Common Stock, \$.01 par value per share 345,048,546

EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the period ended March 31, 2015 of both Duke Realty Corporation and Duke Realty Limited Partnership. Unless stated otherwise or the context otherwise requires, references to "Duke Realty Corporation" or the "General Partner" mean Duke Realty Corporation and its consolidated subsidiaries; and references to the "Partnership" mean Duke Realty Limited Partnership and its consolidated subsidiaries. The terms the "Company," "we," "us" and "our" refer to the General Partner and the Partnership, collectively, and those entities owned or controlled by the General Partner and/or the Partnership.

Duke Realty Corporation is a self-administered and self-managed real estate investment trust ("REIT") and is the sole general partner of the Partnership, owning 98.9% of the common partnership interests of the Partnership ("General Partner Units") as of March 31, 2015. The remaining 1.1% of the common partnership interests ("Limited Partner Units" and, together with the General Partner Units, the "Common Units") are owned by limited partners. As the sole general partner of the Partnership, the General Partner has full, exclusive and complete responsibility and discretion in the day-to-day management and control of the Partnership. The General Partner also owns all of the issued and outstanding preferred partnership interests in the Partnership ("Preferred Units"), to the extent the Partnership has issued Preferred Units.

The General Partner and the Partnership are operated as one enterprise. The management of the General Partner consists of the same members as the management of the Partnership. As the sole general partner with control of the Partnership, the General Partner consolidates the Partnership for financial reporting purposes, and the General Partner does not have any significant assets other than its investment in the Partnership. Therefore, the assets and liabilities of the General Partner and the Partnership are substantially the same.

We believe combining the quarterly reports on Form 10-Q of the General Partner and the Partnership into this single report results in the following benefits:

- enhances investors' understanding of the General Partner and the Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminates duplicative disclosure and provides a more streamlined and readable presentation of information since a substantial portion of the Company's disclosure applies to both the General Partner and the Partnership; and
- creates time and cost efficiencies through the preparation of one combined report instead of two separate reports.

We believe it is important to understand the few differences between the General Partner and the Partnership in the context of how we operate as an interrelated consolidated company. The General Partner's only material asset is its ownership of partnership interests in the Partnership. As a result, the General Partner does not conduct business itself, other than acting as the sole general partner of the Partnership and issuing public equity from time to time. The General Partner does not issue any indebtedness, but does guarantee some of the unsecured debt of the Partnership. The Partnership holds substantially all the assets of the business, directly or indirectly, and holds the ownership interests related to certain of the Company's investments. The Partnership conducts the operations of the business and has no publicly traded equity. Except for net proceeds from equity issuances by the General Partner, which are contributed to the Partnership in exchange for General Partner Units or Preferred Units, the Partnership generates the capital required by the business through its operations, its incurrence of indebtedness and the issuance of Limited Partner Units to third parties.

Noncontrolling interests, shareholders' equity and partners' capital are the main areas of difference between the consolidated financial statements of the General Partner and those of the Partnership. The noncontrolling interests in the Partnership's financial statements include the interests in consolidated investees not wholly owned by the Partnership. The noncontrolling interests in the General Partner's financial statements include the same noncontrolling interests at the Partnership level, as well as the common limited partnership interests in the Partnership, which are accounted for as partners' capital by the Partnership.

In order to highlight the differences between the General Partner and the Partnership, there are separate sections in this report, as applicable, that separately discuss the General Partner and the Partnership, including separate financial statements and separate Exhibit 31 and 32 certifications. In the sections that combine disclosure of the General Partner and the Partnership, this report refers to actions or holdings as being actions or holdings of the collective Company.

DUKE REALTY CORPORATION AND DUKE REALTY LIMITED PARTNERSHIP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. General Basis of Presentation

The interim consolidated financial statements included herein have been prepared by Duke Realty Corporation (the "General Partner") and Duke Realty Limited Partnership (the "Partnership"). In this Report, unless the context indicates otherwise, the terms "Company," "we," "us" and "our" refer to the General Partner and the Partnership, collectively, and those entities owned or controlled by the General Partner and/or the Partnership. The 2014 year-end consolidated balance sheet data included in this Quarterly Report on Form 10-Q (this "Report") was derived from the audited financial statements in the combined Annual Report on Form 10-K of the General Partner and the Partnership for the year ended December 31, 2014, but does not include all disclosures required by accounting principles generally accepted in the United States of America ("GAAP"). The financial statements have been prepared in accordance with GAAP for interim financial information and in accordance with Rule 10-01 of Regulation S-X of the Securities Exchange Act of 1934, as amended. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses during the reporting period. Our actual results could differ from those estimates and assumptions. These financial statements should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations included herein and the consolidated financial statements and notes thereto included in the combined Annual Report on Form 10-K of the General Partner and the Partnership for the year ended December 31, 2014. The General Partner was formed in 1985, and we believe that it qualifies as a real estate investment trust ("REIT") under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"). The Partnership was formed on October 4, 1993, when the General Partner contributed all of its properties and related assets and liabilities, together with the net proceeds from an offering of additional shares of its common stock, to the Partnership. Simultaneously, the Partnership completed the acquisition of Duke Associates, a full-service commercial real estate firm operating in the Midwest whose operations began in 1972.

The General Partner is the sole general partner of the Partnership, owning approximately 98.9% of the common partnership interests of the Partnership ("General Partner Units") at March 31, 2015. The remaining 1.1% of the common partnership interests ("Limited Partner Units" and, together with the General Partner Units, the "Common Units") are owned by limited partners. As the sole general partner of the Partnership, the General Partner has full, exclusive and complete responsibility and discretion in the day-to-day management and control of the Partnership. The General Partner and the Partnership are operated as one enterprise. The management of the General Partner consists of the same members as the management of the Partnership. As the sole general partner with control of the Partnership, the General Partner consolidates the Partnership for financial reporting purposes, and the General Partner does not have any significant assets other than its investment in the Partnership. Therefore, the assets and liabilities of the General Partner and the Partnership are substantially the same.

Limited Partners have the right to redeem their Limited Partner Units, subject to certain restrictions. Pursuant to the Fifth Amended and Restated Agreement of Limited Partnership, as amended (the "Partnership Agreement"), the General Partner is obligated to redeem the Limited Partner Units in shares of its common stock, unless it determines in its reasonable discretion that the issuance of shares of its common stock could cause it to fail to qualify as a REIT. Each Limited Partner Unit shall be redeemed for one share of the General Partner's common stock, or, in the event that the issuance of shares could cause the General Partner to fail to qualify as a REIT, cash equal to the fair market value of one share of the General Partner's common stock at the time of redemption, in each case, subject to certain adjustments described in the Partnership Agreement. The Limited Partner Units are not required, per the terms of the Partnership Agreement, to be redeemed in registered shares of the General Partner. The General Partner also owns preferred partnership interests in the Partnership ("Preferred Units"), to the extent the Partnership has issued Preferred Units.

As of March 31, 2015, we owned and operated a portfolio primarily consisting of industrial, office and medical office properties and provide real estate services to third-party owners. Substantially all of our Rental Operations (see Note 10) are conducted through the Partnership. We conduct our Service Operations (see Note 10) through Duke Realty Services, LLC, Duke Realty Services Limited Partnership and Duke Construction Limited Partnership ("DCLP"), which are consolidated entities that are 100% owned by a combination of the General Partner and the Partnership. DCLP is owned through a taxable REIT subsidiary. The consolidated financial statements include our accounts and the accounts of our majority-owned or controlled subsidiaries.

2. New Accounting Pronouncements

Discontinued Operations

In April 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-08, Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity ("ASU 2014-08"). Under ASU 2014-08, only disposals representing a strategic shift in operations (for example, a disposal of a major geographic area or a major line of business) are presented as discontinued operations, while significant continuing involvement with such dispositions are no longer precluded from discontinued operations classification. As the prior accounting rules generally required companies that sell a single investment property to report the sale as a discontinued operation, the implementation of ASU 2014-08 resulted in us reporting only sales that represent strategic shifts in operations as discontinued operations. ASU 2014-08 also requires additional disclosures for discontinued operations as well as for material property dispositions that do not meet the new criteria for discontinued operation classification.

ASU 2014-08 is effective for fiscal years beginning on or after December 15, 2014, with early adoption permitted only for disposals or classifications as held-for-sale that have not been reported in financial statements previously issued or available for issuance. We adopted ASU 2014-08 early and have applied it with respect to such items since April 1, 2014.

Revenue Recognition

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers ("ASU 2014-09"). ASU 2014-09 is a comprehensive revenue recognition standard that will supersede nearly all existing GAAP revenue recognition guidance as well as impact the existing GAAP guidance governing the sale of nonfinancial assets. The standard's core principle is that a company will recognize revenue when it satisfies performance obligations, by transferring promised goods or services to customers, in an amount that reflects the consideration to which the company expects to be entitled in exchange for fulfilling those performance obligations. In doing so, companies will need to exercise more judgment and make more estimates than under existing GAAP guidance.

ASU 2014-09 will be effective for public entities for annual and interim reporting periods beginning after December 15, 2016 and early adoption is not permitted. An exposure draft has been issued by the FASB which proposes delaying the effective date for one year. In addition to the deferral of the effective date, early adoption would be permitted under the exposure draft in periods ending after December 15, 2016. The changes to the effective date and early adoption are still subject to final approval. ASU 2014-09 allows for either recognizing the cumulative effect of application (i) at the start of the earliest comparative period presented (with the option to use any or all of three practical expedients) or (ii) at the date of initial application, with no restatement of comparative periods presented. We have not yet selected a transition method nor have we determined the effect of ASU 2014-09 on our ongoing financial reporting.

Consolidation

In February 2015, the FASB issued ASU 2015-02, Amendments to the Consolidation Analysis ("ASU 2015-02"). ASU 2015-02 makes targeted amendments to the current consolidation guidance and ends the deferral granted to investment companies from applying the existing variable interest entity guidance. ASU 2015-02 will be effective for public entities for annual and interim reporting periods beginning after December 15, 2015 with early adoption

allowed in any interim period. We have not yet selected a transition method nor have we determined the effect of ASU 2015-02 on our ongoing financial reporting.

Debt Issuance Costs

In April 2015, the FASB issued ASU 2015-03, Simplifying the Presentation of Debt Issuance Costs ("ASU 2015-03"). ASU 2015-03 will require that debt issuance costs related to a recognized debt liability, which are currently presented as deferred charges (assets), be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability. ASU 2015-03 will be effective for financial statements issued for fiscal years beginning after December 15, 2015, and for interim periods within those fiscal years.

3. Reclassifications

Certain amounts in the accompanying consolidated financial statements for 2014 have been reclassified to conform to the 2015 consolidated financial statement presentation.

4. Variable Interest Entities

We have equity interests in unconsolidated joint ventures that primarily own and operate rental properties or hold land for development. We consolidate those joint ventures that are considered to be variable interest entities ("VIE"s) where we are the primary beneficiary. We analyze our investments in joint ventures to determine if the joint venture is considered a VIE and would require consolidation. We (i) evaluate the sufficiency of the total equity investment at risk, (ii) review the voting rights and decision-making authority of the equity investment holders as a group and whether there are any guaranteed returns, protection against losses, or capping of residual returns within the group and (iii) establish whether activities within the venture are on behalf of an investor with disproportionately few voting rights in making this VIE determination.

To the extent that we own interests in a VIE and we (i) are the sole entity that has the power to direct the activities of the VIE and (ii) have the obligation or rights to absorb the VIE's losses or receive its benefits, then we would be determined to be the primary beneficiary and would consolidate the VIE. To the extent we own interest in a VIE, then at each reporting period, we re-assess our conclusions as to which, if any, party within the VIE is considered the primary beneficiary.

There were no consolidated or unconsolidated joint ventures at March 31, 2015 that met the criteria to be considered VIEs.

Our maximum loss exposure for guarantees of joint venture indebtedness, for guarantees of the debt of joint ventures that are not VIEs, totaled \$71.7 million at March 31, 2015.

5. Dispositions

Dispositions of buildings (see Note 11 for the number of buildings sold as well as for their classification between continuing and discontinued operations) and undeveloped land generated net cash proceeds of \$109.9 million and \$70.7 million during the three months ended March 31, 2015 and 2014, respectively.

6. Indebtedness

All debt is held directly or indirectly by the Partnership. The General Partner does not have any indebtedness, but does guarantee some of the unsecured debt of the Partnership. The following table summarizes the book value and changes in the fair value, of our debt for the three months ended March 31, 2015 (in thousands):

Edgar Filing: DUKE REALTY CORP - Form 10-Q

	Book Value at 12/31/2014	Book Value at 3/31/2015	Fair Value at 12/31/2014	Issuances and Assumptions	Payments/Payoffs	Adjustments to Fair Value	Fair Value at 3/31/2015
Fixed rate secured debt	\$979,842	\$916,048	\$1,065,301	\$—	\$ (63,151)	\$(2,206)	\$999,944
Variable rate secured debt	3,400	3,400	3,400	—	—	—	3,400
Unsecured debt	3,364,161	3,113,617	3,603,475	—	(250,544)	25,551	3,378,482
Unsecured line of credit	106,000	453,000	106,000	347,000	—	—	453,000
Total	\$4,453,403	\$4,486,065	\$4,778,176	\$347,000	\$ (313,695)	\$23,345	\$4,834,826
Less secured debt related to real estate assets held-for-sale	40,764	41,697					
Total indebtedness as reported on consolidated balance sheets	\$4,412,639	\$4,444,368					
Secured Debt							

Because our fixed rate secured debt is not actively traded in any marketplace, we utilized a discounted cash flow methodology to determine its fair value. Accordingly, we calculated fair value by applying an estimate of the current market rate to discount the debt's remaining contractual cash flows. Our estimate of a current market rate, which is the most significant input in the discounted cash flow calculation, is intended to replicate debt of similar maturity and loan-to-value relationship. The estimated rates ranged from 2.20% to 3.20%, depending on the attributes of the specific loans. The current market rates we utilized were internally estimated; therefore, we have concluded that our determination of fair value for our fixed rate secured debt was primarily based upon Level 3 inputs.

During the three months ended March 31, 2015, we repaid eight secured loans, totaling \$60.2 million. These loans had a weighted average stated interest rate of 5.30%.

Unsecured Debt

At March 31, 2015, with the exception of one variable rate term note, all of our unsecured debt bore interest at fixed rates and primarily consisted of unsecured notes that are publicly traded. We utilized broker estimates in estimating the fair value of our fixed rate unsecured debt. Our unsecured notes are thinly traded and, in certain cases, the broker estimates were not based upon comparable transactions. The broker estimates took into account any recent trades within the same series of our fixed rate unsecured debt, comparisons to recent trades of other series of our fixed rate unsecured debt, trades of fixed rate unsecured debt from companies with profiles similar to ours, as well as overall economic conditions. We reviewed these broker estimates for reasonableness and accuracy, considering whether the estimates were based upon market participant assumptions within the principal and most advantageous market and whether any other observable inputs would be more accurate indicators of fair value than the broker estimates. We concluded that the broker estimates were representative of fair value. We have determined that our estimation of the fair value of our fixed rate unsecured debt was primarily based upon Level 3 inputs. The estimated trading values of our fixed rate unsecured debt, depending on the maturity and coupon rates, ranged from 102.00% to 131.00% of face value.

In February 2015, we repaid a \$250.0 million senior unsecured note at its maturity date. This loan had a stated interest rate of 7.38% and an effective rate of 7.50%.

We utilize a discounted cash flow methodology in order to estimate the fair value of our \$250.0 million variable rate term loan. The net present value of the difference between future contractual interest payments and future interest payments based on our estimate of a current market rate represents the difference between the book value and the fair value. Our estimate of a current market rate was based on estimated market spreads and the quoted yields on federal government treasury securities with similar maturity dates. Our estimate of the current market rate for our variable rate

term loan was 1.33% and was based primarily upon Level 3 inputs.

14

The indentures (and related supplemental indentures) governing our outstanding series of notes also require us to comply with financial ratios and other covenants regarding our operations. We were in compliance with all such covenants at March 31, 2015.

Unsecured Line of Credit

Our unsecured line of credit at March 31, 2015 is described as follows (in thousands):

Description	Maximum Capacity	Maturity Date	Outstanding Balance at March 31, 2015
Unsecured Line of Credit - Partnership	\$1,200,000	January 2019	\$453,000

The Partnership's unsecured line of credit has an interest rate on borrowings of LIBOR plus 1.05% (equal to 1.23% for outstanding borrowings at March 31, 2015) and a maturity date of January 2019. Subject to certain conditions, the terms also include an option to increase the facility by up to an additional \$400.0 million, for a total of up to \$1.6 billion. This line of credit provides us with an option to obtain borrowings from financial institutions that participate in the line at rates that may be lower than the stated interest rate, subject to certain restrictions.

This line of credit contains financial covenants that require us to meet certain financial ratios and defined levels of performance, including those related to fixed charge coverage, unsecured interest expense coverage and debt-to-asset value (with asset value being defined in the Partnership's unsecured line of credit agreement). At March 31, 2015, we were in compliance with all covenants under this line of credit.

To the extent that there are outstanding borrowings, we utilize a discounted cash flow methodology in order to estimate the fair value of our unsecured line of credit. The net present value of the difference between future contractual interest payments and future interest payments based on our estimate of a current market rate represents the difference between the book value and the fair value. Our estimate of a current market rate is based upon the rate, considering current market conditions and our specific credit profile, at which we estimate we could obtain similar borrowings. The current market rate of 1.43% that we utilized was internally estimated; therefore, we have concluded that our determination of fair value for our unsecured line of credit was primarily based upon a Level 3 input.

7. Shareholders' Equity of the General Partner and Partners' Capital of the Partnership

General Partner

During the three months ended March 31, 2015, the General Partner issued 233,000 common shares pursuant to its at the market equity program, generating gross proceeds of approximately \$5.0 million and, after deducting commissions and other costs, net proceeds of approximately \$4.9 million. The proceeds from these offerings were used for general corporate purposes.

Partnership

For each common share or preferred share that the General Partner issues, the Partnership issues a corresponding General Partner Unit or Preferred Unit, as applicable, to the General Partner in exchange for the contribution of the proceeds from the stock issuance. Similarly, when the General Partner redeems or repurchases common shares or preferred shares, the Partnership redeems the corresponding Common Units or Preferred Units held by the General Partner at the same price.

8. Related Party Transactions

We provide property management, asset management, leasing, construction and other tenant-related services to unconsolidated companies in which we have equity interests. We recorded the corresponding fees based on contractual terms that approximate market rates for these types of services and have eliminated our ownership percentage of these fees in the consolidated financial statements. The following table summarizes the fees earned from these companies, prior to the elimination of our ownership percentage, for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
Management fees	\$1,801	\$2,219
Leasing fees	633	344
Construction and development fees	405	965

9. Net Income (Loss) Per Common Share or Common Unit

Basic net income (loss) per common share or Common Unit is computed by dividing net income (loss) attributable to common shareholders or common unitholders, less dividends or distributions on share-based awards expected to

15

vest (referred to as "participating securities" and primarily composed of unvested restricted stock units), by the weighted average number of common shares or Common Units outstanding for the period.

Diluted net income (loss) per common share is computed by dividing the sum of basic net income (loss) attributable to common shareholders and the noncontrolling interest in earnings allocable to Limited Partner Units (to the extent the Limited Partner Units are dilutive) by the sum of the weighted average number of common shares outstanding and, to the extent they are dilutive, Units outstanding and any potential dilutive securities for the period. Diluted net income (loss) per Common Unit is computed by dividing the basic net income (loss) attributable to common unitholders by the sum of the weighted average number of Common Units outstanding and any potential dilutive securities for the period. The following table reconciles the components of basic and diluted net income per common share or Common Unit for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
General Partner		
Net income attributable to common shareholders	\$65,244	\$18,683
Less: Dividends on participating securities	(620)	(645)
Basic net income attributable to common shareholders	64,624	18,038
Noncontrolling interest in earnings of common unitholders	699	250
Diluted net income attributable to common shareholders	\$65,323	\$18,288
Weighted average number of common shares outstanding	344,597	327,106
Weighted average Limited Partner Units outstanding	3,695	4,387
Other potential dilutive shares	361	223
Weighted average number of common shares and potential dilutive securities	348,653	331,716
Partnership		
Net income attributable to common unitholders	\$65,943	\$18,933
Less: Distributions on participating securities	(620)	(645)
Basic and diluted net income attributable to common unitholders	\$65,323	\$18,288
Weighted average number of Common Units outstanding	348,292	331,493
Other potential dilutive units	361	223
Weighted average number of Common Units and potential dilutive securities	348,653	331,716

Substantially all potential shares related to our stock-based compensation plans are anti-dilutive for all periods presented. The following table summarizes the data that is excluded from the computation of net income per common share or Common Unit as a result of being anti-dilutive (in thousands):

	Three Months Ended March 31,	
	2015	2014
General Partner and Partnership		
Potential dilutive shares or units:		
Anti-dilutive outstanding potential shares or units under fixed stock option and other stock-based compensation plans	1,030	1,215
Outstanding participating securities	3,593	3,841

10. Segment Reporting

Reportable Segments

We have four reportable operating segments at March 31, 2015, the first three of which consist of the ownership and rental of (i) industrial, (ii) office and (iii) medical office real estate investments. The operations of our industrial, office and medical office properties, along with our retail properties, are collectively referred to as "Rental Operations." Properties not included in our reportable segments, which do not by themselves meet the quantitative thresholds for separate presentation as a reportable segment, are referred to as non-reportable Rental Operations. The

fourth reportable segment consists of various real estate services such as property management, asset

16

management, maintenance, leasing, development, general contracting and construction management to third-party property owners and joint ventures, and is collectively referred to as "Service Operations." Our reportable segments offer different products or services and are managed separately because each segment requires different operating strategies and management expertise.

Revenues by Reportable Segment

The following table shows the revenues for each of the reportable segments, as well as a reconciliation to consolidated revenues, for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
Revenues		
Rental Operations:		
Industrial	\$147,227	\$133,291
Office	25,135	38,978
Medical Office	40,028	33,310
Non-reportable Rental Operations	401	2,088
Service Operations	52,820	55,820
Total segment revenues	265,611	263,487
Other revenue	1,824	979
Consolidated revenue from continuing operations	267,435	264,466
Discontinued operations	32,115	30,072
Consolidated revenue	\$299,550	\$294,538

Supplemental Performance Measure

Property level net operating income on a cash basis ("PNOI") is the non-GAAP supplemental performance measure that we use to evaluate the performance of, and to allocate resources among, the real estate investments in the reportable and operating segments that comprise our Rental Operations. PNOI for our Rental Operations segments is comprised of rental revenues from continuing operations less rental expenses and real estate taxes from continuing operations, along with certain other adjusting items (collectively referred to as "Rental Operations revenues and expenses excluded from PNOI," as shown in the following table). Additionally, we do not allocate interest expense, depreciation expense and certain other non-property specific revenues and expenses (collectively referred to as "Non-Segment Items," as shown in the following table) to our individual operating segments.

We evaluate the performance of our Service Operations reportable segment using net income or loss, as allocated to that segment ("Earnings from Service Operations").

The following table shows a reconciliation of our segment-level measures of profitability to consolidated income from continuing operations before income taxes for the three months ended March 31, 2015 and 2014, respectively (in thousands and excluding discontinued operations):

Edgar Filing: DUKE REALTY CORP - Form 10-Q

	Three Months Ended March 31,	
	2015	2014
PNOI		
Industrial	\$96,684	\$85,691
Office	14,842	15,206
Medical Office	25,232	20,805
Non-reportable Rental Operations	—	253
PNOI, excluding all sold/held for sale properties	136,758	121,955
PNOI from sold/held-for-sale properties included in continuing operations	6,239	12,423
PNOI, continuing operations	142,997	134,378
Earnings from Service Operations	5,797	8,549
Rental Operations revenues and expenses excluded from PNOI:		
Straight-line rental income and expense, net	6,697	4,769
Revenues related to lease buyouts	864	2,695
Amortization of lease concessions and above and below market rents	(1,713)	(2,211)
Intercompany rents and other adjusting items	(731)	(1,537)
Non-Segment Items:		
Equity in earnings of unconsolidated companies	6,246	2,321
Interest expense	(49,610)	(49,261)
Depreciation expense	(81,903)	(88,298)
Gain on sale of properties	23,484	15,853
Interest and other income, net	338	351
General and administrative expenses	(17,004)	(14,694)
Gain on land sales	5,425	152
Other operating expenses	(1,557)	(2,216)
Acquisition-related activity	(28)	(14)
Other non-segment revenues and expenses, net	(402)	(692)
Income from continuing operations before income taxes	\$38,900	\$10,145

The most comparable GAAP measure to PNOI is income from continuing operations before income taxes. PNOI excludes expenses that materially impact our overall results of operations and, therefore, should not be considered as a substitute for income from continuing operations before income taxes or any other measures derived in accordance with GAAP. Furthermore, PNOI may not be comparable to other similarly titled measures of other companies.

Assets by Reportable Segment

The assets for each of the reportable segments at March 31, 2015 and December 31, 2014 were as follows (in thousands):

	March 31, 2015	December 31, 2014
Assets		
Rental Operations:		
Industrial	\$4,672,992	\$4,677,047
Office	1,212,796	1,252,627
Medical Office	1,210,170	1,229,632
Non-reportable Rental Operations	22,909	71,741
Service Operations	155,370	158,762
Total segment assets	7,274,237	7,389,809
Non-segment assets	456,267	365,030
Consolidated assets	\$7,730,504	\$7,754,839

The assets shown above include the amounts designated as held for sale, as of March 31, 2015, in connection with the Suburban Office Portfolio and Midwest Industrial Portfolio sales described in Note 12.

11. Discontinued Operations and Assets Held-for-Sale

Discontinued Operations

Beginning with our adoption of ASU 2014-08 on April 1, 2014, discontinued operations presentation applies only to disposals representing a strategic shift that has (or will have) a major effect on an entity's operations and financial results (e.g., a disposal of a major geographical area, a major line of business, a major equity method investment or other major parts of an entity).

On April 1, 2015, we completed the sale of a portfolio of primarily suburban office properties and undeveloped land (the "Suburban Office Portfolio Sale", as defined in Note 12) that had been under agreement for sale since late January 2015. This portfolio was classified as held-for-sale at March 31, 2015. Because of the size of this disposition, and the fact that it represented our exit from the office product type in four geographic markets, we determined that the disposition represented a strategic shift that will have a major effect on our operations and financial results. As such, the in-service properties in this portfolio met the criteria to be classified within discontinued operations. As the result of its classification within discontinued operations, the in-service assets and liabilities of this portfolio are required to be presented as held-for-sale for all prior periods presented in our Consolidated Balance Sheets.

The following table illustrates the number of sold or held-for-sale properties included in, or excluded from, discontinued operations:

	Held-for-Sale at March 31, 2015	Sold through March 31, 2015	Sold in 2014	Total
Industrial	5	0	11	16
Office	56	0	0	56
Medical Office	0	1	1	2
Total properties included in discontinued operations	61	1	12	74
Properties excluded from discontinued operations	52	11	17	80
Total properties sold or classified as held-for-sale	113	12	29	154

For the properties that were classified in discontinued operations, we allocated interest expense to discontinued operations and have included such interest expense in computing income from discontinued operations. Interest expense allocable to discontinued operations includes interest on any secured debt for properties included in discontinued operations and an allocable share of our consolidated unsecured interest expense for unencumbered properties. The allocation of unsecured interest expense to discontinued operations was based upon the gross book value of the unencumbered real estate assets included in discontinued operations as it related to the total gross book value of our unencumbered real estate assets.

The following table illustrates the operational results of the buildings reflected in discontinued operations for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
Revenues	\$32,115	\$30,072
Operating expenses	(12,386)	(12,403)
Depreciation and amortization	(3,517)	(9,966)
Operating income	16,212	7,703
Interest expense	(6,034)	(6,378)
Income before gain on sales	10,178	1,325
Gain on sale of depreciable properties	18,375	19,752
Income from discontinued operations before income taxes	28,553	21,077
Income tax expense	—	(2,977)
Income from discontinued operations	\$28,553	\$18,100

There was one medical office property that sold during the three months ended March 31, 2015, which had been classified as held for sale and included in discontinued operations prior to the adoption of ASU 2014-08, for which we recognized a gain on sale of \$1.3 million. The majority of the remaining amount of gains on sale of depreciable properties recognized in discontinued operations during the period was the result of recognizing previously deferred gains on prior period sales, which had met the criteria for classification within discontinued operations prior to the adoption of ASU 2014-08, due to either receiving additional cash or resolving post-sale obligations.

Capital expenditures on a cash basis for the three months ended March 31, 2015 and 2014 were \$8.6 million and \$3.8 million, respectively, related to properties classified within discontinued operations.

Allocation of Noncontrolling Interests - General Partner

The following table illustrates the General Partner's share of the income attributable to common shareholders from continuing operations and discontinued operations, reduced by the allocation of income between continuing and discontinued operations to the Limited Partner Units, for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
Income from continuing operations attributable to common shareholders	\$36,994	\$823
Income from discontinued operations attributable to common shareholders	28,250	17,860
Net income attributable to common shareholders	\$65,244	\$18,683

Allocation of Noncontrolling Interests - Partnership

Substantially all of the income from discontinued operations for all periods presented in the Partnership's Consolidated Statements of Operations and Comprehensive Income is attributable to the common unitholders.

Properties Held-for-Sale

At March 31, 2015, the 61 in-service properties included in the Suburban Office Portfolio Sale were classified as held-for-sale and included in discontinued operations and 52 in-service properties were classified as held-for-sale but did not meet the criteria to be classified within discontinued operations (including the "Midwest Industrial Portfolio Sale", as defined in Note 12). The following table illustrates aggregate balance sheet information at March 31, 2015 and December 31, 2014 (in thousands):

	March 31, 2015			December 31, 2014		
	Properties Included in Continuing Operations	Properties Included in Discontinued Operations	Total Held-For-Sale Properties	Properties Included in Continuing Operations	Properties Included in Discontinued Operations	Total Held-For-Sale Properties
Land and improvements	\$36,236	\$ 121,149	\$157,385	\$21,347	\$ 126,921	\$ 148,268
Buildings and tenant improvements	168,893	702,820	871,713	36,925	721,398	758,323
Undeveloped land	13,736	—	13,736	12,443	—	12,443
Accumulated depreciation	(51,217)	(234,132)	(285,349)	(23,071)	(247,269)	(270,340)
Deferred leasing and other costs, net	6,626	42,152	48,778	3,480	44,840	48,320
Other assets	5,896	27,859	33,755	562	27,475	28,037
Total assets held-for-sale	\$ 180,170	\$ 659,848	\$ 840,018	\$ 51,686	\$ 673,365	\$ 725,051
Secured debt	\$ 1,097	\$ 40,600	\$ 41,697	\$ —	\$ 40,764	\$ 40,764
Accrued expenses	4,685	6,934	11,619	233	5,180	5,413
Other liabilities	2,228	9,561	11,789	434	12,481	12,915
Total liabilities held-for-sale	\$ 8,010	\$ 57,095	\$ 65,105	\$ 667	\$ 58,425	\$ 59,092

12. Subsequent Events

Declaration of Dividends/Distributions

The General Partner's board of directors declared the following dividends/distributions at its regularly scheduled board meeting held on April 29, 2015:

Class of stock/units	Quarterly Amount per Share or Unit	Record Date	Payment Date
Common	\$0.17	May 14, 2015	May 29, 2015

Suburban Office Portfolio Sale

On April 1, 2015, we completed the previously announced suburban office portfolio sale (the "Suburban Office Portfolio Sale") to a joint venture with affiliates of Starwood Capital Group, Vanderbilt Partners and Trinity Capital Advisors for approximately \$1.1 billion.

The Suburban Office Portfolio Sale includes all of the company's wholly-owned, in-service suburban office properties located in Nashville, Raleigh, South Florida and St. Louis. The portfolio includes approximately 6.7 million square feet across 61 buildings and 57 acres of undeveloped land. One additional office asset currently under construction in Raleigh is expected to be sold upon completion in late 2015.

Midwest Industrial Portfolio Sale

On April 8, 2015, we completed the sale of 51 non-strategic industrial properties for \$270.0 million. These properties totaled 5.2 million square feet and were located in primarily Midwest markets.

Tender Offer

In March 2015, the Partnership commenced a tender offer (the "Tender Offer") to purchase for a combined aggregate purchase price (exclusive of accrued and unpaid interest) of up to \$500.0 million among certain of its outstanding

series of unsecured notes. A portion of the proceeds from the Suburban Office Portfolio Sale were used to fund this Tender Offer, which resulted in the repurchase of notes having a face value of \$424.9 million, for a cash payment of \$500.0 million. The repurchase was completed on April 3, 2015.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following Management's Discussion and Analysis of Financial Condition and Results of Operations is intended to help the reader understand our operations and our present business environment. Management's Discussion and Analysis is provided as a supplement to and should be read in conjunction with our consolidated financial statements and the notes thereto, contained in Part I, Item I of this Quarterly Report on Form 10-Q (this "Report") and the consolidated financial statements and notes thereto, contained in Part IV, Item 15 of our combined Annual Report on Form 10-K for the year ended December 31, 2014, as filed with the Securities and Exchange Commission (the "SEC") on February 20, 2015 for Duke Realty Corporation (the "General Partner") and Duke Realty Limited Partnership (the "Partnership"). As used herein, the terms the "Company," "we," "us" and "our" refer to the General Partner and the Partnership, collectively, and those entities owned or controlled by the General Partner and/or the Partnership.

Cautionary Notice Regarding Forward-Looking Statements

Certain statements contained in or incorporated by reference into this Report, including, without limitation, those related to our future operations, constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The words "believe," "estimate," "expect," "anticipate," "intend," "plan," "seek," "may," "could" and similar expressions or statements regarding future periods are intended to identify forward-looking statements, although not all forward-looking statements contain such words.

These forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause our actual results, performance or achievements, or industry results, to differ materially from any predictions of future results, performance or achievements that we express or imply in this Report. Some of the risks, uncertainties and other important factors that may affect future results include, among others:

• Changes in general economic and business conditions, including the financial condition of our tenants and the value of our real estate assets;

• The General Partner's continued qualification as a real estate investment trust ("REIT") for U.S. federal income tax purposes;

• Heightened competition for tenants and potential decreases in property occupancy;

• Potential changes in the financial markets and interest rates;

• Volatility in the General Partner's stock price and trading volume;

• Our continuing ability to raise funds on favorable terms;

• Our ability to successfully identify, acquire, develop and/or manage properties on terms that are favorable to us;

• Potential increases in real estate construction costs;

• Our ability to successfully dispose of properties on terms that are favorable to us, including, without limitation, through one or more transactions that are consistent with our previously disclosed strategic plans;

• Our ability to retain our current credit ratings;

• Inherent risks in the real estate business, including, but not limited to, tenant defaults, potential liability relating to environmental matters and liquidity of real estate investments; and

• Other risks and uncertainties described herein, as well as those risks and uncertainties discussed from time to time in our other reports and other public filings with the SEC.

Although we presently believe that the plans, expectations and results expressed in or suggested by the forward-looking statements are reasonable, all forward-looking statements are inherently subjective, uncertain and subject to change, as they involve substantial risks and uncertainties, including those beyond our control. New factors emerge from time to time, and it is not possible for us to predict the nature, or assess the potential impact, of each new factor on our business. Given these uncertainties, we caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update or revise any of our forward-looking statements for events or circumstances that arise after the statement is made, except as otherwise may be required by law.

The above list of risks and uncertainties is only a summary of some of the most important factors and is not intended to be exhaustive. Additional information regarding risk factors that may affect us is included in our combined Annual Report on Form 10-K for the fiscal year ended December 31, 2014, which we filed with the SEC on February 20, 2015. The risk factors contained in our Annual Report are updated by us from time to time in Quarterly Reports on Form 10-Q and other public filings.

Business Overview

The General Partner is a self-administered and self-managed REIT that began operations in 1986 and is the sole general partner of the Partnership. The Partnership is a limited partnership formed in 1993, at which time all of the properties and related assets and liabilities of the General Partner, as well as proceeds from a secondary offering of the General Partner's common shares, were contributed to the Partnership. Simultaneously, the Partnership completed the acquisition of Duke Associates, a full-service commercial real estate firm operating in the Midwest whose operations began in 1972. We operate the General Partner and the Partnership as one enterprise, and therefore, our discussion and analysis refers to the General Partner and its consolidated subsidiaries, including the Partnership, collectively. A more complete description of our business, and of management's philosophy and priorities, is included in our 2014 Annual Report on Form 10-K.

At March 31, 2015, we:

Owned or jointly controlled 720 industrial, office and medical office properties, of which 700 properties with approximately 147.5 million square feet were in service and 20 properties with approximately 5.4 million square feet were under development. The 700 in-service properties were comprised of 615 consolidated properties with approximately 127.5 million square feet and 85 jointly controlled unconsolidated properties with more than 20.0 million square feet. The 20 properties under development consisted of 17 consolidated properties with approximately 3.9 million square feet and three jointly controlled unconsolidated properties with approximately 1.5 million square feet.

Owned directly, or through ownership interests in unconsolidated joint ventures (with acreage not adjusted for our percentage ownership interest), approximately 3,600 acres of land and controlled more than 1,500 acres through purchase options.

A key component of our overall strategy is to increase our investment in quality industrial and medical office properties in both existing and select new markets and to reduce our investment in suburban office properties and other non-strategic assets.

We have four reportable operating segments at March 31, 2015, the first three of which consist of the ownership and rental of (i) industrial, (ii) office and (iii) medical office real estate investments. The operations of our industrial, office and medical office properties, along with our retail properties, are collectively referred to as "Rental Operations." The fourth reportable segment consists of various real estate services such as property management, asset management, maintenance, leasing, development, general contractor and construction management to third-party property owners and joint ventures, and is collectively referred to as "Service Operations." Our reportable segments offer different products or services and are managed separately because each segment requires different operating strategies and management expertise. Our Service Operations segment also includes our taxable REIT subsidiary, a legal entity through which certain of the segment's operations are conducted.

Key Performance Indicators

Our operating results depend primarily upon rental income from our Rental Operations. The following discussion highlights the areas of Rental Operations that we consider critical drivers of future revenues.

Occupancy Analysis

Our ability to maintain high occupancy rates is a principal driver of maintaining and increasing rental revenue. The following table sets forth percent leased and average net effective rent information regarding our in-service portfolio

Edgar Filing: DUKE REALTY CORP - Form 10-Q

of rental properties, including properties classified within both continuing and discontinued operations, at March 31, 2015 and 2014, respectively:

Type	Total Square Feet (in thousands)		Percent of Total Square Feet		Percent Leased*		Average Annual Net Effective Rent**	
	2015	2014	2015	2014	2015	2014	2015	2014
Industrial	110,110	104,590	86.4	% 84.2	% 96.4	% 94.9	% \$4.05	\$3.93
Office	12,181	14,428	9.5	% 11.6	% 89.2	% 87.8	% \$10.81	\$13.38
Medical Office	5,170	4,780	4.1	% 3.9	% 93.8	% 93.4	% \$23.10	\$22.70
Other	—	348	—	% 0.3	% —	% 85.7	% \$0.00	\$19.75
Total Consolidated	127,461	124,146	100.0	% 100.0	% 95.6	% 94.0	% \$5.41	\$5.72
Unconsolidated Joint Ventures	20,023	22,413			96.0	% 94.1	% \$5.84	\$8.15
Total Including Unconsolidated Joint Ventures	147,484	146,559			95.7	% 94.0	% \$5.43	\$5.85

*Represents the percentage of total square feet leased based on executed leases and without regard to whether the leases have commenced.

**Represents average annual base rental payments per leased square foot, on a straight-line basis for the term of each lease, from space leased to tenants at the end of the most recent reporting period. This amount excludes additional amounts paid by tenants as reimbursement for operating expenses.

The total percent leased of our in-service properties, including unconsolidated joint ventures, would have been 96.0% if the Suburban Office Portfolio and Midwest Industrial Portfolio sales (as defined in Note 12 to the Consolidated Financial Statements) that took place in early April 2015 had closed on March 31, 2015.

Vacancy Activity

The following table sets forth vacancy activity, shown in square feet, regarding our in-service rental properties, including properties classified within both continuing and discontinued operations, at March 31, 2015, (in thousands):

	Consolidated Properties	Unconsolidated Joint Venture Properties	Total Including Unconsolidated Joint Venture Properties
Vacant square feet at December 31, 2014	6,041	797	6,838
Completed Development	147	—	147
Dispositions	(181) —	(181
Expirations	1,707	86	1,793
Early lease terminations	152	103	255
Property structural changes/other	2	—	2
Leasing of previously vacant space	(2,292) (195) (2,487
Vacant square feet at March 31, 2015	5,576	791	6,367

Of the vacant square footage shown in the table above, approximately 833,000 square feet was in the properties that were sold in the Suburban Office Portfolio and Midwest Industrial Portfolio sales (see Note 12 to the Consolidated Financial Statements).

Total Leasing Activity

The initial leasing of development projects or vacant space in acquired properties is referred to as first generation lease activity. The leasing of such space that we have previously held under lease is referred to as second generation lease activity. The total leasing activity for our consolidated rental properties, expressed in square feet of leases signed during the period, is as follows for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
New Leasing Activity - First Generation	1,745	1,439
New Leasing Activity - Second Generation	914	2,544
Renewal Leasing Activity	3,582	1,677
Total Consolidated Leasing Activity	6,241	5,660
Unconsolidated Joint Venture Leasing Activity	897	370
Total Including Unconsolidated Joint Venture Leasing Activity	7,138	6,030

The decrease in new second generation leasing activity was largely due to strong renewal leasing volume and higher occupancy levels resulting in less vacant space to lease up.

The increase in renewal leasing activity, when compared to the three months ended March 31, 2014, was driven by an increase in the total square feet of leases up for renewal and an increased tenant retention rate for such leases. Our tenant retention rate for the three month period ended March 31, 2015 for consolidated properties increased to 77.6% from 65.1% for the corresponding period in 2014.

New Second Generation Leases

The following table sets forth the estimated costs of tenant improvements and leasing commissions, on a per square foot basis, that we are obligated to fulfill under the new second generation leases signed for our rental properties during the three months ended March 31, 2015 and 2014, respectively (square feet data in thousands):

	Square Feet of New Second Generation Leases Signed		Average Term in Years		Estimated Tenant Improvement Cost per Square Foot		Leasing Commissions per Square Foot	
	2015	2014	2015	2014	2015	2014	2015	2014
	Three Months							
Industrial	798	2,382	6.5	7.5	\$2.58	\$2.84	\$1.64	\$1.94
Office	105	148	5.3	5.7	\$11.55	\$19.25	\$6.15	\$5.16
Medical Office	11	14	5.3	6.0	\$15.23	\$20.68	\$7.61	\$8.68
Total Consolidated	914	2,544	6.3	7.4	\$3.76	\$3.89	\$2.23	\$2.16
Unconsolidated Joint Ventures	169	73	4.2	2.3	\$8.44	\$4.45	\$7.30	\$3.82
Total Including Unconsolidated Joint Ventures	1,083	2,617	6.0	7.2	\$4.49	\$3.91	\$3.02	\$2.21

Of the new second generation leases executed during the three months ended March 31, 2015, approximately 70,000 square feet were in properties sold as part of the Suburban Office Portfolio and Midwest Industrial Portfolio sales (see Note 12 to the Consolidated Financial Statements) in early April.

Lease Renewals

The following table summarizes our lease renewal activity within our rental properties for the three months ended March 31, 2015 and 2014, respectively (square feet data in thousands):

Edgar Filing: DUKE REALTY CORP - Form 10-Q

	Square Feet of Leases Renewed		Percent of Expiring Leases Renewed		Average Term in Years		Growth (Decline) in Net Effective Rents*		Estimated Tenant Improvement Cost per Square Foot		Leasing Commissions per Square Foot		
	2015	2014	2015	2014	2015	2014	2015	2014	2015	2014	2015	2014	
Three Months													
Industrial	3,480	1,511	78.5 %	66.1 %	7.4	4.1	10.0 %	8.1 %	\$1.84	\$0.26	\$1.44	\$0.65	
Office	80	148	53.7 %	57.8 %	5.3	4.0	8.4 %	6.3 %	\$5.79	\$4.46	\$5.00	\$3.35	
Medical Office	22	18	63.7 %	55.4 %	3.7	5.0	7.0 %	20.8 %	\$4.06	\$0.00	\$1.68	\$4.00	
Total Consolidated	3,582	1,677	77.6 %	65.1 %	7.3	4.1	9.8 %	8.2 %	\$1.95	\$0.62	\$1.52	\$0.93	
Unconsolidated Joint Ventures	277	284	88.8 %	63.5 %	2.0	2.3	(1.6 %) %	6.9 %	\$0.35	\$0.27	\$0.56	\$0.68	
Total Including Unconsolidated Joint Ventures	3,859	1,961	78.3 %	64.9 %	6.9	3.8	8.8 %	7.9 %	\$1.83	\$0.57	\$1.46	\$0.89	

* Represents the percentage change in net effective rent between the original leases and the renewal leases. Net effective rents represent average annual base rental payments, on a straight-line basis for the term of each lease, excluding operating expense reimbursements.

Of the renewal leases executed during the three months ended March 31, 2015, approximately 524,000 square feet were in properties that were sold in early April as part of the Suburban Office Portfolio and Midwest Industrial Portfolio sales (see Note 12 to the Consolidated Financial Statements). Growth in net effective rents for the period ended March 31, 2015, for consolidated and joint venture properties combined, would have been 8.4% if those leases would have been excluded.

Lease Expirations

Our ability to maintain and improve occupancy rates and net effective rents primarily depends upon our continuing ability to re-lease expiring space. The table below reflects our consolidated in-service portfolio lease expiration schedule, excluding the leases in properties that were sold in the Suburban Office Portfolio and Midwest Industrial Portfolio sales in early April, at March 31, 2015 (in thousands, except percentage data and number of leases):

Year of Expiration	Total Consolidated Portfolio			Industrial		Office		Medical Office	
	Square Feet	Ann. Rent Revenue*	Number of Leases	Square Feet	Ann. Rent Revenue*	Square Feet	Ann. Rent Revenue*	Square Feet	Ann. Rent Revenue*
Remainder of 2015	5,488	\$26,617	372	4,956	\$19,946	490	\$6,014	42	\$657
2016	11,892	52,634	374	11,004	40,011	688	8,552	200	4,071
2017	13,724	58,068	359	13,121	49,700	417	4,495	186	3,873
2018	11,175	54,937	320	10,211	38,845	579	6,360	385	9,732
2019	12,590	63,227	311	11,507	45,814	767	9,767	316	7,646
2020	12,609	63,383	208	11,813	50,248	372	4,186	424	8,949
2021	8,130	40,742	153	7,386	29,292	496	5,789	248	5,661
2022	6,862	31,940	95	6,476	24,445	65	731	321	6,764
2023	2,480	19,752	66	1,879	9,208	194	2,992	407	7,552
2024	7,327	38,430	55	6,843	29,912	358	5,256	126	3,262
2025 and Thereafter	18,547	129,043	110	15,870	69,010	482	6,161	2,195	53,872
Total Leased	110,824	\$578,773	2,423	101,066	\$406,431	4,908	\$60,303	4,850	\$112,039
	115,462			104,595		5,697		5,170	

Total Portfolio

Square Feet

Percent Leased	96.0	%	96.6	%	86.2	%	93.8	%
----------------	------	---	------	---	------	---	------	---

* Annualized rental revenue represents average annual base rental payments, on a straight-line basis for the term of each lease, from space leased to tenants at the end of the most recent reporting period. Annualized rental revenue excludes additional amounts paid by tenants as reimbursement for operating expenses.

27

Information on current market rents can be difficult to obtain, is highly subjective, and is often not directly comparable between properties. As a result, we believe the increase or decrease in net effective rent on lease renewals, as previously defined, is the most objective and meaningful relationship between rents on leases expiring in the near-term and current market rents.

Acquisition Activity

Our decision process in determining whether or not to acquire a target property or portfolio of properties involves several factors, including expected rent growth, multiple yield metrics, property locations and expected demographic growth in each location, current occupancy of the target properties, tenant profile and remaining terms of the in-place leases in the target properties. We pursue both brokered and non-brokered acquisitions, and it is difficult to predict which markets and product types may present acquisition opportunities that align with our strategy. Because of the numerous factors considered in our acquisition decisions, we do not establish specific target yields for future acquisitions.

We acquired five properties during the year ended December 31, 2014. We have not completed any significant acquisitions during the three months ended March 31, 2015. The following table summarizes the acquisition price, percent leased at time of acquisition and in-place yields, by product type, for these acquisitions (in thousands, except percentage data):

Type	Full Year 2014 Acquisitions			
	Acquisition Price*	In-Place Yield**	Percent Leased at Acquisition Date***	
Industrial	\$118,488	6.2	% 100.0	%
Medical Office	12,523	7.2	% 100.0	%
Total	\$131,011	6.3	% 100.0	%

* Includes real estate assets and net acquired lease-related intangible assets, including above or below market leases, but excludes other acquired working capital assets and liabilities.

** In-place yields of completed acquisitions are calculated as the current annualized net rental payments from space leased to tenants at the date of acquisition, divided by the acquisition price of the acquired real estate. Annualized net rental payments are comprised of base rental payments, excluding additional amounts payable by tenants as reimbursement for operating expenses, less current annualized operating expenses not recovered through tenant reimbursements.

*** Represents percentage of total square feet leased based on executed leases and without regard to whether the leases have commenced, at the date of acquisition.

Disposition Activity

We regularly work to identify, consider and pursue opportunities to dispose of properties on an opportunistic basis and on a basis that is generally consistent with our strategic plans.

We sold 12 buildings during the three months ended March 31, 2015 and 29 buildings during the year ended December 31, 2014. The following table summarizes the sales prices, in-place yields and percent leased, by product type, of these buildings (in thousands, except percentage data):

Edgar Filing: DUKE REALTY CORP - Form 10-Q

Type	Dispositions for the three months ended March 31, 2015			Full Year 2014 Dispositions				
	Sales Price	In-Place Yield*	Percent Leased**	Sales Price	In-Place Yield*	Percent Leased**		
Industrial	\$41,500	6.5	% 100.0	% \$70,807	4.9	% 60.7	%	
Office	19,378	10.2	% 66.7	% 348,990	7.5	% 89.3	%	
Medical Office	20,400	6.8	% 100.0	% 57,400	6.5	% 100.0	%	
Other	40,250	9.0	% 83.4	% —	—	% —	%	
Total	\$121,528	8.0	% 87.1	% \$477,197	7.0	% 76.8	%	

* In-place yields of completed dispositions are calculated as current annualized net rental payments from space leased to tenants at the date of sale, divided by the sales price of the real estate. Annualized net rental payments are comprised of base rental payments, excluding additional amounts payable by tenants as reimbursement for operating expenses, less current annualized operating expenses not recovered through tenant reimbursements.

** Represents percentage of total square feet leased based on executed leases where the leases have commenced.

On April 1, 2015, we completed the Suburban Office Portfolio Sale, which includes all of the company's wholly-owned, in-service suburban office properties located in Nashville, Raleigh, South Florida and St. Louis. One additional office asset currently under construction in Raleigh is expected to be sold upon completion in late 2015. On April 8, 2015, we completed the Midwest Industrial Portfolio Sale which includes 51 non-strategic industrial properties, located in primarily Midwest markets.

Development

At March 31, 2015, we had 5.4 million square feet of property under development with total estimated costs upon completion of \$468.7 million compared to 7.5 million square feet with total estimated costs upon completion of \$645.5 million at March 31, 2014. The square footage and estimated costs include both consolidated properties and unconsolidated joint venture development activity at 100%.

The following table summarizes our properties under development at March 31, 2015 (in thousands, except percentage data):

Ownership Type	Square Feet	Percent Leased	Total Estimated Project Costs	Total Incurred to Date	Amount Remaining to be Spent
Consolidated properties	3,895	63%	\$407,290	\$181,438	\$225,852
Unconsolidated joint venture properties	1,480	37%	61,452	28,999	32,453
Total	5,375	55%	\$468,742	\$210,437	\$258,305

The development pipeline under construction, for consolidated properties, at March 31, 2015 includes one suburban office property that is under contract to sell upon completion to the same buyer as the Suburban Office Portfolio Sale.

Supplemental Performance Measures

In addition to net income (loss) computed in accordance with GAAP, we assess and measure the overall operating results of the General Partner and the Partnership using certain non-GAAP supplemental performance measures, which include (i) Funds From Operations ("FFO"), (ii) Property Level Net Operating Income - Cash Basis ("PNOI") and (iii) Same Property Net Operating Income - Cash Basis ("SPNOI").

These non-GAAP metrics are commonly used by industry analysts and investors as supplemental operating performance measures of REITs and are viewed by management to be useful indicators of operating performance. Historical cost accounting for real estate assets in accordance with GAAP implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, many industry analysts and investors have considered presentation of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. Management believes that the

use of FFO, PNOI and SPNOI, combined with net income (which remains the primary measure of performance), improves the understanding of operating results of REITs among the investing public and makes comparisons of REIT operating results more meaningful.

The most comparable GAAP measure to FFO is net income (loss) attributable to common shareholders or common unitholders, while the most comparable GAAP measure to PNOI and SPNOI is income from continuing operations before income taxes.

FFO, PNOI and SPNOI each exclude expenses that materially impact our overall results of operations and, therefore, should not be considered as a substitute for net income (loss) attributable to common shareholders or common unitholders, income from continuing operations before income taxes, or any other measures derived in accordance with GAAP. Furthermore, these metrics may not be comparable to other similarly titled measures of other companies.

Funds From Operations

The National Association of Real Estate Investment Trusts ("NAREIT") created FFO as a non-GAAP supplemental measure of REIT operating performance. FFO, as defined by NAREIT, represents GAAP net income (loss), excluding extraordinary items as defined under GAAP, gains or losses from sales of previously depreciated real estate assets, impairment charges related to depreciable real estate assets, plus certain non-cash items such as real estate asset depreciation and amortization, and after similar adjustments for unconsolidated partnerships and joint ventures. We calculate FFO in accordance with the definition that was adopted by the Board of Governors of NAREIT.

Management believes that the use of FFO as a performance measure enables investors and analysts to readily identify the operating results of the long-term assets that form the core of a REIT's activity and assists them in comparing these operating results between periods or between different companies that use the NAREIT definition of FFO.

The following table shows a reconciliation of net income attributable to common shareholders or common unitholders to the calculation of FFO attributable to common shareholders or common unitholders for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
Net income attributable to common shareholders of the General Partner	\$65,244	\$18,683
Add back: Net income attributable to noncontrolling interests - common limited partnership interests in the Partnership	699	250
Net income attributable to common unitholders of the Partnership	65,943	18,933
Adjustments:		
Depreciation and amortization	85,420	98,264
Company share of joint venture depreciation and amortization	4,928	6,396
Gains on depreciable property sales—wholly owned	(41,859)	(35,605)
Income tax expense triggered by depreciable property sales	1,484	5,651
Gains/losses on depreciable property sales—share of joint venture	(1,544)	165
Funds From Operations attributable to common unitholders of the Partnership	\$114,372	\$93,804
Additional General Partner Adjustments:		
Net income attributable to noncontrolling interests - common limited partnership interests in the Partnership	(699)	(250)
Noncontrolling interest share of adjustments	(514)	(991)
Funds From Operations attributable to common shareholders of the General Partner	\$113,159	\$92,563
Property Level Net Operating Income - Cash Basis		

PNOI is comprised of rental revenues from continuing operations less rental expenses and real estate taxes from continuing operations, along with certain other adjusting items that are detailed in the table below. As a performance metric that consists of only the cash-based revenues and expenses directly related to ongoing real estate rental operations, PNOI is narrower in scope than FFO.

PNOI, as we calculate it, may not be directly comparable to similarly titled, but differently calculated, measures for other REITs. We believe that PNOI is another useful supplemental performance measure, as it is an input in many REIT valuation models and it provides a means by which to evaluate the performance of the properties within our Rental Operations segments.

The major factors influencing PNOI are occupancy levels, acquisitions and sales, development properties that achieve stabilized operations, rental rate increases or decreases, and the recoverability of operating expenses. PNOI was calculated as follows for the three months ended March 31, 2015 and 2014 (in thousands):

	Three Months Ended March 31,	
	2015	2014
Rental and related revenue from continuing operations - Rental Operations segments	\$212,791	\$207,667
Rental and real estate tax expenses from continuing operations - Rental Operations segments	(64,677)	(69,573)
Less adjusting items, continuing operations:		
Straight-line rental income and expense, net	(6,697)	(4,769)
Revenues related to lease buyouts	(864)	(2,695)
Amortization of lease concessions and above and below market rents	1,713	2,211
Intercompany rents and other adjusting items	731	1,537
PNOI, Continuing Operations	\$142,997	\$134,378

A reconciliation of PNOI for our Rental Operations segments to income (loss) from continuing operations before income taxes is provided in Note 10 to the consolidated financial statements included in Part I, Item 1 of this Report. PNOI from continuing operations increased largely as the result of acquisitions and developments placed in service and improved occupancy, partially offset by the impact of property dispositions, as is described further in the Comparison of Three Months Ended March 31, 2015 to Three Months Ended March 31, 2014, below.

Same Property Net Operating Income - Cash Basis

We also evaluate the performance of our properties, including our share of properties we jointly control, on a "same property" basis, using a metric referred to as SPNOI. We view SPNOI as a useful supplemental performance measure because it improves comparability between periods by eliminating the effects of changes in the composition of our portfolio.

On an individual property basis, with the exception that SPNOI includes revenues from lease buyouts that are individually less than \$250,000, SPNOI is computed in a consistent manner as PNOI.

We have defined our same property portfolio, for the three months ended March 31, 2015, as those properties that have been owned and in operation throughout the twenty-four months ended March 31, 2015. In addition to excluding properties that have not been owned and in operation for the twenty-four months ended March 31, 2015, we have also excluded properties from our same property portfolio where revenues from individual lease buyouts in excess of \$250,000 have been recognized. A reconciliation of SPNOI to PNOI and income or loss from continuing operations before income taxes is presented as follows (in thousands):

	Three Months Ended		Percent Change
	March 31,		
	2015	2014	
SPNOI	\$109,040	\$102,120	6.8%
Less share of SPNOI from unconsolidated joint ventures	(7,839)	(7,627)	
Lease buyouts (same property population) excluded from computation of SPNOI	365	409	
PNOI excluded from the same property population	35,192	27,053	
Earnings from Service Operations	5,797	8,549	
Rental Operations revenues and expenses excluded from PNOI	11,356	16,139	
Non-Segment Items	(115,011)	(136,498)	
Income (loss) from continuing operations before income taxes	\$38,900	\$10,145	

The composition of the line items titled "Rental Operations revenues and expenses excluded from PNOI" and "Non-Segment Items" from the table above are shown in greater detail in Note 10 to the consolidated financial statements included in Part I, Item 1 of this Report.

We believe that the factors that impact SPNOI are generally the same as those that impact PNOI. The following table details the number of properties, square feet, average occupancy and cash rental rates for the properties included in SPNOI for the respective periods:

	Three Months Ended	
	March 31,	
	2015	2014
Number of properties	507	507
Square feet (in thousands) (1)	96,107	96,107
Average commencement occupancy percentage (2)	95.7%	93.0%
Average rental rate - cash basis (3)	\$5.08	\$5.00

(1) Includes the total square feet of the consolidated properties that are in the same property population as well as 5.6 million square feet of space for unconsolidated joint ventures, which represents our ratable share of the 16.6 million total square feet of space for buildings owned by unconsolidated joint ventures that are in the same property population.

(2) Commencement occupancy represents the percentage of total square feet where the leases have commenced.

(3) Represents the average annualized contractual rent per square foot for the three-month periods ended March 31, 2015 and 2014 for tenants in occupancy in properties in the same property population. Cash rent does not include the tenant's obligation to pay property operating expenses and real estate taxes. If a tenant was within a free rent period at March 31, 2015 or 2014 its rent would equal zero for purposes of this metric.

Results of Operations

A summary of our operating results and property statistics for the three months ended March 31, 2015 and 2014, respectively, is as follows (in thousands, except number of properties and per share or Common Unit data):

	Three Months Ended March 31,	
	2015	2014
Rental and related revenue from continuing operations	\$214,615	\$208,646
General contractor and service fee revenue	52,820	55,820
Operating income	88,200	59,069
General Partner		
Net income attributable to common shareholders	\$65,244	\$18,683
Weighted average common shares outstanding	344,597	327,106
Weighted average common shares and potential dilutive securities	348,653	331,716
Partnership		
Net income attributable to common unitholders	\$65,943	\$18,933
Weighted average Common Units outstanding	348,292	331,493
Weighted average Common Units and potential dilutive securities	348,653	331,716
General Partner and Partnership		
Basic income per common share or Common Unit:		
Continuing operations	\$0.11	\$0.00
Discontinued operations	\$0.08	\$0.06
Diluted income per common share or Common Unit:		
Continuing operations	\$0.11	\$0.00
Discontinued operations	\$0.08	\$0.06
Number of in-service consolidated properties at end of period	615	616
In-service consolidated square footage at end of period	127,461	124,146
Number of in-service joint venture properties at end of period	85	106
In-service joint venture square footage at end of period	20,023	22,413

Comparison of Three Months Ended March 31, 2015 to Three Months Ended March 31, 2014

Rental and Related Revenue

The following table sets forth rental and related revenue from continuing operations by reportable segment for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
Rental and related revenue:		
Industrial	\$147,227	\$133,291
Office	25,135	38,978
Medical Office	40,028	33,310
Other	2,225	3,067
Total rental and related revenue from continuing operations	\$214,615	\$208,646
Rental and Related Revenue from Discontinued Operations	32,115	30,072
Total Rental and Related Revenue from Continuing and Discontinued Operations	\$246,730	\$238,718

The following factors contributed to the increase in rental and related revenue from continuing operations:

- We acquired five properties and placed 29 developments in service from January 1, 2014 to March 31, 2015, which provided incremental revenues of \$15.0 million in the first quarter of 2015, as compared to the same period in 2014.
- Increased occupancy and rental rates within our same property portfolio also contributed to the overall increase in rental and related revenues from continuing operations.

The sale of 28 properties since January 1, 2014, which did not meet the criteria to be classified within discontinued operations, partially offset the overall increase in rental and related revenue from continuing operations. The sale of these properties resulted in a \$13.4 million decrease in rental and related revenue from continuing operations in the three months ended March 31, 2015, as compared to the same period in 2014.

Rental Expenses and Real Estate Taxes

The following table sets forth rental expenses and real estate taxes from continuing operations by reportable segment for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
Rental expenses:		
Industrial	\$17,085	\$18,372
Office	8,885	12,898
Medical Office	8,173	8,978
Other	1,981	1,793
Total rental expenses from continuing operations	\$36,124	\$42,041
Rental Expenses from Discontinued Operations	8,790	8,933
Total Rental Expenses from Continuing and Discontinued Operations	\$44,914	\$50,974
Real estate taxes:		
Industrial	\$23,048	\$19,672
Office	2,980	4,868
Medical Office	4,498	3,938
Other	253	725
Total real estate tax expense from continuing operations	\$30,779	\$29,203
Real Estate Tax Expense from Discontinued Operations	3,596	3,470
Total Real Estate Tax Expense from Continuing and Discontinued Operations	\$34,375	\$32,673

Rental expenses from continuing operations decreased by \$5.9 million in three months ended March 31, 2015, compared to the same period in 2014. The decreased rental expenses were primarily the result of lower snow removal and utility costs that resulted from the milder winter conditions in most of our markets during the three months ended March 31, 2015 compared to the same period in 2014. The incremental impact of acquisitions, developments and disposals since January 1, 2014, also contributed to the overall decrease in rental expenses from continuing operations. Real estate taxes from continuing operations increased by \$1.6 million in the first quarter of 2015, compared to the same period in 2014. The increased real estate tax expense was largely the result of increased tax rates and assessments across certain of our markets.

Service Operations

The following table sets forth the components of net earnings from the Service Operations reportable segment for the three months ended March 31, 2015 and 2014, respectively (in thousands):

	Three Months Ended March 31,	
	2015	2014
Service Operations:		
General contractor and service fee revenue	\$52,820	\$55,820
General contractor and other services expenses	(47,023) (47,271
Net earnings from Service Operations	\$5,797	\$8,549

Service Operations primarily consist of the leasing, property management, asset management, development, construction management and general contractor services for joint venture properties and properties owned by third parties. Service Operations are heavily influenced by the current state of the economy, as leasing and property management fees are dependent upon occupancy, while construction and development services rely on the expansion of business operations of third-party property owners and joint venture partners. General contractor and service fee revenues decreased during the three months ended March 31, 2015 because the three months ended March 31, 2014 included two higher-margin third-party construction projects in the Chicago area that have since been substantially completed.

Depreciation and Amortization

Depreciation and amortization expense from continuing operations decreased from \$88.3 million during the first quarter of 2014 to \$81.9 million for the same period in 2015, primarily due to shorter-lived assets from previous periods' acquisitions becoming fully depreciated.

Gain on Sale of Properties - Continuing Operations

Effective April 1, 2014, we early adopted Accounting Standards Update ("ASU") No. 2014-08, Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity ("ASU 2014-08"), which resulted in fewer real estate sales being classified within discontinued operations. The \$23.5 million recognized as gain on sale of properties in continuing operations for the three months ended March 31, 2015 is comprised of the gains from the sale of a retail property in Pennsylvania, four industrial properties in Minneapolis, MN and six office properties in Cleveland, OH. These properties did not meet the criteria for inclusion in discontinued operations under ASU 2014-08.

The \$15.9 million recognized as gain on sale of properties in continuing operations for the three months ended March 31, 2014 is primarily comprised of the gain from the sale of one medical office property, prior to the adoption of ASU 2014-08. This property did not meet the criteria for inclusion in discontinued operations because of our continued involvement through a retained management agreement after the sale.

General and Administrative Expenses

General and administrative expenses consist of two components. The first component includes general corporate expenses, and the second component includes the indirect operating costs not allocated to, or absorbed by, the development or Rental Operations of our wholly-owned properties or our Service Operations. The indirect operating costs that are either allocated to, or absorbed by, the development or Rental Operations of our wholly owned properties, or our Service Operations, are primarily comprised of employee compensation, including related costs such as benefits and wage-related taxes, but also include other ancillary costs such as travel and information technology support. Total indirect operation costs, prior to any allocation or absorption, and general corporate expenses are collectively referred to as our overall pool of overhead costs.

Those indirect costs not allocated to or absorbed by these operations are charged to general and administrative expenses. We regularly review our total overhead cost structure relative to our leasing, development and construction volume and adjust the level of total overhead, generally through changes in our level of staffing in various functional departments, as necessary in order to control overall general and administrative expense.

General and administrative expenses increased from \$14.7 million for the first quarter of 2014 to \$17.0 million for the same period in 2015. The following table sets forth the factors that led to the increase in general and administrative expenses (in millions):

General and administrative expenses - three-month period ended March 31, 2014	\$ 14.7
Increase to overall pool of overhead costs	0.4
Decreased absorption of costs by wholly owned leasing and development activities (1)	2.1
Increased allocation of costs to Service Operations and Rental Operations	(0.2)
General and administrative expenses - three-month period ended March 31, 2015	\$ 17.0

(1) A decrease in our pipeline of properties under construction during the three months ended March 31, 2015 resulted in a lower level of absorption of overhead costs than during the three months ended March 31, 2014. We capitalized \$9.0 million and \$3.6 million of our total overhead costs to leasing and development, respectively, for consolidated properties during the three months ended March 31, 2015, compared to capitalizing \$8.3 million and \$6.4 million of such costs, respectively, for the three months ended March 31, 2014. Combined overhead costs capitalized to leasing and development totaled 28.4% and 33.2% of our overall pool of overhead costs for the three months ended March 31, 2015 and 2014, respectively.

Interest Expense

Interest expense allocable to continuing operations increased from \$49.3 million in the first quarter of 2014 to \$49.6 million in the first quarter of 2015. Although our overall average borrowings increased, in large part due to redeeming all of our outstanding preferred stock during 2014, interest expense was relatively consistent between periods due to a lower weighted average interest rate on our borrowings. We capitalized \$3.1 million of interest costs during the three months ended March 31, 2015 compared to \$4.2 million during the three months ended March 31, 2014.

Discontinued Operations

The property-specific components of earnings that are classified as discontinued operations include rental revenues, rental expenses, real estate taxes, allocated interest expense and depreciation expense, as well as the net gain or loss on the disposition of the properties. The financial results for 61 real estate properties, which were classified as held-for-sale at March 31, 2015, were included in discontinued operations and were classified as such subsequent to the adoption of ASU 2014-08. We sold one property during the three months ended March 31, 2015, which was classified as held-for-sale and included in discontinued operations prior to the adoption of ASU 2014-08.

The operations of 74 buildings were classified as discontinued operations for both the three months ended March 31, 2015 and March 31, 2014. These 74 buildings consist of 16 industrial, 56 office, and two medical office properties. As a result, we classified operating income, before gain on sales, of \$10.2 million and \$1.3 million in discontinued operations for the three months ended March 31, 2015 and 2014, respectively.

Of the properties included in discontinued operations, one was sold during the first quarter of 2015 and 10 were sold during the first quarter of 2014 (all of these properties were classified within discontinued operations prior to the April 1, 2014 adoption of ASU 2014-08). The gains on disposal of these properties, and related income tax impact, are also reported in discontinued operations, as presented in Note 11 to the consolidated financial statements included in this Report.

Liquidity and Capital Resources

Sources of Liquidity

We expect to meet our short-term liquidity requirements over the next 12 months primarily through working capital, net cash provided by operating activities and proceeds received from real estate dispositions. Our short-term liquidity requirements include payments of dividends and distributions as well as the capital expenditures needed to maintain our current real estate assets. We had \$453.0 million of outstanding borrowings on the Partnership's \$1.2 billion unsecured line of credit at March 31, 2015.

In addition to our existing sources of liquidity, we expect to meet long-term liquidity requirements, such as scheduled mortgage and unsecured debt maturities, property acquisitions, financing of development activities and other capital improvements, through multiple sources of capital including operating cash flow, proceeds from property dispositions, term loans and through accessing the public debt and equity markets.

Rental Operations

Cash flows from Rental Operations is our primary source of liquidity and provides a stable source of cash flow to fund operational expenses. We believe that this cash-based revenue stream is substantially aligned with revenue recognition (except for items such as periodic straight-line rental income accruals and amortization of above or below market rents) as cash receipts from the leasing of rental properties are generally received in advance of, or a short time following, the actual revenue recognition.

Although overall economic conditions have improved since the last economic recession, we remain subject to a number of risks related to general economic conditions, including reduced occupancy, tenant defaults and bankruptcies and potential reduction in rental rates upon renewal or re-letting of properties, any of which would result in reduced cash flow from operations.

Unsecured Debt and Equity Securities

We use the Partnership's unsecured line of credit (which is guaranteed by the General Partner) as a temporary source of capital to fund development activities, acquire additional rental properties and provide working capital.

At March 31, 2015, we had on file with the SEC an automatic shelf registration statement on Form S-3 relating to the offer and sale, from time to time, of an indeterminate amount of debt and equity securities. Equity securities are offered and sold by the General Partner, and the net proceeds of such offerings are contributed to the Partnership in exchange for additional General Partner Units or Preferred Units. From time to time, we expect to issue additional securities under this automatic shelf registration statement to fund the repayment of long-term debt upon maturity and for other general corporate purposes.

The General Partner currently has an at the market equity program that allows it to issue new common shares from time to time, with an aggregate offering price of up to \$175.0 million. During the three months ended March 31, 2015, the General Partner issued 233,000 common shares pursuant to its at the market offering program, generating gross proceeds of approximately \$5.0 million and, after deducting commissions and other costs, net proceeds of approximately \$4.9 million. The General Partner has a capacity of \$126.3 million remaining under its current at the market equity program.

The Partnership has issued debt securities pursuant to certain indentures and related supplemental indentures, which also require us to comply with financial ratios and other covenants regarding our operations. We were in compliance with all such covenants, as well as applicable covenants under our unsecured line of credit, at March 31, 2015.

Sale of Real Estate Assets

We regularly work to identify, consider and pursue opportunities to dispose of non-strategic properties on an opportunistic basis and on a basis that is generally consistent with our strategic plans. Our ability to dispose of such properties on favorable terms, or at all, is dependent upon a number of factors including the availability of credit to potential buyers to purchase properties at prices that we consider acceptable. Although we believe that we have demonstrated our ability to generate significant liquidity through the disposition of non-strategic properties, potential future adverse changes to general market and economic conditions could negatively impact our further ability to dispose of such properties.

We completed the disposition of two real estate portfolios in early April 2015, as described in Note 12 to the Consolidated Financial Statements.

Transactions with Unconsolidated Joint Ventures

Transactions with unconsolidated joint ventures also provide a source of liquidity. From time to time we will sell properties to unconsolidated joint ventures, while retaining a continuing interest in that entity, and receive proceeds commensurate to those interests that we do not own. Additionally, unconsolidated joint ventures will from time to time obtain debt financing or sell properties and will then distribute to us, and our joint venture partners, all or a portion of the proceeds from such transactions. During the three months ended March 31, 2015, we received a sale distribution from an unconsolidated joint venture totaling \$2.2 million.

Uses of Liquidity

Our principal uses of liquidity include the following:

- property investment;
- leasing/capital costs;
- dividends and distributions to shareholders and unitholders;
- long-term debt maturities;
- opportunistic repurchases of outstanding debt and preferred stock; and
- other contractual obligations.

Property Investment

It is our strategy, through new developments and, to a lesser extent, acquisitions to continue to increase our investment concentration in industrial properties while, through selective dispositions, reducing our investment concentration in suburban office properties in certain markets. Pursuant to this strategy, we evaluate development and acquisition opportunities based upon our market outlook, including general economic conditions, supply and long-term growth potential. Our ability to make future property investments, along with being dependent upon identifying suitable development and acquisition opportunities, is also dependent upon our continued access to our longer-term sources of liquidity, including issuances of debt or equity securities as well as generating cash flow by disposing of selected properties.

Leasing/Capital Costs

Tenant improvements and lease-related costs pertaining to our initial leasing of newly completed space, or vacant space in acquired properties, are referred to as first generation expenditures. Such first generation expenditures for tenant improvements are included within "development of real estate investments" in our Consolidated Statements of Cash Flows, while such expenditures for lease-related costs are included within "other deferred leasing costs." Cash expenditures related to the construction of a building's shell, as well as the associated site improvements, are also included within "development of real estate investments" in our Consolidated Statements of Cash Flows. Tenant improvements and leasing costs to re-let rental space that we previously leased to tenants are referred to as second generation expenditures. Building improvements that are not specific to any tenant but serve to improve integral components of our real estate properties are also second generation expenditures. One of the principal uses of our liquidity is to fund the second generation leasing/capital expenditures of our real estate investments. The following table summarizes our second generation capital expenditures by type of expenditure, as well as capital expenditures for the development of real estate investments and for other deferred leasing costs (in thousands):

	Three Months Ended March 31,	
	2015	2014
Second generation tenant improvements	\$8,281	\$10,445
Second generation leasing costs	9,080	8,942
Building improvements	135	244
Total second generation capital expenditures	\$17,496	\$19,631
Development of real estate investments	\$66,754	\$105,413
Other deferred leasing costs	\$13,122	\$8,706

We capitalized \$9.0 million and \$8.3 million of overhead costs related to leasing activities, including both first and second generation leases, during the three months ended March 31, 2015 and 2014, respectively. We capitalized \$3.6 million and \$6.4 million of overhead costs related to development activities, including both development and tenant improvement projects on first and second generation space, during the three months ended March 31, 2015 and 2014, respectively. Combined overhead costs capitalized to leasing and development totaled 28.4% and 33.2% of our overall pool of overhead costs for the three months ended March 31, 2015 and 2014, respectively. Further discussion of the capitalization of overhead costs can be found herein, in the discussion of general and administrative expenses in the Comparison of Three Months Ended March 31, 2015 to Three Months Ended March 31, 2014 section of Management's Discussion and Analysis of Financial Condition and Results of Operations as well as in the Critical Accounting Policies section of Management's Discussion and Analysis of Financial Condition and Results of Operations in our combined Annual Report on Form 10-K for the year ended December 31, 2014 as filed with the SEC on February 20, 2015.

In addition to the capitalization of overhead costs discussed above, we also capitalized \$3.1 million and \$4.2 million of interest costs in the three months ended March 31, 2015 and 2014, respectively.

The following table summarizes our second generation capital expenditures by reportable operating segment (in thousands):

	Three Months Ended March 31,	
	2015	2014
Industrial	\$9,553	\$9,855
Office	7,475	9,070
Medical Office	438	213
Non-reportable segments	30	493
Total	\$17,496	\$19,631

Both our first and second generation expenditures vary significantly between leases on a per square foot basis, dependent upon several factors including the product type, the nature of a tenant's operations, the specific physical characteristics of each individual property and the market in which the property is located.

Dividend and Distribution Requirements

The General Partner is required to meet the distribution requirements of the Internal Revenue Code of 1986, as amended (the "Code"), in order to maintain its REIT status. We paid dividends or distributions of \$0.17 per common share or Common Unit in the first quarter of 2015, and the General Partner's board of directors declared dividends or distributions of \$0.17 per common share or Common Unit for the second quarter of 2015. Our future dividends or distributions will be declared at the discretion of the General Partner's board of directors and will be subject to our future capital needs and availability.

Debt Maturities

Debt outstanding at March 31, 2015 had a face value totaling \$4.5 billion with a weighted average interest rate of 4.91% and maturities at various dates through 2028. Of this total amount, we had \$3.1 billion of unsecured debt, \$919.4 million of secured debt and \$453.0 million outstanding on our unsecured line of credit at March 31, 2015. Scheduled principal amortization and maturities of such debt totaled \$313.7 million for the three months ended March 31, 2015.

The following table is a summary of the scheduled future amortization and maturities of our indebtedness at March 31, 2015 (in thousands, except percentage data, and including debt related to real estate assets that are classified as held-for-sale on the Consolidated Balance Sheets):

Year	Future Repayments			Weighted Average Interest Rate of Future Repayments	
	Scheduled Amortization	Maturities	Total		
Remainder of 2015	\$10,205	\$117,162	\$127,367	5.25	%
2016	11,852	518,132	529,984	6.14	%
2017	9,908	544,932	554,840	5.95	%
2018	7,855	300,000	307,855	6.08	%
2019	6,936	1,221,438	1,228,374	4.13	%
2020	5,381	250,000	255,381	6.73	%
2021	3,416	259,047	262,463	3.99	%
2022	3,611	600,000	603,611	4.20	%
2023	3,817	250,000	253,817	3.75	%
2024	4,036	300,000	304,036	3.92	%
2025	3,938	—	3,938	5.44	%
Thereafter	2,387	50,000	52,387	7.24	%
	\$73,342	\$4,410,711	\$4,484,053	4.91	%

We anticipate generating capital to fund our debt maturities by using undistributed cash generated from our Rental Operations and property dispositions and by raising additional capital from future debt or equity transactions.

Repurchases of Outstanding Debt and Preferred Stock

To the extent that it supports our overall capital strategy, we may purchase certain of our outstanding unsecured debt prior to its stated maturity.

In March 2015, the Partnership commenced a tender offer (the "Tender Offer") to purchase for a combined aggregate purchase price (exclusive of accrued and unpaid interest) of up to \$500.0 million among certain of its outstanding series of unsecured notes. A portion of the proceeds from the Suburban Office Portfolio Sale were used to fund this Tender Offer, which resulted in the repurchase of notes having a face value of \$424.9 million, for a cash payment of \$500.0 million. The repurchase was completed on April 3, 2015.

Historical Cash Flows

Cash and cash equivalents were \$17.8 million and \$19.5 million at March 31, 2015 and 2014, respectively. The following table highlights significant changes in net cash associated with our operating, investing and financing activities (in millions):

	Three Months Ended March 31,	
	2015	2014
General Partner		
Net Cash Provided by Operating Activities	\$42.7	\$59.1
Net Cash Used for Investing Activities	\$(22.6)	\$(74.9)
Net Cash Provided by (Used for) Financing Activities	\$(20.2)	\$16.0
Partnership		
Net Cash Provided by Operating Activities	\$42.7	\$59.1
Net Cash Used for Investing Activities	\$(22.6)	\$(74.9)
Net Cash Provided by (Used for) Financing Activities	\$(20.2)	\$16.0

Operating Activities

The receipt of rental income from Rental Operations continues to be our primary source of operating cash flows. The decrease in cash flows from operations noted in the table above was due to the timing of cash receipts from our Rental Operations.

Investing Activities

Investing activities are one of the primary uses of our liquidity. Development and acquisition activities typically generate additional rental revenues and provide cash flows for operational requirements. Highlights of significant cash sources and uses are as follows:

During the three months ended March 31, 2015, we paid cash of approximately \$890,000 for real estate acquisitions, compared to \$17.2 million and \$2.3 million, respectively, for real estate and undeveloped land acquisitions in the same period in 2014.

Real estate development costs were \$66.8 million during the three months ended March 31, 2015, compared to \$105.4 million for the same period in 2014.

Sales of land and depreciated property provided \$109.9 million in net proceeds for the three months ended March 31, 2015, compared to \$70.7 million for the same period in 2014.

For the three months ended March 31, 2015, we received \$2.2 million in capital distributions from unconsolidated joint ventures, compared to \$2.5 million during the same period in 2014.

Financing Activities

The following items highlight some of the factors that account for the difference in net cash flow related to financing activities in the first three months of 2015, compared to the same period in 2014:

For the three months ended March 31, 2015, we increased net borrowings on the Partnership's unsecured line of credit by \$347.0 million, compared to a \$92.0 million increase in net borrowings for the same period in 2014.

During the three months ended March 31, 2015, the General Partner repaid eight secured loans totaling \$60.2 million that had a weighted average stated interest rate of 5.30%, compared to repaying one secured loan totaling \$18.1 million that had a stated interest rate of 5.14% during the three months ended March 31, 2014.

Changes in book overdrafts are classified as financing activities within our Consolidated Statements of Cash Flows. There were book overdrafts of \$8.8 million at March 31, 2015, compared to \$16.1 million at March 31, 2014.

During the three months ended March 31, 2014, the General Partner opportunistically repurchased preferred shares from all outstanding series in the open market in order to take advantage of the significant discounts

at which they were trading. In total, the General Partner repurchased preferred shares having a redemption value of approximately \$18.8 million for \$17.7 million.

Contractual Obligations

Aside from changes in long-term debt, there have not been material changes in our outstanding commitments since December 31, 2014, as previously discussed in our 2014 Annual Report on Form 10-K.

Off Balance Sheet Arrangements - Investments in Unconsolidated Companies

We analyze our investments in unconsolidated joint ventures to determine if they meet the criteria for classification as a variable interest entity (a "VIE") and would require consolidation. We (i) evaluate the sufficiency of the total equity at risk, (ii) review the voting rights and decision-making authority of the equity investment holders as a group and whether there are any guaranteed returns, protection against losses, or capping of residual returns within the group and (iii) establish whether activities within the venture are on behalf of an investor with disproportionately few voting rights in making this VIE determination. To the extent that we (i) are the sole entity that has the power to direct the activities of the VIE and (ii) have the obligation or rights to absorb the VIE's losses or receive its benefits, then we would be determined to be the primary beneficiary of the VIE and would consolidate it. At the end of each reporting period, we re-assess our conclusions as to which, if any, party within the VIE is considered the primary beneficiary. To the extent that our joint ventures do not qualify as VIEs, we further assess each joint venture partner's substantive participating rights to determine if the venture should be consolidated.

We have equity interests in unconsolidated partnerships and limited liability companies that primarily own and operate rental properties and hold land for development. These unconsolidated joint ventures are primarily engaged in the operations and development of industrial, office and medical office real estate properties. These investments provide us with increased market share and tenant and property diversification. The equity method of accounting is used for these investments in which we have the ability to exercise significant influence, but not control, over operating and financial policies. As a result, the assets and liabilities of these entities are not included on our balance sheet. Our investments in and advances to unconsolidated subsidiaries represented approximately 4% of our total assets at both March 31, 2015 and December 31, 2014. Total assets of our unconsolidated subsidiaries were \$1.5 billion and \$1.6 billion at March 31, 2015 and December 31, 2014, respectively. The combined revenues of our unconsolidated subsidiaries totaled \$49.9 million and \$61.3 million for the three months ended March 31, 2015 and 2014, respectively.

We have guaranteed the repayment of certain secured and unsecured loans of our unconsolidated subsidiaries. The outstanding balances on the guaranteed portion of these loans totaled \$71.7 million at March 31, 2015.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to interest rate changes primarily as a result of our line of credit and our long-term borrowings. Our interest rate risk management objective is to limit the impact of interest rate changes on earnings and cash flows and to lower overall borrowing costs. To achieve our objectives, we borrow primarily at fixed rates. We do not enter into derivative or interest rate transactions for speculative purposes. We have one outstanding swap, which fixes the rate on one of our variable rate loans and is not significant to our financial statements at March 31, 2015.

Our interest rate risk is monitored using a variety of techniques. The table below presents the principal amounts (in thousands and including debt related to real estate assets that are classified as held-for-sale on the Consolidated Balance Sheets) of the expected annual maturities, weighted average interest rates for the average debt outstanding in the specified period, fair values (in thousands) and other terms required to evaluate the expected cash flows and sensitivity to interest rate changes.

Edgar Filing: DUKE REALTY CORP - Form 10-Q

	Remainder of 2015	2016	2017	2018	2019	Thereafter	Face Value	Fair Value
Fixed rate secured debt	\$125,384	\$377,314	\$102,017	\$4,870	\$272,215	\$32,235	\$914,035	\$999,944
Weighted average interest rate	5.24	% 5.91	% 5.96	% 6.47	% 7.63	% 5.93	% 6.34	%
Variable rate secured debt	\$300	\$300	\$300	\$300	\$300	\$1,900	\$3,400	\$3,400
Weighted average interest rate	0.10	% 0.10	% 0.10	% 0.10	% 0.10	% 0.10	% 0.10	%
Fixed rate unsecured debt	\$1,683	\$152,370	\$452,523	\$302,685	\$252,859	\$1,701,498	\$2,863,618	\$3,128,482
Weighted average interest rate	6.26	% 6.71	% 5.95	% 6.08	% 8.35	% 4.50	% 5.36	%
Variable rate unsecured notes	\$—	\$—	\$—	\$—	\$250,000	\$—	\$250,000	\$250,000
Rate at March 31, 2015	N/A	N/A	N/A	N/A	1.33%	N/A	1.33	%
Variable rate unsecured line of credit	\$—	\$—	\$—	\$—	\$453,000	\$—	\$453,000	\$453,000
Rate at March 31, 2015	N/A	N/A	N/A	N/A	1.23	% N/A	1.23	%

As the above table incorporates only those exposures that existed at March 31, 2015, it does not consider those exposures or positions that could arise after that date. As a result, the ultimate impact of interest rate fluctuations will depend on future exposures that arise, our hedging strategies at that time to the extent we are party to interest rate derivatives and interest rates. Interest expense on our unsecured line of credit and our variable rate unsecured notes will be affected by fluctuations in the LIBOR indices as well as changes in our credit rating. The interest rate at such point in the future as we may renew, extend or replace our unsecured line of credit will be heavily dependent upon the state of the credit environment.

Item 4. Controls and Procedures

Control and Procedures (General Partner)

(a) Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. These disclosure

controls and procedures are further designed to ensure that such information is accumulated and communicated to management, including the Chief Executive Officer and the Chief Financial Officer, to allow timely decisions regarding required disclosure.

We carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 and 15d-15. Based upon the foregoing, the Chief Executive Officer and the Chief Financial Officer concluded that, as of the end of the period covered by this Report, our disclosure controls and procedures were effective.

(b) Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting during the period covered by this Report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Controls and Procedures (Partnership)

(a) Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. These disclosure controls and procedures are further designed to ensure that such information is accumulated and communicated to management, including the General Partner's Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

We carried out an evaluation, under the supervision and with the participation of management, including the General Partner's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 and 15d-15. Based upon the foregoing, the General Partner's Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Report, our disclosure controls and procedures were effective.

(b) Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting during the period covered by this Report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II - Other Information

Item 1. Legal Proceedings

From time to time, we are parties to a variety of legal proceedings and claims arising in the ordinary course of our businesses. While these matters generally are covered by insurance, there is no assurance that our insurance will cover any particular proceeding or claim. We are not subject to any material pending legal proceedings other than routine litigation arising in the ordinary course of business. We presently believe that all of these proceedings to which we were subject as of March 31, 2015, taken as a whole, will not have a material adverse effect on our liquidity, business, financial condition or results of operations.

Item 1A. Risk Factors

In addition to the information set forth in this Report, you also should carefully review and consider the information contained in our other reports and periodic filings that we make with the SEC, including, without limitation the information contained under the caption "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2014. The risks and uncertainties described in our 2014 Annual Report on Form 10-K are not the only risks that we face. Additional risks and uncertainties not currently known to us, or that we presently deem to be immaterial, also may materially adversely affect our business, financial condition and results of operations.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) Unregistered Sales of Equity Securities

None

(b) Use of Proceeds

None

(c) Issuer Purchases of Equity Securities

From time to time, we repurchase our securities under a repurchase program that initially was approved by the General Partner's board of directors and publicly announced in October 2001 (the "Repurchase Program"). On January 28, 2015, the General Partner's board of directors adopted a resolution that amended and restated the Repurchase Program and delegated authority to management to repurchase a maximum of \$100.0 million of the General Partner's common shares, \$500.0 million of the Partnership's debt securities and \$500.0 million of the General Partner's preferred shares, subject to the prior notification of the Chairman of the Finance Committee of the board of directors of planned repurchases within these limits (the "January 2015 Resolutions"). We did not repurchase any securities through the Repurchase Program during the quarter ended March 31, 2015 and the maximum amounts set forth under the January 2015 Resolutions for the repurchase of common shares, debt securities and preferred shares are remaining in the Repurchase Program.

Item 3. Defaults upon Senior Securities

During the period covered by this Report, we did not default under the terms of any of our material indebtedness.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

During the period covered by this Report, there was no information required to be disclosed by us in a Current Report on Form 8-K that was not so reported, nor were there any material changes to the procedures by which our security holders may recommend nominees to the General Partner's board of directors.

Item 6. Exhibits

(a) Exhibits

- 3.1 Sixth Amended and Restated Articles of Incorporation of the General Partner (filed as Exhibit 3.1 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on January 5, 2015, and incorporated herein by this reference).
- 3.2 Fourth Amended and Restated Bylaws of the General Partner (filed as Exhibit 3.2 to the General Partner's Current Report on Form 8-K as filed with the SEC on July 30, 2009, and incorporated herein by this reference).
- 3.3 Certificate of Limited Partnership of the Partnership, dated September 17, 1993 (filed as Exhibit 3.1(i) to the Partnership's Annual Report on Form 10-K for the year ended December 31, 2006 as filed with the SEC on March 13, 2007, and incorporated herein by this reference) (File No. 000-20625).
- 3.4 (i) Fifth Amended and Restated Agreement of Limited Partnership of the Partnership (filed as Exhibit 3.2 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on May 5, 2014, and incorporated herein by this reference).
- 3.4 (ii) First Amendment to Fifth Amended and Restated Agreement of Limited Partnership of the Partnership (filed as Exhibit 3.2 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on August 6, 2014, and incorporated herein by this reference).
- 3.4 (iii) Second Amendment to Fifth Amended and Restated Agreement of Limited Partnership of the Partnership (filed as Exhibit 3.2 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on December 16, 2014, and incorporated herein by this reference).
- 3.4 (iv) Third Amendment to Fifth Amended and Restated Agreement of Limited Partnership of the Partnership (filed as Exhibit 3.2 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on January 5, 2015, and incorporated herein by this reference).
- 3.4 (v) Fourth Amendment to Fifth Amended and Restated Agreement of Limited Partnership of the Partnership (filed as Exhibit 3.1 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on January 29, 2015, and incorporated herein by this reference).
- 10.1 Agreement of Purchase and Sale (Pool I) by and among the Partnership, the other entities controlled or affiliated with the Partnership and SOF-X U.S. Acquisitions, L.L.C., dated as of January 16, 2015.*
- 10.2 Agreement of Purchase and Sale (Pool II) by and among the Partnership, the other entities controlled or affiliated with the Partnership and SOF-X U.S. Acquisitions, L.L.C., dated as of January 16, 2015.*
- 10.3 Agreement of Purchase and Sale (Pool III) by and among the Partnership, the other entities controlled or affiliated with the Partnership and SOF-X U.S. Acquisitions, L.L.C., dated as of January 16, 2015.*
- 10.4 Agreement of Purchase and Sale (Pool IV) by and among the Partnership, the other entities controlled or affiliated with the Partnership and SOF-X U.S. Acquisitions, L.L.C., dated as of January 16, 2015.*
- 10.5 The Company's 2015 Non-Employee Directors Compensation Plan.*#
- 10.6 Form of Long Term Incentive Plan Restricted Stock Unit Award Certificate for Non-Employee Directors.*#

- 10.7 Form of Long Term Incentive Plan Restricted Stock Unit Award Certificate for new Non-Employee Directors.*#
- 10.8 First Amendment to Duke Realty Corporation 2010 Performance Share Plan, a subplan of the 2005 Long-Term Incentive Plan (filed as Exhibit 10.1 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on January 29, 2015, and incorporated herein by this reference).#
- 10.9 Form of 2010 Performance Share Plan LTIP Unit Award Agreement (filed as Exhibit 10.3 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on January 29, 2015, and incorporated herein by this reference).#
- 10.10 Form of LTIP Unit Award Agreement (filed as Exhibit 10.2 to the combined Current Report on Form 8-K of the General Partner and the Partnership as filed with the SEC on January 29, 2015, and incorporated herein by this reference).#

- 11.1 Statement Regarding Computation of Earnings.***
- 12.1 Statement of Computation of Ratio of Earnings to Fixed Charges and Ratio of Earnings to Combined Fixed Charges and Preferred Dividends of the General Partner.*
