**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Trustees of AmeriServ Financial 401(k) Profit Sharing Plan

Johnstown, Pennsylvania

We have audited the accompanying statement of net assets available for benefits of AmeriServ

Financial 401(k) Profit Sharing Plan as of December 31, 2008 and 2007, and the related statement of changes in net assets available for benefits for the years then ended. These financial

statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects,

the net assets available for benefits of AmeriServ Financial 401(k) Profit Sharing Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets Held for Investment Purposes as of

December 31, 2008, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As discussed in Note 7 to the financial statements, effective January 1, 2008, the Plan adopted Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*.

/s/SR Snodgrass, A.C.

**AMERISERV FINANCIAL 401(k) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 - DESCRIPTION OF PLAN**

The following brief description of the AmeriServ Financial 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more comprehensive description of the Plan's provisions.

**1General**

The Plan is a defined contribution plan covering the employees of AmeriServ Financial, Inc., and its wholly owned subsidiaries AmeriServ Financial Bank, AmeriServ Trust and Financial Services Company, and AmeriServ Associates, Inc. (the Companies), including members of the United Steelworkers of America, AFL-CIO-CLC, Local Union 2653-06 (the Union) who have attained the age of 21 and the earlier of completion of 12 consecutive months of service with at least 500 hours of service (employee deferrals) or 1,000 hours of service (employer discretionary contribution). As of June 30, 2007 the Company closed AmeriServ Associates, Inc. the former employees are no longer participating in the Plan. The Plan includes a 401(k) before-tax savings feature, which permits participants to defer compensation under Section 401(k) of the Internal Revenue Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is not covered by the Pension Benefit Guaranty Corporation.

**Contributions**

Employees may elect to contribute, through the 401(k) feature, 1 percent to 100 percent of their base salaries each period to the maximum amount permitted by the Internal Revenue Code. Employees may elect to have their contributions in 5 percent increments invested in one or more of 32 mutual funds, 8 common/collective portfolios, 1 money market fund, and the AmeriServ Financial, Inc. common stock administered by the Plan's trustee. The diversified mutual fund investment options include a bond and government securities fund and various U.S. and foreign stock funds.

The Companies have the right to make a discretionary contribution to the Plan. Any contribution to be made will be on an annual basis, and such contribution is allocated as a percentage of compensation of eligible participants for the year. In addition, the Companies contribute 4 percent of employees' gross compensation on behalf of Union employees.

**Participant Accounts**

Each participant's profit sharing account is credited with Plan earnings. Allocations are based upon the proportionate value of all accounts. The benefit to which each participant is entitled is that which can be provided from the participant's account.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the sponsor's contributions in the Plan is based on completion of credited service years. A credited service year is considered one in which the participant completed at least 1,000 hours of service. Employees become 100 percent vested after five years of service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest rates that are commensurate with the median of local prevailing rates as determined upon loan request by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service, a participant will receive a lump sum amount equal to the vested value of his or her account. The Plan also provides for normal retirement benefits to be paid in the form of a lump sum upon reaching age 65 or termination of employment and has provisions for deferred, death, disability and retirement benefits, and hardship withdrawals.

Forfeitures

Forfeitures of a participant's non-vested account shall be restored upon rehire if such rehire happens at any time during his or her 5th consecutive one-year break in service. At the end of the Plan year in which the former participant incurs his or her 5th consecutive one-year break in service, the forfeitures held on behalf of the participant will be allocated to all participants eligible to share in the allocations in the same proportion that each participant's account balance bears to all account balances for such year. At December 31, 2008 and 2007, the forfeiture account had a balance of \$41,514 and \$33,291, respectively. Forfeitures totaling \$13,238 and \$3,227 for the years ended December 31, 2008 and 2007, respectively, were reallocated to participants' accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting principles followed by the Plan and the methods of applying these principles conform with U.S. generally accepted accounting principles.

A summary of the significant accounting and reporting policies applied in the presentation of the accompanying financial statements follows:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounting Estimates

The financial statements have been prepared in conformity with U.S. generally accepted accounting principles. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ significantly from those estimates.

Valuation of Investments

Quoted market prices are used to value investments. Investments for which there is no quoted market price are reported at their estimated fair value.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative functions are performed by officers and employees of the Companies. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Companies. Such costs amounted to \$54,925 and \$59,022 for the years ended December 31, 2008 and 2007, respectively.

NOTE 3 - INVESTMENTS

The Plan investments are administered by AmeriServ Trust and Financial Services Company (Trustee).

During 2008, the Plan's investments (including investments bought and sold, as well as, held during the year) depreciated in value by \$4,645,295.

	Net Appreciation (Depreciation) in Fair Value During Year	
	2008	2007
Investments at fair value as determined by quoted market price:		
Common / Collective Funds	\$ (1,630,698)	\$ 751,402
Mutual Funds	(2,920,568)	(71,254)
AmeriServ Financial, Inc.	<u>(94,029)</u>	<u>(240,752)</u>
Net appreciation (depreciation) in fair value	<u>\$ (4,645,295)</u>	<u>\$ 439,397</u>

NOTE 3 INVESTMENTS (continued)

Investments representing 5 percent or more of the Plan's net assets at December 31 are as follows:

2008	2007
------	------

	Principal Value	Fair Value	Principal Value	Fair Value
Investments at fair value as determined by quoted market price:				
Goldman Sachs Prime Obligations	\$ 3,535,117	\$ 3,535,117	\$ 2,189,637	\$ 2,189,637
Sei Stable Asset Fund	1,779,391	1,779,391	792,591	792,591
ASRV Premier Equity	1,036,528	1,033,906	16,621	16,844
Pathroad Balance Growth & Income	2,433,411	2,599,936	3,390,774	4,424,260
Pathroad Capital Appreciation & Income	1,242,277	1,289,858	1,273,504	1,730,635
Pathroad Conservative Growth & Income	1,906,056	2,101,502	1,938,243	2,529,330
Pathroad Long-Term Equity	<u>1,011,247</u>	<u>991,815</u>	<u>1,189,272</u>	<u>1,604,705</u>
	<u>\$ 12,944,027</u>	<u>\$ 13,331,525</u>	<u>\$ 10,790,642</u>	<u>\$ 13,288,002</u>

## NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right, under the Plan, to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in their accounts.

## NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Companies that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) by letter dated July 27, 2005. The letter states that the prototype and related trust are designed in accordance with applicable sections of the IRC. Although the prototype plan has been amended since receiving the opinion letter, the prototype sponsor and the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

## NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds that are managed by the defined Trustee of the Plan. The balance of these mutual funds is \$6,124,276 representing 32% of net assets available for benefits as of December 31, 2008. The Plan also invests in the Plan Sponsor's common stock. At December 31, 2008, the Plan held 133,748 shares of AmeriServ Financial Inc. common stock. Dividends in the amount of \$3,230 were received on common stock for the year ended December 31, 2008. Therefore, related transactions qualify as related party transactions. All other transactions which may be considered parties-in-interest transactions relate to normal Plan management and administrative services and related payment of fees.

## NOTE 7 - FAIR VALUE MEASUREMENTS

Effective January 1, 2008, the Plan adopted Statement of Financial Accounting Standards ( FAS ) No. 157, *Fair Value Measurements* which, among other things, requires enhanced disclosures about assets and liabilities carried at fair value. FAS No. 157 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to

unobservable inputs. The three levels of the fair value hierarchy under FAS No. 157 are described below:

Level I:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II:

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Common stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Mutual funds:* Valued at the net asset value ( NAV ) of shares held by the plan at year end.

*Common/Collective trusts and pooled separate accounts:* Valued at the NAV of shares held by the plan at year end adjusted for any cash held for liquidity purposes and any fees imposed by the fund.

*Participant loans:* Valued at amortized costs, which approximate fair value.

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	December 31, 2008				Total
	Level I	Level II	Level III		
Assets:					
Common stock	\$ 266,159	\$ -	\$ -	\$	266,159
Mutual funds	6,124,276				6,124,276
Common/Collective trusts	-	-	8,577,046		8,577,046
Participant loans	-	-	402,052		402,052
Total assets at fair value	\$ 6,390,435	\$ -	\$ 8,979,098	\$	15,369,533

The table below sets forth a summary of changes in the fair value of the Plan's Level III assets for the year ended December 31, 2008.

Common /	
Collective	Participant

	trusts	loans
Balance, beginning of the year	\$ 10,827,390	\$ 397,850
Realized gains	504,082	
		-
Unrealized losses related to instruments still held at the reporting date	(2,483,119)	-
Purchases, sales, issuances and settlements (net)	(271,307)	4,202
Balance, December 31, 2008	\$ 8,577,046	\$ 402,052

NOTE 8 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, *Disclosures About Fair Value of Financial Instruments*, requires the Plan to disclose the estimated fair value of its financial instruments. Financial instruments are defined as cash, evidence of ownership interest in an entity, or a contract which creates an obligation or right to receive or deliver cash or another financial instrument from/to a second entity on potentially favorable or unfavorable terms. Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced liquidation or sale. If a quoted market price is available for a financial instrument, the estimated fair value would be calculated based upon the market price per trading unit of the instrument.

Investments in mutual funds, participant loans, common collective funds, AmeriServ Financial Inc. stock, contributions receivable, accrued interest receivable, benefits payable and cash would be considered financial instruments. At December 31, 2008 and 2007, the carrying amounts of these financial instruments approximate fair value.

NOTE 9 RISKS AND UNCERTAINTIES

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
