the award.

· **Stock Options.** The plan administrator may from time to time award options to any participant subject to the limitations described above. Stock options give the holder the right to purchase shares of the Common Stock within a specified time at a specified price. Two types of stock options may be granted under the 2019 Plan: incentive stock options, or "ISOs," which are subject to special tax treatment as described below, and non-qualified options, or "NSOs." The exercise price of an option cannot be less than the fair market value of a share of Common Stock at the time of grant, except for substitute awards. The expiration dates of options cannot be more than seven years after the date of the original grant. ISOs will be designed to comply with the provisions of the Code and will be subject to specified restrictions contained in the Code. Among such restrictions, ISOs must have an exercise price of not less than the fair market value of a share of Common Stock on the date of grant, may only be granted to employees, and must expire within a specified period of time following the optionee's termination of employment. In the case of an ISO granted to an individual who owns (or is deemed to own) more than 10% of the total combined voting power of all classes of our capital stock, the 2019 Plan provides that the exercise price must be at least 110% of the fair market value of a share of Common Stock on the date of grant and the ISO must expire upon the fifth anniversary of the date of grant. Prior to the issuance of shares upon the exercise of an option, no right to vote or receive dividends or any other rights as a shareholder will exist with respect to

Table of Contents

- the underlying shares. The closing price per share of our Common Stock on March 1, 2019, was \$52.89 per share.
- **Stock Appreciation Rights.** The plan administrator may grant SARs under the 2019 Plan. A SAR entitles the holder upon exercise to receive an amount in cash, shares of Common Stock, other property, or a combination thereof (as determined by the plan administrator), computed by reference to appreciation in the value of the Common Stock. The grant date value of a SAR against which appreciation is determined cannot be less than the fair market value of a share of Common Stock at the time of grant, except for substitute awards. The expiration date of a SAR cannot be more than seven years after the date of the original grant. Prior to the issuance of shares upon the exercise of a SAR, no right to vote or receive dividends or any other rights as a shareholder will exist with respect to the underlying shares.
 - **Restricted Stock.** The plan administrator may grant restricted shares of Common Stock (“restricted stock”) to such persons, in such amounts, and subject to such terms and conditions (including the attainment of performance criteria) as the plan administrator shall determine in its discretion. Awards of restricted stock may be made in exchange for services or other lawful consideration. Generally, awards of restricted stock are subject to the requirement that the shares be forfeited to the Company unless specified conditions are met relating to continued service or attainment of performance goals. Subject to these restrictions, conditions and forfeiture provisions, any recipient of an award of restricted stock will have all the rights of a shareholder of the Company, including the right to vote the shares. Cash dividends or any other property distributed as a dividend with respect to a restricted stock award will be subject to the same vesting restrictions and risk of forfeiture as the underlying award.
 - **Restricted Stock Units.** The plan administrator may grant units having a value equal to an identical number of shares of Common Stock to such persons, in such amounts, and subject to such terms and conditions (including the attainment of performance criteria) as the plan administrator shall determine in its discretion. If the vesting requirements specified by the plan administrator are met, the grantee of such units will receive shares of Common Stock, cash, other property, or any combination thereof, as determined by the plan administrator, equal to the fair market value of the corresponding number of shares of Common Stock. A holder of restricted stock units has no voting rights or rights to receive dividends; however, the applicable award agreement may grant the participant dividend equivalents with respect to such restricted stock units. Any dividends or dividend equivalents provided with respect to a restricted stock unit award subject to vesting will be subject to the same vesting restrictions and risk of forfeiture as the underlying award.
 - **Other Share-Based Awards.** The plan administrator has the authority to grant awards under the 2019 Plan, including awards of unrestricted stock, in addition to those specifically described in the 2019 Plan. These awards must be valued in whole or in part by reference to, or must otherwise be based on, the shares of Common Stock (or the cash equivalent of such shares). These awards may be granted either alone, in addition to, or in tandem with, other awards granted under the 2019 Plan and/or cash awards made outside the 2019 Plan. Each other share-based award will be evidenced by an award agreement that will specify terms and conditions as the plan administrator may determine.
 - **Dividends; Dividend Equivalents.** Awards other than options and SARs may, if determined by the plan administrator, provide that the participant will be entitled to receive, cash, stock or other property dividends, or cash payments in amounts equivalent to cash, stock, or other property dividends declared with respect to shares of Common Stock covered by an award. The plan administrator may provide that such amounts will be deemed to have been reinvested in additional shares of Common Stock or otherwise, and that they are subject to the same vesting or performance conditions as the underlying award. Any dividends

Table of Contents

or dividend equivalents provided with respect to awards subject to vesting will be subject to the same vesting restrictions and risk of forfeiture as the underlying awards.

· **Performance Awards.** The plan administrator may also make awards of performance shares, performance units, or performance-based cash bonuses, subject to the satisfaction of specified performance criteria. Performance awards may be paid in shares of Common Stock, cash, other property, or any combination thereof, as determined by the plan administrator.

Performance Criteria. The performance goals for performance awards may, without limitation, be based on the attainment of specified levels of one or any combination of the following: net sales; revenue; revenue growth or product revenue growth; operating income (before or after taxes); pre- or after-tax income or loss (before or after allocation of corporate overhead and bonus); earnings or loss per share; net income or loss (before or after taxes); return on equity; total shareholder return; return on assets or net assets; appreciation in and/or maintenance of the price of the Shares or any other publicly-traded securities of the Company; market share; gross profits; earnings or losses (including earnings or losses before taxes, before interest and taxes, or before interest, taxes, depreciation and amortization); economic value-added models or equivalent metrics; comparisons with various stock market indices; reductions in costs; cash flow or cash flow per share (before or after dividends); return on capital (including return on total capital or return on invested capital); cash flow return on investment; improvement in or attainment of expense levels or working capital levels, including cash and accounts receivable; operating margin; gross margin; year-end cash; cash margin; debt reduction; shareholders equity; operating efficiencies; market share; customer satisfaction; customer growth; employee satisfaction; regulatory achievements (including submitting or filing applications or other documents with regulatory authorities or receiving approval of any such applications or other documents and passing pre-approval inspections (whether of the Company or the Company's third-party manufacturer)); strategic partnerships or transactions; co-development, co-marketing, profit sharing, joint venture or other similar arrangements; financial ratios, including those measuring liquidity, activity, profitability or leverage; cost of capital or assets under management; financing and other capital raising transactions (including sales of the Company's equity or debt securities; sales or licenses of the Company's assets, including its intellectual property, whether in a particular jurisdiction or territory or globally; or through partnering transactions); cost per available seat mile; revenue per available seat mile; revenue or cost per revenue seat mile; percentage of flights completed on time; percentage of scheduled flights completed; lost passenger baggage per passenger or per seat mile; aircraft utilization; revenue per employee; and implementation, completion or attainment of measurable objectives with respect to commercialization, projects, service volume levels, acquisitions and divestitures; transactions; and recruiting and maintaining personnel. Such performance goals also may be based on the Company's performance or the performance of a subsidiary, division, business segment or business unit of the Company, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The plan administrator may also exclude charges related to an event or occurrence which the plan administrator determines should appropriately be excluded, including: (1) restructurings, discontinued operations, extraordinary items, and other unusual, infrequently occurring or non-recurring charges; (2) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management; or (3) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles.

Tax Withholding. The 2019 Plan permits the plan administrator to allow for the withholding or surrender of shares in satisfaction of tax withholding with respect to awards with a value up to the minimum individual statutory tax rate in the applicable jurisdiction at the time of such withholding (or such other rate as may be required to avoid the liability classification of the applicable award under generally accepted accounting principles in the United States of America).

Clawback Provisions. All awards (including, without limitation, any proceeds, gains or other economic benefit actually or constructively received by a participant upon any receipt or exercise of any award or upon the receipt or resale of any shares of Common Stock underlying the award) will be subject to the provisions of any claw-back policy implemented by the Company, including, without limitation, any claw-back policy adopted to comply with applicable

Table of Contents

laws (including the Dodd-Frank Wall Street Reform and Consumer Protection Act and any rules or regulations promulgated thereunder) as and to the extent set forth in such claw-back policy or the applicable award agreement.

Adjustments. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in corporate structure affecting the shares of Common Stock or the value thereof, other than an equity restructuring, the plan administrator may make such equitable adjustments, if any, as the plan administrator in its discretion may deem appropriate to reflect such change with respect to (1) the aggregate number and type of shares that may be issued under the 2019 Plan (including, but not limited to, adjustments of the number of shares available under the 2019 Plan, the maximum number of shares that may be issued pursuant to ISOs under the 2019 Plan), (2) the number and kind of shares, or other securities or property, subject to outstanding awards, (3) the terms and conditions of any outstanding awards (including, without limitation, any applicable performance targets or criteria with respect thereto), and (4) the exercise or grant price (if applicable) per share for any outstanding awards under the 2019 Plan. If there is any equity restructuring, the number and type of securities subject to each outstanding award and the grant or exercise price per share for each outstanding award, if applicable, will be proportionately adjusted. Adjustments in the event of an equity restructuring will not be discretionary.

Corporate Transactions. The plan administrator has the authority under the 2019 Plan to take certain other actions with respect to outstanding awards in the event of a corporate transaction, including a change in control, including provision for the cash-out, termination, assumption or substitution of such awards. Unless otherwise provided in the applicable award agreement, if an award is assumed in connection with a change in control and the participant's employment is terminated within 24 months of the change in control without "cause" or for "good reason", such participant's awards will vest as of the date the participant's employment is terminated. If an award is not assumed in connection with a change in control, then, unless otherwise specified in the award agreement, the award will become fully exercisable and vested upon the change in control. Under the 2019 Plan, a change in control is generally defined as:

- during any 24 month period, individuals who, as of the beginning of such period, constitute the Board together with any new director(s) whose election by our Board or nomination for election by our shareholders was approved by a vote of at least a majority of the directors then still in office who either were directors at the beginning of the twenty-four-month period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority of our Board;
- a transaction or series of related transactions (other than an offering of our stock to the general public through a registration statement filed with the Securities and Exchange Commission, or SEC) whereby any person or entity or related group of persons or entities (other than us, our subsidiaries, an employee benefit plan maintained by us or any of our subsidiaries or a person or entity that, prior to such transaction, directly or indirectly controls, is controlled by, or is under common control with, us) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of 50% or more of the total combined voting power of our securities outstanding immediately after such acquisition;

Nontransferability of Awards. No awards under the 2019 Plan, and no shares subject to awards that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, are transferable other than by will or the laws of descent and distribution, and an award may be exercised during the participant's lifetime only by the participant or the participant's estate, guardian or legal representative, except that the plan administrator may provide in an award agreement that a participant may transfer an award to certain family members, family trusts, or other family-owned entities, or for charitable donations under such terms and conditions determined by the plan administrator.

Repricing Without Shareholder Approval Prohibited. Other than pursuant to the provisions of the 2019 Plan described above under the headings "Adjustments" and "Corporate Transactions," the plan administrator may not without the approval of the Company's shareholders (1) lower the exercise price of an option or SAR after it is granted or (2) cancel an option or SAR when the exercise price exceeds the fair market value of the underlying shares in exchange for cash or another award.

Amendment and Termination. The Board or the Compensation Committee may, from time to time, alter, amend, suspend or terminate the 2019 Plan. However, shareholder approval of any amendment to the 2019 Plan will be obtained to the extent necessary to comply with any applicable law, regulation or stock exchange rule and for any increase in the total number of shares of Common Stock that may be issued under the 2019 Plan or the number of shares of Common Stock that may be issued pursuant to ISOs under the Plan (other than adjustments in connection with certain corporate reorganizations and other events). The 2019 Plan will continue until terminated by the Board or the Compensation Committee. No grants may be made under the 2019 Plan following the date of termination, although grants made prior to that date may remain outstanding following the termination of the 2019 Plan until their scheduled expiration date. No ISOs may be granted under the 2019 Plan after the tenth anniversary of the date the 2019 Plan was adopted by the Board.

Certain Federal Income Tax Consequences

Tax Consequences to Participants

The following is a brief summary of certain material federal income tax consequences relating to awards under the 2019 Plan under current United States federal income tax laws. The following discussion is based upon laws, regulations, rulings and decisions now in effect, all of which are subject to change. This summary is not intended to be complete and does not describe foreign, state and local tax laws, employment, estate or gift tax considerations. The tax information summarized is not tax advice.

Table of Contents

Nonqualified Stock Options (NSOs). In general, (1) no income will be recognized by an optionee at the time an NSO is granted; (2) at the time of exercise of an NSO, ordinary income will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares of Common Stock and the fair market value of the shares, on the date of exercise; and (3) at the time of sale of shares of Common Stock acquired pursuant to the exercise of an NSO, appreciation (or depreciation) in value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on whether the shares have been held for more than one year.

Incentive Stock Options (ISOs). No income will be recognized by an optionee upon the grant of an ISO. In general, no income will be recognized upon the exercise of an ISO for regular income tax purposes. However, the difference between the option price paid and the fair market value of the shares at exercise may constitute a preference item subject to or triggering alternative minimum tax. If shares of Common Stock are issued to the optionee pursuant to the exercise of an ISO, and if no sale, transfer by gift or other disqualifying disposition of such shares is made by such optionee within two years after the date of the grant or within one year after the transfer of such shares to the optionee, then upon sale of such shares, any amount realized in excess of the option price will be taxed to the optionee as a long-term capital gain and any loss sustained will be a long-term capital loss.

If shares of Common Stock acquired upon the timely exercise of an ISO are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of such shares at the time of exercise (or, if less, the amount realized on the disposition of such shares if a sale or exchange) over the option price paid for such shares. Any further gain (or loss) realized by the participant generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period.

Stock Appreciation Rights. No income will be recognized by a participant in connection with the grant of a stock appreciation right. When the stock appreciation right is exercised, the participant normally will be required to include as taxable ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any shares of Common Stock or other property received on the exercise.

Restricted Stock. The recipient of restricted shares of Common Stock generally will not be subject to tax until the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code (the "Restrictions"). At such time, the recipient will be subject to tax at ordinary income rates on the fair market value of the shares (reduced by any amount paid by the participant for such shares). However, a recipient who so elects under Section 83(b) of the Code within 30 days of the date of transfer of the shares will have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of such shares (determined without regard to the Restrictions) over the purchase price, if any, of such restricted shares. Any appreciation (or depreciation) realized upon a later disposition of such shares will be treated as long-term or short-term capital gain (or loss) depending upon whether the shares have been held for more than one year. If a Section 83(b) election has not been made, any dividends received with respect to restricted shares that are subject to the restrictions generally will be treated as compensation that is taxable as ordinary income to the participant.

Restricted Stock Units; Performance Awards; Dividend Equivalents and Other Share-Based Awards. Generally, no income will be recognized upon the award of restricted stock units, performance awards, dividend equivalents or other share-based awards. The recipient of any such award generally will be subject to tax at ordinary income rates on any cash received and the fair market value of any unrestricted shares of Common Stock or other property on the date that such amounts are transferred to the participant under the award (reduced by any amount paid by the participant for such award). Upon the subsequent disposition of any shares received in settlement of an award, the participant will recognize a short-term or long-term capital gain or loss in the amount of the difference between the sales price of the shares and the participant's tax basis in the shares.

Table of Contents

Section 409A of the Code. Certain types of awards under the 2019 Plan may constitute, or provide for, a deferral of compensation under Section 409A. Unless certain requirements set forth in Section 409A are complied with, holders of such awards may be taxed earlier than would otherwise be the case (e.g., at the time of vesting instead of the time of payment) and may be subject to an additional 20% federal income tax (and, potentially, certain interest penalties). To the extent applicable, the 2019 Plan and awards granted under the 2019 Plan will be structured and interpreted to comply with Section 409A and the Department of Treasury regulations and other interpretive guidance that may be issued pursuant to Section 409A.

Tax Consequences to the Company. To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or the subsidiary for which the participant performs services should be entitled to a corresponding deduction provided that, among other things, the amount (1) meets the test of reasonableness, (2) is an ordinary and necessary business expense, (3) is not an “excess parachute payment” within the meaning of Section 280G of the Code, and (4) is not disallowed by the \$1 million limitation on certain executive compensation under Section 162(m) of the Code.

Section 162(m) Limitation. In general, under Section 162(m), income tax deductions of publicly-held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and non-qualified benefits paid) for covered employees, generally all named executive officers and any covered employee from a previous year, exceeds \$1 million in any one year.

New Plan Benefits

Other than with respect to the annual equity awards to our non-employee directors as described above under "Director Compensation," all future awards under the 2019 Plan are subject to the discretion of the plan administrator and the Company is unable to determine the amount of benefits that may be received by participants under the 2019 Plan, if approved.

- Are there any significant judgments made by management in preparing the financial statements that would have been made differently had EY prepared and been responsible for the financial statements?
- Based on EY's experience, and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with GAAP and Securities and Exchange Commission disclosure requirements?

Reconciliation of non-GAAP financial measures

Although SkyWest's financial statements are prepared in accordance with GAAP, SkyWest management believes that certain non-GAAP financial measures may provide investors with useful information regarding the underlying business trends and performance of SkyWest's ongoing operations and may be useful for period-over-period comparisons of such operations. The following table sets forth supplemental financial data and corresponding reconciliations to GAAP financial statements for the twelve months ended December 31, 2017 and 2016. Readers should consider these non-GAAP measures in addition to, not a substitute for, financial reporting measures prepared in accordance with GAAP. These non-GAAP financial measures exclude some, but not all, items that may affect SkyWest's net income. Additionally, these calculations may not be comparable with similarly titled measures of other companies.

3.SHARES SUBJECT TO THE PLAN

3.1 Number of Shares.

(a) Subject to adjustment as provided in Section 12.2, such number of Shares shall be authorized for grant under the Plan as is equal to the sum of (i) 4,500,000 Shares, less (A) one (1) Share for every one (1) Share subject to an option or stock appreciation right granted after December 31, 2018 under the Prior Plan and prior to the Effective Date and (ii) one and sixty-five one-hundredths (1.65) Shares for every one (1) Share subject to a Prior Plan Award other than an option or stock appreciation right granted after December 31, 2018 under the Prior Plan and prior to the Effective Date, plus (ii) any Shares covered by awards granted under the Prior Plan that again become available for grant pursuant to Section 3.1(b). Any Shares that are subject to Options or Stock Appreciation Rights shall be counted against this limit as one (1) Share for every one (1) Share granted, and any Shares that are subject to Awards other than Options or Stock Appreciation Rights shall be counted against this limit as one and sixty-five one-hundredths (1.65) Shares for every one (1) Share granted. After the Effective Date as provided in Section 13.13, no further awards shall be granted under the Prior Plan.

(b) If an Award or any Shares subject to an Award (or after December 31, 2018, a Prior Plan Award or Shares subject to a Prior Plan Award) is forfeited, expires, or is settled for cash (in whole or in part), the Shares subject to such Award or Prior Plan Award shall, to the extent of such forfeiture, expiration or cash settlement, again be available for Awards under the Plan, in accordance with Section 3.1(d) below. Notwithstanding anything to the contrary contained herein, the following Shares shall not be added to the Shares authorized for grant under Section 3.1(a): (i) Shares tendered by the Participant or withheld by the Company in payment of the purchase price of an Option or an option granted under the Prior Plan, or to satisfy any tax withholding obligation with respect to an Award or an award granted under the Prior Plan; (ii) Shares subject to a Stock Appreciation Right or a stock appreciation right granted under the Prior Plan that are not issued in connection with its stock settlement on exercise thereof; and (iii) Shares reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of Options or options granted under the Prior Plan. Any Shares of Restricted Stock forfeited by the Participant or repurchased by the Company under Section 7.3(d) hereof at the same price paid by the Participant so that such Shares are returned to the Company will again be available for Awards under the Plan, in accordance with Section 3.1(d) below. The payment of Dividend Equivalents in cash in conjunction with any outstanding Awards shall not be counted against the Shares available for issuance under the Plan. Notwithstanding the provisions of this Section 3.1(b), no Shares may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

(c) Substitute Awards shall not reduce the Shares authorized for grant under the Plan (except that Shares acquired by exercise of substitute Incentive Stock Options will count against the maximum number of Shares that may be issued pursuant to the exercise of Incentive Stock Options under the Plan), nor shall Shares subject to a Substitute Award again be available for Awards under the Plan to the extent of any forfeiture, expiration or cash settlement as provided in paragraph (b) above. Additionally, in the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for grant under Section 3.1(a) of the Plan; provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not Employees, Consultants or Directors prior to such acquisition or combination.

(d) Any Shares that again become available for grant pursuant to Section 3.1(b) shall be added back as: (i) one (1) Share if such Shares were subject to Options or Stock Appreciation Rights granted under the Plan or

options or stock appreciation rights granted under the Prior Plan; and (ii) as one and sixty-five one-hundredths (1.65) Shares if such Shares were subject to Awards other than Options or Stock Appreciation Rights granted under the Plan or awards other than options or stock appreciation rights granted under the Prior Plan.

(e) Solely for purposes of determining whether Shares are available for the grant of Incentive Stock Options under the Plan, the maximum aggregate number of Shares that may be issued pursuant to Incentive Stock Options granted under the Plan shall be 4,500,000 Shares, subject to adjustment as provided in Section 12.2.

(a) The Plan shall be administered by the Committee. (b) Decisions of the Committee shall be final, conclusive and binding on all persons or entities, including the Company, any Participant, and any Subsidiary. A majority of the members of the Committee may determine its actions, including fixing the time and place of its meetings. Notwithstanding the foregoing, any action or determination by the Committee specifically affecting or relating to a Director shall require the prior approval of the Board.

(c) To the extent not inconsistent with applicable law, or the rules and regulations of the Securities Exchange on which the Shares are traded, the Board or the Committee may delegate to a committee of one or more directors of the Company or one or more officers of the Company any of the authority of the Committee under the Plan, including the right to grant, cancel or suspend Awards; provided, however, that in no event shall an officer of the Company be delegated the authority to grant Awards to, or amend Awards held by, the following individuals: (a)

Any delegation hereunder shall be subject to the restrictions and limits that the Board or Committee specifies at the time of such delegation, and the Board or Committee, as applicable, may at any time rescind the authority so delegated or appoint a new delegatee. At all times, the delegatee appointed under this Section 4.2(c) shall serve in such capacity at the pleasure of the Board or the Committee, as applicable, and the Board or the Committee may abolish any committee at any time and re-vest in itself any previously delegated authority.

4.3. Director Limit. Notwithstanding any provision to the contrary in the Plan, the Board may establish compensation for non-employee Directors from time to time, subject to the limitations in the Plan. The Board will from time to time determine the terms, conditions and amounts of all such non-employee Director compensation in its discretion and pursuant to the exercise of its business judgment, taking into account such factors, circumstances and considerations as it shall deem relevant from time to time, provided that the sum of any cash compensation, or other compensation, and the value (determined as of the grant date in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, or any successor thereto) of Awards granted to a non-employee Director as compensation for services as a non-employee Director during any fiscal year of the Company may not exceed \$500,000 (increased to \$750,000 with respect to any non-employee Director serving as Chairman of the Board or Lead Independent Director or in the fiscal year of a non-employee Director's initial service as a non-employee Director) (with any compensation that is deferred counting towards this limit for the year in which the compensation is first earned, and not a later year of settlement). The Board may make exceptions to this limit for individual non-employee Directors in extraordinary circumstances, as the Board may determine in its discretion, provided that the non-employee Director receiving such additional compensation may not participate in the decision to award such compensation or in other contemporaneous compensation decisions involving non-employee Directors.

5. OPTIONS

5.1. Grant of Options. Options may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan. Any Option shall be subject to the terms and conditions of this Article and to such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall deem desirable.

5.2. Award Agreements. All Options shall be evidenced by a written Award Agreement in such form and containing such terms and conditions as the Committee shall determine which are not inconsistent with the provisions of the Plan. The terms and conditions of Options need not be the same with respect to each Participant. Granting an Option pursuant to the Plan shall impose no obligation on the recipient to exercise such Option. Any individual who is granted an Option pursuant to this Article may hold more than one Option granted pursuant to the Plan at the same time.

5.3. Option Price. Other than in connection with Substitute Awards, the option price per each Share purchasable under any Option granted pursuant to this Article shall not be less than 100% of the Fair Market Value of one Share on the date of grant of such Option; provided, however, that in the case of an Incentive Stock Option granted to a Participant who, at the time of the grant, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Subsidiary, the option price per share shall be no less than 110% of the Fair Market Value of one Share on the date of grant.

5.4. Option Term. The term of each Option shall be fixed by the Committee in its sole discretion; provided that no Option shall be exercisable after the expiration of seven (7) years from the date the Option is granted, except in the event of death or disability; provided, however, that the term of the Option shall not exceed five (5) years from the date the Option is granted in the case of an Incentive Stock Option granted to a Participant who, at the time of the grant, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Subsidiary.

5.5.Exercise of Options.

(a) Vested Options granted under the Plan shall be exercised by the Participant or by a Permitted Assignee thereof (or by the Participant's executors, administrators, guardian or legal representative, as may be provided in an Award Agreement) as to all or part of the Shares covered thereby, by giving notice of exercise to the Company or its designated agent, specifying the number of Shares to be purchased. The notice of exercise shall be in such form, made in such manner, and shall comply with such other requirements consistent with the provisions of the Plan as the Committee may prescribe from time to time.

(b) Unless otherwise provided in an Award Agreement, full payment of such purchase price shall be made at the time of exercise and shall be made: (i) in cash or cash equivalents (including certified check or bank check or wire transfer of immediately available funds); (ii) by tendering previously acquired Shares (either actually or by attestation) with a fair market value on the date of delivery equal to the amount of the purchase price to be paid by the Participant; (iii) with the consent of the Committee, by delivery of other consideration having a fair market value on the exercise date equal to the total purchase price; (iv) with the consent of the Committee, by the withholding of Shares issuable upon exercise of such Options by the Company with a fair market value on the date of delivery equal to the amount of the purchase price to be paid by the Participant; (v) through any other method specified in an Award Agreement (including through delivery (including telephonically to the extent permitted by the Company) of a notice that the Participant has placed a market sell order with a broker acceptable to the Company with respect to Shares then issuable upon exercise of such Options, and that the broker has been directed to deliver promptly to the Company funds sufficient to satisfy the applicable purchase price (provided that such amount is paid to the Company at such time as may be required by the Company)); or (vi) any combination of any of the foregoing. The notice of exercise, accompanied by such payment, shall be delivered to the Company at its principal business office or such other office as the Committee may from time to time direct, and shall be in such form, containing such further provisions consistent with the provisions of the Plan, as the Committee may from time to time prescribe. In no event may any Option granted hereunder be exercised for a fraction of a Share.

(c) Notwithstanding the foregoing, an Award Agreement evidencing an Option may provide that if on the last day of the term of the Option the Fair Market Value of one Share exceeds the option price per Share, the Participant has not exercised the Option (or a tandem Stock Appreciation Right, if applicable) and the Option has not expired, the Option shall be deemed to have been exercised by the Participant on such day with payment made by withholding Shares otherwise issuable in connection with the exercise of the Option (subject to Section 13.2). In such event, the Company shall deliver to the Participant the number of Shares for which the Option was deemed exercised, less the number of Shares required to be withheld for the payment of the total purchase price and required withholding taxes; provided, however, any fractional Share shall be settled in cash.

5.6.Form of Settlement. In its sole discretion, the Committee may provide that the Shares to be issued upon an Option's exercise shall be in the form of Restricted Stock or other similar securities.

5.7.Incentive Stock Options. The Committee may grant Incentive Stock Options to any Employee of the Company or any of its present or future parent or subsidiary corporations, as defined in Sections 424(e) or (f) of the Code, respectively, and any other entities the employees of which are eligible to receive Incentive Stock Options under the Code. All Incentive Stock Options will be subject to and construed consistently with Section 422 of the Code. By accepting an Incentive Stock Option, the Participant agrees to give prompt notice to the Company of dispositions or other transfers (other than in connection with a Change in Control) of Shares acquired under the Option made within (a) two (2) years from the grant date of the Option or (b) one (1) year after the transfer of such Shares to the Participant, specifying the date of the disposition or other transfer and the amount the Participant realized, in cash, other property, assumption of indebtedness or other consideration, in such disposition or other transfer. Neither the Company nor the Committee will be liable to a Participant, or any other party, if an Incentive Stock Option fails or ceases to qualify as an "incentive stock option" under Section 422 of the Code. Any Incentive Stock Option or portion thereof that fails to qualify as an "incentive stock option" under Section 422 of the Code for any reason, including becoming exercisable

6.1. Grant and Exercise. Stock Appreciation Rights may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan.

6.2. Terms and Conditions. Stock Appreciation Rights shall be subject to the terms and conditions of this Article and to such additional terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

(a) Upon the exercise of a Stock Appreciation Right, the holder shall have the right to receive the excess of:
(i) the Fair Market Value of one Share on the date of exercise (or such amount less than such Fair Market Value as the Committee shall so determine at any time during a specified period before the date of exercise), over (ii) the grant price of the Stock Appreciation Right.

(b) The Committee shall determine in its sole discretion whether payment on exercise of a Stock Appreciation Right shall be made in cash, in whole Shares or other property, or any combination thereof.

(c) The terms and conditions of Stock Appreciation Rights need not be the same with respect to each recipient.

(d) The Committee may impose such other terms and conditions on the exercise of any Stock Appreciation Right, as it shall deem appropriate. A Stock Appreciation Right shall: (i) have a grant price per Share of not less than the Fair Market Value of one Share on the date of grant, except in the case of Substitute Awards or in connection with an adjustment provided in Section 12.2; and (ii) have a term not greater than seven (7) years.

(e) An Award Agreement evidencing a Stock Appreciation Right may provide that if on the last day of the term of a Stock Appreciation Right the Fair Market Value of one Share exceeds the grant price per Share of the Stock Appreciation Right, the Participant has not exercised the Stock Appreciation Right or the tandem Option (if applicable), and the Stock Appreciation Right has not expired, the Stock Appreciation Right shall be deemed to have been exercised by the Participant on such day. In such event, the Company shall make payment to the Participant in accordance with this Section, reduced by the number of Shares (or cash) required for withholding taxes (subject to Section 13.2). Any fractional Share shall be settled in cash.

7. RESTRICTED STOCK AND RESTRICTED STOCK UNITS

7.1. Grants. Awards of Restricted Stock and of Restricted Stock Units may be issued hereunder to Participants either alone or in addition to other Awards granted under the Plan (a "Restricted Stock Award" or "Restricted Stock Unit Award" respectively), and such Restricted Stock Awards and Restricted Stock Unit Awards shall also be available as a form of payment of Performance Awards and other earned cash-based incentive compensation. Each Restricted Stock Award and Restricted Stock Unit Award shall be subject to vesting restrictions imposed by the Committee covering a period of time specified by the Committee (the "Vesting Period"). The Committee has absolute discretion to determine whether any consideration (other than services) is to be received by the Company or any Subsidiary as a condition precedent to the issuance of Restricted Stock Awards or Restricted Stock Unit Awards; provided that the consideration shall in all events equal or exceed the par value per Share.

7.2. Award Agreements. The terms of any Restricted Stock Award or Restricted Stock Unit Award granted under the Plan shall be set forth in an Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan, including whether any such Restricted Stock Unit Awards shall have

7.3.Rights of Holders of Restricted Stock and Restricted Stock Units.

(a) Unless otherwise provided in the applicable Award Agreement, beginning on the date of grant of the Restricted Stock Award and subject to execution of the Award Agreement, the Participant shall become a stockholder of the Company with respect to all Shares subject to the Award Agreement and shall have all of the rights of a stockholder, including the right to vote such Shares and, subject to Section 7.3(c), the right to receive dividends and other distributions made with respect to such Shares.

(b) A Participant receiving a Restricted Stock Unit Award shall not possess voting rights or the right to receive any dividends or other distributions with respect to such Award. The applicable Award Agreement may, however, grant the Participant Dividend Equivalents with respect to Restricted Stock Units.

(c) Notwithstanding the provisions of this Section, cash dividends with respect to any Restricted Stock Award and any other property (other than cash) distributed as a dividend or otherwise with respect to any Restricted Stock Award shall be subject to restrictions and risk of forfeiture to the same extent as the Restricted Stock with respect to which such cash, Shares or other property has been distributed and shall either (i) be paid at the time such restrictions and risk of forfeiture lapse or (ii) forfeited to the extent the underlying Restricted Stock is forfeited.

(d) Except as otherwise determined by the Committee at the time of the grant of a Restricted Stock Award or thereafter, (a) if no purchase price was paid by the Participant for the Restricted Stock, upon a termination of the Participant's employment or service relationship, the Participant's rights in unvested Restricted Stock then subject to restrictions shall lapse and be forfeited, and such Restricted Stock shall be surrendered to the Company and cancelled without consideration, and (b) if a purchase price was paid by the Participant for the Restricted Stock, upon a termination of the Participant's employment or service relationship, the Company shall have the right to repurchase from the Participant the unvested Restricted Stock then subject to restrictions at a cash price per share equal to the price paid by the Participant for such Restricted Stock or such other amount as may be specified in the applicable Award Agreement.

7.4 Issuance of Shares. Any Restricted Stock granted under the Plan may be evidenced in such manner as the Board may deem appropriate, including book-entry registration or issuance of a stock certificate or certificates, which certificate or certificates shall be held by the Company. Such certificate or certificates shall be registered in the name of the Participant and shall bear an appropriate legend referring to the restrictions applicable to such Restricted Stock.

8. OTHER SHARE-BASED AWARDS; DIVIDEND EQUIVALENTS

8.1.Grants of Other Share-Based Awards. Other Awards of Shares and other Awards that are valued in whole or in part by reference to, or are otherwise based on, Shares or other property (“Other Share-Based Awards”), including deferred stock units, may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan. Other Share-Based Awards shall also be available as a form of payment of other Awards granted under the Plan and other earned cash-based compensation. Other Share-Based Awards shall be subject to such vesting restrictions as are imposed by the Committee covering a period of time specified by the Committee (the “Vesting Period”).

8.2.Dividend Equivalents. Subject to the provisions of the Plan and any Award Agreement, the recipient of an Award other than an Option or Stock Appreciation Right may, if so determined by the Committee, be entitled to receive amounts equivalent to cash, stock or other property dividends on Shares (“Dividend Equivalents”) with respect to the number of Shares covered by the Award, as determined by the Committee, in its sole discretion. The Committee

may provide that the Dividend Equivalents (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested and shall provide that the Dividend Equivalents are subject to the same vesting or performance conditions as the underlying Award. Notwithstanding the foregoing, dividends or Dividend Equivalents with respect to an Award that is subject to vesting that are based on dividends paid prior to the vesting of such Award shall only be paid out to the Participant to the extent that the vesting conditions are subsequently satisfied and the Award vests.

8.3.Award Agreements. The terms of Other Share-Based Award and Dividend Equivalents granted under the Plan shall be set forth in an Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan, including whether any such Other Share-Based Awards shall have Dividend Equivalents. The terms of such Awards need not be the same with respect to each Participant.

9.PERFORMANCE AWARDS

9.1.Grants. Performance Awards in the form of Performance Cash, Performance Shares or Performance Units, as determined by the Committee in its sole discretion, may be granted hereunder to Participants, for no consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. The performance goals to be achieved for each Performance Period shall be conclusively determined by the Committee and may be based upon, without limitation, the criteria set forth in Section 10.1.

9.2.Award Agreements. The terms of any Performance Award granted under the Plan shall be set forth in an Award Agreement (or, if applicable, in a resolution duly adopted by the Committee) which shall contain provisions determined by the Committee and not inconsistent with the Plan, including whether such Awards shall have Dividend Equivalents. The terms of Performance Awards need not be the same with respect to each Participant.

9.3.Terms and Conditions. The performance criteria to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Award. The amount of the Award to be distributed shall be conclusively determined by the Committee.

9.4.Payment. Except as provided in Article 11 or as may be provided in an Award Agreement, Performance Awards will be distributed only after the end of the relevant Performance Period. Performance Awards may be paid in cash, Shares, other property, or any combination thereof, in the sole discretion of the Committee.

10.PERFORMANCE CRITERIA

10.1.Performance Criteria. If the Committee determines that the lapsing of restrictions on an Award and the distribution of cash, Shares or other property pursuant thereto, as applicable, shall be subject to the achievement of one or more objective performance goals established by the Committee, such performance goals may, without limitation, be based on the attainment of specified levels of one or any combination of the following: net sales; revenue; revenue growth or product revenue growth; operating income (before or after taxes); pre- or after-tax income or loss (before or after allocation of corporate overhead and bonus); earnings or loss per share; net income or loss (before or after taxes); return on equity; total stockholder return; return on assets or net assets; appreciation in and/or maintenance of the price of the Shares or any other publicly-traded securities of the Company; market share; gross profits; earnings or losses (including earnings or losses before taxes, before interest and taxes, or before interest, taxes, depreciation and amortization); economic value-added models or equivalent metrics; comparisons with various stock market indices; reductions in costs; cash flow or cash flow per share (before or after dividends); return on capital

Such performance goals also may be based on the Company's performance or the performance of a Subsidiary, division, business segment or business unit of the Company, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The Committee may also exclude charges related to an event or occurrence which the Committee determines should appropriately be excluded, including: (a) restructurings, discontinued operations, extraordinary items, and other unusual, infrequently occurring or non-recurring charges; (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management; or (c) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles.

11.CHANGE IN CONTROL PROVISIONS

11.1.Impact on Awards. In the event of any Change in Control, the Committee, on such terms and conditions as it deems appropriate, either by the terms of the Award or by action taken prior to the occurrence of such transaction or event and either automatically or upon the Participant's request, is hereby authorized to take any one or more of the following actions whenever the Committee determines that such action is appropriate in order to (x) prevent dilution or enlargement of the benefits or potential benefits intended by the Company to be made available under the Plan or with respect to any Award granted or issued under the Plan, or (y) to facilitate such transaction or event:

- (a) To provide for the cancellation of any such Award in exchange for either an amount of cash or other property with a value equal to the amount that could have been obtained upon the exercise or settlement of the vested portion of such Award or realization of the Participant's rights under the vested portion of such Award, as applicable; provided that, if the amount that could have been obtained upon the exercise or settlement of the vested portion of such Award or realization of the Participant's rights, in any case, is equal to or less than zero, then the Award may be terminated without payment;
- (b) To provide that such Award shall vest and, to the extent applicable, be exercisable as to all shares covered thereby, notwithstanding anything to the contrary in the Plan or the provisions of such Award;
- (c) To provide that such Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and/or applicable exercise or purchase price, in all cases, as determined by the Committee;

(d) To make adjustments in the number and type of Shares (or other securities or property) subject to outstanding Awards and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding Awards;

(e) To replace such Award with other rights or property selected by the Committee; and/or

(f) To provide that the Award will terminate and cannot vest, be exercised or become payable after the applicable event.

11.2.Assumption or Substitution of Certain Awards.

(a) Unless otherwise provided in the applicable Award Agreement, in the event of a Change in Control of the Company in which the successor company assumes or provides a substitute award for an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award, Other Share-Based Award or Dividend Equivalent Award (or in which the Company is the ultimate parent corporation and continues the Award), if a Participant's employment with such successor company (or the Company) or a subsidiary thereof terminates within 24 months following such Change in Control (or such other period set forth in the Award Agreement, including prior thereto if applicable) without "cause" or for "good reason" as defined in the Award Agreement or under other circumstances specified in the Award Agreement: (i) Options and Stock Appreciation Rights outstanding as of the date of such termination of employment will immediately vest, become fully exercisable, and may thereafter be exercised for 24 months (or such other longer period of time as is set forth in the applicable Award Agreement); (ii) the restrictions, limitations and other conditions applicable to Restricted Stock and Restricted Stock Units outstanding as of the date of such termination of employment shall lapse and the Restricted Stock and Restricted Stock Units shall become free of all restrictions, limitations and conditions and become fully vested; and (iii) the restrictions, limitations and other conditions applicable to any Other Share-Based Awards or any other Awards shall lapse, and such Other Share-Based Awards or such other Awards shall become free of all restrictions, limitations and conditions and become fully vested and transferable to the full extent of the original grant. For the purposes of this Section 11.2, an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award shall be considered assumed or substituted for if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award immediately prior to the Change in Control, the consideration (whether stock, cash or other securities or property) received in the transaction constituting a Change in Control by holders of Shares for each Share held on the effective date of such transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the transaction constituting a Change in Control is not solely common stock of the successor company, the Committee may, with the consent of the successor company, provide that the consideration to be received upon the exercise or vesting of an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award, for each Share subject thereto, will be solely common stock of the successor company substantially equal in fair market value to the per Share consideration received by holders of Shares in the transaction constituting a Change in Control. The determination of such substantial equality of value of consideration shall be made by the Committee in its sole discretion and its determination shall be conclusive and binding.

(b) Unless otherwise provided in the applicable Award Agreement, in the event of a Change in Control of the Company to the extent the successor company does not assume or substitute for an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award (or in which the Company is the ultimate parent corporation and does not continue the Award), then immediately prior to the Change in Control: (i) those Options and Stock Appreciation Rights outstanding as of the date of the Change in Control that are not assumed or substituted for (or continued) shall immediately vest and become fully exercisable; (ii) all restrictions, limitations and other conditions applicable to Restricted Stock and Restricted Stock Units that are not assumed or substituted for (or continued) shall lapse and the Restricted Stock and Restricted Stock Units shall become free of all restrictions, limitations and conditions and become fully vested; and (iii) the restrictions, other limitations and other

conditions applicable to any Other Share-Based Awards or any other Awards that are not assumed or substituted for (or continued) shall lapse, and such Other Share-Based Awards or such other Awards shall become free of all restrictions, limitations and conditions and become fully vested and transferable to the full extent of the original grant.

11.3. Definition of Change in Control. For purposes of the Plan, unless otherwise provided in an Award Agreement, Change in Control means the occurrence of any one of the following events:

(a) During any twenty-four (24) month period, individuals who, as of the beginning of such period, constitute the Board (the “Incumbent Directors”) cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director subsequent to the beginning of such period whose election or nomination for election was approved by a vote of at least a majority of the Incumbent Directors then on the Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director, without written objection to such nomination) shall be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of the Company as a result of an actual or threatened election contest with respect to directors or as a result of any other actual or threatened solicitation of proxies by or on behalf of any person other than the Board shall be deemed to be an Incumbent Director;

(b) Any “person” (as such term is defined in the Exchange Act and as used in Sections 13(d)(3) and 14(d)(2) of the Exchange Act) is or becomes a “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company’s then outstanding securities eligible to vote for the election of the Board (the “Company Voting Securities”); provided, however, that the event described in this paragraph (b) shall not be deemed to be a Change in Control by virtue of any of the following acquisitions: (i) by the Company or any Subsidiary; (ii) by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary; (iii) by any underwriter temporarily holding securities pursuant to an offering of such securities; (iv) pursuant to a Non-Qualifying Transaction, as defined in paragraph (c); or (v) by any person of Voting Securities from the Company, if a majority of the Incumbent Board approves in advance the acquisition of beneficial ownership of 50% or more of Company Voting Securities by such person;

(c) The consummation of a merger, consolidation, statutory share exchange or similar form of corporate transaction involving the Company or any of its Subsidiaries that requires the approval of the Company’s stockholders, whether for such transaction or the issuance of securities in the transaction (a “Business Combination”), unless immediately following such Business Combination: (i) more than 50% of the total voting power of (A) the corporation resulting from such Business Combination (the “Surviving Corporation”), or (B) if applicable, the ultimate parent corporation that directly or indirectly has beneficial ownership of 100% of the voting securities eligible to elect directors of the Surviving Corporation (the “Parent Corporation”), is represented by Company Voting Securities that were outstanding immediately prior to such Business Combination (or, if applicable, is represented by shares into which such Company Voting Securities were converted pursuant to such Business Combination), and such voting power among the holders thereof is in substantially the same proportion as the voting power of such Company Voting Securities among the holders thereof immediately prior to the Business Combination, (ii) no person (other than any employee benefit plan (or related trust) sponsored or maintained by the Surviving Corporation or the Parent Corporation), is or becomes the beneficial owner, directly or indirectly, of 50% or more of the total voting power of the outstanding voting securities eligible to elect directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation) and (iii) at least a majority of the members of the board of directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation) following the consummation of the Business Combination were Incumbent Directors at the time of the Board’s approval of the execution of the initial agreement providing for such Business Combination (any Business Combination which satisfies all of the criteria specified in (i), (ii) and (iii) above shall be deemed to be a “Non-Qualifying Transaction”); or

(d) The stockholders of the Company approve a plan of complete liquidation or dissolution of the Company or the consummation of a sale of all or substantially all of the Company’s assets.

Table of Contents

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any person acquires beneficial ownership of 50% or more of the Company Voting Securities as a result of the acquisition of Company Voting Securities by the Company which reduces the number of Company Voting Securities outstanding; provided, that if after such acquisition by the Company such person becomes the beneficial owner of additional Company Voting Securities that increases the percentage of outstanding Company Voting Securities beneficially owned by such person, a Change in Control of the Company shall then occur.

Notwithstanding the foregoing, if a Change in Control constitutes a payment event with respect to any Award (or portion of any Award) that provides for the deferral of compensation that is subject to Section 409A, to the extent required to avoid the imposition of additional taxes under Section 409A, the transaction or event shall only constitute a Change in Control for purposes of the payment timing of such Award if such transaction also constitutes a “change in control event,” as defined in Treasury Regulation Section 1.409A-3(i)(5).

11.4.No Restriction on Company Rights. The existence of the Plan, any Award Agreement and the Awards granted hereunder shall not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company’s capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Shares or the rights thereof or which are convertible into or exchangeable for Shares, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

11.5.Administrative Convenience. In the event of any Change in Control or any transaction described in Section 12.2, including any Equity Restructuring, for reasons of administrative convenience, the Company, in its discretion, may refuse to permit the exercise of any Award during a period of up to thirty (30) days prior to the consummation of any such transaction.

12.GENERALLY APPLICABLE PROVISIONS

12.1.Amendment and Termination of the Plan; Prohibition on Repricing. The Board or the Committee may, from time to time, alter, amend, suspend or terminate the Plan as it shall deem advisable, subject to any requirement for stockholder approval imposed by applicable law, including the rules and regulations of the Securities Exchange on which the Shares are then traded. However, subject to Section 12.2 hereof, without approval of the Company’s stockholders given within twelve (12) months before or after the action by the Board or the Committee, no action of the Board or the Committee may, except as provided in Section 12.2, increase the limits imposed in Section 3.1 on the maximum number of Shares which may be issued under the Plan or the maximum number of Shares that may be issued pursuant to Incentive Stock Options under the Plan. Subject to Article 11 and Section 12.2 hereof, the Committee shall not, without the approval of the stockholders of the Company, (a) authorize the amendment of any outstanding Option or Stock Appreciation Right to reduce its price per share, or (b) cancel any Option or Stock Appreciation Right in exchange for cash or another Award when the Option or Stock Appreciation Right price per share exceeds the Fair Market Value of the underlying Shares. Subject to Section 12.2 hereof, the Committee shall have the authority, without the approval of the stockholders of the Company, to amend any outstanding Award to increase the price per share or to cancel and replace an Award with the grant of an Award having a price per share that is greater than or equal to the price per share of the original Award.

12.2.Adjustments.

(a) In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off or similar

transaction or other change in corporate structure affecting the Shares or the value thereof, such

adjustments and other substitutions may be made to the Plan and to Awards as the Committee deems equitable or appropriate taking into consideration the accounting and tax consequences, including such adjustments in the aggregate number, class and kind of securities that may be delivered under the Plan, the maximum number of Shares that may be issued pursuant to Incentive Stock Options, and, in the aggregate, in the number, class, kind and exercise price or grant price (if applicable) of securities subject to outstanding Awards granted under the Plan (including, if the Committee deems appropriate, the substitution of similar options to purchase the shares of, or other awards denominated in the shares of, another company) as the Committee may determine to be appropriate; provided, however, that the number of Shares subject to any Award shall always be a whole number.

(b) In connection with any Equity Restructuring, notwithstanding anything to the contrary in this Section 12.2 or Article 11, the Committee will equitably adjust each outstanding Award as it deems appropriate to reflect the Equity Restructuring, which may include adjusting the number, class and kind of securities subject to each outstanding Award and/or the Award's exercise price or grant price (if applicable), granting new Awards to Participants, and making a cash payment to Participants. The adjustments provided under this Section 12.2(b) will be nondiscretionary and final and binding on the affected Participant and the Company; provided that the Committee will determine whether an adjustment is equitable.

12.3. Transferability of Awards. Except as provided below, no Award and no Shares that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution, and such Award may be exercised during the life of the Participant only by the Participant or the Participant's guardian or legal representative. To the extent and under such terms and conditions as determined by the Committee, a Participant may assign or transfer an Award (each transferee thereof, a "Permitted Assignee") to: (i) the Participant's spouse, children or grandchildren (including any adopted and step children or grandchildren), parents, grandparents or siblings; (ii) to a trust for the benefit of one or more of the Participant or the persons referred to in clause (i); (iii) to a partnership, limited liability company or corporation in which the Participant or the persons referred to in clause (i) are the only partners, members or shareholders; or (iv) for charitable donations; provided that such transfer is not effectuated for any value or consideration and such Permitted Assignee shall be bound by and subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred Award and shall execute an agreement satisfactory to the Company evidencing such obligations; and provided, further, that such Participant shall remain bound by the terms and conditions of the Plan. The Company shall cooperate with any Permitted Assignee and the Company's transfer agent in effectuating any transfer permitted under this Section.

12.4. Termination of Employment or Services. The Committee shall determine and set forth in each Award Agreement whether any Awards granted in such Award Agreement will continue to be exercisable, continue to vest or be earned and the terms of such exercise, vesting or earning, on and after the date that a Participant ceases to be employed by or to provide services to the Company or any Subsidiary (including as a Director), whether by reason of death, disability, voluntary or involuntary termination of employment or services, or otherwise. The date of termination of a Participant's employment or services will be determined by the Committee, which determination will be final.

12.5. Deferral. The Committee in its sole discretion shall be authorized to establish procedures pursuant to which the payment of any Award may be deferred.

12.6. Payment. The Committee shall determine the methods by which payments by any Participant with respect to any Awards granted under the Plan shall be made, including, without limitation: (a) in cash or cash equivalents (including certified check or bank check or wire transfer of immediately available funds), (b) Shares (including, in the case of payment of the exercise or purchase price of an Award, Shares issuable pursuant to the exercise or settlement of the Award) held for such period of time as may be required by the Committee in order to avoid adverse accounting consequences, in each case, having a fair market value on the date of delivery equal to the aggregate payments required, (c) through delivery (including telephonically to the extent permitted by the Company) of a written or

electronic notice that the Participant has placed a market sell order with a broker acceptable to the Company with respect to Shares then-

93

issuable upon exercise or vesting of an Award, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the aggregate payments required; provided, however, that payment of such proceeds is then made to the Company upon settlement of such sale, (d) other form of legal consideration acceptable to the Committee, or (e) any combination of the foregoing. The Committee shall also determine the methods by which Shares shall be delivered or deemed to be delivered to Participants. Notwithstanding any other provision of the Plan to the contrary, no Participant who is a Director or an “executive officer” of the Company within the meaning of Section 13(k) of the Exchange Act shall be permitted to make payment with respect to any Awards granted under the Plan, or continue any extension of credit with respect to such payment with a loan from the Company or a loan arranged by the Company in violation of Section 13(k) of the Exchange Act. In all events, valid consideration shall be paid for all Shares issued under the Plan, which consideration shall in all events equal or exceed the par value per Share.

13.MISCELLANEOUS

13.1.Award Agreements. Each Award Agreement shall either be: (a) in writing in a form approved by the Committee and executed by the Company by an officer duly authorized to act on its behalf; or (b) an electronic notice in a form approved by the Committee and recorded by the Company (or its designee) in an electronic recordkeeping system used for the purpose of tracking one or more types of Awards as the Committee may provide; in each case and if required by the Committee, the Award Agreement shall be executed or otherwise electronically accepted by the recipient of the Award in such form and manner as the Committee may require. The Committee may authorize any officer of the Company to execute any or all Award Agreements on behalf of the Company. The Award Agreement shall set forth the material terms and conditions of the Award as established by the Committee consistent with the provisions of the Plan.

13.2.Tax Withholding. The Company shall have the right to make all payments or distributions pursuant to the Plan to a Participant (or a Permitted Assignee thereof) (any such person, a “Payee”) net of any applicable federal, state and local taxes required to be paid or withheld as a result of any taxable event concerning a Payee arising in connection with any Award. The Company or any Subsidiary shall have the right to withhold or deduct from wages or other amounts otherwise payable to such Payee such withholding taxes as may be required by law, or to otherwise require the Payee to pay such withholding taxes. The Committee may in its sole discretion and in satisfaction of the foregoing requirement allow a Payee to satisfy such obligations by any payment means described in Section 12.6 hereof, including without limitation, by allowing such Payee to elect to have the Company or a Subsidiary withhold Shares otherwise issuable under an Award (or allow the surrender of Shares). Notwithstanding any other provision of the Plan, the number of Shares which may be so delivered or retained shall be limited to the number of Shares which have a fair market value on the date of delivery or retention no greater than the aggregate amount of such liabilities based on such Payee’s minimum applicable statutory tax withholding rates for federal, state, local and foreign income tax and payroll tax purposes or such other higher rates approved by the Committee (which rates shall in no event exceed the maximum individual statutory tax rate in the applicable jurisdiction at the time of such withholding (or such other rate as may be required to avoid the liability classification of the applicable award under generally accepted accounting principles in the United States of America)); provided, however, unless otherwise approved by the Committee, to the extent such Shares were acquired by the Payee from the Company as compensation, the Shares must have been held for the minimum period required by applicable accounting rules to avoid a charge to the Company’s earnings for financial reporting purposes; provided, further, that the number of Shares delivered or retained shall be rounded up to the nearest whole Share sufficient to cover the applicable tax withholding obligation to the extent rounding up to the nearest whole Share does not result in the liability classification of the applicable Award under generally accepted accounting principles in the United States of America, even if such rounding would cause the fair market value of the Shares tendered or withheld to exceed the minimum applicable statutory withholding rate. The Committee shall determine the fair market value of the Shares, consistent with applicable provisions of the Code, for tax withholding obligations due in connection with a broker-assisted cashless Option or Stock Appreciation Right exercise involving

the sale of Shares to pay the Option or Stock Appreciation Right exercise price or any tax withholding obligation.

13.3.Right of Discharge Reserved; Claims to Awards. Nothing in the Plan nor the grant of an Award hereunder shall confer upon any Employee, Director or Consultant the right to continue in the employment or service of the Company or any Subsidiary or affect any right that the Company or any Subsidiary may have to terminate the employment or service of (or to demote or to exclude from future Awards under the Plan) any such Employee, Director or Consultant at any time for any reason “at will.” Except as specifically provided by the Committee, the Company shall not be liable for the loss of existing or potential profit from an Award granted in the event of termination of an employment or other relationship. No Employee, Director or Consultant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Employees, Directors or Consultants under the Plan.

13.4.Substitute Awards. Notwithstanding any other provision of the Plan, the terms of Substitute Awards may vary from the terms set forth in the Plan to the extent the Committee deems appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted.

13.5.Cancellation of Award; Forfeiture of Gain; Clawbacks.

(a) Notwithstanding anything to the contrary contained herein, an Award Agreement may provide that the Award shall be canceled if the Participant, without the consent of the Company, while employed by or providing services to the Company or any Subsidiary or after termination of such employment or service, violates a non-competition, non-solicitation or non-disclosure covenant or agreement or otherwise engages in activity that is in conflict with or adverse to the interest of the Company or any Subsidiary (including conduct contributing to any financial restatements or financial irregularities), as determined by the Committee in its sole discretion. The Committee may provide in an Award Agreement that if within the time period specified in the Agreement the Participant establishes a relationship with a competitor or engages in an activity referred to in the preceding sentence, the Participant will forfeit any gain realized on the vesting or exercise of the Award and must repay such gain to the Company.

(b) All Awards (including, without limitation, any proceeds, gains or other economic benefit actually or constructively received by Participant upon any receipt or exercise of any Award or upon the receipt or resale of any Shares underlying the Award) shall be subject to the provisions of any claw-back policy implemented by the Company, including, without limitation, any claw-back policy adopted to comply with Applicable Laws (including the Dodd-Frank Wall Street Reform and Consumer Protection Act and any rules or regulations promulgated thereunder) as and to the extent set forth in such claw-back policy or the Award Agreement.

13.6. Stop Transfer Orders. All certificates for Shares delivered under the Plan pursuant to any Award shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the U.S. Securities and Exchange Commission (“SEC”), any stock exchange upon which the Shares are then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

13.7. Nature of Payments. All Awards made pursuant to the Plan are in consideration of services performed or to be performed for the Company or any Subsidiary, division or business unit of the Company. Any income or gain realized pursuant to Awards under the Plan constitutes a special incentive payment to the Participant and shall not be taken into account, to the extent permissible under applicable law, as compensation for purposes of any of the employee benefit plans of the Company or any Subsidiary except as may be determined by the Committee or by the Board or board of directors of the applicable Subsidiary.

13.8. Other Plans. Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

13.9. Severability. The provisions of the Plan shall be deemed severable. If any provision of the Plan shall be held unlawful or otherwise invalid or unenforceable in whole or in part by a court of competent jurisdiction or by reason of change in a law or regulation, such provision shall: (a) be deemed limited to the extent that such court of competent jurisdiction deems it lawful, valid and/or enforceable and as so limited shall remain in full force and effect; and (b) not affect any other provision of the Plan or part thereof, each of which shall remain in full force and effect. If the making of any payment or the provision of any other benefit required under the Plan shall be held unlawful or otherwise invalid or unenforceable by a court of competent jurisdiction, such unlawfulness, invalidity or unenforceability shall not prevent any other payment or benefit from being made or provided under the Plan, and if the making of any payment in full or the provision of any other benefit required under the Plan in full would be unlawful or otherwise invalid or unenforceable, then such unlawfulness, invalidity or unenforceability shall not prevent such payment or benefit from being made or provided in part, to the extent that it would not be unlawful, invalid or unenforceable, and the maximum payment or benefit that would not be unlawful, invalid or unenforceable shall be made or provided under the Plan.

13.10. Construction. As used in the Plan, the words “include” and “including,” and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words “without limitation.”

13.11. Unfunded Status of the Plan. The Plan is intended to constitute an “unfunded” plan for incentive compensation. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver the Shares or payments in lieu of or with respect to Awards hereunder; provided, however, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

13.12. Governing Law. The Plan and all determinations made and actions taken thereunder, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Utah, without reference to principles of conflict of laws, and construed accordingly.

13.13. Effective Date of Plan; Termination of Plan. The Plan shall be effective on the date of the approval of the Plan by the stockholders of the Company (the “Effective Date”). If the Plan is not approved by the Company’s stockholders, the Plan will not become effective, no Awards will be granted under the Plan and the Prior Plan will continue in full force and effect in accordance with its terms. The Plan will be submitted for the approval of the Company’s stockholders within twelve (12) months after the date of the Board’s adoption of the Plan. Notwithstanding anything herein to the contrary, no Incentive Stock Option shall be granted under the Plan after the tenth (10th) anniversary of the date on which the Plan is adopted by the Board.

13.14. Foreign Employees and Consultants. Awards may be granted to Participants who are foreign nationals or employed or providing services outside the United States, or both, on such terms and conditions different from those applicable to Awards to Employees or Consultants providing services in the United States as may, in the judgment of the Committee, be necessary or desirable in order to recognize differences in local law or tax policy. The Committee also may impose conditions on the exercise or vesting of Awards in order to minimize the Company’s obligation with respect to tax equalization for Employees or Consultants on assignments outside their home country.

13.15. Compliance with Section 409A of the Code.

(a) The Company intends that all Awards be structured to comply with, or be exempt from, Section 409A, such that no adverse tax consequences, interest, or penalties under Section 409A apply. Notwithstanding anything in the Plan or any Award Agreement to the contrary, the Committee may, without a Participant’s consent, amend this Plan or Awards, adopt policies and procedures, or take any other actions (including amendments, policies, procedures and

retroactive actions) as are necessary or appropriate to preserve the intended tax treatment of Awards,

96

including any such actions intended to (A) exempt this Plan or any Award from Section 409A, or (B) comply with Section 409A, including regulations, guidance, compliance programs and other interpretative authority that may be issued after an Award's grant date. The Company makes no representations or warranties as to an Award's tax treatment under Section 409A or otherwise. The Company will have no obligation under this Section 13.15. otherwise to avoid the taxes, penalties or interest under Section 409A with respect to any Award and will have no liability to any Participant or any other person if any Award, compensation or other benefits under the Plan are determined to constitute noncompliant "nonqualified deferred compensation" subject to taxes, penalties or interest under Section 409A.

(b) If an Award constitutes "nonqualified deferred compensation" under Section 409A, any payment or settlement of such Award upon a termination of a Participant's employment or service relationship will, to the extent necessary to avoid taxes under Section 409A, be made only upon the Participant's "separation from service" (within the meaning of Section 409A), whether such "separation from service" occurs upon or after the termination of the Participant's employment or service relationship. For purposes of this Plan or any Award Agreement relating to any such payments or benefits, references to a "termination," "termination of employment" or like terms means a "separation from service."

(c) Notwithstanding any contrary provision in the Plan or any Award Agreement, any payment(s) of "nonqualified deferred compensation" required to be made under an Award to a "specified employee" (as defined under Section 409A and as the Committee determines) due to his or her "separation from service" will, to the extent necessary to avoid taxes under Section 409A(a)(2)(B)(i) of the Code, be delayed for the six-month period immediately following such "separation from service" (or, if earlier, until the specified employee's death) and will instead be paid (as set forth in the Award Agreement) on the day immediately following such six-month period or as soon as administratively practicable thereafter (without interest). Any payments of "nonqualified deferred compensation" under such Award payable more than six months following the Participant's "separation from service" will be paid at the time or times the payments are otherwise scheduled to be made.

13.16 No Registration Rights; No Right to Settle in Cash. The Company has no obligation to register with any governmental body or organization (including, without limitation, the SEC) any of: (a) the offer or issuance of any Award; (b) any Shares issuable upon the exercise of any Award; or (c) the sale of any Shares issued upon exercise of any Award, regardless of whether the Company in fact undertakes to register any of the foregoing. In particular, in the event that any of: (i) any offer or issuance of any Award; (ii) any Shares issuable upon exercise of any Award; or (iii) the sale of any Shares issued upon exercise of any Award are not registered with any governmental body or organization (including, without limitation, the SEC), the Company will not under any circumstance be required to settle its obligations, if any, under this Plan in cash.
