CINTAS CORPORATION

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

(Unaudited)

1. Basis of Presentation

The consolidated condensed financial statements of Cintas Corporation (Cintas, the Company, we, us or our) included herein have been prepared by Cintas, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to such rules and regulations. While we believe that the disclosures are adequately presented, we suggest that these consolidated condensed financial statements be read in conjunction with the consolidated financial statements and notes included in our Annual Report on Form 10-K for the fiscal year ended May 31, 2018. A summary of our significant accounting policies is presented beginning on page 39 of that report. There have been no material changes in the accounting policies followed by Cintas during the current fiscal year other than the adoption of new accounting pronouncements discussed below.

Interim results are subject to variations and are not necessarily indicative of the results of operations for a full fiscal year. In the opinion of management, adjustments (which include only normal recurring adjustments) necessary for a fair statement of the consolidated results of the interim periods shown have been made.

On March 21, 2017, Cintas completed the acquisition of G&K Services, Inc. (G&K) for consideration of approximately \$2.1 billion. G&K is now a wholly-owned subsidiary of Cintas that operates within the Uniform Rental and Facility Services operating segment. To finance the G&K acquisition, Cintas used a combination of new senior notes, a term loan, other borrowings under its existing credit facility (see Note 7 entitled Debt, Derivatives and Hedging Activities for additional discussion related to debt obligations) and cash on hand. G&K's results of operations are included in Cintas' consolidated financial statements as of and from the date of acquisition.

During the three months ended August 31, 2017, Cintas sold a significant business, referred to as "Discontinued Services," and as a result, its operations are classified as discontinued operations for all periods presented. See Note 12 entitled Discontinued Operations for more information.

Inventories, net are measured at the lower of cost (first-in, first-out) or net realizable value. Inventory is comprised of the following amounts at:

(In thousands)	February 28, 2019	May 31, 2018
Raw materials	\$ 18,628	\$ 17,042
Work in process	32,525	27,350
Finished goods	288,652	235,955
	\$ 339,805	\$ 280,347

Inventories are recorded net of reserves for obsolete inventory of \$32.6 million and \$37.0 million at February 28, 2019 and May 31, 2018, respectively.

New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2014-09, "Revenue from Contracts with Customers (Topic 606)," to clarify revenue recognition principles. This guidance is intended to improve disclosure requirements and enhance the comparability of revenue recognition practices.

Improved disclosures under the amended guidance relate to the nature, amount, timing and uncertainty of revenue that is recognized from contracts with customers. We adopted ASU 2014-09, and all the related amendments, effective June 1, 2018 using the modified retrospective method. ASU 2014-09 requires a company to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Upon adoption of ASU 2014-09, we recorded an adjustment to the opening balance of retained earnings as of June 1, 2018. The adjustment to retained earnings primarily relates to the capitalization of certain direct and incremental contract costs required by the new guidance. Capitalized costs are amortized ratably over the anticipated period of benefit. We applied ASU 2014-09 only to contracts that were not completed prior to fiscal 2019. Results for reporting periods beginning after May 31, 2018 are presented under ASU 2014-09, while comparative prior period amounts have not been restated and continue to be presented under accounting standards in effect in those periods.

There were two implementation adjustments upon adoption of ASU 2014-09: (1) capitalization of certain direct and incremental contract costs and (2) the timing of revenue recognition for certain contracts with customers that create an asset with no alternative use to the Company and an enforceable right of payment from the customer upon termination. Adoption of ASU 2014-09 impacted the Company's previously reported results as of May 31, 2018 as follows:

Capitalization of Contract Costs. The Company has elected to apply the guidance, as a practical expedient, to a portfolio of contracts (or performance obligations) with similar characteristics because the Company reasonably expects that the effects on the consolidated condensed financial statements of applying this guidance to the portfolio would not differ materially from applying this guidance to the individual contracts within the portfolio. The Company also continues to expense certain costs to obtain a contract if those costs do not meet the criteria of the new standard or the amortization period of the asset would have been one year or less.

Assets With No Alternative Use. For our Uniform Direct Sale business, our revenue, prior to the adoption of ASU 2014-09, was primarily generated from the sale of finished products to customers as products are shipped and title passes to the customers. For certain contracts with customers, the Company creates an asset with no alternative use to the Company, and the Company has an enforceable right to payment for performance completed to date. For these contracts, we have moved from a point-in-time model to an over-time model in which our measure of progress is finished goods with no alternative use in accordance with the provisions of ASU 2014-09. We expect ASU 2014-09 will have no cash impact and will not affect the economics of our underlying customer contracts.

The adoption of ASU 2014-09 had no impact to the Company's fiscal 2019 operating cash flow, and the only impact of the adoption on our fiscal 2019 consolidated condensed statement of comprehensive income was the impact to net income as presented in the table above.

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)," which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less can be accounted for similar to existing guidance for operating leases today, which is an accounting policy election in Topic 842 that the Company will elect. The guidance also requires disclosures that meet the objective of enabling financial statement users to assess the amount, timing, and uncertainty of cash flows arising from leases. Topic 842 supersedes the previous leases standard, Accounting Standards Codification (ASC) 840, "Leases." This guidance is effective for reporting periods beginning after December 15, 2018, and will be adopted by the Company on June 1, 2019. In July 2018, the FASB issued ASU No. 2018-11, Leases (Topic 842): Targeted Improvements, to provide an additional transition method option available to registrants. In accordance with Topic 842, a registrant can elect not to present comparative financial information under Topic 842 if it recognizes a cumulative-effect adjustment to retained earnings upon adoption. The Company intends to make this transition election. The amendments in Topic 842 are effective for the Company on the same date as ASU 2016-02. The Company has implemented a new lease system in connection with the adoption of Topic 842. The majority of our lease spend relates to certain real estate with the remaining lease spend primarily related to equipment. We currently expect the adoption of this standard to result in a material increase to the assets and liabilities on the consolidated condensed balance sheets, but we do not expect a material impact on the consolidated condensed statements of income or consolidated condensed statements of cash flows.

In August 2016, the FASB issued ASU 2016-15, "Classification of Certain Cash Receipts and Cash Payments." ASU 2016-15 makes eight targeted changes to how certain cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 is effective for interim and annual reporting periods beginning after December 15, 2017, with early adoption permitted. The Company's adoption of this standard on June 1, 2018 did not have a material impact on its consolidated condensed statements of cash flows.

In January 2017, the FASB issued ASU 2017-04, "Simplifying the Test for Goodwill Impairment." ASU 2017-04 eliminates the two-step process that required identification of potential impairment and a separate measure of the actual impairment. Goodwill impairment charges, if any, would be determined by the difference between a reporting unit's carrying value and its fair value (impairment loss is limited to the carrying value). This standard is effective for annual or any interim goodwill impairment tests beginning after December 15, 2019. The adoption of this standard is not expected to have an impact on the consolidated condensed financial statements.

In February 2018, the FASB issued ASU 2018-02, "Income Statement - Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income." ASU 2018-02 allows entities to elect to reclassify the income tax effects resulting from the Tax Cuts and Jobs Act (Tax Act) on items within accumulated other comprehensive income to retained earnings and requires additional related disclosures. This standard is effective for fiscal years beginning after December 15, 2018 and interim periods within those fiscal years, however, early adoption is permitted. Cintas is currently evaluating the impact that ASU 2018-02 will have on its consolidated condensed financial statements.

In August 2017, the FASB issued ASU 2017-12, "Targeted Improvements to Accounting for Hedging Activities." ASU 2017-12 better aligns an entity's risk management activities and financial reporting for hedging relationships through changes to both the designation and measurement guidance for qualifying hedging relationships and the presentation of hedge results. Among other amendments, the update allows entities to designate the variability in cash flows attributable to changes in a contractually specified component stated in the contract as the hedged risk in a cash flow

hedge of a forecasted purchase or sale of a nonfinancial asset. This standard is effective for annual periods beginning after December 15, 2018. We adopted the standard effective as of June 1, 2018, and the effect of adoption of this standard did not have a material impact to our consolidated condensed financial statements.

No other new accounting pronouncement recently issued or newly effective had or is expected to have a material impact on Cintas' consolidated condensed financial statements.

2. Revenue Recognition

The following table presents Cintas' total revenue disaggregated by service type:

	Three Months Ended				Nine Months Ended			
	February 28, 2019		February 28, 2018		February 28, 2019		February 28, 2018	
(In thousands)	Revenue	%	Revenue	%	Revenue	%	Revenue	%

For the three and nine months ended February 28, 2019, the percentage of revenue recognized over time as the services are performed was 95.4% and 95.6%, respectively, of Uniform Rental and Facility Services revenue, 90.6% and 90.7%, respectively, of First Aid and Safety Services revenue and 100% and 100%, respectively, of Fire Protection Services revenue. During the same periods, the Uniform Direct Sales business unit recognized 96.3% and 96.4%, respectively, of revenue at a point in time, which generally occurs when the goods are transferred to the customer. Fire Protection Services and Uniform Direct Sales are recorded within the All Other reportable segment disclosed in Note 11 entitled Segment Information.

Revenue Recognition Policy

More than 95% of the Company's revenues are derived from fees for route servicing of Uniform Rental and Facility Services, First Aid and Safety Services and Fire Protection Services, performed by a Cintas employee-partner, at the customer's location of business. Revenues from our route servicing customer contracts represent a single-performance obligation. The Company recognizes these revenues over time as services are performed based on the nature of services provided and contractual rates (input method). The Company's remaining revenues, primarily within the Uniform Direct Sales operating segment, and representing less than 5% of the Company's total revenues, are recognized when the obligations under the terms of a contract with a customer are satisfied. This generally occurs when the goods are transferred to the customer.

Certain of our customer contracts, primarily within our Uniform Direct Sales business, include pricing terms and conditions that include components of variable consideration. The variable consideration is typically in the form of consideration paid to a customer based on performance metrics specified within the contract. Specifically, some contracts contain discounts or rebates that the customer can earn through the achievement of specified volume levels. Each component of variable consideration is earned based on the Company's actual performance during the measurement period specified within the contract. To determine the transaction price, the Company estimates the variable consideration using the most likely amount method, based on the specific contract provisions and known performance results during the relevant measurement period. When determining if variable consideration should be constrained, the Company considers whether factors outside its control could result in a significant reversal of revenue. In making these assessments, the Company considers the likelihood and magnitude of a potential reversal. The Company's performance period generally corresponds with the monthly invoice period. No constraints on our revenue recognition were applied during the three or nine months ended February 28, 2019. The Company reassesses these estimates during each reporting period. Cintas maintains a liability for these discounts and rebates within accrued liabilities on the consolidated condensed balance sheets. Variable consideration also includes consideration paid to a customer at the beginning of a contract. Cintas capitalizes this consideration and amortizes it over the life of

the contract as a reduction to revenue in accordance with ASC 606. These assets are included in other assets, net on the consolidated condensed balance sheet.

Additionally, in accordance with ASC 606, certain Uniform Direct Sales customer contracts contain a provision with an enforceable right of payment and the underlying product has no alternative use to Cintas. Consequently, when both aforementioned provisions are prevalent in a customer contract, the revenue is recorded for finished goods that the customer is obligated to purchase under the termination terms of the contract.

Costs to Obtain a Contract

The Company capitalizes commission expenses paid to our employee-partners when the commissions are deemed to be incremental for obtaining the route servicing customer contract. The deferred commissions are amortized on a straight-line basis over the expected period of benefit. We review the deferred commission balances for impairment on an ongoing basis. Deferred commissions are classified as current or noncurrent based on the timing of when we expect to recognize the expense. The current portion is included in prepaid expenses and other current assets and the noncurrent portion is included in other assets, net on the Company's consolidated condensed balance sheets. As of February 28, 2019, the current and noncurrent assets related to deferred commissions totaled \$68.4 million and \$203.3 million, respectively. We recorded amortization expense related to deferred commissions of \$18.0 million and \$52.7 million during the three and nine months ended February 28, 2019, respectively. These expenses are classified in selling and administrative expense on the consolidated condensed statements of income.

3. Fair Value Measurements

All financial instruments that are measured at fair value on a recurring basis have been classified within the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the consolidated condensed balance sheet date. These financial instruments measured at fair value on a recurring basis are summarized below:

(In thousands)	As of February 28, 2019			
	Level 1	Level 2	Level 3	Fair Value
Cash and cash equivalents	\$80,859	\$—	\$	—\$80,859
Total assets at fair value	\$80,859	\$—	\$	—\$80,859

Accrued liabilities:

Interest rate lock agreements	\$—	\$8,460	\$	—\$8,460
Total liabilities at fair value	\$—	\$8,460	\$	—\$8,460

(In thousands)	As of May 31, 2018			
	Level 1	Level 2	Level 3	Fair Value

Cash and cash equivalents	\$138,724	\$	—\$	—\$138,724
Total assets at fair value	\$138,724	\$	—\$	—\$138,724

Cintas' cash and cash equivalents and marketable securities are generally classified within Level 1 or Level 2 of the fair value hierarchy. Financial instruments classified as Level 1 are based on quoted market prices in active markets, and financial instruments classified as Level 2 are based on quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency. The types of financial instruments Cintas classifies within Level 1 include most bank deposits and money market securities. Cintas does not adjust the quoted market price for such financial instruments.

Interest, realized gains and losses and declines in value determined to be other than temporary on available-for-sale securities are included in interest income or expense. The cost of the securities sold is based on the specific identification method. There were no outstanding marketable securities as of February 28, 2019 or May 31, 2018.

As of February 28, 2019, accrued liabilities included the fair value of outstanding interest rate lock agreements. The fair values of Cintas' interest rate lock agreements are based on similar exchange traded derivatives (market approach) and are, therefore, included within Level 2 of the fair value hierarchy. The fair value was determined by comparing the locked rates against the benchmarked treasury rate.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Cintas believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the consolidated condensed balance sheet dates.

In addition to assets and liabilities that are recorded at fair value on a recurring basis, the Company records assets and liabilities at fair value on a nonrecurring basis as required under GAAP.

4. Investments

Investments at February 28, 2019 of \$191.8 million include the cash surrender value of insurance policies of \$170.2 million, equity method investments of \$18.4 million and cost method investments of \$3.2 million. Investments at May 31, 2018 of \$175.6 million include the cash surrender value of insurance policies of \$154.0 million, equity method investments of \$16.4 million and cost method investments of \$5.2 million. Investments are generally evaluated for impairment on an annual basis or when indicators of impairment exist. For the nine months ended February 28, 2019 and 2018, no impairment losses were recorded.

During the second quarter of fiscal 2019, Cintas sold a cost method investment to a third party. Proceeds from the sale were \$73.3 million, which resulted in a pre-tax gain of \$69.4 million.

5. Earnings Per Share

The following table sets forth the computation of basic and diluted earnings per share from continuing operations using the two-class method for amounts attributable to Cintas' common shares:

Basic Earnings per Share from Continuing Operations (in thousands except per share data)	Three Months Ended February 28, 2019		Nine Months Ended February 28, 2019

Diluted earnings per share from continuing operations	\$ 1.83	\$ 2.66	\$ 5.91	\$ 5.35

For both the three and nine months ended February 28, 2019, both basic and diluted earnings per share from discontinued operations were \$0.02. Basic and diluted earnings per share from discontinued operations were \$0.06 and \$0.05, respectively, for the three months ended February 28, 2018, and \$0.57 and \$0.55, respectively, for the nine months ended February 28, 2018.

For the three months ended February 28, 2019 and 2018, options granted to purchase 0.7 million and 1.0 million shares of Cintas common stock, respectively, were excluded from the computation of diluted earnings per share. For the nine months ended February 28, 2019 and 2018, options granted to purchase 0.5 million and 0.8 million shares of Cintas common stock, respectively, were excluded from the computation of diluted earnings per share. The exercise prices of these options were greater than the average market price of the common stock (anti-dilutive).

On August 2, 2016, Cintas announced that the Board of Directors authorized a \$500.0 million share buyback program, which does not have an expiration date. The August 2, 2016 share buyback program was completed during the second quarter of fiscal 2019. From the inception of the August 2, 2016 share buyback program through November 2018, Cintas purchased a total of 2.6 million shares of Cintas common stock at an average price of \$188.82 per share for a total purchase price of \$500.0 million. On October 30, 2018, we announced that the Board of Directors authorized a new \$1.0 billion share buyback program, which does not have an expiration date. The following table summarizes the buyback activity by program and fiscal period.

(In thousands except per share data)	Three Months Ended February 28, 2019			Nine Months Ended February 28, 2019		
	Avg. Shares Price per Share	Purchase Price		Avg. Shares Price per Share	Purchase Price

	598	\$167.32	\$100,000	2,929	\$186.63	\$546,582

In the period subsequent to February 28, 2019 through April 5, 2019, we purchased 0.4 million shares of Cintas common stock under the new share buyback program at an average price of \$203.26 for a total purchase price of \$83.3 million. From the inception of the October 30, 2018 share buyback program through April 5, 2019, Cintas has purchased a total of 1.2 million shares of Cintas common stock at an average price of \$181.85 for a total purchase price of \$219.9 million.

For the three months ended February 28, 2019, Cintas acquired less than 0.1 million shares of Cintas common stock for employee payroll taxes dues on restricted stock awards that vested during the three months ended February 28, 2019. These shares were acquired at an average price of \$195.14 per share for a total purchase price of less than \$0.1 million. During the nine months ended February 28, 2019, Cintas acquired 0.3 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the nine months ended February 28, 2019. These shares were acquired at an average price of \$204.31 per share for a total purchase price of \$61.6 million.

6. Goodwill, Service Contracts and Other Assets

Changes in the carrying amount of goodwill and service contracts for the nine months ended February 28, 2019, by reportable operating segment and All Other, are as follows:

⁽¹⁾ Variable rate debt instrument. The rate presented is the variable borrowing rate at February 28, 2019.

⁽²⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.73%.

⁽³⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.88%.

Cintas' senior notes, excluding the G&K senior notes assumed with the acquisition of G&K in fiscal 2017, are recorded at cost, net of debt issuance costs. The fair value of the long-term debt is estimated using Level 2 inputs based on general market prices. The carrying value and fair value of Cintas' debt as of February 28, 2019 were \$2,771.4 million and \$2,819.4 million, respectively, and as of May 31, 2018 were \$2,550.0 million and \$2,582.0 million, respectively. During the nine months ended February 28, 2019, Cintas issued \$217.5 million, net of commercial paper.

The credit agreement that supports our commercial paper program was amended on September 16, 2016. The amendment increased the capacity of the revolving credit facility from \$450.0 million to \$600.0 million and added a \$250.0 million term loan facility. The credit agreement has an accordion feature that provides Cintas the ability to request increases to the borrowing commitments under either the revolving credit facility or a new term loan of up to \$250.0 million in the aggregate, subject to customary conditions. The maturity date of the credit agreement is September 15, 2021. As of February 28, 2019, there was \$217.5 million of commercial paper outstanding with a weighted average interest rate of 2.75% and maturity dates less than 30 days and no borrowings on our revolving credit facility. As of May 31, 2018, there was no commercial paper outstanding and no borrowings on our revolving credit facility.

Cintas uses interest rate locks to manage our overall interest expense as interest rate locks effectively change the interest rate of specific debt issuances. The interest rate locks are entered into to protect against unfavorable movements in the benchmark treasury rate related to forecasted debt issuances. Cintas used interest rate lock

agreements to hedge against movements in the treasury rates at the time Cintas issued its senior notes in fiscal 2007, fiscal 2012, fiscal 2013 and fiscal 2017. The amortization of the cash flow hedges resulted in a decrease to other comprehensive income of \$0.3 million for both the three months ended February 28, 2019 and 2018. For the nine months ended February 28, 2019 and 2018, the amortization of the cash flow hedges resulted in a decrease to other comprehensive income of \$0.9 million and \$0.6 million, respectively. During the first quarter of fiscal 2019, Cintas entered into interest rate lock agreements with a notional value of \$500.0 million for a forecasted debt issuance. As of February 28, 2019, the fair value of these interest rate locks was a liability of \$8.5 million that was recorded in current accrued liabilities and in other comprehensive income, net of tax. These interest rate locks had no impact on net income or cash flows from continuing operations for the three and nine months ended February 28, 2019.

Cintas has certain covenants related to debt agreements. These covenants limit Cintas' ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to consolidated earnings before interest, taxes, depreciation and amortization (EBITDA) and interest coverage ratios. Cross-default provisions exist between certain debt instruments. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital. Cintas was in compliance with all debt covenants for all periods presented.

8. Income Taxes

In the normal course of business, Cintas provides for uncertain tax positions and the related interest and adjusts its unrecognized tax benefits and accrued interest accordingly. As of February 28, 2019 and May 31, 2018, recorded unrecognized tax benefits were \$31.5 million and \$26.9 million, respectively, and are included in long-term accrued liabilities on the consolidated condensed balance sheet.

The majority of Cintas' operations are in North America. Cintas is required to file federal income tax returns, as well as state income tax returns in a majority of the domestic states and also in certain Canadian provinces. At times, Cintas is subject to audits in these jurisdictions. The audits, by nature, are sometimes complex and can require several years to resolve. The final resolution of any such tax audit could result in either a reduction in Cintas' accruals or an increase in its income tax provision, either of which could have an impact on the consolidated condensed results of operations in any given period.

All U.S. federal income tax returns are closed to audit through fiscal 2015. Cintas is currently in various audits in certain foreign jurisdictions and certain domestic states. The years under foreign and domestic state audits cover fiscal years back to 2013. Based on the resolution of the various audits and other potential regulatory developments, it is reasonably possible that the balance of unrecognized tax benefits would not change for the fiscal year ending May 31, 2019.

On December 22, 2017, the President signed into legislation the Tax Act. Among other changes, the Tax Act reduced the U.S. corporate tax rate from 35% to 21% and required companies to pay a one-time transition tax on earnings of foreign subsidiaries. The Tax Act also included provisions that were expected to offset some of the benefit of the U.S. corporate tax rate reduction, including the repeal of the deduction for domestic production activities and the expansion of the limitation on the deduction of certain executive compensation. In addition, the Tax Act altered the landscape of taxation of non-U.S. operations and provided immediate deductions for certain new investments, among other provisions.

In acknowledgment of the substantial changes incorporated in the Tax Act, and with the timing of the enactment being just weeks before the majority of the provisions became effective, the SEC staff issued Staff Accounting Bulletin (SAB) 118 to provide certain guidance in determining the accounting for income tax effects of the legislation in the accounting period of enactment as well as provide a measurement period within which to finalize and reflect such final effects associated with the Tax Act.

As of February 28, 2019, Cintas has completed the accounting for the tax effects of the Tax Act. In fiscal 2018, Cintas recorded the provisional transition tax liability, net of foreign tax credits of \$9.8 million on the mandatory deemed repatriation of foreign earnings. During the first quarter of fiscal 2019, Cintas increased the provisional transition tax liability, net of foreign tax credits, by \$3.3 million to \$13.1 million due to changes in estimates. In the third quarter of fiscal 2019, Cintas finalized the transition tax liability, net of foreign tax credits, and reduced the provisional estimate by \$3.1 million to \$9.9 million. In addition, the adjustment to the provisional amount related to the remeasurement of

certain deferred tax assets and liabilities resulted in an additional expense of \$0.4 million. Cintas also analyzed the impact of the provisions under the Tax Act surrounding executive compensation, the foreign derived intangible income deduction and global intangible low-taxed income and determined that the impact was immaterial for the three and nine months ended February 28, 2019.

Cintas' effective tax rate for continuing operations was 20.1% and (69.5)% for the three months ended February 28, 2019 and 2018, respectively. For the nine months ended February 28, 2019 and 2018, Cintas' effective tax rate for continuing operations was 19.3% and 0.9%, respectively. All periods were impacted by certain discrete items (primarily the tax accounting for stock-based compensation). The three and nine-month periods ended February 28, 2018 were also largely impacted by the revaluation of deferred tax assets and liabilities as a result of the Tax Act.

9. Pension Plans

In conjunction with the acquisition of G&K in fiscal 2017, Cintas assumed G&K's noncontributory frozen defined benefit pension plan (the Pension Plan) that covers substantially all G&K employees who were employed as of July 1, 2005, except certain employees who were covered by union-administered plans. Benefits are based on the number of years of service and each employee's compensation near retirement. We will make annual contributions to the Pension Plan consistent with federal funding requirements. The Pension Plan was frozen by G&K effective December 31, 2006. Future growth in benefits will not occur beyond this date. Applicable accounting standards require that the consolidated condensed balance sheet reflect the funded status of the Pension Plan. The funded status of the Pension Plan is measured as the difference between the plan assets at fair value and the projected benefit obligation. The net pension liability is included in long-term accrued liabilities on the consolidated condensed balance sheets. Unrecognized differences between actual amounts and estimates based on actuarial assumptions are included in accumulated other comprehensive income in our consolidated condensed balance sheets. The difference between actual amounts and estimates based on actuarial assumptions are recognized in other comprehensive income in the period in which they occur. The Pension Plan assumptions are evaluated annually and are updated as deemed necessary.

The components of net periodic pension cost (benefit) recognized in other comprehensive income for the Pension Plan are as follows:

11. Segment Information

Cintas classifies its business into two reportable operating segments and places the remainder of its operating segments in an All Other category. Cintas' two reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The Uniform Rental and Facility Services reportable operating segment, consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies, carpet and tile cleaning services and the sale of items from our catalogs to our customers on route are included within this reportable operating segment. The First Aid and Safety Services reportable operating segment consists of first aid and safety products and services. The remainder of Cintas' business, which consists of Fire Protection Services and its Uniform Direct Sale business, is included in All Other.

Cintas evaluates the performance of each operating segment based on several factors of which the primary financial measures are operating segment revenue and income before income taxes. The accounting policies of the operating segments are the same as those described in Note 1 entitled Basis of Presentation. Information related to the operations of Cintas' operating segments is set forth below:

12. Discontinued Operations

During the first quarter of fiscal 2018, Cintas sold a significant business referred to as Discontinued Services and received proceeds from the sale of \$127.8 million. The results of Discontinued Services are included in discontinued operations for all periods presented. In accordance with the applicable accounting guidance for the disposal of long-lived assets and discontinued operations, the results of Discontinued Services have been excluded from both continuing operations and operating segment results for all periods presented.

Cintas' investment in the Shred-it Partnership (Shred-it) and the historical shredding business which was contributed to Shred-it were classified as discontinued operations as a result of the sale of Shred-it during fiscal 2016. During the quarter ended February 28, 2019, we received the final proceeds related to contingent consideration on the sale of Shred-it and realized a pre-tax gain of \$3.2 million.

Following is selected financial information included in net income from discontinued operations:

13. G&K Services, Inc. Integration Expenses

As a result of the acquisition of G&K in fiscal 2017, the Company incurred \$0.8 million and \$9.8 million in net expenses during the three months ended February 28, 2019 and 2018, respectively, and \$13.5 million and \$26.9 million during the nine months ended February 28, 2019 and 2018, respectively. The \$0.8 million of net costs incurred in the three months ended February 28, 2019 related to \$0.9 million of employee termination expenses recognized under ASC Topic 712, "Compensation - Nonretirement Postemployment Benefits" (Topic 712) and a \$0.1 million net credit related to changes in estimates for integration expenses directly related to the acquisition, primarily facility closure expenses. Costs incurred in the nine months ended February 28, 2019 related to \$12.6 million of integration expenses directly related to the acquisition, primarily comprised of facility closure expenses and \$0.9 million of employee termination expenses recognized under Topic 712. In the prior year, the \$9.8 million of costs incurred in the three months ended February 28, 2018 related to integration expenses directly related to the acquisition, and during the nine months ended February 28, 2018, the costs incurred related to \$25.9 million of integration expenses directly related to the acquisition and \$1.0 million of employee termination expenses recognized under Topic 712.

As of February 28, 2019 and May 31, 2018, employee termination benefits included in accrued compensation and related liabilities on the consolidated condensed balance sheet was \$6.2 million and \$9.1 million, respectively. The amount of employee termination benefits paid during the three and nine months ended February 28, 2019 was \$0.5 million and \$3.8 million, respectively. We anticipate the remaining accrued employee termination benefits will be paid by the end of the next fiscal year.

14. Supplemental Guarantor Information

Cintas Corporation No. 2 (Corp. 2) is the indirectly, wholly-owned principal operating subsidiary of Cintas. Corp. 2 is the issuer of the \$217.5 million aggregate principal amount of commercial paper and the \$2,550.0 million aggregate principal amount of senior notes outstanding as of February 28, 2019, which are unconditionally guaranteed, jointly and severally, by Cintas Corporation and certain wholly-owned, direct and indirect domestic subsidiaries.

As allowed by SEC rules, the following consolidating condensed financial statements are provided as an alternative to filing separate financial statements of the guarantors. Each of the subsidiaries presented in the following consolidating condensed financial statements has been fully consolidated in Cintas' consolidated condensed financial statements. The following consolidating condensed financial statements should be read in conjunction with the consolidated condensed financial statements of Cintas and notes thereto of which this note is an integral part. During fiscal 2018, the Company sold Discontinued Services (see Note 12) previously included in Cintas Corporation and Corp. 2. The sale of Discontinued Services has been reflected as discontinued operations as of the beginning of the earliest period presented herein. Consolidating condensed financial statements for Cintas, Corp. 2, the subsidiary guarantors and non-guarantors are presented on the following pages:

CINTAS CORPORATION

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

BUSINESS STRATEGY

Cintas helps more than one million businesses of all types and sizes, primarily in North America, as well as Latin America, Europe and Asia, get Ready™ to open their doors with confidence every day by providing a wide range of products and services that enhance our customers' image and help keep their facilities and employees clean, safe and looking their best. With products and services including uniforms, floor care, restroom supplies, first aid and safety products, fire extinguishers and testing, and safety and compliance training, Cintas helps customers get Ready for the Workday™.

We are North America's leading provider of corporate identity uniforms through rental and sales programs, as well as a significant provider of related business services, including entrance mats, restroom cleaning services and supplies, carpet and tile cleaning services, first aid and safety services and fire protection products and services.

Cintas' principal objective is "to exceed customers' expectations in order to maximize the long-term value of Cintas for shareholders and working partners," and it provides the framework and focus for Cintas' business strategy. This strategy is to achieve revenue growth for all our products and services by increasing our penetration at existing customers and by broadening our customer base to include business segments to which we have not historically served. We will also continue to identify additional product and service opportunities for our current and future customers.

To pursue the strategy of increasing penetration, we have a highly talented and diverse team of service professionals visiting our customers on a regular basis. This frequent contact with our customers enables us to develop close personal relationships. The combination of our distribution system and these strong customer relationships provides a platform from which we launch additional products and services.

We pursue the strategy of broadening our customer base in several ways. Cintas has a national sales organization introducing all its products and services to prospects in all business segments. Our broad range of products and services allows our sales organization to consider any type of business a prospect. We also broaden our customer base through geographic expansion, especially in our fire protection businesses. Finally, we evaluate strategic acquisitions as opportunities arise.

RESULTS OF OPERATIONS

Cintas classifies its business into two reportable operating segments and places the remainder of its operating segments in an All Other category. Cintas' two reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The Uniform Rental and Facility Services operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops, and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The First Aid and Safety Services operating segment consists of first aid and safety services. The remainder of Cintas' business, which consists of Fire Protection Services and its Uniform Direct Sale business, is included in All Other. These operating segments consist of fire protection products and services and the direct sale of uniforms and related items. Revenue and income before income taxes for the three and nine months ended February 28, 2019 and 2018 for the two reportable operating segments and All Other is presented in Note 11 entitled Segment Information of "Notes to Consolidated Condensed Financial Statements."

On March 21, 2017, Cintas completed the acquisition of G&K Services, Inc. (G&K) for consideration of approximately \$2.1 billion. G&K is now a wholly-owned subsidiary of Cintas that operates within the Uniform Rental and Facility Services operating segment. To finance the G&K acquisition, Cintas used a combination of new senior notes, a term loan, other borrowings under its existing credit facility and cash on hand. G&K's results of operations are included in Cintas' consolidated financial statements as of and from the date of acquisition.

During the first quarter of fiscal 2018, Cintas sold a significant business, referred to as "Discontinued Services," and as a result, its operations are classified as discontinued operations for all periods presented. See Note 12 entitled Discontinued Operations of "Notes to Consolidated Condensed Financial Statements" for more information.

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2014-09, "Revenue from Contracts with Customers (Topic 606)," to clarify revenue recognition principles. This guidance is intended to improve disclosure requirements and enhance the comparability of revenue recognition practices. Cintas adopted this ASU, and all the related amendments, effective June 1, 2018 using the modified retrospective method. See Note 1 entitled Basis of Presentation and Note 2 entitled Revenue Recognition of "Notes to Consolidated Condensed Financial Statements" for more information.

Consolidated Results

Three Months Ended February 28, 2019 Compared to Three Months Ended February 28, 2018

Total revenue increased 5.9% for the three months ended February 28, 2019 over the same period in the prior fiscal year, from \$1,589.1 million to \$1,682.3 million. Revenue increased organically by 6.0% as a result of increased sales volume. Organic growth adjusts for the impact of acquisitions and foreign currency exchange rate fluctuations. Total revenue was positively impacted by 0.2% due to acquisitions and negatively impacted by 0.3% due to foreign currency exchange rate fluctuations.

Uniform Rental and Facility Services reportable operating segment revenue increased 5.7% for the three months ended February 28, 2019 over the same period in the prior fiscal year, from \$1,284.5 million to \$1,358.3 million. Revenue increased organically by 6.2%. Revenue growth was negatively impacted by 0.5% due to foreign currency exchange rate fluctuations. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Other revenue, consisting of revenue from the First Aid and Safety Services reportable operating segment and All Other, increased 6.4% for the three months ended February 28, 2019 compared to the same period in the prior fiscal year, from \$304.6 million to \$324.0 million. Revenue increased organically by 5.1%. Revenue growth was positively impacted by 1.5% due primarily to growth derived through acquisitions in our Fire Protection business, which is included in All Other, and our First Aid and Safety Services reportable operating segment, and negatively impacted by 0.2% due to foreign currency exchange rate fluctuations.

Cost of uniform rental and facility services consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, shop towels and other ancillary items. Cost of uniform rental and facility services increased \$30.8 million, or 4.3%, for the three months ended February 28, 2019, compared to the three months ended February 28, 2018. This increase was due to higher Uniform Rental and Facility Services reportable operating segment sales volume.

Cost of other consists primarily of cost of goods sold (predominantly first aid and safety products, uniforms, and fire protection products), delivery expenses and distribution expenses in the First Aid and Safety Services reportable operating segment and All Other. Cost of other increased \$7.7 million, or 4.5%, for the three months ended February 28, 2019, compared to the three months ended February 28, 2018. The increase was primarily due to higher sales volume in the First Aid and Safety Services reportable operating segment and All Other.

Selling and administrative expenses decreased \$14.5 million, or 3.0%, for the three months ended February 28, 2019, compared to the same period in the prior fiscal year. The majority of the decrease was due to lower employee-partner related expenses and a one-time cash payment to employees during the three months ended February 28, 2018.

Operating income for the three months ended February 28, 2019 was negatively impacted by \$0.8 million of integration expenses incurred in connection with the G&K acquisition. For the three months ended February 28, 2019, the after-tax effect of these integration expenses represents a negative impact of \$0.01 per share on diluted earnings

per share.

Net interest expense (interest expense less interest income) was \$26.7 million for the three months ended February 28, 2019, compared to \$25.5 million for the three months ended February 28, 2018. The increase was primarily due to interest paid on commercial paper borrowings during the three months ended February 28, 2019.

Cintas' effective tax rate for continuing operations was 20.1% and (69.5)% for the three months ended February 28, 2019 and 2018, respectively. The effective tax rate in both periods was impacted by certain discrete items (primarily the tax accounting for stock-based compensation). The effective tax rate for the three months ended February 28, 2018 was also largely impacted by the revaluation of deferred tax assets and liabilities as a result of the Tax Act.

Net income from continuing operations for the three months ended February 28, 2019 decreased \$94.9 million, or 32.1%, compared to the three months ended February 28, 2018. Diluted earnings per share from continuing operations was \$1.83 for the three months ended February 28, 2019, which was a decrease of 31.2% compared to the same period in the prior fiscal year. Diluted earnings per share from continuing operations decreased due to the decrease in earnings from continuing operations.

Uniform Rental and Facility Services Reportable Operating Segment

Three Months Ended February 28, 2019 Compared to Three Months Ended February 28, 2018

Uniform Rental and Facility Services reportable operating segment revenue increased from \$1,284.5 million to \$1,358.3 million, or 5.7%, for the three months ended February 28, 2019, over the same period in the prior fiscal year, and the cost of uniform rental and facility services increased \$30.8 million, or 4.3%. Revenue increased organically by 6.2%. The reportable operating segment's gross margin was \$609.4 million, or 44.9% of revenue. The gross margin was 80 basis points higher than the prior fiscal year's third quarter gross margin of 44.1%. The increase was driven by new business sold by sales representatives, penetration of additional products and services into existing customers and continuous improvements in process efficiency.

Selling and administrative expenses decreased \$13.9 million, and decreased as a percent of revenue to 27.2%, compared to 29.8% in the third quarter of the prior fiscal year. The decrease was primarily due to lower labor and employee-partner related expenses as a percent of revenue and a one-time cash payment to employees during the three months ended February 28, 2018.

Income before income taxes increased \$65.9 million, or 38.0%, for the Uniform Rental and Facility Services reportable operating segment for the three months ended February 28, 2019 compared to the same period in the prior fiscal year. Income before income taxes was 17.6% of the reportable operating segment's revenue, which was a 410 basis point increase compared to the third quarter of the prior fiscal year of 13.5%. This increase was primarily due to the increase in sales, the one-time cash payment to employees in the prior year and the reduction in G&K integration expenses.

First Aid and Safety Services Reportable Operating Segment

Three Months Ended February 28, 2019 Compared to Three Months Ended February 28, 2018

First Aid and Safety Services reportable operating segment revenue increased from \$137.3 million to \$149.2 million, or 8.6%, for the three months ended February 28, 2019 over the same period in the prior fiscal year. Revenue increased organically by 8.6% as a result of increased sales volume. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Cost of first aid and safety services increased \$4.3 million, or 5.9%, for the three months ended February 28, 2019, over the three months ended February 28, 2018, due to higher sales volume. The gross margin as a percent of revenue was 48.2% for the quarter ended February 28, 2019, which was an increase of 130 basis points compared to the gross margin as a percent of revenue of 46.9% in the same period of the prior fiscal year. The increase was driven primarily by improved sourcing, leveraging of existing warehouses and optimization of delivery routes.

Selling and administrative expenses increased \$2.6 million compared to the same quarter in the prior fiscal year. The increase was due primarily to increased employee-partner related expenses. Selling and administrative expenses as a percent of revenue decreased to 33.7% compared to 34.7% in the third quarter of the prior fiscal year. The decrease in

selling and administrative expenses as a percent to revenue was due to revenue growing at a faster pace than labor and employee-partner related expenses and a one-time cash payment to employees during the three months ended February 28, 2018.

Income before income taxes for the First Aid and Safety Services reportable operating segment increased \$4.9 million to \$21.6 million for the three months ended February 28, 2019, compared to the same period in the prior fiscal year, due to the previously discussed growth in revenue and improvement in the gross margin percentage. Income before income taxes, at 14.5% of the reportable operating segment's revenue, was a 230 basis point increase compared to the same quarter of the prior fiscal year due to the reasons previously mentioned.

Consolidated Results

Nine Months Ended February 28, 2019 Compared to Nine Months Ended February 28, 2018

Total revenue increased 6.1% for the nine months ended February 28, 2019 over the same period in the prior fiscal year, from \$4,807.1 million to \$5,098.6 million. Revenue increased organically by 6.1% as a result of increased sales volume. Organic growth adjusts for the impact of acquisitions and foreign currency exchange rate fluctuations.

Uniform Rental and Facility Services reportable operating segment revenue increased 5.6% for the nine months ended February 28, 2019 over the same period in the prior fiscal year, from \$3,904.3 million to \$4,124.0 million. Revenue increased organically by 5.9%. Revenue growth was positively impacted by 0.1% due to acquisitions and negatively impacted 0.4% by foreign currency exchange rate fluctuations. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Other revenue, consisting of revenue from the First Aid and Safety Services reportable operating segment and All Other, increased 8.0% for the nine months ended February 28, 2019 compared to the same period in the prior fiscal year, from \$902.7 million to \$974.5 million. Revenue increased organically by 6.6%. Revenue growth was positively impacted by 1.6% due primarily to growth derived through acquisitions in our Fire Protection business, which is included in All Other, and our Uniform Rental and Facility Services and First Aid and Safety Services reportable operating segments. Revenue growth was also negatively impacted 0.2% due to foreign currency exchange rate fluctuations.

Cost of uniform rental and facility services consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, shop towels and other ancillary items. Cost of uniform rental and facility services increased \$107.6 million, or 5.0%, for the nine months ended February 28, 2019, compared to the nine months ended February 28, 2018. This increase was due to higher Uniform Rental and Facility Services reportable operating segment sales volume.

Cost of other consists primarily of cost of goods sold (predominantly first aid and safety products, uniforms, and fire protection products), delivery expenses and distribution expenses in the First Aid and Safety Services reportable operating segment and All Other. Cost of other increased \$35.1 million, or 7.0%, for the nine months ended February 28, 2019, compared to the nine months ended February 28, 2018. The increase was primarily due to higher sales volume in the First Aid and Safety Services reportable operating segment and All Other.

Selling and administrative expenses increased \$27.4 million, or 1.9%, for the nine months ended February 28, 2019, compared to the same period in the prior fiscal year. The majority of the increase was due to higher Uniform Rental and Facility Services and First Aid and Safety Services reportable operating segment sales volume as well as increased employee-partner related expenses.

Operating income for the nine months ended February 28, 2019 was negatively impacted by \$13.5 million of integration expenses incurred in connection with the G&K acquisition. For the nine months ended February 28, 2019, the after-tax effect of these integration expenses represents a negative impact of \$0.09 per share on diluted earnings per share.

During the nine months ended February 28, 2019, Cintas sold a cost method investment for \$73.3 million, resulting in a pre-tax gain of \$69.4 million. For the nine months ended February 28, 2019, the after-tax effect of the gain represents a positive impact of \$0.47 per share on diluted earnings per share.

Net interest expense (interest expense less interest income) was \$75.0 million for the nine months ended February 28, 2019, compared to \$84.4 million for the nine months ended February 28, 2018. The decrease was primarily due to lower debt outstanding during the nine months ended February 28, 2019 as a result of the payment of \$300.0 million aggregate principal amount of our 6.13% 10-year senior notes that matured on December 1, 2017. Also, during the nine months ended February 28, 2018, Cintas paid off the term loan balance of \$250.0 million with cash on hand.

Cintas' effective tax rate for continuing operations was 19.3% and 0.9% for the nine months ended February 28, 2019 and 2018, respectively. The effective tax rate in both periods was impacted by certain discrete items (primarily the tax accounting for stock-based compensation). The effective tax rate for the nine months ended February 28, 2018 was also largely impacted by the revaluation of deferred tax assets and liabilities as a result of the Tax Act.

Net income from continuing operations for the nine months ended February 28, 2019 increased \$61.8 million, or 10.4%, compared to the nine months ended February 28, 2018. Diluted earnings per share from continuing operations was \$5.91 for the nine months ended February 28, 2019, which was an increase of 10.5% compared to the same period in the prior fiscal year. Diluted earnings per share from continuing operations increased due to the increase in earnings from continuing operations explained above.

Uniform Rental and Facility Services Reportable Operating Segment

Nine Months Ended February 28, 2019 Compared to Nine Months Ended February 28, 2018

Uniform Rental and Facility Services reportable operating segment revenue increased from \$3,904.3 million to \$4,124.0 million, or 5.6%, for the nine months ended February 28, 2019, over the same period in the prior fiscal year, and the cost of uniform rental and facility services increased \$107.6 million, or 5.0%. Revenue increased organically by 5.9%. The reportable operating segment's gross margin was \$1,867.5 million, or 45.3% of revenue. The gross margin was 30 basis points higher than the same period of the prior year's gross margin of 45.0%. The increase was driven by new business sold by sales representatives, penetration of additional products and services into existing customers and continuous improvement in process efficiency.

Selling and administrative expenses increased \$7.9 million, but decreased as a percent of revenue to 27.7%, compared to 29.0% in the nine months ended February 28, 2018. The decrease as a percent of revenue was primarily due to lower labor and employee-partner related expenses and a one-time cash payment to employees during the nine months ended February 28, 2018.

Income before income taxes increased \$117.6 million, or 19.7%, for the Uniform Rental and Facility Services reportable operating segment for the nine months ended February 28, 2019 compared to the same period in the prior fiscal year. Income before income taxes was 17.3% of the reportable operating segment's revenue, which was a 200 basis point increase compared to the 15.3% achieved in the nine months ended February 28, 2018. This increase was primarily due to the increase in sales, the one-time cash payment to employees in the prior year and the reduction in G&K integration expenses.

First Aid and Safety Services Reportable Operating Segment

Nine Months Ended February 28, 2019 Compared to Nine Months Ended February 28, 2018

First Aid and Safety Services reportable operating segment revenue increased from \$417.0 million to \$455.9 million, or 9.3%, for the nine months ended February 28, 2019 over the same period in the prior fiscal year. Revenue increased organically by 9.3% as a result of increased sales volume. Revenue growth was positively impacted by 0.1% due to acquisitions and negatively impacted by 0.1% due to foreign currency exchange rate fluctuations. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Cost of first aid and safety services increased \$16.3 million, or 7.4%, for the nine months ended February 28, 2019, over the nine months ended February 28, 2018, due to higher sales volume. The gross margin as a percent of revenue was 48.0% for the nine months ended February 28, 2019, which was an increase of 90 basis points compared to the gross margin as a percent of revenue of 47.1% in the same period of the prior fiscal year. The increase was driven primarily by improved sourcing, leveraging of existing warehouses and optimization of delivery routes.

Selling and administrative expenses increased \$11.8 million during the nine months ended February 28, 2019 compared to the same period in the prior fiscal year. The increase was due primarily to increased employee-partner

related expenses. Selling and administrative expenses as a percent of revenue decreased to 33.8% compared to 34.1% in the same period of the prior fiscal year. The decrease in selling and administrative expenses as a percent to revenue was due to revenue growing at a faster pace than labor and employee-partner related expenses and a one-time cash payment to employees during the nine months ended February 28, 2018.

Income before income taxes for the First Aid and Safety Services reportable operating segment increased \$10.8 million to \$64.9 million for the nine months ended February 28, 2019, compared to the same period in the prior fiscal year, due to the previously discussed growth in revenue and improvement in the gross margin percentage. Income before income taxes, at 14.2% of the reportable operating segment's revenue, was a 120 basis point increase compared to the same period of the prior fiscal year due to the reasons previously mentioned.

LIQUIDITY AND CAPITAL RESOURCES

The following is a summary of our cash flows and cash, cash equivalents and marketable securities as of and for the nine months ended February 28, 2019 and 2018:

(In thousands)	2019	2018
Net cash provided by operating activities	\$670,717	\$660,864
Net cash used in investing activities	\$(163,014)	\$(89,983)
Net cash used in financing activities	\$(565,298)	\$(592,290)
Cash and cash equivalents at the end of the period	\$80,859	\$152,563

Cash, cash equivalents and marketable securities as of February 28, 2019 and 2018 include \$22.7 million and \$126.0 million, respectively, that is located outside of the United States.

Cash flows provided by operating activities have historically supplied us with a significant source of liquidity. We generally use these cash flows to fund most, if not all, of our operations and expansion activities and dividends on our common stock. We may also use cash flows provided by operating activities, as well as proceeds from long-term debt and short-term borrowings, to fund growth and expansion opportunities, as well as other cash requirements such as the repurchase of our common stock and payment of long-term debt.

Net cash provided by operating activities was \$670.7 million for the nine months ended February 28, 2019, an increase of \$9.9 million compared to the nine months ended February 28, 2018. The increase was primarily the result of increased net income offset by changes in working capital.

Net cash used in investing activities includes capital expenditures, proceeds from the sale of investments and businesses and cash paid for acquisitions of businesses. Capital expenditures were \$207.8 million and \$196.0 million for the nine months ended February 28, 2019 and 2018, respectively. Capital expenditures in fiscal 2019 primarily relate to expansion efforts in the Uniform Rental and Facility Services reportable operating segment, representing \$165.6 million of the current fiscal year amount. Cash paid for acquisitions of businesses was \$7.4 million and \$12.3 million for the nine months ended February 28, 2019 and 2018, respectively. The acquisitions during the nine months ended February 28, 2019 occurred in our Uniform Rental and Facility Services reportable operating segment, our First Aid and Safety Services reportable operating segment and our Fire Protection business, which is included in All Other. Also, during the nine months ended February 28, 2019, investing activities includes proceeds of \$73.3 million from the sale of a cost method investment and \$3.2 million from the sale of a business included in discontinued operations, and during the nine months ended February 28, 2018, included proceeds of \$127.8 million related to the sale of Discontinued Services. Net cash used in investing activities also includes net purchases of marketable securities and investments of \$17.5 million and \$11.2 million for the nine months ended February 28, 2019 and 2018, respectively.

Net cash used in financing activities was \$565.3 million and \$592.3 million for the nine months ended February 28, 2019 and 2018, respectively. On August 2, 2016, we announced that the Board of Directors authorized a \$500.0 million share buyback program, which does not have an expiration date. During the first half of fiscal 2019, under the August 2, 2016 plan, we purchased a total of 2.1 million shares of Cintas common stock at an average price of \$192.55 for a total purchase price of \$410.0 million to complete the August 2, 2016 share buyback program. On October 30, 2018, we announced that the Board of Directors authorized a new \$1.0 billion share buyback program, which does not have an expiration date. During the nine months ended February 28, 2019, under this new program, we purchased 0.8 million shares of Cintas common stock at an average price of \$170.87 for a total purchase price of

\$136.6 million. Subsequent to February 28, 2019 through April 5, 2019, under the new share buyback program, Cintas purchased 0.4 million shares at an average price of \$203.26 per share for a total purchase price of \$83.3 million. From the inception of the October 30, 2018 share buyback plan through April 5, 2019, Cintas has purchased a total of 1.2 million shares of Cintas common stock at an average price of \$181.85 for a total purchase price of \$219.9 million. In addition, for the nine months ended February 28, 2019, Cintas acquired 0.3 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the nine months ended February 28, 2019. These shares were acquired at an average price of \$204.31 per share for a total purchase price of \$61.6 million.

During the nine months ended February 28, 2019 and 2018, Cintas issued \$217.5 million, net and \$137.0 million, net of commercial paper borrowings. During the nine months ended February 28, 2018, Cintas paid off the term loan balance of \$250.0 million with cash on hand and paid the \$300.0 million aggregate principal amount of its 6.13% 10-year senior notes that matured on December 1, 2017 with cash on hand and proceeds from the issuance of commercial paper.

⁽¹⁾ Variable rate debt instrument. The rate presented is the variable borrowing rate at February 28, 2019.

⁽²⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.73%.

⁽³⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.88%.

The credit agreement that supports our commercial paper program was amended on September 16, 2016. The amendment increased the capacity of the revolving credit facility from \$450.0 million to \$600.0 million and added a \$250.0 million term loan facility. The credit agreement has an accordion feature that provides Cintas the ability to request increases to the borrowing commitments under either the revolving credit facility or a new term loan of up to \$250.0 million in the aggregate, subject to customary conditions. The maturity date of the credit agreement is September 15, 2021. As of February 28, 2019, there was \$217.5 million of commercial paper outstanding and no borrowings on our revolving credit facility. As of May 31, 2018, there was no commercial paper outstanding and no borrowings on our revolving credit facility.

Cintas has certain covenants related to debt agreements. These covenants limit our ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to earnings before interest, taxes, depreciation and amortization (EBITDA) and interest coverage ratios. Cross-default provisions exist between certain debt instruments. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital. As of February 28, 2019, Cintas was in compliance with all debt covenants.

Edgar Filing: CINTAS CORP - Form 10-Q

Our access to the commercial paper and long-term debt markets has historically provided us with sources of liquidity. We do not anticipate having difficulty in obtaining financing from those markets in the future in view of our favorable experiences in the debt markets in the recent past. Our ability to continue to access the commercial paper and long-term debt markets on favorable interest rate and other terms will depend, to a significant degree, on the ratings assigned by the credit rating agencies to our indebtedness. As of February 28, 2019, our ratings were as follows:

Rating Agency	Outlook	Commercial Paper	Long-term Debt
---------------	---------	------------------	----------------

Standard & Poor's	Stable	A-2	A-
Moody's Investors Service	Stable	P-2	A3

In the event that the ratings of our commercial paper or our outstanding long-term debt issues were substantially lowered or withdrawn for any reason, or if the ratings assigned to any new issue of long-term debt securities were significantly lower than those noted above, particularly if we no longer had investment grade ratings, our ability to access the debt markets may be adversely affected. In addition, in such a case, our cost of funds for new issues of commercial paper and long-term debt would be higher than our cost of funds would have been had the ratings of those new issues been at or above the level of the ratings noted above. The rating agency ratings are not recommendations to buy, sell or hold our commercial paper or debt securities. Each rating may be subject to revision or withdrawal at any time by the assigning rating organization and should be evaluated independently of any other rating. Moreover, each credit rating is specific to the security to which it applies.

To monitor our credit rating and our capacity for long-term financing, we consider various qualitative and quantitative factors. One such factor is the ratio of our total debt to EBITDA. For the purpose of this calculation, debt is defined as the sum of short-term borrowings, long-term debt due within one year, obligations under capital leases due in one year, long-term debt and long-term obligations under capital leases.

LITIGATION AND OTHER CONTINGENCIES

Cintas is subject to legal proceedings, insurance receipts, legal settlements and claims arising from the ordinary course of its business, including personal injury, customer contract, environmental and employment claims. In the opinion of management, the aggregate liability, if any, with respect to such ordinary course of business actions will not have a material adverse effect on the consolidated financial position or results of operation of Cintas.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor from civil litigation for forward-looking statements. Forward-looking statements may be identified by words such as “estimates,” “anticipates,” “predicts,” “projects,” “plans,” “expects,” “intends,” “target,” “f,” “believes,” “seeks,” “could,” “should,” “may” and “will” or the negative versions thereof and similar words, terms and expressions and by the context in which they are used. Such statements are based upon current expectations of Cintas and speak only as of the date made. You should not place undue reliance on any forward-looking statement. We cannot guarantee that any forward-looking statement will be realized. These statements are subject to various risks, uncertainties, potentially inaccurate assumptions and other factors that could cause actual results to differ from those set forth in or implied by this Quarterly Report. Factors that might cause such a difference include, but are not limited to, risks inherent with the G&K transaction in the achievement of cost synergies and the timing thereof, including whether the transaction will be accretive and within the expected timeframe and the actual amounts of future integration expenses; the possibility of greater than anticipated operating costs including energy and fuel costs; lower sales volumes; loss of customers due to outsourcing trends; the performance and costs of integration of acquisitions, including G&K; fluctuations in costs of materials and labor including increased medical costs; costs and possible effects of union organizing activities; failure to comply with government regulations concerning employment discrimination, employee pay and benefits and employee health and safety; the effect on operations of exchange rate fluctuations, tariffs and other political, economic and regulatory risks; uncertainties regarding any existing or newly-discovered expenses and liabilities related to environmental compliance and remediation; the cost, results and ongoing assessment of internal controls for financial reporting required by the Sarbanes-Oxley Act of 2002; the effect of new accounting pronouncements; costs of our SAP system implementation; disruptions caused by the inaccessibility of computer systems data, including cybersecurity risks; the initiation or outcome of litigation, investigations or other proceedings; higher assumed sourcing or distribution costs of products; the disruption of operations from catastrophic or extraordinary events; the amount and timing of repurchases of our common stock, if any; changes in federal and state tax and labor laws; and the reactions of competitors in terms of price and service.

Cintas undertakes no obligation to publicly release any revisions to any forward-looking statements or to otherwise update any forward-looking statements whether as a result of new information or to reflect events, circumstances or any other unanticipated developments arising after the date on which such statements are made. A further list and description of risks, uncertainties and other matters can be found in our Annual Report on Form 10-K for the year ended May 31, 2018 and in our reports on Forms 10-Q and 8-K. The risks and uncertainties described herein are not the only ones we may face. Additional risks and uncertainties presently not known to us or that we currently believe to be immaterial may also harm our business.

ITEM 3.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

In our normal operations, Cintas has market risk exposure to interest rates. There has been no material change to this market risk exposure to interest rates from that which was previously disclosed on page 30 of our Annual Report on Form 10-K for the year ended May 31, 2018.

Through its foreign operations, Cintas is exposed to foreign currency risk. Foreign currency exposures arise from transactions denominated in a currency other than the functional currency and from foreign currency denominated revenue and profit translated into U.S. dollars. The primary foreign currency to which Cintas is exposed is the Canadian dollar.

ITEM 4.

CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

With the participation of Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, Cintas has evaluated the effectiveness of the disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (Exchange Act)) as of February 28, 2019. Based on such evaluation, Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, has concluded that Cintas' disclosure controls and procedures were effective as of February 28, 2019, in ensuring (i) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and (ii) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is accumulated and communicated to Cintas' management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Internal Control over Financial Reporting

Beginning June 1, 2018, we adopted ASU 2014-09 and implemented certain changes to our related revenue recognition control activities, including the development of new policies and periodic reviews of revenue transactions based on the five-step model provided in the new revenue standard, enhanced contract review requirements and other ongoing monitoring activities. There were no other changes in Cintas' internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the nine months ended February 28, 2019, that have materially affected, or are reasonably likely to materially affect, Cintas' internal control over financial reporting.
