ITEM 8.01 Other Events

On April 5, 2006, Cordia Corporation (Cordia) Cordia held a conference call, the topic of which was its year end 2005 results. The conference call contained reference to Cordia s EBIDTA for the twelve months ended December 31, 2005.

Consistent with Securities and Exchange and Commission's Regulation G, the following table provides a reconciliation of Cordia's EBITDA for year end 2005, to the Generally Accepted Accounting Principles (GAAP) measure of net income (loss). EBITDA is not a measure under GAAP, is not meant to be a replacement for GAAP and should not be considered as an alternative to net income (loss) as a measure of performance or to cash flows as a measure of liquidity. We have included EBITDA data to assist in understanding our operating results. EBITDA is a measure commonly used in the telecommunications industry, and many securities analysts use EBITDA as a way of evaluating our financial performance.

	For the Year Ended December 31	
Reconciliation of EBITDA with net income (loss)	2005	2004
Net income (loss)	\$ 1,053,045	\$ (169,800)
Net interest (income) expense	(26,358)	8,936
Income tax (benefit) expense	(105,359)	17,809
Dividends on preferred stock	212,415	-
Depreciation and amortization	313,998	48,941
EBITDA	\$ 1,447,741	\$ (94,114)

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, as amended, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunder duly authorized.

Cordia Corporation
