ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission ("SEC") using the SEC's shelf registration rules. Under the shelf registration rules, using this prospectus and, if required, one or more prospectus supplements, the Selling Shareholders may sell from time to time, in one or more offerings, the shares of common stock covered by this prospectus. This prospectus also covers certain rights that we have granted to holders of our common stock, including shares issued in the future, to purchase fractions of a share of our Series A Junior Participating Preferred Stock in the event of an acquisition of, or an announced tender offer for, 15% or more of our outstanding common stock. Until such a triggering event occurs, these preferred stock purchase rights are attached to shares of our common stock

Edgar Filing: ENNIS, INC. - Form S-3

and are neither evidenced by separate certificates nor transferable separately from our common stock. If the rights become exercisable, we will take further action, if required, to register with the SEC the issuance of shares of our Series A Junior Participating Preferred Stock.

A prospectus supplement may add, update or change information contained in this prospectus. We recommend that you read carefully this entire prospectus, especially the section entitled "Documents Incorporated by Reference" beginning on page , and the section entitled "Risk Factors" beginning on page 3, and any supplements before making a decision to invest in our common stock.

On November 19, 2004, we acquired Centrum Acquisition, Inc. through a merger. The business formerly conducted by Centrum Acquisition, Inc. and its subsidiaries is now conducted by our subsidiary, Alstyle Apparel, LLC. As used in this prospectus, "Centrum" refers to Centrum Acquisition, Inc. and "Alstyle" refers to Alstyle Apparel, LLC.

RISK FACTORS

An investment in our common stock involves significant risks. You should consider carefully the following information about these risks, together with the other information contained in this prospectus, including the documents incorporated by reference in this prospectus before buying shares of our common stock. Many of the risks discussed below have affected our business in the past, and many are likely to continue to do so. These risks may materially adversely affect our business, financial condition, operating results or cash flows, or the market price of our common stock. Each of these risk factors could adversely affect the value of an investment in our common stock.

Risks Associated with Potential Growth

There are many risks associated with potential acquisitions.

Our business and operating strategy embraces growth. That includes internal, organic as well as external, acquisition-oriented growth scenarios. We intend to continue to evaluate potential acquisitions that we believe will enhance our existing business or enable us to grow. If we acquire other companies or product lines in the future, it may dilute the value of existing shareholders' ownership. We may also incur debt and losses related to the impairment of goodwill and other intangible assets if we acquire another company, and this could negatively impact our results of operations. We currently do not have any definitive agreements to acquire any company or business. Additional risks associated with acquisitions include the following:
