 OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2013

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR
 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number 1-07265

AMBASE CORPORATION
(Exact name of registrant as specified in its charter)

DELAWARE 95-2962743
(State of incorporation) (I.R.S. Employer Identification No.)

100 Putnam Green, 3rd Floor, Greenwich, CT 06830-6027
(Address of principal executive offices)

Registrant's telephone number, including area code: (203) 532-2000

Securities registered pursuant to Section 12(g) of the Act:

Title of each class
Common Stock (\$0.01 par value)

Rights to Purchase Common Stock

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.
Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act.
Yes No

Edgar Filing: AMBASE CORP - Form 10-K

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months, and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to the Form 10-K.

Edgar Filing: AMBASE CORP - Form 10-K

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "accelerated filer", "large accelerated filer", and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large Accelerated Filer Accelerated Filer Non-Accelerated Filer Smaller Reporting Company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes

No .

At February 28, 2014, there were 40,880,259 shares of registrant's Common Stock outstanding. At June 30, 2013, the aggregate market value of registrant's voting securities (consisting of its Common Stock) held by nonaffiliates of the registrant, based on the average bid and asking price on such date of the Common Stock of \$0.85 per share was approximately \$21.2 million. The Common Stock constitutes registrant's only outstanding class of security.

Portions of the registrant's definitive Proxy Statement for its 2014 Annual Meeting of Stockholders, which Proxy Statement the registrant intends to file with the Securities and Exchange Commission not later than 120 days after the close of its fiscal year, is incorporated by reference with respect to certain information contained therein, in Part III of this Annual Report.

The Exhibit Index is located in Part IV, Item 15, Page 43.

PART I

ITEM 1. BUSINESS

AmBase Corporation (the "Company" or "AmBase") is a Delaware corporation that was incorporated in 1975. AmBase is a holding company which has an equity investment in a real estate development property to develop real property in New York, New York and through a wholly owned subsidiary, owns a commercial office building in Greenwich, Connecticut that is managed and operated by the Company. The building is approximately 14,500 square feet; with approximately 3,500 square feet utilized by the Company for its executive offices; the remaining space is currently unoccupied and available for lease. The executive office of the Company is located at 100 Putnam Green, Third Floor, Greenwich, Connecticut 06830.

The Company's assets currently consist primarily of cash and cash equivalents, investment securities, an equity investment in a real estate development property, an indemnification asset, and real estate owned. The Company earns non-operating revenue consisting principally of investment earnings on investment securities and cash equivalents. As further discussed in Part II – Item 8 - Note 5 to the Company's consolidated financial statements, in June 2013, the Company, through a newly formed subsidiary, purchased an equity interest in a real estate development property through a joint venture agreement to purchase and develop real property located at 105 through 111 West 57th Street in New York, New York (the "111 West 57th Property"). The Company continues to evaluate a number of possible acquisitions and is engaged in the management of its assets and liabilities, including the contingent assets associated with its legal claims, as described in Part II – Item 8 - Notes 10 and 11 to the Company's consolidated financial statements. Discussions and negotiations are ongoing with respect to certain of these matters. From time to time, the Company and its subsidiaries may be named as a defendant in various lawsuits or proceedings. The Company intends to aggressively contest all litigation and contingencies, as well as pursue all sources for contributions to settlements. For a discussion of lawsuits and proceedings, including a discussion of the Supervisory Goodwill Settlement Agreement – Tax Gross-up see Part II – Item – 8 – Notes 10 and 11 to the Company's consolidated financial statements.

The Company was a plaintiff in a legal proceeding, commenced in 1993, seeking recovery of damages from the United States Government for the loss of the Company's wholly-owned subsidiary, Carteret Savings Bank, F.A. (the "Supervisory Goodwill" legal proceedings). Pursuant to a Settlement Agreement between the Company, the Federal Deposit Insurance Corporation-Receiver ("FDIC-R") and the Department of Justice ("DOJ") on behalf of the United States of America (the "United States"), (the "Settlement Agreement") as approved by the United States Court of Federal Claims (the "Court of Federal Claims"), in October 2012, the United States paid \$180,650,000 directly to AmBase (the "Settlement Amount"). As part of the Settlement Agreement in the Company's Supervisory Goodwill legal proceedings, the Company is entitled to a tax gross-up in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount. See Part II – Item 8 – Notes 10 and 11 to the Company's consolidated financial statements for a discussion of the Supervisory Goodwill tax gross-up matters relating to the Settlement Agreement.

The Company had 6 employees at December 31, 2013.

Background

In August 1988, the Company acquired Carteret Bancorp Inc., which through its principal wholly owned subsidiary Carteret Savings Bank, FA, was principally engaged in retail and consumer banking, and mortgage banking including mortgage servicing. On December 4, 1992, the Office of Thrift Supervision ("OTS") placed Carteret Savings Bank, FA in receivership under the management of the Resolution Trust Corporation ("RTC") and a new institution, Carteret Federal Savings Bank, was established to assume the assets and certain liabilities of Carteret Savings Bank, FA. Following the seizure of Carteret Savings Bank, FA, the Company was deregistered as a savings and loan holding

company by the OTS, although the OTS retains jurisdiction for any regulatory violations prior to deregistration. See Part II - Item 8 – Notes 10 and 11 to the Company's consolidated financial statements for a discussion of the tax gross-up matters relating to the Settlement Agreement.

In December 1997, the Company formed a new wholly owned subsidiary, SDG Financial Corp. ("SDG Financial"), to pursue merchant banking activities. SDG Financial purchased an equity interest in SDG, Inc. ("SDG") and was granted the exclusive right to act as the investment banking/financial advisor to SDG, Inc. and all of its subsidiaries and affiliates. The Company also purchased convertible preferred and common stock in AMDG, Inc. ("AMDG"), a majority owned subsidiary of SDG. SDG and AMDG are development stage pharmaceutical companies. The Company remains a shareholder in SDG and AMDG and will continue to monitor the status of SDG and its subsidiary, AMDG, Inc. These investments have no current carrying value, as the Company's original cost basis was previously written off.

STOCKHOLDER INQUIRIES

Stockholder inquiries, including requests for the following: (i) change of address; (ii) replacement of lost stock certificates; (iii) Common Stock name registration changes; (iv) Quarterly Reports on Form 10-Q; (v) Annual Reports on Form 10-K; (vi) proxy material; and (vii) information regarding stockholdings, should be directed to:

American Stock Transfer and Trust Company
59 Maiden Lane
New York, NY 10038
Attention: Shareholder Services
(800) 937-5449 or (718) 921-8200 Ext. 6820

As the Company does not maintain a website, copies of Quarterly Reports on Form 10-Q, Annual Reports on Form 10-K and Proxy Statements can also be obtained directly from the Company free of charge by sending a request to the Company by mail as follows:

AmBase Corporation
100 Putnam Green, 3rd Floor
Greenwich, CT 06830
Attn: Shareholder Services

The Company is subject to the informational requirements of the Securities Exchange Act of 1934 (the "Exchange Act"). Accordingly, the Company's public reports, including Quarterly Reports on Form 10-Q, Annual Reports on Form 10-K and Proxy Statements, can be obtained through the Securities and Exchange Commission ("SEC") EDGAR Database available on the SEC's website at www.sec.gov. Materials filed with the SEC may also be read or copied by visiting the SEC's Public Reference Room, 100 F Street, NE, Washington, DC 20549. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330

ITEM 1A. RISK FACTORS

The Company is subject to various risks, many of which are beyond the Company's control, which could have a negative effect on the Company and its financial condition. As a result of these and other factors, the Company may experience material fluctuations in future operating results on a quarterly or annual basis which could materially and adversely affect the Company's business, financial condition, operating results and stock price. An investment in the Company's stock involves various risks, including those mentioned below and elsewhere in this Annual Report on Form 10-K (this "Annual Report"), and those that are detailed from time to time in the Company's other filings with the Securities and Exchange Commission. You should carefully consider the following risk factors, together with all of the other information included or incorporated by reference in this Annual Report, before you decide whether to purchase the Company's common stock.

The Company is in a competitive business.

The real estate industry is highly competitive. The Company competes for tenants for its unoccupied rental space with a large number of real estate property owners and other companies that sublet properties. The Company's principal means of competition are rents charged in relation to the income producing potential of the location. In addition, the Company expects other major real estate investors, some with much greater resources than the Company has, may compete with the Company for attractive acquisition opportunities. These competitors include REITs, investment banking firms and private institutional investors. This competition has increased prices for commercial properties and may impair the Company's ability to make suitable property acquisitions on favorable terms in the future.

The Company is subject to risks inherent in owning, developing and leasing real estate.

The Company is subject to varying degrees of risk generally related to leasing and owning real estate, many of which are beyond the Company's control. In addition to general risks related to owning commercial real estate, the Company's risks include, among others:

- deterioration in regional and local economic and real estate market conditions,
- failure to complete construction and lease-up on schedule or within budget may increase debt service expense and construction and other costs,
- increased operating costs, including insurance premiums, utilities and real estate taxes, due to inflation and other factors which may not necessarily be offset by increased rents,
- changes in interest rate levels and the availability of financing,
- fluctuations in tourism patterns,
- adverse changes in laws and regulations (including tax, environmental, zoning and building codes, landlord/tenant and other housing laws and regulations) and agency or court interpretations of such laws and regulations and the related costs of compliance,
- potential changes in supply of, or demand for rental properties similar to the Company's,
- competition for tenants and changes in rental rates,
- concentration in a single real estate asset and class,
- difficulty in reletting properties on favorable terms or at all,
- impairments in the Company's ability to collect rent payments when due,
- the potential for uninsured casualty and other losses,
- the impact of present or future environmental legislation and compliance with environmental laws,
- changes in federal or state tax laws, and
- acts of terrorism and war.

Each of these factors could have a material adverse effect on the Company's ability to receive distributions from its properties and investments and the Company's financial condition and results of operations. In addition, real estate investments are relatively illiquid, which means that the Company's ability to promptly sell the Company's property in response to changes in economic and other conditions may be limited.

Development and redevelopment activities may be delayed, not completed, and/or not achieve expected results.

As the Company pursues investments in and/or development and redevelopment projects, these projects generally require various governmental and other approvals, which have no assurance of being received. The Company's

investment in development and redevelopment activities generally entail certain risks, including the following:

- funds may be expended and management's time devoted to projects that may not be completed,
- construction costs of a project may exceed original estimates possibly making the project economically unfeasible,
- projects may be delayed due to, without limitation, adverse weather conditions, labor or material shortages,
- occupancy rates and rents at a completed project may be less than anticipated, and
- expenses at completed development projects may be higher than anticipated.

These risks may reduce the funds available for distribution to the Company and have a material adverse effect on the Company's financial condition and results of operations. Further, investment in and the development and redevelopment of real estate is also subject to the general risks associated with real estate investments. For further information regarding these risks, see the risk factor "The Company is subject to risks inherent in owning, developing and leasing real estate."

Fluctuations in the local market in which the Company's current, equity investment in a development property is located may adversely impact the Company's financial condition and operating results.

The Company's current, equity investment in a development property is located in New York City. This geographic concentration could present risks if the New York City property market performance falls below expectations. The economic condition of this market could affect occupancy, property revenues, and expenses, from the property and its underlying asset value. The financial results of major local employers also may impact the cash flow and value of a property. This could have a negative impact on the Company's financial condition and operating results, which could affect the Company's ability to receive distributions from its investment interest in the property.

Property ownership through equity investments and/or in joint ventures could subject us to the differing business objectives of our co-venturers.

The Company has entered into, and may continue in the future to enter into, equity investments and/or joint ventures (including limited liability companies and partnerships) in which the Company does not hold a direct or controlling interest in the assets underlying the entities in which it invests, including equity investments and/or joint ventures in which (i) the Company owns a direct interest in an entity which controls such assets, or (ii) the Company owns a direct interest in an entity which owns indirect interests, through one or more intermediaries, of such assets. These equity investments and/or joint ventures may include ventures through which the Company would own an indirect economic interest of less than 100 percent of a property owned directly by such joint ventures, and may include equity investments and/or joint ventures that the Company does not control or manage. These investments involve risks that do not exist with properties in which the Company owns a controlling interest with respect to the underlying assets, including the possibility that (i) our co-venturers or partners may, at any time, become insolvent or otherwise refuse to make capital contributions when due, (ii) we may be responsible to our co-venturers or partners for indemnifiable losses, (iii) we may become liable with respect to guarantees of payment or performance by the joint ventures, (iv) we may become subject to buy-sell arrangements which could cause us to sell our interests or acquire our co-venturer's or partner's interests in a joint venture, or (v) our co-venturers or partners may, at any time, have business, economic or other objectives that are inconsistent with our objectives. Even where we have major decision rights or do not have major decision rights, because we lack a controlling interest, our co-venturers or partners may be in a position to take action contrary to our instructions or requests or contrary to our policies or objectives. While we seek protective rights against such contrary actions, there can be no assurance that we will be successful in procuring any such protective rights, or if procured, that the rights will be sufficient to fully protect us against contrary actions. Our organizational documents do not limit the amount of available funds that we may invest in equity investments and/or joint ventures and/or partnerships. If the objectives of our co-venturers or partners are inconsistent with ours, it may adversely affect our ability to make receive and distributions or payments to our investors.

Our insurance coverage on our property or properties may be inadequate or our insurance providers may default on their obligations to pay claims.

We currently carry comprehensive insurance on our property or properties, including insurance for liability, fire and flood. We cannot guarantee that the limits of our current policies will be sufficient in the event of a catastrophe to our property or properties. We cannot guarantee that we will be able to renew or duplicate our current insurance coverage in adequate amounts or at reasonable prices. In addition, while our current insurance policies insure us against loss from terrorist acts and toxic mold, in the future, insurance companies may no longer offer coverage against these types of losses, or, if offered, these types of insurance may be prohibitively expensive. If any or all of the foregoing should occur, we may not have insurance coverage against certain types of losses and/or there may be decreases in the limits of insurance available. Should an uninsured loss or a loss in excess of our insured limits occur, we could lose all or a portion of the capital we have invested in a property or properties, as well as the anticipated future revenue from the property or properties. We cannot guarantee that material losses in excess of insurance proceeds will not occur in the future. If any of our properties were to experience a catastrophic loss, it could seriously disrupt our operations, delay

revenue and result in large expenses to repair or rebuild the property. Such events could adversely affect our financial condition and results of operations. If one or more of our insurance providers were to fail to pay a claim as a result of insolvency, bankruptcy or otherwise, the nonpayment of such claims could have an adverse effect on our financial condition and results of operations. In addition, if one or more of our insurance providers were to become subject to insolvency, bankruptcy or other proceedings and our insurance policies with the provider were terminated or canceled as a result of those proceedings, we cannot guarantee that we would be able to find alternative coverage in adequate amounts or at reasonable prices. In such case, we could experience a lapse in any or adequate insurance coverage with respect to one or more properties and be exposed to potential losses relating to any claims that may arise during such period of lapsed or inadequate coverage.

Illiquidity of real estate limits our ability to act quickly.

Real estate investments are relatively illiquid. Such illiquidity may limit our ability to react quickly in response to changes in economic and other conditions. If we want to sell an investment, we might not be able to dispose of that investment in the time period we desire, and the sales price of that investment might not recoup or exceed the amount of our investment. These limitations on our ability to sell our properties or investments could have a material adverse effect on our financial condition and results of operations.

We are dependent on our key personnel whose continued service is not guaranteed.

We are dependent upon our executive officers for strategic business direction and real estate experience. While we believe that we could find replacements for these key personnel, loss of their services could adversely affect our operations. We have entered into an employment agreement with Richard A. Bianco, Chairman, President and Chief Executive Officer of the Company. We do not presently have key man life insurance for our executive officers, however, the Company is in process of obtaining such insurance with regard to Mr. R. A. Bianco.

The Company may not be able to insure certain risks economically.

The Company may experience economic harm if any damage to the Company's property or properties is not covered by insurance. The Company cannot be certain that the Company will be able to insure all risks that the Company desires to insure economically or that all of the Company's insurers will be financially viable if the Company makes a claim. The Company may suffer losses that are not covered under the Company's insurance policies. If an uninsured loss or a loss in excess of insured limits should occur, the Company could lose capital invested in a property or properties, as well as any future revenue from the property or properties.

Changes in the composition of the Company's assets and liabilities through acquisitions, divestitures or corporate restructuring may affect the Company's results.

The Company may make future acquisitions or divestitures of assets or changes in how such assets are held. Any change in the composition of the Company's assets and liabilities or how such assets and liabilities are held could significantly affect the Company's financial position and the risks that the Company faces.

The Company may not be able to generate sufficient taxable income to fully realize the Company's deferred tax asset.

The Company has federal income tax net operating loss ("NOL") carryforwards and other tax attributes that have been assumed to be utilized due to the uncertain tax position reserve recognized by the Company.

Because the Company from time to time maintains a majority of its assets in securities, the Company may in the future be deemed to be an investment company under the Investment Company Act of 1940 resulting in additional costs and regulatory burdens.

Currently, the Company believes that either it is not within the definition of "Investment Company" as the term is defined under the Investment Company Act of 1940 (the "1940 Act") or, alternatively, may rely on one or more of the 1940 Act's exemptions. The Company intends to continue to conduct its operations in a manner that will exempt the Company from the registration requirements of the 1940 Act. If the Company were to be deemed to be an investment company because of the Company's investments securities holdings, the Company would be required to register as an investment company under the 1940 Act. The 1940 Act places significant restrictions on the capital structure and corporate governance of a registered investment company, and materially restricts its ability to conduct transactions with affiliates. Compliance with the 1940 Act could also increase the Company's operating costs. Such changes could have a material adverse affect on the Company's business, results of operations and financial condition.

Terrorist attacks and other acts of violence or war may affect the market, on which the Company's common stock trades, the markets in which the Company operates the Company's operations and the Company's results of operations.

Terrorist attacks or armed conflicts could affect the Company's business or the businesses of the Company's tenants. The consequences of armed conflicts are unpredictable, and the Company may not be able to foresee events that could have an adverse effect on the Company's business. More generally, any of these events could cause consumer confidence and spending to decrease or result in increased volatility in the U.S. and worldwide financial markets and economy. They also could be a factor resulting in, or a continuation of, an economic recession in the U.S. or abroad. Any of these occurrences could have a significant adverse impact on the Company's operating results and revenues and may result in volatility of the market price for the Company's common stock.

Security breaches and other disruptions could compromise our information and expose us to liability, which would cause our business and reputation to suffer.

In the ordinary course of our business, we collect and store sensitive data that may include intellectual property, our proprietary business information and that of our tenants and business partners, including personally identifiable information of our tenants and employees, on our networks. Despite our security measures, our information technology and infrastructure may be vulnerable to attacks by hackers or breached due to employee error, malfeasance or other disruptions. Any such breach could compromise our networks and the information stored there could be accessed, publicly disclosed, lost or stolen. Any such access, disclosure or other loss of information could result in legal claims or proceedings, liability under laws that protect the privacy of personal information, disrupt our operations, and damage our reputation, which could adversely affect our business.

The Company was a plaintiff in a legal proceeding seeking recovery of damages for the loss of the Company's investment in Carteret which was settled in October 2012. The Settlement Agreement provides for a federal tax gross-up. There can be no assurance of a favorable outcome for the Company regarding receipt of the federal tax gross-up. The Company's tax return has not been examined by the IRS and/or state tax authorities, there can be no assurance as to the amount of taxes ultimately imposed by the IRS and/or state tax authorities or payable by the Company; therefore, the Company cannot predict the final amount of any federal tax gross-up ultimately received by the Company pursuant to the Settlement Agreement.

The Company was a plaintiff in a legal proceeding, commenced in 1993, seeking recovery of damages from the United States Government for the loss of the Company's wholly-owned subsidiary, Carteret Savings Bank, F.A. (the "Supervisory Goodwill" legal proceedings). Pursuant to a Settlement Agreement between the Company, the Federal Deposit Insurance Corporation-Receiver ("FDIC-R") and the Department of Justice ("DOJ") on behalf of the United States of America (the "United States"), (the "Settlement Agreement") as approved by the United States Court of Federal Claims (the "Court of Federal Claims"), in October 2012, the United States paid \$180,650,000 directly to AmBase (the "Settlement Amount"). As part of the Settlement Agreement in the Company's Supervisory Goodwill legal proceedings, the Company is entitled to a tax gross-up in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount. See Part II – Item 8 – Notes 10 and 11 to the Company's consolidated financial statements for a discussion of the Supervisory Goodwill tax gross-up matters relating to the Settlement Agreement.

As the IRS and/or state tax authorities have not examined the Company's 2012 income tax returns, as filed, the Company cannot predict the amount of taxes ultimately imposed by the IRS and/or state tax authorities or payable by the Company; and therefore, the Company cannot predict the final amount of any federal tax gross-up ultimately received by the Company pursuant to the Settlement Agreement.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

The Company, through a wholly owned subsidiary, owns a commercial office building in Greenwich, Connecticut. The building is approximately 14,500 square feet and is available for lease with approximately 3,500 square feet utilized by the Company for its executive offices.

ITEM 3. LEGAL PROCEEDINGS

For a discussion of the Company's legal proceedings, including the Company's Supervisory Goodwill Settlement Agreement and Tax Gross-up matters, see Part II - Item 8 - Notes 10 and 11 to the Company's consolidated financial statements.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

Executive Officers of the Registrant

Each executive officer is elected to serve in the executive officer capacity set forth opposite his respective name until the next Annual Meeting of Stockholders. Other than those noted below, the Company is not aware of any family relationships between any of the executive officers or directors of the Company.

Set forth below is a list of executive officers of the Company at December 31, 2013:

Name	Age	Title
Richard A. Bianco	66	Chairman, President and Chief Executive Officer
John Ferrara	52	Vice President, Chief Financial Officer and Controller
Joseph R. Bianco	69	Treasurer

Mr. Bianco was elected a director of the Company in January 1991, and has served as President and Chief Executive Officer of the Company since May 1991. On January 26, 1993, Mr. Bianco was elected Chairman of the Board of Directors of the Company. He served as Chairman, President and Chief Executive Officer of Carteret, then a subsidiary of the Company, from May 1991 to December 1992.

Mr. Ferrara was elected to the position of Vice President, Chief Financial Officer and Controller of the Company in December 1995, having previously served as Acting Chief Financial Officer, Treasurer and Assistant Vice President and Controller since January 1995; as Assistant Vice President and Controller from January 1992 to January 1995; and as Manager of Financial Reporting from December 1988 to January 1992.

Mr. J. Bianco was elected to the position of Treasurer of the Company in January 1998. He has dedicated his career to the financial services and investment industry. Prior to his employment with the Company in 1996, he worked for Merrill Lynch & Co. ("Merrill") as Vice President, responsible for Sales and Marketing in the Merrill Global Securities Clearing from 1983 to 1996. Mr. Joseph R. Bianco and Mr. Richard A. Bianco are related.

PART II

ITEM MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS, AND
5. ISSUER PURCHASES OF EQUITY SECURITIES

The Common Stock of the Company trades through one or more market makers, with quotations made available in the over-the-counter market under the symbol ABCP. The sales prices per share for the Company's Common Stock represent the range of the reported high and low bid quotations. Such prices reflect interdealer prices, without retail mark-up, markdown or commission, and may not necessarily represent actual transactions.

	2013		2012	
	High	Low	High	Low
First Quarter	\$1.27	\$0.96	\$1.85	\$1.07
Second Quarter	1.28	0.85	1.89	1.65
Third Quarter	1.25	0.90	2.85	1.75

Fourth Quarter 1.23 1.08 3.15 1.01

As of February 28, 2014, there were approximately 11,400 beneficial owners of the Company's Common Stock. No dividends were declared or paid on the Company's Common Stock in 2013. On December 10, 2012, the Company paid a cash dividend of \$2.00 per share of common stock to common shareholders of record. The Company has no current plans to declare or pay dividends in the foreseeable future.

For information concerning the Company's stockholder rights plan, see Part II - Item 8 - Note 7 to the Company's consolidated financial statements.

Common Stock Repurchase Plan

In January 2002, and reaffirmed by the Company's Board of Directors in June 2013, the Company announced a common stock repurchase plan (the "Repurchase Plan") which allows for the repurchase by the Company of up to 10 million shares of its common stock in the open market.

The Repurchase Plan is conditioned upon favorable business conditions and acceptable prices for the common stock. Purchases under the Repurchase Plan may be made, from time to time, in the open market, through block trades or otherwise. Depending on market conditions and other factors, purchases may be commenced or suspended any time or from time to time without prior notice.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the consolidated financial statements and related notes, which are contained in Part II - Item 8,

herein.

BUSINESS OVERVIEW

AmBase Corporation (the "Company") is a holding company which has an equity investment in a real estate development property to develop real property in New York, New York and through a wholly-owned subsidiary, owns a commercial office building in Greenwich, Connecticut.

The Company's assets currently consist of cash and cash equivalents, investment securities, an equity investment in a real estate development property, an indemnification asset, and real estate owned. The Company earns non-operating revenue consisting principally of investment earnings on investment securities and cash equivalents. As further discussed in Part II – Item 8 – Note 5 to the Company's consolidated financial statements, in June 2013, the Company, through a newly formed subsidiary, purchased an equity interest in a real estate development project through a joint venture agreement to purchase and develop real property located at 105 through 111 West 57th Street in New York, New York (the "111 West 57th Property"). The Company continues to evaluate a number of possible acquisitions and is engaged in the management of its assets and liabilities, including the contingent assets associated with its legal claims. Discussions and negotiations are ongoing with respect to certain of these matters. From time to time, the Company and its subsidiaries may be named as a defendant in various lawsuits or proceedings. The Company intends to aggressively contest all litigation and contingencies, as well as pursue all sources for contributions to settlements. For a discussion of lawsuits and proceedings, including a discussion of the Supervisory Goodwill Settlement Agreement – Tax Gross-up see Part II – Item 8 – Notes 10 and 11 to the Company's consolidated financial statements.

FINANCIAL CONDITION AND LIQUIDITY

The Company's assets at December 31, 2013, aggregated \$98,363,000, consisting principally of cash and cash equivalents of \$6,940,000, investment securities of \$14,798,000, an equity investment in a real estate development property of \$56,132,000, an indemnification asset - federal tax gross-up of \$18,429,000 and real estate owned, net of \$1,824,000. At December 31, 2013, the Company's liabilities, including an uncertain tax position reserve, aggregated \$38,590,000. Total stockholders' equity was \$59,773,000.

The Company was a plaintiff in a legal proceeding, commenced in 1993, seeking recovery of damages from the United States Government for the loss of the Company's wholly-owned subsidiary, Carteret Savings Bank, F.A. (the "Supervisory Goodwill" legal proceedings). Pursuant to a Settlement Agreement between the Company, the Federal Deposit Insurance Corporation-Receiver ("FDIC-R") and the Department of Justice ("DOJ") on behalf of the United States of America (the "United States"), (the "Settlement Agreement") as approved by the United States Court of Federal Claims (the "Court of Federal Claims"), in October 2012, the United States paid \$180,650,000 directly to AmBase (the "Settlement Amount"). As part of the Settlement Agreement in the Company's Supervisory Goodwill legal proceedings, the Company is entitled to a tax gross-up in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount. See Part II – Item 8 – Notes 10 and 11 to the Company's consolidated financial statements for a discussion of the Supervisory Goodwill tax gross-up matters relating to the Settlement Agreement.

For the year ended December 31, 2013, cash of \$2,267,000 was used by operations for the payment of operating expenses. The cash needs of the Company for 2013 were principally satisfied by the Company's financial resources and to a lesser extent, the receipt of investment earnings on investment securities and cash equivalents. In addition, cash flows used by investment activities for 2013, include a \$57,250,000 equity investment in 111 West 57th Partners LLC ("111 West 57th Partners").

For the year ended December 31, 2012, cash of \$163,256,000 was provided by operations resulting from proceeds received in connection with the Supervisory Goodwill Settlement Agreement partially offset by the payment of operating expenses. In addition, cash flows used by financing activities include the payment of a \$2.00 per common

share cash dividend paid in December 2012, aggregating \$87,511,000. The cash needs of the Company for 2012 were principally satisfied by the Supervisory Goodwill Settlement Agreement proceeds received, the Company's financial resources and to a lesser extent, the receipt of investment earnings on investment securities and cash equivalents.

Real estate owned consists of a commercial office building in Greenwich, Connecticut that is managed and operated by the Company. The building is approximately 14,500 square feet with approximately 3,500 square feet utilized by the Company for its executive offices; the remaining space is currently unoccupied and available for lease. Although the portion of the building not being utilized by the Company is currently unoccupied and available for lease, based on the Company's analysis, including but not limited to the location of the property; current market rents in the area, leasing values, and comparable property sales, the Company believes the property's fair value exceeds the property's current carrying value. Therefore, the Company believes the carrying value of the property as of December 31, 2013, has not been impaired. For additional information see Part II – Item 8 – Note 4 to the Company's consolidated financial statements.

Pursuant to the accounting principles with regard to recognition of uncertain tax positions, (ASC 740-10, Accounting for Income Taxes), the Company was required to record an aggregate tax reserve of approximately \$36,045,000; (\$18.9 million for federal) as of December 31, 2013, and \$34,157,000 (\$18.4 million for federal) as of December 31, 2012, to reflect the net tax effect plus accrued interest for potential tax audit and uncertainty that the \$152 million Carteret worthless stock tax deduction (uncertain tax position), could be disallowed in whole or in part by the tax authorities. The Company believes that if any additional federal tax is owed as a result of any adjustments, these potential amounts would be reimbursable to the Company pursuant to the tax gross-up provision of the Settlement Agreement. As a result, the Company recorded an indemnification asset of \$18.4 million to reflect the net amount (excluding accrued interest) of the federal uncertain tax position reserve recognized. The calculation of the net federal uncertain tax position reserve amount factors in the assumed use of the Company's remaining NOL carryforwards as of 2012 totaling \$24.1 million and use of the Company's remaining AMT Tax Credits as of 2012 totaling \$21.0 million. A portion of the uncertain tax position reserve as of December 31, 2013 and December 31, 2012, is attributable to certain state taxes on the Settlement Amount which are not reimbursable to the Company as part of the Settlement Agreement. For additional information see Part II – Item 8 – Notes 10 and 11 to the Company's consolidated financial statements for a discussion of Income Taxes and the Supervisory Goodwill Settlement Agreement – Tax Gross-up.

Included in accounts payable and accrued liabilities at December 31, 2013 and 2012, is an additional incentive compensation accrual of \$1.9 million which could be payable to Mr. Bianco pursuant to his 2007 Employment Agreement related to the tax gross-up indemnification asset discussed herein.

There are no material commitments for capital expenditures as of December 31, 2013. Inflation has had no material impact on the business and operations of the Company.

RESULTS OF OPERATIONS

The Company earns non-operating revenue consisting principally of investment earnings on investment securities and cash equivalents. The Company's management believes that operating cash needs for the next twelve months will be met principally by the Company's financial resources and to a lesser extent, the receipt of investment earnings on investment securities and cash equivalents.

The Company recorded a net loss \$6,018,000 or \$0.14 per share for the year ended December 31, 2013. For the year ended December 31, 2012, the Company recorded net income of \$145,929,000 or \$3.37 per share. Included in net income for the year ended December 31, 2012, is other income of \$180,650,000 (the "Settlement Amount") from the Supervisory Goodwill legal proceedings settlement agreement (the "Settlement Agreement") which was paid directly to AmBase on October 19, 2012, as a result of the October 11, 2012 Court of Federal Claims order approving the Settlement Agreement in the Supervisory Goodwill legal proceedings between AmBase, the Federal Deposit Insurance Corporation-Receiver ("FDIC-R") and the Department of Justice ("DOJ") on behalf of the United States of America (the "United States"). As part of the Settlement Agreement, the Company is also entitled to a tax gross-up in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount. Additional

other income for the year ended December 31, 2012, reflects the Company's recording of an indemnification asset federal tax gross-up of \$18,930,000, to reflect the net amount of the federal uncertain tax position reserve recognized. See Part II – Item 8 – Notes 10 and 11 to the Company's consolidated financial statements for a discussion of the Supervisory Goodwill legal proceedings and related Settlement Agreement.

Compensation and benefits decreased to \$1,798,000 in 2013 from \$17,980,000 in 2012. The decreased amounts in 2013 as compared to 2012 are due to increased incentive compensation payments in 2012 as a result of the Settlement Agreement proceeds received. Pursuant to the 2007 Employment Agreement, as amended between the Company and Richard A. Bianco, the Company's Chairman, President and Chief Executive Officer ("Mr. Bianco") (the "2007 Employment Agreement"), Mr. Bianco, in 2012, was paid an incentive payment of \$13,565,000 based on the receipt by the Company of the Settlement Amount. Additionally, in 2012 other employees received incentive payments of approximately \$1,100,000. In September 2013, the Company paid Mr. Bianco \$50,000 of previously accrued incentive compensation based on the federal tax gross-up amount received in connection with the Supervisory Goodwill Settlement Agreement. An additional amount, to be determined, could be payable to Mr. Bianco pursuant to the 2007 Employment Agreement, based on value realized by the Company with respect to a gross-up for federal taxes imposed on the Settlement Amount. See Part II - Item 8 - Notes 10 and 11 to the Company's consolidated financial statements for a discussion of the Supervisory Goodwill legal proceedings and related Settlement Agreement. No stock based compensation expense was recorded for the years ended December 31, 2013 and 2012.

Professional and outside services increased to \$515,000 in 2013 from \$472,000 in 2012. The increase in 2013 as compared to 2012 is principally the result of a higher level of legal fees and other professional fees incurred in connection with the tax gross-up provisions of the Supervisory Goodwill Settlement Agreement. The Company has no contingent fee agreements in place with its attorneys or any outside advisor in connection with the Supervisory Goodwill legal proceedings or award. See Part II - Item 8 - Note 11 to the Company's consolidated financial statements for a discussion of the Supervisory Goodwill legal proceedings.

Property operating and maintenance expenses were \$131,000 in 2013 and \$89,000 in 2012. The increase is primarily due to a general increase in costs and the incurring of various repair and maintenance expenses in 2013 versus 2012.

Insurance expenses decreased slightly to \$43,000 in 2013, compared with \$44,000 in 2012. The decrease is due to cost containment measures over insurance costs.

Other operating expenses increased to \$310,000 in 2013 compared with \$269,000 in 2012 due to an increased franchise tax cost resulting from increased asset base in 2013 versus 2012.

Interest income was \$50,000 in 2013 and \$39,000 in 2012. The increase in 2013 compared to 2012 is principally due to a higher level of cash equivalents and investment securities.

Realized gains on sales of investment securities were \$39,000 in 2013 and \$38,000 in 2012. The gains are the result of the realization of gains on sales due to market appreciation.

For 2013, there was no other income recognized. Other income of \$16,000 in 2012 is attributable to recovery of funds by the Company from items previously written off.

Equity income (loss) - 111 West 57th Partners of \$1,118,000 represents the Company's share of the 111 West 57th Partners' loss for the year ended December 31, 2013.

For the year ended December 31, 2013, the Company recorded an aggregate income tax provision of \$2,144,000. This amount is attributable to a provision for a minimum tax on capital imposed by the state jurisdictions and a provision of \$1,888,000 for federal and state interest expense on uncertain tax provisions.

For the year ended December 31, 2012, the Company recorded an income tax provision of \$34,841,000. The 2012 income tax provision is attributable to a current federal provision of \$18,930,000 and a current state provision of \$15,911,000. These amounts reflect the net effects of a valuation allowance reversal of \$38,167,000 as a result of the recognition of an uncertain tax position reserve. In March 2013, the Company paid a federal alternative minimum tax

liability of \$500,729 based on the Company's 2012 tax return as filed and during 2012 paid \$180,000 for a tax imposed by the state jurisdictions. A reconciliation between income taxes computed at the statutory federal rate and the provision for income taxes is included in Part II - Item 8 - Note 10 to the Company's consolidated financial statements.

In connection with the uncertain tax positions as noted herein, the Company accrued federal and state interest expense for the year ended December 31, 2013, for potential underpayment of 2012 taxes. The interest expense is included as a component of income tax expense (benefit) in the consolidated statement of operations and as a component of the uncertain tax position reserve in the Company's consolidated balance sheet. As the IRS and/or state tax authorities have not examined the Company's 2012 income tax returns, as filed, the Company cannot predict the amount of federal and/or state taxes ultimately imposed by the IRS and/or state tax authorities or payable by the Company; and therefore, the Company cannot predict the final amount of any federal tax gross-up ultimately received by the Company pursuant to the Settlement Agreement.

APPLICATION OF CRITICAL ACCOUNTING POLICIES

Our consolidated financial statements are based on the selection and application of accounting principles generally accepted in the United States of America, which require us to make estimates and assumptions about future events that affect the amounts reported in our financial statements and the accompanying notes. Future events and their effects cannot be determined with absolute certainty. The determination of estimates requires the exercise of judgment. Actual results could differ from those estimates, and any such differences may be material to the consolidated financial statements. We believe that the following accounting policies, which are important to our consolidated financial position and consolidated results of operations, require a higher degree of judgment and complexity in their application and represent the critical accounting policies used in the preparation of our consolidated financial statements. If different assumptions or conditions were to prevail, the results could be materially different from our reported results. For a summary of all our accounting policies, including the accounting policies discussed below, see Part II - Item 8 - Note 2 to the Company's consolidated financial statements.

Investment securities: Securities that the Company has both the positive intent and ability to hold to maturity are classified as held to maturity investments and are carried at amortized cost (which includes accrued interest). Investment securities - held to maturity consist of U.S. Treasury Bills and are carried at amortized cost (which includes accrued interest) based upon the Company's intent and ability to hold these investments to maturity. Investment securities – trading consist of investments in equity securities held for trading purposes and are carried at fair value with net unrealized gains and losses recorded directly in the consolidated statement of operations.

Interest and dividends on investment securities are recognized when earned. Realized gains and losses on the sale of investment securities – held for trading are calculated using an average cost basis for determining the cost basis of the securities. The fair value of publicly traded investment securities is determined by reference to current market quotations.

The Company continually reviews its investments to determine whether a decline in fair value below the cost basis is other than temporary. If the decline in fair value is judged to be other than temporary, the cost basis of the security is written down to fair market value and the amount of the write down is included in the consolidated statement of operations.

Legal Proceedings: From time to time the Company and its subsidiaries may be named as a defendant in various lawsuits or proceedings. The Company presently is not aware of any pending or threatened litigation which could have a material adverse effect on the consolidated financial statements presented herein. Management of the Company, in consultation with outside legal counsel, continually reviews the likelihood of liability and associated costs of pending and threatened litigation including the basis for the calculation of any litigation reserves which may be necessary. The assessment of such reserves includes an exercise of judgment and is a matter of opinion. The Company intends to aggressively contest all threatened litigation and contingencies, as well as pursue all sources for contributions to settlements. For a discussion of lawsuits and proceedings, see Part II - Item 8 - Note 11 to the Company's consolidated financial statements.

Income Tax Audits: The Company's federal, state and local tax returns, from time to time, may be audited by the tax authorities, which could result in proposed assessments or a change in the net operating loss ("NOL") carryforwards currently available. The Company's federal income tax returns for the years subsequent to 1992 have not been examined by the Internal Revenue Service ("IRS") or state authorities except for tax year 2007 which was examined by the IRS, and which has been concluded. The accrued amounts for income taxes reflect management's best judgment as to the amounts payable for all open tax years.

Deferred Tax Assets: As of December 31, 2013, the Company had deferred tax assets arising primarily from net operating loss carryforwards available to offset taxable income in future periods. A valuation allowance has been established for the entire net deferred tax asset as management, at the current time, has no basis to conclude that realization is more likely than not. The valuation allowance was calculated in accordance with current standards, which places primary importance on a company's cumulative operating results for the current and preceding years. We intend to maintain a valuation allowance for the entire deferred tax asset until sufficient positive evidence exists to support a reversal. As of December 31 2012, after taking into account the uncertain tax positions recognized, as of December 31, 2012 the Company did not have any deferred tax assets remaining. The use of the deferred tax assets in 2012 resulted in the release of the full valuation allowance that had previously been recorded. See Part II - Item 8 - Note 10 to the Company's consolidated financial statements.

New Accounting Pronouncements

There are no new accounting pronouncements, except as noted below, that could materially affect the Company's financial statements or results of operations for the periods reported herein.

In July 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2013-11, Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exist. This ASU requires an entity to present an unrecognized tax benefit, or a portion of an unrecognized tax benefit, in the financial statements as a reduction to a deferred tax asset for a NOL carryforward, a similar tax loss or a tax credit carryforward, except when: (1) an NOL carryforward, a similar tax loss or a tax credit carryforward is not available as of the reporting date under the governing tax law to settle taxes that would result from the disallowance of the tax position; or (2) the entity does not intend to use the deferred tax asset for this purpose (provided that the tax law permits a choice). If either of these conditions exists, an entity should present an unrecognized tax benefit in the financial statements as a liability and should not net the unrecognized tax benefit with a deferred tax asset. Additional recurring disclosures are not required because the ASU does not affect the recognition, measurement or tabular disclosure of uncertain tax positions. This guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2013, with early adoption permitted. The Company is in the process of evaluating whether the implementation of this ASU will have a material impact on the Company's consolidated financial position or results of operations.

Cautionary Statement for Forward-Looking Information

This Annual Report together with other statements and information publicly disseminated by the Company may contain certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, (the "Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act") or make oral statements that constitute forward looking statements. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are inherently subject to risks and uncertainties, many of which cannot be predicted or quantified. The forward-looking statements may relate to such matters as anticipated financial performance, future revenues or earnings, business prospects, projected ventures, anticipated market performance, anticipated litigation results or the timing of pending litigation, and similar matters.

When used in this Annual Report, the words "estimates," "expects," "anticipates," "believes," "plans," "intends" and variations of such words and similar expressions are intended to identify forward-looking statements that involve risks and uncertainties. The Company cautions readers that a variety of factors could cause the Company's actual results to differ materially from the anticipated results or other expectations expressed in the Company's forward-looking statements. These risks and uncertainties, many of which are beyond the Company's control, include, but are not limited to those set forth in "Item 1A, Risk Factors" and elsewhere in this Annual Report and in the Company's other public filings with the Securities and Exchange Commission including, but not limited to: (i) transaction volume in the securities markets; (ii) the volatility of the securities markets; (iii) fluctuations in interest rates; (iv) risks inherent in the real estate business, including, but not limited to, insurance risks, tenant defaults, changes in occupancy rates or real estate values; (v) changes in regulatory requirements which could affect the cost of doing business; (vi) general economic conditions; (vii) changes in the rate of inflation and the related impact on the securities markets; (viii) changes in federal and state tax laws; (ix) certain assumptions regarding the outcome of pending legal and/or tax matters, based in whole or in part upon consultation with outside advisors, and (x) risks arising from unfavorable decisions in the Company's current material tax and litigation matters, or unfavorable decisions in other Supervisory Goodwill cases. These are not the only risks that we face. There may be additional risks that we do not presently know of or that we currently believe are immaterial which could also impair our business and financial position.

Undue reliance should not be placed on these forward-looking statements, which are applicable only as of the date hereof. The Company undertakes no obligation to revise or update these forward-looking statements to reflect events or circumstances that arise after the date of this Annual Report or to reflect the occurrence of unanticipated events. Accordingly, there is no assurance that the Company's expectations will be realized.

ITEM 8. CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

REPORT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Audit Committee of the Board of Directors and Shareholders of
AmBase Corporation

We have audited the accompanying consolidated balance sheets of AmBase Corporation and Subsidiaries (the "Company") as of December 31, 2013 and 2012, and the related consolidated statements of operations, changes in stockholders' equity and cash flows for the years then ended. Our audit also includes the financial statement schedule as of December 31, 2013 and 2012, and for the years then ended listed in the index at item 15. These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AmBase Corporation and subsidiaries, as of December 31, 2013 and 2012, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

AMBASE CORPORATION AND SUBSIDIARIES

Notes to Consolidated Financial Statements

Note 1 - Organization

AmBase Corporation ("AmBase" or the "Company") is a holding company which has an equity investment in a real estate development property to develop real property in New York, New York and through a wholly owned subsidiary, owns a commercial office building in Greenwich, Connecticut that is managed and operated by the Company.

The Company was a plaintiff in a legal proceeding, commenced in 1993, seeking recovery of damages from the United States Government for the loss of the Company's wholly-owned subsidiary, Carteret Savings Bank, F.A. (the "Supervisory Goodwill" legal proceedings). The Supervisory Goodwill legal proceedings were settled in October 2012, pursuant to a Settlement Agreement between the Company, the Federal Deposit Insurance Corporation-Receiver ("FDIC-R") and the Department of Justice ("DOJ") on behalf of the United States of America (the "United States"), (the "Settlement Agreement") as approved by the United States Court of Federal Claims (the "Court of Federal Claims"). As part of the Settlement Agreement in the Company's Supervisory Goodwill legal proceedings, the Company is entitled to a tax gross-up in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount. See Notes 10 and 11 for a discussion of the Supervisory Goodwill tax gross-up matters relating to the Settlement Agreement.

The Company's assets currently consist primarily of cash and cash equivalents, investment securities, an equity investment in a real estate development property, an indemnification asset, and real estate owned. The Company earns non-operating revenue consisting principally of investment earnings on investment securities and cash equivalents. As further discussed in Note 5, in June 2013, the Company, through a newly formed subsidiary, purchased an equity interest in a real estate development property through a joint venture agreement to purchase and develop real property located at 105 through 111 West 57th Street in New York, New York (the "111 West 57th Property"). The Company continues to evaluate a number of possible acquisitions and is engaged in the management of its assets and liabilities, including the contingent assets associated with its legal claims. Discussions and negotiations are ongoing with respect to certain of these matters. From time to time, the Company and its subsidiaries may be named as a defendant in various lawsuits or proceedings. The Company intends to aggressively contest all litigation and contingencies, as well as pursue all sources for contributions to settlements. For a discussion of lawsuits and proceedings, including a discussion of the Supervisory Goodwill Settlement Agreement – Tax Gross-up see Notes 10 and 11.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions, that it deems reasonable, that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from such estimates and assumptions.

Principles of consolidation

The consolidated financial statements are comprised of the accounts of the Company and its wholly owned subsidiaries. All material intercompany transactions and balances have been eliminated.

Equity method investment

Investments and ownership interests are accounted for under the equity method of accounting if the Company has the ability to exercise significant influence, but not control (under GAAP), over the investment. Investments accounted for under the equity method are carried at cost, plus or minus the Company's equity in the increases and decreases in the net assets after the date of acquisition and certain other adjustments. The Company's share of income or loss for equity method investments is recorded in the consolidated statements of operations as equity income (loss). Dividends received, if any, would reduce the carrying amount of the Company's investment.

Cash and cash equivalents

Highly liquid investments, consisting principally of funds held in short-term money market accounts, with original maturities of less than three months, are classified as cash equivalents. The majority of the Company's cash and cash equivalents balances are maintained with a limited number of major financial institutions. Cash and cash equivalents balances at institutions may, at times, be above the Federal Deposit Insurance Corporation insured limit per account.

Investment securities

Securities that the Company has both the positive intent and ability to hold to maturity are classified as held to maturity investments and are carried at amortized cost (which includes accrued interest). Investment securities - held to maturity consist of U.S. Treasury Bills and are carried at amortized cost (which includes accrued interest) based upon the Company's intent and ability to hold these investments to maturity. Investment securities – trading consist of investments in equity securities held for trading purposes and are carried at fair value with net unrealized gains and losses recorded directly in the consolidated statement of operations.

Interest and dividends on investment securities are recognized when earned. Realized gains and losses on the sale of investment securities – trading are calculated using an average cost basis for determining the cost basis of the securities. The fair value of publicly traded investment securities is determined by reference to current market quotations.

The Company continually reviews its investments to determine whether a decline in fair value below the cost basis is other than temporary. If the decline in fair value is judged to be other than temporary, the cost basis of the security is written down to fair market value and the amount of the write down is included in the consolidated statement of operations.

Income taxes

The Company and its domestic subsidiaries file a consolidated federal income tax return. The Company recognizes both the current and deferred tax consequences of all transactions that have been recognized in the consolidated financial statements, calculated based on the provisions of enacted tax laws, including the tax rates in effect for current and future years. Net deferred tax assets are recognized immediately when a more likely than not criterion is met; that is, a greater than 50% probability exists that the tax benefits will actually be realized sometime in the future.

Pursuant to the accounting principles with regard to recognition of uncertain tax positions, (ASC 740-10, Accounting for Income Taxes), the Company was required to record a tax reserve to reflect the net tax effect plus accrued interest for potential tax audit and uncertainty that the Carteret worthless stock tax deduction included in the Company's 2012 tax returns as filed, (uncertain tax position), could be disallowed in whole or in part by the tax authorities. The Company believes that if any additional federal tax is owed as a result of any adjustments, these potential amounts

would be reimbursable to the Company pursuant to the tax gross-up provision of the Settlement Agreement. As a result, the Company recorded an indemnification asset to reflect the net amount (excluding accrued interest) of the federal uncertain tax position reserve recognized, as noted herein. The calculation of the net federal uncertain tax position reserve amount factors in the assumed use of the Company's remaining net operating loss ("NOL") carryforwards as of 2012 and use of the Company's remaining alternative minimum tax ("AMT") Tax Credits as of 2012. A portion of the uncertain tax position reserve as of December 31, 2013 and 2012, is attributable to certain state taxes on the Settlement Amount which are not reimbursable to the Company as part of the Settlement Agreement. For additional information see Notes 10 and 11.

Earnings per share

Basic earnings per share ("EPS") excludes dilution and is computed by dividing net income (loss) by the weighted average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution of EPS that could occur if options to issue common stock were exercised. There were no stock options outstanding at December 31, 2013 and December 31, 2012.

Stock-based compensation

Under the Company's 1993 Stock Incentive Plan (the "1993 Plan"), the Company may grant to officers and employees of the Company and its subsidiaries, stock options ("Options"), stock appreciation rights ("SARs"), restricted stock awards ("Restricted Stock"), merit awards ("Merit Awards") and performance share awards ("Performance Shares"), through May 28, 2018. A pre-determined number of shares of the Company's Common Stock are reserved for issuance under the 1993 Plan (upon the exercise of Options and Stock Appreciation Rights, upon awards of Restricted Stock and Performance Shares); however, only a portion of such shares shall be available for issuance for Restricted Stock Awards and Merit Awards. Shares issued pursuant to the 1993 Plan shall be authorized but unissued shares of Common Stock. Options may be granted as incentive stock options ("ISOs") intended to qualify for favorable tax treatment under Federal tax law or as nonqualified stock options ("NQSOs"). SARs may be granted with respect to any Options granted under the 1993 Plan and may be exercised only when the underlying Option is exercisable. The 1993 Plan requires that the exercise price of all Options and SARs be equal to or greater than the fair value of the Company's Common Stock on the date of grant of that Option. The term of any NQSO, ISO or related SAR cannot exceed terms under federal tax law and/or as prescribed in the 1993 Plan. Subject to the terms of the 1993 Plan and any additional restrictions imposed at the time of grant, Options and any related SARs ordinarily will become exercisable pursuant to a vesting period prescribed at the time of grant. In the case of a "Change of Control" of the Company (as defined in the 1993 Plan), options granted pursuant to the 1993 Plan may become fully exercisable as to all optioned shares from and after the date of such Change in Control in the discretion of the Committee or as may otherwise be provided in the grantee's Option agreement. Death, retirement, or absence for disability will not result in the cancellation of any Options.

Stock-based compensation expense for all stock-based compensation awards for which vesting is based solely on employment service, are based on the grant date fair value estimated in accordance with accounting principles generally accepted in the United States of America. The Company recognizes these compensation costs for only those shares expected to vest, on a straight-line basis over the requisite service period of the award, which is generally the option vesting term. Compensation expense relating to stock options is recorded in the Consolidated Statement of Operations, with a corresponding increase in additional paid-in capital in the Consolidated Statement of Changes in Stockholders' Equity. See Note 8 herein for a further discussion of stock-based compensation.

Depreciation

Depreciation expense for the Company's owned building is recorded on a straight-line basis over the useful lives of the assets. Tenant improvements if any, would be depreciated over the lesser of the remaining life of the tenants' lease or the estimated useful lives of the improvements. For additional information see Note 4.

New Accounting Pronouncements

There are no new accounting pronouncements, except as noted below, that could materially affect the Company's consolidated financial statements.

In July 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2013-11, Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exist. This ASU requires an entity to present an unrecognized tax benefit, or a portion of an unrecognized tax benefit, in the financial statements as a reduction to a deferred tax asset for a NOL carryforward, a similar tax loss or a tax credit carryforward, except when: (1) an NOL carryforward, a similar tax loss or a tax credit carryforward is not available as of the reporting date under the governing tax law to settle taxes that would result from the disallowance of the tax position; or (2) the entity does not intend to use the deferred tax asset for this purpose (provided that the tax law permits a choice). If either of these conditions exists, an entity should present an unrecognized tax benefit in the financial statements as a liability and should not net the unrecognized tax benefit with a deferred tax asset. Additional recurring disclosures are not required because the ASU does not affect the recognition, measurement or tabular disclosure of uncertain tax positions. This guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2013, with early adoption permitted. The Company is in the process of evaluating whether the implementation of this ASU will have a material impact on the Company's consolidated financial position or results of operations.

Note 3 - Investment Securities

Investment securities - held to maturity consist of the following:

(in thousands)	December 31, 2013			December 31, 2012		
	Carrying Value	Amortized Cost	Fair Value	Carrying Value	Amortized Cost	Fair Value
Held to Maturity:

	December 31, 2013	December 31, 2012
Held to Maturity:		
Gross unrealized gains (losses)	\$ -	\$ 7

Realized gains (losses) on the sales of investment securities – trading are as follows:

(in thousands)

Year Ended December	December 31, 2012

	31, 2013	
Net sale proceeds	\$ 817	\$ 931
Cost basis	778	893
Realized gains (losses)	\$ 39	\$ 38

Unrealized gains (losses) on investment securities - trading are as follows:

(in thousands)

	December 31, 2013	December 31, 2012
Cost basis	\$ -	\$ -
Current value	-	-
Unrealized gains (losses)	\$ -	\$ -

Note 4 – Real Estate Owned

The Company owns a commercial office building in Greenwich, Connecticut that is managed and operated by the Company. The building is approximately 14,500 square feet with approximately 3,500 square feet utilized by the Company for its executive offices; the remaining space is currently unoccupied and available for lease. Depreciation expense for the building is calculated on a straight-line basis over 39 years.

Although the portion of the building not being utilized by the Company is currently unoccupied and available for lease, based on the Company's analysis, the Company believes the property's fair value exceeds the property's current carrying value. The Company's impairment analysis includes a comprehensive range of factors including but not limited to: the location of the property; property condition; current market conditions; comparable sales; current market rents in the area; new building zoning restrictions; raw land values; new building construction costs; building operating costs; leasing values; and cap rates for comparable buildings in the area. Varying degrees of weight are given each factor. Based on the Company's analysis these factors taken together and/or considered individually form the basis for the Company's analysis that no impairment condition exists.

The Company performs impairment tests on a regular basis and/or if events or circumstances indicate that the property's carrying value may not be recoverable. Based on the Company's analysis the Company believes the carrying value of the property as of December 31, 2013, has not been impaired and; therefore, the carrying value of the asset is fully recoverable by the Company. The building is carried at cost, net of accumulated depreciation.

Note 5 – Investment in 111 West 57th Partners LLC

On June 28, 2013, 111 West 57th Investment LLC, a Delaware limited liability company ("Investment LLC"), a newly formed subsidiary of the Company, entered into a joint venture agreement (as amended, the "JV Agreement") with 111 West 57th Sponsor LLC, a Delaware limited liability company (the "Sponsor"), an entity affiliated with Michael Stern of JDS Development Group, and Kevin Maloney of Property Markets Group, Inc., pursuant to which Investment LLC invested \$56,000,000 (the "Investment") in a real estate development property to purchase and develop the 111 West 57th Street Property. In consideration for making the Investment, Investment LLC was granted a 59% membership interest in 111 West 57th Partners LLC ("111 West 57th Partners"), a Delaware limited liability company, which indirectly acquired the 111 West 57th Property on June 28, 2013 (the "Joint Venture," and such date, the "Closing Date"). The JV Agreement was submitted into escrow pursuant to that certain Escrow Procedure Letter dated as of June 17, 2013 between Sponsor and Investment LLC (the "Escrow Letter"), and became effective on the Closing Date. The Company also indirectly contributed an additional \$1,250,000 to the Joint Venture in exchange for an additional indirect 1.3% interest in the Joint Venture. Other members and the Sponsor contributed an additional \$37,750,000 of cash and/or property to the Joint Venture.

The JV Agreement and related operating agreements generally provide that all distributable cash shall be distributed as follows: (i) first, 100% to the members in proportion to their percentage interests until Investment LLC has received distributions yielding a 20% internal rate of return as calculated; (ii) second, 100% to the Sponsor as a return of (but not a return on) any additional capital contributions made by the Sponsor on account of manager overruns; and

(iii) thereafter, (a) 50% to the members in proportion to their respective percentage interests at the time of such distribution, and (b) fifty percent 50% to the Sponsor..

In March 2014, the Company entered into an amended and restated operating agreement for the Investment LLC (the "Amended and Restated Investment Operating Agreement") to grant a 10% subordinated participation interest in the Investment LLC to Mr. Richard A. Bianco (the Company's current Chairman, President and Chief Executive Officer) ("Mr. R. A. Bianco") as contingent future incentive compensation for Mr. R. A. Bianco's past, current and anticipated ongoing role to develop and commercialize the Company's equity investment in the 111 West 57th Property. Pursuant to the terms of the Amended and Restated Investment Operating Agreement, Mr. R.A. Bianco has no voting rights with respect to his interest in the Investment LLC, and his entitlement to receive 10% of the distributions from the Investment LLC is subject to the Company first receiving distributions equal to 150% of the Company's initial aggregate \$57,250,000 investment in the Investment LLC plus any additional investments by the Company if any, and only with respect to any distributions thereafter.

Additionally, the JV Agreement provides that (i) Mr. R. A. Bianco, his immediate family, and/or any limited liability company wholly-owned thereby, and/or a trust in which Mr. R. A. Bianco and/or his immediate family is the beneficiary, shall at all times own, in the aggregate, not less than 20% of the outstanding shares of AmBase; and (ii) Mr. R. A. Bianco shall remain the Chairman of the Board of Directors of AmBase for the duration of the JV Agreement.

The 111 West 57th Property was acquired from 57th Street Partners NY, LLC (an entity affiliated with Starwood Capital Group Global), Steinway, Inc., and 111 West 57th Street Associates, L.P. (an entity affiliated with Wexford Capital LLC), pursuant to three separate purchase agreements for various components of the 111 West 57th Property. The aggregate purchase price as noted herein below includes various capitalized costs for the 111 West 57th Property. The Joint Venture intends to purchase additional inclusionary zoning rights for a purchase price of \$6,500,000. The acquisition of the 111 West 57th Property was partially financed pursuant to a mortgage and acquisition loan, as noted herein below, by Annaly CRE LLC, a Delaware limited liability company that is a wholly-owned subsidiary of Annaly Commercial Real Estate Group, Inc., which closed concurrently with the acquisition of the 111 West 57th Property on the Closing Date. The Joint Venture plans to redevelop the 111 West 57th Property into an approximate combined 346,000 gross square foot luxury residential tower and retail project.

The foregoing descriptions of each of the JV Agreement and the other agreements referenced herein are qualified in their entirety by the contents of the respective agreements. A copy of the JV Agreement, the Annaly CRE LLC mortgage agreement, and the Escrow Letter were previously filed as exhibits to the Company's financial reports.

The Company has recorded the investment in the 111 West 57th Partners utilizing the equity method of accounting, as pursuant to the various agreements the Company has significant influence, but does not have control, as defined under GAAP. Accordingly, the results of operations of 111 West 57th Partners are included in equity income (loss) in the Company's consolidated statements of operations. As of December 31, 2013, the Company's carrying amount of its investment in 111 West 57th Partners as noted in the Company's consolidated balance sheet, is greater than the Company's equity in the underlying net assets of the 111 West 57th Partners by \$867,000, categorized as goodwill, due to a difference resulting from the reduction in equity for syndication fees paid relating to 111 West 57th Partners. The Company reviews its investments and ownership interests recorded under the equity method for impairment on a regular basis and/or if events or changes in circumstances indicate a loss in the value of its investment may be other than temporary. There was no impairment on the Company's equity method investment for the year ended December 31, 2013.

Subsequent to December 31, 2013, pursuant to the terms of the Annaly CRE LLC mortgage agreement as the Joint Venture did not purchase the additional inclusionary zoning rights, as provided for pursuant to the Annaly CRE LLC mortgage agreement, the Joint Venture is required to deposit an additional \$1,800,000 into the inclusionary air rights reserve, held by Annaly CRE LLC for the purchase of the additional inclusionary zoning rights. As a result, the Company is required by April 1, 2014, to contribute additional capital of \$1,072,000 to the Joint Venture for deposit into the inclusionary air rights reserve which the Company expects to contribute on or before April 1, 2014.

The following tables present summarized financial information for the Company's equity method investment in 111 West 57th Partners. The amounts shown represent 100% of the financial position and results of operations of 111 West 57th Partners for the dates indicated below.

(in thousands)

Note 6 - Savings Plans

The Company sponsors the AmBase 401(k) Savings Plan (the "Savings Plan"), which is a "Section 401(k) Plan" within the meaning of the Internal Revenue Code of 1986, as amended (the "Code"). The Savings Plan permits eligible employees to make contributions of a percentage of their compensation, which are matched by the Company at a percentage of the employees' elected deferral. Employee contributions to the Savings Plan are invested at the employee's discretion, in various investment funds. The Company's matching contributions are invested in the same manner as the compensation reduction contributions. All contributions are subject to maximum limitations contained in the Code.

The Company's matching contributions to the Savings Plan, charged to expense, were as follows:

	Year Ended December 31, 2013	Year Ended December 31, 2012
(\$ in thousands)		
Company matching contributions	\$ 28	\$ 26
Employer match %	33 %	33 %

Note 7 - Stockholders' Equity

Authorized common stock consists of the following:

	December	December
(shares in thousands)	31, 2013	31, 2012
Par value	\$0.01	\$0.01
Authorized shares	200,000	200,000
Issued shares	46,410	46,410
Outstanding shares	41,176	43,284

Authorized cumulative preferred stock consists of the following:

	December	December
(shares in thousands)	31, 2013	31, 2012
Par value	\$0.01	\$0.01
Authorized shares	50,000	50,000
Issued shares	0	0
Outstanding shares	0	0

Changes in the outstanding shares of Common Stock of the Company are as follows:

(in thousands)	Year Ended December 31, 2013	Year Ended December 31, 2012
Common stock outstanding at beginning of period	43,284	43,076
Common stock repurchased for treasury	(2,108)	(472)
Issuance of treasury stock	-	680
Common stock outstanding at end of period	41,176	43,284

Changes in the treasury shares of Common Stock of the Company are as follows:

(in thousands)	Year Ended December 31, 2013	Year Ended December 31, 2012
Treasury stock held at beginning of period	3,126	3,334
Common stock repurchased for treasury	2,108	472
Issuance of treasury stock	-	(680)
Treasury stock held at end of period	5,234	3,126

Common Stock Repurchase Plan

In January 2002, and reaffirmed by the Company's Board of Directors in June 2013, the Company announced a common stock repurchase plan (the "Repurchase Plan") which allows for the repurchase by the Company of its common stock in the open market.

The Repurchase Plan is conditioned upon favorable business conditions and acceptable prices for the common stock. Purchases under the Repurchase Plan may be made, from time to time, in the open market, through block trades or otherwise. Depending on market conditions and other factors, purchases may be commenced or suspended any time or from time to time without prior notice. Pursuant to the Repurchase Plan the Company repurchased shares of common stock from unaffiliated parties at various dates at market prices at their time of purchase, including broker commissions.

Information relating to the Repurchase Plan is as follows:

	Year Ended December 31, 2013	
(in thousands)		
Common shares repurchased to treasury	2,108	
Aggregate cost of shares repurchased	\$ 2,475	
		December 31, 2013
(in thousands)		
Total number of common shares authorized for repurchase		10,000
Total number of common shares repurchased		5,788
Total number of shares that may still be repurchased		4,212

Common stock reserved for issuance under the Company's 1993 Stock Incentive Plan as further described in Note 9 herein, and other non-related employee benefit plans is as follows:

(in thousands)	December 31, 2013
1993 Stock Incentive Plan	4,320
Other employee benefit plan	100
Total common shares reserved for issuance	4,420

Stockholder Rights Plan

On January 29, 1986, the Company's Board of Directors declared a dividend distribution of one right for each outstanding share of Common Stock of the Company. The rights, as amended, which entitle the holder to purchase from the Company a common share at a price of \$75.00, are not exercisable until either a person or group of affiliated persons acquires 25% or more of the Company's outstanding common shares or upon the commencement or disclosure of an intention to commence a tender offer or exchange offer for 20% or more of the common shares. The rights are redeemable by the Company at \$0.05 per right at any time until the earlier of the tenth day following an accumulation of 20% or more of the Company's shares by a single acquirer or group, or the occurrence of certain Triggering Events (as defined in the Stockholder Rights Plan). In the event the rights become exercisable and thereafter, the Company is acquired in a merger or other business combination, or in certain other circumstances, each right will entitle the holder to purchase from the surviving corporation, for the exercise price, Common Stock having a market value of twice the exercise price of the right. The rights are subject to adjustment to prevent dilution and expire on February 10, 2016.

Note 8 - Earnings Per Share

The calculation of basic and diluted earnings per share, including the effect of dilutive securities is as follows:

(in thousands, except per share data)

	Year Ended December 31, 2013	Year Ended December 31, 2012
Net income (loss)	\$ (6,018)	\$ 145,929
Weighted average common shares outstanding	42,275	43,250
Assumed dilutive effect of stock option exercise(s)	-	-
Weighted average common shares outstanding assuming dilution	42,275	43,250
Net income (loss) per common share - basic	\$ (0.14)	\$ 3.37
Net income (loss) per common share - assuming dilution	\$ (0.14)	\$ 3.37

Options to purchase shares of common stock which were excluded from the computation of diluted earnings per share due to the effect of being antidilutive in the computation of earnings per share were as follows:

(in thousands)	December 31, 2013	December 31, 2012
Option shares -	-	-

Note 9 - Incentive Plans

Under the Company's 1994 Senior Management Incentive Compensation Plan (the "1994 Plan"), any executive officer of the Company whose compensation is required to be reported to stockholders under the Securities Exchange Act of 1934 (the "Participants") and who is serving as such at any time during the fiscal year as to which an award is granted, may receive an award of a cash bonus ("Bonus"), in an amount determined by the Personnel Committee of the Company's Board of Directors (the "Committee") and payable from an annual bonus fund (the "Annual Bonus Pool"). The Committee may award Bonuses under the 1994 Plan to Participants not later than 120 days after the end of each fiscal year (the "Reference Year").

If the Committee grants a Bonus under the 1994 Plan, the amount of the Annual Bonus Pool will be an amount equal to the sum of (i) plus (ii), where:

(i) a percentage of the amount by which the Company's Total Stockholders' Equity, as defined, on the last day of a Reference Year increased over the Company's Total Stockholders' Equity, as defined, on the last day of the immediately preceding Reference Year; and

(ii) a percentage of the amount by which the Company's market value, as defined, on the last day of the Reference Year increased over the Company's market value on the last day of the immediately preceding Reference Year.

Notwithstanding the foregoing, the 1994 Plan provides that in the event of a decrease in either or both of items (i) and/or (ii) above, the Annual Bonus Pool is determined by reference to the last Reference Year in which there was an increase in such item. If the Committee determines within the time period to award a Bonus, the share of the Annual Bonus Pool to be allocated to Participants shall be pursuant to percentages of the Annual Bonus Pool as set forth in the 1994 Plan to the Company's Chief Executive Officer, and a percentage of the Annual Bonus Pool shall be allocated pro rata to each of the Company's Participants as determined by the Committee. The Committee in its discretion may reduce the percentage of the Annual Bonus Pool to any Participant for any Reference Year, and such reduction shall not increase the share of any other Participant. The 1994 Plan is not the exclusive plan under which the Executive Officers may receive cash or other incentive compensation or bonuses. No bonuses were paid attributable to the 1994 Plan for 2013. In 2012, a portion of the compensation paid to Mr. Bianco may qualify for deduction under the 1994 Plan.

Under the Company's 1993 Stock Incentive Plan (the "1993 Plan"), the Company may grant to officers and employees of the Company and its subsidiaries, stock options ("Options"), stock appreciation rights ("SARs"), restricted stock awards ("Restricted Stock"), merit awards ("Merit Awards") and performance share awards ("Performance Shares") through May 28, 2018. A pre-determined number of shares of the Company's Common Stock are reserved for issuance under the 1993 Plan (upon the exercise of Options and Stock Appreciation Rights, upon awards of Restricted Stock and Performance Shares); however, only a portion of such shares are available for issuance for Restricted Stock Awards and Merit Awards. Such shares shall be authorized but unissued shares of Common Stock. Options may be granted as incentive stock options ("ISOs") intended to qualify for favorable tax treatment under Federal tax law or as nonqualified stock options ("NQSOs"). SARs may be granted with respect to any Options granted under the 1993 Plan and may be exercised only when the underlying Option is exercisable. The 1993 Plan requires that the exercise price of all Options and SARs be equal to or greater than the fair value of the Company's Common Stock on the date of grant of that Option. The term of any NQSO, ISO or related SAR cannot exceed terms under federal tax law and/or as prescribed in the 1993 Plan. Subject to the terms of the 1993 Plan and any additional restrictions imposed at the time of grant, Options and any related SARs ordinarily will become exercisable pursuant to a vesting period prescribed at the time of grant. In the case of a "Change of Control" of the Company (as defined in the 1993 Plan), Options granted pursuant to the 1993 Plan may become fully exercisable as to all optioned shares from and after the date of such Change in Control in the discretion of the Committee or as may otherwise be provided in the grantee's Option agreement. Death, retirement, or absence for disability will not result in the cancellation of any Options.

As a condition to any award of Restricted Stock or Merit Award under the 1993 Plan, the Committee may require a participant to pay an amount equal to, or in excess of, the par value of the shares of Restricted Stock or Common Stock awarded to him or her. Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered during a "Restricted Period", which in the case of grants to employees shall not be less than one year from the date of grant. The Restricted Period with respect to any outstanding shares of Restricted Stock awarded to employees may be reduced by the Committee at any time, but in no event shall the Restricted Period be less than one year. Except for such restrictions, the employee as the owner of such stock shall have all of the rights of a stockholder including, but not limited to, the right to vote such stock and to receive dividends thereon as and when paid. In the event that an employee's employment is terminated for any reason, an employee's Restricted Stock will be forfeited; provided, however, that the Committee may limit such forfeiture in its sole discretion. At the end of the Restricted Period, all shares of Restricted Stock shall be transferred free and clear of all restrictions to the employee. In the case of a Change in Control of the Company (as defined in the 1993 Plan), an employee may receive his or her Restricted Stock free and clear of all restrictions in the discretion of the Committee, or as may otherwise be provided pursuant to the employee's Restricted Stock award.

Performance Share awards of Common Stock under the 1993 Plan shall be earned on the basis of the Company's performance in relation to established performance measures for a specific performance period. Such measures may include, but shall not be limited to, return on investment, earnings per share, return on stockholder's equity, or return to stockholders. Performance Shares may not be sold, assigned, transferred, pledged or otherwise encumbered during the relevant performance period. Performance Shares may be paid in cash, shares of Common Stock or shares of Restricted Stock in such portions as the Committee may determine. An employee must be employed at the end of the performance period to receive payments of Performance Shares; provided, however, in the event that an employee's employment is terminated by reason of death, disability, retirement or other reason approved by the Committee, the Committee may limit such forfeiture in its sole discretion. In the case of a Change in Control of the Company (as defined in the 1993 Plan), an employee may receive his or her Performance Shares in the discretion of the Committee, or as may otherwise be provided in the employee's Performance Share award.

Incentive plan activity is summarized as follows:

(shares in thousands)	Number of Shares Under Option	Weighted Average Exercise Price
Outstanding at December 31, 2011	816	\$ 0.88
Exercised	(680)	0.84
Expired	(136)	1.09
Outstanding at December 31, 2012	-	-
Exercised	-	-
Expired	-	-
Outstanding at December 31, 2013	-	
Options exercisable at:		
December 31, 2013	-	\$ -
December 31, 2012	-	\$ -

Information relating to the 1993 Plan is as follows:

(in thousands)	December 31, 2013	December 31, 2012
Unamortized compensation cost relating to non-vested stock options	\$ -	\$ -
Stock based compensation expense recorded for the year ended	\$ -	\$ -
Options to purchase shares of common stock which were excluded from computation of diluted earnings per share due to the effect of being anti-dilutive in the computation of earnings per share.	-	
Common shares reserved for issuance	4,320	
Shares available for future stock option grants	4,320	
Intrinsic value of options outstanding	\$ -	
Intrinsic value of options exercisable	\$ -	

The fair value of option awards are estimated on the date of grant using the Black-Scholes-Merton option valuation model ("Black-Scholes") utilizing certain assumptions at the time of valuation. Expected volatilities are based on historical volatility of the Company's stock. The Company uses historical data to estimate option exercises and employee terminations within the valuation model. The expected term of options granted is estimated based on the contractual lives of option grants, option vesting period and historical data and represents the period of time that options granted are expected to be outstanding. The risk-free interest rate for periods within the contractual life of the option is based on the U.S. Treasury bond yield in effect at the time of grant.

The Black-Scholes option valuation model requires the input of highly subjective assumptions, including the expected life of the stock-based award and stock price volatility. The assumptions utilized represent management's best estimates, but these estimates involve inherent uncertainties and the application of management's judgment. As a result, if other assumptions had been used, our recorded stock-based compensation expense could have been materially different from the amounts previously recorded. In addition, the Company is required to estimate the expected forfeiture rate and only recognize expense for those shares expected to vest. If the actual forfeiture rate is materially different from our estimate, the share-based compensation expense could be materially different. The Company believes that the use of the Black-Scholes model meets the fair value measurement objectives of accounting principles generally accepted in the United States of America and reflects all substantive characteristics of the instruments being valued.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, and given the substantial changes in the price per share of the Company's Common Stock, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options.

Compensation expense relating to stock options would be recorded in the Consolidated Statement of Operations, with a corresponding increase to additional paid in capital in the Consolidated Statements of Changes in Stockholders' Equity. There were no stock option grants in 2013 and 2012.

Note 10 - Income Taxes

The components of income tax expense (benefit) are as follows:

	Year Ended December 31, 2013	Year Ended December 31, 2012
(in thousands)		
Federal - current	\$ 750	\$ 18,930
State - current	1,394	15,911
Total current	2,144	34,841
Federal - deferred	(1,270)	38,167
State - deferred	(165)	-
Change in valuation allowance	1,435	(38,167)
Total deferred	-	-
Income tax expense (benefit)	\$ 2,144	\$ 34,841

The components of pretax income (loss) and the difference between income taxes computed at the statutory federal rate and the provision for income taxes are as follows:

	Year Ended December 31, 2013	Year Ended December 31, 2012
(in thousands)		
Income (loss) before income taxes	\$ (3,874)	\$ 180,770
Tax expense (benefit) :		
Tax at statutory federal rate	\$ (1,356)	\$ 63,270
State income taxes	256	15,911
Federal interest	750	-
State interest	1,138	-
Permanent items	(79)	(6,173)
Other	-	-
Change in valuation allowance	1,435	(38,167)
Income tax expense (benefit)	\$ 2,144	\$ 34,841

A reconciliation of the United States federal statutory rate to the Company's effective income tax rate is as follows:

	Year Ended December 31, 2013	Year Ended December 31, 2012
Tax at statutory federal rate	35.0%	35.0%
State income taxes	(6.6%)	8.8%
Federal interest	(19.4%)	-
State interest	(29.4%)	-
Permanent difference, tax credits and other adjustments	2.1%	(3.4%)
Other	0.0%	-
Change in valuation allowance	(37.0%)	(21.1%)
Effective income tax rate	(55.3)%	19.3%

The Company's federal income tax returns for the years subsequent to 1992 have not been examined by the Internal Revenue Service ("IRS") or state authorities, except for tax year 2007, which was examined by the IRS and has been concluded. The Company has not been notified of any other potential tax audits by any federal, state or local tax authorities. As such, the Company believes the statutes of limitations for the assessment of additional federal and state tax liabilities are generally closed for tax years prior to 2010. Interest and/or penalties related to underpayments of income taxes, or if applicable on uncertain tax positions, would be included as a component of income tax expense (benefit). The accompanying financial statements do not include any amounts for penalties.

State income tax amounts for the year ended December 31, 2013 include accrued state interest expense for uncertain tax positions and a provision for a minimum tax on capital imposed by the state jurisdictions. State income tax amounts for the year ended December 31, 2012 is primarily attributable to a provision for a minimum tax on capital imposed by the state jurisdictions.

Based on the Company's 2012 federal income tax ("FIT") return as filed (subject to IRS audit adjustment/review), as prepared by the Company's outside tax advisors, the Company recognized a worthless stock deduction for the Company's remaining tax basis related to its investment in Carteret (the "Carteret Worthless Stock Deduction" or "Carteret Tax Basis") in the computation of the Company's 2012 taxable income. The Company further reduced its 2012 federal taxable income through the utilization of its previously available federal tax net operating loss ("NOL") carryforward deductions in the computation of the Company's 2012 federal tax liability. The federal NOL carryforwards were required to be utilized in tax year 2012 as a result of the Internal Revenue Code ("IRC") regulations that require NOLs to be utilized in the first year in which the Company has taxable income; otherwise, use of the NOL carryforwards would be lost. The Carteret Worthless Stock Deduction was required to be recognized in the year of worthlessness, i.e. 2012.

The Carteret Tax Basis and federal NOL carryforward deductions utilized as part of the Company's 2012 federal income tax return as filed were as follows:

(in thousands)

Carteret Tax Basis	\$ 152,000
Federal NOL carryforwards utilized	\$ 25,000

Pursuant to the accounting principles with regard to recognition of uncertain tax positions, (ASC 740-10, Accounting for Income Taxes), as detailed herein, the Company was required to record an aggregate tax reserve to reflect the net tax effect plus accrued interest for potential tax audit and uncertainty that the Carteret Worthless Stock Deduction, (uncertain tax position), could be disallowed in whole or in part by the tax authorities. The Company believes that if any additional federal tax is owed as a result of any adjustments, these potential amounts would be reimbursable to the Company pursuant to the tax gross-up provision of the Settlement Agreement, as further described below. As a result the Company recorded an indemnification asset, as noted herein, to reflect the net amount (excluding accrued interest) of the federal uncertain tax position reserve recognized. A portion of the uncertain tax position reserve as of December 31, 2013 and December 31, 2012, is attributable to certain state taxes on the Settlement Amount which are not reimbursable to the Company as part of the Settlement Agreement.

In connection with the uncertain tax positions as noted herein, the Company accrued federal and state interest expense for the potential underpayment of 2012 taxes. The interest expense is included as a component of income tax expense (benefit) in the consolidated statement of operations and as a component of the uncertain tax position reserve in the consolidated balance sheets. The calculation of the net federal uncertain tax position reserve amount factors in the assumed use of the Company's federal NOL carryforwards and federal Alternative Minimum Tax ("AMT") Tax Credits which would have been available as of 2012.

Edgar Filing: AMBASE CORP - Form 10-K

A roll forward of the uncertain tax positions reserve, excluding accrued federal and state interest is as follows:

(in thousands)	December 31, 2013	December 31, 2012
Uncertain tax position reserve excluding accrued interest, at beginning of period	\$ 34,157	\$ -
Federal uncertain tax position reserve excluding accrued interest	-	18,429
State uncertain tax position reserve excluding accrued interest	-	15,728
Uncertain tax position reserve excluding accrued interest, at end of period	\$ 34,157	\$ 34,157

The Company's uncertain tax positions tax reserve, including accrued interest is as follows:

(in thousands)	December 31, 2013	December 31, 2012
Federal uncertain tax positions reserve, including accrued federal interest	\$ 19,179	\$ 18,429
State uncertain tax positions reserve, including accrued state interest	16,866	15,728
Total uncertain tax positions reserve, including accrued federal and state interest	\$ 36,045	\$ 34,157

The interest expense related to the uncertain tax positions is as follows:

(in thousands)	Year Ended December 31, 2013	Year Ended December 31, 2012
Federal	\$ 750	\$ -

State jurisdictions 1,138 -

Interest expense - taxes \$ 1,888 \$ -

The utilization of certain carryforwards and carrybacks is subject to limitations under U.S. federal income tax laws. Based on the Company's federal income tax returns filed or to be filed, the Company estimates it has federal NOL carryforwards available to reduce future federal taxable income, which can be carried back to the two (2) preceding tax years if needed or would expire if unused, as indicated below.

The federal NOL carryforwards as of December 31, 2013 are as follows:

Tax Year	Tax Year	Amount
Originating	Expiring	
2013	2033	\$3,600,000

Based on the Company's State of Connecticut tax returns filed or to be filed, the Company estimates it has state NOL carryforwards to reduce future State of Connecticut taxable income, which would expire if unused, as indicated below. The state NOL carryforwards as of December 31, 2013 are as follows:

Tax Year	Tax Year	Amount
Originating	Expiring	
2011	2031	\$ 1,900,000
2013	2033	3,400,000
		\$5,300,000

The Company has calculated a net deferred tax asset arising primarily from NOL carryforwards as follows.

	December	December
	31, 2013	31, 2012
Net deferred tax asset	\$ 1,400,000	\$ -
Valuation allowance	(1,400,000)	-
Net deferred tax asset recognized	\$-	\$ -

A valuation allowance has been established for the entire net deferred tax asset, as management, at the current time, has no basis to conclude that realization is more likely than not. It is unclear whether any significant changes in unrecognized income tax benefits are currently expected to occur over the next year. The net deferred tax asset amounts noted above do not include the NOL's utilized in connection with the calculation of the uncertain tax position reserve as noted herein.

As part of the October 2012 Settlement Agreement in the Company's Supervisory Goodwill legal proceedings, the Company is entitled to a tax gross-up in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount. Based on the Company's 2012 federal income tax return as filed (subject to IRS audit adjustment/review), in March 2013, the Company paid \$500,729 of federal income taxes attributable to AMT rate calculations (the "2012 Federal Income Tax Paid"). On May 3, 2013, the Company filed a Rule 60(b) Motion with the Court of Federal Claims seeking a tax gross-up from the United States for the 2012 Federal Income Tax Paid, plus applicable tax consequences relative to the reimbursement of this amount. Subsequently, Senior Judge Smith held oral argument and after the hearing filed an order directing the United States to pay AmBase reimbursement for 2012 Federal Income Taxes Paid as provided for in the Settlement Agreement, which amount was received by the Company in September 2013. On August 6, 2013, Senior Judge Smith issued an opinion which addressed the relief sought by AmBase. In summary, the Court held that the Settlement Agreement is a contract and that it entitles the Company to receive both "(1) the amount of the tax consequences resulting from taxation of the damages award plus (2) the tax consequences of receiving the first component." But the Court did not award additional damages for the second component of the damages at that time given the remaining uncertainty surrounding the ultimate tax treatment of the settlement proceeds and the gross-up, as well as uncertainty relating to the Company's future income. The Court indicated that either the Company or the government is entitled to seek further relief "if, and when, the facts justify." The Court also stated that the "plain meaning of the agreement precludes state taxes from being included in any possible future gross-up calculations." Additionally, the Court indicated that AmBase "would first have to generate income" before it could attempt to recover compensation for the use of its NOLs to shield the settlement proceeds from federal taxation.

Based on the Company's 2012 federal income tax return as filed, the Company recorded a receivable as of December 31, 2012, for the 2012 Federal Income Tax Paid to reflect a portion of the tax gross-up reimbursement the Company sought pursuant to the Settlement Agreement, which was recognized as a component of the Indemnification asset - federal tax gross-up in the Company's Consolidated Balance Sheet which amount was received by the Company in

September 2013. For additional information, see Note 11.

The Company's indemnification asset which reflects the potential amounts reimbursable pursuant to the tax gross-up provision of the Settlement Agreement for the federal uncertain tax position reserve recognized, is as follows:

(in thousands)	December 31, 2013	December 31, 2012
Indemnification asset – federal tax gross-up	\$ 18,429	\$ 18,930

As the IRS and/or state tax authorities have not examined the Company's 2012 income tax returns, as filed, the Company cannot predict the amount of federal and/or state taxes ultimately imposed by the IRS and/or state tax authorities or payable by the Company; and therefore, the Company cannot predict the final amount of any federal tax gross-up ultimately received by the Company pursuant to the Settlement Agreement.

As a result of the Office of Thrift Supervision's December 4, 1992 placement of Carteret Savings Bank, F.A. in receivership, under the management of the Resolution Trust Corporation ("RTC")/Federal Deposit Insurance Corporation ("FDIC"), and then proposed Treasury Reg. §1.597-4(g), the Company had previously filed its 1992 and subsequent federal income tax returns with Carteret disaffiliated from the Company's consolidated federal income tax return. Based upon the impact of Treasury Reg. §1.597-4(g), which was issued in final form on December 20, 1995, a continuing review of the Company's Carteret Tax Basis, and the impact of prior year tax return adjustments on the Company's 1992 federal income tax return as filed, the Company originally decided not to make an election pursuant to final Treasury Reg. §1.597-4(g) to disaffiliate Carteret from the Company's consolidated federal income tax return effective as of December 4, 1992 (the "Election Decision"). Based on the lack of availability of Carteret and Carteret FSB information from December 1992 forward, the resolution of the Supervisory Goodwill legal proceedings and the Settlement Agreement, the Company filed its 2012 income tax returns with Carteret/Carteret FSB deconsolidated from the Company operations from December 1992 forward.

The Company has made numerous requests to the RTC/FDIC for tax information pertaining to Carteret and the resulting successor institution, Carteret Federal Savings Bank ("Carteret FSB"); however, that information has not been received. Because the Carteret and Carteret FSB tax information has not been received, the Company is unable to determine with certainty the amount of or the years in which any NOL's may ultimately be generated; if the NOL carryforwards/carrybacks will be utilized in prior federal income tax return years; or the final expiration dates of any of the NOL carryforwards/carrybacks ultimately generated relating to the Election Decision noted herein. Based on information received, the Company calculated the Carteret Tax Basis as of December 1992.

If the Carteret Worthless Stock Deduction is denied by the IRS, the Carteret Tax Basis may be deemed a capital loss, or converted into NOL carryforwards/carrybacks as additional tax losses are incurred by Carteret/Carteret FSB and may be carried back or carried forward to other tax years; may be utilized in other tax years; or could begin to expire no earlier than the 2008 tax year based upon the year any NOL's are ultimately generated. The Company can give no assurances with regard to the final amount or expiration of NOL carryforwards/carrybacks ultimately generated, if any, from the Company's Carteret Tax Basis. NOL's generated from the Company's Carteret Tax Basis are in addition to the NOL carryforwards/carrybacks generated based on the Company's federal income tax returns as previously filed from 1993 forward, as described herein.

The FDIC has previously filed a federal income tax return for Carteret FSB for 1995 (as well as other years), which indicates that Carteret FSB allegedly could owe a 1995 federal income tax liability of \$32 million, which including interest and penalty thereon, is alleged to be in excess of \$139 million. The FDIC has stated to the United States Court of Federal Claims ("Court of Claims") that the tax amounts are only estimates and are highly contingent. However, it is possible that the IRS may try to collect the alleged Carteret FSB federal income taxes from the Carteret FSB receivership. The Company believes the Carteret FSB federal income tax returns filed by the FDIC were improperly filed and are neither accurate nor valid. Based on the information received to date, if the correct Carteret

FSB federal income tax results were included with the Company's originally filed federal income tax returns, the Company, believes that no additional material federal income tax would be owed by the Company, although this cannot be assured because a contrary result is possible, given the uncertainty with various legal and factual assumptions underlying the Company's beliefs. This assessment included among other items a review of the Carteret FSB federal income tax returns as prepared by the FDIC and the correction of errors originally reported therein, the proper application of federal NOL carryforwards and carrybacks, and the adherence to statute of limitation provisions contained in the Internal Revenue Code, as amended.

As explained above, although the Company does not believe that Carteret FSB or the Company will have a material federal income tax liability related to Carteret FSB for tax year 1995 (or any other tax year), the Company can give no assurances of the final amounts, if any, of federal income taxes owed by the Carteret FSB receivership or by the Company as a result of the Carteret FSB receivership operations. The Company believes that the Settlement Agreement, tax regulations and tax positions on the Company's tax returns as filed, would preclude additional tax owed resulting from the Carteret FSB receivership. The discussion of the Carteret FSB federal income tax results is intended to provide details as to the potential inter-relationship of the Carteret FSB federal income tax returns with the Company's federal income tax positions. It is not a reflection of any federal income tax liability of the Company arising from the Carteret receivership operations.

Note 11 - Legal Proceedings

The Company is or has been a party in a number of lawsuits or proceedings, including the following:

Supervisory Goodwill Litigation – Tax Gross-up - The Company was a plaintiff in a legal proceeding, commenced in 1993, seeking recovery of damages from the United States Government for the loss of the Company's wholly-owned subsidiary, Carteret Savings Bank, F.A. (the "Supervisory Goodwill" legal proceedings). A Settlement Agreement in the Supervisory Goodwill legal proceedings between the Company, the Federal Deposit Insurance Corporation-Receiver ("FDIC-R") and the Department of Justice ("DOJ") on behalf of the United States of America (the "United States"), was executed (the "Settlement Agreement") which was subject to approval by the United States Court of Federal Claims (the "Court of Federal Claims"). On October 11, 2012, the Court of Federal Claims issued an order approving the Settlement Agreement, and on October 19, 2012, the United States paid \$180,650,000 directly to AmBase (the "Settlement Amount").

As part of the Settlement Agreement, the Company is entitled to a tax gross-up in an amount to be determined if and when any federal taxes should be imposed on the Settlement Amount. Based on the Company's 2012 federal income tax return as filed (subject to IRS audit adjustment/review), in March 2013, the Company paid \$500,729 of federal income taxes attributable to Alternative Minimum Tax ("AMT") rate calculations (the "2012 Federal Income Tax Paid"). Pursuant to the Settlement Agreement, Rule 60(b) of the Rules of the Court of Federal Claims will govern the process for receiving a tax gross-up. On May 3, 2013, the Company filed a Rule 60(b) Motion with the Court of Federal Claims seeking a tax gross-up from the United States for the 2012 federal income tax paid, plus applicable tax consequences relative to the reimbursement of this amount. The Company sought to: (i) reserve the right to seek a tax gross-up for any additional federal tax which could be owed as a result of additional taxes which may be imposed by the IRS upon tax return review or otherwise; and (ii) reserve the right to seek the economic value for deductions utilized against the Settlement Award. The DOJ, on behalf of the United States, filed their response brief in May 2013, and the Company filed its reply brief in June 2013. Subsequently, Senior Judge Smith held oral argument on June 12, 2013 and after the hearing filed an order directing the United States to pay AmBase reimbursement for 2012 Federal Income Taxes Paid as provided for in the Settlement Agreement, which amount was received by the Company in September 2013.

On August 6, 2013, Senior Judge Smith issued an opinion which addressed the relief sought by AmBase. In summary, the Court held that the Settlement Agreement is a contract and that it entitles the Company to receive both "(1) the amount of the tax consequences resulting from taxation of the damages award plus (2) the tax consequences of receiving the first component." But the Court did not award additional damages for the second component of the damages at that time given the remaining uncertainty surrounding the ultimate tax treatment of the settlement proceeds and the gross-up, as well as uncertainty relating to the Company's future income. The Court indicated that either the Company or the government is entitled to seek further relief "if, and when, the facts justify." The Court also stated that the "plain meaning of the agreement precludes state taxes from being included in any possible future gross-up calculations." Additionally, the Court indicated that AmBase "would first have to generate income" before it could attempt to recover compensation for the use of its NOLs to shield the settlement proceeds from federal

taxation. For additional information, see Note 10 – to the Company's consolidated financial statements.

Pursuant to the 2007 Employment Agreement, as amended, between the Company and Richard A. Bianco, the Company's Chairman, President and Chief Executive Officer ("Mr. Bianco") (the "2007 Employment Agreement"), Mr. Bianco, in 2012, was paid an incentive payment based on the receipt by the Company of the Settlement Amount. Additionally, in September 2013, the Company paid Mr. Bianco \$50,000 of previously accrued incentive compensation based on the federal tax gross-up received in connection with the Supervisory Goodwill Settlement Agreement. An additional amount, to be determined, could be payable to Mr. Bianco pursuant to the 2007 Employment Agreement, based on value realized by the Company with respect to a gross-up for federal taxes imposed on the Settlement Amount. Included in accounts payable and accrued liabilities at December 31, 2013 and 2012, is an additional incentive compensation accrual of \$1.9 million which could be payable to Mr. Bianco pursuant to his 2007 Employment Agreement related to the tax gross-up indemnification asset discussed herein. The Company has no contingent fee agreements in place with its attorneys or any outside advisor in connection with the Supervisory Goodwill legal proceedings or award.

Federal income tax refund suit on Carryback Claims. In March 2000, the Company filed with the IRS several claims and amendments to previously filed claims with respect to the Carryback Claims, seeking refunds from the IRS of alternative minimum tax and other federal income taxes paid by the Company in prior years, plus applicable IRS interest, based on the filing of the 1992 Amended Return. In February 2005, the IRS formally disallowed the Carryback Claims. On April 29, 2008, the Company filed suit with respect to the Carryback Claims in the United States District Court for the District of Connecticut, seeking federal tax refunds for tax year 1989, plus interest. On September 29, 2009, the U.S. Department of Justice (the "DOJ"), representing defendant United States in the suit, filed a Motion to Dismiss. In response, on October 19, 2009, the Company filed its opposition to the DOJ's Motion to Dismiss, as well as the Company's own Motion for Partial Summary Judgment. In June 2010, the Court issued a Memorandum Decision conditionally granting the DOJ's Motion to Dismiss the case but allowing the Company to conduct limited discovery to establish whether the Court has jurisdiction. On August 30, 2010, the Company filed a Motion to Set Aside the Court's Conditional Order of Dismissal. On February 28, 2011, the Court granted the Company's motion and issued a Memorandum of Decision concluding that the Company had timely filed a refund claim for tax year 1992 seeking to adjust the amount of bad debt deduction and that the case should not be dismissed. In March 2011, the Company filed a Motion for Partial Summary Judgment based on the Court's ruling that the Company's refund claims were timely filed. In May 2011, the DOJ filed a Cross Motion for Summary Judgment and an opposition to the Company's Summary Judgment Motion. In June 2011, the Company filed a Memorandum in Opposition to the DOJ's Cross Motion for Summary Judgment and a Reply to the DOJ's Opposition to the Company's Summary Judgment Motion, and the DOJ in June 2011, subsequently filed a response brief. The Court granted the Company's motion in part and denied it in part, in a Memorandum Decision dated November 30, 2011. On January 26, 2012, the Company filed a Motion for Partial Summary Judgment as to the amount of additional bad debt deduction that should be allowed. On February 16, 2012, the DOJ filed an Opposition to the Company's Motion for Partial Summary Judgment. On February 28, 2012, the Company filed a Reply to the DOJ's Opposition to the Company's Motion for Partial Summary Judgment. On May 23, 2012, the Court issued an order denying the Company's Motion for Partial Summary Judgment. Under the Court's rulings, the Company would not be entitled to recover a tax refund. On July 5, 2012, the Court entered its final judgment and order determining that the Company is not entitled to a refund. In December 2012, the Company filed an appeal of the adverse judgment to the United States Court of Appeals for the Second Circuit ("Court of Appeals"). The parties filed their briefs and oral argument on the case was held on June 10, 2013. On September 9, 2013, the Court of Appeals issued an opinion granting in part and denying in part the Company's motion. The Court of Appeals' opinion results in no recovery of refunds for the Company. In October 2013, the Company filed a petition for panel rehearing in which it petitioned the Court of Appeals to reconsider its opinion regarding the amount of allowable bad debt reserves. In November 2013, the Court of Appeals denied the Company's petition for a panel rehearing, as a result, no recovery is expected by the Company in this matter. The accompanying financial statements include no legal fees in connection with the Carryback Claims proceedings as these legal fees were payable pursuant to a contingent fee arrangement with the attorneys upon a final recovery received. See Note 10 – Income Taxes for further information.

Note 12 - Fair Value Measurements

The Company applies fair value standards for recurring financial assets and liabilities only. The accounting framework for determining fair value includes a hierarchy for ranking the quality and reliability of the information used to measure fair value, which enables the reader of the financial statements to assess the inputs used to develop those measurements. The fair value hierarchy consists of three tiers as follows:

- Level 1 – Observable inputs that reflect unadjusted quoted prices for identical assets or liabilities in active markets as of the measurement date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data. These are inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the measurement date.
- Level 3 – Unobservable inputs that are not corroborated by market data and may be used with internally developed methodologies that result in management's best estimate of fair value.

The carrying amounts reported in the balance sheets for cash and cash equivalents are based on Level 1 criteria approximate fair value due to the short-term nature of these instruments. The fair value of investment securities held to maturity and investment securities held for trading are based on current market quotations and therefore are based on Level 1 criteria.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure based on the definition of "disclosure controls and procedures" in Rule 13a-15(e). In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As of December 31, 2013, the Company completed an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and the Company's Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rule 13a-15(e) and 15d-15(e)). Based upon that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective at a reasonable assurance level in timely alerting them to material information relating to us which is required to be included in our periodic Securities and Exchange Commission filings.

Evaluation of Internal Control Over Financial Reporting

Management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control system was designed to provide reasonable assurance to the Company's management and board of directors regarding the preparation and fair presentation of published financial statements.

Management assessed the effectiveness of the Company's internal control over financial reporting (as defined in the Securities Exchange Act of 1934 Rule 13a-15(f) and 15d-15(f)) as of December 31, 2013. In making this assessment, it used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework (1992). Based on our assessment, we believe that, as of December 31, 2013, the Company's internal control over financial reporting is effective based on those criteria.

Changes in Internal Control Over Financial Reporting

There have been no changes during the most recent fiscal quarter in our internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

In March 2014, the Company entered into the Amended and Restated Investment Operating Agreement of Investment LLC as further described in Item 8 - Note 5 to the Company's consolidated financial statements. Pursuant to the Amended and Restated Investment Operating Agreement, the Company granted a 10% subordinated participation interest in the Investment LLC to Mr. R.A. Bianco as contingent future incentive compensation for Mr. R. A. Bianco's past, current and anticipated ongoing role to develop and commercialize the Company's equity investment in the 111 West 57th Property. Pursuant to the terms of the Amended and Restated Investment Operating Agreement, Mr. R.A. Bianco has no voting rights with respect to his interest in the Investment LLC, and his entitlement to receive 10% of the distributions from the Investment LLC is subject to the Company first receiving distributions equal to 150% of the Company's initial aggregate \$57,250,000 investment in the Investment LLC, plus any additional investments by the Company if any, and only with respect to any distributions thereafter.

The Amended and Restated Investment Operating Agreement is filed as Exhibit 10.8 to this Annual Report on Form 10-K and is incorporated herein by reference.

The information regarding the Company's entry into the Amended and Restated Investment Operating Agreement is being disclosed under this Item 9B of Form 10-K in lieu of Items 1.01 and 5.02(e) of Form 8-K.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Information concerning executive officers required by this item is set forth following Item 3 of Part I of this report under the caption "Executive Officers of the Registrant", pursuant to General Instruction G to Form 10-K. For the information required to be set forth by the Company in response to this item concerning directors of the Company, see the Company's definitive Proxy Statement for its Annual Meeting of Shareholders to be held on June 5, 2014, under the captions "Proposal No. 1 - Election of Directors" and "Information Concerning the Board and its Committees", which is incorporated herein by reference, which the Company intends to file with the Securities and Exchange Commission not later than 120 days after the close of its 2013 fiscal year.

Code of Ethics

We have adopted a Code of Ethics that applies to our Chief Executive Officer, Chief Financial Officer and other senior officers. A copy of the Code of Ethics was filed with the SEC as Exhibit 14 to the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

ITEM 11. EXECUTIVE
COMPENSATION

For the information required to be set forth by the Company in response to this item, see the Company's definitive Proxy Statement for its Annual Meeting of Shareholders to be held on June 5, 2014, under the captions "Executive Compensation," "Employment Contracts," and "Compensation of Directors" which are incorporated herein by reference, which the Company intends to file with the Securities and Exchange Commission not later than 120 days after the close of its 2013 fiscal year.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND
RELATED STOCKHOLDER MATTERS

The following table summarizes information about securities authorized for issuance under equity compensation plans of the Company at December 31, 2013 as follows:

	Shares to be issued upon exercise of outstanding options	Weighted average exercise price of outstanding options	Shares available for future issuance
Equity Compensation Plans approved by stockholders	-	\$ -	4,320,000
Equity Compensation Plan not approved by stockholders	-	-	110,000
Total	-	\$ -	4,430,000

Plan not approved by stockholders

The Company has 110,000 shares of common stock reserved for issuance under the AmBase Corporation Stock Bonus Plan (the "Stock Bonus Plan"), which was approved by the Board of Directors of the Company in 1989. The purpose of the Stock Bonus Plan is to encourage individual performance and to reward eligible employees whose performance, special achievements, longevity of service to the Company or suggestions make a significant improvement or contribution to the growth and profitability of the Company. The Stock Bonus Plan is administered by the Personnel Committee of the Board of Directors. Members of the Personnel Committee are not eligible for an award pursuant to the Stock Bonus Plan. The Company's President may also designate eligible employees to receive awards, which are not to be in excess of 100 shares of Common Stock. No fees or expenses of any kind are to be charged to a participant. Any employee of the Company, except for certain officers or directors of the Company, is eligible to receive shares under the Stock Bonus Plan. Distributions of shares may be made from authorized but unissued shares, treasury shares or shares purchased on the open market.

For other information required to be set forth by the Company in response to this item, see the Company's definitive Proxy Statement for its Annual Meeting of Shareholders to be held on June 5, 2014, under the caption "Stock Ownership", which is incorporated herein by reference, which the Company intends to file with the Securities and

Exchange Commission not later than 120 days after the close of its 2013 fiscal year.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

For the information required to be set forth by the Company in response to this item, see the Company's definitive Proxy Statement for its Annual Meeting of Shareholders to be held on June 5, 2014, under the captions "Proposal No. 1 - Election of Directors" and "Information Concerning the Board and its Committees," which are incorporated herein by reference, which the Company intends to file with the Securities and Exchange Commission not later than 120 days after the close of its 2013 fiscal year.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The information concerning Principal Accounting Fees and Services is set forth by the Company under the heading "Proposal 2 - Independent Registered Public Accounting Firm" in the Company's definitive Proxy Statement for its Annual Meeting of Shareholders to be held on June 5, 2014, which is incorporated herein by reference, which the Company intends to file with the Securities and Exchange Commission not later than 120 days after the close of its 2013 fiscal year.
