Fannie Mae is filing this report in compliance with SEC Rule 15Ga-1. The following information is

Edgar Filing: FEDERAL NATIONAL MORTGAGE ASSOCIATION FANNIE MAE - Form ABS-15G/A

Fannie Mae filed its initial report in compliance with Rule 15Ga-1 as of February 14, 2012. Such (set forth below) outstanding as of December 31, 2011 and included all activities between and including Fannie Mae against the seller of the related mortgage loans (including activities in such period) for breaches of representations and warranties related to such mortgage loans.

In accordance with Rule 15Ga-1, Fannie Mae is filing a report on a quarterly basis approximately every three months for securities (with those exceptions as set forth below) outstanding at the beginning of that calendar period) for breaches of representations and warranties related to such mortgage loans.

Because the report does not include information related to the origination date of a mortgage loan or securities based on the date on which the report was filed. In order to determine the issue date of a mortgage loan on Fannie Mae's website or utilize another third-party data source. Fannie Mae also provides the information in the Prospectus Supplement for each issuance of MBS.

Fannie Mae engages in a variety of practices with respect to mortgage loans where there are breaches of representations and warranties. Fannie Mae may repurchase mortgage loans from a Fannie Mae trust if it determines that there has been a breach of representation and warranty by the seller of the mortgage loan to Fannie Mae trust in accordance with the terms of the related trust agreement at the time that it was made. Such repurchase may alternatively result in a payment by the seller of the mortgage loan to reimburse Fannie Mae for the cost of such demand, as agreed to by the seller and Fannie Mae. Each such repurchase demand made by Fannie Mae against the mortgage asset in question is in the related Fannie Mae trust at the time of demand and (ii) the first receipt date of funds for repurchase, as captured in Fannie Mae's systems, is used to determine the date of repurchase.

The report will not include percentage calculations for most fields.¹ Because Fannie Mae routinely repurchases mortgage loans, such percentages have been removed from the related Fannie Mae trust, such percentages would tend to overstate (and are not) the percentage of mortgage loans subject to a repurchase demand. Fannie Mae will provide the number of mortgage loans and the principal amount of such mortgage loans.

Breaches of representations and warranties generally relate to the underwriting of a mortgage loan or (ii) servicing violations. The report includes all breaches of representation and warranty, including underwriting deficiencies and those unrelated to such deficiencies. For example, a mortgage loan may be in a Fannie Mae trust pool. Such fixed-rate mortgage loan may meet Fannie Mae underwriting requirements, but Fannie Mae may repurchase the mortgage loan seller's representation and warranty that such mortgage loan bears an adjustable interest rate.

This report includes only those Fannie Mae mortgage securities where Fannie Mae has the right to repurchase the mortgage loan in question and the related representation and warranty. These securities typically include Fannie Mae single-family MBS, Fannie Mae multi-family MBS, Fannie Mae securities, including Megas, Stripped Mortgage-Backed Securities, most REMIC Securities and other securities.

As described above, the mortgage loans may not necessarily be in the related Fannie Mae trust at the time of the breach. That is, a mortgage loan that is paid off prior to the actual repurchase will not be reflected in subsequent reports. The mortgage loans are commingled throughout the report and structured products (such as REMICs) reported at the end of the report. Fannie Mae reports at a deal-group level. As the deal-groups pay off, the data will be removed from subsequent reports.

The term "Total Assets by Originator" presents, by originator, the number and issue date principal amount of mortgage loans. The term "originator" is the party that funded the mortgage loan in question. It is common practice for Fannie Mae to originate to third parties, who aggregate such mortgage loans from multiple originators and sell them to Fannie Mae. More than with the originators, Fannie Mae had not, prior to November 2012, obtained the names of such originators (and such information after issuance) would be prohibitively expensive. Consequently, where Fannie Mae does not have the name of such originator, but will list the originator as "Unavailable" in such cases. Fannie Mae will list the name of the seller (which party is frequently not the originator) of the mortgage loans who has made the representation and warranty for the mortgage loans in the event of a breach of representation and warranty.

Beginning in November 2012, Fannie Mae began to require its mortgage loan sellers to identify the name of the originator of the mortgage loan, as so provided by Fannie Mae's mortgage loan sellers, with respect to securities issued by Fannie Mae. Such information would be prohibitively expensive. Consequently, where Fannie Mae does not have the name of such originator, but will list the originator as "Unavailable" in such cases.

Certain Fannie Mae mortgage securities, all of which were issued no later than January 1, 2001, include information on the principal balances. All of the mortgage loans in question were removed from the pool or were paid off prior to the date of the mortgage loans and obtaining such information would be impossible or prohibitively expensive. Consequently, Fannie Mae will report the date principal balance of such mortgage loans. The CUSIP numbers of the securities where Fannie Mae has the right to repurchase the mortgage loan in question.

The term "Assets that Were Subject of Demand" presents the number and outstanding principal balance of mortgage loans that were subject to a repurchase demand.

Edgar Filing: FEDERAL NATIONAL MORTGAGE ASSOCIATION FANNIE MAE - Form ABS-15G/A

(2) The issue date principal balance of the mortgage loans is used to calculate the issue date t

(3) From time to time, Fannie Mae acquires mortgage loans from a mortgage loan seller where such the mortgage loan seller retains control of such joint venture (either through majority ownership addition, Fannie Mae has, in a limited number of circumstances, acquired mortgage loans originate mortgage loan seller by which the third party may have funded the mortgage loan, but the mortgage taking the mortgage loan application, processing, underwriting, or delivering the mortgage loan t this report if the mortgage loan seller had not otherwise provided the name of the originator.

(4) In the case of mortgage loans in a trust or mortgage loans removed directly from a trust due that amount unpaid to the related certificateholders) of the mortgage loan. In the case where th will be the actual balance of such mortgage loan.
