PROXY STATEMENT FOR THE 2003 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 13, 2003

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy is solicited on behalf of the Board of Directors of Zoom Technologies, Inc. ("Zoom"), for use at the Annual Meeting of Stockholders to be held on Friday, June 13, 2003, at 10:00 a.m., local time (the "Annual Meeting"), or at any continuation or adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the principal executive offices of Zoom located at 207 South Street, Boston, Massachusetts 02111. This proxy statement, the accompanying Notice of the Annual Meeting, proxy card and the annual report on Form 10-K are first being mailed to stockholders on or about May 2, 2003.

RECORD DATE, STOCK OWNERSHIP AND VOTING

Only stockholders of record at the close of business on April 18, 2003, are entitled to receive notice of and to vote at the Annual Meeting. At the close of business on April 18, 2003 there were outstanding and entitled to vote 7,852,466 shares of common stock, par value \$.01 per share ("Common Stock"). Each stockholder is entitled to one vote for each share of Common Stock. One-third of the shares of Common Stock outstanding and entitled to vote is required to be present or represented by proxy at the Annual Meeting in order to constitute the quorum necessary to take action at the Annual Meeting.

The five (5) nominees for the Board of Directors who receive the greatest number of votes cast by stockholders present in person or represented by proxy and entitled to vote thereon will be elected directors of Zoom. The affirmative vote of the holders of a majority of shares of Common Stock present in person or represented by proxy and entitled to vote thereon is required to approve Proposal No. 2 relating to the amendments to the 1991 Directors Stock Option Plan.

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the Annual Meeting. The inspector of elections will treat abstentions as shares of Common Stock that are present and entitled to vote for purposes of determining a quorum. Abstentions will have no effect on the outcome of the vote for the election of directors, but will have the effect of being cast against the proposal to amend the 1991 Directors Stock Option Plan, even though the stockholder so abstaining may intend a different interpretation. Shares of Common Stock held of record by brokers who do not return a signed and dated proxy or do not comply with the voting instructions will not be considered present at the Annual Meeting, will not be counted towards a quorum, and will not be voted in the election of directors or on the proposal to amend the 1991 Directors Stock Option Plan. Shares of Common Stock held of record by brokers who return a signed and dated proxy or comply with the voting instructions but who fail to vote (a "broker nonvote") on the election of directors or the proposal to amend the 1991 Directors Stock Option Plan will count toward the quorum but will have no effect on those proposals not voted.

REVOCABILITY OF PROXIES

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of Zoom at Zoom's principal executive office, 207 South Street, Boston, Massachusetts 02111, written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the Annual Meeting and voting in person.

SOLICITATION

All costs of this solicitation of proxies will be borne by Zoom. Zoom may reimburse banks, brokerage firms and other persons representing beneficial owners of shares for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, fax, electronic mail, or personal solicitations by directors, officers, or employees of Zoom. No additional compensation will be paid for any such services.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

A board of five directors is to be elected at the Annual Meeting. The persons named in the following table are nominated by management for election as directors of Zoom. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below. All nominees are currently directors of Zoom. In the event that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for the nominee, if any, who shall be designated by the present Board of Directors to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director. The proposed nominees are not being nominated pursuant to any arrangement or understanding with any person. Each director elected will hold office until the next Annual Meeting or until his successor is duly elected or appointed and qualified, unless his office is earlier vacated in accordance with the Certificate of Incorporation of Zoom or he becomes disqualified to act as a director. The five (5) nominees who receive the greatest number of votes cast by stockholders present, in person or by proxy, and entitled to vote at the Meeting, will be elected directors of Zoom.

Committees and Meetings of the Board of Directors

The Board of Directors has an Audit Committee and a Stock Option Committee. The Board of Directors does not currently have a nominating or compensation committee.

The Stock Option Committee consists of Messrs. Furman and Woods. The primary functions of the Stock Option Committee are to administer and award options under Zoom's stock option plans.

The members of and a description of the functions of the Audit Committee are described in the "Audit Committee Report" set forth below.

During the year ending December 31, 2002, the Board of Directors held seven (7) meetings, the Audit Committee held six (6) meetings and the Stock Option Committee held one meeting. In addition, management consulted with members of the Board of Directors throughout the year on an informal basis. Each Director attended at least 75% of the total number of meetings of the Board and the committees on which he served, except for Mr. Gordon who attended two-thirds of the meetings of the Board and committees on which he served.

AUDIT COMMITTEE REPORT

During 2002, the Audit Committee of the Board of Directors consisted of three of Zoom's directors: Messrs. Furman, Gordon and Woods. All members of Zoom's Audit Committee are "independent" as such term is defined under the listing standards of the Nasdaq National Market. The Audit Committee operates pursuant to a written charter (the "Audit Committee Charter") which was approved and adopted by the Board of Directors. Under the provisions of the Audit Committee Charter, the Audit Committee's primary functions are to, among other things: oversee the performance of Zoom's independent auditors; review Zoom's financial disclosure documents; monitor Zoom's financial reporting process and internal control systems; monitor potential conflicts of interest among Zoom and its executive officers and directors; and provide a liaison between the independent auditors and the Board of Directors. The Audit Committee is also directly responsible for the appointment and engagement of Zoom's independent auditors. Zoom intends to amend its Audit Committee Charter, if necessary, to comply with the final rules or regulations promulgated by the SEC or the Nasdaq Stock Market in response to the mandates of the Sarbanes-Oxley Act of 2002.

The Audit Committee has reviewed and discussed with management Zoom's audited consolidated financial statements for the year ending December 31, 2002. The Audit Committee has also discussed with KPMG LLP, Zoom's independent auditors, the matters required to be discussed by the Auditing Standards Board Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended. As required by Independence Standards Board Standard No. 1, as amended, "Independence Discussion with Audit Committees," the Audit Committee has received and reviewed the required written disclosures and a confirming letter from KPMG LLP regarding their independence, and has discussed the matter with the auditors.

Based on its review and discussions of the foregoing, the Audit Committee recommended to the Board of Directors that Zoom's audited consolidated financial statements for 2002 be included in Zoom's Annual Report on Form 10-K for the year ending December 31, 2002.

Directors' Compensation

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

Each non-employee director of Zoom receives a fee of \$500 per quarter plus a fee of \$500 for each meeting at which the director is personally present. Travel and lodging expenses are also reimbursed.

Each non-employee director of Zoom is also granted stock options under Zoom's 1991 Directors Stock Option Plan, as amended (the "Directors Plan"). Currently, the non-employee directors of Zoom are Bernard Furman, L. Lamont Gordon and J. Ronald Woods.

The Directors Plan provides in the aggregate that 198,000 shares of Common Stock (subject to adjustment for capital changes) may be issued upon the exercise of options granted under the Directors' Plan. Under the Directors Plan, each non-employee director automatically receives an option to purchase 6,000 shares of Common Stock on January 10 and July 10 of each year. The exercise price for the options granted under the Directors Plan is the fair market value of the Common Stock on the date the option is granted. During 2002, Messrs. Furman, Woods and Gordon each received options to purchase 12,000 shares of Common Stock under the Directors Plan at an average exercise price of \$1.165 per share.

The Board of Directors has approved an amendment to the Directors Plan, subject to the approval of Zoom's stockholders, which would increase the number of shares of Common Stock reserved for issuance under the Directors Plan from 198,000 to 450,000 and would increase the number of options automatically granted to the non-employee directors on January 10th and July 10th of each year commencing July 10, 2003 from options to purchase 6,000 shares to options to purchase 12,000 shares. For a description of the amendment and the material terms of the Directors Plan, please see Proposal No. 2 below.

Options to purchase Zoom's Common Stock have been granted to executive officers and other employees of Zoom under Zoom's 1990 Stock Option Plan, as amended (the "1990 Plan"). Options to purchase Zoom's Common Stock may also be granted to employees who are neither officers nor directors of Zoom under Zoom's 1998 Employee Equity Incentive Plan (the "1998 Plan"). The 1990 Plan and the 1998 Plan are each administered by the Stock Option Committee of the Board of Directors. In addition, from time to time, the Board of Directors has authorized Mr. Manning to award a limited number of options under the 1998 Plan throughout the year.

Insider Participation in Compensation Decisions

Decisions regarding executive compensation, exclusive of the administration of the 1990 Plan, are made by the Board of Directors. The Board of Directors has no Compensation Committee. The Stock Option Committee, consisting of Messrs. Furman and Woods, is responsible for administering the 1990 Plan, including determining the individuals to whom stock options are awarded, the terms upon which option grants are made, and the number of shares subject to each option granted under the 1990 Plan. No member of the Stock Option Committee is a former or current officer or employee of Zoom. Mr. Manning and Mr. Kramer, who are executive officers and directors of Zoom, made recommendations to the Stock Option Committee regarding the granting of stock options and participated in deliberations of the Board of Directors concerning executive officer compensation. Neither Mr. Manning nor Mr. Kramer participated in any vote establishing their compensation.

Board of Directors Report on Executive Compensation

The primary objectives of the Board of Directors in developing executive compensation policies are to enhance the performance of Zoom by closely aligning the financial interests of Zoom's executive officers with those of its stockholders and to attract and retain key executives important to the long-term success of Zoom. To effect these objectives, the Board of Directors pays Zoom's executive officers what the Board believes to be relatively low cash compensation while providing those officers with significant performance-based long-term incentive compensation and the opportunity to build a substantial ownership interest in Zoom through the granting of stock options. None of Zoom's executive officers received a bonus for 2002. Any future bonuses will be determined by the independent directors of Zoom, based on their subjective determination and the future performance of Zoom.

Frank B. Manning, Zoom's Chief Executive Officer, received cash compensation for the year ending December 31, 2002, in the amount of \$131,758.

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

The Board of Directors has not conducted any surveys of salaries of executive officers, but based upon its experience believes that the cash compensation of its executive officers, including the compensation received by Mr. Manning, is low compared to the cash compensation of comparable executive officers in similarly situated companies. The low level of compensation of Mr. Manning reflects Mr. Manning's request to limit his cash compensation in favor of stock options.

During 2002, Mr. Manning was granted options to purchase 100,000 shares of Common Stock at an exercise price of \$1.00 per share. Other executive officers as a group were granted options to purchase 225,000 shares of Common Stock at an exercise price of \$1.00 per share. In determining the number of options to be granted to the executive officers, the Stock Option Committee reviews recommendations provided by Mr. Manning, the Chief Executive Officer, and makes a subjective determination regarding that recommendation based upon the following criteria: (i) the level of cash compensation; (ii) the compensation paid by companies that might compete with Zoom for the employee's services; (iii) the individual performance of the executive officer; and (iv) the number of shares subject to options already held by each executive officer. No particular weight is given to any of these factors, rather each executive officer's total compensation package is reviewed as a whole, and recommendations from the Chief Executive Officer are given deference absent countervailing concerns.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2001, Zoom entered into an agreement to purchase the ground lease for a manufacturing facility located on Drydock Avenue in Boston, Massachusetts (the "Drydock Building"). In connection with the proposed purchase of the Drydock Building, Zoom paid \$513,500 to be held in escrow as a deposit pending

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

the closing of the transaction. Of this deposit, \$25,000 was nonrefundable. When Zoom was unable to obtain a commitment for financing on terms consistent with the purchase agreement, it terminated the purchase and sale agreement, but the Seller retained the deposit pending resolution of a dispute over Zoom's right to terminate. While Zoom believed that it was entitled to a return of the \$488,500 refundable portion of the deposit plus interest, the funds were retained by the escrow agent.

As an alternative to pursuing legal remedies to obtain a return of the deposit, Zoom pursued an arrangement to reinstate the Drydock purchase agreement in partnership with the following individuals: Frank B. Manning, President and a director of Zoom; Peter R. Kramer, Executive Vice President and a director of Zoom; Bruce M. Kramer, Peter Kramer's brother; and a third party. Under this arrangement, these individuals, either directly or through entities controlled by them, joined together with Zoom as of March 29, 2002 to form the Zoom Group LLC, a Delaware limited liability company ("Zoom Group") to purchase the leasehold interest in the Drydock ground lease. Zoom and each of the investors owned a 20% interest in the Zoom Group. The managers of the Zoom Group are Peter Kramer and the third party. There were no special allocations among the members of the Zoom Group, and each member was required to contribute a proportionate amount of capital in return for its 20% interest.

Effective as of March 29, 2002, Zoom entered into an Assignment Agreement with the Zoom Group LLC and also entered into a Reinstatement Agreement and Second Amendment to Agreement of Purchase and Sale with the holder of the Dry Dock ground lease. Under the Assignment Agreement, Zoom assigned its rights under the purchase agreement to the Zoom Group, together with rights to the \$488,500 refundable portion of the deposit. In connection with this transaction, under a separate letter agreement, the other members of the Zoom Group paid Zoom \$390,800 (\$97,700 each), representing their proportionate share of the deposit assigned to the Zoom Group. As a result, Zoom's remaining interest in the deposit was \$97,700. As part of the Reinstatement Agreement and Second Amendment, the members of Zoom Group LLC agreed that an additional \$25,000 of the \$488,500 deposit would be nonrefundable, \$5,000 of which was allocated to each investor.

In August, 2002 the Zoom Group purchased the Drydock Building for a purchase price of \$6.1 million. The Zoom Group obtained a mortgage of \$4.2 million, less closing costs and legal fees. Each member of the Zoom Group contributed approximately \$482,500 for their share of the purchase plus working capital reserve. These initial capital contributions included each member's share of the deposit, which was credited at closing.

Under the Zoom Group Operating Agreement, Zoom had both the right to sell its interest in the Zoom Group to the other members of the Zoom Group by January 5, 2003, and the right to purchase the other members' entire interests in the Zoom Group through December 31, 2005, both in accordance with a predetermined formula. In December 2002 a special committee of Zoom's board of directors, appointed to review the Drydock transactions, determined that it was advisable and in the best interest of Zoom to exercise its right to sell its interest in the Zoom Group to the remaining Zoom Group LLC members. Accordingly, effective January 5, 2003, Zoom exercised its right to sell and assign its interest in the Zoom Group to the remaining members of the Zoom Group for approximately \$482,000. In March 2003, Zoom received the proceeds from the sale of its interest from the remaining members of the Zoom Group.

The transactions described above between Zoom, the Zoom Group and members of the Zoom Group were reviewed and approved by a special committee of independent members of the Board of Directors of Zoom, who determined the transactions to be advisable and in the best interest of Zoom.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, Zoom directors and executive officers, as well as any person holding more than ten percent (10%) of Zoom's Common Stock, are required to report initial statements of ownership of Zoom's securities and any subsequent changes in such ownership to the Securities and Exchange Commission. Specific filing deadlines of these reports have been established and Zoom is required to disclose in this proxy statement any failure to file by these dates during the year ended December 31, 2002. To Zoom's knowledge, all of the required reports were filed by such persons during 2002.

PROPOSAL NO. 2

PROPOSAL TO AMEND THE ZOOM TECHNOLOGIES, INC. 1991 DIRECTORS STOCK OPTION PLAN

In April 2003, the Board of Directors approved, subject to stockholder approval, an amendment to the Zoom Technologies, Inc. 1991 Directors Stock Option Plan, as amended (the "Directors Plan"). As set forth in further detail below, the proposed amendment to the Directors Plan, if approved by the stockholders, would increase the number of shares reserved for issuance under the Directors Plan from 198,000 to 450,000 and would increase the number of options automatically granted to each non-employee director on January 10th and July 10th of each year commencing July 10, 2003 from options to purchase 6,000 shares to options to purchase 12,000 shares.

If the amendment is approved by the stockholders, the second sentence of Article 4, Stock, of the Directors Plan would be deleted in its entirety and replaced with the following:

"The maximum number of shares which are hereby reserved for issuance and may be issued pursuant to this Plan is 450,000, subject to adjustment as provided in Article 13."

In addition, the first sentence of Article 5, Grant of Option, of the Directors Plan would be deleted in its entirety and replaced with the following:

Article 5 - Grant of Option

"Each eligible Director shall automatically be granted an option to purchase 12,000 shares of Common Stock on each July 10 and January 10 of each year beginning July 10, 2003, at a price per share determined in accordance with Article 6 hereof."

The purposes of the Directors Plan are to attract and retain the services of experienced and knowledgeable independent directors and to provide these directors with the opportunity to purchase shares of Common Stock in Zoom pursuant to the exercise of options.

Each director who is not an employee of Zoom is eligible to receive options to purchase shares of Common Stock under the Directors Plan. Of the current directors, Messrs. Furman, Woods and Gordon are eligible directors. During the year ending December 31, 2002, Messrs. Furman, Woods and Gordon each received options to purchase 12,000 shares of Common Stock under the Directors Plan at an average exercise price of \$1.165 per share.

The Directors Plan currently provides that an aggregate of 198,000 shares of Common Stock (subject to adjustment for capital changes) may be issued upon the exercise of options granted under the Directors Plan. The Directors Plan also currently provides that each eligible director shall receive an option to purchase 6,000 shares of Common Stock on January 10th and July 10th of each year, provided such person is then a director. All options become exercisable in

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

full six months after the date of grant and terminate on the last day of the second year following the date of grant. Under the proposed amendment to the Directors Plan, the number of shares that may be issued upon exercise of options granted under the Directors Plan would be increased from 198,000 to 450,000. In addition, the amendment would increase the number of options granted to each eligible director on January 10th and July 10th of each year commencing July 10, 2003 from options to purchase 6,000 shares to options to purchase 12,000 shares. The timing of the grants and the termination dates under the Directors Plan would remain unchanged.

The exercise price for all options granted under the Directors Plan is the fair market value of the Common Stock at the time the option is granted. The exercise price may be paid in cash, with Common Stock (valued at fair market value on the date of purchase), or by a combination of cash and Common Stock.

Shares issued under the Directors Plan may include treasury shares, authorized but unissued shares and shares previously reserved for issuance upon exercise of options which have expired or terminated. Shares subject to an option that ceases to be exercisable for any reason will be available for subsequent option grants. The Directors Plan terminates on April 30, 2011 and no further options may be issued under the Plan after that date.

No option under the Directors Plan may be exercised subsequent to two years from the date of grant. If an eligible director ceases to be a director of Zoom for any reason other than as a result of death or disability, all options held by that director will remain exercisable for a period of one month following such termination (but not later than their specified expiration date). If such termination is a result of permanent disability, options will be exercisable for a period of one year from the date of termination (but not later than their specified expiration date). If such termination is a result of death, or if an option holder dies within the one month period referred to above or during the first year after such holder becomes disabled, then vested options will be exercisable for a period of one year from the date of death (but not later than their specified expiration date). Options granted under the Directors Plan may not be assigned or transferred except by will or the laws of descent and distribution.

The Directors Plan is administered by the Board of Directors. The Board of Directors may from time to time adopt such rules and regulations for carrying out the Directors Plan as it may determine in its sole discretion. The Board of Directors has no discretion with respect to the selection of recipients of grants, or the timing, pricing or the amount of stock option grants under the Directors Plan.

The Directors Plan may be amended or terminated by the Board of Directors, subject to certain limitations (i) with respect to certain matters for which stockholder approval may be required, and (ii) regarding the number of amendments which may be made in any six month period. No amendment, suspension or termination of the Directors Plan, except as described in the Directors Plan, may adversely affect the rights of an option holder under the Directors Plan without the holder's consent.

Since the adoption of the Directors Plan, options to purchase an aggregate of 114,000 shares of Common Stock (net of terminations) have been granted thereunder to all directors who were not executive officers as a group, with all those options granted to current directors who were not executive officers, including options to purchase 48,000 shares to Mr. Furman, options to purchase 30,000 shares to Mr. Woods and options to purchase 36,000 shares to Mr. Gordon, in each case net of terminations. Of the options to purchase 114,000 shares granted (net of terminations), 42,000 shares of Common Stock have been issued upon exercise of such options.

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

No options have been or will be granted under the Directors Plan to the Named Executive Officers. No options have been or will be granted under the Directors Plan to all current executive officers as a group or any associates of such executive officers. No options have been or will be granted under the Directors Plan to employees (including current officers who are not executive officers) as a group.

At April 18, 2003, the market value of the Common Stock underlying the outstanding options under the Directors Plan was \$48,960, based upon the last reported sale price per share of the Common Stock (\$.68) on the Nasdaq SmallCap Market on April 17, 2003.

Federal Tax Consequences of Directors Plan

The following general discussion of the federal income tax consequences of the issuance and exercise of options granted under the Directors Plan is based upon the provisions of the Internal Revenue Code as in effect on the date hereof, current, promulgated and proposed regulations thereunder, existing administrative rulings and pronouncements of the Internal Revenue Service, and judicial decisions, all of which are subject to change (perhaps with retroactive effect). This discussion is not intended to be a complete discussion of all of the federal income tax consequences of the Directors Plan or of all of the requirements that must be met in order to qualify for the tax treatment described herein. In addition, because tax consequences may vary, and certain exceptions to the general rules discussed herein may be applicable, depending upon the personal circumstances of individual holders of securities, each option holder should consider his personal situation and consult with his own tax advisor with respect to the specific tax consequences applicable to him. No information is provided as to state tax laws. The Directors Plan is not qualified under Section 401 of the Code, nor is it subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

The recipient of a stock option under the Directors Plan will not recognize any taxable income upon the grant of an option under the Directors Plan. Generally, an option holder recognizes ordinary taxable income at the time an option is exercised in an amount equal to the excess of the fair market value of the shares of Common Stock on the date of exercise over the exercise price. However, participants in the Directors Plan, generally will be subject to Section 16(b) of the Securities Exchange Act of 1934 ("Section 16(b)") upon the sale of their shares of Common Stock and this may affect their tax liability. In the case of exercise of an option by someone whose sale of shares of Common Stock would subject him to liability under Section 16(b), recognition of income by the option holder may be postponed. The rules under Section 16(b) were revised after the Treasury Regulations promulgated under the Code were adopted, and the regulations have not yet been amended to conform with the revised rules under Section 16(b). However, it is generally anticipated that the date of recognition (the "Recognition Date") will be postponed to the earlier of (i) six months after the date the option was granted, or (ii) the first day on which the sale of the shares would not subject the individual to liability under Section 16(b). It is possible that the six month period will instead run from the option holder's most recent grant or purchase of Common Stock prior to the exercise of his option. The option holder will generally recognize ordinary taxable income on the Recognition Date in an amount equal to the excess of the fair market value of the shares of Common Stock at that time over the option exercise price. Despite the general rule, in the case of recipients subject to Section 16(b) (if the Recognition Date is after the date of exercise), the option holder may make an election pursuant to Section 83(b) of the Code, in which case the option holder will recognize ordinary taxable income at the time the stock option is exercised and not on the later date. In order to be effective, the Section 83(b) election must be made and filed with Zoom and the IRS within 30 days after exercise.

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

Zoom will generally be entitled to a compensation deduction for federal income tax purposes in an amount equal to the taxable income recognized by the option holder, provided it reports the income on a W-2 or Form 1099, whichever is applicable, that is timely provided to the option holder and filed with the IRS.

When an option holder subsequently disposes of the shares of Common Stock received upon exercise of an option, he will recognize capital gain or loss equal to the difference between the amount realized and the fair market value on the date on which the option holder recognized ordinary taxable income as a result of the exercise of the option. Any such capital gain or loss would be long term if the holding period for the shares is more than twelve months. The holding period for the shares generally would begin on the date the shares were acquired and would not include the period of time during which the option was held.

An option holder who pays the exercise price, in whole or in part, by delivering shares of Common Stock already owned by him will recognize no gain or loss for federal income tax purposes on the shares surrendered, but otherwise will be taxed according to the rules described above. To the extent the shares acquired upon exercise are equal in number to the shares surrendered, the basis of the shares received will be equal to the basis of the shares surrendered. The basis of shares received in excess of the shares surrendered upon exercise will be equal to the fair market value of the shares on the date of exercise, and the holding period for the shares received will commence on that date.

Vote Required to Approve the Amendment to the 1991 Directors Stock Option Plan

The affirmative vote of the holders of a majority of shares of Common Stock present, in person or by proxy, and entitled to vote at the meeting, is required to approve the proposal to amend the Directors Plan. Proxies will be voted in favor of the action unless otherwise instructed by the stockholders.

The Board of Directors recommends a vote FOR the approval of the
Amendment to the Zoom Technologies, Inc. 1991 Directors Stock Option Plan.

1990 Stock Option Plan. The purpose of the 1990 Stock Option Plan ("1990 Plan") is to establish a plan to advance the interests of Zoom by encouraging equity participation in Zoom by directors (excluding non-employee directors), officers and employees of Zoom through the acquisition of shares of Common Stock upon the exercise of options granted under the 1990 Plan. The 1990 Plan is for officers and certain full-time and part-time employees of the Company. Non-employee directors are not eligible to participate in the 1990 Plan. The options are exercisable in accordance with terms specified by the Stock Option Committee not to exceed ten years from the date of grant. The 1990 Plan provides that the number of shares of Common Stock of Zoom that may be subject, from time to time, to outstanding options granted to any one employee shall not exceed five percent (5%) of the outstanding shares of Zoom. The expiration date of the 1990 Plan is March 31, 2008.

1991 Directors Stock Option Plan. The information contained in the table does not reflect the proposed amendments to the Directors Plan. For a description of the 1991 Directors Plan and the proposed amendments to such plan, please see Proposal No. 2.

(2) Includes the 1998 Employee Equity Incentive Plan, as amended.

1998 Employee Equity Incentive Plan. The purposes of the 1998 Employee Equity Incentive Plan (the "1998 Plan"), adopted by the Board of Directors in 1998, are to attract and retain employees and provide an incentive for them to assist Zoom in achieving its long-range goals, and to enable such employees to participate in Zoom's long-term growth. In general, under the 1998 Plan, all employees who are not officers or directors are eligible to participate in the 1998 Plan. A total of 1,200,000 shares of Zoom's Common Stock have been authorized and reserved for issuance under the 1998 Plan. The 1998 Plan is currently administered by the Stock Option Committee of the Board of Directors. The Board of Directors authorized Frank B. Manning, Zoom's Chief Executive Officer, to grant stock options to purchase up to 100,000 shares in any quarter, not to exceed options to purchase 350,000 shares in any year to eligible employees under the 1998 Plan. Participants in the 1998 Plan are eligible to receive non-qualified stock options at an option price determined by the Stock Option Committee or Mr. Manning, as applicable. All stock options granted under the 1998 Plan have been granted for at least the fair market value on the date of grant.

INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has appointed KPMG LLP, as independent public accountants, to audit the consolidated financial statements of Zoom for the year ending December 31, 2003. A representative of KPMG LLP will be present at the meeting to make a statement if such representative desires to do so and to respond to appropriate questions.

INDEPENDENT AUDITOR FEES

Edgar Filing: ZOOM TECHNOLOGIES INC - Form DEF 14A

Audit Fees. KPMG LLP billed Zoom an aggregate of \$145,292 for professional services rendered by KPMG in connection with its audit of Zoom's consolidated financial statements and its review of Zoom's quarterly reports on Form 10-Q during 2002.

Financial Information Systems Design and Implementation. KPMG did not render any services to Zoom for financial information systems design and implementation during 2002.

All Other Fees. KPMG billed Zoom an additional \$52,175 for professional services rendered during 2002 for services not otherwise described above. These fees include fees for tax-related services, including tax advice and research and assistance with the preparation and filing of tax returns, miscellaneous advice regarding the completion of the domestication of Zoom from Canada to the State of Delaware, and advice relating to Zoom's investment in the Dry Dock property.

The Audit Committee has considered whether KPMG's provision of services other than services rendered in connection with the audit of Zoom's annual financial statements is compatible with maintaining KPMG's independence. The Audit Committee determined such services did not affect their independence.
