**Item 2.02 Results of Operations and Financial Condition.**

On August 31, 2005, Penn Treaty American Corporation (the Company) announced its financial results for the three and six month periods ended June 30, 2005. The Company issued a press release, dated August 31, 2005, which is furnished as an exhibit hereto and incorporated by reference herein.

The press release referred to fully converted book value, which is a non-GAAP financial measure. The press release included a reconciliation of fully converted book value to GAAP book value. The Company believes that the presentation and discussion of this non-GAAP financial measure, which is consistent with past disclosure, in conjunction with disclosure of all reconciling items, provides a better understanding of the Company's current value in light of future items which the Company believes are likely to be significantly dilutive to current shareholders.

The Company held an investor conference call on August 31, 2005. The Company disclosed on the call that the distributors under its PTA Advantage protocol have produced over \$584,000 of sales for the six months ended June 30, 2005 and over 95% of their business has remained in force.

**Item 8.01 Other Events**

On its August 31, 2005 investor conference call, the Company revised its earnings guidance for the remainder of 2005. The Company expects net income for the third and fourth quarters of 2005 to total between \$0.39 and \$0.42 per fully diluted share. This reduction is driven by a reduction in net investment income the Company expects to earn as a result of the commutation of the Centre reinsurance treaty. An additional factor in the lowered guidance is related to a lower than anticipated level of new business sales and anticipated higher level of persistency on certain products.

**Item 9.01 Financial Statements and Exhibits.**
