NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Note 1. Basis of Presentation

The accompanying unaudited interim condensed consolidated financial statements of Dillard's, Inc. (the "Company") have been prepared in accordance with the rules of the Securities and Exchange Commission ("SEC"). Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America ("GAAP") for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and nine months ended October 31, 2015 are not necessarily indicative of the results that may be expected for the fiscal year ending January 30, 2016 due to, among other things, the seasonal nature of the business.

These unaudited interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2015 filed with the SEC on March 25, 2015.

Note 2. Business Segments

The Company operates in two reportable segments: the operation of retail department stores ("retail operations") and a general contracting construction company ("construction").

For the Company's retail operations, the Company determined its operating segments on a store by store basis. Each store's operating performance has been aggregated into one reportable segment. The Company's operating segments are aggregated for financial reporting purposes because they are similar in each of the following areas: economic characteristics, class of consumer, nature of products and distribution methods. Revenues from external customers are derived from merchandise sales, and the Company does not rely on any major customers as a source of revenue. Across all stores, the Company operates one store format under the Dillard's name where each store offers the same general mix of merchandise with similar categories and similar customers. The Company believes that disaggregating its operating segments would not provide meaningful additional information.

Table of Contents

The following tables summarize certain segment information, including the reconciliation of those items to the Company's consolidated operations:

Table of Contents

Note 3. Earnings Per Share Data

The following table sets forth the computation of basic and diluted earnings per share for the periods indicated (in thousands, except per share data).

	Three Months Ended		Nine Months Ended	
	October 31, 2015	November 1, 2014	October 31, 2015	November 1, 2014
Net income	\$45,744	\$55,231	\$185,265	\$201,363
Weighted average shares of common stock outstanding	38,341	42,369	39,876	43,079
Basic and diluted earnings per share	\$1.19	\$1.30	\$4.65	\$4.67

The Company maintains a capital structure in which common stock is the only security issued and outstanding, and no shares of preferred stock, stock options, other dilutive securities or potentially dilutive securities were issued or outstanding during the three or nine months ended October 31, 2015 and November 1, 2014.

Note 4. Commitments and Contingencies

Various legal proceedings, in the form of lawsuits and claims, which occur in the normal course of business, are pending against the Company and its subsidiaries. In the opinion of management, disposition of these matters, individually or in the aggregate, is not expected to have a material adverse effect on the Company's financial position, cash flows or results of operations.

At October 31, 2015, letters of credit totaling \$28.1 million were issued under the Company's revolving credit facility.

Note 5. Benefit Plans

The Company has an unfunded, nonqualified defined benefit plan ("Pension Plan") for its officers. The Pension Plan is noncontributory and provides benefits based on years of service and compensation during employment. The Company determines pension expense using an actuarial cost method to estimate the total benefits ultimately payable to officers and allocates this cost to service periods. The actuarial assumptions used to calculate pension costs are reviewed annually. The Company contributed \$1.4 million and \$2.9 million to the Pension Plan during the three and nine months ended October 31, 2015, respectively, and expects to make additional contributions to the Pension Plan of approximately \$1.1 million during the remainder of fiscal 2015.

The components of net periodic benefit costs are as follows (in thousands):

	Three Months Ended		Nine Months Ended	
	October 31, 2015	November 1, 2014	October 31, 2015	November 1, 2014
Components of net periodic benefit costs:				
Service cost	\$983	\$1,099	\$2,949	\$3,297
Interest cost	1,684	1,911	5,052	5,733
Net actuarial loss	924	665	2,772	1,995
Net periodic benefit costs	\$3,591	\$3,675	\$10,773	\$11,025

Net periodic benefit costs are included in selling, general and administrative expenses.

Note 6. Revolving Credit Agreement

In May 2015, the Company entered into a new \$1.0 billion senior unsecured revolving credit facility ("credit agreement") replacing the Company's previous secured revolving credit facility. The new credit agreement matures on May 13, 2020 and is available to the Company for working capital needs and general corporate purposes. The Company pays a variable rate of interest on borrowings under the credit agreement and a commitment fee to the participating banks based on the Company's debt rating. The rate of interest on borrowings is LIBOR plus 1.375%, and the commitment fee for unused borrowings is 0.20% per annum. To be in compliance with the financial covenants of the credit agreement, the Company's total leverage ratio

Table of Contents

cannot exceed 4.0 to 1.0 and the coverage ratio cannot be less than 2.5 to 1.0. At October 31, 2015, the Company was in compliance with all financial covenants related to the credit agreement.

At October 31, 2015, \$126.0 million in borrowings were outstanding and letters of credit totaling \$28.1 million were issued under the credit agreement. The weighted average interest rate under the credit agreement at October 31, 2015 was 1.56%.

Note 7. Stock Repurchase Programs

The Company's Board of Directors has authorized the Company to repurchase the Company's Class A Common Stock under open-ended stock repurchase plans. These authorizations permit the Company to repurchase its Class A Common Stock in the open market, pursuant to preset trading plans meeting the requirements of Rule 10b5-1 under the Securities Exchange Act of 1934 or through privately negotiated transactions. The authorizations have no expiration date. The following is a summary of share repurchase activity for the periods indicated (in thousands, except per share data):

	Three Months Ended		Nine Months Ended	
	October 31, 2015	November 1, 2014	October 31, 2015	November 1, 2014
Cost of shares repurchased	\$174,550	\$224,486	\$382,494	\$290,408
Number of shares repurchased	1,888	2,043	3,731	2,781
Average price per share	\$92.45	\$109.89	\$102.52	\$104.44

All repurchases of the Company's Class A Common Stock above were made at the market price at the trade date. Accordingly, all amounts paid to reacquire these shares were allocated to Treasury Stock. As of October 31, 2015, \$117.5 million of authorization remained under the Company's stock repurchase plans.

Note 8. Income Taxes

During the three and nine months ended October 31, 2015 and November 1, 2014, income tax expense differed from what would be computed using the statutory federal tax rate primarily due to the effect of state and local income taxes.

Note 9. Reclassifications from Accumulated Other Comprehensive Loss ("AOCL")

Reclassifications from AOCL are summarized as follows (in thousands):

Details about AOCL Components	Amount Reclassified from AOCL				Affected Line Item in the Statement Where Net Income Is Presented
	Three Months Ended		Nine Months Ended		
	October 31, 2015	November 1, 2014	October 31, 2015	November 1, 2014

Ending balance	\$29,314	\$22,842	\$29,314	\$22,842

Note 11. Gain on Disposal of Assets

During the three months ended October 31, 2015, the Company received proceeds of \$19.2 million primarily from the sale of three store locations, resulting in a gain of \$9.4 million that was recorded in gain on disposal of assets.

During the three months ended November 1, 2014, the Company received proceeds of \$9.9 million from the sale of a store location, resulting in a gain of \$5.9 million that was recorded in gain on disposal of assets.

Note 12. Fair Value Disclosures

The estimated fair values of financial instruments which are presented herein have been determined by the Company using available market information and appropriate valuation methodologies. However, considerable judgment is required in interpreting market data to develop estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of amounts the Company could realize in a current market exchange.

The fair value of the Company's long-term debt and subordinated debentures is based on market prices or dealer quotes.

The fair value of the Company's cash and cash equivalents, accounts receivable and short-term borrowings approximates their carrying values at October 31, 2015 due to the short-term maturities of these instruments. The fair value of the Company's long-term debt at October 31, 2015 was approximately \$692 million. The carrying value of the Company's long-term debt at October 31, 2015 was \$615 million. The fair value of the Company's subordinated debentures at October 31, 2015 was approximately \$213 million. The carrying value of the Company's subordinated debentures at October 31, 2015 was \$200 million.

Note 13. Recently Issued Accounting Standards

Revenue from Contracts with Customers

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers (Topic 606), which stipulates that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. To achieve this core principle, an entity should apply the following steps: (1) identify the contract(s) with a customer, (2) identify the performance

obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract and (5) recognize revenue when (or as) the entity satisfies a performance obligation. This update was amended by ASU No. 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date, which deferred the effective date for the Company from the first quarter of fiscal 2017 to the first quarter of fiscal 2018 with early adoption permitted. The Company is currently assessing the impact of this update on its consolidated financial statements.

Presentation of Financial Statements - Going Concern

In August 2014, the FASB issued ASU No. 2014-15, Presentation of Financial Statements - Going Concern (Subtopic 205-40), which requires management to evaluate, at each annual and interim reporting period, whether there are conditions or events that raise substantial doubt about the entity's ability to continue as a going concern within one year after the date the financial statements are issued and provide related disclosures. This ASU is effective for annual periods ending after December 15, 2016 and interim periods thereafter. Early application is permitted. The adoption of this guidance is not expected to have a significant impact on the Company's consolidated financial statements.

Simplifying the Presentation of Debt Issuance Costs

In April 2015, the FASB issued ASU No. 2015-03, Interest-Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs, to amend ASC Topic 835. The amendment adds the requirement for an entity to present debt issuance costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset and to report amortization of the debt issuance costs as interest expense. This update will be effective for the Company beginning in the first quarter of fiscal 2016. The adoption of this guidance is not expected to have a significant impact on the Company's consolidated financial statements.

Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements

In August 2015, the FASB issued ASU No. 2015-15, Interest-Imputation of Interest (Subtopic 835-30): Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements, to provide authoritative guidance related to line-of-credit arrangements, which were not addressed in ASU No. 2015-03. An entity may defer and present debt issuance costs related to line-of-credit arrangements as an asset. Subsequently, the debt issuance costs may be amortized as interest expense ratably over the term of the line-of-credit arrangement, regardless of whether there are any outstanding borrowings on the line-of-credit arrangement. This update will be effective for the Company beginning in the first quarter of fiscal 2016. The adoption of this guidance is not expected to have a significant impact on the Company's consolidated financial statements.

Balance Sheet Classification of Deferred Taxes

In November 2015, the FASB issued ASU No. 2015-17, Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes, to simplify the presentation of deferred taxes in the statement of financial position. Under this amendment, entities will no longer be required to separate deferred income tax liabilities and assets into current and noncurrent amounts in a classified statement of financial position. Rather, the amendment requires deferred tax liabilities and assets be classified as noncurrent in a classified statement of financial position. The amendments in this update are effective for financial statements issued for annual periods beginning after December 15, 2016, and early application is permitted as of the beginning of an interim or annual reporting period. The Company is currently assessing the impact of this update on its consolidated financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the condensed consolidated financial statements and the footnotes thereto included elsewhere in this report, as well as the financial and other information included in our Annual Report on Form 10-K for the year ended January 31, 2015.

EXECUTIVE OVERVIEW

The Company's third quarter performance of fiscal 2015 was disappointing, as sales were weaker than expected. During the three months ended October 31, 2015, comparable store sales decreased 4% over last year's third quarter. Gross margin from retail operations improved 11 basis points of sales over last year's third quarter. Weaker retail sales contributed to an 86 basis points of sales increase in retail operations selling, general and administrative expenses. Net income decreased to \$45.7 million (\$1.19 per share) for the current year third quarter from \$55.2 million (\$1.30 per share) for the prior year third quarter.

Included in net income for the current year third quarter is a pre-tax gain of \$9.4 million (\$6.0 million after tax or \$0.16 per share) primarily related to the sale of three store locations. Included in net income for the prior year third quarter is a pre-tax gain of \$5.9 million (\$3.8 million after tax or \$0.09 per share) related to the sale of one store location.

During the three months ended October 31, 2015, the Company purchased \$174.6 million of Class A Common Stock under its \$500 million stock repurchase plan. As of October 31, 2015, authorization of \$117.5 million remained under the plan.

As of October 31, 2015, we had working capital of \$820.1 million, cash and cash equivalents of \$100.1 million and \$940.8 million of total debt outstanding, excluding capital lease obligations. Cash flows from operating activities were \$83.3 million for the nine months ended October 31, 2015. We operated 274 Dillard's locations, 23 clearance centers and one internet store as of October 31, 2015, a decrease of one store from November 1, 2014.

General

Net sales. Net sales includes merchandise sales of comparable and non-comparable stores and revenue recognized on contracts of CDI Contractors, LLC (“CDI”), the Company’s general contracting construction company. Comparable store sales includes sales for those stores which were in operation for a full period in both the current quarter and the corresponding quarter for the prior year. Comparable store sales excludes changes in the allowance for sales returns. Non-comparable store sales includes: sales in the current fiscal year from stores opened during the previous fiscal year before they are considered

Table of Contents

comparable stores; sales from new stores opened during the current fiscal year; sales in the previous fiscal year for stores closed during the current or previous fiscal year that are no longer considered comparable stores; sales in clearance centers; and changes in the allowance for sales returns.

Service charges and other income. Service charges and other income includes income generated through the long-term private label card alliance with Wells Fargo Bank, N.A. ("Wells Fargo Alliance") and former private label card alliance with Synchrony Financial ("Synchrony Alliance"). Other income includes rental income, shipping and handling fees, gift card breakage and lease income on leased departments.

Cost of sales. Cost of sales includes the cost of merchandise sold (net of purchase discounts and non-specific margin maintenance allowances), bankcard fees, freight to the distribution centers, employee and promotional discounts, and direct payroll for salon personnel. Cost of sales also includes CDI contract costs, which comprise all direct material and labor costs, subcontract costs and those indirect costs related to contract performance, such as indirect labor, employee benefits and insurance program costs.

Selling, general and administrative expenses. Selling, general and administrative expenses include buying, occupancy, selling, distribution, warehousing, store and corporate expenses (including payroll and employee benefits), insurance, employment taxes, advertising, management information systems, legal and other corporate level expenses. Buying expenses consist of payroll, employee benefits and travel for design, buying and merchandising personnel.

Depreciation and amortization. Depreciation and amortization expenses include depreciation and amortization on property and equipment.

Rentals. Rentals include expenses for store leases, including contingent rent, and data processing and other equipment rentals.

Interest and debt expense, net. Interest and debt expense includes interest, net of interest income and capitalized interest, relating to the Company's unsecured notes, subordinated debentures and borrowings under the Company's credit facility. Interest and debt expense also includes gains and losses on note repurchases, if any, amortization of financing costs and interest on capital lease obligations.

Gain on disposal of assets. Gain on disposal of assets includes the net gain or loss on the sale or disposal of property and equipment.

Income on and equity in earnings of joint ventures. Income on and equity in earnings of joint ventures includes the Company's portion of the income or loss of the Company's unconsolidated joint ventures as well as the distribution of excess cash from a mall joint venture.

Seasonality

Our business, like many other retailers, is subject to seasonal influences, with a significant portion of sales and income typically realized during the last quarter of our fiscal year due to the holiday season. Because of the seasonality of our business, results from any quarter are not necessarily indicative of the results that may be achieved for a full fiscal year.

Gross profit from retail operations remained essentially flat as a percentage of sales during the nine month comparable periods. Gross margin improved slightly in men's apparel and accessories and home and furniture. Gross margin was essentially flat in cosmetics, juniors' and children's apparel, shoes and ladies' apparel. Gross margin in ladies' accessories and lingerie declined moderately.

Gross profit from the construction segment improved \$2.3 million during the nine months ended October 31, 2015, respectively, due to increased sales over the comparable prior nine month period.

Inventory increased 6% in both total and comparable stores as of October 31, 2015 compared to November 1, 2014. A 1% change in the dollar amount of markdowns would have impacted net income by approximately \$2 million and \$7 million for the three and nine months ended October 31, 2015.

During the three months ended October 31, 2015 the Company received proceeds of \$19.2 million primarily from the sale of three store locations, resulting in a gain of \$9.4 million that was recorded in gain on disposal of assets.

During the three months ended November 1, 2014, the Company received proceeds of \$9.9 million from the sale of a store location, resulting in a gain of \$5.9 million that was recorded in gain on disposal of assets.

Income Taxes

The Company's estimated federal and state effective income tax rate, inclusive of income on and equity in earnings of joint ventures, was approximately 35.3% for the three months ended October 31, 2015 and November 1, 2014.

During the three months ended October 31, 2015 and November 1, 2014, income tax expense differed from what would be computed using the statutory federal tax rate primarily due to the effect of state and local income taxes.

The Company's estimated federal and state effective income tax rate, inclusive of income on and equity in earnings of joint ventures, was approximately 34.7% and 35.3% for the nine months ended October 31, 2015 and November 1, 2014, respectively. During the nine months ended October 31, 2015 and November 1, 2014, income tax expense differed from what would be computed using the statutory federal tax rate primarily due to the effect of state and local income taxes.

The Company expects the fiscal 2015 federal and state effective income tax rate to approximate 35%. This rate may change if results of operations for fiscal 2015 differ from management's current expectations. Changes in the Company's assumptions and judgments can materially affect amounts recognized in the condensed consolidated balance sheets and statements of income.

Net cash flows from operations decreased \$126.6 million during the nine months ended October 31, 2015 compared to the nine months ended November 1, 2014. This decline was primarily attributable to a decrease of \$108.3 million related to changes in working capital items, primarily due to increases in inventories and decreases in income taxes payable.

Synchrony Financial ("Synchrony") owned and managed Dillard's private label credit cards under the Synchrony Alliance that expired in November 2014. Following that scheduled expiration, Wells Fargo Bank, N.A. ("Wells Fargo") purchased the Dillard's private label card portfolio from Synchrony and began managing Dillard's private label cards under a new 10-year agreement ("Wells Fargo Alliance"). Under the Wells Fargo Alliance, Wells Fargo establishes and owns private label card accounts for our customers, retains the benefits and risks associated with the ownership of the accounts, provides key customer service functions, including new account openings, transaction authorization, billing adjustments and customer inquiries, receives the finance charge income and incurs the bad debts associated with those accounts.

Pursuant to the Wells Fargo Alliance, we receive on-going cash compensation from Wells Fargo based upon the portfolio's earnings. The compensation earned on the portfolio is determined monthly and has no recourse provisions. The amount the Company receives is dependent on the level of sales on Wells Fargo accounts, the level of balances carried on Wells Fargo accounts by Wells Fargo customers, payment rates on Wells Fargo accounts, finance charge rates and other fees on Wells Fargo accounts, the level of credit losses for the Wells Fargo accounts as well as Wells Fargo's ability to extend credit to our customers. We participate in the marketing of the private label cards, which includes the cost of customer reward programs. We accept payments on the private label cards in our stores as a convenience to customers who prefer to pay in person rather than by paying online or mailing their payments to Wells Fargo. The Wells Fargo Alliance expires in fiscal 2024.

The Company received income of approximately \$78.2 million and \$85.2 million from the Wells Fargo Alliance and former Synchrony Alliance during the nine months ended October 31, 2015 and November 1, 2014, respectively.

During the nine months ended November 1, 2014, the Company received proceeds of \$9.9 million from the sale of a store location, resulting in a gain of \$5.9 million that was recorded in gain on disposal of assets. The cash proceeds from this sale were originally held in escrow for the acquisition of replacement property under like-kind exchange agreements. The escrow accounts were administered by an intermediary. Pursuant to the like-kind exchange agreements, the cash was restricted for a maximum of 180 days from the date of the property sale pending the acquisition of replacement property. Changes in restricted cash balances are reflected as an investment activity in the accompanying Condensed Consolidated Statements of Cash Flows. During the nine months ended October 31, 2015, payments of \$7.3 million were made from restricted cash for like-kind property.

During the nine months ended October 31, 2015 the Company received proceeds of \$19.4 million primarily from the sale of three store locations, resulting in a gain of \$9.5 million that was recorded in gain on disposal of assets.

Capital expenditures were \$141.9 million and \$124.1 million for the nine months ended October 31, 2015 and November 1, 2014, respectively. The current year expenditures were primarily for the construction of new stores and the remodeling of existing stores. Capital expenditures for fiscal 2015 are expected to be approximately \$150 million compared to actual expenditures of \$152 million during fiscal 2014.

In August, the Company opened its new 200,000 square foot location at Fashion Place in Murray, Utah. The store replaced a 190,000 square foot location at the same center. In October, the Company opened its 155,000 square foot store location at Liberty Center in Cincinnati, Ohio as well as its 126,000 square foot location at Fremaux Town Center in Slidell, Louisiana.

Two clearance stores comprising 245,000 square feet were closed during the nine months ended October 31, 2015. We remain committed to closing under-performing stores where appropriate and may incur future closing costs related to these stores when they close.

The Company had cash on hand of \$100.1 million as of October 31, 2015. In May 2015, as part of our overall liquidity management strategy and for peak working capital requirements, the Company entered into a new \$1.0 billion senior unsecured revolving credit facility, replacing the secured credit facility. The new credit agreement matures on May 13, 2020 and is available to the Company for working capital needs and general corporate purposes. Currently, the the rate of interest on borrowings is LIBOR plus 1.375%, and the commitment fee for unused borrowings is 0.20% per annum. To be in compliance with the financial covenants of the credit agreement, the Company's total leverage ratio cannot exceed 4.0 to 1.0 and the coverage ratio cannot be less than 2.5 to 1.0.

At October 31, 2015, \$126.0 million in borrowings were outstanding and letters of credit totaling \$28.1 million were issued under the credit agreement. The weighted average interest rate under the credit agreement at October 31, 2015 was 1.56%.

During the nine months ended October 31, 2015, the Company repurchased 3.7 million shares of Class A Common Stock at an average price of \$102.52 per share for \$382.5 million. During the nine months ended November 1, 2014, the Company repurchased 2.8 million shares of stock for \$290.4 million at an average price of \$104.44 per share under the Company's stock repurchase plans. At October 31, 2015, \$117.5 million of authorization remained under the Company's stock repurchase plans. The ultimate disposition of the repurchased stock has not been determined.

During fiscal 2015, the Company expects to finance its capital expenditures and its working capital requirements, including stock repurchases, from cash on hand, cash flows generated from operations and utilization of the credit facility. Depending on conditions in the capital markets and other factors, the Company may from time to time consider other possible financing transactions, the proceeds of which could be used to refinance current indebtedness or for other corporate purposes.

There have been no material changes in the information set forth under caption "Contractual Obligations and Commercial Commitments" in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2015.

OFF-BALANCE-SHEET ARRANGEMENTS

The Company has not created, and is not party to, any special-purpose entities or off-balance-sheet arrangements for the purpose of raising capital, incurring debt or operating the Company's business. The Company does not have any off-balance-sheet arrangements or relationships that are reasonably likely to materially affect the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or the availability of capital resources.

NEW ACCOUNTING STANDARDS

For information with respect to new accounting pronouncements and the impact of these pronouncements on our consolidated financial statements, see Note 13 to the accompanying financial statements.

FORWARD-LOOKING INFORMATION

This report contains certain forward-looking statements. The following are or may constitute forward looking statements within the meaning of the Private Securities Litigation Reform Act of 1995: (a) statements including

words such as “may,” “will,” “could,” “should,” “believe,” “expect,” “future,” “potential,” “anticipate,” “intend,” “plan,” “estimate,” or the negative or other variations thereof; (b) statements regarding matters that are not historical facts; and (c) statements about the Company’s future occurrences, plans and objectives, including statements regarding management’s expectations and forecasts for the remainder of fiscal 2015 and beyond, statements concerning the opening of new stores or the closing of existing stores, statements concerning capital expenditures and sources of liquidity, statements concerning pension contributions and statements concerning estimated taxes. The Company cautions that forward-looking statements contained in this report are based on estimates, projections, beliefs and assumptions of management and information available to management at the time of such statements and are not guarantees of future performance. The Company disclaims any obligation to update or revise any forward-looking statements based on the occurrence of future events, the receipt of new information, or otherwise. Forward-looking statements of the Company involve risks and uncertainties and are subject to change based on various important factors. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements made by the Company and its management as a result of a number of risks,

uncertainties and assumptions. Representative examples of those factors include (without limitation) general retail industry conditions and macro-economic conditions; economic and weather conditions for regions in which the Company's stores are located and the effect of these factors on the buying patterns of the Company's customers, including the effect of changes in prices and availability of oil and natural gas; the availability of consumer credit; the impact of competitive pressures in the department store industry and other retail channels including specialty, off-price, discount and Internet retailers; changes in consumer spending patterns, debt levels and their ability to meet credit obligations; changes in legislation, affecting such matters as the cost of employee benefits or credit card income; adequate and stable availability of materials, production facilities and labor from which the Company sources its merchandise at acceptable pricing; changes in operating expenses, including employee wages, commission structures and related benefits; system failures or data security breaches; possible future acquisitions of store properties from other department store operators; the continued availability of financing in amounts and at the terms necessary to support the Company's future business; fluctuations in LIBOR and other base borrowing rates; potential disruption from terrorist activity and the effect on ongoing consumer confidence; epidemic, pandemic or other public health issues; potential disruption of international trade and supply chain efficiencies; world conflict and the possible impact on consumer spending patterns and other economic and demographic changes of similar or dissimilar nature. The Company's filings with the Securities and Exchange Commission, including its Annual Report on Form 10-K for the fiscal year ended January 31, 2015, contain other information on factors that may affect financial results or cause actual results to differ materially from forward-looking statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes in the information set forth under caption "Item 7A-Quantitative and Qualitative Disclosures About Market Risk" in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2015.

Item 4. Controls and Procedures

The Company has established and maintains disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). The Company's management, with the participation of our Principal Executive Officer and Co-Principal Financial Officers, has evaluated the effectiveness of the Company's disclosure controls and procedures as of the end of the fiscal quarter covered by this quarterly report, and based on that evaluation, the Company's Principal Executive Officer and Co-Principal Financial Officers have concluded that these disclosure controls and procedures were effective.

There were no changes in our internal control over financial reporting that occurred during the fiscal quarter ended October 31, 2015 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
