ITEM 7.01 REGULATION FD DISCLOSURE

The ATWOOD EAGLE continues to work offshore Australia under a multi-well contract with BHP Billiton Petroleum (“BHPB”). BHPB has now exercised all of their options whereby this contract could now extend into early April 2008. Immediately following the completion of the BHPB contract, the rig will drill one well for ENI Spa AGIP Exploration & Productions Division (expected to take 45 days to complete) and then commence a two-year drilling program for Woodside Energy Ltd. (“Woodside”). The Woodside contract may not commence until May 2008. The rig is also expected to incur ten to fourteen zero rate days during the first quarter of fiscal year 2008 for required regulatory inspections and planned maintenance.

Statements contained in this report with respect to the future are forward-looking statements. These statements reflect management's reasonable judgment with respect to future events. Forward-looking statements involve risks and uncertainties. Actual results could differ materially from those anticipated as a result of various factors: the Company's dependence on the oil and gas industry; the risks involved in the construction and repair of a rig; competition; operating risks; risks involved in foreign operations; risks associated with possible disruption in operations due to terrorism; risks associated with a possible disruption in operations due to war; and governmental regulations and environmental matters. A list of additional risk factors can be found in the Company's annual report on Form 10-K for the year ended September 30, 2006 , filed with the Securities and Exchange Commission.
