ANNUAL REPORT

Enclosed is our Annual Report to Shareholders for the year ended December 31, 2002, including our audited financial statements. The Annual Report to Shareholders does not form any part of the material for the solicitation of proxies.

OUTSTANDING COMMON STOCK

Only shareholders of record at the close of business on May 13, 2003 are entitled to notice of, and to vote at, the meeting and any adjournment(s) thereof. At May 13, 2003, we had outstanding and entitled to vote 2,127,130 shares of our common stock.

QUORUM; VOTING

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. Abstentions and "broker non-votes" (i.e., shares held by brokers or nominees that are represented at the meeting but with respect to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners thereof or persons entitled to vote thereon) will be counted in determining whether a quorum is present at the meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote thereat, present in person or represented by proxy, have the power to adjourn the meeting from time to time, without notice other than an announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally notified.

2

On all matters (including election of directors) submitted to a vote of the shareholders at the meeting or any adjournment(s) thereof, each holder of our common stock will be entitled to one vote for each share of our common stock owned of record by such shareholder at the close of business on May 13, 2003. Cumulative voting is not permitted in the election of our directors.

Proxies in the accompanying form which are properly executed and returned and that are not revoked will be voted at the meeting and any adjournment(s) thereof and will be voted in accordance with the instructions thereon. Any proxy upon which no instructions have been indicated with respect to a specified matter will be voted according to the recommendations of our board of directors, which are contained in this proxy statement. Our board of directors knows of no matters, other than those presented in this proxy

Edgar Filing: AMERICAN PHYSICIANS SERVICE GROUP INC - Form DEF 14A

statement, to be presented for consideration at the meeting. If, however, other matters properly come before the meeting or any adjournment(s) thereof, the persons named in the accompanying proxy will vote such proxy in accordance with their judgment on any such matters. The persons named in the accompanying proxy may also, if they believe it advisable, vote such proxy to adjourn the meeting from time to time.

Each matter submitted to the shareholders requires the affirmative vote of a majority of the shares entitled to vote and present in person or by proxy. If you abstain from voting on a proposal, your abstention will have the effect of a negative vote on such proposal. Broker non-votes will have the effect of a negative vote on any proposal.

REVOCATION OF PROXY

You have the power to revoke your proxy at any time before the shares it represents are voted. A revocation will be effective upon receipt, at any time before the meeting is called to order, by our Secretary of either (a) an instrument revoking your proxy or (b) a proxy duly executed by you bearing a later date than the preceding proxy. Additionally, you may change or revoke a previously executed proxy by voting in person at the meeting.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

General

Pursuant to our bylaws, our board of directors has, by resolution, fixed the number of directors at five, and five directors will be elected. All nominees will be elected to hold office until our next annual meeting of shareholders and until his successor is duly elected and qualified, or until his earlier death, resignation or removal.

Should any nominee for director become unwilling or unable to accept nomination or election, the proxies will be voted for the election, in his stead, of such other persons as our board of directors may recommend or our board of directors may reduce the number of directors to be elected. We have no reason to believe that any nominee named above will be unwilling or unable to serve.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Company is engaged in several highly competitive industries. For the Company to succeed, the Company believes that it must be able to attract and retain qualified executives. To achieve this objective, we have structured an executive compensation policy tied to operating performance that we believe has enabled the Company to attract and retain key executives.

During 2002, the Compensation Committee was comprised of two non-employee directors, Robert L. Myer and William A. Searles.

During 2002, the Compensation Committee had primary responsibility for determining executive compensation levels. The board of directors as a whole maintains a philosophy that a significant component of both annual and long-term compensation of executive officers, including that of the Chief Executive Officer, should be linked to measurable performance. A portion of the management

Edgar Filing: AMERICAN PHYSICIANS SERVICE GROUP INC - Form DEF 14A

compensation has been comprised of bonuses, based on operating and stock price performance, with a particular emphasis on the attainment of planned objectives. Accordingly, in years in which performance goals are achieved or exceeded, executive compensation tends to be higher than in years in which performance is below expectations. Stock options are granted from time to time to members of management, based primarily on such person's potential contribution to the Company's long-term growth and profitability. The Committee feels that options are an effective incentive to create value for shareholders since the value of an option bears a direct relationship to our stock price. The Committee further recognizes that long-term performance is becoming an increasingly more important component of overall executive compensation.

9

For 2002, our executive compensation program, including that of the Chief Executive Officer, consisted of base salary, a cash bonus based on current year performance and long-term stock option awards, all of which relates to the achievement of specific current and long-term goals. Specifically, the cash bonus paid to the executives of our subsidiaries was based upon achieving, among other things, a targeted pretax income. The Chief Executive Officer was paid a bonus for 2002 based upon implementing short and long-term initiatives for improving the Company's return on investment.

One of the Company's primary objectives is financial performance that achieves several long-term goals, including earnings-per-share growth, revenue growth, stock price growth and a proper diversification of business risks. The Committee believes that its compensation policy promotes those objectives and that compensation levels during 2002 adequately reflect the Company's compensation goals and policies.

AUDIT COMMITTEE REPORT

The Audit Committee (the "Committee") of the Board of Directors (the "Board") was comprised of two directors in 2002 and operates under a written charter adopted by the Board. The Committee, among other things,

- o reviews with the independent auditors and management the adequacy of the Company's accounting and financial reporting controls;
- o reviews with management and the independent auditors significant accounting and reporting principles, practices and procedures applied in preparing the Company's financial statements;
- o discusses with the independent auditors their judgment about the quality, not just the acceptability, of the Company's accounting principles used in the Company's financial reporting;
- o reviews the activities and independence of the independent auditors;
- o reviews and discusses the audited financial statements with management and the independent auditors and the results of the audit; and
- o appoints independent auditors.

It is the responsibility of our executive management to prepare financial statements in accordance with accounting principles generally accepted in the United States of America and of our independent auditors to audit those financial statements.

In this context, the Committee has reviewed and held discussions with management and the independent auditors regarding the Company's 2002 financial statements. Management represented to the Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards).

In addition, the Committee has discussed with the independent auditors the auditor's independence from the Company and management and has received the written disclosure and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Further, the Committee has considered whether the provision of non-audit services by the independent auditors is compatible with maintaining the auditor's independence.

The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of our internal controls, and the overall quality of our financial

reporting.

Based on the reviews and discussions referred to above, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2002, for filing with the Securities and Exchange Commission. The Committee believes that the provision of services by the independent auditors for matters other than the annual audit and quarterly reviews is compatible with maintaining the auditor's independence.

The audit committee has not yet selected our independent auditors for 2003. Representatives of our independent auditors will be present at the meeting to respond to appropriate questions, and they will have the opportunity, if they desire, to make a statement.

Fees paid to our auditors' firm were comprised of the following:

Financial Information Systems Design and Implementation Fees provided in 2002.....	--
All Other Fees, including tax preparation, tax consulting and other accounting services provided in 2002.....	\$ 8,743 -----

On July 8, 2002, we dismissed KPMG LLP as our independent public accountants and engaged BDO Seidman, LLP as our new independent public accountants. Our board of directors approved the decision to change accountants.

During 2000 and 2001 and through the subsequent interim period ended July 8, 2002, we had no disagreements with KPMG LLP on any matter of accounting principles, or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG LLP, would have caused it to make reference to the subject matter of the disagreement in connection with its reports.

The audit report of KPMG LLP on our consolidated financial statements as of and for the years ended December 31, 2000 and 2001 did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles.

each individual participant funding their pro rata portion of the line of credit. We have subsequently extended two unsecured lines of credit totaling an additional \$2.45 million to Uncommon Care. Beginning July 1, 2001, we agreed to take payments on the lines of credit in-kind, receiving Uncommon Care common stock in place of cash. The officers, directors and employees who participated in the line of credit did not participate in the in-kind program. Uncommon Care has ceased making payments on all of these loans and is in default. At March 31, 2003, the preferred shares of Uncommon Care we hold, assuming conversions, plus our common shares of Uncommon Care earned in-kind, amounted to approximately 42% of the total voting power of Uncommon Care.

The investments by our officers, directors and employees were as

Asset Management

In May 1998, we formed APS Asset Management, Inc., or Asset Management, of which we initially owned 95%. Asset Management was organized to manage fixed income and equity assets for institutional and individual clients on a fee basis. Certain of our officers, directors and employees also invested in Asset Management, paying the same price per share as we did. Their investments are as follows:

During 2002, Mr. Searles also served as a director and Chairman of the Board of Investment Services. For his additional director services, Mr. Searles was paid monthly director fees of \$6,000, plus a non-discretionary incentive amount based on Investment Services achieving certain levels of return on capital. His total compensation for these additional director duties was \$285,000 in 2002.

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our directors and officers, and persons who own more than 10% of a registered class of our equity securities, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission, or the SEC, and the NASDAQ Smallcap Market. Such persons are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms received by us with respect to 2002, or written representations from certain reporting persons, we believe that all filing requirements applicable to our directors and officers and persons who own more than 10% of a registered class of our equity securities have been complied with.

SHAREHOLDER PROPOSALS

Any of our shareholders meeting certain minimum stock ownership and holding period requirements may present a proposal to be included in our proxy statement for action at the annual meeting of shareholders to be held in 2004 pursuant to Rule 14a-8 of the Exchange Act. Such shareholder must deliver such proposal to our principal executive offices no later than January 25, 2004, unless we notify the shareholders otherwise. Only those proposals that are appropriate for shareholder action and otherwise meet the requirements of Rule 14a-8 of the Exchange Act may be included in our proxy statement.

A shareholder who otherwise intends to present business at our 2004 annual meeting of shareholders must comply with the requirements set forth in our bylaws, which require, among other things, that to bring business before our 2004 annual meeting, a shareholder must give written notice that complies with our bylaws to our Secretary at our principal executive offices. A shareholder's notice shall be timely if received by our Secretary no later than March 2, 2004 and no earlier than February 1, 2004, provided, however, if the 2004 annual meeting is scheduled to be held on a date earlier than May 31, 2004 or later than August 29, 2004, a shareholder's notice shall be timely if received by our Secretary not later than the close of business on the 10th day following the day on which a public announcement of the date of the 2004 annual meeting is first made by us.

As a result, a notice of a shareholder proposal for the 2004 annual meeting, submitted other than pursuant to Rule 14a-8, will be untimely if not received by us within the time deadlines required by our bylaws as described above. As to

17

any such proposals, the proxies named in management's proxy for that meeting will be entitled to exercise their discretionary authority on that proposal unless we receive notice of the matter to be proposed within the time deadlines required by our bylaws as described above. Even if proper notice is received on a timely basis, the proxies named in management's proxy for that meeting may nevertheless exercise their discretionary authority with respect to such matter by advising shareholders of such proposal and how they intend to exercise their discretion to vote on such matter to the extent permitted under Rule 14a-4(c)(2) of the Exchange Act.

OTHER MATTERS

Our board of directors does not intend to bring any other matters before the meeting and does not know of any matters which will be brought before the

meeting by others. However, if any other matters properly come before the meeting, the persons named in the accompanying proxy will vote the proxies in accordance with their judgment on such matters.
