COMPENSATION DISCLOSURE AND ANALYSIS

Overview

This compensation discussion describes the material elements of compensation awarded to, earned by, or paid to each of our executive officers who served as named executive officers during the last completed fiscal year. This compensation discussion focuses on the information contained in the following tables and related footnotes and narrative for primarily the last completed fiscal year, but we also describe compensation actions taken before or after the last completed fiscal year to the extent it enhances the understanding of our executive compensation disclosure.

The Compensation Committee's Responsibilities

The Compensation Committee of the Board is responsible for oversight of the Company's executive compensation and benefit policies to ensure that they provide the appropriate motivation to achieve superior corporate performance and stockholder value. The Committee performs an annual evaluation of the Principal Executive Officer's performance compared to pre-established performance goals and objectives, and recommends compensation actions impacting executive officers and directors to the Board.

The Committee is composed entirely of directors. Reports of the Committee's actions and recommendations are presented to the full Board after each meeting. The purpose of this analysis is to summarize the philosophical principles, specific program elements and other factors considered by the Committee in making decisions about executive compensation. The Committee has engaged the Hay Group an independent executive compensation consultant to advise it on compensation matters and information is provided to it by management including the Principal Executive Officer and the Senior Vice President/Operations.

Compensation Philosophy

The Committee's guiding philosophy is to establish a compensation program that will enable the attraction, development, and retention of quality executive leadership who will achieve competitively superior corporate performance and stockholder value creation. The Committee bases its compensation decisions on the following core principles:

Pay is Performance Based: Executive officer compensation is tightly linked to Company performance. Base salaries are targeted to the median of salaries paid at companies in the life insurance sector (life group). Salaries are coupled with annual and long term incentive programs that enable total compensation to rise above that of the fourteen comparable insurance companies (comparable group) median in years when Company performance is superior to that of the comparable group.

Compensation Opportunities Must Be Competitive: Competition for key management talent in the insurance industry is aggressive. The Committee carefully monitors the compensation practices of the comparable group and the life group to assure an appropriate level of competitiveness.

Program Elements

The Company's executive compensation program is composed of base salary, bonuses, annual incentive and long-term incentive compensation.

Base Salary. The Committee sets base salaries after considering an individual's responsibilities and performance, and the compensation for similar positions in the life group. Base salaries for executive officers are targeted to the midpoint of the life group. Salary ranges are set with minimum 20 percent below midpoint and maximum at 20 percent above midpoint.

The life group of companies consists of:

Edgar Filing: KANSAS CITY LIFE INSURANCE CO - Form DEFA14A

American Equity Investment Life Holding Co.
Amerus Group Co.
Delphi Financial Group, Inc.
FBL Financial Group, Inc.
Great American Financial Resources, Inc.
Jefferson-Pilot Corporation
National Western Life Insurance Co.

National Financial Services, Inc.
Phoenix Companies, Inc., The
Presidential Life Corporation
Protective Life Corporation
StanCorp Financial Group, Inc.
Torchmark Corporation
Unitrin, Inc.

All executive officers are eligible for an annual merit increase to base salary, effective January 1, based primarily on performance of job responsibilities and accomplishment of predetermined performance objectives. Job responsibilities are described by a current written job description and are evaluated by using the Hay Group system. Job accomplishment is measured by a written performance appraisal which includes evaluating the key responsibilities of the position using five levels of defined performance ratings culminating in an overall job performance rating. The Principal Executive Officer evaluates the executive officers performance and the Compensation Committee evaluates the Principal Executive Officers performance.

-12-

Bonus. Discretionary bonuses are approved by the committee.

Annual Incentive. The Company provides the named executive officers and 77 other participants with an annual opportunity to earn cash incentive awards through the Annual Incentive Plan (the AIP). Annual incentive compensation is paid in cash. The Company targets the combination of base salary and annual incentive to be that of the median of the life group.

The AIP is focused on three weighted corporate goals, Finance, Growth and Expense Control for the fiscal year.

The Finance Goal is measured by operating earnings excluding the impact of incentive compensation plans. The Growth Goal is measured by life insurance target premiums. The Expense Control Goal is measured by controllable expenses. Performance measures have a threshold, target and maximum award.

No payouts are made under the AIP unless the fiscal year earnings trigger is achieved. The earnings trigger is intended to prevent payouts if a specific level of return on equity is not achieved. Return on equity is based on the stockholder equity at the end of the prior fiscal year including unrealized gains and losses on investments excluding the impact of incentive compensation plans. For 2006 the earning trigger is \$27 million of net income.

Different classes in the plan have different levels of opportunity for payouts based on a percent of their salary. The more senior the participant the higher the percentage of the award is allocated to corporate goals in order to reflect broader job duties. All participants, except the Principal Executive Officer, have two individual goals as part of their plan.

The AIP is designed to award individual and company performance that results in meeting important company objectives.

The AIP goals and earnings trigger are recommended by management and approved by the Compensation Committee.

Long Term Incentive. The Company provides executive officers with a Long Term Incentive Plan (LTIP) that annually grants Phantom Stock Options (PSOs) for a three year overlapping term. The plan for term fiscal year 2006 began on January 1, 2004 and concluded on December 31, 2006. The initial face value of one PSO is the volume weighted average Company stock closing price from December 1, 2003 to December 31, 2003. The concluding value of one PSO is the volume weighted average Company stock closing price from December 1, 2006 to December 31, 2006.

Edgar Filing: KANSAS CITY LIFE INSURANCE CO - Form DEFA14A

In addition, Company stock dividends accrue over the three year term and become payable at end of each year term LTIP PSO plans with terms running from January 1, 2005 to December 31, 2007 and January 1, 2006 to December 31, 2008.

For each three year term, the Compensation Committee determines Total Direct Compensation which is the number of PSO appreciation to be awarded to each executive officer based on the total of base salary for the fiscal year plus the AIP payout in the fiscal year for the plan concluding at the end of the prior fiscal year plus the present value of long term incentive compensation awarded in that fiscal year. Total direct compensation is adjusted to be between median and the 75th percentile of the life group when the AIP and LTIP awards are at target.

Upon timely election, executive officers may irrevocably elect to defer receipt of the plan award into deferred stock units (DSU) which fluctuate directly with the company stock price. The DSUs can be settled in stock, cash or a combination of both. All dividends on the DSUs are deferred until settlement of the DSUs. The election is intended to align the participants interests with that of the Company and shareholders.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code provides guidance on the deductibility of compensation paid to the Company's five highest paid officers. The Company has taken the necessary actions to ensure the deductibility of payments under the Company's annual and long-term performance incentive compensation plans. The Company also intends to take the actions necessary to maintain the future deductibility of payments and awards under these programs.

Conclusion

The Company is satisfied that the base salary, bonus, annual incentive plan and long-term incentive plan provided to the named executive officers of the Company are structured and operate to foster a performance-oriented culture and create strong alignment with the long-term best interests of the Company and its stockholders and that compensation levels are reasonable in light of performance and industry practices.

Non-Qualified Deferred Compensation

Highly compensated employees, those whose compensation is \$100,000 or more in 2006 are limited to contributing 6% of their base salary to the Savings and Profit Sharing Plan 401(k). They are, however, eligible to participate in the Kansas City Life Deferred Compensation Plan up to a maximum of 25% of their base salary.

If the highly compensated employee's contribution reaches the 401(k) plan base salary limit (\$220,000 for 2006), their contribution to the 401(k) plan will be redirected into the Deferred Compensation Plan provided it does not cause the deferred compensation election amount to exceed 25% of their base salary. These redirected employee contributions will be matched by an equal employer contribution.

The plan participant selects funds from a variety of investment choices provided by the plan. Selections may be changed daily except for the Company's stock which trades at the end of each month. The interest rates and earnings varied for the participants depending on their fund selections and allocations plus the performance of each fund.

The plan pays out in a lump sum of cash at the time of retirement, termination, death or total and permanent disability.

(1) Below is a brief description of the Kansas City Life Insurance Company Qualified Cash Balance Pension Plan (Qualified Plan) and Kansas City Life Insurance Company Excess Benefit Plan (Excess Benefit Plan), collectively, the Plans :

Employees must be at least age 21 and have completed one year of service in order to participate in the plans. The normal retirement benefit available to participants is the greater of the participant's Cash Balance Account or the actuarial equivalent of the participants Prior Plan Benefit or Grandfathered Benefit. The Cash Balance Account is credited with a percentage of compensation each year based on years of service and is also credited with interest each year. The normal form of payment is a life annuity if single or a qualified joint and survivor annuity if married. Participants also have the option of electing an actuarial equivalent form of payment, including a lump sum.

Participants who entered the plan prior to January 1, 1982 are eligible for early retirement at age 60 with 10 years of participation or age 55 with 15 years of participation. All other participants are eligible for early retirement at age 55 and sum of age and years of employment after age 25 equals at least 75. The early retirement benefit is the accrued benefit at severance actuarially reduced for early commencement. The Prior Plan Benefit and the Grandfathered Benefit are reduced by the Prior Plan reduction factors.

Edgar Filing: KANSAS CITY LIFE INSURANCE CO - Form DEFA14A

The compensation used in determining the accrued benefit is base pay excluding bonuses, overtime pay, vacation pay, severance pay or any other extraordinary payments.

The Non-Qualified Plan has the same provisions as the Qualified Plan except for IRC Section 401(a)(17) compensation limits and IRC Section 415 benefit limitations. The Non-Qualified Plan provides the benefits that cannot be provided by the Qualified Plan due to the limitations of IRC Section 401(a)(17) and IRC Section 415.

The Plans are designed to provide some retirement benefits for all eligible Company employees.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Assuming the employment of our named executive officers were to be terminated because of a reduction in staff, each as of December 31, 2006, the following individuals would be entitled to payments in the amounts set forth opposite to their name in the below table. As provided in the Company severance plan applicable to all employees.

			<u>Cash Severance</u>
R. Philip Bixby	\$ 12,201	per week for 52 weeks	\$ 634,452
Mark A. Milton	\$ 4,992	per week for 48 weeks	\$ 239,616
Tracy W. Knapp	\$ 4,926	per week for 14 weeks	\$ 68,964
Charles R. Duffy, Jr.	\$ 5,083	per week for 34 weeks	\$ 172,822
Donald E. Krebs	\$ 4,713	per week for 20 weeks	\$ 94,260

No severance payment is provided for any of the executive officers in the event of death, disability or retirement.

No payments are due in connection with a severance by reduction in staff unless the executive executes a general release and waiver of claims against the Company following procedures set out by the Company.

A change in control does not affect the amount or timing of cash severance payments, nor are there any other payments for change in control.

Assuming the employment of our named executive officers were to be terminated due to death, disability or retirement as of December 31, 2006, their year end payout as shown in the summary compensation table for the Annual Incentive Plan and the Long Term Incentive Plan would not change. Upon all other terminations, the amounts in the Annual Incentive Plan and Long Term Incentive Plan would be forfeited.

Payments upon termination are also disclosed in this Proxy Statement for Pension Benefits and Non-Qualified Deferred Compensation.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2006, Director Warren J. Hunzicker's daughter, Dr. Kathleen Hunzicker, was employed as the Vice President and Medical Director of the Company and is compensated at an amount that exceeds the materiality threshold, but is commensurate with those in comparable positions and was determined by an arms-length negotiation. The Personnel Committee, using the Hay Group job evaluation system, recommended her salary to the Executive Committee which approved it. The Compensation Committee reviewed and approved her participation in the Annual Incentive Plan. The Company has reviewed and approved this relationship.
