Officers, directors and greater-than-10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3, 4, 5 and amendments thereto furnished to us during fiscal 2004, and written representations that Form 5 was required and duly filed with the commission, we believe that all Section 16(a) filing requirements applicable to our officers, directors and greater-than-10% shareholders were fulfilled in a timely manner.

Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002 and rules of the NASDAQ National Market, we have adopted a code of ethics that applies to all our executive officers, directors and employees. The business code of ethics and corporate governance is available on our website at www.cspi.com under the investor relations section. A copy of the code of ethics can also be obtained without charge by written request to investor relations, CSP Inc., 43 Manning Road, Billerica, Massachusetts 01821.

Option grants table

. The following table sets forth certain information about stock options granted during the fiscal year ended September 30, 2004 by us to the executive officers named in the summary compensation table.

Option Grants in Last Fiscal Year

Name	Individual Grants				Potential Realized Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (2)	
	Number of Securities Underlying Options Granted	% of Total Options Granted Employees in Fiscal Year	Exercise Price (1)	ExpirationDate	5%	10%
Bill Bent	2.000	23.0%	\$5.25	11/04/13	\$6,605	\$16,734

(1) Stock options were granted at the fair market value of our common stock on the date of the grant. The stock options expire ten years from the date of grant. The options vest over a period of five years and do not vest until a year from the date of grant.

(2) Amounts reported in these columns represent amounts that may be realized upon exercise.

Amounts reported in the last two columns above represent hypothetical values that may be realized upon exercise of the options immediately before the expiration of their term, assuming the specified compounded rates of appreciation of the price of our common stock over the term of the options. These numbers are calculated based on the rules of the Securities and Exchange Commission and do not represent our estimate of future stock price growth. Actual gains, if any, on stock option exercises and common stock holdings depend on the timing of the exercise of the option and the sale of the common stock, as well as the future performance of the common stock. The rates of appreciation assumed in this table may not be achieved and the officers may never receive the amounts reflected. This table does not take into account any change in the price of the common stock after the date of grant. The values shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise.

Fiscal year-end option table.

The following table sets forth certain information regarding stock options held as of September 30, 2004 by the executive officers named in the summary compensation table.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

Gary W. Levine	-	-	24,374	1,000	\$53,330	\$3,230
William Bent	-	-	15,410	3,000	\$35,712	\$7,690
Fernando DeLaville	-	-	3,000	250	\$12,423	\$808

(1) Value is based on the last sales price of our common stock (\$7.48) on September 30, 2004, the last day of fiscal 2004 on which a trade in the common stock was reported by the NASDAQ National Market, less the applicable option exercise price. These values have not been and may never be realized. Actual gains, if any, will depend on the value of the common stock on the date of sale of the shares.

Employment contracts and termination of employment and change-in-control arrangements

We have an employment agreement with Mr. Lupinetti dated September 12, 1996, pursuant to which he became one of our directors and our chief executive officer and president effective October 1, 1996. Under the terms of the agreement, Mr. Lupinetti's initial base salary was \$200,000, which was increased to \$300,000. He is also eligible to receive a bonus based on the attainment of certain financial objectives. Our compensation committee voted to increase Mr. Lupinetti's base salary to \$315,000 on November 9, 2004. Mr. Lupinetti has received stock options annually since his initial employment, and he currently holds stock options to acquire 343,600 shares of our common stock. These options vest quarterly over a period of four years from date of grant. However, if we are acquired by way of a sale of substantially all of our assets or by merger, the options will fully vest at the time of such acquisition. We also provide Mr. Lupinetti with an automobile. Finally, in the event Mr. Lupinetti's employment is terminated by us other than for cause (as defined), he will be entitled to 12 months of severance pay at his then effective per month salary. This contract was amended on November 5, 2002 to add that if there is a change in control and Mr. Lupinetti's services are no long needed, he will receive 24 months of severance and health benefits for the severance period.

Compensation of directors

During fiscal 2004, each director who is not one of our employees received a quarterly fee of \$2,500, a quarterly fee of \$138 for each committee of the board of which he is a member and a fee of \$550, plus expenses, for each meeting of the board that he attends. In addition, the chairman of the audit committee receives a \$1,000 quarterly fee. On November 9, 2004, the quarterly fee was increased to \$3,500 for service as a director.

Each non-employee director receives a grant of 200 restricted shares of our common stock annually as additional compensation. These shares cannot be sold for one year from the date of issuance. Each non-employee director also receives an annual non-discretionary grant of a non-statutory option on the last business day in January. On November 9, 2004, we increased the size of the grant from 1,000 to 2,000 options. These non-discretionary options have an exercise price per share equal to the fair market value of the common stock on the date of grant, are not exercisable until after six months following such date, have a term of three years and are fully vested after six months. In fiscal 2004, we granted options to purchase an aggregate of 21,961 shares of our common stock to our non-employee directors, each with an exercise price of \$5.19 per share.

Compensation committee interlocks and insider participation

Messrs. Lyons, James and Hall served on our compensation committee during fiscal 2004. Persons serving on our compensation committee had no relationships with us other than their relationships to us as directors entitled to the receipt of standard compensation as directors and members of certain committees of our board and their relationships to us as stockholders. No person serving on our compensation committee or on our board of directors is an executive officer of another entity for which one of our executive officers serves on the board of directors or on that entity's compensation committee.

Report of the Compensation Committee

Compensation policy

Our compensation policies are designed to pay executives an annual salary that is industry competitive and an annual bonus that is based both on our performance and on individual goals established for each of the executives for the fiscal year. We also utilize long term incentives based on stock options. Our committee reviews all three components annually in an effort to ensure that salaries remain competitive, bonuses reward performance and stock options provide continued incentive.

Salaries for executive officers are based on the duties and responsibilities of the position held by the executive compared with executive officers of other companies in our industry. We establish and review salaries annually. We also review various industry salary surveys in establishing each year's new compensation. Each executive has a performance review prepared by our chief executive officer. During this review, the officer's performance over the prior year is assessed and goals are established for the next year. This information is communicated to us and, based on this review and salary surveys we set the annual salary for the executive for the next year.

Executive officers and key management employees participate in the bonus plan. Payments under the plan are contingent on us meeting our sales and net earnings objectives for the fiscal year. Based on the extent to which we achieve those objectives, each participant other than the chief executive officer receives an executive bonus of up to 30%, and the chief executive officer receives up to 50%, of his regular annual salary if we meet the revenue and profit goals. If we exceed the sales and profit goals, the bonus percentage increases. Our committee reviews both the individual and company goals annually. In fiscal 2004, executive bonus were earned by Messrs. Levine, Lupinetti, Bent and DeLaville.

From time to time we grant stock options to some or all of our executives and key employees as a means of creating a long-term incentive and benefit. Such stock options are generally granted at the fair market value of shares of common stock on the date of grant. Thus, no benefit will accrue to the executive or key employee from the stock option grant until the common stock appreciates. This creates a long-term goal for appreciation of the common stock, which coincides with the interests of the stockholders.

Chief executive officer compensation

We have an employment agreement with Mr. Lupinetti dated September 12, 1996, under which Mr. Lupinetti became one of our directors and our chief executive officer and president effective October 1, 1996. Under the terms of Mr. Lupinetti's contract, if we are acquired by a way of sale of substantially all of our assets or by merger, all of his stock options will fully vest at the time of such acquisition. We also provide Mr. Lupinetti with an automobile. If Mr. Lupinetti's employment were to be terminated by us other than for cause (as defined), Mr. Lupinetti would be entitled to 12 months of severance pay at his then effective annual salary per month, and if there is a change in our control, Mr. Lupinetti would receive 24 months of severance pay.

Mr. Lupinetti participates in the executive bonus plan. Payments under the plan are contingent upon our meeting our sales and net earnings objective for the year. For fiscal year 2004, Mr. Lupinetti received a bonus of \$436,300 due to our success in exceeding our sales and earnings targets. In addition, our committee acknowledged Mr. Lupinetti's

leadership in driving the significant progress we had achieved through the implementation of his corporate strategy, which returned us to profitability after three difficult years. Our committee also noted that he had accomplished the following during fiscal 2004: (1) the successful integration of the acquisition of Technisource Hardware Inc., (2) the contract award of the E2C Hawkeye from Lockheed Martin, which is the largest order for the Systems group in over a decade, and (3) the continued cost and expense monitoring. The last three years have been a challenging period for the high tech industry, and the implementation of the strategies developed by Mr. Lupinetti over the past two years resulted in our successful repositioning. This was further evidenced by our ability to achieve profitability for the last three quarters of fiscal 2004.

We increased Mr. Lupinetti's base compensation for fiscal 2004 to \$300,000. On November 9, 2004, our committee increased his base salary again to \$315,000. Mr. Lupinetti has options to purchase 343,600 shares of our common stock as of September 30, 2004, all granted at the fair market value of our common stock on the date of the grant. Our committee granted Mr. Lupinetti options to purchase an additional 46,000 shares of our common stock at the fair market value effective December 31, 2004.

Performance graph

The following performance graph compares the performance of our cumulative stockholder return with that of a broad market index (the Russell 2000 Index) and a published industry index (the NASDAQ Computer & Data Processing Index) for each of the most recent five fiscal years. The cumulative stockholder return for shares of our common stock and each of the indices is calculated assuming that \$100 was invested on August 27, 1999. We paid no cash dividends during the periods shown. The performance of the indices is shown on a total return (dividends reinvested) basis. The graph lines merely connect year-end dates and do not reflect fluctuations between those dates.

None.

Item 14. *Principal Accountant Fees and Services*

Our board of directors, upon the recommendation of our audit committee, selected the firm KPMG LLP, to audit our financial statements for the past fiscal year. Effective as of the date of the annual meeting to which this proxy statement relates, responsibility for selecting our auditors passes to our audit committee, which has not yet selected our independent public accountant for the current fiscal year. Our audit committee has customarily selected the independent auditors at the first board meeting after the annual meeting of each year and expects to do so in 2005. A representative of KPMG is expected to be present at the annual meeting, will have the opportunity to make a statement if he or she wishes to do so, and will be available to respond to appropriate questions.

The following is a summary of the fees billed to us by Grant Thornton for services rendered prior to its dismissal and fees billed by KPMG since its engagement for professional services rendered for the fiscal years ended September 30, 2004 and September 30, 2003:

Fee Category	Fiscal 2004 Fees	Fiscal 2003 Fees
	KPMG	Grant Thornton
Audit Fees (1)	\$757,793	\$238,606
Audit-Related Fees (2)	\$63,769	-
Tax Fees (3)	\$13,388	\$81,158
All Other Fees (4)	=	<u>\$46,800</u>
Total Fees	<u>\$834,950</u>	<u>\$366,564</u>

Audit fees

Edgar Filing: CSP INC /MA/ - Form 10-K/A

: Audit fees represent fees for professional services performed by our independent auditor for the audit of our annual financial statements and the review of our quarterly financial statements, as well as services that are normally provided in connection with statutory and regulatory filings or engagements.

Audit-related fees

: Audit-related fees represent fees for assurance and related attestation services performed by our independent auditor that are reasonably related to the performance of the audit or review of our financial statements.

Tax fees

: Tax fees represent fees billed for professional services performed by our independent auditor with respect to corporate tax compliance, tax advice and tax planning.

All other fees:

All other fees represent fees billed for products and services provided by our independent auditor, other than those disclosed above.

The audit committee considered and determined that the provision of non-audit services provided by KPMG and Grant Thornton is compatible with maintaining the auditors' independence.

Pre-approval policies and procedures

At present, our audit committee approves each engagement for audit and non-audit services before we engage KPMG to provide those services.

Our audit committee has not established any pre-approval policies or procedures that would allow our management to engage KPMG to provide any specified services with only an obligation to notify the audit committee of the engagement for those services. None of the services provided by KPMG for 2004 was obtained in reliance on the waiver of the pre-approval requirement afforded in SEC regulations.
