Stockholders who continue to receive paper copies of proxy materials may elect to receive future proxy materials via electronic delivery by enrolling at www.proxyvote.com.

All eligible stockholders are cordially invited to attend the Annual Meeting in person. However, to ensure your representation at the meeting, you are urged to vote as promptly as possible to ensure that your vote is recorded. Please review the instructions on each of your voting options described in the proxy materials, as well as the Notice of Internet Availability of Proxy Materials if you received one.

By Order of the Board of Directors,

PROXY STATEMENT

2015 ANNUAL MEETING OF STOCKHOLDERS

4300 NORTH FIRST STREET

SAN JOSE, CALIFORNIA 95134

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy card is solicited on behalf of the Board of Directors (the “Board of Directors” or the “Board”) of Harmonic Inc., a Delaware corporation (“Harmonic,” “we” or the “Company”), for use at the 2015 Annual Meeting of Stockholders and any adjournment(s), postponement(s) or other delays thereof (the “Annual Meeting”) to be held on Monday, June 29, 2015, at 1:00 p.m., Pacific Time, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company’s principal offices, located at 4300 North First Street, San Jose, California 95134. The telephone number of the Company’s principal offices is 1-408-542-2500.

INTERNET AVAILABILITY OF PROXY MATERIALS

Under rules adopted by the U.S. Securities and Exchange Commission (the “SEC”), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about April 30, 2015, we expect to send to our stockholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability of Proxy Materials (the “E-Proxy Notice”) containing instructions on how to access our proxy materials, including our proxy statement (the “Proxy Statement”) and our 2014 Annual Report. The E-Proxy Notice also instructs you on how to access your proxy card to vote through the Internet or by telephone.

This process is designed to expedite stockholders’ receipt of proxy materials, lower the cost of the Annual Meeting, and help conserve natural resources. If you previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the E-Proxy Notice.

WHO CAN VOTE AT THE ANNUAL MEETING

Stockholders as of the close of business on April 30, 2015 (the “Record Date”) are entitled to notice of and to vote at the Annual Meeting. On the Record Date, 88,532,963 shares of the Company’s common stock, \$0.001 par value per share (the “Common Stock”), were issued and outstanding.

Stockholder of Record: Shares Registered in Your Name

If on April 30, 2015, your shares were registered directly in your name with our transfer agent, Computershare Investor Services, then you are considered the stockholder of record with respect to those shares. As a stockholder of record, you may vote at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote over the Internet or by telephone, or if you received paper proxy materials by mail, by filling out and returning the proxy card in the enclosed postage-paid envelope.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee

If on April 30, 2015, your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and it has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the Annual Meeting. Because you are not the stockholder of record,

you may not vote your shares at the Annual Meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the Annual Meeting.

HOW TO VOTE

If you are a stockholder of record you may vote by proxy or in person by ballot at the Annual Meeting. To vote by proxy, you may vote via the Internet or by telephone by following the instructions provided on the E-Proxy Notice or proxy card, or if

Table of Contents

you received a paper proxy card and voting instructions by mail, you should sign, date and return the enclosed proxy card in the enclosed postage-paid envelope before the Annual Meeting.

If you are a beneficial owner and not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it on how to vote your shares.

REVOCABILITY OF PROXIES

Any proxy may be revoked by the person giving it at any time before its use at the Annual Meeting by delivering to the Secretary of the Company, at the Company's principal offices, a written notice of revocation or a signed proxy bearing a later date, or by voting on a later date by telephone or via the Internet. If you attend the Annual Meeting in person and vote by ballot, any previously submitted proxy will be revoked.

Please note, however, that if you are a beneficial owner and you wish to change or revoke your proxy, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares at the Annual Meeting, by attending the Annual Meeting and voting in person.

QUORUM; VOTING REQUIREMENTS

Each stockholder is entitled to one vote for each share of Common Stock held as of the Record Date on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate their votes in the election of directors.

The holders of a majority in voting power of the Common Stock issued and outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, constitutes a quorum for action at the Annual Meeting. Shares that reflect abstentions and broker non-votes count as present at the Annual Meeting for the purposes of determining a quorum.

Directors are elected by a plurality of the votes cast. The advisory vote on executive compensation (Proposal Two in this Proxy Statement), the amendment to the Company's 2002 Director Stock Plan (Proposal Three in this Proxy Statement) and the ratification of the appointment of the Company's independent registered public accounting firm (Proposal Four in this Proxy Statement) each requires the favorable vote of the holders of a majority of the Common Stock having voting power present in person or represented by proxy and entitled to vote on the proposal.

In the election of directors (Proposal One in this Proxy Statement), abstentions and broker non-votes will be disregarded and have no effect on the outcome of the vote. With respect to the advisory vote on executive compensation (Proposal Two in this Proxy Statement), the amendment to the Company's 2002 Director Stock Plan (Proposal Three in this Proxy Statement) and the ratification of the appointment of the Company's independent registered public accounting firm (Proposal Four in this Proxy Statement), abstentions will have the same effect as voting against the proposal and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

If you hold shares beneficially in street name (that is, in an account at a bank or broker) and do not provide your bank or broker with voting instructions, your shares may constitute "broker non-votes." Broker non-votes occur on a matter when a bank or broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters are referred to as "non-routine" matters. All of the matters scheduled to be voted on at the Annual Meeting are "non-routine," except for the ratification of the appointment of the Company's independent registered public accounting firm (Proposal Three in this Proxy Statement).

SOLICITATION

The Company will bear the cost of soliciting proxies, including the preparation, assembly, Internet hosting, printing and mailing of the E-Proxy Notice, this Proxy Statement, the proxy card and any other proxy materials furnished to stockholders by the Company in connection with the Annual Meeting. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding the proxy materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, facsimile, email, Internet or personal solicitation by directors, officers, employees or independent contractors of the Company.

Other than for any such independent contractors, no additional compensation will be paid to such persons for such services.

BOARD OF DIRECTORS' VOTING RECOMMENDATION

The Board of Directors recommends that you vote your shares "FOR" each of the Board's nominees that are standing for election to the Board of Directors (Proposal One in this Proxy Statement), "FOR" the approval of the advisory vote on executive compensation (Proposal Two in this Proxy Statement), "FOR" the amendment to the Company's 2002 Director Stock

Table of Contents

Plan (Proposal Three in this Proxy Statement) and “FOR” the ratification of the appointment of the Company’s independent registered public accounting firm (Proposal Four in this Proxy Statement).

IF YOU RECEIVE MORE THAN ONE PROXY CARD OR E-PROXY NOTICE

If you receive more than one proxy card or E-Proxy Notice, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on the E-Proxy Notice on how to access each proxy card and vote each proxy card over the Internet or by telephone. If you received paper proxy materials by mail, please complete, sign and return each proxy card to ensure that all of your shares are voted.

STOCKHOLDER PROPOSAL PROCEDURES AND DEADLINES

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company’s 2016 annual meeting of stockholders and that stockholders desire to have included in the Company’s proxy materials relating to such meeting pursuant to Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), must be received by Harmonic at its principal offices at 4300 North First Street, San Jose, California 95134, Attention: Corporate Secretary, no later than January 1, 2016. Any such proposals of stockholders must be in compliance with applicable laws and regulations in order to be considered for possible inclusion in the Company’s proxy materials for that meeting.

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company’s 2016 annual meeting of stockholders and that such stockholders do not desire to have included in the Company’s proxy materials for that meeting must be received by Harmonic at its principal offices at 4300 North First Street, San Jose, California 95134, Attention: Corporate Secretary, no earlier than March 31, 2016 and no later than April 30, 2016. If a stockholder gives notice of such a proposal after the deadlines described above, the Company’s designated proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at the Company’s 2016 annual meeting of stockholders.

Furthermore, under the Company’s bylaws, a stockholder’s notice of business to be brought before an annual meeting must set forth, as to each proposed matter: (a) a brief description of the business and reason for conducting such business at the meeting; (b) the name and address, as they appear on the Company’s books, of the stockholder proposing such business and any associated person of such stockholder; (c) the class and number of shares of the Company owned by the stockholder proposing such business and any associated person of such stockholder; (d) whether, and the extent to which, any hedging or other transaction or series of transactions has been entered into by or on behalf of such stockholder or any associated person of such stockholder with respect to any securities of the Company, and a description of any other agreement, arrangement or understanding, the effect of which is to mitigate loss to, or manage the risk or benefit from share price changes for, or increase or decrease the voting power of, such stockholder or any associated person of such stockholder with respect to the securities of the Company; (e) any material interest of the stockholder or any associated person of such stockholder in such business; and (f) a statement whether either of such stockholder or any associated person of such stockholder will deliver a proxy statement and form of proxy to holders of at least the percentage of the Company’s voting shares required under applicable law to carry the proposal. In addition, to be in proper written form, a stockholder’s notice to the Secretary of the Company must be supplemented not later than 10 calendar days following the record date to disclose the information contained in clauses (c) and (d) above as of the record date.

MULTIPLE STOCKHOLDERS SHARING ONE ADDRESS

In some instances, we may deliver to multiple stockholders of record sharing a common address only one copy of the E-Proxy Notice or, if you received paper proxy materials by mail, only one copy of this Proxy Statement and our 2014

PROPOSAL ONE
ELECTION OF DIRECTORS
NOMINEES

Eight directors are to be elected at the Annual Meeting. Each of the directors elected at the Annual Meeting will hold office until the earlier of the 2016 annual meeting of stockholders or until such director's successor has been elected and qualified or until such director's earlier resignation or removal.

Unless otherwise instructed, the designated proxy holders will vote the proxies received by them "FOR" the Company's eight nominees named below, all of whom are currently directors of the Company. Each of the nominees was recommended for election by the Company's Corporate Governance and Nominating Committee and the Board of Directors. In the event that any nominee of the Company becomes unable or declines to serve as a director at the time of the Annual Meeting, the designated proxy holders will vote the proxies for any substitute nominee who is designated by the Company's Corporate Governance and Nominating Committee to fill the vacancy. It is not expected that any nominee listed below will be unable or will decline to serve as a director.

DIRECTOR QUALIFICATIONS

The Board of Directors believes that it is necessary for each of the Company's directors to possess a broad array of qualities and skills. When searching for new director candidates, the Corporate Governance and Nominating Committee considers the evolving requirements of serving on the Board of Directors and searches for candidates that fill any current or anticipated future requirements. The Board of Directors also believes that all directors must possess a considerable amount of business and management experience and education.

The Corporate Governance and Nominating Committee first considers a candidate's business and management experience and education and then considers issues of judgment, personal character, integrity, conflicts of interest, diversity and commitment to the goal of maximizing long-term stockholder value. With respect to the nomination of continuing directors for re-election, the individual's historical and ongoing contributions to the Board of Directors are also considered. The process undertaken by the Corporate Governance and Nominating Committee in recommending qualified director candidates is described below under "Identification and Evaluation of, and Criteria for, Candidates for Board Membership" (see page 9 of this Proxy Statement).

DIRECTOR NOMINEES

The names of the nominees for director and certain information about each of them are set forth below. The information presented includes age as of April 1, 2015, positions held, principal occupation and business experience for at least the past five years, and the names of other publicly-held companies of which the nominee currently serves as a director or has served as a director during the past five years. In addition to the information presented below regarding the nominee's specific experience, qualifications, attributes and skills that led our Board to the conclusion that each nominee is qualified to serve as a director, we also believe that all of our director nominees have a reputation for integrity, honesty and adherence to high ethical standards. They each have demonstrated knowledge of our industry, an ability to exercise sound judgment, and a commitment to Harmonic and the Board of Directors. Finally, with respect to our directors who have not been officers of the Company, we value their experience on other public company boards of directors and board committees and as senior officers of other companies. Each of the nominees has consented to being named in this Proxy Statement and to serve as a director if elected.

We believe that Ms. Swenson's qualifications to serve on our Board include her over 30 years of US senior executive experience in the communications industry and her strong technology operations expertise. She brings to the Board two decades of board and committee service, as well as extensive executive experience, from building and growing technology start-up businesses to transforming enterprise businesses to meet market and competitive challenges.

Nikos Theodosopoulos has been a director since March 2015. Mr. Theodosopoulos is the founder of NT Advisors LLC, an advisory and consulting company. From August 1995 through July 2012, Mr. Theodosopoulos served in various capacities with UBS, a global provider of financial services, most recently as Managing Director of technology equity research. From April 1994 to August 1995, he was a Senior Equity Research Analyst for Bear, Stearns & Co., an investment banking firm that was acquired by JPMorgan Chase in 2008, and from January 1990 to April 1994, he worked as an Account Executive for AT&T Network Systems. Mr. Theodosopoulos serves on the board of Arista Networks, Inc., where he also serves on the Audit Committee and the Nominating and Corporate Governance Committee, and as Chairman of the Supervisory Board of ADVA Optical Networking SE, where he also chairs the Audit Committee and the Compensation and Nomination Committee. Mr. Theodosopoulos holds a B.S. in Electrical Engineering from Columbia University, a M.S. in Electrical Engineering from Stanford University and an M.B.A. from New York University's Stern School of Business. We believe that Mr. Theodosopoulos' qualifications to serve on our Board include his significant experience in banking and finance focused on technology companies, and his experience on the boards of directors of major technology companies.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING "FOR" EACH OF THE DIRECTOR NOMINEES SET FORTH ABOVE.

BOARD MEETINGS AND COMMITTEES

The Board of Directors held a total of eight (8) meetings during the fiscal year ended December 31, 2014. No director attended fewer than 100% of the meetings of the Board, or the committees upon which such director served, in 2014. The Board has determined that Messrs. Covert, Gallagher, Kvamme, Reddersen and Theodosopoulos and Mmes. Reaugh and Swenson are independent under applicable NASDAQ listing standards and have no material relationships with the Company.

The Board has an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. The charters for each of these committees are posted on our website at www.harmonicinc.com.

Table of Contents

The Audit Committee currently consists of Messrs. Covert Reddersen and Theodosopoulos, each of whom is independent under Rule 10A-3 of the Exchange Act and under applicable NASDAQ Stock Market listing standards. Mr. Covert serves as the Chairperson of the committee. The Audit Committee serves as the representative of the Board for general oversight of the quality and integrity of Harmonic's financial accounting and reporting process, system of internal control over financial reporting, management of financial risks, audit process, and process for monitoring the compliance with related laws and regulations. The Audit Committee engages the Company's independent registered public accounting firm and approves the scope of both audit and non-audit services. Matters within the scope of the Audit Committee were also discussed in executive sessions at regularly scheduled meetings of the Board in 2014. The Audit Committee held nine (9) meetings during 2014.

The Board has determined that Mr. Covert is an "audit committee financial expert," as defined by the current rules of the SEC. The Board believes that Mr. Covert's experience as the chief financial officer of several companies publicly traded on U.S. stock exchanges qualifies him as an "audit committee financial expert" because he has acquired relevant expertise and experience from performing his duties as a chief financial officer.

The Compensation Committee currently consists of Messrs. Kvamme, Gallagher and Reddersen and Ms. Reaugh, none of whom is an employee of the Company and each of whom is independent under applicable NASDAQ Stock Market listing standards. Mr. Kvamme serves as the Chairperson of the committee. The Compensation Committee is responsible for approving the Company's compensation policies, compensation paid to executive officers, and administration of the Company's equity compensation plans. The Compensation Committee held three (3) meetings during 2014. Matters within the scope of the Compensation Committee were also discussed in executive sessions at regularly scheduled meetings of the Board in 2014.

The Corporate Governance and Nominating Committee serves as the representative of the Board for establishment and oversight of governance policy and the operation, composition and compensation of the Board. The Corporate Governance and Nominating Committee is currently composed of Ms. Swenson and Messrs. Gallagher and Kvamme, each of whom are independent under applicable NASDAQ Stock Market listing standards. Ms. Swenson serves as the Chairperson of the committee. The Corporate Governance and Nominating Committee held four (4) meetings in 2014. Matters within the scope of the Corporate Governance and Nominating Committee were discussed in executive sessions at regularly scheduled meetings of the Board in 2014.

The Corporate Governance and Nominating Committee has proposed, and the Board has approved, the nomination of the eight (8) current board members for re-election by stockholders at this Annual Meeting.

BOARD LEADERSHIP

We separate the roles of Chief Executive Officer ("CEO") and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction of the Company and for its operational management, leadership and performance, while the Chairman of the Board provides guidance to the CEO and sets the agenda for, and presides over, meetings of the full Board.

MEETINGS OF NON-EMPLOYEE DIRECTORS

At each regularly scheduled Board meeting, the non-employee directors meet in an executive session without any management directors or employees present. The Chairman of the Board has the responsibility of presiding over such periodic executive sessions of the Board. Last year, the non-employee directors discussed, in executive sessions, corporate strategy, risk oversight, management performance, Board performance, succession planning for management and the directors, and Board policies, processes and practices.

CORPORATE GOVERNANCE GUIDELINES

The Board has adopted Corporate Governance Guidelines that set forth the key functions of the Board, as well as principles regarding board structure and composition, board operations and meetings, board interaction with management and third parties, board committees and director compensation. The Corporate Governance Guidelines, in conjunction with our certificate of incorporation, bylaws and Board committee charters, form the framework for the governance of the Company.

The Corporate Governance Guidelines are available on the Company's website at www.harmonicinc.com in the Corporate Governance section of the Investor Relations page. The Corporate Governance Guidelines are reviewed at least annually by our Corporate Governance and Nominating Committee, and changes are recommended to our Board for approval as appropriate.

CODE OF BUSINESS CONDUCT AND ETHICS

Table of Contents

We have adopted a Code of Business Conduct and Ethics that applies to all of our Board members, officers and employees. We have also adopted a Code of Business Conduct and Ethics for Senior Operational and Financial Leadership, applicable to our Chief Executive Officer and senior financial officers. Both Codes are available on the Company's website at www.harmonicinc.com in the Corporate Governance section of the Investor Relations page. Any amendments or waivers of either Code pertaining to a member of our Board or one of our executive officers will be disclosed on our website at the above-referenced address.

ROLE OF THE BOARD IN RISK OVERSIGHT

Management of the Company is responsible for the day-to-day management of risks the Company faces, while the Board has responsibility, as a whole and also at the committee level, for the oversight of the Company's risk management. The Board regularly reviews the Company's long-term business strategy, including industry trends and their potential impact on the Company, our competitive positioning, potential acquisitions and divestitures, as well as the Company's technology and market direction. The Board also reviews information regarding the Company's actual and planned financial position and operational performance, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation and the Company's incentive, equity award and other benefit plans. The Audit Committee oversees management of financial risks, including, but not limited to, accounting matters, tax positions, insurance coverage and security of the Company's cash reserves. The Corporate Governance and Nominating Committee manages risks associated with the independence and remuneration of the Board and potential conflicts of interest.

At periodic meetings of the Board and its committees, management reports to, and seeks the guidance of, the Board and its committees with respect to the most significant risks that could affect our business. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is periodically informed about such risks by committee reports and receives advice and counsel with respect to risk issues from the Company's outside counsel.

IDENTIFICATION AND EVALUATION OF, AND CRITERIA FOR, CANDIDATES FOR BOARD MEMBERSHIP

Pursuant to the charter of the Corporate Governance and Nominating Committee, the Committee may utilize a variety of methods to identify and evaluate candidates for service on the Company's Board of Directors. Candidates may come to the attention of the Corporate Governance and Nominating Committee through current directors, management, professional search firms, stockholders, outside professionals or other persons. Any candidate presented would be evaluated at a meeting of the Corporate Governance and Nominating Committee or at a regular Board meeting and may be considered at any point during the year. The Corporate Governance and Nominating Committee may take such measures as it considers appropriate in connection with its evaluation of a candidate, including candidate interviews, inquiry of the person recommending the candidate or reliance on the knowledge of the members of the Corporate Governance and Nominating Committee, members of the Board or management. The Corporate Governance and Nominating Committee has hired, from time to time, a consulting firm to assist it in identifying and screening potential candidates for election to the Board. In evaluating a candidate, the Corporate Governance and Nominating Committee may consider a variety of criteria. These criteria include demonstrated relevant business and industry experience, particular expertise to act as a committee chair or member, the ability to devote the necessary time to the Board and committee service, personal character and integrity, potential conflicts of interest and sound business judgment. The Corporate Governance and Nominating Committee seeks nominees with a broad diversity of experiences, professions, skills, geographic representation and backgrounds.

The Corporate Governance and Nominating Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Some of the qualifications that the Corporate Governance and Nominating Committee considers include, without limitation, character, integrity, ethics, judgment, diversity of experience, independence, relevant areas of expertise, corporate and technology experience, proven achievement, operating executive experience, understanding of our industry, length of service, potential conflicts of

interest and other commitments. The Corporate Governance and Nominating Committee evaluates these factors, among others, and does not assign any particular weighting or priority to any of these factors. The Corporate Governance and Nominating Committee requires the following minimum qualifications to be satisfied by any nominee for a position on the Board of Directors: the highest personal and professional ethics and integrity; proven achievement and competence in the nominee's field and the ability to exercise sound business judgment, as well as skills that are complementary to those of the existing Board; the ability to assist and support management and make significant contributions to our success; and an understanding of the fiduciary responsibilities that are required of a member of the Board and the commitment of time and energy necessary to diligently carry out those responsibilities. The Corporate Governance and Nominating Committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders' best interests. The Board believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will

Table of Contents

allow the Board to best fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, gender, age, sexual orientation, disability or any other basis proscribed by law. The Corporate Governance and Nominating Committee has not set either term limits or age limits for members of the Board, believing that the Company's interests are best served by members of the Board with substantial experience and knowledge of the Company's business and that age is generally not a barrier to effective performance as a member of the Board.

DIRECTOR RECOMMENDATIONS AND NOMINATIONS FROM STOCKHOLDERS

The Corporate Governance and Nominating Committee will consider recommendations from stockholders of individuals for service on the Board of Directors at the 2016 annual meeting of stockholders, provided that such recommendations are submitted in a timely manner in writing to the Corporate Secretary of the Company at Harmonic Inc., 4300 North First Street, San Jose, California 95134. If a stockholder desires to recommend an individual for consideration by the Corporate Governance and Nominating Committee for nomination by the Board, such recommendation must be received no later than January 1, 2016, which is 120 calendar days prior to the first anniversary of the date of this Proxy Statement first became available to stockholders. In evaluating director candidates recommended by stockholders, the Corporate Governance and Nominating Committee will use the same criteria as it uses to evaluate all prospective members of the Board.

For a stockholder nomination of a person for election to the Board at the 2016 Annual Meeting of Stockholders that such stockholder does not desire to have considered by the Corporate Governance and Nominating Committee for nomination by the Board, timely written notice of such nomination must be delivered to the Corporate Secretary of the Company no earlier than March 31, 2016 and no later than April 30, 2016.

To be in proper written form, a stockholder's notice must contain: (i) as to each person whom the stockholder proposes to nominate for election or re-election as a director, (a) the name, age, business address and residence address of the nominee, (b) the principal occupation or employment of the nominee, (c) the class and number of shares of the Company which are beneficially owned by the nominee and any derivative positions held or beneficially held by the nominee, (d) whether, and the extent to which, any hedging or other transaction or series of transactions has been entered into by or on behalf of the nominee with respect to any securities of the Company, and a description of any other agreement, arrangement or understanding, the effect or intent of which is to mitigate loss, manage the risk or benefit from share price changes, or increase or decrease the voting power of the nominee with respect to any securities of the Company, (e) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder, (f) a written statement executed by the nominee acknowledging that, as a director of the Company, the nominee will owe fiduciary duties under Delaware law with respect to the Company and its stockholders, and (g) any other information relating to the nominee that is required to be disclosed in solicitations of proxies for election of directors or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including, without limitation, the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); and (ii) as to such stockholder proposing a nominee for election to the Board, (a) the information set forth in "Stockholder Proposal Procedures and Deadlines" on page 3 of this Proxy Statement for a stockholder notice of business to be brought before an annual meeting, and (b) a statement whether either such stockholder or any associated person of such stockholder will deliver a proxy statement and form of proxy to holders of a number of the Company's voting shares reasonably believed by such stockholder or associated person of such stockholder to be necessary to elect such nominee. A copy of the full text of the bylaw provisions discussed herein may be obtained by writing to the Company's Secretary at our principal offices, or can be accessed from the Company's filings with the SEC at www.sec.gov.

COMMUNICATION WITH THE BOARD OF DIRECTORS

The Board believes that management should be the primary means of communication between the Company and all of its constituencies, including stockholders, customers, suppliers and employees. PROPOSAL TWO

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) as promulgated by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), we are asking stockholders to vote on the compensation of our named executive officers, as named in accordance with applicable SEC rules, on page 26 of this Proxy Statement. This Proposal Two, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the executive compensation philosophy, policies and practices described in this Proxy Statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or the Board. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and for future fiscal years. Our Board and Compensation Committee value the opinions of our stockholders, and, to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider our stockholders’ concerns and the Compensation Committee will evaluate whether any action is necessary to address those concerns. At our 2014 annual meeting, our stockholders approved the compensation of our named executive officers (“NEOs”), with approximately 96% of the shares present and entitled to vote voting in favor of the say-on-pay proposal. As we evaluated our compensation practices and talent needs throughout 2014, we were mindful of the support our stockholders expressed for our philosophy of linking compensation to our financial goals and in support of enhancing stockholder value. As a result, the Compensation Committee decided to retain our general approach with respect to our executive compensation programs, with an emphasis on delivering long-term and short-term incentive compensation that reward our executives commensurate with the value they deliver to our stockholders. Unless the Board modifies its policy on the frequency of holding advisory votes to approve the compensation of our named executive officers, the next such advisory vote will occur at our 2016 annual meeting.

The Company’s goal for its executive compensation program is to attract, motivate and retain a talented and creative team of executives who will contribute significantly to the long-term success of the Company and the enhancement of stockholder value. As described in the “Compensation Discussion and Analysis” and “Executive Compensation” sections beginning on pages 20 and 26 respectively, of this Proxy Statement, we believe that our executive compensation program was designed appropriately and is working to ensure management’s interests are aligned with our stockholders’ interests to support long-term value creation. We would like to highlight the following items that support these beliefs:

- Our Compensation Committee retains an independent compensation consultant to assist it in the evaluation of appropriate cash and equity compensation for executive management.
 - The compensation philosophy of our Compensation Committee includes relating each of the individual components of executive management compensation to overall Company performance.
 - The compensation philosophy of our Compensation Committee includes tying annual cash bonus payments to the achievement of objective performance parameters.
- The compensation philosophy of our Compensation Committee includes putting at risk a significant portion of each executive’s total target compensation and rewarding our executive management for superior performance by the Company.

The compensation philosophy of our Compensation Committee includes reflecting competitive market requirements and strategic business needs in determining the appropriate mix of cash and non-cash, and short-term and long-term, compensation.

Accordingly, we ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation

Discussion and Analysis, the compensation tables and the other related disclosure.”

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE “FOR” THE ADVISORY VOTE APPROVING EXECUTIVE COMPENSATION.

PROPOSAL THREE

APPROVAL OF AMENDMENT TO HARMONIC'S 2002 DIRECTOR STOCK PLAN

The Company's stockholders are being asked to approve a 350,000 share increase in the number of shares of Common Stock reserved for issuance under the 2002 Director Stock Plan (the "2002 Plan").

Proposed Amendment

We are seeking stockholder approval to increase the number of shares of Common Stock issuable under the 2002 Plan by 350,000 shares. Approval of this proposal requires the affirmative vote of the holders of a majority of the shares of Common Stock that are present in person or by proxy and entitled to vote at our 2015 Annual Meeting.

Our Company's non-employee directors have an interest in this proposal as they may receive stock options or restricted stock units under the terms of the 2002 Plan.

SUMMARY OF THE 2002 PLAN

The following is a summary of the principal features of the 2002 Plan, and its operation. This summary is qualified in its entirety by reference to the 2002 Plan.

Purposes

The purposes of the 2002 Plan are to attract the best available persons for service as non-employee directors of our Company and to encourage their continued service on our Board of Directors.

Term of Plan

The 2002 Plan will expire on May 14, 2018.

Eligibility

Only non-employee directors are eligible to receive awards under the 2002 Plan. Currently, our Board of Directors consists of eight directors, of whom seven are non-employee directors. Mr. Harshman, our current President and Chief Executive Officer, is not eligible to receive awards under the 2002 Plan.

Shares Subject to the Plan

Currently, the maximum aggregate number of shares which may be granted, either as stock options or restricted stock units, and sold under the 2002 Plan is 2,000,000 shares. As of April 1, 2015, 167,882 shares of Common Stock remain available for grant under the 2002 Plan. If this proposal is approved by our stockholders, an additional 350,000 shares will become available to be awarded under the 2002 Plan. The shares may be authorized, but unissued, or reacquired shares of Common Stock.

Share Counting Provisions

Each award of restricted stock units will count against the 2002 Plan share reserve as 1.5 shares for every unit granted. Conversely, each forfeiture of unvested restricted stock units will result in a credit to the 2002 Plan reserve of 1.5 shares for every unit forfeited. Each award of an option will count against the 2002 Plan reserve 1.0 share for every share subject to the option, and each forfeiture of unvested shares subject to an option will result in a credit to the 2002 Plan reserve of 1.0 share for every share forfeited.

No Repricing

No option granted under the 2002 Plan may be repriced without stockholder approval, including by means of an exchange for another award.

Administration

The 2002 Plan provides for grants of awards to be made in three ways:

1. Initial Grants. Each new non-employee director who joins the Board (excluding a former employee director who ceases to be an employee, but who remains a director) is entitled to receive stock options or restricted stock units, or a mix

Table of Contents

thereof, on the date that the individual is first appointed or elected to the Board, as determined by the Board in its sole discretion. An employee director who ceases to be an employee director, but who remains a director, will not receive this initial award.

2. Ongoing Grants. Each non-employee director who has served on the Board for at least six months, as of the date of grant, will receive an annual grant of stock options or restricted stock units, or a mix thereof, as determined by the Board in its sole discretion.

3. Discretionary Grants. The Board may make discretionary grants of stock options or restricted stock units (or a combination of options and restricted stock units) to any non-employee director.

Terms of Awards

Each award of restricted stock units or stock options is evidenced by a written agreement between us and the applicable non-employee director in such form, and subject to such terms and conditions, including vesting provisions, as the Board shall approve. Options are subject to the following terms and conditions:

1. Option Term. The term of options may not exceed seven years.

2. Exercise Price. The exercise price per share may not be less than 100% of the fair market value per share of the Common Stock on the grant date.

3. Termination of Continuous Status as Director. If a non-employee director's status as a director terminates, all of their vested options expire upon the earlier of the options' original maximum term or three years following such termination of employment.

4. Nontransferability of Options. Options granted under the 2002 Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised, during the non-employee director's lifetime, only by the non-employee director.

Terms of 2016 Awards

If this Proposal Three is approved by our stockholders, the Board expects to make equity awards with a value of approximately \$120,000 to each incumbent non-employee director in 2016. The precise timing of these awards has not yet been determined.

Adjustments upon Changes in Capitalization, Dissolution, Merger or Change-in-Control

In the event of a stock split, reverse stock split, stock dividend, or any combination or reclassification of the Common Stock, or other similar change in our capital structure effected without receipt of consideration by us, proportionate adjustments will be made to the number of shares covered by each outstanding award, the number of shares authorized for issuance that remain available to be granted under the 2002 Plan, and the exercise price of each outstanding stock option. For this purpose, any conversion of convertible securities is not considered effected without our receiving consideration.

In the event of a proposed dissolution or liquidation of the Company, any unexercised options and unvested restricted stock units will terminate prior to the consummation of such proposed action.

If a successor corporation assumes or substitutes the options under the 2002 Plan as a result of a merger of the Company with or into another corporation or a change-in-control of the Company, as defined in the 2002 Plan (a "Change-in-Control"), such options will remain exercisable in accordance with the 2002 Plan. In the event of a Change-in-Control, all options and restricted stock units held by non-employee directors immediately become fully vested.

Amendment and Termination of the 2002 Plan

The Board may at any time amend, alter, suspend, or discontinue the 2002 Plan to the extent such actions do not impair the rights of any recipient of awards under the 2002 Plan, unless he or she consents. To the extent necessary and desirable to comply with any applicable law, regulation or stock exchange rule, the Company must obtain stockholder approval of any 2002 Plan amendment in the manner or to the degree required.

Certain Federal Income Tax Information

Stock Options. Options granted under the 2002 Plan are nonstatutory options and do not qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). An optionee will not recognize any taxable

Table of Contents

income at the time of grant of a nonstatutory option. However, upon its exercise, the optionee will recognize ordinary income for tax purposes measured by the excess of the fair market value of the shares on the date of exercise over the exercise price. Because the optionee is a director and therefore subject to Section 16 of the Exchange Act, the date of taxation (and the date of measurement of taxable ordinary income) may be deferred unless the optionee files an election under Section 83(b) of the Code. Upon resale of such shares by the optionee, any difference between the sales price and the exercise price, to the extent not recognized as ordinary income as provided above, will be treated as capital gain or loss. The Company will be entitled to a tax deduction in the amount and at the time that the optionee recognizes ordinary income with respect to shares acquired upon exercise of an option.

Restricted Stock Units. A participant will not have taxable income upon grant of a restricted stock unit. Instead, he or she will recognize ordinary income at the time of settlement equal to the fair market value of the delivered shares. The Company will be entitled to a tax deduction in the amount and at the time that the non-employee director recognizes ordinary income with respect to shares acquired upon settlement of a restricted stock unit.

The foregoing summary of the federal income tax consequences of the 2002 Plan transactions is based on federal income tax laws in effect on the date of this Proxy Statement. This summary is not intended to be complete and does not describe foreign, state, or local tax consequences.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING “FOR” THE APPROVAL OF THE PROPOSED AMENDMENT TO THE 2002 DIRECTOR STOCK PLAN.

PROPOSAL FOUR

RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed PricewaterhouseCoopers LLP (“PwC”), an independent registered public accounting firm, to audit the financial statements of the Company for the year ending December 31, 2015. PwC has served as the Company’s independent registered public accounting firm since 1989, and has provided certain tax and other audit-related services to the Company. PwC has rotated Harmonic’s audit partners in compliance with current SEC regulations.

Stockholder approval is not required for the appointment of PwC, as the Audit Committee has the responsibility for selecting an independent registered public accounting firm. However, the Board is submitting the selection of PwC to the stockholders for ratification as a matter of good corporate practice. In the event of a negative vote on the ratification of PwC, the Audit Committee may reconsider its selection. Representatives of PwC are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they so desire. The representatives also are expected to be available to respond to appropriate questions from stockholders.

THE BOARD UNANIMOUSLY RECOMMENDS VOTING “FOR” THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2015.

In accordance with a written charter adopted by Harmonic's Board of Directors and posted on the Company's website at www.harmonicinc.com, the Audit Committee of the Board of Directors serves as the representative of the Board of Directors for general oversight of the quality and integrity of the Company's financial accounting and reporting process, system of internal control over financial reporting, audit process, and process for monitoring compliance with related laws and regulations. The Audit Committee engages the Company's independent registered public accounting firm and approves the scope of both audit and non-audit services. Harmonic's management has primary responsibility for preparing financial statements and the financial reporting process.

PricewaterhouseCoopers LLP, Harmonic's independent registered public accounting firm, is responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with the standards set by the Public Company Accounting Oversight Board ("PCAOB") and to issue reports thereon.

The Audit Committee has:

1. Reviewed and discussed the audited consolidated financial statements and certifications thereof with Company management and PricewaterhouseCoopers LLP and management has represented to the Audit Committee that Harmonic's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States;

Discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU section 380), as adopted by the PCAOB in Rule 3200T, including discussion of the quality and acceptability of Harmonic's financial reporting process and controls; and
3. Received the written disclosures and letter from PricewaterhouseCoopers LLP required by applicable requirements of the PCAOB regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, discussed with PricewaterhouseCoopers LLP its independence, and considered whether the provision of the non-audit services described above was compatible with maintaining their independence.

The Audit Committee meets regularly with the Company's independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's adherence to applicable accounting principles and practices.

In performing all of these functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of Harmonic's management, which has primary responsibility for preparing financial statements and the financial reporting process, and the independent registered public accounting firm, which, in their report, expresses an opinion on the conformity of Harmonic's annual consolidated financial statements to accounting principles generally accepted in the United States and of the Company's internal control over financial reporting in accordance with the standards set by the PCAOB. In reliance on the reviews and discussions referred to in this report, and in light of its role and responsibilities, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements of Harmonic for the three years ended December 31, 2014 be included for filing with the Securities and Exchange Commission in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

COMPENSATION DISCUSSION AND ANALYSIS

Role of the Compensation Committee

The Compensation Committee of Harmonic's Board of Directors is responsible for approval of the Company's executive compensation policies, compensation paid to executive officers, and administration of the Company's equity ownership plans. The Compensation Committee currently consists of Messrs. Kvamme, Gallagher and Reddersen and Ms. Reaugh, none of whom is an employee of the Company, and each of whom is independent under applicable NASDAQ listing standards and for the purposes of Section 162(m) of the Code and Section 16 of the Exchange Act of 1934. The charter of the Compensation Committee was adopted by the Board of Directors, and is posted on Harmonic's website at www.harmonicinc.com.

The Compensation Committee has retained the services of Meyercord Associates ("Meyercord"), an independent compensation consulting firm, to assist the Compensation Committee in the evaluation of appropriate cash and equity compensation for executive management. Meyercord provides no other services to the Company, other than essentially the same services with respect to Board compensation. Meyercord makes recommendations to the Compensation Committee on the design and implementation of compensation plans, assists in determining the appropriate number of shares to be used for equity awards granted under the Company's equity plans, reviews data and recommendations provided by management, and also reviews specific compensation proposals for each of the Company's NEOs listed in the Summary Compensation Table in the Company's Proxy Statement for the applicable year. Meyercord attends all or part of certain Compensation Committee meetings, as requested by the Compensation Committee.

Role of Management

Harmonic's CEO, assisted by our Senior Vice President of Human Resources, works with the Compensation Committee to establish meeting agendas. The CEO makes recommendations to the Compensation Committee with respect to the compensation of other members of executive management and the design and implementation of incentive compensation programs for NEOs. For 2013 executive compensation, these recommendations were developed with the assistance of Meyercord. The Compensation Committee considers the recommendations of management, but is not bound by such recommendations. The CEO does not make recommendations to the Compensation Committee with respect to his own compensation and is not present at any portion of Compensation Committee meetings when his compensation is discussed or when the Compensation Committee elects to meet in executive session. In 2014, the Compensation Committee considered and assessed all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act, that could give rise to a potential conflict of interest with respect to Meyercord's work. Based on this review, we are not aware of any conflict of interest that has been raised by work performed by Meyercord.

Compensation Philosophy and Programs

The Company's executive compensation programs are designed to attract, motivate and retain executives who will contribute significantly to the long-term success of the Company and the enhancement of stockholder value.

Consistent with this philosophy, the following goals provide a framework for our executive compensation program:

- provide a competitive total compensation package to attract, retain and motivate executives who must operate in a demanding and rapidly changing business environment;
- relate total compensation for each executive, consisting of base salary, annual cash bonus and equity awards, to overall company performance and, in the case of base salary and equity awards, to individual performance;
- tie annual cash bonus compensation to the Company's achievement of objective performance parameters;
- reflect competitive market requirements and strategic business needs in determining the appropriate mix of cash and non-cash compensation and short-term (base salary and annual cash bonus) and long-term compensation (equity awards);
- put at risk a significant portion of each executive's total target compensation, with the intent to reward superior performance by the Company; and

align the interests of our executives with those of our stockholders.

At our 2013 Annual Meeting of Stockholders, we held a stockholder advisory vote on the compensation of our NEOs, commonly referred to as a “say-on-pay vote.” Our stockholders approved the compensation of our NEOs, with over 94% of stockholder votes cast voting in favor of the say-on-pay proposal. As we evaluated our compensation practices and talent needs throughout 2013, we were mindful of the support our stockholders expressed for our philosophy of linking compensation to our financial goals and in support of enhancing stockholder value. As a result, the Compensation Committee decided to retain our general approach with respect to our executive compensation programs, with an emphasis on delivering long-term and short-term incentive compensation that rewards our executives commensurate with the value they deliver to our stockholders.

Table of Contents

Management of Risk Arising from Incentive Compensation Policies

The Compensation Committee has considered whether the Company's overall compensation program for employees creates incentives for employees to take excessive or unreasonable risks that could materially harm the Company. The Committee believes that our incentive plans are typical for our industry and market competitive, and that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. Several features of our compensation policies for management employees appropriately mitigate such risks, including a mix of long-term and short-term compensation incentives that we believe are properly weighted, the uniformity of compensation policies across the Company, caps on payments from the plans and the use of our business plan, which the Compensation Committee regards as setting an appropriate level of risk for the Company, as a baseline for our incentive bonus plan targets. We also believe the Company's internal legal and financial controls appropriately mitigate the probability and potential impact of an individual employee committing the Company to inappropriate transactions in exchange for short-term compensation benefits.

Elements of Compensation

In order to achieve the above goals, our total compensation packages include base salary and annual bonus paid in cash, as well as long-term equity compensation in the form of stock options or restricted stock units, or a combination of each. We also make available benefit plans to our executive officers which are generally provided to all regular full-time employees of Harmonic. We believe that appropriately balancing the total compensation package and ensuring the incentive effect of a significant portion of the package is necessary in order to provide market-competitive compensation. We focus on ensuring that the balance of the various components of our compensation program is optimized to motivate executives to improve our results on a cost-effective basis. The factors which are used to determine individual compensation packages are generally similar for each NEO, including our CEO.

In order to assess our compensation competitiveness against peer companies in 2014, management recommended a compensation peer group, which included approximately 15 companies. These peer companies were selected from the telecommunications and video services technology industries based principally on revenue and market capitalization data that placed Harmonic approximately in the middle of the range, as well as on such companies' proximity to Silicon Valley, which is the location of the Company's headquarters.

The Compensation Committee then asked Meyercord to review management's recommendations as to an appropriate compensation peer group for Harmonic. Meyercord selected the final peer group companies based principally on revenue and market capitalization data, and the compensation peer group included many technology companies in the Company's immediate geographic area with whom the Company competes for executive talent. These peer group recommendations from management and Meyercord were reviewed and discussed by the Compensation Committee, and a final list, as shown below, was approved by the Compensation Committee. Data prepared by Meyercord for the compensation peer group was used by management in formulating recommendations to the Compensation Committee for 2014 cash and equity compensation. Information from Meyercord was also used in formulating the CEO's recommendations to the Compensation Committee with respect to the design and implementation of compensation packages and for specific proposals related to the individual elements and total compensation packages for other NEOs, as well as for other employees.

The approved peer group for 2014 consisted of the following companies:

Arris Group	Infinera
Aruba Networks	Netgear
Cadence Design Systems	Plantronics
Coherent	Quantum
Electronics for Imaging	SeaChange International
Extreme Networks	Sonus Networks
Finisar	Synaptics
	TIVO
Base Salary	

Base salaries for NEOs, including that of the CEO, are set according to the responsibilities of the position, the specific skills and experience of the individual and the competitive market for executive talent. The Compensation Committee reviews salaries annually and adjusts them as appropriate to reflect changes in market conditions, individual performance and

Table of Contents

responsibilities, and the Company's financial position. The aggregate value of our total cash compensation (base salary and targeted bonus) for NEOs is generally set at approximately the 50th percentile of executive compensation of the compensation peer group, with the intent that superior performance under incentive bonus plans would enable the executive to elevate total cash compensation to levels that are above the average of comparable companies.

Following a review with Meyercord of the above factors and the data regarding the compensation peer group in early 2014, the Compensation Committee deferred any adjustments to base salaries until July 2014. At that time, the Compensation Committee determined that a five percent increase to base salaries for certain NEOs was appropriate, primarily because the Compensation Committee determined that the base salaries for such NEOs were not competitive. Effective July 1, 2014: (1) the base salary for George Stromeyer, Senior Vice President, Worldwide Sales, increased from \$275,000 to \$288,750; (2) the base salary for Charles Bonasera, Senior Vice President, Operations, increased from \$275,000 to \$288,750; and (3) the base salary for Neven Haltmayer, Senior Vice President, Research and Development, increased from \$300,000 to \$315,000.

Market adjustments to base salaries for certain NEOs were made for 2015, effective January 1, 2015. The base salary increase for each of the affected NEOs was as follows: (1) the base salary for Carolyn A. Aver, Chief Financial Officer, increased from \$365,000 to \$389,090; (2) Mr. Stromeyer's base salary increased from \$288,750 to \$293,370; (3) Mr. Bonasera's base salary increased from \$288,750 to \$293,370; and (4) Mr. Haltmayer's base salary increased from \$315,000 to \$320,040. The percentage increase in Ms. Aver's base salary was greater than the increases for the other NEOs because Ms. Aver had not received a salary adjustment since 2013.

Base salaries for all of the NEOs, are disclosed in the Summary Compensation Table on page 26 of this Proxy Statement.

Incentive Bonus Plan

The Company's annual incentive bonus plan in which NEOs participate reflects the Compensation Committee's belief that a meaningful component of executive compensation should be contingent on the Company achieving performance targets, thereby introducing a significant element of "pay for performance" and appropriate incentives to produce superior results.

For 2014, the Compensation Committee approved an incentive bonus plan in which 50% of the target bonus for a plan participant (including each NEO) was tied to a revenue target, 35% was tied to a non-GAAP operating margin target, and 15% of the plan participant's target bonus was tied to the achievement of certain strategic objectives. The strategic objectives included bookings objectives for new products and objectives tied to new customer acquisitions. The Compensation Committee approved these bonus plan components to focus the NEOs and other incentive plan participants on revenue growth, improved profitability and product and go-to-market initiatives.

In addition, the 2014 incentive bonus plan had minimum thresholds that had to be met in order for any payout to be made (other than with respect to the strategic objectives component), and a cap of 200% of target bonus for any participant, including NEOs.

For 2014, the Compensation Committee approved the following targets for the incentive plan:

	Revenue (millions)	Non-GAAP Operating Margin (%)	Strategic Objectives
Threshold	\$450	6.0	N/A
Target	\$500	10.0	N/A
Maximum	\$530	12.5	N/A

For performance between these levels, bonus payouts would be determined by straight line interpolation. No payments would be made under any of the revenue or operating margin components of the 2014 incentive plan if the threshold target for any such component was not achieved, and in any case, no payments would be made under any such component if the threshold non-GAAP operating margin was not achieved.

The Compensation Committee believed that the 2014 bonus targets were challenging, but achievable, based on their review of the Company's operating plan for 2014, their experience with respect to the Company's historical performance and

Table of Contents

the business and industry outlook. In 2014, the Company did not meet the minimum threshold for the revenue and operating margin components of the incentive bonus plan, but did achieve a portion of some of the strategic objectives set forth in the plan. As a result, the incentive pool was funded at 8.3% of the aggregate targeted amount. Bonus payments from the 2014 incentive plan were approved by the Compensation Committee in February 2015, and made to executive officer participants in February 2015, as disclosed in the Summary Compensation Table on page 26 of this Proxy Statement. All bonus amounts paid to NEOs with respect to 2014 were paid pursuant to the 2014 incentive bonus plan

Equity Compensation Plans

The Compensation Committee believes that equity compensation plans are an essential tool to link the long-term interests of stockholders and employees, especially the Chief Executive Officer and executive management, and serve to motivate employees, and particularly executive management, to make decisions that will, in the long run, deliver the best returns to stockholders, thus rewarding excellent long-term performance. Since 2009, stock options and restricted stock units (“RSUs”) have been granted to executive management, including NEOs, when they join the Company, and on an annual basis thereafter.

Initial and annual stock option and RSU awards to executives have generally vested over four years. Beginning in 2012, the Company introduced three year vesting for initial RSU awards to new executive hires, while annual equity awards to existing executives continued to have four year vesting periods. Beginning in 2013, the Compensation Committee significantly reduced the size of annual RSU awards to executives in order to weight executive equity compensation more towards stock option grants, and to reduce equity dilution from RSU awards. The Company also introduced two year vesting for annual executive RSU grants in 2013, and annual stock option awards continued to have four year vesting.

Stock options are granted at an exercise price equal to the fair market value of the Company’s common stock on the date of grant. The size of an initial equity award grant is based upon the position, responsibilities and expected contribution of the individual, with subsequent grants also taking into account the individual’s performance, potential contributions, and, to a lesser extent, the vesting status of previous awards. This approach is designed to align optionees’, including NEOs’, interests with stockholders’ interests over the long term, as no benefit is realized from the grant unless the price of the Company’s common stock has increased over the number of years that the award vests. The Compensation Committee considers any such price increase to be tied to positive performance of the Company. The Compensation Committee therefore considers stock options to be the appropriate form of “performance-based” equity awards for the Company’s executives and NEOs, and has weighted executive and NEO equity compensation significantly more towards stock option grants.

Consistent with past practice, the total equity pool for annual grants to be made to all employees in 2014, including NEOs, was determined principally by reference to industry-specific guidelines published by shareholder advisory firms and, in part, by historic practice. The guidelines generally refer to metrics such as total annual awards as a percentage of shares outstanding and total outstanding awards as a percentage of fully diluted shares. Consistent with past practice, the Compensation Committee set the total pool of equity awards for the Company’s use in 2014 substantially lower than shareholder advisory firm guideline amounts.

Executive officers are also eligible to participate in the Company’s 2002 Employee Stock Purchase Plan (the “ESPP”). The ESPP is available on a broad basis to the Company’s employees. The ESPP allows eligible employees to purchase the Company’s common stock at a price equal to 85% of the lower of the fair market value at the beginning of a six month offering period or the fair market value at the end of the offering period, with the purchase amount limited to the lesser of 10% of eligible compensation or 1,500 shares per offering period, or as otherwise limited by applicable IRS regulations.

Financial Accounting Standards Codification Topic 718 of the Financial Accounting Standards Board (“FASC Topic 718”) requires the Company to record a charge to earnings for equity compensation. However, the Compensation Committee believes that the Company should continue to operate its equity compensation plans in spite of the significant non-cash charges incurred by the Company as a result of the application of FASC Topic 718. The Compensation Committee continues to monitor the impact of the accounting standard on Harmonic’s earnings, changes in the design and operation of equity compensation plans by other companies, particularly those with whom the

Company competes locally for employees, and the attitude of financial analysts and investors towards these significant and potentially volatile non-cash charges. In 2012, 2013 and 2014, most employees who received equity awards, other than NEOs, received them in the form of RSUs. Beginning in 2012, new hire equity awards vested over three, rather than four years, and the amount of the awards were proportionally decreased from the amount that would have been granted with four year vesting. In 2013, the Company introduced two year vesting for annual executive and employee RSU awards, and the amount of the awards were also decreased. These practices generally result in lower and more predictable accounting charges.

The Compensation Committee continues to believe that broad-based equity plans reward long-term performance and remain an essential element of a competitive compensation package, as such plans are offered currently by most public and

Table of Contents

private technology companies in Silicon Valley with whom the Company competes for both executive and non-executive employees. Approximately 95% of eligible employees currently hold stock options and/or restricted stock units, and approximately 59% of eligible employees are currently participating in the ESPP.

Equity Compensation Grant Practice

The Compensation Committee approves all stock option and RSU grants, except for certain grants made to non-executive employees in the ordinary course of business, for which it has delegated authority to the CEO, within parameters approved in advance by the Compensation Committee, pursuant to an Employee Equity Issuance Policy. The Compensation Committee reviews all grants made pursuant to the Employee Equity Issuance Policy. Initial hire grants of stock options that are within the CEO's approved range are made on the first Friday following the employee's start date, initial hire grants of RSUs are made on the second Friday of each month, and any other grants made by the CEO pursuant to authority granted by the Compensation Committee are made on the Friday of the week of such grant. Stock options are granted at 100% of the closing price of our stock on the NASDAQ Global Select Market on the date of grant.

Initial hire grants that are for executives reporting to the CEO or grants which are above the CEO's approved range are approved by the Compensation Committee, with the grant date being the day of approval by the Compensation Committee and, if in the form of a stock option, the exercise price being the closing price of the stock on the NASDAQ Global Select Market on that date. The initial grants are effective as of the date of grant, with vesting generally beginning on the date of commencement of employment. Annual grants are usually made in the first half of the year, and, in 2014, these grants were made in March. This timing enables management and the Compensation Committee to consider performance by both the Company and the individual and balance it against our expectations for the current year.

We do not time the granting of stock options or RSUs with any favorable or unfavorable news released by the Company. The timing of initial grants is driven by the date of hire of our new employees. The Board of Directors and Compensation Committee meeting schedules, for review and approval of annual grants, are usually established several months in advance for the calendar year. Proximity of any awards to an earnings announcement or other market events is coincidental.

Retirement Benefits

The Company does not provide pension benefits or deferred compensation plans to any of its employees, including NEOs, other than a 401(k) deferred compensation plan which is open to all regular, full-time U.S. employees. The Company has a matching contribution policy for the 401(k) plan, of up to \$1000 a year for each participant, for 2014. The Compensation Committee reviews regularly the performance of, and changes to, the 401(k) plan.

Change-of-Control Agreements

The Company does not have employment agreements with any of its present NEOs. However, as a historical practice, it has generally provided change of control severance agreements to its NEOs. These agreements are designed to incentivize continuing service to the Company by NEOs in the event that the Company may be in discussions regarding strategic transactions and to provide short-term benefits in the event that a NEO's position is eliminated or responsibilities or compensation are reduced following a change of control.

Under the terms of the respective NEO's change of control severance agreement, in the event of termination of the NEO other than for cause (as defined in the relevant change of control severance agreement) within 18 months following a change in control of the Company, the NEO will be entitled to certain payments. Mr. Harshman, the Company's President and Chief Executive Officer, will receive a lump-sum payment of twice his annual salary, an amount equal to twice the greater of 50% of his then annual target bonus or the average of the actual bonus paid to him in each of the two prior years, and a continuation of his health, dental, and life insurance benefits for up to one year after the change of control. The other NEOs will receive a lump-sum payment of one year's salary, an amount equal to the greater of 50% of the NEO's then annual target bonus or the average of the actual bonus paid to the NEO in each of the two prior years, and a continuation of the NEO's health, dental and life insurance benefits for up to one year after the change of control. These agreements also provide for out-placement assistance and the full acceleration of unvested stock options and any restricted stock awards held by the respective NEO in the event of such termination, subject to certain limitations.

Other Compensation

Other elements of executive compensation include life and long-term disability insurance and health benefits. These benefits are available to all regular, full-time U.S. employees of the Company on the same basis, and similar benefits are provided to most employees in other countries. Management periodically reviews the level of benefits provided to all employees and adjusts those levels as appropriate. Company payments for NEOs pursuant to these other elements of

Table of Contents

compensation in 2012, 2013 and 2014 are included in the “All Other Compensation” column in the Summary Compensation Table on page 26 of this Proxy Statement.

Approvals

In March 2014, the Compensation Committee approved the 2014 cash incentive compensation for all NEOs. Equity compensation awards for NEOs were also approved by the Compensation Committee in March 2014. Salary increases for NEOs were approved in July 2014. The Company’s CEO was not present during the portion of the meetings during which his compensation was discussed and approved.

Stock Ownership Guidelines

The Company currently has no stock ownership guidelines for its NEOs.

Financial Restatements

The Company has never restated its financial statements and does not have an established practice regarding the adjustment or clawback of bonus payments if the performance measures on which they were based are restated in a manner that would change the amount of an award.

Section 162(m)

We have considered the potential future effects of Section 162(m) of the Code on the compensation paid to our NEOs. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for each of the Chief Executive Officer and the three other most highly compensated executive officers other than our Chief Financial Officer, unless such compensation is “performance-based” under Section 162(m). We have adopted a policy that, where reasonably practicable, we will seek to qualify the variable compensation paid to our executive officers for an exemption from the deductibility limitations of Section 162(m) but we may make awards of compensation that are not exempt from the deductibility limits.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. (1) The amounts in this column represent the fair value of the restricted stock unit award or option award, as applicable, on the grant date, computed in accordance with applicable accounting standards, and do not reflect actual amounts paid to or received by any officer. The grant date fair market value of the restricted stock units is based on the closing market price of the common stock on the date of grant. The grant date fair market value of the option awards is calculated using the Black-Scholes valuation model and the assumptions described in footnote (5) on page 27 of this Proxy Statement.

(2) The amounts in this column represent payments made in February 2015, 2014 and 2013 under our 2014, 2013, and 2012 incentive bonus plans, respectively. For Mr. Stromeyer, the amounts also include payments made under our 2013 and 2014 sales incentive plans.

(3) The amounts in this column represent group life insurance premiums, and employer paid medical and dental plan premiums. For 2013, other than for Mr. Stromeyer, the amounts also include a one-time payout of accrued paid time off in April 2013 in connection with the Company eliminating its paid time off policy for exempt U.S. employees.

(4) The amount includes a sign-on bonus of \$75,000 paid upon the commencement of Mr. Stromeyer's employment with the Company in June 2013.

GRANT OF PLAN-BASED AWARDS

The following table summarizes certain information regarding non-equity and equity plan-based awards granted by Harmonic to the NEOs in 2014:

Name	Grant Date for Equity Based Awards	Estimated Future Payouts Under Non-Equity Incentive Plan Awards	Threshold	Target	Maximum	All Other Stock Awards: Number of Shares of Stock(2)	All Other Option Awards: Number of Securities Underlying Options(3)	Exercise Price of Option Awards(4)	Closing Price on Grant Date	Grant Date Fair Value of Option Awards(5)

George Stromeyer	3/14/2014	—	281,558	(6)	22,500	80,000	6.49	6.49	187,648	

The estimated future payouts under non-equity incentive plans refers to potential payouts under our 2014 incentive bonus plan. With respect to Mr. Stromeyer, his non-equity incentives were subject to performance goals under both the 2014 incentive bonus plan and the Company's 2014 sales incentive plan. The goals for the 2014 incentive bonus (1) plan and for Mr. Stromeyer were approved by the Compensation Committee in March 2014. The actual payout amounts for each executive officer occurred in 2015 and were reviewed and approved by the Compensation Committee and the Board of Directors in February 2015 once the financial results for 2014 were available, and are included in the Summary Compensation Table on page 26 of this Proxy Statement.

(2) Restricted stock units granted to NEOs during 2014 vest 50% upon completion of 12 months of service and 25% per six month period thereafter.

(3) Options granted to NEOs during 2014 expire seven years from the date of grant and vest 25% upon completion of 12 months of service and 1/48 per month thereafter.

(4) The exercise price for option grants is the fair market value of the Company's common stock on the date of grant.

This amount represents the fair value of the award on the grant date, and is determined according to applicable accounting standards. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The option exercise price has not been deducted from these amounts.

(5) The actual value of the option will depend upon the market value of Harmonic's common stock at the time the option is exercised. The grant date fair market value of the option awards is calculated using the Black-Scholes valuation model and is based on the following assumptions:

Assumptions	2014 Rate	2013 Rate	
Average risk free interest rate	1.7	% 0.8	%
Average expected term (year)	4.70	4.70	
Average expected volatility	40	% 51	%

The performance components of Mr. Stromeyer's non-equity incentives that were under the Company's 2014 (6) incentive bonus plan had a maximum potential aggregate payout of \$95,730. The performance component under the Company's 2014 sales incentive plan did not have a cap for the potential payout.

The amounts in this column represent the value which would have been realized by the acceleration of unvested restricted stock units and unvested stock options, calculated by, in the case of options, multiplying the number of (1) shares subject to acceleration by the difference between \$7.01, the closing price of the Company's common stock on December 31, 2014 and the exercise price of the respective option. The value of restricted stock units is the number of shares multiplied by the closing price of the Company's common stock on December 31, 2014.

(2) The Company's change of control severance agreements have a provision that all unvested restricted stock and options will be fully accelerated upon termination of employment within 18 months following a change of control.

(3) The amounts in the column "Other" represent the maximum cost of continuing health, dental and life insurance benefits and outplacement fees.

The Company's change of control severance agreements have a provision that payments will either be made in full, with the executive paying any applicable IRC Section 280G excise taxes, or the payments will be reduced to a level (4) that does not trigger the Section 280G excise tax, whichever results in a greater amount. The amounts shown in the table assume that the executive would elect to receive full payment and pay any applicable excise taxes.
